Rescue Station Is Equipped With New Apparatus

Mr. John Thompson, instructor of the Government Mine Rescue Station here, has received from the British Columbia Department of Mining what is known as an "H-H Inhalator," the very latest and undoubtedly the best appartus designed for use in resuscitation. This new instrument feeds the patient a mixture of 95% oxygen and 5% carbon-dioxide which makes him breathe many time the amount he otherwise would, and as the mixture is as close to that of the ordinary air which a person breathes as scientists have been able to make it, it can be readily seen that a patient will revive much more quickly by means of this than he would be able to do if he were given only pure oxygen, as is the case when the pulmotor is used.

The fact that this instrument was sent to Cumberland without any request from Mr. Thompson shows that the Minister of Mines is doing all in his power to make the rescue stations as up-to-date as it is possible to make them, for when one sees and understands the "Inhalator" there is no doubt left in his mind as to the value it would be in the event of an explosion such as the one which occurred in No. 4 Mine in 1923, although of course it may be used in many other cases.

The "Inhalator" is manufactured by the Mine Safety Appliance Co., of Pittsburgh, Pa., and is enclosed in a metal box similar to a suit case which makes it very easy to carry from place to place.

TENNIS CLUB MAY VISIT PORT ALBERNI

At a meeting of the executive of the Cumberland Tennis Club on Tuesday secretary W. H. Cope read a communication from the Port Alberni Club asking to arrange dates for home and home games as soon as possible. Mr. Cope was instructed to write to the effect that his club would play in Port Alberni on May 25th, provided that a return match would be played in Cumberland on June 3rd, and that in each case an "A" and a "B" team could be made up, the former to consist of 8 men and 6 ladies and the latter of 4 men and 2 ladies. A reply to this letter is expected very soon.

The local club is facing what has all the appearances of being a very successful season although the members are not joining up as fast as it was expected they would. However, a large number have already joined and many more have signified their intention of doing so this month, so it is quite probable that 1925 will see the club with the largest membership of its career.

A ladder tournament has been drawn up, play in which has already commenced. Each player is required to play the member directly above him on the list, best out of three sets, and one week will be allowed to play off, otherwise the game will be defaulted. From top to bottom the ladies' ladder runs as follows: Mrs. Shenstone, Mrs. James, Miss Partridge, Mrs. Clinton, Miss Bickle, Miss Browne, Mrs. Stacey and Miss Oliver. The Men's ladder is as follows: N. Robinson, T. R. S. Graham, H. Stewart, M. Graham, J. James, F. Leversedge, F. R. Shenstone, A. R. Stacey, W. Leversedge, E. R. Hicks, E. Bickle, C. Graham, G. K. MacNaugton, T. Graham and W. H. Cope.

FINAL DANCE OF THE SEASON GIVEN BY THE LINGER-LONGER CLUB

Pale streamers from the ceiling and numerous jardiniers of pink and white blossoms made a pretty setting for the last dance of the season which was given by the Linger-Longer Club in the Ilo-Ilo hall last Friday evening. The attendance was not as large as the committee in charge had expected it to be, but nevertheless the crowd of nearly one hundred and seventy-five dancers that was present enjoyed themselves to the fullest. Shortly before midnight the ladies of the club served pleasing refreshments, after which dancing continued uninterruptedly until 1:30 a.m. Moody's seven-piece Headquarters Orchestra was in attendance during the evening, supplying the latest dance music.

POPULAR MEMBER OF CITY TEAM IS MARRIED

David Kenny, a well known local footballer and one of Nanaimo City's most valued players sprang a great surprise on the boys Saturday when he returned home from Saturday's game with North Shore in Vancouver accompanied by Mrs. Kenny.

'Dave' as he is familarly known to the boys, was married Saturday morning in the First Presbyterian Church, Vancouver, by the Rev. Mr. Silcock, to Mrs. Mary Petrie, a well-known resident of Nanaimo, the witnesses to the ceremony being Mr. S. Kenny, brother of the groom and Mrs. Kenny.—Nanaimo Herald.

Trustees Were Well Pleased With Report Of School

Mrs. T. Banks, Mr. J. C. Brown, Mr. A. Maxwell and Mr. A. MacKinnon were the trustees present at the regular monthly meeting of the school board which was held in the old school last Tuesday evening. Very little business was on hand to be dealt with and in consequence the meeting fell far short of lasting a full hour.

A communication was in the hands of secretary MacKinnon from Dr. G. K. MacNaughton, stating that he would accept the position as medical examiner for the year 1925 and that his examination of the school children would commence shortly. A letter from W. H. Cope, vity clerk, was fully explained by Trustee Brown who reported that he and Mr. MacKinnon had interviewed Alderman Potter of the board of works and that both parties had come to a satisfactory understanding in connection with the ashes which are being dumped upon the school grounds. Several bills and accounts were referred to the finance committee for payment.

The secretary then read the High and Public School reports as submitted respectively by Principals F. R. Shenstone and G. E. Apps. Both were very creditable reports, all the trustees expressing themselves as being highly pleased with them. This concluded the usual business.

Mr. MacLellan, caretaker of the schools, was present and asked permission to purchase material to make two rollers for the tennis courts which are being built on the grounds. This was granted. Principal Apps was also present. He asked the board if it had contemplated donating anything toward the coming school sports day and read a list of the donations which the committee had already received. Each trustee was decidedly in favor of giving some assistance but there was one question that would first have to be decided—was it within the board's power to do such a thing? No one was certain. Trustee Maxwell took the easiest way out, however, by moving that "we donate $50.00 toward the school filed day provided that it is within our power to do so," the secretary being instructed to make sure of this point.

Before adjournment the secretary was authorized to secure a 4' x8' flag for the school as the old one was in poor shape and the one forthcoming from the Government would not arrive until the month of August.

WALTER CLARKE WAS KILLED AT NANAIMO

NANAIMO, May 7.—Struck by falling rock, Walter P. Clarke, of 495 Nicol Street, was instantly killed at twelve o'clock yesterday while employed as a miner in the Wakesiah mine of the Western Fuel Corporation.

The deceased was a native of Blantyre, Lanarkshire, Scotland, aged 46 years, and has been in the employ of the company since October, 1923. He is survived by his widow and two daughters, Jean and Margaret, who will have the sympathy of the community in their sad bereavement.

The late Mr. Clarke was very well known in Cumberland, having worked here for several years as a fireboss in No. 4 mine. Mrs. Clarke is a daughter of Mr. and Mrs. John Miller of this city.

