Great Soccer Game Anticipated Here Sunday At Two

What is expected to be the soccer game of the season will, weather permitting, be staged on the Cumberland Recreation Ground on Sunday afternoon at two o'clock, when the Nanaimo City team and the Cumberland United team meet in the re-play of the Davenport Shield competition. The last meeting of these two teams resulted in a four-all draw after half an hour extra time being played. At the time of writing the local ground is in excellent shape and a keen game is anticipated. The following will do duty for Cumberland, with Mr. J. Thorburn, of Nanaimo, Referee: Blair, Mortimer, Stewart, Monahan, Conti and Brake Bannerman, Heyland, Fowler, Plump and Hitchens, with all other players acting as reserves.

HOME COOKING SALE SATURDAY AFTERNOON

Under the auspices of the Pythian Sisters, Benevolence Temple No. 9, a Sale of Home Cooking will be held tomorrow afternoon (Saturday) from 3 to 5 o'clock. It is to be held in the store of Mrs. L. Francescini, Dunsmuir Avenue.

Local Concert Party Pay Visit To Courtenay

To Mr. D. R. Macdonald goes the credit of organizing a concert party of Cumberland entertainers who visited Courtenay Assembly No. 3 Native Sons of Canada and Assembly No. 6 Canadian Daughters League (Native Daughters) at their lodge room, Booth's Hall, Courtenay on Thursday night. One hundred and fifty members of the two assemblies and their friends thoroughly enjoyed what proved to be one of the most delightful evenings spent in the Valley Hub for many months.

The early evening was taken up by the regular meeting of the Native Sons at which initiations took place. The lodge room was then thrown open and the program was begun by the singing of "O Canada." Mr. Thomas then rendered a piano solo in his own inimitable style and he was followed by Mrs. H. B. Bernstein whose vocal solo "Dreams," earned a well deserved encore. Banjo solos are rarities in Courtenay. It is not remarkable, therefore, that Mr. W. Jackson's "Plantation Melodies" brought forth much applause, demanding an encore. Mrs. Spooner sang "Friend of Mine" and for an encore rendered "Sunshine of Your Smile." Mr. H. Thomas' Mandolin solos were certainly excellently played. Mr. Thomas then entertained with the "Gallant Salamander," Mr. Harry Jackson gave an excellent impersonation of a Chinese Opera Singer and responded to an encore with an impersonation of the great Italian soloist Galli Curci and some juggling stunts. Messrs Harry and Herbert Thomas played some instrumental duets and Mr. W. Jackson sang a couple of comic songs These artists all appeared on the second half of the program the equal of their selections seldom having been heard in Courtenay, particularly the pianoforte solo "Home Sweet Home" by Mr. Thomas. At the conclusion of the program dainty refreshments were provided by the members of the Canadian Daughters' League and a

(Continued on Page Eight)

12-REEL SHOW

The program at the Ilo-Ilo tonight and tomorrow night promises to be one of the best. The main 8 reel feature "Smouldering Fires" stars Pauline Frederick and Laura La Plante. The program also includes three reels of bright, spicy comedy and an International News reel. Special music will be furnished by the Ilo-Ilo Orchestra.

FIREMEN GIVE BANQUET FOR F. SLAUGHTER

Mr. Frank Slaughter, one of the captains of the local Volunteer Fire Brigade, was the guest of honor at a banquet given by his team-mates in the War Veteran's Hall on Saturday evening when some twenty-five members of the brigade, and their friends, gathered to wish him good fortune in his new work which he is intending to take up in Vancouver. After a most excellent supper the evening was pleasantly spent in songs and stories, Harry Jackson and John Walton being the chief entertainers. On behalf of the Fire Department Mr. John Cameron expressed their sincere sorrow at losing such an energetic worker as Mr. Slaughter and added that although present circumstances called him to Vancouver he hoped that it would not be forever. Mr. Slaughter feelingly replied.

Among the guests present were Mr. John Thompson, Chief of the Courtenay Brigade, and Mr. A. Robinson, also of the farming centre. The former spoke a few words in connection with the new chemical truck that the Cumberland department has just built itself, and tried to point out, humorously of course, just why Courtenay needs such a truck more than Cumberland needs it. His words were in vain, however, for the boys are quite proud of their new possession and nothing could induce them to part with it.

Inter-Club Visit Of Monday Last Very Successful

The visit of the Comox Badminton Club on Monday evening last was most successful and thoroughly enjoyable. With forty-two players being present it was a hard proposition to arrange it so that all players could get an equal number of games. Mr. H. Bryan was entrusted with this very unsatisfactory job; they way he handled it called for unstinted praise and we understand that the position will be his so long as he is connected with the local club. Captain and Mrs. Ash and Mr. and Mrs. H. Idiens, of Royston were also present and assisted greatly to add to the evening's enjoyment, all being excellent Badminton players.

Dainty refreshments were served at 10.30 under the able supervision of Mrs. J. Spicer and Mrs. L. Finch, and while all were busy with the excellent cakes and cookies provided by the local club, the Rev. W. Leversedge brought in the Lisle Fraser Trophy, which the popular proprietor of B.C.'s premier sporting supply house so generously donated for the men's singles in the recent tournament and which was won by Captain Ash of Royston. The trophy is a magnificent specimen of the silversmith's art, and the players present were loud in their praises of the generosity of Mr. Fraser.

Arrangements are at present being made for a social to be held at Comox, and to take place as soon after Easter as possible, so that the various trophies won in the recent tournament may be presented. After refreshments, play was again resumed, midnight coming all too soon.

Basketball Team Hosts At Banquet

To celebrate their success in winning the Cumberland City Basketball League, the Owls team were hosts at a banquet held in the Cumberland Hotel on Wednesday evening last. Those present were: Messrs W. Whyte, A. J. Taylor, R. Bennie, M. Stewart, G. Hunden, D. Stevenson, J. Stevenson, J. Tremlett, A. Sommerville, D. Stewart, J. Cameron, R. Robertson, J. Pinfold, R. (Peanut) Robertson, A. Farmer, H. Stewart, D. Watson, J. Foster and W. Walker.

The manner in which the supper disappeared before the attacks of the guests speaks louder than words for its excellence and great credit is due Mrs. C. DeCouer and her staff in the hotel kitchen for preparing it. Immediately following the supper, Mr. Whyte, as toastmaster, called upon everyone to fill their glasses and drink to the King, after which he spoke a few words in explanation of the gathering there that night. This was followed by several musical numbers and toasts, "Auld Lang Syne" bringing to a close what had been a most pleasant evening's entertainment.

