JOINT MEETING OF STOCK-BREEDERS AND F. INSTITUTE

On Wednesday afternoon of last week a large and representative gathering of stockbreeders and farmers met in joint meeting in the city hall, with R. E. Beattie in the chair.

The special attraction was the presence of T. R. MacKenzie, the provincial grazing commissioner, who was billed to give an address. E. H. McPhee, the energetic secretary of the stockbreeders' association gave a short address as *preliminary. He told* of the aims of the association and outlined some of the work it had accomplished. It had done much to better conditions throughout this district. It *had secured the free transportation* for feed for stock. It took a good deal of consistent work both in dealing with the province and the C.P.R. to get this concession, but as soon as *the association had established* its case the concession was granted and a comparatively large sum of money was saved to the stockbreeders of the district.

T. R. MacKenzie gave a very practical address, he opened up a veritable gold mine to the stockmen of this district. Mr. MacKenzie is an Australian by birth and took a great interest in cattle and sheep ranging in the antipodes, before coming to America and for a good many years he was in charge of those industries in Washington and Oregon. He is a practical man, a field man, having organized the ranges right on the spot. His sevices were secured by the provincial government and he is now repeating for B. C. the good work he accomplished for the farmers in the States to the south of us, and he expressed his pleasure at being back under the Old Flag. The problem he is endeavoring to solve is how to make the ranges support more head of stock—twice, three times, or even four times as many.

The stockmen of the province were up against some costly difficulties. The ranges were getting poorer, the bunch grass was going back and instead of being able to feed more stock, the ranges were becoming less able to support the stock now feeding on them. He was positive that he could overcome this difficulty. The remedy lies in organization, utilizing the nutritious feed of the hills in the summer time and providing salt for the cattle judiciously.

He proposed that the settlers do here the same as they were doing in other parts of the province and in Washington, that is lay out a feeding ground for cattle and sheep with definite bounds. The settlers were to have the first right to these grazing grounds, most of which are crown lands. If they were not able to utilize all the range, then outside cattle might be allowed to come in temporarily until there were one head of cattle or horses to every 15 acres of range.

The next step was to preserve the lowland ranges from being too closely eaten up. Keep the low lying range for early spring and late fall and utilize the timber feed for summer. The stock would not resort to the timber feed of their own accord, it is not so appetizing as the bunch grass, but it is highly nutritious. The cattle, therefore, must be induced to feed on the timbered lands. This can be accomplished by the intelligent distribution of salt grounds. Place salt grounds every mile apart, and not near water. Put salt up among the timber. The stock will soon learn where the salt is and they will feed in its vicinity. The result will be that the bunch grass will be saved and the stock can feed a month longer in the open in the fall. The salt trough is the best herder. It will keep the stock away from the railway track, from the alkali lands and from the summer ranges, with the result that many more head can be fed. He instanced where 450 head were considered too many under old conditions, had increased to 1300 head under this intelligent distribution of the salt grounds. He instanced another range where 70 two year olds dressed 1350 pounds each, thus proving that the timber feed is very nutritious.

He stated that he would be sure to return in the spring, go over the range and offer suggestions in regard to laying out the district.

After his addrsess Mr. MacKenzie was asked many questions, some of the most important of these with their answers follow:

E. H. McPhee—We understand that sheep are coming up to feed on B.C. ranges; they have already reached Elko. Will we be able to keep them off if a range is allotted here.

MacKenzie—Yes. There are owners of 70,000 head in Alberta who are asking about this district. The settlers in B. C. will be taken care of first, then a temporary arrangement may be entered into with any outsiders if there is a surplus of range.

Dr. Rutledge—Are 15 acres allowed per head of stock?

MacKenzie—That is a general statement. The allotments will not be fenced, there will just be one large community range; it is too expensive to keep herds together by fencing.

B. Johnson, of Wardner asked about herding sheep.

MacKenzie—Sheep and cattle must have separate allotments. Sheep go higher up in summer, where the wool and lambs do better.

A. B. Smith read a leter from Newgate, complaining of useless cayuses eating up the range and suggesting that they should be taxed.

