## Life Membership Diplomas Presented to Local Doctors

St. John's Ambulance Association Held Very Successful Whist Drive and Dance

There was a very large attendance at the whist drive and dance held in the Ilo-Ilo Hall on Thursday evening under the auspices of the Cumberland Local of the St. John's Ambulance Association. Between 300 and 400 attended, a most delightful time being spent.

The first part of the programme consisted of a whist drive, a very large number of players taking part. The winners were Miss Gladys Dando, first lady; Mrs. Jackson, consolation; Mr. T. Rickson, first gentleman, and Mr. John Lockner, consolation. The awards were distributed by Mr. Thos. Graham with a very humorous speech.

Life Membership Diplomas Presented to Doctors MacNaughton and Hicks.

The most important event of the evening was the presentation of Life Membership diplomas in the St. John's Ambulance Association to Dr. G. K. MacNaughton and Dr. E. R. Hicks, in appreciation of their splendid services to First Aid work in Cumberland.

On behalf of the Cumberland Centre of the Association, Mr. A. J. Taylor called on Mr. Thomas Graham, General Superintendent of the Canadian Collieries (Dunsmuir) Ltd. to make the presentation.

Mr. Graham said First Aid work was making good progress in the district, and this gave promise of being a record year. A class for men with some 20 members is receiving instruction locally; a class for ladies with 30 members has been formed, and a second is now under course of formation. At Bevan on Sunday last a class for ladies was formed, 20 ladies taking part.

Continuing his remarks Mr. Graham said:

"For some time past, right in our midst, and almost unknown to most of our residents, a few men have been devotedly giving of their time and their talent to the general welfare of the community. That their efforts have gone unnoted by so many is due to the fact that the work is not spectacular, like our City Firemen, or like our idols of the athletic field; their work is purely humanitarian; a desire and an effort to be useful to their fellow men. Their reward is that they have through their knowledge of First Aid been able to render some service tending to ameliorate the suffering, possible contagion and danger of aggravation through transportation of an injured fellow workman from the scene of his accident to his home or to the hospital.

"That they have succeeded to a great measure in this work and rendered untold services to their fellow workmen, can be testified to by our physicians, Dr. MacNaughton and Dr. Hicks.

"Not only have the members of the St. John's Ambulance Association worked hard to prepare themselves for their work, but they have worked successfully, and their success in open competition with teams from other districts proclaim them equal to the best the country can produce.

"Last year the No. 4 Surface team was second in the Coderre Cup competition, open to mining teams all over Canada. In the Provincial meet held here in September, they were first in two of three competitions and second in the third.

"This is quite an honor to the men, who have devoted their efforts to this work, and an honor that the community should appreciate.

"There is, however, another side to the prominence the boys have attained. This knowledge in First Aid work did not come to them as a mere passing wind; they had to be taught, and their teaching called for a great deal of self-sacrifice in time and effort on the part of some one.

"This community has been fortunate in having in Doctors MacNaughton and Hicks, medical men who realized the benefits to be derived by the community from a well-trained corps of men able to furnish First Aid in emergencies, and it is to their eternal credit that they have so unselfishly devoted their time, knowledge and effort to the instruction of First Aid in this district.

"The high place won by the St. John's Ambulance Association of Cumberland in Provincial and Dominion competitions, is due entirely to the efforts of Doctors MacNaughton and Hicks. Year in and year out they have freely given their best, and despite the many professional calls on their time, have always been found willing to devote more and more of their time to this humanitarian effort.

"Many will say it was their duty; true, but it was always more than a duty to these gentlemen; it was a pleasure to serve. Unheralded and unsung, they have given their time without hope of reward.

"Apart from those who have associated themselves with the St. John's Ambulance Association, few in the community realize the amount of time our doctors have given to this work. Occasionally the classes have remembered the doctors, and through small tokens have shown appreciation of their efforts.

"It affords me a great deal of pleasure to be able to say here tonight, that the distinguished services rendered by the doctors to this community, in particular, and humanity in general, has been recognized for outside their home town. In recognition of such services Grand Priory of the

## CARNIVAL DANCE AT CAMPBELL RIVER

On Friday next, March 11, the Lady Maccabees of Campbell River will hold a confetti carnival dance in the Lilelana Pavilion. A number of ladies of the Cumberland Maccabees Lodge will attend the dance, which commences at 9 o'clock. Admission is one dollar for gents and fifty cents for ladies.