FIFTY-FIFTY

The practice of the retail merchant who purchases his personal requirements at whole sale, and who, at the same time strongly objects to a somewhat similar method of procedure by his customers, raises a point of much interest, requiring immediate attention by the trade in general.

The question is, can the retail merchant, who must be classed among the consuming public, be justified in buying his personal wants in a manner which affords him a saving, and then blame his customers for endeavoring to obtain the same result, either by patronising a mail order house or a canvasser.

It is possible that the representatives of wholesale houses are responsible in that they, upon receiving an order from the merchant, commence itemizing articles outside this merchant's legitimate wholesale requirements, which they are willing to supply at wholesale cost. No sale is at wholesale if an article is sold and delivered to an individual, who is in fact a customer, i.e., a person who uses the article purchased, and by using, destroys its value.

If such practice is indulged in to the extent reported some borderline must be determined immediately, else the retail merchant will find it acting as a boomerang with sad effect upon the morale of his community. If local retail dealers expect the members of their community to buy from them, let them see to it that they make their personal purchases from their fellow merchants.—B. C. Retailer.

LOCAL WELSHMEN CELEBRATE IN HONOR OF PATRON SAINT

The St. David's Day celebration held on Monday evening last by the local Welsh Society was a magnificent success and too much credit cannot be showered on the very able committee of ladies and gentlemen, led by Mr. W. Williams as president and Mr. J. D. Davis as secretary. These two gentlemen on being congratulated over the success of the affair gave all the praise to the ladies as without their most valuable assistance, the celebration would not have reached the high standard it did. The proceedings were opened by Mayor Chas. J. Parnham, who asked the audience to sing "O Canada" and after that the Welsh National Anthem. The musical program was as follows and was much enjoyed. Piano solo, Mr. H. Thomas; Welsh song, Mr. W. Williams; song, Mrs. Sam Davies; Banjo solo, Mr. W. Jackson; Song, Mr. G. Gallagher; Duet, Mesdames Roberts and Hunden; Song, Mr. Sam Jones; Mandolin solo Mr. H. Thomas; Male chorus, Messrs H. Thomas, W. Williams, T. Edwards and H. Thomas; Song Mr. G. Gallagher; Song Mrs. Jones (Union Bay); Duet, Messrs S. Jones and G. Gallagher; Cornet solo, Mr. W. Jackson; Song, Mr. Sam Jones Piano solo, "Home Sweet Home," with variations, by special request was magnificently played by Mr. H. Thomas, bringing to an end one of the best concerts held in the district.

Immediately after the concert the banquet was held at which over two hundred sat down, necessitating two sittings, Mayor Chas. Parnham again presided and in a well thought out speech gave a brief outline of Welsh history, his remarks being listened to with rapt attention by the assemblage. Mr. Charles Graham also spoke and congratulated the promoters on such a magnificent entertainment. He said so far as he knew it was the first time in the history of Cumberland that Welshmen had gathered together to honor their Patron Saint and sincerely hoped that as the years slipped by they would continue to honor St. David's Day.

Big Attendance At Dance

The dance which followed was very largely attended, music for which was supplied by Plump's Five Piece Orchestra. Two o'clock in the morning came all too soon, the large crowd of dancers being reluctant to leave.

It might be interesting to note, that in view of the celebration of St. David's Day by the local Welshmen and short histories given by some of our worthy citizens that Nelson's Encyclopedia has the following to say of St. David: "In the year 514 A.D., Cunedda Wledig, from the neighborhood of Edinburgh, Scotland settled in Wales, probably at the invitation of the Welsh chieftains, to assist them to repel the piratical invations of the Irish, and it is from his stock that most of the subsequent rulers of Wales were descended. A great many of them became prominent in the affairs of the country and leaders in the ancient church and it is from his stock that St. David is descended." Some of our local men, who are versed in Welsh history claim this to be wrong. A little enlightment on the subject would be welcomed by the writer. Can any of our readers oblige?

LECTURE GIVEN BY PROFESSOR BROCK IS MUCH APPRECIATED

Professor R. W. Brock, Dean of the Faculty of Engineering of the University of British Columbia, was heard in an extremely interesting lecture in the Athletic Hall on Saturday evening last, by a small but appreciative audience that had gathered to hear the lecturer discourse on the subject, "Physical Features of British Columbia." In this they were disappointed for Prof. Brock was forced to change his subject at the last minute to a "History of Malta," but it was probably a change for the better, for never before has the eminent lecturer been heard to such advantage.

Malta is small island of British possession situated in the Mediterranean Sea, 58 miles south of Sicily and 100 miles north of Africa, and has an area of 95 square miles. Though so very small it is important from an historical standpoint, but aside from this the fact that it is one of Great Britain's most essential naval bases accounts for the interest in it today. Professor Brock related the history of this small island from the date 1000 B.C., taking the different regimes in turn, first the Phoenicians, then the Greeks, the Carthaginians, the Romans, the Vandals, the Goths and the Greeks again. These latter were overcome by the Arabs who were in their turn ousted by the Normans in 1090. In 1530, when Malta was attached to Sicily, King Charles V granted the island to the Order of St. John of Jerusalem. Taking the title of the Knights of Malta they built immense fortifications, vast in extent, and they rendered invaluable service to Christendom in checking and punishing the Barbary pirates and defending their stronghold against the incessant attacks of the Turks. This strife with the Moslems was continued up until 1798, the most important event of which was the seige in 1565 by Sultan Solyman II, when the Knights, under the command of La Velette, forced the enemy to retire with terrific losses. Velleta, the present capital, was then built, and the fortifications increased, but in 1798 the people became disorganized

(Continued on Page Eight)

TIDE TABLE, MARCH 6—13 INCLUSIVE

The time used is Pacific Standard, for the 120 Meridian West. It is counted from 0 to 24 hours, from midnight to midnight.

Date	Time	H't.	Time	H't	Time	H't.	Time	H't.
6....	4:15	12-1	10:04	9-0	14:16	10-4	21:25	3-1

ANNOUNCEMENT

It has been some time since Mary Pickford fans have had an opportunity of seeing her in Cumberland, and they will be delighted to hear that the management of the Ilo-Ilo Theatre have booked this supreme actress in the greatest of all medieval plays "Dorothy Vernon of Haddon Hall" for Thursday, Friday and Saturday, March 26, 27 and 28.

SOCCER TEAM ENTERS SEMI-FINAL B.K. CUP

The visit of the Cumberland United to Nanaimo on Sunday last to play the Davenport team in the Brackman-Ker cup competition resulted in an easy win for the locals, the final score reading four nothing, two goals being scored in each period. There was a fair crowd present, but the thrills they got were few and far between, the game being far too one sided to be interesting.