Badminton Players And Friends Enjoyed Comox Social Evening

Over one hundred people assembled at the Community Hall, Comox, on Wednesday evening when the Comox Badminton Club entertained players and friends from the district. Cumberland Club was very strongly represented, and several well-known players from Royston and Courtenay were very much in evidence. Great enthusiasm was shown and it looks as though Badminton was in for a very successful season next fall. While there is no club at Royston it is confidently expected that one will be formed at the end of this summer and the Courtenay Club revived after one season's inactivity. Wednesday evening's program started off with friendly games of cards, after which dainty refreshments were served by the ladies of the Comox Badminton Club. After refreshments, the Rev. W. Leversedge called the meeting to order and in a few chosen words outlined the real reason for the social that evening. He called on Mr. Theed Pearce to take the chair, who said he would not take their time making any speech but would call on Mr. H. D. Forde to say a few words in reference to the activities of the Comox Club during the season just ended.

The speaker briefly outlined the activities of the Comox Club and also the recent tournament and prophesied that next season greater enthusiasm would be displayed as he understood that Courtenay, Royston and probably Parksville would have entries in the next tournament, in addition to the strong clubs of Cumberland and Comox. Mr. J. Vernon-Jones president of the Cumberland Club spoke briefly on the doings of the local club and before closing congratulated the various winners of the magnificent trophies. Mrs. Forde then presented cups to the following winners:

Ladies' Singles, Mrs. Spicer, Cumberland; Ladies' Doubles, Mrs. Spicer and Mrs. Shenston, Cumberland; Mixed Doubles, Captain Ash, Royston and Mrs. Ted. Cliffe, Comox; Men's Doubles, Captain Ash, Harry Idiens, Royston; Men's Singles, Captain Ash.

Immediately after the presentation the floor was cleared for dancing which was kept up until early hours of the morning ,a thoroughly enjoyable time being had by all present.

The trophy for Men's Singles in the recent tournament was very generously donated by Lisle Fraser, of Vancouver and the trophies for the Mixed Doubles by Tarbell's Limited of Courtenay and Cumberland.

Royston Pavilion To Be Scene Of Big Event On Night Of May 23rd

The biggest exhibition of the noble and manly art ever staged on Vancouver Island will take place on Saturday night, May 23rd at the Royston Pavilion, recently improved by Mr. Joseph Idiens and associates. The pavilion has a floor space of sixty by one hundred and twenty feet, free of any pillars or posts and is an ideal building to stage such a contest as will take place on May 23rd. The district's local champion and popular idol Roy Cliffe has been matched with one of Seattle's best heavy weights, Peter Jackson, who has a great reputation, having recently obtained a draw with young Jack Dempsey. He weighs 180 lbs., is a rugged sort of fighter with lots of science and a wallop in either hand. Since Cliffe fought his last battle in this district he has been touring California where he was very successful and every fight showed marked improvement.

Some excellent preliminaries have also been arranged by Mr. Max Blunt of Courtenay, who with Mr. J. Idiens, is making all arrangements. Nanaimo, Cumberland and Courtenay will all be represented.

The main event will be 8 3-minute rounds. Better make a note of the date, May 23rd, and be on hand to boost for the local gladiator, Roy Cliffe.

C. G. I. T. TO CONDUCT SERVICE AT CHURCH

As Sunday, May 10th, is Mothers' Day the entire evening service at the Presbyterian Church will be conducted by the two groups of the Canadian Girls in Training. The girls will be dressed in their uniforms and will sing three anthems. One will conduct the service ,two will read short addresses on "Mother," one will offer prayer, and one will read the scripture lesson.

A flower will be given at the door to be worn during the service in honor of Mother.

Baseballers Elect Season's Officers --Game Sunday

The annual meeting of the Cumberland Baseball Club was held in the lecture hall of the Athletic Association on Sunday evening, about twenty-five players and enthusiastic fans being present. In the absence of president James L. Brown the chair was taken by vice-president George Richardson.

The first item of business was the election of officers which resulted as follows: president, R. Brown; vice-presidents, George Richardson and Camille DeCouer; secretary-treasurer Alex Denholme; finance committee, C. DeCouer (chairman), J. Hill, J. Pinfold, H. Stewart and J. Dallos; grounds committee, G. Richardson (chairman), J. Willard and C. Hitchens; playing-manager, H. Plump; score-keeper, A. Denholme; trainers, H. Waterfield, and H. Jackson. It has since been found that Mr. R. Brown is unable to accept the presidency, consequently a special meeting has been called for this Sunday evening at 7:00 o'clock to elect another person for this office and also to settle several other business items that have cropped up during the week. All members are asked to be at the club at this hour.

Treasurer Denholme then presented his financial report for the season 1924, the same being ordered received and filed. It showed outstanding accounts to the approximate amount of $30.00 and these were ordered to be paid as soon as the necessary funds can be secured. The meeting also appointed a committee to canvass the city merchants for donations which will be raffled in the near future. Before adjournment Mr. John Bono was appointed official club umpire.

Opening Game Sunday

The opening game of the season will be played on the Recreation Ground on Sunday when the local nine will be hosts to Powell River. The players have been practicing steadily for the past week and there is no doubt that for a curtain-raiser this game will be a corking good one. Remember the time, fans—1:00 p.m.

MORE CONTRIBUTIONS OFFERED COMMITTEE FOR SCHOOL SPORTS

Entry lists for the June 3rd School Sports are pouring in from all points in the district, making certain that competition will be keen—in fact the committee had to refuse several entries from schools outside the inspectorate. All intending competitors are practicing faithfully each day.

Several contributions have been offered during the past week and many more are forthcoming. It is pleasing to note that all these offerings have come voluntarily without the committee having as yet to make any appeal. Five more cups are needed and it is hoped that all these will be donated by persons or institutions interested in making the day a great success for the kiddies.

This week's donations were as follows: cup from the Comox Argus, Courtenay; $50.00 from the Cumberland School Board; $10.00 from the W. B. A. of Maccabees, Cumberland; medals from Messrs W. Whyte, C. W. Spooner, and Woodward of Cumberland, A. H. Webb, J. W. Hughes and the P. T. A. Nanaimo, and G. W. Stubbs of Courtenay. Mr. Peter McNiven, of Cumberland, has kindly offered to do all trucking which the committee will find necessary.

Chief Of Police Presents Report To Commission

A meeting of the Police Commissioners was held in the Council Chambers on Wednesday evening with Mayor Parnham, Commissioner D. R. MacDonld and Chief of Police Cope present, business not permitting Commissioner A. Maxwell to attend.

After the usual order of business Chief Cope presented his report for the period since the last meeting. This was ordered received and filed. Mr. MacDonald was of the opinion that the chief should wear a uniform in future, or at least over the weekends when there are so many visitors in the city. Therefore he moved that a suitable uniform be secured as soon as possible, the motion carrying. There being very little additional business the meeting adjourned.