## Principal Vance Lectures Monday

Will Also Preach at Holy Trinity Church Sunday Evening.

At the evening service at Holy Trinity Church on Sunday evening, Rev. Principal Vance, of the Anglican Theological College, Vancouver, will be the preacher.

Lectures on Monday. On Monday evening he will give an address in the Anglican Church Hall, on "Education and Citizenship." The lecture commences at 8 o'clock, and a cordial invitation is issued to all interested.

## FINED \$75 AND COSTS FOR HAVING LIQUOR IN STORE

R. B. Howard, who was arrested by Chief of Police Bunbury on a charge of having liquor in his place of business, a public place within the meaning of the act, appeared before Magistrate Baird on Tuesday and pleaded not guilty, putting up an ingenious defence. However, the evidence was against him, and the magistrate fixed the penalty at \$75 and costs, which were paid. Mr. P. P. Harrison prosecuted for the city.

## A STRONG MAN IN QUEBEC

MONTREAL.—There is a new strong man marvel. He appeared from a little town in Quebec province and his name is Victor Delamarre. He filled the St. Dennis Theatre to overflowing a few nights ago, a thing which the most advertised prizefighter has been unable to do. One of the feats was to strap a 985-pound horse on his back and climb a pole with it. He also had a miniature Quebec bridge, 20 feet long, which he supports with his arched body and over which a loaded automobile runs. He only weighs 160 pounds himself, and is very muscular bound.

## MASQUERADE BALL ST. PATRICK'S NIGHT

Fire Brigade Has Good Prize List for Their 23rd Event.

The ball committee of the Fire Brigade are working to make this year's event one of the best, and have already collected \$130 towards the prize list, most of this sum being collected in Chinatown on Monday.

The prize list calls for the distribution of \$115 in cash prizes, as follows: Best dressed lady, \$15; best dressed gent, \$15 (evening suit not to qualify); best comic group, \$15; best sustained lady, \$7.50; best sustained gent, \$7.50; best national character, lady, \$7.50; best national character, gent, \$7.50; best comic lady, \$7.50; best clown, \$7.50; best hobo, \$5; best Topsy, \$2.50; prize waltz, \$5 for lady and \$5 for gent (50c per couple entrance fee).

The ball will be held in the Ilo-Ilo Dance Hall on Friday, March 17, St. Patrick's Day. Admission will be 50 cents for spectators, 50 cents for masked ladies, and one dollar for masked gents.

Mr. T. E. Bate, who is leaving for Vancouver shortly, is advertising his seven-room house for sale, on the corner of First Street and Windermere Avenue.

St. John's Ambulance Association, whose headquarters are in London, England, has been pleased to confer upon Doctors MacNaughton and Hicks a Life Membership in that honorable body.

"This is an honor, said Mr. Graham, which I am sure Dr. MacNaughton and Dr. Hicks have every reason to be proud of, and one which I am sure we gathered here tonight, and the community in general, will wish them both a long life to enjoy the fruit of this well earned and distinguished honor.

"On behalf of the Cumberland Centre of the St. John's Ambulance Association, I have been asked to present Doctors MacNaughton and Hicks with their certificates of Life Membership in St. John's Ambulance Association. Dr. MacNaughton and Dr. Hicks, permit me to hand you this well-merited honor and with it the hearty congratulations of the members of the Cumberland Branch of the St. John's Ambulance Association." Loud applause.

Dr. MacNaughton and Mr. Hicks returned thanks for the honor conferred.

Dancing was kept up to a late hour, music for which was supplied by the popular orchestra, Mrs. Frost, Mr. Owen and Mr. Plump.

Mr. J. Davis acted as floor manager. The Cumberland Ladies' Local assisted in the distribution of refreshments to the big gathering.

## Masonic Ball Was Splendid Success

Declared to Be the Best Ever Held in Cumberland—300 Guests Attended.

The annual ball of Cumberland Masonic Lodge, No. 26, held in the Ilo-Ilo Hall on Friday night last, is generally conceded to have been the best ball ever held in Cumberland. Nearly 300 persons attended the ball, nearly all remaining until the conclusion, about 3 a.m.; in fact, many were reluctant to leave even then.