Tommy Heyland, who has not played soccer for such a long time that some of his friends thought he would have forgotten how to play, surprised them all by his display on Sunday last being the best forward on the field, he has evidently been watching Geo. Graham play and studying the famous centre's methods quite a lot, as he essayed two or three individual runs, which were the equal of Cumberland's late centre forward. Toots Plump (2), Bannerman and Fowler were the scorers.

Sunday's game against Nanaimo City should be a hum-dinger and the management of the local team are looking forward to a bumper crowd on the local grounds on Sunday. The kick-off is scheduled for 2 p.m. sharp and in the event of a draw at the end of the regulation ninety minutes, extra time will be played.

Endeavour To Get Reduction On Fire Insurance Rates

The regular meeting of the City Council was held in the council chambers last Monday evening. All members were present with the exception of Mayor Parnham, his place being ably substituted by Alderman Maxwell.

Insurance Renewed

Upon general agreement it was decided to renew the insurance on the fire truck for $1600.00. City Clerk Cope was also instructed to communicate with the secretary of the Board of Underwriters with a view to obtaining a reduction in the rates. This seems feasible now that the Fire Department is equipped with the new chemical truck.

Alderman Jeffrey on behalf of the health committee, reported a case of erysipelas at the Isolation hospital.

Re-Appoint Auditor

Mr. R. F. Selfe was re-appointed auditor for the Board of School Trustees during the current year.

NOTICE

The regular monthly meeting of the Parent Teachers' Association will be held in the school on Monday, March 16. Mr. H. E. Murray of the public school will give a talk on "Co-operation of the Parents and Teachers in the Home and School," with special reference to homework. A free discussion will follow.

Great Preparations Being Made For Annual Ball

The Cumberland Volunteer Fire Department intend holding their Annual Masquerade Ball on St. Patrick's Day, March 17th in the Ilo-Ilo Ball Room. The committee in charge are sparing no pains to make this the most successful masquerade held in the city of Cumberland. The local Fire Department have the name of being the best Volunteer Fire Department in British Columbia and in the course of a year's activity, money is needed to carry on. You are asked to assist the men who are ready to protect your homes in case of fire, by your attendance at the Masquerade on St. Patricks' Day.

Beside an ejoyable time, many valuable prizes are being offered for dancers and spectators.

DANCE IN ILO-ILO TOMORROW NIGHT

Did you go to the dance in the Ilo-Ilo Hall last Saturday? If not, don't miss the one tomorrow night. Plump's famous orchestra will be in attendance, and the admission is: Ladies, free; Gents, 50 cents. Dancing from 9 to 12.

Badminton Courts May Be Erected At Royston

COURTENAY, March 5.—From present indications the game of badminton will be very much in vogue in the Courtenay district next season. During the present season the game has been enthusiastically played in Comox and in Cumberland. On Thursday night last the Comox players were hosts to a number of visitors at their club headquarters. Many sociable games were played and during the evening the committee with the assistance of club members served most enjoyable refreshments. Mrs. H. D. Forde, president of the Comox Club and Mr. D. T. Steel, the club's secretary-treasurer, are arranging for the official presentation of cups won by the players during the season. This event will most likely take place next month at the wind up of the season. There are eight trophies to be presented in the district. The cups have to be won three years in succession before becoming the property of the winner. The present holders are:- Ladies' singles, Mrs. J. E. Spicer of Cumberland, Ladies' doubles Mrs. Spicer and Mrs. Shenstone, Men's singles, Capt. Ash of Royston, Men's doubles, Ash and H. Idiens, mixed doubles, Mrs. E. Cliffe and Ash.

Mr. Joseph Idiens is contemplating the erection of five covered courts on the Royston dance floor. It this proposed badminton hall materializes it would mean that twenty players could engage in the popular game at one time. This would be a great improvement and should go a long way towards inducing many to take up the capital winter sport.

NOTICE

Mrs. E. J. Greig wishes to announce that she will serve light lunches, ice cream, etc., at her home, Glenroy, Royston. Opening date, April 12th.

New Chemical Truck Proves Success

The first test of the new Chemical Truck that has just been added to the equipment of the local Volunteer Fire Brigade was held last Saturday afternoon, showing beyond a doubt the valuable aid it will render in extinguishing future blazes. A large fire was started on the vacant lot known as the City Park, which is five blocks distant from the fire hall, but the boys made a record run for the distance, taking only 37 seconds from the time the alarm was turned in until the chemical was being sprayed on to the blaze. With the aid of the water truck the blaze was completely put out in considerably under 10 minutes.

The new addition to the fire fighting apparatus is a Peerless car which the members of the brigade themselves converted into a chemical wagon. It carries two 35-gallon tanks with all the latest attachments for speeding up the work of throwing the chemical on to the fire. Although nearly all the mebers assisted in its building, special mention should be made of Mr. Andrew Thompson, who did the necessary blacksmithing, Messrs W. McLennan and F. MacKinnon, who painted the body, Mr. H. Nash, who put the lettering on the hood, and Mr. John Cameron, who gave the use of the Cumberland Motor Works in which to build the truck.

Mr. J. A. Stewart representing the Columbia Paper Co. of Vancouver was a visitor to Cumberland this week.

News of Courtenay and Surrounding District

BILL SUTLIFF
Courtenay, B.C.

TWO MORE LOGGERS ARE SUDDENLY CALLED BY DEATH

COURTENAY, March 3. — During the week end Dr. R. E. Zeigler held inquests on the bodies of two loggers both the victims of fatal accidents. The first was that of Martin Bonds, age 24 years who was drowned while working on a boom of logs belonging to Pick's Logging Co., last Friday at Frederick's Arm. The Coroner's jury returned a verdict of accidental death by drowning.

The other inquest was on the body of Charles L. Enlund, age 44 years, who was killed at the International Timber Co's camp by the collapse of a deck of piles. Deceased was employed as a chaser and at the time was taking the choker off the incoming poles when he became crushed by the rolling cedar poles. The jury returned a verdict of accidental death in this csae also. Both bodies were brought to Mr. John Suttons funeral parlors in Courtenay and were interred at the Prebyterian cemetery at Sandwick, the Rev. Mr. W. T. Beattie officiating.

VALUABLE HELP IS GAINED FROM PRUNING SCHOOL

COURTENAY, March 5.—Agriculturists in the district have had plenty of opportunity during the past week of acquiring very valuable instruction in a variety of subjects. With a pruning school held under the auspices of the Comox Agricultural and Industrial Association and "A short course in agriculture," under the auspices of the Comox Farmers Institute a great deal of knowledge has been imparted to many residents of the district.