MacKenzie—There is a tax of 75c per head on all cattle and 25c per head on sheep. He would make a note of this and enquire if "cattle" in this instance included horses.

Rev. Father Lambot—Will residents be allowed to bring in stock from the outside?

MacKenzie—They can bring in enough stock to fill up the range.

N. McClure—Suppose a resident would bring in 1,000 head, would that be allowed?

MacKenzie—Cattle for speculation would have to take second place.

Geo. Arnold—Could a settler bring in 400 head for summer and ship back in winter?

MacKenzie—Some ranges could take care of a whole lot of stock just like that. This, however, would only be a temporary arrangement.

A. B. Smith—How about scrub bulls on Indian reserves?

MacKenzie—They can be made to put on good bulls?

Mr. MacKenzie explained that the kind of salt to use was coarse salt, not rock—about 7 pounds per head for the season. Put the salt in a trough; drill a hole in the bottom of the trough to prevent the rain from turning it into brine. The trough should be long enough to allow 8 to 10 cattle to feed.

B. Johnson—Should not something be done to make the lumber people clean up bush?

MacKenzie—That question is being taken up.

C. McFayden—Action along that line is now being taken.

B. Johnson—What varieties of grass are suitable for the high lands.

MacKenzie—White clover, brome and timothy. But there is nothing that can replace the bunch grass.

R. E. Beatie—How about Western Rye Grass?

MacKenzie—That is one of the bunch grasses. It is very nutritious and will stand drouth.

J. H. Hayes, Fort Steele—How soon can a community allotment be made here?

MacKenzie—Just as soon as spring comes, a committee can be formed to *look over the situation.* He (MacKenzie) will get in touch with secretary A. B. Smith. An association can be formed to cover the whole district and sub-district associations for the *different community ranges.*

In reply to Geo. Arnold in regard to catle being killed by the railways, he said the Association could take that up with better results than *individuals.*

A. B. Smith—Asked if legislation could be passed giving settlers the right to range their cattle on crown lands.

MacKenzie—*This session it is prob*able that legislation will be passed to that effect, coming into force this spring.

In regard to branding cattle it was the sense of the *meeting that a brand* inspector should be located here.

A hearty vote of thanks was tendered Mr. MacKenzie for his very instructive, interesting and practical address.

GOOD GAMES IN Y.M.C.A. BOWLING LEAGUE

Five Games Played During past week.

Several good games were played during the past week in the "Y" Bowling League. On Wednesday Jan. 29, the All Stars and Shops were the contestants and after a very exciting finish the former grabbed off three of the four points.

Friday, Jan. 31st saw the Maple Leafs and Supt's. Office in action the former taking all four points.

On Saturday the 1st of February the High School opposed the Officers, the result being a victory for the "High" 4 points to nil.

Monday, Feb. 3rd, two games were played. The All Stars taking four straight points from the officers, and the Superintendant's office winning from the Shops 3-1.

The game between the Supt's office and the Shops was the tightest and most exciting game played on the alleys this season and the result was in doubt until the last.

REGULAR MEETING OF CRANBROOK CITY BAND

The first regular meeting of the Cranbrook City Band Association was held at the Band Rooms on Monday Feb. 3rd. Constitution and By-Laws were adopted and committees appointed.

It is reported that the reorganized band is rounding out into fine shape, and some fine public performances may be expected as soon as weather conditions warrant.

Employers of labor are again asked to make their wants known to secretary D. A. Kay, as it is the desire of the organization to have Band Musicians placed in every possible opening. The Band's Employment Committee is always working and quick action will be secured for both employers and musicians seeking employment.

Mr. Wyllie, accountant at the C.P.R. is being transferred to Kenora, Ont. Mr. Wyllie leaves about the end of this week and will be followed at an early date by Mrs. Wyllie and family. *We wish them prosperity in their new* sphere and are glad that Kenora is in such a beautiful district as we believe it to be.

The next meeting of the Farmers' Institute will be held on Saturday, February 8th. An effort will be made to revive the Creamery on a co-operative basis. The shareholders and *others interested are expected to be* present and discuss a proposition. A paper will also be read showing the comparative cost of clearing land by power and other means that are adopted successfully in other lands. Every member is urged to be present.