Report of Police Chief

Sixteen persons have been prosecuted in the Police Court and sixteen convictions obtained. Thirteen of these were under the Motor Vehicle Act and the remaining three under the Government Liquor Act. Since the last meeting the following quantities of liquor had been confiscated: 104 pints of U.B.C. beer, 237 pints of Silver Spring beer; all of which has been turned over to the Government warehouse at Victoria.

Two firearm permits and twelve motor drivers' permits have been issued; four summonses served for the County Court; two summonses served for other purposes; $27.00 in lost property has been recovered; six head of cattle have been impounded; and four defective street lamps reported and replaced.

The following amounts of money were collected since last meeting: Licenses, $750.00; Pound fees, $12.00; Fines, $65.00; Scale fees, 25c.; Dog licenses, $59.00; Night watchman collections, $190.00.

The report also stated that the three beer parlors were being conducted according to the beer regulations and that the chief had made a point of inspecting them twice a day, one of these times being at the closing hour of 11:00 p.m.

The city has been very quiet and free from any serious crimes.

SALESMEN PROTEST MOTOR LICENSE FEE

VICTORIA, May 6.—Salesmen who use automobiles in the course of their work are protesting a ruling of the Attorney-eGneral making them liable for payment of a chauffeur's license of $5.00 a year. They protest that they are not in the same category as chauffeurs who hire for profit from the business of driving motorcars, but use autos as an aid to their work as salesmen.

FAREWELL DANCE

Mr. A. T. Heyland, manager of the Canadian Bank of Commerce here, was guest of honor on Wednesday evening at a farewell dance given by the Linger-Longer Club in the Anglican church hall. Mr. Heyland who was a prominent member of the club, will leave Cumberland next Sunday for Vancouver.

Many guests were present from this city and from Courtenay and Comox, the evening being pleasantly spent in dancing to excellent music rendered by a three-piece orchestra which was composed of Mr. R. Robertson, piano; Mr. C. Newman, saxophone; Mr. J. Stewart, traps. Refreshments were served during the evening.

EAGLES LODGE WILL HOLD WHIST DRIVE AND DANCE MONDAY

Mothers' Day is Eagles' Day, for it was the Fraternal Order of Eagles that first started the movement to set aside one day in the year for the honor of the best beloved person in the world—mother.

As Mothers' Day is on May 10th—Sunday—the local aerie of Eagles has set the following evening for their big whist drive and dance, which is to be held in the Ilo-Ilo hall, in honor of mother. Whist will be the order from 8 to 10 o'clock and dancing will follow until 2 a.m. Plump's Orchestra will be in attendance. The largest crowd of the season is expected to be present.

For a good time on Saturday night attend the Dance in the G. W. V. A. Hall. Excellent music, excellent dance floor. Gents 50c. Ladies 10c.

BUFFALO FROM WAINWRIGHT, ALTA., CROSS OVERSEAS

The Canadian Government Merchant Marine boat "Canadian Trapper" on a recent trip from St. John across the Atlantic, had on board three of the most interesting passengers ever carried on ships of this service. The passengers came from Wainwright, Alberta, and consisted of three live, full grown buffalo, two bulls and a cow, from Wainwright park. One bull was destined to spend the remainder of his life in the Zoological Gardens in Edinburgh and the other bull with his mate will complete their earthly existence in the zoological gardens of Antwerp. The animals for Scotland was a present from the National Parks Branch at Ottawa to replace a buffalo presented some years ago but which died recently. The other two animals are gifts of the Canadian National Railways to the Antwerp Zoo, the present having been made possible through the courtesy of the Minister of the Interior, who provided the animals from the herd at Wainwright.

The gift to Antwerp is one of the results of a visit paid to Belgium last year by Mr. J. E. Dalrymple, traffic vice-president of the National system. Antwerp is an important port of the C.G.M.M. in Europe and when Mr. Darlrymple discovered that no Canadian animals were to be seen in the Antwerp Zoo, he conceived the idea of sending two buffalo as an advertising feature of considerable value to the Dominion. The animals were carefully selected from the Wainwright herd and are as fine specimens as can be found. Full instructions as to their care and habits were sent to the zoological body in Antwerp some time ago and a special enclosure was built for their reception, where they will be as much at home as on their native prairie.

A plant has been established at Vancouver for the purpose of extracting oils from copra, peanuts, soya beans, etc. It is said that the field in Canada for the production of such a plant is large and favorable Last year, up to the end of October, vegetable oils to the value of $849,749 and peanut oil to the value of approximately two million dollars, were purchased by Canadian industries, all of which were purchased in the United States or imported through Pacific Coast ports of that country. The new company expects to handle from 500 to 750 tons per month of copra (dried cocoanut meat), soya beans and peanuts, from which they will produce the corresponding oils, as well as by-product meals which have a ready sale as a stock food.

REALISTIC WRECK OF SHIP STAGED

A shipwreck was staged so realistically in the San Francisco harbor, where the Ince company recently spent a fortnight filming special sea scenes for Thomas H. Ince's "Anna Christie," that the lifesaving station mistook the activity for a signal of distress and quickly sent two big lifeboats to the rescue.

During a dense fog, in which a steamer is wrecked in the collision with a derlict barge, "Matt Burke," played by William Russell, and several other stokers on the big ship, escape drowning by pushing off in a rowboat. They are later picked up by a coal barge belonging to "old Chris," the father of "Anna" around whom the powerful story dramatically unfolds.

As Russell lowered the remaining small boat, spectators began to gather on the shore. When the three men made the jump for the boat before the waves carried it beyond their reach, there was a terrified shout from the people on land. One of the men had missed the side of the boat and disappeared in the water. An alarm was quickly sent in by someone in the crowd and a few minutes later two lifeboats hit the waves in "high" and headed for the drifting men.

The footage finally obtained carries thrills warranted to shiver the most blase spine. "Anna Christie," a First National release will be shown at the Ilo-Ilo Theatre Friday and Saturday, May 15 and 16.

CLIFFE FIGHTS IN ROYSTON ON 23rd OF MONTH

The greatest event of its kind ever held on Vancouver Island will be staged in the Imperial Pavilion, Royston, on May 23, when Roy Cliffe, of Courtenay and San Francisco, will meet Peter Jackson, colored fighter of Seattle, in the main event of 8 3-minute rounds. A big preliminary program is being arranged with boxers from Cumberland, Courtenay and Nanaimo. Full particulars will be advertised later.

UNCOMMONLY GOOD

"Reflection convinces us that this is an uncommonly good picture worthy to ran kwith the best."—N. Y. Evening Telegram and Mail.

REALISTIC DRAMA

"The Last Laugh starring Emil Jannings is a dramatic and realistic drama."—Reviewer Dorothy Herzog, of the New York Daily Mirror.