Mr. E. W. White, district horticulturist conducted the pruning school classes. Actual demonstrations were given in the orchards at different points, besides lectures in the Agricultural hall. Mr. G. H. Thornberry, of the Dairy Branch lectured on cow testing and feeding results, Mr. Allen on poultry topics and Mr. J. B. Munro, assistant agronomist, on fertilizers and crop rotations. The classes were fairly well attended and a great number of intelligent questions were asked the instructors.

JOVIAL JESTERS PLEASE AUDIENCE

COURTENAY, March 4.—The Jovial Jesters playing at the Gaiety Theatre on Tuesday evening played to a well pleased audience. The party came over from Powell River and had a rough crossing. The program consisted of songs, sketches, choruses and monologues. The artists were Mrs. R. Shaw, Miss Graham and Mrs. Howe and Messrs Chambers, Rea, Wilson, F. Soules, Lumbard, Dougherty and Dean. The Powell River Elks orchestra supplied the music.

NATIVE SONS WHIST DRIVE AND DANCE WELL ATTENDED

COURTENAY, March 5.—The whist drive held in the Booth hall on Wednesday evening under the auspices of the Native Sons Assembly No. 3 was well attended and a very pleasant time was spent. About thirty tables were engaged in play the result of which was Mrs. C. H. Hughes was awarded the first prize for ladies. Mrs. R. Hornal second, and Mrs. A. W. Smith the consolation. The first prize for gentlemen was secured by Mr. William Sutliff, the second by Mr. T. Brazier and the booby by Mr. Donnelly. Supper was served by members of the Canadian Daughters League and was followed by a jolly dance to music supplied by the Native Sons orchestra.

CYCLISTS MEET WITH NASTY ACCIDENT

COURTENAY, March 2—When returning from Bevan on Saturday morning at about eleven o'clock Stewart McQuillan met with a nasty accident. He was riding a bicycle and was carrying Walter Thomson on the same machine when the forks of the front wheel broke, letting McQuillan fall on the road head first. He has a badly bruised face and says that the right jaw is fractured. He is under the care of Dr. Butters.

NATIVE SONS ARE CONTEMPLATING $12,000 AMUSEMENT HALL

COURTENAY, March 3.—At Monday night's council meeting, Alderman McKenzie announced the intention of the Courtenay Assembly No. 3 Native Sons of Canada of erecting an amusement hall that would cost $12,000 within the city. The organization of which he is a member had an option on some 29 lots comprising about 3 acres of land fronting the Courtenay school, the property of Mr. Joseph McPhee. It was proposed to build this hall on the four lots adjoining the school property, and to turn the remainder of the property into a park and pleasure grounds. A considerable amount of work would be entailed in the undertaking. The area would require draining, clearing and leveling. Alderman McKenzie was the chairman of a committee appointed in connection with this matter and he wanted to know the council's views as to exempting the four lots and the hall from taxation.

The present revenue to the city from the three acres was about $180 said City Clerk C. S. Wood. Alderman McDonald said the building was to cost $12,000, the park and public playgrounds would be open to the school children and the general public. The land in its present state was not worth much and he thought the request to have taxes exempted should be granted. The City Clerk thought that it would have to go before the people as a by-law

Alderman Cooke asked if the Native Sons would draw up a letter outlining what they were willing to do. He felt that the council were all in favor, but wanted something definite for the council to endorse and to put to the people in a concrete form. Alderman McKenzie said the Native Sons organization were going to purchase the property in any case. In answer to a question he said that the Native Sons would not want to sell the hall when built.

Alderman Pearse thought the city should take the matter up seriously if only from a financial point of view. It would be many a long day before the property would have buildings to the value of the amount of the proposed new hall. After a good deal of discussion in which it was proposed to get the city solicitor Mr. J. M. Mitchell to draw up a by-law to submit to the people, the council went on record as being in favor of exempting the proposed property from taxation.

If this scheme materializes, it would do much to enhance the appearance of that part of the city, and would greatly add to the appearance of Courtenay to those arriving from the E.&N. Railway station or from the Cumberland road.

JURY RETURNS VERDICT OF ACCIDENTAL DEATH TO WILLIAM H. STARK

COURTENAY, March 2.—The inquest on the body of William H. Stark who was killed on Friday afternoon while operating a gasoline locomotive at the Deep Bay Lumber Co., was held on Saturday evening. The evidence given before the Coroner, Dr. T. L. Butters, by A. E. Sutton, of Nanaimo—the first to see the wreck and the body of Stark—Herbert Green, donkey engineer and Harold Carter, a loader, was of such a nature that the jurymen decided to visit the scene of the accident on Sunday.

A thorough examination of the track and the wrecked locomotive and trailer was made. It was evident that the load of seven logs had been travelling at a high speed and that the front wheel of the locomotive had left the rail at a point where the track crosses a river. After leaving the track the engine was pushed for a distance of some forty feet by the weight of logs behind it. The "inside" wheels were actually over the side of the bridge until the machine was stopped on the far side of the bridge by coming in contact with the bank. Even then the speed was so great that the load of logs shot forward for nearly the length of themselves, carrying a heavy bulk head with them, breaking ties and plowing into the ground. A large piece of the broken bulkhead was found across the chest of the unfortunate man; and it is thought that this timber may have been the *biggest factor in the cause of death.*

The jury was composed of Messrs P. Hansen (foreman) Alec Cleland, W. Gee, Lawrence, J. Smith and E. F. Thomas, who returned the following verdict: "William H. Stark came to his death by accident at Fanny Bay, B.C., on February 27th at 3.30 p.m., by reason of a gasoline logging locomotive running off the track through excessive speed. The locomotive was not properly equipped with efficient braking devices and striking a bad rail joint was the cause of derailment. He was driving the engine. We recommend that such outfits and equipment be properly equipped with brakes of a safe nature before being allowed to operate."

MUCH IMPORTANT BUSINESS DISCUSSED BY CITY FATHERS

COURTENAY, March 3.—The City Council met in regular session on Monday night in the city hall. Mayor Duncan occupied the chair and all members of the council were present. There were numerous letters among the correspondence that received special attention.