The War Veterans and many friends turned out on Saturday to welcome Private Sam Bennett. Pte. Bennett was glad to be home again and reported a pleasant journey. He came on the Aquitania and landed at Halifax. Sam, who was well known locally left Cranbrook early in 1917 and was slightly wounded in the battle of Cambrai. The ladies of Cranbrook may be interested to know that the charms of the Old Country damsels failed to react on Sam and so he is still a single man. Mayor Cameron's car conveyed the returned warrior on the last stage of the long journey.

BEATTIE-NOBLE LIMITED

Mr. R. E. Beattie has taken into partnership in his drug and book store Mr. A. P. Noble and the firm will now be known as Beattie-Noble Limited. Mr. Noble has had wide experience both in the retail and wholesale drug business in the Old Country as well as in Canada. He served his apprenticeship near Edinburgh, Scotland and passed his qualifying examinations in that city. He has had experience in various parts of England and Scotland. He conducted a business of his own in the Old Country for 10 years before coming to Canada. He was employed in a retail and wholesale drug house in Montreal and managed a laboratory there before coming west to Calgary, where he was with the Findlay Drug Co. He has been nearly six years in Cranbrook. He has few equals as a chemist in the west and no superiors.

KING L'B'R MILL HERE DESTROYED BY FIRE

A blaze of considerable proportions occurred at the plant of the King Lumber Co. just outside the city on Friday morning last about 10 a.m. which completely leveled the mill itself and only left standing the old dry kiln and a shed used for storing lumber. The plant was under process of dismantling at the time, but no specific cause for the fire has been determined.

The Cranbrook Sash and Door Co. who had given up their lease at the end of December of last year, stand to lose in the neighborhood of three thousand dollars in stock stored on the premises. Only a week previously the C. P. R. removed the boilers and a large re-saw which they had purchased.

ANNUAL VESTRY MEETING OF CHRIST CHURCH

The annual Vestry meeting of Christ Church was held in the Parish Hall on Monday evening, January 27th. The Rector expressed the very sincere sorrow felt by all at the loss sustained by the death by Spanish Influenza of Miss L. Gamble one of the best Church workers, and of Mrs. Hope who stayed at her post till she was very ill and sacrificed her life for devotion to duty.

A very hearty vote of appreciation was passed to the Rev. F. V. and Mrs. Harrison for the grand work they did during the epidemic and thanks for their help to so many who were victims of the disease.

Considering everything the financial *position for the year was consid*ered satisfactory.

The following officers were elected for 1919:

Lay delegates to Synod, Messrs. *Cock, Wallinger and Beale.*

Substitutes, Messrs Leigh and Offen

The Rector appointed Mr. Cock his Warden.

VETERANS ATTENTION

A special general meeting is called for Sunday, February 9th at 3 p.m. at which all members are expected to be present. Business of importance demands immediate discussion and the success of the work depends on the co-operation of all members. Turn out everybody.

BASKET BALL

Stevens 5, vs Robichaud 2.
Bankers 11, vs Club 22.
High School 9, vs Club 3.

Played in Parish Hall on Thursday, Jan. 30. In the Bankers vs Club the outstanding features of the play were the shooting of Mr. Morris who scored four goals, and Argue who scored seven goals for the Club. For the Bankers Leaman scored four goals, and the defence of Mr. Howard, of the Imperial Bank, was particularly strong.

In the High School match the High school showed splendid combination and that of the club was very scrappy. Up to date the High School and the Club have each won one game of the series of five.

The night of meeting for the Boys' Club is Tuesday evening.

High Schol vs Public School Ent.

Basketball match played Saturday morning, Feb. 1st, in Parish Hall

Teams: High School— John Noble, right guard; Paul McNeill, left guard; Jack Stevens, centre; Arthur Gill, (capt.), right forward; Norman Wasson, left forward.

Public School Entrance Boys—Leonard Burton, right guare; Frank Bridges, left guard; Hugh Macdonald (capt.), centre; James Jarvis, right forward; Verne Woodman, left forward.

