THE CUMBERLAND ISLANDER

With which is consolidated the Cumberland News.

FORTY-FIRST YEAR—No. 35. CUMBERLAND, BRITISH COLUMBIA, SATURDAY, SEPTEMBER 2, 1922 SUBSCRIPTION PRICE: TWO DOLLARS PER ANNUM.

Proceedings Of City Council

The City Council held their regular session on Monday evening of last week. In the absence of His Worship D. R. Macdonald, on motion, Alderman Chas. J. Parnham occupied the chair, with Aldermen Beveridge, Thomson, Bannerman, Maxwell and Pickard present.

The minutes of the regular and special meetings were adopted as read.

A communication from the Secretary of the Board of School Trustees read as follows:

"I am instructed by the Board of School Trustees to make a request for an additional grant of Five Hundred Dollars for school purposes. The extremely cold weather of last winter used up our estimate for fuel, and we will require another car of coal for the Fall. This, with the hauling will cost about two hundred dollars, and we cannot get along without fuel.

"We are short of seats, and require an additional twenty seats. These will cost about twelve dollars each, which with freight, will run about two hundred and fifty dollars; and we have decided to purchase a further addition to the school grounds at a cost of fifty dollars."

This unexpected request caused some considerable discussion.

Ald. Maxwell asked what portion of the poll tax did the school receive.

Secretary MacKinnon, of the School Board, explained the portion received from the poll tax and liquor profits.

Ald. Bannerman dealt with taxes of other cities and said land in Cumberland was assessed double its value. Acting Mayor Parnham said we are drifting away from the subject, and produced the report of the Inspector of Municipalities, showing tax levy for 1922. Secretary MacKinnon in support of his communication said that the seats at the Public School were insufficient.

Ald. Pickard requested information concerning the heating plant for the Public School and what portion of the cost the city was called upon to pay. He was informed that the city's payment would not exceed one thousand dollars.

On motion, which was carried, the Public Schools were granted an additional sum of $500 over and beyond their original estimates. Secretary MacKinnon thanked the Council for their kind consideration.

Then followed a letter from the Department of Labor, addressed to the City Clerk, by direction of the Hon. Mr. Manson, Minister of Labor:

"I am requested to inform you that a conference between Municipal representatives and members of the Government to consider the question of unemployment as it is likely to present itself during next winter, will be held at the Parliament Buildings, Victoria, on Thursday next, Aug. 24th, at 10 a.m. It is the minister's desire that every municipality likely to be affected by unemployment, will be represented at this meeting.

"A conference on this question is to be held at Ottawa on Sept. 25th, between representatives of Provincial Governments and the Federal Government, to determine what assistance is necessary and the form in which it should be given, in the event of abnormal unemployment conditions.

"It is therefore especially desirable that the minister should have a statement from you as to how unemployment has been dealt with by your municipality in past years, and how it is likely to affect you next winter.

"Hoping for your co-operation in the matter, and that your municipality will be represented,

Yours respectfully,
J. D. McNeven,
Deputy Minister of Labor.

This communication evidently did not effect the Aldermen, as they ordered it to be received and filed.

The Treasury Department of Victoria answered the question of the City Council with reference to the distribution of liquor profits as follows:

"Reply to yours of the 8th inst., I beg to advise you that the amount which was distributed amongst the municipalities of the province for the nine months ending March 31st, last, was $800,000.00, with a total population of 396,541 people. The per capita was not quite $2.0175 per head. The amount paid to the City of Cumberland was $2,104.19, a payment on account for $795.89 being forwarded in December last; the balance of $1,308.30 being forwarded to you last month.

"I have the honor to be, Sir,
"Your obedient servant,
"W. W. McAdam,
"Deputy Minister of Finance."

This was ordered received and filed without any comment.

The Public Works Department acknowledged the receipt of a certified "Copy of Classification of Highways By-law," and that the Order-in-Council would be put through in the near future and gazetted.

The secretary of the General Hospital, in a communication, said he was directed by the Board of Directors of the Cumberland General Hospital to request that in accordance with the provisions of the Government Liquor Act, the proportion of the liquor profits allotted by the Act to be paid over for hospital purposes, viz.: Fifty per cent of the amount given to the municipality, amounting to $1,398.30, be placed to the credit of the Cumberland General Hospital.

Ald. Pickard brought up the question of the Isolation Hospital, stating there was no electric light in the building; the only method of lighting was by coal oil lamps. Some repairs had been made, others were needed, as the hospital was in a dilapidated condition.

On motion, it was decided to defray the expenses of the Isolation Hospital and hand the balance over to the Board of Directors of the Cumberland General Hospital.

Accounts were referred to the Finance Committee for payment:

J. J. Potter	$ 58.50
Charles Tobacco	4.30
H. Strachan	55.90
R. Coe	80.00
Stamps	7.95
Electric light	25.76
Water-works	4.20
J. Damonte	7.00
Dept. of Printing	26.45
W. Little	4.00
Evans, Coleman & Evans	10.00
Cumberland Gen. Hospital	944.69
T. Moritz	9.15

Ald. Thomson, Chairman of the Board of Works, reported Penrith avenue almost complete, and City men were now working on Fifth Street, completing a road to Allen Avenue.

The purchase of new harness for the City team, was left in the hands of the Board of Works.

Ald. Bannerman, chairman of the Fire Wardens, dealt with the Derwent Avenue hydrant, the bell tower, and needed repairs to the fire hall. He advocated that the building be torn down and rebuilt.

Ald. Thomson thought that the remarks of the previous speaker were very appropriate, but did not go far enough; he should have included new Council Chamber, police office and court house.

Ald. Maxwell said he did not see the use of spending $800 or $1,000 on repairing old buildings that were almost beyond repair.

It was suggested to submit the question of new buildings to the ratepayers at the end of the year.

"B" TEAM WINS IN PRACTICE GAME

Small Crowd Attends Season's First Soccer Game.

On Saturday last the senior footballers came together in a practice game. "B" team proved its superiority, before a small attendance, winning 2 goals to 1. The game terminated after 20 minutes of the second half had gone, when someone put their foot in it. That is the only football handy for the game.

The teams were gathered from the junior to the senior men, and as a practice game it served to break the players in for the first League game against Ladysmith.

TENNIS TOURNAMENT.

In the semi-final of the Mixed Doubles in the tournament promoted by the Cumberland Tennis Club, Mr. Bryan and Miss Campbell beat Mr. Christie and Mrs. Walton, the score being 3-6, 6-2, 6-2.

In the final of the Ladies' Singles, Miss O. Bickle had no difficulty in winning over Mrs. Christie, the scores being 6-2, 6-0.

There are one or two games still to be played, and the promoters fully expect the tournament to be completed this week-end.

WHIST DRIVE AND DANCE

The W. B. A. are holding a whist drive and dance in the G. W. V. A. Hall on Monday, September 11th. Admission: Gents, 50c.; Ladies, 25c. Whist drive starts at 8 p.m.

Seventeen Dead As Result Of Explosion At No. 4 Mine

Three White Men, Eight Chinese and Six Japanese, Dead as Result of Accident of Wednesday Last. Fourteen Were Injured. Hospital Staff Worked Heroically.