Mr. W. P. Bevan, assistant road engineer wrote saying that he didn't consider the work done by the city recently on the Island Highway in Courtenay was of an economical nature. Gravel had been put on too thickly. Alderman Feilder, chairman of the Board of Works, wanted to know where the council stood in the matter. He had been unable to get the road in question graded by the Provincial authorities and the city had had the necessary work done on this section which was formerly in a disgraceful condition. Alderman Cooke thought there had been a previous arrangement with Mr. C. W. Smith a former road engineer and it was possible that the present engineer was not aware of the arrangement. The city had been charged at the rate of $7.50 per day for tractor and man, and $5 for grader by the Provincial Public Works Dept. Alderman McDonald thought the city would get better value by taking care of their own roads. The Provincial authorities expressed a desire to keep the triangle of road between Courtenay, Royston and Cumberland in good shape. The matter was referred to the Board of Works.

Mr. A. J. Logie wrote asking the city to remove a stump at the entrance of his property. The city clerk is to take the matter up with the road superintendent. Mrs. Amelia Grieves asked that the road into her property and that of Messrs Thomas and Smith near the Courtenay school, be made passable for wheeled traffic. The letter, however, was ordered received and filed as the Board of Works had already put in their estimates for the year.

Alderman Cooke reported that the proposals for hard surfacing the city streets had been put in concrete shape and laid before Mr. P. P. Harrison, M.L.A. He understood Mr. Harrison was taking immediate action, but no definite reply had as yet been received.

Alderman McDonald reported that the matter of supply of electricity had been taken up by his committee but so far he had been unable to arrange a meeting with Mr. Graham of the Canadian Collieries.

Alderman Pearse brought up the subject of opening up the city lanes. A good deal of discussion resulted and a committee consisting of Alderman Pearse, McKenzie and MacDonald was appointed to secure the necessary land for the opening of the city lanes.

After discussing certain garage accounts, it was decided that in future gasoline for the city trucks, etc., should be purchased by means of tickets which the driver would present in place of cash. In this way the city would have a double check on the gasoline, it was said.

Alderman Field introduced the subject of the purchase of public scales. He wanted to get the opinion of the council on the matter. He knew that it would involve a considerable expense but thought the city should have a set of scales. Alderman Fielder and City Clerk C. S. Wood said that the scales would cost about $1,600. It was agreed that the scales were very necessary. Alderman Cooke thought the only thing against getting scales at the present time was finances, but even at that he hoped they would be able to squeeze them into this year's estimates.

The question of estimates for the year occupied a good deal of the council's time and it was decided to hold a special meeting in this connection next Monday evening at the city hall.

Dr. T. L. Butters was appointed health officer on the same terms as last year with the provision that quarterly reports be submitted to the council. On motion of Alderman MacDonald it was decided that the dairies supplying milk to the city should be inspected by the sanitary inspector and a report handed to the city. The council adjourned at 11.30.

W. H. STARK LAID TO REST

COURTENAY, March 5.—The funeral of the late W. H. Stark who met his death in a logging accident at Fanny Bay last Friday, took place on Thursday from Mr. John Sutton's funeral parlors at Courtenay. Interment was at the Prebyterian cemetery at Sandwick, the Rev. W. T. Beattie officiating. Mr. Frank Stark, deceased's brother, who arrived from Winnipeg on Wednesday's train was the chief mourner. A considerable number of friends of the deceased attended the grave side service, and the floral tributes were beautiful. Among the pallbearers were some of the deceased fellow workers.

SEVERE INJURIES TO COMOX LOGGER RESULTS IN DEATH

COURTENAY, March 6.—On Tuesday afternoon Camp No. 2 of the Comox Logging Co. was the scene of a fatal accident. Hermon Anderson, an experienced high rigger was struck by one of the steel cables of the rigging. The accident was caused by the fall of a spar tree over the line on which Anderson and other men were working. Very severe injuries were inflicted to the lower part of the body. The unforunate man was brought to Courtenay over the company's railway and from there he was conveyed to St. Joseph's Hospital by motor ambulance. Dr. T. A. Briggs rendered all possible help but death resulted soon after admission to the hospital.

It is only a few weeks since the deceased returned to this district from Ladysmith where he had been working for a short time. He leaves a widow and one boy who still reside at Ladysmith. Mrs. Anderson made a hurried trip over the road from Ladysmith on Tuesday night but arrived at Comox too late to be with her husband before the end. The body was shipped from Courtenay this (Friday) morning, the funeral taking place on arrival of the train at Ladysmith.

NEARLY 400 ATTEND ANNUAL MASONIC BALL

ALBERNI, Feb. 27.—The annual Masonic ball was held in the G.W.V.A. Hall, Port Alberni, on Monday night, and was voted by the large number present as the most successful event of its kind ever staged in this district.

The music, which was supplied by Hunt's orchestra from Victoria, left nothing to be desired. The dance continued until 4 a.m., and even then the dancers were reluctant to leave.

During the evening a splendid supper was served to 363 people, and the committee in charge deserve credit for the very excellent manner in which they carried out their duties.

IMMIGRATION OF FARMERS

The effect of the present immigration policy in encouraging farmers, farm laborers and female household workers to come to Canada is indicated by a recent analysis according to occupation of immigrants arriving in Canada since 1920. In 1920 32 percent. of the total immigration were agriculturalists and domestics, and in 1921 35 percent. Since then the ratio of agriculturists and domestics toward all immigration has been steadily increasing, being 44 percent. for the fiscal year ended March 31, 1923; 47 percent. for the year ended March 31, 1924, and 51 percent. for the nine months April to December inclusive of 1924. In these nine months the total immigration to Canada was 100,570 of which agriculturalists and domestics represented 51,056.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intension to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding Pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e, carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to oe addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESTEAD LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

EDITOR OFFERS HIS BLESSINGS

"Blessed are the country correspondents who send in their well-written items every week; for fame of their friendly neighbors shall go abroad in the land.

"Blessed is the woman who sends in a written account of a party or wedding, for she shall see the details of the function and the names of her guests correctly reported.

"Blessed are those who do not expect the editor to know everything, but who call up and tell him whenever an interesting event occurs to them, for they shall have a newsy paper in their town.

"Blessed are they who get in their copy early for they shall occupy a warm place in the editor's heart.

"Blessed are all those who co-operate with the editor in his efforts in behalf of the community; for their town shall be known far and wide as a good place in which to live."

THE LITTLE THINGS

In the World War many of our boys "over there" were bothered a great more by the cooties than they were by the shot and shell. Which taught them that it is the little things that count. Little discomforts have big influences on the minds and the methods of men. A tight shoe, a shabby suit, a collar with a rough edge, or a broken garter all enter into the program of the day. A man with dirt behind his ears, sitting in front of you, may mar your enjoyment of a symphony concert. The failure of his grapefruit and bacon to harmonize in digestion has cost many a man a big deal.