Scorers:

Art Gill 6	Hugh MacDonald 6
Norm. Wasson 2	Verne Woodman 2
Jack Stevens 4	James Jarvis 1

Total 12 points against total 9 pts. in favor of High School.

A fast, clean game was played in which all forwards got into the scoring column. The next game between these teams promises to be fast and furious as Capt. MacDonald vows to take the High School Second's scalps and then likewise in turn their 1st team. He says his team already has the weight and is now devoting much time to the scientific side of the game. His team is behind him to a man and hard and close games are bound to be witnessed.

CRANBROOK, BRITISH COLUMBIA THURSDAY, FEBRUARY 6th, 1919

THE OPENING OF THE B. C. LEGISLATURE

The third session of the Fourteenth term of the B. C. Legislature was opened on Thursday afternoon last at 3 o'clock.

On account of the fact that the court of the British Empire is in mourning the kid gloved cloud that usually sit on the floor of the house had to mingle among the gods in the gallery and the Lieutenant Governor dispensed with his military and naval guard and also with his cocked hat and gold braid—relics of the barbaric ages of our fathers that should have been discarded centuries ago.

After his honor read the speech from the throne and retired, Speaker Keen took the chair. Two new members were at once introduced to the Speaker: Pte. Frank Geilma, member elect for Victoria, who gave both the Liberals and Conservatives a severe trouncing at the bye-election held last summer; and Major Burde, who was elected by acclamation for Alberni.

The Speech from the Throne was a very lengthy decument, complimentary and sympathetic references to the overseas forces of Canada and of the province of B.C. in particular taking up a large part of the speech. Our fighting men deserve the prominence given and much more. But they are not fishing for compliments. Mere words will never satisfy them. Their actions have spoken louder than words—they have thrown body, soul and spirit into the breach so that righteousness, justice and fair play should not perish from off the earth. It has been a life and death struggle with them and mere words are no more than raindrops dashing against the window pane. The returned soldier problem has been too narrowly based and will not be able to carry the superstructure.

The session promises to be an interesting one. Hon. W. J. Bowser promises to interject some high explosives that will tear away all camouflage and compel a fight in the open; if the government outlives the session, it will be reduced to a very shattered condition.

The following is the speech from the Throne:

Speech from the Throne

"Mr. Speaker and Members of the Legislature:

"In greeting you at this, the opening of the third session of the Fourteenth Legislature of British Columbia, I give thanks to Almighty God that He hath granted victory to the arms of Great Britain and her Allies; that her enemies have been compelled to sue for peace, and that a conference of representatives for the Allied nations is now in session to determine the conditions of peace.

"My Government recognizes and rejoices in the strength displayed by the British forces and appreciates the valiant part taken in this war by His Majesty's subjects in the Dominion of Canada, taking modest but just pride in the achievements of the brave men from this Province, many of whom have earned and received tokens of their distinguished conduct.

Tribute to Fallen

"My Government is not forgetful of those who have paid the supreme sacrifice in order that freedom and justice might by secured and the right of self-determination established for all the nations of the earth. Their memories will be cherished by our people and the principles for which they died, because of their sacrifice, shall be upheld by those who remain.

"To those who have been spared and will return soon from overseas, I voice not only my own sentiment, but that of my Government, and the people of British Columbia when I assure them of a hearty welcome, feeling confident that they will resume their vocations with the same fortitude and courage displayed on the field of battle, uniting earnestly with those to whom they will be restored in efforts to re-establish the prosperity of the Province and develop its resources for the benefit of all.

Ottawa Conference

"Last Summer my Government urged upon the Prime Minister of Canada the importance of summoning a conference at which the several Provinces, as well as the Dominion would be represented, for the discussion and co-ordination of plans for the re-establishment of returned and returning soldiers in civil life. As a result, *representatives of the Dominion and* all the Provincial Governments met in Ottawa, following which certain plans were formulated in November last and assurances were given to the Federal Government that the hearty co-operation of the several Provinces would be accorded in carrying out the proposals agreed upon. Required legislation to implement this pledge on the part of my Government will be placed before you.