An unfortunate accident occurred in twenty East level, No. 2 slope, of the No. 4 Comox mine, of the Canadian Collieries (Dunsmuir) Limited, on Wednesday afternoon, by a slight explosion of gas. A telephone message was received at the surface of No. 4, at about a quarter to two, stating there was something the matter with Twenty East. The facts were communicated to the main office of the Canadian Collieries in the city. Thomas Graham, general superintendent, who happened to be inspecting the flume line at Bevan at the time of the accident, was notified, and hurried to the scene of the disaster. Dr. J. H. Carson, acting in the stead of Dr. G. K. MacNaughton, received a hurry-up message, and notified Dr. E. R. Hicks, who was on his usual medical visit at Union Bay, called upon Miss Nora Balatti, of the Cumberland General Hospital. They hurried out to No. Four, and in a few minutes men equipped with mine rescue apparatus, first aid men, Dr. Carson, Nurse Balatti, and officials of the company, were on their way down the slope to Twenty East level. Upon the arrival, which is probably a mile and-a-half underground, they found that a slight explosion had taken place in the "long wall" of Twenty East level, which is only a small section of the extensive workings of the No. 4 mine. The trouble was local, and did not affect any other portion of the mine. The explosion had spent itself, and mine rescue men were able to commence operations without the use of their equipment or apparatus. Several came out of the level unhurt, others slightly injured, and able to walk; while others who were less fortunate, were attended by Dr. J. H. Carson, Dr. E. R. Hicks, Nurse Balatti, and several of the first aid men of Cumberland. Their injuries received every attention in the level of the accident. They were then taken up the slope to the surface, received by another team of first aid men and rushed off to the Cumberland General Hospital.

Upon examination of the level it was found that the explosion had caused the roof to cave in some places, and the work of extricating the dead was commenced. Those who were killed, either by falling timber, rock or coal, are:

R. K. Dunsire, of Bevan, leaves a widow and four children.

John Gibson, of Cumberland, leaves a widow and six children.

John Johnston, single, of Cumberland.

Chinese—Mah Wing.
" Long Chun.
" Leung Hor.
" Wee Noon.
" Leung Man.
" Wong Yim.

Japanese—S. Shigami.
" C. Sayano.
" H. Kajuyama.

Died in the hospital on Wednesday evening:

Japanese—R. Yoshida.
" M. Watanabe.
" G. Suyama.

Died in the hospital on Thursday evening:

Chinese—Yee Toy.
" Chin Nan.

The injured, who it is expected will recover:

Edward McAdam.
J. R. Grey.
Jonathan Taylor.
James Irving.
A. Kelly.
Leung Shew.
Loo Foon.
Wong Sue.
Wong Chee.
R. Moarakami.
T. Tokayami.
Y. Nomato.
N. Tanaka.
S. Masu.

The accident of Wednesday has caused a gloom to hang over Cumberland and vicinity. It is the worst for over twenty years. Even then, we must be thankful, when we take into consideration the catastrophies that have taken place in other sections of the country. Every possible aid that human hand could render was administered by the doctors, nurses, first aid and mine rescue teams, and the officials of the company in every capacity.

The efforts of Miss Nora Balatti, nurse of the local hospital, Dr. J. H. Carson and Dr. E. R. Hicks, who descended the mine and proceeded to the level of the disaster in an attempt to alleviate the pains of the sufferers before taking the journey to the hospital, are very commendable. It took a great deal of hard work on the part of the management, officials and mine rescue workers, and which must have been carried out very efficiently. The disaster happened at two o'clock, and by seven o'clock the injured were all in the hospital, and the dead had received a place in the undertaking parlors.

T. R. Jackson, inspector of mines, was present, being on his usual tour of inspection.

Charles Graham, district superintendent, was at Vancouver, attending the Hospital Convention, and upon hearing the news of the accident, left Vancouver by hydroplane, accompanied by Matron Brown, of the local hospital, and Thomas Mordy, arriving at Union Bay at seven o'clock. Taking only sixty minutes to travel the distance from Vancouver.

Supt. Hunt and the officials of the Western Fuel Co., of Nanaimo, arrived during the evening to render such assistance as might be found necessary.

The mine rescue team also came from Ladysmith to render assistance. Upon their arrival it was found that No. 4 mine was in running order with the exception of the caves in Twenty East level.

On Thursday morning at 11.30, John Baird, coroner, impanelled a jury as follows: William Merrifield, J. H. Halliday, W. T. Wain, Charles Macdonald, Jas. Brown and Jos. Aspesi. After the jury were sworn in and viewed the remains at the local undertaking parlors, they adjourned until Friday, Sept. 8th.

Assistance Offered.

Ladysmith, B. C., Aug. 31, 1922.
Mayor Macdonald, Cumberland:

On behalf of the citizens of Ladysmith, kindly convey our sincerest sympathy to the bereaved and to all who have suffered as a result of the shocking disaster. If we can render any assistance, please advise.

W. W. Walkem, Mayor.

At the request of Mayor Macdonald, City Clerk Mordy, answered the telegram, thanking the citizens of Ladysmith for their kind consideration, also giving particulars of the accident.

The funeral of six Japanese will take place to-day (Friday). Five Chinese on Saturday morning.

The funerals of the deceased, R. K. Dunsire, John Gibson and John Johnston, will take place on Saturday afternoon separately, and the remaining Chinese on Sunday.

CUMBERLAND PARTY ASCENDS GLACIER

Leaving Cumberland on Aug. 16th, a party of local residents, consisting of Rev. G. B. Kenny, the conqueror of Mt. Robson, Messrs. J. Tremlett, H. Banks and Arthur McNiven, started in from the shores of Comox Lake to scale the snow-clad heights of the great glacier. Each member of the party carried a pack of approximately 60 lbs. In places the party found it extremely hard going, but eventually made the summit on Friday, after many adventures and close calls. The party report having found many lakes beautifully tinted and colored by the action of the glacier and snow slides. Game abounds in this territory in large numbers. They report bears, wolves, cougars and birds of all kinds. In all their travels over the range of mountain peaks they did not find evidence of any one ever having been over the ground before. After leaving a record of their conquest at the top of the glacier, they made tracks for home, coming via Buttles Lake, arriving in Cumberland on Saturday last after a most exciting and enjoyable outing.

Notice To Employees

Owing to heavy demand for coal, it is absolutely necessary that the mines commence operating Monday in order to supply coal for immediate use.

The C. P. R. which is our biggest customer, must have coal at once; if we cannot supply it, they will be compelled to place orders elsewhere or convert to oil. We earnestly request your co-operation to save this business and would ask all employees to report for work on Monday morning.

Canadian Collieries (Dunsmuir), Ltd.

COURTENAY MILKMEN TRIM CUMBERLAND

Boyd Pitches Well, But Given Ragged Support.

The Courtenay ball-tossers turned the tables on the Cumberland squad last Sunday, winning their game 9-2. Larson on the mound for Courtenay, pitched his usual consistent game, with great support; while the Cumberland flinger pitched as good ball if he had been given the support.

As the game was of only an exhibition nature, a poor crowd was on hand. The Cumberland boys had not their regular line-up on the diamond.

Away in a Balloon.

The home team played consistent ball all through the game. The visitors, on the other hand, kept the pace up nicely till the seventh, when the infield seemed to go away up in the air. Errors here, there and everywhere, helped the —— rampage, and by the time the smoke had cleared, the haymakers had breezed across the pan seven times.

Boyd appeared disgusted with the run of things, and quit. King came to the rescue on the mound, Conti filled the gap at short stop, and Matt Stewart completed the outer garden at centre. It was too late.

DEATH OF MRS. DEVLIN.