Big things we tackle and overcome—little things baffle us. We climb a mountain, but a few grains of sand in the bed drive us wild. Some silly remark starts us scrapping, but a real insult is often ignored. The presence of a polecat would break up a session of the League of Nations. In an effort to save a few seconds beating the locomotive at a railroad crossing, we sometimes spend eight weeks in a hospital. A fly in the syrup pitcher or a speck of dust in your eye will change you from a normal being to an irrate monster. Getting your feet wet may send you to the cold, damp tomb. A flea will drive a dog crazy and a mouse will make awoman run.

It's the little things in life that make or break us. Little words of kindness accomplish more than big bribes with cash.

Watch out for the little things! You can see the big things coming and get under cover.

A SERIOUS BUSINESS

"It's a serious business, this living," said a man. Then acted as though he didn't believe his own words. For he ate too much and drank too much and broke his vows to his wife and so neglected his daughter that she grew up a wanton. He wasted his time and his health and his money. Yesterday we heard that he was bankrupt, and today his physician told us that he is incurably ill.

If the man had believed what he said about life he would have invested his years so well that they would have paid dividends. He would not be ill, broke and miserable today.

If he had meant it enough his life would not have been a mere chaos of impulse. It would have been something well thought out. He would have had his affairs well organized. He would have considered his minutes silver, his hours as gold, his years as diamonds. He would not have flung them into the garbage can of time.

But he forgot! Or he didn't care! Soon the undertaker will screw the lid down on his casket and the grass will grow over his grave. It would have been so different with him if he had realized what he once said, that "it's a serious business, this living."

"SEE CANADA FIRST"

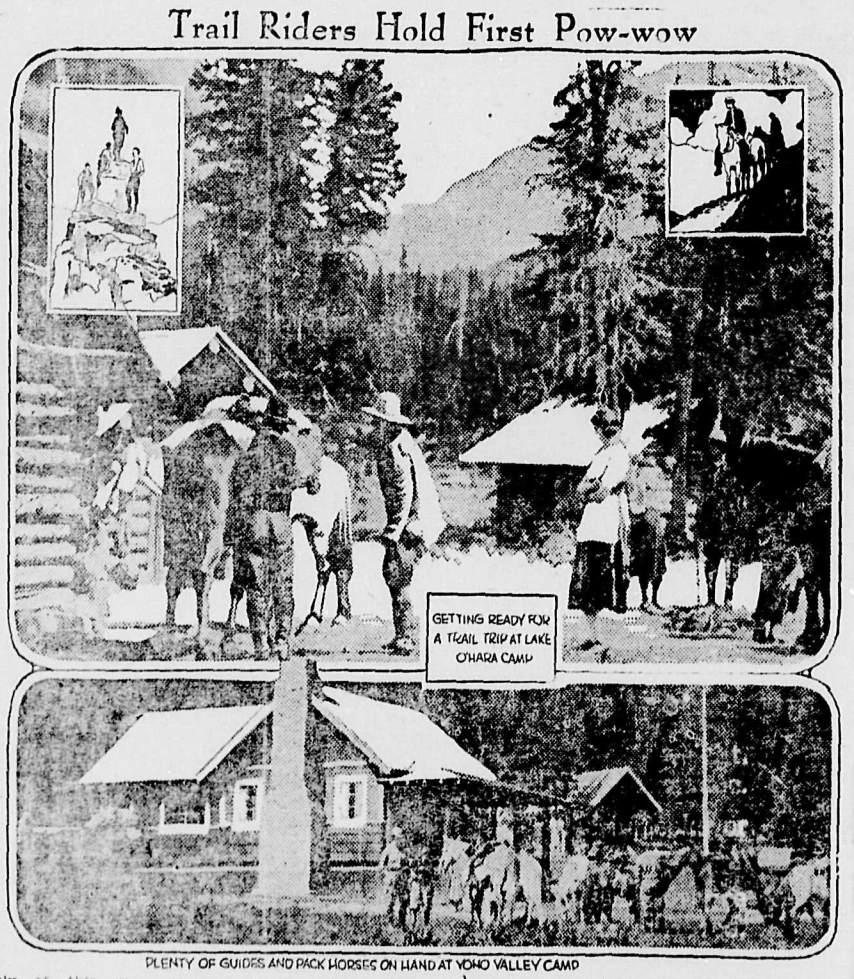
It is being suggested that Canadians ought to be reminded to "See Canada First." They should. It would be both simple and cheap to work the idea into the average mind. Commercial and private correspondence might play its part. Government stationery and departmental handbooks should be able to find room for this timely slogan. Postage stamps could be cancelled by such a three-word device. This means is employed to exhort the general public in respect of other important matters. "See Canada First" should be regarded as a patriotic instruction which promises at least full value in the immediate literal sense. Our neighbors are watching these points because it pays to do so. This country may well take a leaf out of their book in this regard.—Victoria Daily Times.

The things that stand the cold weather the best are the polar bear, the reindeer and the feminine ankle.

We heard of a Cumberland man the other day who asked his barber not to cut his hair as short as usual. Said he was afraid of being mistaken for his wife.

There is absolutely no truth to the rumor that the Kishimoto Dairy is considering painting cross-word puzzles on the sides of cows in order to make milking more attractive for the hired man.

Trail Riders Hold First Pow-wow



PLENTY OF GUIDES AND PACK HORSES ON HAND AT YOHO VALLEY CAMP

July of this year witnesses the first annual Pow-Wow of the Trail Riders of the Canadian Rockies in Yoho Valley, the wonder valley of Canada's mountain playground where, in addition to the regular accommodation at Yoho Bungalow Camp, a camp of tepis is being put up with capacity for one hundred guests. Last year a group of outdoor lovers made an initial trail ride and found it so fascinating that they decided to form an organization to foster riding in these mountains. Anyone who has established a record for riding in the Canadian Rockies of fifty miles or more, is eligible to membership, irrespective of race, creed, sex, age or color. So far as the Trail Riders' Pow-Wow is concerned, all that is necessary is that intending members should ride in on horseback.

Dr. Charles Walcott, secretary of the Smithsonian Institution at Washington, D.C., is honorary president of the new Order, and John Murray Gibbon, of Montreal, is the honorary secretary. Among the members of the organizing committee are such prominent individuals as H. B. Clow, president of Rand, McNally & Co., Chicago; Reginald Townsend, editor of "Country Life," Garden City, N.Y.; Captain A. H. McCarthy, U.S.N., of New Jersey and Wilmer, B.C., a celebrated mountain climber, and Col. W. W. Foster, of Vancouver, B.C., president of the Alpine Club of Canada. The underlying spirit of the order is a reverence for the majesty and beauty of nature. Its aims are to encourage travel on horseback in the Canadian Rockies; to foster the maintenance and improvement of old trails and the construction of new trails; to advocate and practice consideration for horses and to promote the breeding of saddle horses suitable for high altitudes; to foster good fellowship among those who visit and live in these glorious mountains; to encourage the love of outdoor life, the study and conservation of birds, wild animals and alpine flowers; to protect the forests against fire; to assist in every possible way to ensure complete preservation of the National Parks of Canada for the use and enjoyment of the public; to create an interest in Indian customs, costumes and traditions; to encourage the preservation of historic sites as related to the fur trade and early explorers and to co-operate with other organizations with similar aims.