Lands for Soldiers

"A tract of land in the South Okanagan district has been purchased under the provisions of the Soldiers' *Settlement Act for* the benefit of returned soldiers, and you will be asked for appropriations to carry out development work thereon.

A large area of Crown lands has been surveyed and reserved for the purpose of soldier settlement.

"*Provision also is being made to* acquire homesites within, or adjacent to, cities, and moneys advanced by the Federal Government for housing purposes will be utilized to erect dwellings thereon. Legislation necessary for these purposes will be placed before you.

"A bill designed to encourage stock breeding within the Province and providing for a comprehensive grazing policy will be laid before you for your consideration.

"A measure will be introduced granting relief in respect of timber licence fees to those engaged in active naval or military service.

Increased Production

"It affords me pleasure to advise you that during the past year agricultural production has increased and new industries have been established within the Province. Early in the year my Government took effective steps to place the timber resources of the Province at the convenient disposal of the Imperial authorities for war purposes. Extensive contracts for the building of ships for both British and foreign Governments have been entered into by shipbuilding firms.

My Government has been active in urging upon the Dominion Government the necessity of completing the contractual obligations of the Canadian Northern Pacific Railway Company in respect of unfinished work in British Columbia. As a result of the representations made the construction of the Canadian Northern Pacific Railway on Vancouver Island is progressing, and it is confidently expected that further construction in other parts of the Province will be proceeded with during the year.

"Construction on the Pacific Great Eastern Railway is proceeding satisfactorily, and it is the intention of my Government to prosecute vigorously further extension during the coming season.

"Notwithstanding the comparatively small appropriations for the purpose, the Department of Public Works has effected the necessary repairs to roads trails and bridges.

Development

"You will be asked to consider the advisability of voting an emergency appropriation for the purpose of providing employment during the coming year in carrying on development work of a productive character.

I am pleased to advise you that the value of mineral production for the year 1918 shows a substantial increase over that of the previous year. The prospects for the coming year are encouraging. There has been a decline in the production of placer gold, but the output of lode gold has increased. It is expected that the year 1919 will show a marked increase in this class of mining. The production of coal has been very materially increased during the year, and there is a prospect that new coal areas will be developed.

"Amendments to the 'Coal Mines Regulation Act' will be placed before you for consideration.

"Engineers appointed to investigate and encourage mining report a feeling of optimism and confidence among operators and prospectors throughout the Province.

"A report dealing with the practicability of the electro-smeling of British Columbia iron ores will be laid before you.

Re-enactment

"It is proposed to submit for re-enactment the "Vancouver Island Settlers' Rights Act (1904)— Amendment Act (1917).'

"My Government, through the Hon. the Minister of Education, has entered into an arrangement with other Western Provinces for the standardization of educational text books.

"Necessary amendments to the 'Prohibition Act' will be laid before you.

"Legislation disfranchising military deserters and other persons exempted from military service will be submitted.

"A bill to authorize the appointment of a Public Utilities Commission will be submitted for your consideration.

"A bill for the establishment of a Public Library Commission will be submitted.

"Protection from tax sales and for *the further relief of returned soldiers* will be proposed in a bill for the extension of time for payment of taxes by returned soldiers.

"A bill to provide for the appointment of official school trustees for the better regulation of public schools in alien communities will be laid before you.

"You will be asked to consider a bill providing for the superannuation of civil servants, and amendments to the 'Civil Service Act' will be submitted.

"The Public Accounts for the past fiscal year will be laid before you at an early date.

"The Estimates of Expenditure for the coming year will be submitted for your consideration.

"Gentlemen, in leaving you to your deliberations I have confidence that the work you will undertake will be faithfully performed, and I pray the blessing of Providence upon your labors."

Farris's dictum in the Findlay case is farcical.

The "contemptible little army" now is the German army. The American intelligence department has made an estimate of the size of the German army and places the number at less than 500,000 men of very doubtful morale.