A MASTERPIECE

"The story grips one from beginning to end—a jubilant finish—a masterpiece. Mr. Jannings tells the story with amazing strength by his actions and his expressions."—Mordaunt Hall, of the New York Times.

SPLENDID

"One of the finest productions from a human as well as an artistic viewpoint ever shown. A happy ending which strikes a high note in farce. On its merits as a great picture 'The Last Laugh' should win audiences anywhere. There isn't a subtitle in the picture, yet the story comes smoothly and with great force. In a most unusual way, a deliciously happy ending, farcical, rich in humor and humanity, a splendid piece of work that exalted the audience. It's one of the best balanced casts I have ever seen. A splendid feature."—Joseph R. Fliesler, in the N.Y. Morning Post.

PERFECT

"The film must prove a sign post to our directors. Brilliant direction—virtually perfect performance.'—W.R., in New York World.

COMPELLING

"The bill presented this week at the Rivoli is one of the greatest ever offered at the younger Riesenfeld house. The picture held me in a vise-like grip. When Emil Jannings is right, there isn't a greater screen artist in the world. And he is right here. I could devote a whole column to this picture if I had the space but suffice it to say I have never seen a more compelling photoplay!"—George Gerad, in new York Evening World.

REMARKABLE

"It is a remarkable picture—Matchless acting by Jannings. You can't go wrong with the last laugh."—Mildred Spain, N. Y. Daily News.

SIMPLY SUPERB

"We warn you that you'd better see it. Probably no film shown this season will stir up such a lot of discussion and if you want to be 'film wise' you'd better take a peek at it. No doubt about it—this is an exceedingly interesting piece of work from many angles. Simply superb--splendidly done--excellence itself—new and refreshing. You'd better see it; you're sure to enjoy it."—Ultra-Conservative New York Evening Post.

COMEDY

"The Last Laugh is a gem throughout. Jannings plays with a delicious sense of Comedy."—The N. Y. Sun.

EXTRAORDINARY

"The production is unusual. Jannings is superb. The production is extraordinary."—Says Rose Pelswick, Famous Critic of The New York Journal.

ALWAYS INTERESTING

"The first part is artistic. The second part is pleasant. The direction is strange, intense and at times baffling, but always interesting. Jannings is a remarkably fine actor. —Interesting Opinion of Harriette Underhill, in New York Tribune.

TREMENDOUS

"A tremendous work. By all means throw open the screen of the country to pictures of this type. This is a film that will go down in history as one of the big pictures of this decade. Murau, who handled the direction, has achieved some really remarkable touches. Words cannot do justice to what he has achieved on the screen, and the picture must be seen to be appreciated. The picture, on the strength of its humanness, its tremendous comedy kick at the finish is a production that will be made by word of mouth advertising such as no other picture has received in many years.'

A Movie Without Headlines---The Literary Digest

"Clothes makes the man" is a theme of a newly imported movie made in Germany. "Take a man's uniform away--what is left? The Kaiser - - - - might give an answer.

"In his uniform he may be King—General—Judge—Policeman with all the power of his position. But take away his uniform! What remains?" The film answers:

BEFORE THE STORM BREAKS

At home with his daughter there is felicity in his gold-braided coat for the hotel porter, impersonated by Emil Jannings in "The Last Laugh."

WHEN THE PORTER DISCOVERS HIS SUCCESSOR

Returning to the hotel one morning he sees his place as porter taken by a younger man, and he goes to the manager to learn why.

DEGRADED TO THE WASH-ROOM

Without the gold-braided coat he is nothing, family and neighbors scorn him, and he spends his days and nights in mean surroundings.

LAST STAGE OF THIS STRANGE, EVENTFUL MOVIE HISTORY

The watchman who covered the poor wash-room mental with his coat, now is plied with food and wine and those who scorned, await his nod

SCOTCH CONCERT WAS LARGELY ATTENDED

Under the auspices of St. George's Presbyterian Church a Scotch Concert was held on Wednesday evening, April 29th. The spacious room was taxed to its limit in holding the audience of nearly two hundred that attended. In the absence of Dr. Geo. K. MacNaughton, who was to have been chairman, Mr. Robert Strachan filled that position in a very capable manner.

Following is the program, complete: Two selection by the Cumberland City Band of seventeen pieces, directed by Mr. W. Jackson; Song, "Robin Adair," by Miss Josephine Welsh; Song, "Hame O' Mine," by Mr. Robert Goodall; Banjo selection by Mr. Jackson, accompanied by Mr. H. Thomas; Recitation, selected, by Mr. Inglis; Mandolin Solo, "Jock's Return," by Mr. Thomas; Song, "Angus MacDonald," by Mrs. T. Blair; Trio, "Ye Banks and Braes," cello, cornet and piano, by Miss M. Hughes, Mr. H. Murdoch and Mr. C. Edwards; Song, "Mary," by Mr. Robert Reid; Piano Solo, "Blue Bells of Scotland," by Mr. H. Thomas; Song, "Annie Laurie," by Mrs. C. Spooner; Remarks and recitation by the chairman; Trio, piano, banjo and mandolin, by Mr. H. Thomas, Mr. Jackson and Mr. Thomas; Recitation, selected, by Master Inglis; Piano Solo, "Home, Sweet Home," by Mr. H. Thomas; "Auld Lang Syne."

Every item on the program was encored twice, and in some cases three

GETTING BREAKFAST

Did you ever stop to think what a monotonous task it is for mother to get breakfast every morning in the year? On gray days and dark days, by artificial light or with the summer sun streaming through the kitchen windows, mother hustles among the pots and pans, getting breakfast while the rest of the family fuss around upstairs.

It doesn't make any difference how tired mother may be, whether she had a good night or a bad one, she has just about the same task to perform 365 days in the year. And then the family comes straggling in. One may be in a hurry and a huff, another may be late and keep mother waiting. The larger the family, the more confusion and turmoil. But mother knows her brood. She has fed them on many mornings before. She knows their dispositions, their shortcomings and their faults, but she loves them all and busies herself looking after each one.

The home is a dreary place when mother isn't ready with the breakfast and the kitchen is still and empty when she is sick or away. Give her an expression of appreciation for this monotonous service she renders every day in the year, by preparing breakfast for her on Sunday morning or at least when you go down to breakfast, give that patient figure at the kitchen stove a kindly hug and say "good morning" like you meant it.

MOTHER LOVE.

On this day, it may be well to rescue from the oblivion of the congressional record, the most eloquent tribue to motherhood and mother love ever delivered in that or any other assembly.

