NEW COUNCIL SWORN IN

The successful candidates for mayor and aldermen held their first session at the Council Chambers on Monday evening, and were sworn into office by Mr. Edward W. Bickle, Police Magistrate, as follows:

Mayor, Charles J. Parnham.

Aldermen:—Donald R. MacDonald, Robert Henderson, John W. Cooke, Thomas H. Carey, Thos. E. Banks and John Brown.

After the mayor and aldermen had taken the oath, Mr. Bickle complimented the several members on their election and, judging from the composition of the Board, he expressed the belief that the citizens of Cumberland would feel satisfied with their service at the end of the year.

Mayor Parnham then opened the first session of the Council for 1915 with a few remarks, congratulating the members of the Board upon their election, and felt satisfied that they would all work harmoniously for the benefit of the city.

The secretary then read the minutes of the last session of the old Council, which were adopted as read.

The following accounts were referred to the finance committee:

Election Expenses.

Cumberland News Adv.	$52.24
Frank Dallos	4.00
Returning Officer	25.00
Total	$81.24

Ordinary Accounts.

Cumberland Electric Co.	$ 55.60
B. G. Crawford	32.50
B. C. Telephone Co.	.20
James Stewart	10.00
Crane & Co., hydrants	217.18
Total	$315.48

The various committees were appointed by the Mayor as follows:—

Board of Works: Thomas E. Banks, (chairman); J. W. Cooke and John Brown.

Finance: Robert Henderson, (chairman); D.R. MacDonald and T. H. Carey.

Board of Health: D. R. MacDonald, (chairman); R. Henderson and T. E. Banks.

Fire Wardens; John Brown and T. E. Banks.

Police Commissioners: John W. Cooke and Hugh Sloan.

Licensing Commissioners: D. R. MacDonald and T.D.McLean.

The following were reappointed at the same salary:

Thos. Conn, nightman.

Alex. McKinnon, City Clerk.

Edward W. Bickle, Police Magistrate.

The mayor and city clerk were authorized to sign cheques at the Royal Bank of Canada.

The regular date of meeting will be on Monday, January 25th, and every two weeks thereafter.

A committee consisting of Aldermen McDonald and Henderson, the Mayor and City Clerk, were appointed to interview the manager of the Royal Bank of Canada, and endeavor to secure an overdraft to enable the Council to pay the school teachers' salaries, who were two months in arrears.

Ald. Cooke and Constable Ward were appointed Band Trustees.

The meeting adjourned.

The recently elected Mayor and Aldermen of the city of Courtenay were present, and enjoyed a friendly conversation with the Cumberland Council.

LOCAL NEWS.

BORN—On January 19th, 1915, at West Cumberland, B.C., to Mr. and Mrs. F. J. Dalby, a son.

Mr. Hugh Sloan has declined his appointment as Police Commissioner.

J. R. Lockard, General Superintendent of the Canadian Collieries (Dunsmuir) Ltd., left for Victoria on Thursday morning.

Charles Sanders, until recently in the employ of Simon Leiser & Co., Ltd., left for Vancouver on Thursday morning.

Yesterday morning a new passenger coach went out with the regular 10-30 train, which carries the name of the Canadian Collieries (Dunsmuir) Ltd. It was built at the company's Union Bay machine shops, and is certainly a credit to its builders. The new coach is modern in every respect.

A long distance message from Victoria received by the Islander yesterday said that the railway commission had ordered the E. & N. Railway Company to build the interchange of tracks at Royston connecting the Wellington Colliery Railway with the direct line to Victoria.

Robert Foster, who assisted other agitators two and a half years ago to put Cumberland on the hog, was an unwelcome visitor to the city on Sunday, by the morning train. We saw no one there to give him the glad hand, as in the days of 1912. The working men have learnt a lesson they are not likely to forget for some years to come.

WOMEN'S PATRIOTIC SOCIETY.

The Society has closed for the next three weeks owing to lack of funds. It is hoped it will be able to start again when times are better, if the necessity still exists. Anyone having work please return to Mrs. Clinton when finished. A letter was received by the secretary from Mrs. Henshaw, Municipal Regent of the Daughters of the Empire for Vancouver, in which she referred to the "splendid parcels sent by your society, the garments being so well made and just what are needed by our soldiers at the front."

GERMAN ARRESTED.