One of Canada's greatest soldiers has died, Major-General Sir Sam Steele, one of the best known military men in Canada and the most beloved in the west. He became a victim of the flu.

The third degree! It isn't in it alongside of the Hon. J. W. De B. Farris's interpretation of the law. If a man is being actually tried for a crime he cannot be tried again for the same offence; but he can be arrested and hailed before the court for a preliminary hearing as often as he is dismissed. If that isn't taking all the joy out of life, then you've got to show us—we're from Missouri.

W. C. Findlay is being tried a second time for the same offence, that of stealing 74 cases of whisky from the government. This is a new application of mediaeval law. It is persecution instead of prosecution. Freedom! What a delightful specimen of it, the Attorney-general is holding up. The square deal! Findlay or no other man who crosses the royal Farrissee, the attorney-general will ever be able to breathe freely again in B. C. if the Pouter J. W. De B. can make his interpretation of the law stick.

GREAT BRITAIN REALIZES NEED OF CONTINUING THRIFT

Great Britain realizes that the financial problems of the after-the-war period must be solved chiefly through production and saving. This is to be seen in the recently published report of the committee on the provision of financial facilities for trade after the war, appointed by the Chancellor of the Exchequer and the Minister of Reconstruction.

The Committee express the emphatic opinion that the primary factor in repairing the wastage of capital caused by the war lies mainly in increased production and actual saving.

The very large extent to which expansion has taken place is shown by the fact that whereas the total deposits at the banks of the United Kingdom, exclusive of the bank of England, amounted at the end of 1913 to £1,070-000,000. The amount of deposits is now nearly £2,000,000,000. The enormously increasing purchasing power thus created has, in the Committee's opinion, been one of the main factors contributing in the general rise in prices.

The enormous potential increase in the number of small investors as shown by the figures published by the National War Savings Committee, and the importance of the encouragement of this tendency for the rapid reconversion of trade and industry, are emphasized by the Committee, as is also the necessity for genuine saving to make good the destruction of capital during the war.

It is the recognition of similar fundamental conditions that has led to the adoption of the Canadian War Savings Plan. Through War Savings Stamps and Thrift Stamps it gathers up the dollars and the 25 cent pieces, paying 4 1-2 per cent compounded half-yearly.

Doctor Says Vinol Is The Best Tonic

Honest Opinion Doctor Gave His Patient

Bedford, Ohio.—"I was in a pitiful condition, weark, nervous and run down so I could not do my housework. I had doctored for years and tried everything under the sun. A friend told me about *Vinol. I asked my* doctor about it, and he replied, 'It certainly is the best medicine that can be had today. I couldn't give you any better.' I took it, and today I am as well and strong as any woman could wish to be, and it was Vinol that saved me."—Mrs. Frank A. Horkey, Ash St., Bedford, Ohio.

PRICES MARKED

In every Coeur d'Alene bedroom is a framed card on which is printed the rates of the room. In other words the Coeur d'Alene Hotel marks their selling prices in plain figures. The patron knows what his bill will be; he knows that he is not being overcharged through a misunderstand—his or the clerk's—he knows that he is paying just what every other occupant of that room pays— no more, no less. That's standard American practice in first class retail stores; some day it will no doubt be standard practice in the best hotels.

That framed card is a small detail, but it illustrates the Coeur d'Alene way of doing things. It's one of the many concrete applications of the Coeur d'Alene policy of fairness and a full and honest money's worth, to every patron whatever kind or price of room he occupies.

INJURED & 18 MILES FROM DOCTOR

was the predicament Miss Randall, Silver Stream, Sask., found herself in, but Zam-Buk saved her from any serious consequences. Writing of the affair, her mother says:

"I should like to tell you of an incident which proves conclusively the wonderful healing power of Zam-Buk. My daughter was using the washing machine, when she caught her hand in the cog and almost tore the top off her finger. As we live eighteen miles from a doctor, it was necessary I should attend to her hand at once. I got some Zam-Buk (which we always keep handy), put on a liberal dressing and bound up the finger carefully. From that time on, my daughter had no more trouble with the injury. We continued the Zam-Buk treatment, and not only did it prove unnecessary to call in the doctor, but in a wonderfully short time Zam-Buk healed the wound —serious as it was—completely."