Mrs. Martha Devlin, wife of Provincial Mine Inspector Harry Devlin, died very suddenly last Friday. Returning to her home at Nicol and Needham Sts., after visiting friends, she collapsed, and expired as she was taken to her home and medical aid was being summoned. Dr. Lane arrived, but found his patient beyond human skill.

The funeral took place on Sunday afternoon last at the Nanaimo cemetery. The large attendance of mourners and sorrowing friends and the unusually large number of floral tributes in evidence attesting in a quiet but most eloquent manner the respect and esteem in which the deceased was held by a large section of the community.

The funeral took place from the family residence, Nicol Street; Rev. Mr. Ridland conducting services at the home and graveside, and was under the auspices of Silver Leaf Temple No. 1 Pythian Sisters, and Miriam Rebekah Lodge I. O. O. F., the former order conducting services at the graveside. The bereaved husband is exceptionally wellknown in mining circles; the mining fraternity being represented by the Hon. Wm. Sloan, Minister of Mines; Chief Inspector of Mines, J. McGregor; Mine Inspector T. R. Jackson; Mr. Thomas Graham, general superintendent of the Cumberland mines; Mr. Thomas Spruston, superintendent of the Extension mines, and others. Every section of the community was well represented. The pallbearers being: Messrs. John Patterson, W. Brough, H. Taylor, W. A. Roper, R. Horman and Ald. T. Smith.

Mr. James M. Savage, general manager of the Canadian Collieries (D) Ltd., arrived in town on Thursday.

Notice To The Public

Labor Day Sports Postponed owing to shortage of coal and the desire of the Canadian Collieries (Dunsmuir) Ltd. to work their mines on Monday, Labor Day, Sept. 4th. The Sports Committee is co-operating with the management of the above Company in postponing the Labor Day Sports to enable the mines to work on that day to meet with the demand for coal.

The Sports will be held at a later date, and the management of the Company have agreed to give a holiday for that purpose, which will be announced in due time.

Wm. Whyte, President. Nat Bevis, Secretary.

CUMBERLAND AMATEUR ORCHESTRAL SOCIETY.

The C. A. O. S. are assiduously rehearsing for their first Sacred Concert, which is arranged to be held at the Ilo-Ilo Theatre on Sunday, Sept. 17th, at 8.15 p.m.

We have been favored with a glance at the programme, which includes such items as: "The Angels Serenade" (Braga); "Traumerei" (Schumann); "The Palms" (Faure); "Intermezzo" (Mascagni); "Reverie" (Roberts); "Aida" march (Verdi); "War March of the Priests" (Mendelssohn), etc. Three community hymns will be sung, with orchestral accompaniment, viz.: "Lead Kindly Light," "Sun of My Soul," and "Abide With Me."

No charge will be made for admission, but a collection will be taken at the entrance to defray expenses. Programmes on which the hymns are printed, will be supplied free. Young people who are not accompanied by parents or friends will be admitted to the gallery, should there be room; but any misbehaviour on their part will result in their exclusion from future concerts.

The secretary, Miss Gladys Dando, or the conductor, Mr. A. J. Merry, will be pleased to hear at the earliest possible moment from any other ladies or gentlemen who will contribute suitable vocal solos, or a quartette, to the programme. It is hoped the citizens will support the efforts of the orchestra to provide refined and elevating music on Sunday and weekday evenings during the coming season, as no effort will be spared by the members to make the orchestra a valuable asset to the city. The personnel of the orchestra is as follows:

First violins—Dr. R. P. Christie, Mrs. C. Dando, Mr. Thompson, Miss M. Michell, Mr. C. Graham.
Second violins—Miss Gladys Dando, Miss M. Oliver, Mr. G. Michell, Mr. J. Robinson, Mr. H. Jones.
Trumpet—Mr. H. Murdock.
Cornets—Mr. Saunders, Mr. F. Potter.
Clarinets—Mr. Potter, Mr. Forrester.
French horn—Mr. M. Bollatino.
Violoncello—Mr. Owen, Mrs. C. J. Fernance, Mr. S. Jones.
Flute—Mr. A. E. Jeffrey.
Bass—Mr. Young.
Trombone—Mr. P. Monte.
Piano—Mrs. F. Oliver.
Conductor—Mr. A. J. Merry.

Mr. Thos. Graham, general superintendent of the Canadian Collieries (Dunsmuir) Ltd., has been elected as honorary president.

CLAM-DIGGERS TURN THE TRICK 14-0 !

Shut Out the Invincible Japs by Great Score.

It is not very often the Japanese take a nap in the Intermediate League, but they sure do take a long nap when they do go to sleep, and it's not very often the Bay gets real mad and start to hit, but—when they do, look out! The Union Bay boys made a clean-up on the Japs last Sunday, and when the smoke had cleared it was a shut-out for the Bay. 14-0 was the score.

It was purely a case of support. Dangerfield on the mound for the Bay was given real air-tight support, while the Japanese chuckers were given about as much support as a bootlegger would get at a temperance meeting. The three Jap twirlers fanned 14 men, and Dangerfield made 12 of them drop the stick.

Sunday's win for the Bay gives the Cumberland crew a chance yet in the

Baseball Tennis | SPORTING NEWS | Football Etc.

nal rush for the silverware, provided they win their remaining game.

The score, by innings:

	1	2	3	4	5	6	7	8	9
Japanese	0	0	0	0	0	0	0	0	0
U. Bay	3	3	0	0	0	1	0	7	0

A free-for-all fight started at the conclusion of the recent Miske-Fulton scrap held in St. Paul. Mike Collins, former manger for Fulton, made a remark that prompted Fulton's brother and second, Whittly Fulton, to rush at Collins. Collins is now manager for Mike Gibbons, who was at the ringside, and as soon as the row started, Gibbons got mixed up with seconds, Referee Baxter, fans and the police. In the melee, someone hit Gibbons, and ever since 'the Phantom' has been trying to learn his identity.

Calgary Hillhursts Soccer Champions

The following report of the game between Calgary Hillhursts and Ulster United, in which Tommy Gough, late of Cumberland, played such a prominent part, will be of interest to some of our readers. It was written by Billy Fenton, the well-known Toronto sports writer:

Over five thousand fans witnessed last night's great struggle, and throughout were as generous in their plaudits to the visitors as they were to the local players. From first to last the game provided one long series of thrills. Play moved in cycles. For the first fifteen minutes Calgary seemed hopelessly outclassed. The Irishmen moved with confidence and did everything but score, and the question uppermost concerned how many goals they would tally. Then a change came over the scene with a vengance. The Calgary right broke away and Johnson hard pressed back to Stansfield. The goalkeeper picked up, but while attempting to swerve round Gough and Deluce, he dropped the ball, which Gough quickly tipped into the net. This unexpected Ulster reverse had the effect of infusing more life into the struggle and Wilson had to hold a vicious drive. McAvoy, when fairly well placed, tried hard to net Lavery's pass, but just failed, and next minute Stansfield was again called upon. In his usual form the Ulster custodian would have turned Gough's shot for the bottom corner of the net round the post, but last night he fumbled and was beaten. Stansfield ought to have prevented both scores.

Calgary on Top.