It was delivered in the United States Senate and came from the lips of United States Senator James A Reed of Missouri. It is so filled with great truths that it is worth reading today—and remembering. Listen to him as he says:

"For mother love there is no substitue. If there be truth in religion, then this holy sentiment was planted in woman's heart by the hand of God. It has made life possible. It is in truth the very source of life itself. When all other passions are dead, it survives. It will pass through the fiery furnaces of disgrace and yet live. It will endure the scorching breath of contumely with unwavering fidelity.

"A mother will enter prisons of shame and kiss a felon hand thrust through the bars. She will sit beside the accused in courts of law, when the mob jeers and the heartless machinery of justice grinds its grist of agony, and with unwavering faith maintain her child is innocent. She will stand at the foot of the scaffold and, when the trap has fallen, cover the condemned body with kisses and with flowers. It is still to her the innocent suckling she once hugged to her breast.

"But if the path of life has led her son to fields of honor, her heart will glow with pride, ineffable, unspeakable. If he is called to war, she will bid him goodbye with dry eyes, although her heart is filled with tears. She will maintain a firm and hopeful mein, that he may gain sublimer courage from her sublime example. When he sleeps upon the tented field, her spirit will keep watch. Whilst he is slumbering she will pray. In the agony of waiting, she will die a thousand deaths, but will choke back her sobs and hide her torture. She will search him amongst the slain and try with kisses to warm the dead and unresponsive lips to life. She will coffin her heart with the beloved body and her soul will keep the eternal vigil of a deathless love.

"Mother love! It has produced, fondled, reared, inspired and glorified all of the shadowy hosts who have passed across the "bank of time" since man first raised his eyes toward the heavens.

"It is indeed the golden cord that binds the earth to God."

THE REALLY HAPPY MAN

Why all this striving and straining for things when joy, after all, is not in things; it is in us. The fabulously wealthy are not as happy as the very poor. The man who hasn't had a meal in three days and gets one is happier than the richest man on earth who has to be pampered to be induced to eat three meals a day.

WHY IS IT?

"If advertising doesn't pay," asks a contemporary, "why is it that those who are spending millions of dollars on it are getting richer and richer, while those who fail to advertise are going broker and broker."

Also, why is it that those towns whose merchants keep their store news before the public through the local paper keep moving ahead while the towns whose merchants neglect to advertise keep losing ground?

A FEW ADVERTISING FACTS

A great department store in Brooklyn 24 hours after mailing a single illustrated letter to a selected list—sold $23,000 in furs.

A store through one issue of a house organ, without any additional publicity whatever, sold "2,600 hot water bottles, 500 pounds of floor wax. 480 mattresses, 362 jobs for wall papering of homes, 285 jobs for cleaning and repairing watches, 1,700 toy balloons."

This year the above store will spend nearly $200,000 for Direct Mail Selling.

THE PHILOSOPHY OF LIFE

Man comes into the world without his consent and goes out against his will. If he is poor, he is a bad manager; if he is rich he is dishonest. If he needs credit, he can't get it; if he is prosperous everyone wants to do him a favor. If he is in politics, it is for gain; if he is out of politics, he is no use to his country. If he doesn't give to charity, he is a stingy cuss; if he does, it is for show. If he is actively religious, he is a hyprocrite; if he takes no interest in religion, he is a hardened sinner. If he gives affection, he is a soft specimen; if he cares for no one, he is cold-blooded. If he dies young there was a great future before him; if he lives to an old age, he missed his calling. If you save money, you are a grouch; if you spend it, you are a loafer. If you get it, you are a grafter; if you can't get it, you are a bum,—So what's the use of worrying?

'It Is'--By Heck

It is your chum—Your Local Paper.

It is the easiest thing in the world to knock."

It is a mean man who won't shave the back of his wife's neck.

It is better to say it with brakes than to say it with flowers.

It is a fact that men are getting smaller every generation. Who wouldn't—work all day to make it and stay up all night to see how much they owe the government.

It is a mean barber who puts hair restorer in his shaving cream.

It's a known fact that some girls have more on their cheeks than on their minds.

It's the food they give you to drink at these banquets that makes most of them so successful.

It is a wise man who, on being asked to a friends house to have a little drink, eats salted peanuts on the way up.

It is a poor mother who invites herself along when you ask her daughter to go to church. The only thing to do then is to go to church.

It is now the fashion for ladies to have the rims of their spectacles colored to match their dresses. Rimless glasses would do very well with evening dress.

A NAMELESS POEM

It was midnight on the ocean,
Not a street car was in sight;
The sun was shining brightly,
And it rained all day and night,
It was a summer night in winter,
And the moonbeams shone like glass
While a barefoot boy with shoes on
Stood sitting on the grass.

It was evening and the rising sun
Was setting in the west;
And the little fishes in the trees
Were huddled in their nest.
The rain was pouring down
And the sun was shinig bright,
And everything that you could see
Was hidden out of sight.

While the organ peeled potatoes,
Lard was rendered by the choir;
When the sexton wrung the dishrag
Someone set the church on fire.
"Holy Smoke," the preacher shouted;
And in the rain he lost his hair.
Now his head resembles heaven
For there is no parting there.

"Pardon me, I am trying to get the Ilo-Ilo Theatre."

TWO VIEWS

Mr. Dead One says: "It's no use trying to do much business these days. People are bound to take their cars and drive out of town to do their buying.

Mr. Live Wire says: "We can get trade from long distance nowadays because most people drive cars. All we have to do is advertise our business and our town.

FORTY-NINE WELL-TESTED HINTS

1. Do not sit or lie on bare ground. It is harmful and likely to cause sickness. It is better if caught out in the rain to sit on your hat and go bare headed than to sit on the ground.

2. Always carry two waterproof match boxes of the hard rubber kind that will float—one full of salt and one full of matches—and do not use them all the time, but keep in reserve in case of accident. This is cheap life insurance.

3. Drink sparingly of water in a strange country; it may cause dysentery or be very constipating until you get used to it.

4. Don't drink more water than you positively have to on the trail. Ice water is inviting but often causes cramps when you are heated.

5. If your horse won't drink water don't drink it yourself; trust your horse, but don't trust your dog, for he will drink any filthy water.

6. Don't fail to take a good compass with a lock needle, and become familiar with it before you start. Do not wait until you are lost to do this.

7. Don't blaze a trail indiscriminately. A few conspicuous blazes are better than ten times the number that are hard to find. Always look back to make sure your last blaze is in sight before you make your next one. Place your blazes at least breast high Always study a map before going into new country. If you are not sure you have mastered the map, try to sketch it from memory.

8. If lost in unknown territory, find a stream and follow it down, it will generally bring you out near habitation.

9. Don't follow old wood roads; they generally wander around aimlessly and lead nowhere.

10. If you are going any distance into the mountains do not rely on electric flash-lights. Good candles are indispensable. A good light or 'bug' can be made from a five pound lard pail or jam tin with a jagged hole in the side to hold the candle and the handle placed lengthwise of the tin directly above it.