Zam-Buk is equally good for burns, eczema, ulcers, cold cracks, skin diseases, blood poisoning and piles. All dealers 50c. box.

Send name of paper and 1c. stamp to Zam-Buk Co., Dupont St., Toronto, and we will send you free trial box.

FARMERS' INSTITUTE NOTES

Don't forget the February meeting on 8th inst.

The advisory Board of the Farmers' Institutes is called for Tuesday, Feb. 18th at Victoria.

The District Institute Convention last Wednesday evening re-affirmed the resolutions passed last July and added one concerning the importation of nursery stock destined for E. Kootenay. The contentions of the Advisory Board on the question of sales of land to Asiatics, leases to Asiatics and the importation of inductured Chinese labor was supported and the local member of the Board was instructed to do all in his power to push these matters.

It is hoped other matters deserving action by the Advisory Board will be presented at the coming meeting of the Cranbrook Institute.

INVERMERE

The adjourned annual meeting of the Windermere District branch of the Patriotic Fund was held here last week. The report of E. M. Sandilands, the Secretary-Treasurer, showed that during the past year the district had subscribed somewhat over sixteen-hundred dollars, an approximate total of over three dollars per head for every man, woman and child within its area. There had been paid out during the same time the sum of $2291.50, which had been disbursed amongst thirteen families and twenty-eight children. The retiring officers were elected for the balance of the period during which it is expected the organigation is to remain in existence.

Amongst those who returned from the front by the S. S. Empress of Asia, was Private Jack Hume, whose mother is here on a visit to his sister Mrs. Harold E. Forster. Private Hume's home is in Lacombe, Alberta. While at the front private Hume was seriously incapacitated by being gassed through a mustard shell bursting in his neighborhood.

The annual meeting of the Windermere District Board of Trade is called for the afternoon of Friday the 7th of February. Amongst other matters which the Board will urge for is the extension of the Dominion Government Telephone System from this district towards Cranbrook.

ELKO NOTES BY FRED ROO

When you're on a good thing, hold tight. It pays to advertise if you know how, says Jim Thistlebeak. The less a man is abused, the more he doesn't amount to.

A Calgary paper says that girls attain their full growth at 18. The same can be said about elephants, says Jim Thistlebeak, but an elephant is content to travel with only one trunk.

The Rock Creek Lumber Co., Flagstone, B.C., bought out several timber limits in the Roosville Valley and will put in a mill at the Billy Morrison limits just south of the Square Deal Ranch. The Downs and Reineccke Lumber Co. sold their holdings also to the Rock Creek Co.

Jim Thistlebeak says "There is nothing sensational in the case of the Montreal City Woman detective who got the wrong man last week. Women are continually doing that.

Jim Thistlebeak says "Take anything that is given you except advice. If it wasn't for woman's curiosity, men wouldn't be such gosh darned liars.

There ought to be a chance for every man to accomplish something these days, says Jim Thistlebeak, when a fairly industrious hen can earn six cents a day.

Sergt.-Major Brewer, after four years overseas, returned to Elko last week and was tendered a great reception by the Townspeople. While in Germany the Sergt M. got a glance at the Whelp 'Butcher Bill Hohenzollern" was saving to be Emperor of British Columbia and Tobacco Plains.

WARDNER NOTES

The big dancing party given in honor of Miss Dorothy Feldhausen at the Club Hall last Wednesday evening, Jan. 29th, was indeed a very pleasant affair. About twenty-five couple were present. Wardner's Jazz Band led by Mr. John Little furnished very excellent music for the occasion. At midnight a dainty three course luncheon was served by the hostess, Miss Feldhausen, assisted by Miss Barnes, Howard Henry, Miss Floden and Ed. Huntling. At a late hour the guests departed for their respective homes, wishing Miss Feldhausen many happy returns of the day.

Miss Irene Donahoe arrived home Saturday evening from Vancouver where she spent a month visiting friends.

Miss Millie Barnes made a flying trip to Cranbrook last week.