The large hall had been transformed by a profuse use of Masonic decorations on a blue background, cleverly designed by Architect W. A. Owen. All the pillars in the hall had been decorated to resemble Corinthian columns, connected by Masonic architecture, giving a very striking and pleasing effect.

An artistic stand for the orchestra had been erected in the centre of the hall, the effect of which being to greatly enhance the value of the music for the benefit of the dancers.

The music supplied by the six-piece orchestra, specially arranged by Mr. Owen for the occasion, was a delight indeed, and was very largely responsible for the great success of the ball. The players were Mrs. Ralph Frost, piano; Mr. W. A. Owen, violin; Mr. Beaumont, of Nanaimo, cello; Mr. Quinn, violin; Mr. Ingram, cornet, and Mr. Plump, drum, etc.

A new feature in the distribution of refreshments was introduced, meeting with every satisfaction.

Much credit is due the ball committee for the happy results attained.

A neck fur was found in the hall after the ball, and the owner can obtain it on applying to Gordon's Store.

## TO CORRESPONDENTS.

We have received a communication from "One of the High Ratepayers of Cumberland," without the name of the writer being enclosed. Correspondents are notified that their names must accompany all communications, not necessarily for publication but as an assurance of good faith. If this gentleman will forward his name the letter will be published.

## TO CELEBRATE OPENING OF THE NEW HALL

To celebrate the opening of the new dancing hall upstairs in the Memorial Hall, the G. W. V. A. and Women's Auxiliary will hold a big whist drive and dance on Friday next, when there will no doubt be a record attendance. Whist will commence at 8 and dancing at 10. Refreshments will be served.

## MOTHERS WARN THEIR DAUGHTERS AGAINST SOWING THE WIND

One of the Season's Best Pictures is Showing at the Ilo-Ilo Theatre Friday and Saturday.

"Sowing the Wind," which has Anita Stewart as its charming star, comes to the Ilo-Ilo Theatre on Friday and Saturday. It can be classified as one of the really good pictures of the current season, and it is of more than the usual appeal since it contains all the elements which go to make up a modern picture of ceaseless action.

Miss Stewart, by a finished performance in her portrayal of the character of a beautiful innocent girl whose mother is a "queen" of revellers in a notorious gambling house, commands hearty sympathy. She registers the changing emotions of a girl in such a predicament with fine shading, and no one can get away from the theatre without taking the feeling that it makes no difference what obstacles an evil fate may place in the way of a human being, there can come happiness ultimately. The most interesting phase of the story hinges upon the girl meeting the man of her heart and her subsequent battles to have and to hold him despite her totally unsatisfactory maternal antecedent. Another interesting twist to the narrative is her discovery of her own father, who proves to be a very interesting character. A splendid suspense is maintained until the very end of the picture.

## Strong Cast.

The cast supporting Miss Stewart deserves special commendation. It is far above the average. Ralph Lewis, Myrtle Stedman, James Morrison and William V. Mong all handle important roles most acceptably. Mr. Lewis as Brabazon, the father of the unfortunate girl, gives an exceptionally fine performance, while Miss Stedman as the wayward mother succeeds in doing her best work as an emotional artist.

"Sowing the Wind" is a photoplay which will thoroughly divert most anyone. It is even more than mere entertainment, for it is a veritable study such as anyone enjoys digging into with a zeal.

## "Call a Cop."

A special Mack Sennett comedy, entitled "Call a Cop," will be screened with "Sowing the Wind."

## Double Show Monday and Tuesday.

A double picture show is being presented on Monday and Tuesday, the special feature being Ethel Clayton in "Exit the Vamp," a thrilling western drama. A comedy will be shown as well.

## "The Night Horseman."

On Wednesday and Thursday next will be shown the thrilling picture, "The Night Horseman."

## Wonderful Lecture By Prof. Williams

Audience Enjoyed Very Entertaining Talk on Early Life On the Earth.

The second of the series of lectures given under the auspices of the Cumberland Literary and Athletic Association by the University of British Columbia Extension Lectures, was delivered in the lecture hall on Saturday evening, when Professor Williams gave a wonderful talk on the early life on the earth, as existing in prehistoric times, millions of years ago.