11. Your jack knife should not be too large, of good steel, with two strong blades, a can opener, leather punch and a file.

12. Keep all your tools sharp. A small pocket stone is very handy for touching up knives. An ordinary flat file will put a good edge on your axe.

13. Don't lug a heavy pistol around on a belt full of cartridges to back up your rifle in case it is jammed when a big bear charges you, as you read of in a book. It hardly ever happens, and, if it does, make up your mind that you will be a dead hunter anyway, for it's 20 to 1 you would not get the pistol busy in time and it would not stop the bear anyway. The pistol and belt will make your hips so sore walking long distances that unless you are used to it it will cripple you, and it means another gun to keep clean—a constant source of worry.

14. Don't forget that sewing kit in your dirty bag, which should contain safety pins, needles, thread darning cotton, buttons, wax, etc.

15. The tail of your sweater is fine for darning if you unravel a bit of it.

16. But two heavy woolen lumberman's shirts are more comfortable and warmer than a sweater or a coat.

17. If thirsty and without water, put a small stone or a button under your tongue; it will keep your mouth moist.

18. Don't eat too heavily before a climb.

19. Plan your work. Let each member of your party have a certain amount of work allotted to him and every one do his share.

20. Do not have a dirty camp. It should be cleaner than your home. Crumbs dropped on the ground don't show like they do on the floor, but flies and insects find them. Destroy all refuse from the table in the fire. Don't pollute the woods.

21. Unload all firearms as you come into camp.

22. A well-soaked cloth wrapped around a bottle will keep it cool. Hang it up in a breeze in the shade.

23. A little vinegar in water boiled in your pots or pans will take away the smell of fish.

24. Keep all of your extra matches in a large bottle.

25. The metal shaving-stick boxes make handy match safes.

26. Signal of distress. Three shots: fire once, wait five seconds and fire again twice.

27. Remember it is warmer to sleep in a snowdrift than on the bare ground.

28. To keep ants away from rations set a box on four sticks standing in tin cans or saucers full of water and the ants can't get to them.

29. Talk to your dog or horse—he is just as lonely as you are.

30. Cheap guns make poor shots and poor sportsmen.

31. Don't think you know more about hunting than your guide. Remember conditions vary in different places.

32. Always take the natives' advice as to living conditions and avoid sickness. They have learnt by experience, and experience may be costly to you.

33. If your boots are wet, scrape away some hot dirt or sand under the fire and fill them with it. They will be dry in the morning.

34. To avoid sore feet, wear large shoes with small hob nails that cannot be felt through the soles, a thin pair of socks, soaped on the heel on the inside next to the feet, and a heavy pair of woolen socks over them. This will positively prevent blisters.

35. If you fall into the water, no matter how cold the weather, take off all your clothing and wring out as dry as possible and put it on again. You will be warmer afterwards and avoid colds or worse.

36. Don't get into bad water with hip boots on.

37. Never ford a mountain stream more than knee deep until you know what the water is like immediately down stream.

38. Never drift into swift water. Have plenty of steering way on your craft.

39. In crossing on foot logs keep your eye on the log, not on the moving water below. If the log is not newly felled test the bark to see if it is loose.

40. Don't try to learn poling a dugout canoe in swift water. Try it in still water first.

41. Don't trust yourself on a mountain lake with too heavy a load in your boat. Sometimes they are squally.

42. If you are going to use a derelict boat, test it thoroughly first.

43. Don't try to kidnap a bear cub unless you are prepared to go the limit with its jealous mother.

44. Don't neglect your cooking. Take time to prepare at least two good meals daily.

45. If you have no experience and want to do real mountaineering go with someone who knows the game.

46. For ordinary climbing here are some hints. Be careful not to start a boulder or rotten log if anyone is below you. Avoid deep draws and creek beds. Angle upwards where possible. Keep your balance and don't trust to branches or bush. It is easier to get up a difficult place than down it.

47. Be careful of your axe; also be careful with it. Don't swing it until you are sure it will not catch on a branch overhead or behind you. Keep your feet well back when you are chopping.

48. The secret of a successful outing is to see how little you can take along and still be comfortable.

NO SUB-TITLES USED

From time immemorial, ever since the motion picture became an established industry, critics and patrons have complained that subtitles detract from the picture—that these printed words are an expression of literature and not of true art.

Attempts have been made in this country to obviate the seeming deficiency, but not with sufficient success to overthrow the time honored rule and practice.

Now comes a production from across the sea—"The Last Laugh"—which carries no subtitles and is hailed as a remarkable success by the release reviewers. The characterization and plot are so easily understood that there seems to be no necessity for explanatory titles. The story is told forcibly and progressively. The acting and the direction are done so well that titles are not needed.

It is an innovation which Carl Laemmle and the Universal, which has just acquired the right of distribution of the great picture, felt should be shared with the American public.

"The Last Laugh" is a Murnau production by Carl Mayer, author of the sensation, "Cabinet of Dr. Caligari," and starring Emil Jannings. It will be shown at the Ilo-Ilo Theatre, Cumberland this Friday and Saturday and at the Gaiety Theatre, Courtenay, the following Monday, Tuesday and Wednesday.

TENDERS FOR DREDGING

SEALED Tenders addressed to the undersigned, and endorsed "Tender for dredging Courtenay River, B.C.," will be received until **12 o'clock noon (daylight saving), Tuesday, May 5, 1925,** for dredging required at Courtenay River, B.C.

Tenders will not be considered unless made on the forms supplied by the Department and according to the condition set forth therein.

Combined specification and form of tender can be obtained on application to the undersigned, also at the office of the District Engineer, Post Office Building, Victoria, B.C.

Tenders must include the towing of the plant to and from the work.

The dredges and other plant which are intended to be used on the work shall have been duly registered in Canada at the time of the filing of the tender with the Department, or shall have been built in Canada after the filing of the tender.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, for 5 per cent of the contract price, but no cheque to be for less than fifteen hundred dollars. Bonds of the Dominion of Canada and bonds of the Canadian National Railway Company will also be accepted as security, or bonds and a cheque if required to make up an odd amount.