Vancouver, B.C., Jan. 16.—For asserting that the German flag would wave over New Westminster courthouse in a short time and for threatening to teach the British Columbia residents what German "kultur" really was, a German, giving the name of Steve Burke, was arrested by the New Westminster police this evening. He will be sent to the military prison at Nanaimo, where Baron von Mackensen, of Port Kells, a nephew of General von Mackensen now fighting in Poland, was sent under guard, in company with other German suspects, all of whom are alleged to have assisted reservists to leave Canada. They will be detained until the end of the war.

DEBATING SOCIETY

The regular meeting of the above soeiety took place on Monday night as usual, the subject for the night being, "What Causes War?" The subject was discussed in a formal manner by quite a number. Many of the reasons which could be attributed to the past wars were weighed and talked about in a friendly way, and the present German war took up quite an amount of time and discussion.

After the subject was finished the question of something lively and interesting was considered for next Monday night. A full committee were chosen to have ready an impromptu

BREACH OF PROMISE CASE.

We understand a prominent young lady in town, whose assumed name is Miss Angelina Macwhackle, is suing Mr. Edwin Stoppitisky, who is a young man of prepossessing appearance and who no doubt is very loving in disposition. It is a well known fact that many of the young men in town imagine that they can play with the tender sympathetic feelings of the young ladies.

A jury will be picked from the audience to give justice to both sides, and should the suitor who was so ardent in the first place, but now grown cold, be found guilty it is hoped the judgment given will be such that other young men will consider well before doing likewise.

The judge for the evening is one who has meted out justice often from the bench. The budding lawyers who have been chosen to look after their clients' interests will no doubt make themselves acquainted with the fine points at stake. The clerk of the court is one who is able to fill that duty nobly. The foreman of the jury is worthy of the great trust reposed in him, and will no doubt endeavor to weigh every item of evidence in the scales of justice before presenting the findings of his jury to the learned judge.

A cordial invitation is given to all and a good entertainment is promised for the evening. Young men and maidens are specially invited.

Joseph Shaw says in the News that the recent municipal election was engineered by the Conservative Association. If so, the Conservatives made them all sit up and take notice. We can assure Mr. Shaw that the Conservative Association did not take any part in the recent municipal election. We understand Mr. Shaw is not a housholder nor a property owner and does not contribute one cent towards the revenue of the city. We are at a loss to find a cause why he should trouble himself about an election that does not concern him. We have on our table a long letter in reply to Mr. Shaw but, pshaw! why should we publish a reply? It takes money to set up type.

LIEUT.-GOV.'S. SHIELD, 1914.

This Challenge Shield, which was held during 1914 by the Fairview Troop, Vancouver, has been won by the Victoria III, who will hold it during the year 1915. The Order of Merit, with the points gained of the 21 leading troops, is appended. The maximum of points possible was 60. Victoria 111 came first with 41; followed by Port Hammond with 35; closely followed by Chesterfield (North Vancouver with 35.

The majority of the totals are far too low; the maximum is within the reach of every troop. It is impossible for us to go into details here, but we will gladly, on request, point out to individual troops the reasons why they failed to gain more points, in the hope that they will gain higher positions another year.

1.	Victoria III	41
2.	Port Hammond	36
3.	Chesterfield (N. Van.)	35
4.	Victoria VII; Victoria V.	28
5.	Mission City	25
6.	Sidney	23
7.	Balfour and Proctor; Kelowna	20
8.	Connaught (Van.)	17
9.	Port Moody	15
10.	Fairview (Van)	13
11.	Victoria XIV.	12
12.	Grandview	11
13.	Seymour	10
14.	New Westminster; Victoria X. Powell River	5
15.	Merritt; Golden	3
16.	1st Sec. Scouts	1

The 21 leading troops.

Hon. T. R. Heneage,
Victoria, B.C.:

I desire to extend hearty New Year's greetings from the Canadian General Council of the Boy Scouts Association to the officers and members of the Provincial Council of British Columbia and to all others in British Columbia who are giving time and money and attention to this splendid work. The Boy Scout movement has more than justified its founder's hopes concerning it by the results already attained, and we look for a large increase in its membership throughout Canada next year. ARTHUR,
Chief Scout.

H.R.H. The Duke of Connaught, K.G., Ottawa.:

The officers and members of the British Columbia Boy Scout Association most warmly appreciate the gracious and most welcome New Year's greetings extended to them by Your Royal Highness and Canadian General Council, and desire to send their own most respectful and loyal greetings to Your Royal Highness, together with an expression of their earnest wish to do every thing in their power to further the work of your council, and bring about an increase in membership and efficiency during the year now begun.