Then for the first time since the kick-off, the Calgary players revealed themselves as worthy contenders for the Dominion championship. For the next ten minutes they did practically what they jolly well pleased. The Ulster forwards persisted in trying the neat passing game when "swinging" might have paid them better, they were robbed of the ball. Towards the close of the first period the Irishmen took a better hold of the game and until the change-over gave a Roland for an Oliver. Martin resumed his position at left half after the interval, and the Ulster team showed up to better advantage, though still below par. Lavery, who did everything that a player could to retrieve the fortunes of the Red-handers, headed over, McAvoy skimmed the outside of the post and Stepwith the result that all too frequently with his usual accuracy. It was the hens cleared brilliantly when King seemed destined to score. Dierden next had a great try and by way of a change Gough essayed a magnificent effort that missed by inches.

Lavery Well Shadowed.

Frequently Bobby Lavery broke through, but was so well shadowed he could not steady himself to shoot same with Dierden, King and Sim. Meanwhile the Calgary boys had a big say in the exchanges, though they were not so much in the picture as before, but it was not until ten minutes from time that Lavery got clear away, passed to Sim who worked his way in until he found an opening, and crossed to McAvoy, who scored. The pace became even more fast after this. Lavery made a plucky effort to equalize and Cartwright, Wright and Wakelyn each had good but unsuccessful tries to increase the Calgary lead. In the closing minutes, Dierdon followed up a foul kick taken by himself and returned and missed the goal by the narrowest margin. In the last minute of play Wilson fisted out.

JUNIORS ARE OFF —START SEPT. 9th

The Cumberland Juniors Oppose Bevan in Opening Game Here.

The Junior Football League held its organization meeting for the year. The season promises to be a banner one amongst the juniors this year, according to the reports from the various clubs. The officers elected for this season are as follows: Honorary President, Thos. Graham; Honorary Vice-Presidents, Chas. Graham, Alexander Auchinvaule, J. G. Quinn; President, A. H. Kay; Vice-President, Colin Campbell, and Sec.-Treasurer, W. Weir.

The drawing for the final games was made, with the result that the High School meets Union Bay on the former's grounds, and Cumberland meets Bevan, which is also a home game for the Cumberland team. The remainder of the schedule can be found in another column with the dates appended, which was entrusted to Secretary Weir to complete.

Three Days' Notice.

Last year some of the teams were not given quite enough warning as to where the games were to be played, and this year the secretary assures the various clubs that they will have three days' notice of all games whenever it is at all possible.

The meeting did not decide which cup would go up first for competition, and as there are several, the matter was left over till a later meeting. It was also decided to postpone the Juvenille League schedule till a later date.

The Club Secretaries.

The secretaries of the various clubs, which may be of some convenience to those interested, are as follows: Union Bay, R. Campbell, Box 51, Union Bay; Bevan, James Weir, Bevan P. O.; Cumberland Juniors, Nat. Bevis, Box 547, Cumberland; and High School, J. Stevenson, Cumberland.

Pithy Pars

If the Courtenay management would lay a white foul line down there, it would help aplenty. Next season they might do it.

The Cumberland Intermediates have only to lose but one of their two remaining games to lose the Intermediate League.

Little interest was taken in last Sunday's ball game at Courtenay. Even Mr. Haggertry, down there, did not have much to say.

They're starting off strong when they bust a football per game! The management hopes this doesn't last throughout the season.

The rumor was heard the other day that there may be some inter-court games this summer. It would, no doubt, prove interesting.

Bevan is the jinx of the league. They have taken a fall out of the Japs and also beat the Union Bay boys a couple of times.

The E. G. Prior Cup is certainly a presentable-looking trophy, and there will no doubt be lots of keen competition for this fine silverware.

Cumberland tennis fans are witnessing some great games on the board court this year, and it looks as if the finalists are each going to have hard going.

E. G. PRIOR CUP FOR COMPETITION

For Competition Amongst the Intermediate Baseballers of District.

On Sunday last a meeting of the Comox District Intermediate League was held for the purpose of arranging for the disposal of a new cup presented for the Intermediate ball-tossers of the district. The cup has been presented originally by the sporting goods firm, Ditts & Wright, to Mr. E. G. Prior, of Victoria, who has turned it over to this district for Intermediate baseballers. Mr. Thos. Graham, general superintendent of the Canadian Collieries (Dunsmuir) Ltd., being nominated as trustee for the cup, which will be known as the E. G. Prior Cup. Mr. Graham has stated the conditions under which the cup must be played under, which are as follows:

1st.—The cup shall be known as the E. G. Prior Cup.

2nd.—It shall be open for annual competition.

3rd.—Any Intermediate Amateur Baseball Club in Comox District shall be eligible to enter the competition. (i.e.): Cumberland, Bevan, Union Bay, Courtenay and Comox.

4th.—The cup shall be turned over to the trustee on or before the 1st day of August in each year, by the team who held it in the previous year.

It was stated in Mr. Graham's communication that the cup should be turned over to the winners of the Intermediate League this year. As the Japanese Association of Canada volunteered a cup at the outset of the season for the league, it was decided, with the consent of the trustee, that the cup could be played for this year under a straight knock-out system. The competition is open to any Intermediate team in the district who wish to enter. It was decided that the final game will be played in Cumberland. The Japanese travel to Bevan in the first round, and the Cumberland team plays Union Bay on the latter's diamond.

Any Intermediate team in Courtenay, Comox, Union Bay or Cumberland, is eligible to enter. Applications should be sent to the president of the league, Mr. Jas. L. Brown, or the secretary-treasurer, Mr. Alex. S. Denholme, Royston P. O.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.

(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Church Notices

HOLY TRINITY.
Rev. W. Leversedge, Vicar.
SERVICES.
Holy Communion:
Second and Fifth Sundays .....11 a.m.
Fourth Sunday .....8.30 a.m

Commencing Sept. 10th, the Sunday School classes will be resumed in Holy Trinity S. S. Hall.

One of the announcements made by Rev. W. Leversedge last Sunday evening, concerned the change of hour for Sunday evening service, which in future will be 7 p.m.

At last Sunday evening's service in Holy Trinity Church, Rev. W. Leversedge announced that the Church committee had decided a thorough canvass of the parish would be made with the view of making Holy Trinity Church self-supporting. The canvass will be started on Sept. 24th.

GRACE METHODIST CHURCH.
Rev. Geo. R. B. Kinney, Minister.
SERVICES.

Commencing Sept. 3rd, Services at Grace Methodist Church will be as follows:
Junior Congregation .....11 a.m.
Sunday School .....2.30 p.m.
Evening Service .....7 p.m.

All Church activities will be resumed in St. George's Presbyterian Church on Sunday, Sept. 3rd. Morning service at 11 a.m. Evening service at 7 o'clock. The Adult Bible Class at 1.30 p.m., and the Sunday School at 2.30 p.m. Will all those who are interested in the work of the church, make this a great rally day.

IN REMEMBRANCE.

It was not on Flanders crowded field,
they laid him
By his fallen comrades side.
Between his grave, and those that fell
beside him,
The sea lies deep and wide.

But distance counts not, in that glad
Elysium
Where old time comrades meet
again
To learn in truth, with newly granted
vision,
They have not died in vain.

To learn that children yet unborn,
shall bless them,
Reaping with joy where agony has
sown,
That freedom's shrine is slowly, surely, building,
And they have laid the stone.

Now he rejoices, in the fields Elysian,
The night has passed, the glorious
dawn has spread,
While we with aching hearts, and
earthbound vision,
See but the heroic dead.
—Author Unknown.

Magistrate: "So, Miss Wilkins, you met the butler on the evening in question and told him what you had seen. Did he corroborate you?"

Miss Wilkins: "Sir! you make me blush; Mr. Weaver is a married man."