DELEGATION ASK CITY COUNCIL FOR WATER SERVICE

COURTENAY, May 5.—At the meeting of the city council on Monday night all adermen were present. After the city clerk had read the minutes of the previous meeting, the usual order of business was suspended and a deputation consisting of Messrs P. L. Anderton, Wm. Douglas, W. R. Dunn and Albert Kerton, was introduced to the council by Alderman McKenzie. These gentlement had come in support of an application for city water service to their various properties adjacent to the Cumberland road in the vicinity of the city limits. They were prepared to contract for a term of five years at the rate of $2.50 per month for water piped to the city limits at this point. Alderman Cooke thought that it was up to the consumers who are outside the city to make a proposition sufficiently interesting to the ratepayers. The council could not, of course, entertain any losing proposal in this connection. The council who had gone into a committee of the whole, then again discussed the matter of the cost of the proposed water main with the delegates. it was decided to ascertain the actual cost of constructing this main and a report is to be submitted at the next meeting. Before coming ou of committee, the council heard a report from the Medical Health officer, Dr. T. L. Butters, in connection with relief matters; and considerable time was occupied with the case in question.

Will Cater to Tourist Trade

Mr. F. R. Biscoe wrote making an offer of certain riverside lots to the city for public recreation grounds and bathing pool. The lots comprise that part of the Puntledge river frontage which has been appreciated by many swimmers during recent summers. Some of the aldermen thought that the river at this point was too dangerous for swimming and it was decided to confine improvement efforts of this nature to the river where it flows through the auto park. Alderman Field, who reported for the committee in charge of the park, showed that considerable improvements were being taken in hand for the benefit of the tourists for this season. Permanent cement cooking stoves are to be installed under the direction of Mr. Hugh Stewart; Alderman McKenzie is taking care of the installation of an adequate water supply and the city will have the electric light increased and placed to better advantage so that the park sign may be read by those using the road after dark. It was decided that a charge of seventy-five cents per car per night should be made, which will be collected by the night policeman.

May Day Committe Ask for Grant

A communication from the May Day finance committee, asking for a grant to assist the May festivities did not receive the sympathetic consideration of the council as a whole. Alderman Cooke spoke strongly in favor of making a small grant but the request was turned down.

CHESS PLAYERS MET AT MR. AND MRS. F. W. TULL

COURTENAY, May 4.—The Courtenay chess players met at the home of Mr. and Mrs. Tull last Friday evening, when play in the tournament was advanced another stage. Many interesting games were played among the following members: Mr. and Mrs. Clinton Wood, Mr. and Mrs. A. D. Gregson, Mr. and Mrs. G. B. Capes, Miss Every-Clayton and Messrs G. H. Ash, W. R. Dunn, J. Gregson, B. Pearce, Geo. Pidcock, Robt. Thompson, Herbert Smith, C. W. Sillence and J. W. Young.

MAY DAY COMMITTEE HELD MEETING MONDAY

COURTENAY, May 5.—A meeting of the May Day Committee took place on Monday evening in the school. General business in connection with the festivities to be held on May Day, the 20th of the month, was transacted Mr. G. W. Stubbs acted as chairman. The various fraternal organizations in the district will take part in the picturesque celebration.

Working out Taxes Unsatisfactory

Alderman McKenzie reporting as to the progress of work on city streets found that the system of working out taxes was not very satisfactry. As chairman of the works department, however, it was pointed out that the alderman has full power to act.

Change of Election Date Favorable

The matter of amending the Municipal Elections Act was introduced by Alderman Field who explained the alterations as proposed by the Provincial Government. The changes would bring on the municipal elections some what earlier than at present, with nomination day the second Monday in December. This would enable new municipal bodies to take their places at the first of the year and would be in keeping with larger centres such as Vancouver, Victoria and New Westminster. Alderman Field said his committee was in favor of adopting the proposed change and it was decided to notify the Premier accordingly.

Electric Light Committee Arrange For Meeting.

Alderman E. L. Macdonald reporting for the Electric Light committee, said that arrangements had been made for a meeting with Mr. Thos. Graham of the Canadian Collieries relative to the supply of electrical current for the city. The meeting will take place on Thursday afternoon.

Suggest City Bear Part Expense

A letter from Messrs Tarbells Ltd., suggesting that the city bear part of the cost of oiling the road in front of their hardware store on Union Street. Messrs Tarbells had put on this oil dressing, which was successful, at their own expense last year. The council, however, in view of the fact that a hardsurfacing program was contemplated, thought it would be unwise to make any expenditure in this connection at the present time. After another long session the council adjourned at a late hour.

AGNES SUTHERLAND IS CHOSEN AS MAY QUEEN

COURTENAY, May 2.—Agnes Sutherland will be Courtenay's 1925 May Queen. The election took place here yesterday at an exhibition of school work and activities, which included some novel features and was well attended. There were three "royal" candidates; the result of the election was as follows: Agnes Sutherland 114 votes, Muriel Leighton 80, and Eileen Moore 70.

SPEND HONEYMOON ON JURY TOGETHER

A honeymoon spent serving on a jury in a murder trial—

That is one of the many unusual situations to be found in "The Woman on the Jury," a First National production which comes to the Ilo-Ilo Theatre on Wednesday and Thursday, May 13 and 14. And the romance of the bride and bridegroom was nearly wrecked by the experience.

Sylvia Breamer, the featured member of the cast and Frank Mayo play the roles of the "Newlyweds." Just as they are about to start off on their wedding trip they are served with subpoenas to appear and serve on the jury which is to try a young girl for murdering her betrayer. The bridegroom does not relish having his honeymoon interrupted in this fashion, but his young wife, considering it a lark and eager to avail herself of her "woman's rights," induces him to yield.

Not until after she had been sworn in did the young bride learn the name of the slain man, and she nearly swooned at the news, for he had been responsible for a dark secret in her own life. Then follows a startling denouncement which for powerful intensity has never been equalled on the screen.

The best laugh is when you see "The Last Laugh" at the Ilo-Ilo-Theatre on Friday and Saturday, May 8 and 9.

MISS PEGGY FORREST ACCEPTS POSITION WITH B.C. TELEPHONE CO.

COURTENAY, May 5.—Miss Peggy Forrest of the Courtenay Commercial School has accepted a position with the B.C. Telephone Co., at the Company's city office. Miss Forrest has taken over the duties of Miss M. Cessford who has found it necessary to give up the position on account of ill health. Other good positions in the district are also being held by former pupils of the Commercial School.

LAUGH SCENES IN LORD CHUMLEY

Funnier than "Changing Husbands"—That's what Paramount claims for Lord Chumley, the latest production by Paul Iribe and Frank Urson, the screen's only directorial "team."

Viola Dana, Theodore Roberts and Raymond Griffith are featured in the leading roles of the picture which was adapted for the screen by Bertram Millhouser from the unusually popular stage play of the same name, by David Belasco and Henry C. DeMille.

The story is a melodramatic comedy with no small amount of mystery tossed in for good measure and tells of a titled Englishman, engaged to marry a beautiful American girl. Her brother, a lieutenant in the navy, loses some valuable papers and Lord Algernon Cholomondeley, called Chumley for short, goes about retrieving them, thus winning the girl and saving the family name.