The Wardner Jazz Band made its first appearance at the Club Hall on Wednesday night. Everyone was very pleased with the Riz-raz-jazz music. It was indeed a treat for Wardner. The Band has only been in existence for a short time. Those playing in the organization are: Mr. and Mrs. Gene Stone, Jack Little, Vic Feldhausen, Wm. Burlotte and Judd Mills.

Mr. Robt. Sang, traveller for the Cranbrook Jobbers, was in town on Friday.

Mr. and Mrs. Gene Stone returned home on Wednesday from a two months visit in Spokane, Wash, and Couer d'Alene, Ida.

Mr. H. S. Miller of Lacombe, Alta, has accepted a position with the Crows Nest Pass Lbr. Co. of this place.

WHAT TO USE TO PREVENT APPENDICITIS

Cranbrook people should know simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, flushes the ENTIRE bowel tract so completely that appendicitis is prevented. ONE TEASPOONFUL Adler-i-ka relieves ANY CASE sour stomach, gas or constipation because it removes ALL foul matter which clogged and poisoned your system. The INSTANT action surprises both doctors and patients. —Beattie-Murphy Co., Ltd., druggists.

HYPNOTISM ONLY REAL CURE FOR SHELL SHOCK

Do you know that Hypnotism is now being taught in every College and University in the world, that it is recognized as one of the greatest curative agents in the treatment of functional disorders, that it was really the only method by which shell shock was properly cured during the war, that an understanding of its principles is invaluable to success, in fact that every successful person is either intelligently or unknowingly utilizing its fundamentals. All these things and many other equally remarkable things are now being attributed to this science which until recently was unknown.

Barnum, the Hypnotist, will be seen at the Auditorium Theatre February 13, 14, and 15th and will explain all of these things to his audience at each performance in a series of short talks after which he will entertain his audience with comedy posibilities of this phenomena and those who have already seen him say it is the greatest comedy show on earth.

Have Your Own Name Or Brand Name Printed on BUTTER WRAPPERS

THE LAW SAYS THAT YOU MAY NOT SELL BUTTER FROM A FARM OR THROUGH A STORE OR MARKET UNLESS IT HAS THE WORDS "DAIRY BUTTER" PRINTED ON THE WRAPPER. AS YOU NOW HAVE TO USE PRINTED WRAPPERS WHY NOT HAVE YOUR OWN NAME OR THE BRAND NAME PRINTED ON THE WRAPPER AS WELL AND IN THAT WAY GAIN VALUABLE ADVERTISING. IF PURCHASERS OF YOUR BUTTER WHO LIKE IT'S QUALITY DON'T KNOW WHO MAKES IT THEY CAN'T KNOW WHAT BRAND TO ASK FOR WHEN THEY WANT TO BUY THE SAME KIND AGAIN.

According to the Dominion government regulations all farmers who sell butter either to the stores or privately, are required to have it properly covered in a wrapper on which MUST appear in prominent letter the words

"DAIRY BUTTER"

The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces and in default of same a fine of from $10 to $30 for each offense is imposed. Whey butter must be so labelled even when mixed with dairy butter and dairy butter retains its label even though it be mixed with the creamery product.

YOU CAN BE SUPPLIED WITH NEATLY- PRINTED WRAPPERS FOR YOUR BUTTER AT THE HERALD PRINTING OFFICE, FOR FOLLOWING PRICES:

Paper and Printing Included

200 Wrappers for $2.50
500 Wrappers for $3.50
1000 Wappers for $5.00

These prices include both the Paper which is thebest obtainable for the purpose, and the printing.

WE CAN SHIP IMMEDIATELY ON RECEIPT OF ORDER

EMPLOYERS OF LABOR

can assist in recruiting the Cranbrook City Band to full strength by co-operating with Bandmaster W. A. Burton or the secretary, D. A. Kay.

Give them particulars of the help you need, and they will endeavor too supply you with the man you want who will also be a Band Musician. "Boost the Band."

At present we can place four sawmill workers, and one millwright-mechanic.

Returned soldier-musicians communicate with Secretary Kay.