Wives: Never nag your husband. A hubby is like an egg—if kept continually in hot water he's liable to become hard-boiled.

EDWARD W. BICKLE

SATURDAY, SEPT. 2nd, 1922.

THE REAL GENTLEMAN

A Cumberland lady was walking down Dunsmuir Avenue the other day and met a man. The man had both hands in his pockets; he spoke and smiled, but the hands remained in his pockets, and his hat remained on his head.

Is the conduct of the male person who fails to remove his hat when speaking to women and when riding in an elevator with them compatible with the appropriate behaviour of a real gentleman or is it an act of such discourtesy as stamps him a boor?

Of course, your answer is that the propriety or impropriety of the hat-lifting and non-hat-lifting depends upon circumstances. But, if this be true, is it not also true that the real gentleman is a real gentleman under all circumstances?

The self-respecting, well-bred man will instinctively bare his head when speaking to women on the street, and he will do so in the elevator in an apartment house or a hotel; in fact, he will not think it beneath his dignity to remove his hat in the elevator of an office building when there are women passengers, for the lifting of the hat should be the expression of man's self-respect and his esteem for pure womanhood, no matter what the circumstances.

BUSINESS FRIENDSHIPS

Hard-headed old codgers used to say: "Business is business," and boasted that when they walked into their offices or shops, all considerations of sentiment or friendship were left behind. In the days when we played poker, it was customary, as the boys pulled up their chairs and stacked their chips before them, to say: 'This is where friendship ceases.' But the times have changed, and even in a poker game to-day, a man can call the fellow who bluffed on a bob-tailed flush and remain his friend. Rotary clubs and the other kindred associations of men have changed the old idea that "business and friendship will not mix."

We have learned that there are great rewards that come from developing business friendships and particularly from forming trade associations with the business men of the home town.

A business man may feel that he saves a few cents by going to some distant city to place an order for some supply. Let him first look at what he has lost by giving his money to build up the town which perhaps he has never seen. If he ordered his supply at home, the bulk of his money would have remained at home, and would have helped to make other home industries prosperous.

Perhaps, still more important than that, is the fact that when he buys of a home dealer, he makes a business friendship that in most cases is very valuable. The man whom he has patronized will generally seek the first opportunity to return the favor. A genuine business ally made in this way is working for you in times when you know it not. People discuss the merits of this or that store far more than the merchant realizes. The merchant who buys at home whenever possible will find that he has friends at court in many widely separated circles, who want him to succeed because the home community profits by his success.

If you want favors from the local officials, if you want to stand well with the working classes, if you need accommodation in times of financial strain, you can't have too many friends at home who will say a good word for you. The supply firm a hundred miles away never returns you one thing except the smiles of its salesmen. Those do not count much. Friends in business are the assets that create good-will, and good-will is the foundation of any successful business.

A CLOSE RELATION

There is a great advantage when you are making any kind of trade, in buying of someone who knows you and whom you know. The high-stepping horse purchased of some stranger usually develops fatal tricks. Similarly, there is a moral hazard in buying goods at distant stores, where you are not well acquainted with the merchant and his clerks.

When you make a purchase of some distant department store, or when you send away an order to a distant city by mail, the person who handles the purchase is absolutely a stranger. You are simply one item in the day's grist of work, to be ground through the machine with hundreds of others. You can't get intelligent, thoughtful attention by such machine-like methods.

In buying at home, on the other hand, you know personally the people with whom you do business ,or at least your face becomes familiar enough for them to recognize you as a regular customer. Both clerks and proprietor welcome you to their counter, and feel that you must be satisfied at all hazards. Even if they wanted to misrepresent, which is most unusual, they would not dare do so. You are too close to their base of supplies, and you could do too much harm if unsatisfactory goods were worked off on you.

When a personal relation grows up between the customer and the nearby stores, the salesman becomes more than a mere seller. He conceives that the regular customer must be regarded as a client who must be given good business advice about a purchase. Such help is of incalculable value to the public. You can only get it near home.

CAMERAMEN FIGHT DEATH IN OCEAN

Arthur Edeson, chief cameraman for Douglas Fairbanks, and his assistant, Richard Holohan, fought a five-hour battle against death in a wind-lashed sea off the Southern California coast this week when they went to Abalone Point, nine miles below Balboa, Calif., to retake a scene for "Douglas Fairbanks in Robin Hood."

After making the picture on the cliff two hundred feet high, Edeson and Holohan loaded their equipment into a small skiff in which they had been landed by two boatmen, and the four of them started to row to the launch, "How Come," which was waiting off shore about a mile.

Wind and tide were so high that the boat was nearly swamped in going through the surf. Once they had passed through the breakers it quickly became apparent that they would founder before reaching the launch. An improvised signal of distress was raised, and despite the danger of going ashore, the pilot of the launch came in and rescued the four. The $3,000 worth of camera equipment was badly damaged and the film they had taken on the beach was spoiled by salt water. One of the boatmen collapsed after the rescue, and Edeson and Holohan spent a day recuperating from the harrowing experience.

Our opinion of an optimist: "A member of the Bartenders' Union who is still paying dues."

Maple Nut Cake and Chocolate Layer

THIS unusual, economical Maple Nut Cake will keep fresh for several days, and the Chocolate Layer Cake, made in a little different way with Dr. Price's Cream Baking Powder, is a family favorite too. Try one or both of them today!

(*All measurements for all materials are level.*)

MAPLE NUT CAKE

½ cup shortening
1 cup light brown sugar
2 eggs
½ cup milk
1½ cups flour
½ teaspoon salt
2 teaspoons Dr. Price's Baking Powder
1 cup chopped nuts—preferably pecans
1 teaspoon vanilla extract

Cream shortening, add sugar slowly and yolks of eggs and milk and beat well; sift flour, salt and baking powder together and add chopped nuts; fold in beaten whites of eggs; add flavoring. Bake in well greased loaf pan in moderate oven 35 to 45 minutes. Cover top with maple icing and sprinkle with chopped nuts while still soft.

MAPLE ICING

½ teaspoon butter
2 tablespoons hot milk
1½ cups confectioner's sugar
½ teaspoon Dr. Price's Baking Powder.
½ teaspoon maple flavoring

Add butter to hot milk; add sugar slowly to make paste of the right consistency to spread; add flavoring, and baking powder and spread on top and sides of cake.

DR. PRICE'S CREAM Baking Powder

Made from Cream of Tartar, derived from grapes. Raises the dough perfectly, giving the food fine texture and rich flavor.

MADE IN CANADA

CHOCOLATE LAYER CAKE

½ cup shortening
1 cup sugar
1 egg
1 cup milk
1½ cups flour
4 teaspoons Dr. Price's Baking Powder
½ teaspoon salt
1 teaspoon vanilla extract

Cream shortening; add sugar gradually, beating well; add beaten egg, one-half the milk and mix well; add one-half the flour which has been sifted with salt and baking powder; add remainder of milk, then remainder of flour and flavoring; beat after each addition. Bake in greased layer cake tins in moderate oven 15 to 20 minutes. Put together with

CHOCOLATE FILLING AND ICING

3 cups confectioner's sugar
boiling water
1 teaspoon vanilla extract
2 ounces unsweetened chocolate (2 squares)
½ teaspoon grated orange peel

To sugar add boiling water very slowly to make a smooth paste; add vanilla, melted chocolate and orange peel. Spread between layers and on top of cake.