Last year the Banff-Windermere Motor Road was made available to tourists and eight bungalow camps were built in as many beautiful locations among the Canadian Rockies. Some of them can be reached by automobile, others by trail riding. The new Order will prepare and circulate maps, descriptions and illustrations of existing trails and the country to which they give access, thus putting helpful information within reach of a public that has long been waiting for just such a delightful program as that made possible by the Trail Riders of the Canadian Rockies.

DICK BARTHELMESS "KNIFED" IN FIGHT

For the first time in his screen career as the hero of a motion picture Richard Barthelmess is stabbed in his latest First National offering "Twenty-One," which will be the popular attraction at the Ilo-Ilo Theatre next Monday and Tuesday.

Barthelmess portrays the role of Julian McCullough, a 19-year-old youth, who runs away from home to New York to wait until he becomes of age so that he may marry a poor girl to whom his wealthy parents object. In the city he gets a job as a taxicab driver and while thus engaged in earning his livelihood chances to pick up his own father as a fare. His father, carrying a large sum of money, has been singled out as the victim of a gang of thugs. Julian's suspicions are aroused by the men who meet his father. After watching them enter a building in a disreputable section of the city he investigates. He sees that his father is being held up and forcing his way inside, goes to his defense In the struggle that follows one of the thugs stabs Julian, but before losing consciousness he gets to a telephone and summons the police. The thugs are all caught and the incident serves to bring about a happy culmination to the story.

TWENTY-FIVE PER CENT. DIVIDEND

According to the fifty-fifth annual statement, 1924 has been A Wonder Year for Mutualists—that is policyholders in the Mutual Life of Canada. A remarkable distribution of Dividends of nearly twenty-five per cent. of premium income was made to the partners in Canada's only mutual life company.

In addition to this a Record Surplus of over $3,500,000 was achieved. The previous high record of surplus earnings was surpassed by $500,000. Two other new records were established in that the Company reduced its expenses of management below the previous best showing in 1923, and the second record was in the matter of low mortality, the actual claims being only 36.01 of the expected. For 55 years the Mutual Life of Canada has produced an unbroken record of development thus showing that the principle of Mutality—whereby the members receive the entire profits—has been abundantly justified. Co-operation scientifically employed, as in Canada's only Mutual, is proving to be a permanent gold mine.

FORMER ALBERNI CHIEF OF POLICE IS LAID TO REST

ALBERNI, Feb. 27.—The funeral of the late Donald H. McKenzie took place on Sunday from the All Saint's Church, the rector the Rev. G. Bagshaw conducted the services at the church and at the graveside.

The deceased was forty-two years of age and had been a resident of Alberni for over forty years.

The late Mr. McKenzie was at one time chief of police for the city, and later road foreman for the Public Works Department of the Provincial Government.

MANY HOMESTEADS ARE TAKEN UP

During the month of January 233 free grant hometeads were taken up in Manitoba, Saskatchewan, Alberta and British Columbia, an increase of 18 over the entries recorded for the corresponding month last year. During the same month, 47 soldier grant entries were filed, a decrease of one compared with January 1924. Of the homesteads, 38 were taken up in Manitoba, 117 in Saskatchewan, 73 in Alberta and five in British Columbia. Of the soldier grant entries, 9 were in Manitoba, 28 in Saskatchewan, 9 in Alberta and one in British Columbia. The homesteads and soldier grants combined represent approximately 44,800 acres.

"Stop! And let the train go by—
It hardly takes a minute;
Your car starts out again intact,
And better still—you're in it."

BRING GAME BIRDS TO REPLENISH THE ISLAND DISTRICTS

VICTORIA, Feb. 27.—The Game Preservation Board announced today through M. B. Jackson that it had brought from Spokane to Victoria and the hinterland of the city over 100 Hungarian partridges and 100 Bob White quail which are being released in Victoria, Sannich, Nanaimo, Cowichan and Metchosin. These birds will breed here and will have the effect of considerably augmenting the numbers of the feathered game which abounds on the Island. Hunters in this district will greet the announcement with approval.

MIDDLE-AGED LADIES SHOULD NOT CHANCE MARRYING YOUNG MEN

"Smouldering Fires," Universal-Jewel-Clarence Brown production which comes to the Ilo-Ilo Theatre this Friday and Saturday, is said to be a story founded on a not unusual circumstance in real life—a circumstance that frequently discloses itself in divorce court, namely the misery that comes from the marriage of a young man to a woman twice his age.

Pauline Frederick and Laura La Plante are co-starred in the picture, the former having the part of the middle-aged woman who made the mistaken marriage and the latter the part of a younger sister who fell in love with the youthful husband, portrayed by Malcolm McGregor.

Sada Cowan and Howard Higgin, who have collaborated to write some of the most successful motion picture stories of recent years, wrote the story with the qualifications of Miss Frederick in particular view. Her part is that a woman whose sole purpose in life is to make a success of the big factory left her at the death of her father.

One day this stern, mannish woman takes counsel with herself and admits she is in love with a young employee, who has come to her notice through his insistence that she give consideration to a plan of his to increase the output of the factory. She makes him her assistant and as a result of the ensuing gossip he believes that he is honor bound to marry her, which he does, but not before he has found that he loves her younger sister.

Much of the action takes place in the factory operating rooms and in the executive offices, and, early in the story, there is a strong comedy situation. The company also went on location in the Yosemite National Park where the natural granduer of scenery was used as background for working out episodes of the story.

Tully Marshall, Wanda Hawley, Helen Lynch and George Cooper support.

DENMAN ISLAND NEWS

Mr. and Mrs. A. H. Swan motored to Victoria for a few days this week.

Choir practice has again been resumed and there is a large attendance.

Mr. Frank Swan has been called home to Vancouver due to the illness of his little daughter who has contracted a case of pneumonia.

Another enjoyable dance was held in the Old Hall last Friday. A good crowd was in attendance, music being supplied by the Chudy family.

First Birthday

Little Betty Dalziel celebrated her first birthday last Tuesday at a party where friends young and old spent a most enjoyable time.