Mr. Thomas Graham introduced the speaker to the meeting. Dr. Williams illustrated his address with numerous pictures of the fishes, animals and birds of which he was speaking. Many remains of prehistoric animals had been discovered in the Red Deer Valley, Alberta, said the lecturer, which had been of great value to science. Some of these fossils to science. A wonderful collection of these fossils is now mounted at the Museum, Ottawa, as well as another collection in New York.

Incidentally, the speaker said that while crossing the Gulf that afternoon, the passengers had a fine view of a school of whales, mammals which are the descendants of animals which had taken to the water in the long ago. A picture of flying reptiles closely resembled some of the dragons now pictured by natives of the Orient. Some of these flying reptiles had wings twenty-five feet across.

Speaking of the ancient armed dinosaurs, Professor Williams said the growth of these protecting horns and spikes was a sign of old age of the species, and he thought the antlers of the deer was a suggestion of old age of the species.

The lecture was listened to with very keen interest and enjoyment by the large and representative gathering, and at the conclusion a hearty vote of thanks was accorded the speaker for his interesting and very learned address.

Mr. Thomas Graham, who was chairman, said he had enjoyed the lecture very much—it was one of the best he had listened to for many years. He said it was remarkable the way the scientists co-related the different forms of life.

The citizens of Cumberland, said Mr. Graham, were deeply indebted to these splendid lecturers, and he hoped for many more such addresses during the years to come.

Mr. George O'Brien moved a hearty vote of thanks to Professor Williams for his address, and to the club for arranging the lecture.

## PLEASANT BRIDGE PARTY.

A very enjoyable bridge party was given by Dr. and Mrs. G. K. MacNaughton on Wednesday evening, when about twenty guests were present. The party was given in honor of Mr. Jas. A. Ovas, of Winnipeg, who is on his way home after a visit to California. Mrs. A. C. Lynn won the first prize for ladies, receiving a set of doilies, while Mrs. J. W. Cooke won the second prize, a doily; in the gentlemen's division, Mr. W. Rogers won first prize, a book, and Mr. Ovas the consolation, a pack of cards. Following bridge and the serving of very dainty refreshments, a pleasant time was spent in music and singing.

Mr. Wesley Willard wishes to inform the public that he has moved his stock in trade from the premises on Third Street to the building on Dunsmuir Avenue recently occupied by Mr. P. P. Harrison, and adjoining the Royal Bank of Canada. Mr. Willard carries a large consignment of traveling bags, and represents several fire insurance companies.

## Eleven Teams Entered For The Brackman-Ker Cup

### SPEAKS TONIGHT ON NEW ZEALAND SCHOOL SYSTEM

Inspector McKenzie, of New Zealand, who has exchanged with Assistant Inspector Brough of the Vancouver School Board, for the present year, will give a lecture tonight (Friday), in the Anglican Church Hall on the New Zealand School System. The lecture commences at 8 o'clock, and all interested are cordially invited.

## Punch Board Must Not Be Operated

Police Commissioners Order All Boards Put Out of Operation

At the monthly meeting of the Board of Police Commissioners on Wednesday evening, the Chief of Police was ordered to see if any punch boards were being operated in town, and if so to stop the practice. It was said that boys were being led into gambling habits by these boards, and their illegal use must cease.

A full report for the past month was received from the Chief of Police, which was fully discussed and ordered filed. The chief pointed out the injustice of the \$15 fee for the local boxing exhibitions, as these were designed to promote local talent. No action was taken in the matter, as these contests will probably come under the jurisdiction of the Athletic Club in the near future.

The chief pointed out the dangerous condition of the coping on one of the main street stores. This was referred to the City Council. The unsafe condition of the chimney on the Masonic Hall is being remedied.

In response to the chief's application for a new uniform, the city clerk was requested to get quotations. Mayor MacDonald was in the chair, Commissioners Pickard and Parnham also being present.

## ANSEN JUNIOR MUSICAL CLUB VERY POPULAR

Use of G.W.V.A. Hall Granted—Club Can Now Receive New Members.

Some time ago Mrs. Ralph Frost started the Ansen Junior Musical Club, with eight members, but so rapidly did the membership increase, and so successful was the venture that now over sixty children belong, and numbers of girls and boys have had to be refused admittance, as the club was getting too large to handle.