Government Agent Endorses

Cascade BEER

THE BEER WITHOUT A PEER

Vancouver-made Product is put to acid test on most difficult foreign markets in the world, and comes off with flying colors.

Cascade Beer has made good in India. This is the most trying climate in the world, and yet Cascade Beer kept there for more than a year had the same pleasant tang and was just as fresh and pleasing to the taste as when it left the Vancouver Breweries.

There is no less an authority for this than H. A. Chisholm, trade commissioner for the Dominion Government. Writing to the Commercial Intelligence Journal, published by the Canadian Government, under date of May 13, this year, Mr. Chisholm says in part:

"The last consignment reaching Calcutta is said to have been a shipment of 'Cascade' from Vancouver, landed in March, 1921.

"It speaks well of this brand of Canadian Beer that, although it has been in store for over a year in one of the most trying climates in the world, its quality has not deteriorated and none of it has gone bad. Its 'crown caps' seem to have protected the contents better than corks have the German lagers. The writer was informed that this brand of Canadian Beer, although not as heavy as English Ale, produced a pleasant stimulating effect on the stomach that German lagers could not produce. According to many informants, this particular quality in Canadian Beer is just what is demanded in the tropics."

Can there be a better endorsement than this for a hot-weather drink? Here is Cascade—a Vancouver-made product—that can be shipped to India, held for more than a year, and when opened prove to be more palatable and better adapted for a tropical beverage than beer manufactured right in India or imported from other famous breweries of the world. Stick to "Cascade" this hot weather.

Cascade Beer

THE BEER WITHOUT A PEER

For more than Thirty Years Cascade has been the Favorite Beer of Western Canada.

B. C. UNIVERSITY

A petition calling upon the Provincial Government "to institute a definite and progressive policy toward the University of British Columbia and to take immediate steps towards on the chosen site at Point Grey," has the erection of permanent buildings been widely circulated throughout the province by the college students this summer.

Twenty-five thousand signatories to this petition is the objective of the collegians who organized a student campaign early in May before the close of the 1921-22 session. Each student was asked to secure the signatures of twenty-five electors to the petition, and already 800 have sent in forms and many have asked for more.

At a recent meeting of the campaign committee in Vancouver, it was decided to print an additional 1,500 petition forms and to urge all students to carry on the work.

In the Fall, student speakers will be sent to all parts of the province to place the needs of the University before the people. A delegation will go to Victoria to present the petition and to urge that definite action be taken. Various organizations in Vancouver and neighboring cities will hear student speakers, and the support of the people generally solicited.

Heading the campaign committee is Mr. A. E. Richards, of Agriculture '23, president-elect of the Alma Mater Society. Miss Marjorie Agnew, B.A., former secretary of the student body, is acting secretary, and other members of the committee include: J. A. Grant, Arts '24; Al Buchanan, Arts '24; G. W. B. Fraser, B.A., W. O. Banfield, B.Sc., A. E. Lord, B.A., J. V. Clyne, J. Allardyce, B.A., A. H. Findlay, Science '23, and P. M. Barr, Science '24.

The students point out that many graduates and a number of third and fourth year students of the University are attracted to American universities and colleges because the Provincial institution here can not give complete courses in some subjects. The tendency of these students is to find employment in American cities, where they graduate, with a resulting loss in the personnel of British Columbia's trained men.

Unless adequate facilities are provided and sufficient grants made to ensure complete courses, there will continue to be such an annual loss. The University, if properly housed, on the other hand, and adequately financed, would attract large numbers of students from other points.

Students of the University in various parts of the province who have not already returned their petition forms are urged to do so at once. Reports from many points indicate that the interest is very general and the support for the campaign has been very encouraging.

MANY IRON PROPERTIES.

Following the organization of the Coast Range Steel Company, Ltd., with its $12,000,000 and practically assured backing of the Imperial, Dominion and Provincial Governments, Mr. H. J. Landahl, who has been the moving spirit in the concern, agreed to turn over to the company a number of iron properties he holds as well as options on other iron ore locations he possessed. In return for these properties, which are estimated to furnish an ample supply of ore for many years, Mr. Landahl received 149,992 shares of the capital stock in the company of a par value of $100 each.

The properties turned over to the company by Landahl are located at the following points: Fanny Bay, Seymour Inlet on Wigwam Bay, about 50 miles north of Port Hardy; Klaanch River, near Nimpish Lake, Vancouver Island; Alberni Canal, Louise Island, Cumshewa Inlet; Burnaby Island, Queen Charlotte mining division; Pitt Lake and Harrison Lake. Mr. Landahl also holds options on claims of the International Iron Mines, Nelson district; Copper River coal mines on Coal Creek, about 80 miles from Van Arsdal on the G. T. P.; the North Pacific mines, and the Porcher and Pitt Island mines. Properties were also secured in East Kootenay from C. P. Hill, who has a valuable hemalite deposit.

HOPE HERD, Secretary.

Cumberland & Union Waterworks Co., Ltd.

NOTICE

EFFECTIVE IMMEDIATELY ALL WASTE OF WATER MUST STOP.

Owing to the prolonged dry weather we find that it is necessary to restrict the use of water, as if we allow the present enormous consumption to continue the town may, in the event of no rainfall for the next two months, be faced with a water famine.

In YOUR interests and for the protection of YOUR property in the event of a fire, we find it necessary to bring into effect immediately the following regulations:—

(1). Water must not be used for sprinkling or irrigating purposes except—FOR ONE HOUR ONLY—from 7 a.m. to 8 a.m.

(2). The practice of using water for the purpose of watering sidewalks, streets, etc., must cease. Persons using water for these purposes are liable to have their services disconnected until such time as we can install a meter on their supply.

(3). Leaking taps, toilets, pipes, fittings, etc., must immediately be brought into good repair as any premises on which water is found wasting from these causes will be disconnected without further notice.

There is absolutely no desire on the part of this Company to curtail the use of water when same is used in a proper manner for domestic purposes, but in a large number of cases we find this privilege being abused and should the abuse continue we shall be forced to consider the installation of water meters, which would make the cost of water much heavier for the same consumption.

We once more draw to your attention the fact that this is being done in YOUR interests as every leaking tap or pipe or sprinkler used unnecessarily lowers the water pressure and consumes water that may be needed in a few weeks more for household purposes or may be needed TODAY to extinguish a fire on YOUR property.

Thanking you in anticipation of your co-operation in this matter, we are,

Yours truly,

CUMBERLAND AND UNION WATERWORKS COMPANY LIMITED.

British Columbia Nurseries Co., Limited

SARDIS, B. C.

To most people, the connecting or disconnecting of a Telephone seems a simple operation of installing or removing the instrument. As a matter of fact, in every case it necessitates changes in the cables and wires overhead or underground. It also necessitates changes in Central Office wires and switchboard fro mopen wires or cables. The problems of station connections; in subscribers' accounts and directory listings; and frequently requires new "drop" lines from open wires or cables. The problems of station movement are among the large problems of telephone service. Because of the double operation of disconnecting and reconnecting, the work involved is often twice as great as in the case of new subscribers.

INTERMEDIATE DANCE SUCCESSFUL AFFAIR

A most enjoyable dance was held in the Ilo-Ilo dance hall on Tuesday evening last, when the Cumberland Intermediate Baseball Club gave another of their popular dances. The Cumberland Premier orchestra, consisting of Bob Robertson, piano, C. Graham, violin, Frank Potter, cornet, and "Toots" Plump, drums, provided the music, which was of a very high order. Dancing was indulged in until 2 a.m., a most enjoyable time being spent by all present. It is the intention of the Intermediates to hold another dance in the near future, when some novelty dances will be introduced.