"Lord Chumley" is just one big laugh after another. You'll laugh at Griffith the first time he puts in an appearance on the screen—all decked out in morning clothes, high hat, cane, spats and what not (Griffith and his high hat are destined to become famous).

When Griffith starts on the trail of the missing naval plans the fun begins. It starts in the young lieutenant's home and ends up on a navy target out in the Atlantic under fire of the guns of the battle fleet. It is claimed that no funnier scene than this was ever brought to the screen before.

Cyril Chadwick, William Boyd and Anna May Wong are included in the supporting cast of "Lord Chumley," which will be shown at the Gaiety Theatre, Courtenay, Thursday, Friday and Saturday, May 14, 15 and 16.

SAY JERSEY ICE CREAM

AND YOU'VE ORDERED THE BEST

EVERYBODY RECOGNIZES Good Ice Cream as the safest and most delicious of summer foods. Nearly everyone acknowledges JERSEY ICE CREAM as the best that can be procured hereabouts. It isn't merely a matter of chance taste.

THERE'S A REASON—the purest cream, the finest flavors, the richest ingredients, the greatest care in preparation. That's why—and why you should insist on it at your fountain or in your home.

FISHERS OF FISH

No. 1—Dick Hudson

Admittedly Cumberland is the home of the real fisherman. Scores of Anglers spend the week ends on lake, stream and bay endeavoring to lure the piscatorial beauties that abound in local waters into snatching a worm or rising to a camouflaged worm or grabbing a spoon. The subject of this sketch is one who does no boasting but enjoys the game more for the fun he gets out of it than for the food value of what he lands and he can land 'em; we have his word for it.

Nearly every day last week he could be found fixing his tackle, making and shining spoons, and otherwise preparing for the trip which he and party made to the waters of Bayness Sound last Sabbath. Dick landed three fish in a day's trolling, being about fourteen per cent. of the total catch.

These fish comprised two salmon and a cod. He says that the waters in the vicinity of Yellow Rock are so full of bluebacks that he almost became color blind last Sunday, as he looked at the finny pretty ones that he landed. Another member of the party declares that Dick actually shed tears when he pulled the fish into the boat. Not tears of sorrow, but of joy, for it was late in the afternoon before he had any success. Most trollers use a mine cable with which to haul in the fish but Dick believes in giving his victims at least a fighting chance so uses a light line that for strength resembles a spool of No. 25 purchasable at any dry goods counter. Yes, sir, he goes out to have sport as well as get fish and he usually has it. This is no cod.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intension to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding Pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e, carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESTEAD LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

DOES ARE NUMEROUS —HUNTER IN FAVOR OF SHOOTING THEM

The following letter taken from the Rod and Gun Magazine will, we think, be of interest to hunters of this city and district, as it aptly describes the present condition of the deer herds that roam the nearby hunting ground. In most cases, hunters have found, there are nearly five times as many does as bucks and unless the game regulations can be changed very soon a few years will see practically no bucks at all, which, of course, will mean final extinction of the herds. Here is the letter written by "A Fernie Hunter."

"Having been a subscriber and reader of Rod and Gun, I naturally came across Page 612 in the February issue and read the part headed 'Re The British Columbia Game Situation,' and as I live within reach of some of B.C's best hunting grounds I was naturally interested.

"I have hunted bear, goat, and deer for quite a few years now and have always managed to get my share. However, I was more interested in the part relating to the killing of nothing but bucks, as I too think this far from proper as the does at present far outnumber the bucks. This year I hunted in one of the best deer countries there are for a good many miles and saw nothing but does numbering anything from 15 to 25 in a day, and mostly in small herds of 3 to 5 without a buck among them and seldom a fawn.

"There are dozens of local hunters complaining of the same conditions, but they just talk among themselves and allow a few who seldom hunt beyond the back door to handle the game regulations. I am afraid that if some of the real hunters don't soon come forward and at least try to change these regulations to perhaps one doe and one buck instead of two bucks, our herds will be sadly depleted in the course of a few years.

"Hoping a change will soon be made, I remain yours truly,

"A Fernie Hunter."

HERE'S A TIP, GIRLS

Women wearing the "Gloria Swanson" bob or other bobs where tresses needs must be in a condition of shining sleekness, are offered a tip by a famous Chinese beauty, well known to motion picture audiences.

According to Anna May Wong, the Chinese woman uses a bandoline called "Pow Fah" with which to anoint her wealth of night-black hair. It is made from the wood of a certain tree which grows in China. The wood is flaked and soaked in water, which releases the peculiar oily gum.

The preparation is then perfumed and applied to the hair in its native state. It is possible to secure the wood from Chinese apothecaries in the Oriental quarter of any American city.

The featured cast of the production at the Gaiety Theatre Thursday, Friday and Saturday, May 14, 15 and 16, includes Viola Dana, Theodore Roberts and Raymond Griffith. Cyril Chadwick and William Boyd appear with Miss Wong in the supporting cast.

The best laugh is when you see "The Last Laugh" at the Ilo-Ilo-Theatre on Friday and Saturday, May 8 and 9.

$10,000 HAS BEEN SPENT ON THE BIG ROYSTON PAVILION

In an endeavor to give this district the best outside dancing pavilion on Vancouver Island, the owners of the Imperial Pavilion at Royston have spent upwards of $10,000. The building will be officially opened on Saturday, May 23rd, when the big fistic battle between Roy Cliffe and Peter Jackson will be staged.

The pavilion will have a floor space of 60 by 120 feet, free of any pillars or post. The lofty roof is semi-circular in shape and of a pleasing design. Round the dance hall seats have been built so that all couples not dancing can have ample space to sit down, thus leaving the floor free for the dancers, 500 couples of whom may be accommodated at one time. No dances will be held, however, until after the Cliffe-Jackson fight.

The best laugh is when you see "The Last Laugh" at the Ilo-Ilo-Theatre on Friday and Saturday, May 8 and 9.

At Home.

Mrs. G. K. MacNaughton was at home to a number of friends on Monday afternoon.

Pastor Attends Synod.

Rev. James and Mrs. Hood left for Vancouver on Tuesday morning to attend the meetings of the Presbyterian Synod and the Provincial Women's Missionary Society. Mr. Hood will return on Saturday and conduct the services in the church on Sunday morning.

Guests at "Beaufort."

D. C. Coleman, vice-president of the C.P.R., and Mrs. Coleman; Mr. and Mrs. Shaw, of Winnipeg; Dr. and Mrs. Lynch, of Saskatoon; and C. E. Thomas, of Victoria, arrived in the city on Monday and are the guests of Lieut-Col. Charles W. Villiers at Beaufort House.