T. R. HENEAGE,
Hon. Secretary.

Mr. Eric P. Hernberg is now prepared to give lessons in French. Anyone desiring to learn the French language should communicate with Mr. Eric P. Hernberg, P.O. Box 426, Cumberland, B.C.

BOARD OF TRADE TAKES ACTION

TheCumberland Board of Trade realizing the condition of affairs in this city through the lack of a market for our local collieries, and knowing that the markets for coal in this province has been usurped by Washington coal, to the disadvantage and distress of the coal miners on this island, have written to the boards of trade in the large centres, voicing their sentiments in no uncertain manner. The Vancouver Sun thus comments upon the letter addressed to the Vancouver Board of Trade:—

That the importation of Washington coal into British Columbia and its use in preference to coal mined in this province, is working a hardship on the people of the coal-mining town of Cumberland and other camps on Vancouver Island, is the burden of a complaint which has been received from the Cumberland board of trade by Secretary Blair of the Vancouver board of trade. The influence of the local body of business men is asked for the miners and their families, of Cumberland.

Cumberland coal, it is stated, is of better grade than Washington. There seems to be no reason why it should not be used, and the Washington coal ejected from the market, the communication continues. The assertion is made that Washington coal is used at the Vancouver general hospital, and also in the heating of the provincial buildings, though, it is said, this is probably unwittingly for the Cumberland people are reluctant to believe that the use of Washington coal has intentionally become so general.

The condition of the miners of Cumberland is said to be very poor. During all of December the mines worked but five days. Previous to December they were working and the men got in only half time. This month's work numbers but two days. The population of Cumberland depends altogether upon the coal mines for existence, and with the mines all but shut down for want of a market for their product, the miners and their families are having a difficult time meeting their bills, and the business houses, likewise, are facing their own particular difficulties.

If merely the war were responsible for such a condition of affairs, the communication says, there would be no complaint, for it was expected, and naturally so, that there would be a falling off in shipping on account of the war, but when things seemed to be at their worst the local coal mines are suddenly forced almost altogether out of the home market by coal from an alien country.

The council of the board of trade will take the matter up at their next meeting.

SATURDAY, JANUARY 23rd, 1915.

THE HON. ROBERT ROGERS, Minister of Public Works, in an inspiring address to several hundred representative business men at the Adanac Club, in Winnipeg, a few days ago, says:—

"This is Canada's war, and we are in it to the finish with every man and every dollar of our resources, if necessary. Notwithstanding the appalling conditions which we had to meet some few months ago, conditions which had shaken and disturbed the very foundations of the system of government of so many of the great nations of Europe, we in Canada can look with pardonable pride on the fact that we have not only been able to carry out that proud and extensive programme of general national development, but we have also been able to assume our full share of responsibility in the great emergency which we had to meet five months ago. An emergency such as no government in Canada had ever before been called upon to meet. In that solemn moment we recognized that assistance promptly given was doubly valuable. We acted not only quickly, but we gave generously, believing as we did, and knowing as we do, that in so doing we had the support and sympathy and the approval of the Canadian people everywhere. There was only one place for the Canadian people in that great crisis, and we selected that place in that wider field of operations where the destinies of our country and of its future are to be decided. We selected that place with all the power and with every faculty at our command, to assist in the protection and in the maintenance of our greatest possession, that of our British citizenship. Not only that, but also our membership in the great British Empire. We are endeavoring as best we can to keep these two great possessions unimpaired, not alone for ourselves, but for those who are to come after us, and for the world, because we know no greater loss could come to civilization than the crippling of the great British Empire, which is the great world force in the protection of our liberty and our freedom both upon land and upon sea. We are in this struggle with all our power, with all our energy and with everything we possess. We propose to see it through in a manner that will reflect credit upon the Canadian people.

"If there is one part of our position that should inspire us with greater confidence than another, it is that we are safe in the carrying out of this great work of development because we have the ever-abiding protection of the great power and ability of the British Empire and of its naval forces to see that our pathway across the sea to every desirable market in the world is at all times kept open for our advantage and to our benefit."

SINCE THE WAR started it is estimated that orders for war material and equipment to the value of some sixty million dollars have been placed in Canada by the Canadian, British, French, and Russian governments. Contracts for outfitting Canada's troops have totalled $20,000,000. Contracts for saddles, leather goods, uniforms and heavy winter garments of all kinds from the British Government and Allies total another twenty millions, and orders for shrapnel shell placed in Canada run from twenty to twenty-three millions.