G. W. V. A. NOTES

All members are requested to attend the special meeting to be held on Sunday, Sept. 3rd, at 6.30 p.m. Urgent business.

The G. W. V. A. will hold their first whist drive and dance of the season on Friday, September 8th. Good music. Extra good prizes will be given. Whist, 8 to 10 p.m Dancing 10 to 1 a.m. Refreshments provided. Gents, 50c.; ladies, refreshments.

We wish to thank those friends who kindly loaned their cars for the mourners at the recent funeral of our late Comrade J. Lockhart. As follows: Messrs. J. Halliday, J. L. Brown (Bevan), Alex. Grey (Minto), J. Brown, and M. M. Brown.

The address of the following comrades is sought by the department and relatives: Pte. Joseph Petntelow, late Royal Canadian Regiment; 1081778, Robert Stephen Harrington, No. 1 Construction Battalion.

THE BEAVER HUT IN LONDON

There are very few ex-members of the C. E. F. but who will feel a deep sense of gratitude towards Miss Jeanette Dicks, of London, Eng., for her action in purchasing that far-famed war-time landmark in the Strand, the Beaver Hut, with a view to its permanent preservation. During war days the Beaver Hut was the home of thousands of Canadians on leave in London. It may be truly said that the happiest moments of the C. E. F. were spent within its precincts.

The Beaver Hut was the scene of many glad reunions, both arranged and accidental. From its rafters have re-echoed the names of every city, town, village and hamlet in Canada, as the boys talked longingly of home and loved ones. The man whose "luck was out" before his leave reached the same proportion found sympathy and assistance in this corner of the Dominion in the Strand.

Canadian veterans who in future years are fortunate enough to be in a position to visit the scenes of their activities of war days, will have the added pleasure of including the Beaver Hut in their itinerary, for Miss Dicks is having it erected at the foot of Pheasant's Hill, Hambleton. Thus is another link of Empire to be preserved as a result of private effort.

Used Cars

Corfield Motors Ltd. First Annual Clearance Sale of Good Used Cars.

This being the end of our Fiscal Year, we are offering the undermentioned cars at less than cost, rather than carry them over to another year. You will never get an opportunity like this again, and these Prices are only for Thursday, Friday and Saturday, Aug. 31, and Sept. 1 and 2.

$500.00.— Ford Five-passenger touring, complete with self-starter, demountable rims, one-man top, paint and upholstery look like new. This car has been well taken care of, and is mechanically perfect. Guaranteed for three months.

$475.00.— Ford Five-passenger touring, 1920 model. Self-starter, demountable rims, one-man top, etc., etc. This car has been completely overhauled; new seat covers, and it only needs a coat of paint to make it as good as a new car. Guaranteed for three months.

$350.00.— Ford Five-passenger touring, late model, 1921. This car is in fair shape, and with a little tuning up and a coat of paint, would be worth $500. Self-starter is in good order. Having had no time to overhaul this car, it is not guaranteed.

$325.00.— Ford Five-passenger touring, late model, complete with self-starter, etc. This is your chance to get a late model car in very good condition. New tires. For very little money.

$325.00.—Ford One-ton Truck chassis. We have thoroughly overhauled this truck, and can absolutely guarantee the condition. If you need a truck, don't miss this. It cost us $400.

$275.00.— Ford Five-passenger touring, has been completely overhauled, and is guaranteed for three months.

$265.00.— Ford Five-passenger touring. This car is in first-class condition, has a new top, demountable rims, and is good value for the money.

$235.00.—Ford One-ton Truck, complete with body. This is without doubt, an excellent buy for the money, and a farmer could do a lot of work at very little cost, with this truck.

$175.00.—Overland 1916 Model, complete with self-starter, demountable rims, very good tires. First cheque to arrive will secure this bargain.

We Will Give Terms on Any of the Above Cars, so Don't hesitate, as a Small Cash Payment, and the Balance spread over several months, will put you in possession of a Good Used Car.

THURSDAY, FRIDAY AND SATURDAY ONLY.

Fire Waste Without Insurance

The picture represents one of the many Canadian villages destroyed this year by forest fires. It is rare in such conflagrations that more than a fraction of the loss is covered by insurance. There are practically no pers is yet too serious. aov iaaRill insurance policies whatever carried on Canada's timber resources, as the menace of careless campers, smokers, fishermen and trappers is yet too serious. The thousands of villages in close proximity to the forests must share the penalty of burning up the timber, and usually there is not the compensation of adequate insurance because of the severe hazard. The experience of New Brunswick is fairly representotive of other provinces. There the forest fire losses on the average kill more timber than would build 5,000 large homes, and half of the fires are set by the gross negligence of those who build camp-fires and use cigarettes, cigars and matches.

In a recent speech to a large body of Quebec City business men, Mr. Robson Black, manager of the Canadian Forestry Association, declared: "Every forest fire this year exchanged valuable public-owned timber lands for worthless wastes of charcoal and firewood. It is sheer business stupidity ,as inexcuseable as the exchange of pounds sterling for paper roubles at par."

SLAT'S DIARY

Friday—Pa says I am a easy Mark to of let Pug Stevens get the best of me in a deal like I did. I had a bran new ice cream Cone and when Pug seen it he sed he bet me a ct he cud eat it thout tutching it. I sed I bet he cuddent. So he tuk it and eat it and I give him the laff and sed to him he had lost his bet. He just laffed and payed me the ct. and sed Yes I lost. and then he walked on away. I win the bet all rite. But the Cone costed me 5 cents. in cash money.

Saturday—We got more Co. to-day for the Weak end. Ma says they are well off and that we cant do to much for them and as far as I am concerned I dont mean to neather.

Sunday—We have got quite a joak on ole Mrs Cane. She thot her husbend was a going to die soon and she got a chance to sell his close to a 2nd handed close dealer. Then her husbend went and got well. But as pa says Sum fokes is Naturally onlucky.

Monday—Pa and ma is keeping a Budjet for household xpenses. So to day ma had boughten a new fall hat and when pa ast her what did she charge it to she sed she had charged it to Over hed xpenses.

Tuesday—Unkel Hen has got sum little puppys and he sed he was a going to cut off there Tale. Ma sed that was awful cruel and sugested why cuddent he cut them off a little peace at a Time in order so they woodent hirt so much all at 1 time.

Wednesday—Ma ast pa what did he think of her cuzzen witch has ben a visiting at are house. Pa replyed and sed her busbend must of marryed her for her money. I gess he dussent like her looks very much. Or sum thing.

Thursday—Pa is makeing a Radio Set for me. Ma says it is a Waist of time and he shud ought to be makeing sum thing wirth while. But ma admits he Can make a most enny thing. Xcept a good liveing for she and I.

Provincial News

VILLA ON MOUNTAIN TOP

A. S. Williams, of North Vancouver, is the promotor of a scheme to build a hotel and tourist resort on the plateau of Grouse Mountain, where one of the best views can be obtained of Vancouver and surrounding territory. The North Vancouver District Council has offered to release 630 acres, owned by the municipality, to be used for the resort. The price asked is $6,300, and a cash payment of $3,000 is demanded, the balance being credited to the promoters of the hotel scheme on development work being carried out. Mr. Williams is waiting for further instructions from capitalists in England before proceeding further with the deal.