School Ranks for February

Grade 3—Beryl Dickson, 1; Thelma Swan, 2.

Grade 2—Willis Piercy, 1; Leonard Piket, 2; Amy Doheny, 3.

PROVINCE'S LOG PRODUCTION SOARS TO NEW HEIGHT

British Columbia's log production for 1924 soared to a new height, according to figures given out by the Hon. T. D. Pattullo, minister of lands for the province. Tht total production during 1924 surpassed by 28,000,000 feet the total for the next highest year in the history of the industry in the province, 1923.

LADYSMITH GIRL WINS PEACE COMPETITION CUP

LADYSMITH, Feb. 28.—Miss Hilda Marshall, the Ladysmith High School girl, who recently won a prize from the League of Nations in Canada for an essay on "How Peace Can Best Be Preserved Between Nations," was to have been presented with the prize at Victoria last week, but was unable to attend owing to illness. Miss Marshall won a $50 prize in the William Doyle memorial competition open to girls from 15 to 18. The presentation will be made later.

CANADA'S OCEAN TRAFFIC SHOWS VAST INCREASE

The value of trade with foreign countries in the period bteween 1914 and 1924 was increased by more than seventy percent. With this development and the great bulk of trade coming into and leaving Canadian seaports, has come a corresponding rise in the prestige of these outlets of the dominion and the majority of the ports of Canada have undergone a revolution and now occupy a more important place in the world consideration.

UP-ISLAND BUSINESS IS MORE OPTIMISTIC

Although the season up-Island is somewhat behind that in Victoria and vicinity, construction is now almost in full swing. There is, however, in the low levels a great deal of storm water, which has held back ploughing North of Merville the Campbell River road was partly flooded and there are several bad sections between Qualicum and Royston due to flooding.

The re-opening of the lumber mills and camps has stimulated a great deal of activity, while there also is quite a business going on in poles and ties. The Spring overhaul of farm buildings and fences is to be observed everywhere.

A real spirit of optimism prevails in almost all circles, and the large number of travellers on the road is an indication that they are expecting ample orders for the season's business.

The seed and fur farming industries among the lesser activities of the Island, promise to occupy a larger share of attention this year.

The reports on new mining discoveries on Vancouver Island reported recently to the mining convention in Vancouver are also regarded as promising a return to a form of industry which has languished, except copper mining, for a long period.

At Ladysmith the Canadian Collieries is rebuilding the wharf office which was recently destroyed by fire.

SILK STOCKINGS PROVE BOOMERANG

The gift of silk stockings and a pair of fancy silver buckled dancing slippers to a pretty girl is the fly in the ointment of Richard Barthelmess' troubles in "Twenty-One," the First National picture which will delight moviegoers at the Ilo-Ilo Theatre next Monday and Tuesday.

In this latest starring vehicle Dick has the role of one Julian McCullough young son of rich parents who tires of society of his parents set and finds pleasure in the company of Lynnie Willis, a poor girl, whom he meets secretly and takes on motor rides and to dances.

The discovery of his perfectly innocent gifts in a most compromising situation which brings about the extraordinary denouncement in this fascinating screen story.

Dorothy Mackill gives a warm and sympathetic character delineation as Lynnie Willis.

LEADING B.C. MILK CONDENSARY

British Columbia is occupying a place that is of increasing importance in the manufacturing industry of the Dominion. Her factories are not only becoming more numerous every year, but existing plants are increasing their output all the time due to greater demand both at home and abroad for B.C. products. The outstanding milk condensary in the Province is that of the Borden Company, Limited, at South Sumas. Famous far beyond the limits of British Columbia, the wonderful milk from the Chilliwack district in the Fraser River valley is here put up in sanitary tins and marketed through the Borden sales organization with headquarters in Vancouver. Borden's St. Charles Milk, as it is known in the familiar blue and white can with the gold cow on it, is noted for its richness and is more and more being used by housewives on the coast "wherever the recipe calls for milk." Orders already on file will call for the operation of the South Sumas condensary at full capacity from March 1st right on.

MINK RAISING IS LATEST INDUSTRY FOR PROVINCE

VICTORIA, Feb. 28.—Mink have been added to the list of animals which are being raised in captivity for their fur. P. E. Cameron recently imported six Quebec mink and is ranching them at Eagle Heights, Vancouver Island, where he also has a pair of Alaskan silver foxes.

The examination was a test for speed, Miss Roy obtaining more than the necessary number of words per minute than are required to secure the diploma. The Courtenay Commercial school is meeting with considerable success in preparing students for business careers.

LOCAL CONCERT PARTY

(Continued From Page One)

dance followed until one o'clock when the party broke up, everyone feeling that a most enjoyable evening had been spent. Appreciation of the Assemblies was voiced in a hearty vote of thanks to Mr. D. R. Macdonald and members of his concert party on whose behalf he made suitable reply. The next event to be put on by the Canadian Daughters' League will be a dance on Wednesday the 11th in the Gaiety Theatre.

LECTURE GIVEN

(Continued From Page One)

by the internecine quarrels and the Knights surrendered their fortresses to Bonoparte on his way to Egypt. Shortly afterward the Maltese claimed the protection of England and the status of Malta as a British dependency dates from its recognition as such by the Treaty of Paris in 1814.

In concluding the Professor showed several slides of the relics of the Phoenicians, such as ruins of tombs, towers, houses, cisterns, and also the remains of megalithic monuments of the neolithic period prior to the Phoenicians.

As mentioned above, the audience was an appreciative one, but when a personage such as Dean Brock takes time to come so far to give a lecture the public should turn out in larger numbers than on Saturday night.

Mr. John Baird, who recently underwent an operation in the Vancouver General Hospital, is making very satisfactory progress toward recovery.

Family Gathering

In honor of Mr. and Mrs. Martin Brown of Vancouver, Mrs. Brown, Sr., Maryport Ave., entertained at a family gathering last Friday evening. Every branch of the family was represented and the evening was pleasantly passed with music, singing and dancing, concluding with the serving of dainty refreshments.

Cumberland Volunteer Firemens' Masquerade Ball St. Patrick's Day, March 17th, Ilo-Ilo Ball Room.

Enjoyable Party

Mrs. Emily entertained in honor of her daughter Kathleen last Friday evening. The young folks had a most enjoyable time spent in playing games, music dancing and the partaking of dainty refreshmnets.

Surprise Party

A very pleasant time was spent in the reception room of the Vendome Hotel last Friday evening, when about twenty-seven young folks assembled and surprised Victor Marenelli. After singing and dancing, refreshments were served and at midnight the party left for their respective homes.