SUCCESSFUL PRINTERS

THE successful men are those who have worked while their neighbours' minds were vacant, or occupied with passing trivialities; who have been acting while others have been wrestling with indecision. They are the men who have tried to read all that has been written about their craft; who have learned from the masters and fellow craftsman of experience, and profited thereby; who have gone about with their eyes open noting good points of other men's work, and considered how they might do it better. Thus they have risen above mediocrity, and in striving towards perfection have educated themselves in the truest manner.

JAMES STEWART, Auditor.

CANADIAN RED CROSS SOCIETY

The Canadian Red Cross Society appeals to the people of Canada to give of their means at this time of grave national crisis. In the course of a few weeks 32,000 soldiers from this Dominion will have crossed the English Channel to take their places beside our gallant Allies in the trenches on the once fertile fields of Flanders. These soldiers will be called upon to undergo many hardships; they will have to face the elements, and many no doubt will fall on the field of honor. It is only right that those who are living in comfort far away from where these terrible scenes are being enacted should give out of the largeness of their hearts that as much of the suffering and discomfort as possible may be alleviated.

The people of Canada have given generously to the funds of the Red Cross Society but the society is still in need, not only of money, but of comforts and surgical appliances, and these will be sorely needed while the present terrible arbitrament of nations coninues. Not only is the society called upon to provide for the Canadian soldiers now on Salisbury Plain, but the troops now on duty in this country have to be looked after as well as our Allies and soldiers at the front.

Wars and battles are not fought as they were in the days of Napoleon when great conflicts were decided in a few hours, and the battle line only extended a few miles. Today armies are counted by the millions and battles wage for weeks and sometimes months, while 100 miles is not considered a long battlefront. Soldiers are called upon today to undergo the dreadful hardships and it would almost appear that humanity had been eliminated from modern warfare by the enemy.

For the past four weeks the French, British and Servian soldiers, to say nothing of the remnant of the gallant Belgian army, have been fighting under the most appalling conditions such as have never before been experienced in the wars of history. For days and nights they have been compelled to remain in trenches half full of water; with the winds of heaven continually beating upon them. Yet they have not complained. Are they downhearted? No. They are bearing all this misery and suffering that the arms of Britain, France and Belgium may be crowned with victory and that the homes of England and France may remain inviolate. How can we show our gratitude to these brave men?

While the people of Canada are subscribing generously to the Red Cross Society, our sympathetic neighbors in the United States are not forgetting our gallant soldiers, nor our Allies who are fighting side by side on the European battlefield. Among the contributions received recently at the headquarters of the Society was a large consignment of socks, comforters, wristlets, helmets, etc., all of which were contributed by the nurses of John Hopkins Hospital, Baltimore, Md. Another large consignment was also received from Riverside, Cal.

The Canadian Red Crosss appeals for money, for comforters, socks, mufflers, caps, helmets, ambulance appliances, etc., etc., all of which may be sent to the Canadian Red Cross Society, 77 King Street East, Toronto.

MAYOR BICKLE INTERVIEWS PREMIER.

The Ladysmith Chronicle under date of January 19th, says:

"Mayor Bickle left for Victoria this morning, and will meet the Premier and other member of the Government this afternoon, when arrangements for getting work for the unemployed of Ladysmith will be finally settled. It is now only a matter of determining the work to be done, and that the money to carry on that work and give a certain amount of employment to the men in the city who are unemployed, is forthcoming. The Government is disposed to act generously in the matter, as they have always done in the past, in dealing with Ladysmith, and no doubt all citizens will appreciate the liberality that will give the city an opportunity to engage in street improvements on an extensive scale at the lowest possible rate of interest. In this connection Mayor Bickle is entitled to credit for acting without delay in making the necessary arrangements to provide employment for the men out of work, and at the same time securing for Ladysmith much need street improvements at the lowest possible expenditure.

Five (5) years will be allowed for the removal of the timber.

Further particulars of the Chief Forester, Victoria. B.C. dc12-8

Synopsis of Coal Mining Regulations

COAL mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or sub Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns shall be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B— Unauthorized publication of this advertisement will not be paid for.

NOTICE.

In the matter of the Official Administrator's Act and Amending Acts, and
In the matter of Richard T. Blairmore, intestate,

Take notice that by order of His Honor Judge Barker of the County Court of Nanaimo made on the 9th day of December, 1914, at Cumberland Registry, I, the undersigned was appointed administrator of all and singular the estate of the above named deceased. All claims against the said estate must be properly verified and presented to the undersigned within 60 days from the date hereof.

And all parties indebted to the said estate are required to pay the amount of their indebtedness to me forthwith.

WM. WESLEY WILLARD,
Official Administrator.