The hotel will be built so that a view of hundreds of square miles of sea and land will be visible on clear days from the site. Access will be obtained to the resort by incline railway and a motor road. The possibilities of such a resort are tremendous, in the opinion of many residents of the North Shore.

Skating, ski-ing, snow-shoeing and many other winter sports can be enjoyed in the surrounding country except during a few of the warmest months of the summer.

KAMLOOPS NOW HAS BRASS BAND

Under the leadership of Bandmaster J. F. Parle, the 172nd Regiment R. M. R., has organized a splendid band in this city. This band is filling a long-felt want and the several concerts already given by this organization have proved exceptionally popular. In connection with these concerts, "community singing" has been introduced and has certainly made a big hit with the people of Kamloops.

$35,000 BUILDING FOR KAMLOOPS MASONS

The handsome building to be occupied shortly by the Kamloops Masons, is nearly completed and will be one of the best Masonic Temples in the interior of B. C. The lodge room measures 40x53 feet, and has a ceiling of 18 feet, 6 inches. The great Masonic rug which will cover the floor space, is already ordered and will be on hand to lay as soon as the floor work is completed. On the south side of the lodge room will be regalia and other rooms. Of great interest to the general public will be the large banqueting hall in the basement, with a large dancing space. The building is to cost in the neighborhood of $35,000.

After five months of idleness, the mines in District 18 commenced operations again on Aug. 28th. Miners in District 18, which comprises Southern Alberta and the Crows Nest, voted 95 per cent for return to work in the recent referendum. About 7,000 men are affected by the new agreement.

ALLAN DWAN WILL DIRECT VALENTINO

Allan Dwan, who has just finished directing "Douglas Fairbanks in Robin Hood," said to be the most lavish, spectacular and gripping film drama made in a long time, is to direct Rudolph Valentino, according to an announcement issued by Mr. Dwan recently from the Pickford-Fairbanks Studios.

The picture over which Dwan will preside directorially is to be called "The Spanish Cavalier" and is based on the opera, "Martitana." It is said that Valentino will play the role of Don Caesar de Bazan.

When the film-play, "Douglas Fairbanks in Robin Hood," is given its premiers in New York, a carload of costumes and properties used in this stupendous production will be exhibited in leading metropolitan shops and department stores on Fifth Avenue and Broadway, according to a statement issued from the Pickford-Fairbanks Studios where Doug. filmed this feature.

DRY GOODS & GENT'S FURNISHINGS

Personal Mention

The family of Mr. J. Harry Mann, of the Islander staff, arrived from Vancouver last Saturday, and are making their home at 403 Allen St.

Rev. James Hood and Mr. A. C. Colman left on Tuesday morning for Victoria, to attend the meeting of the Presbytery, returning Friday.

Mr. Ernest Ramsell, of Nanaimo, is spending a few days with friends in town.

Mr. C. Bate returned from California on Wednesday.

Mr. and Mrs. George Richardson and family moved up from Royston Beach on Thursday.

Mr. and Mrs. Netherby, of Vancouver, spent last Monday in town visiting friends. Mr. Netherby was manager of the Royal Bank here some years ago.

Mr. P. Monte left on Monday last for Vancouver.

Miss Lorna Dalby returned on Saturday last after spending a short vacation in Vancouver.

Rev. A. and Mrs. Bischlager, of Duncan, are camping at Royston. Mr. Bischlager was rector here, leaving to go overseas.

Dr. and Mrs. R. P. Christie returned on Sunday from Victoria, by motor.

Miss Jessie Stevenson returned on Monday last after spending a two weeks' vacation in Vancouver, Victoria, and other coast cities.

Mr. Val. Dalby returned from a holiday spent at the Boy Scouts' camp at Parksville.

Miss Geoghegan expects to leave Cumberland this week for Seattle, where she has accepted a position as organist.

Mr. W. Milligan returned from Vancouver on Sunday last, after spending a short vacation with his mother, who is visiting the coast for the first time.

Miss L. Shepherd is spending a week's vacation at South Wellington and Nanaimo.

Miss D. Coleman, who is taking up nursing at Portland, Oregon, left on Tuesday morning last.

Mr .J. Walton left (to-day) Friday for Vancouver, on a combined business and pleasure trip. Whilst in Vancouver he will be the guest of Mr. and Mrs. J. Vernon Jones, Georgia St. West.

Mr. Duncan Bennie, an old-time resident of Cumberland, was a visitor to town during the week, renewing old acquaintances.

Mr. and Mrs. J. H. Halliday returned from a ten days' visit to Vancouver and Sound cities on Monday last. Mrs. Halliday left again on Wednesday for Vancouver.

Mr. and Mrs. Gordon Cavin returned to town on Wednesday, after an extended honeymoon trip which took them close to the Mexican border. They report having had a wonderful trip, the climate being most favorable the whole of the time spent down South.

Victoria Elks took Ladysmith into camp 16-4, and now must play again on neutral grounds to decide the right to journey to the Mainland in the Provincial Championships.

Girl's Statement Will Help Cumberland

Many women will profit by the following statement of one of their sex: "I was afraid to eat on account of stomach trouble. Even rice did not agree. After taking Adler-i-ka I can eat anything." Adler-i-ka acts on BOTH upper and lower bowel- removing foul matter which poisoned stomach. EXCELLENT for gas on the stomach or sour stomach. Guards against appendicitis. It brings out poisonous matter you never thought was in your system. R. E. Frost, druggist.

There are some fine prizes up for the Juniors on Labor Day.

BOB CAVERS SUCCEEDS MORTON AS SECRETARY

At a general meeting of the British Columbia Football Association held at the Hotel Vancouver on Saturday last, when the resignation of Mr. Morton as secretary of that body was accepted, the choice fell on Bob Cavers, well-known Vancouver footballer. Mr. Caver will have as his assistant, Mr. D. W. C. Andrews.

For several days the Labor Bureau at Victoria has been asking for 75 men to go to Kimberley on construction work, for which the pay offered is $3.35 per day, with board at $1.10 per day. The job will last at least ten months, and those who remain for a period of not less than two months, have their transportation fares refunded. Up to Monday of this week not one man has accepted the offer.

Yes, yes, Alfred, but you know some girls are like cafeterias—you have to help yourself.

There is no doubt that there will be keen competition in the five-aside football.

Evacuation of the New Aberdeen district by the military is hourly expected, as the need for their presence is thought to have passed away. Latest advices from the coal fields are that the vote for acceptance of the agreement will be at least 75 per cent, or possibly greater.

MOOSEHEART is a School and Home for Dependent Children of Deceased Moose.

MOOSEHEART has been built by 550,000 men who have safeguarded their families against poverty and ignorance.

MOOSEHEART is now caring for and educating 1,050 children of fathers who had the faith.

MOOSEHEART has cost these 550,000 men Three and a Half Million Dollars ($3,500,000), a little better than $6.00 each.

MOOSEHEART spells salvation to hundreds of children. Each child is taught a useful trade.

ANNOUNCEMENTS

Corfield Motors Ltd. announce their intention of celebrating the first anniversary of the company, by installing three new departments to their already fully modern garage. A battery department is being opened in order to give service and satisfaction to the numerous car owners of the district. They have secured the services of an experienced man, who they feel convinced will satisfy the most fastidious with regard to washing and polishing, and they are installing the latest and most up-to-date oiling and greasing service, which will be second to none in the province. Their charges will be very moderate, as it is the intention of the management to make these departments purely and simply serivce departments.