Now the G. W. V. A. has kindly offered the use of their hall free of charge, and any girl or boy who cares to become a member may consult Mrs. Frost, Miss Helen Parnham, president, or Miss Lillian Banks, vice-president, when their names will be submitted to the committee. Any boy or girl over seven who likes to sing is welcome to become a member, and there is no fee or charge.

Meetings take place on Friday evenings from 6 to 7, and the thanks of the children will go to the G. W. V. A. for their kind offer of the use of the hall, as all who have been anxious to join may now have a chance to do so.

## GYM EQUIPMENT INSTALLED

All the gymnastium equipment which was ordered from the east some time ago has arrived and now installed. The "gym" is now well equipped and large numbers of members are making use of it. Classes for boys and men are held every week day and evening, under the instructorship of Mr. Tremlett.

## "TALKS TO PROSPECTORS"

Mr. W. M. Brewer, Resident Engineer, will give the second instalment of his series of "Talks to Prospectors" on Saturday night, in the lecture hall of the Cumberland Literary and Athletic Club. The meeting opens at 8 o'clock, and all interested are invited to attend.

## PUNTLIDGE SCHOOL CLUB

At the last meeting of the Puntledge School Club a very pleasant evening was spent. The programme consisted of: "The Maple Leaf," sung by the club; "The First Noel," Dorothy Thompson; "Pied Piper," Mrs. Wallis; "Good King Wenceslaus," by John Bell, Osborne Bell and Harold Cornwell; "The Memory Test Game," in which John Bell carried off first prize and Dorothy Thompson the second prize. The club adjourned with the singing of "God Save the King."

Officers of the club are: John Bell, president; Harold Cornwell, vice-president; Dorothy Thompson, secretary.

## SONG SERVICE AT GRACE METHODIST CHURCH SUNDAY

A big song service will be held in the Grace Methodist Church on Sunday next, under the able leadership of Mr. Charles O'Brien. The choir will render a special anthem. Miss Lillian Crawford, of Union Bay, the well known soprano, will assist the choir, rendering a sacred solo.

An energetic committee of the Grace Methodist Church has been formed with a view to raising funds for the purchase of a pipe organ.

## Draws Made for Both Senior and Junior Championship Games—First Games Sunday

At the regular meeting of the Upper Island Football Executive held at Nanaimo last Saturday, part of the business disposed of was the receiving of entries and draw for the Brackman-Ker Cup, the winners of which are considered champions of the Upper Island football district, and also have the honor to compete for the Province Cup and championship of British Columbia.

Eleven teams are entered for the Brackman-Ker Cup, namely, Nanaimo City, South Wellington, Davenport, Celtics, Ladysmith First Division, Northfield, Cumberland United, Lantzville, Cumberland City, North Wellington, Ladysmith Second Division.

The draws were as follows:

### First Round.

Northfield vs. Lantzville. Referee, Mr. Guinness.

South Wellington vs. Cumberland United. Referee, J. Rogers.

Davenport vs. Ladysmith Second Division. Referee, A. J. Jones.

Byes—Nanaimo City, Nanaimo Celtics, Ladysmith First Division, Cumberland City and North Wellington.

All games of the first round must be played on or before March 5. Time of kick-off for all games, 3 o'clock.

### Second Round.

Davenport or Ladysmith Second Division vs. North Wellington. Referee, J. Dawson.

Ladysmith First Division vs. Nanaimo City. Referee, Mr. Burnip.

Cumberland City vs. South Wellington or Cumberland United. Referee, Mr. Jones or Mr. Guinness.

Nanaimo Celtics vs. Northfield or Lantzville. Referee, J. Quinn.

All games to be played off on or before March 19. Time of kick-off, 3 p.m.

The first mentioned team in each reserves the right of the home ground has the right of the home grounds.

The conditions set down by the executive to govern these two rounds are: 1st, that in the event of a team travelling more than 15 miles they receive 50 per cent. of total gross gate receipts, home club to pay all incidental expenses, such as ground rent, referee's fee, etc., from their share.

2nd, that in the event of a team travelling less than 15 miles, the net gate receipts, after incidental expenses have been deducted, to be divided 50 per cent. each.

### Draw for Allan Cup.

The draw for the O. B. Allan Cup also took place. This cup is for the provincial junior championship. Cumberland district has three teams entered, viz., Bevan, Union Bay and Cumberland.

Bevan and Union Bay play off in the first round, the winners to play Cumberland. Then the winners of this district have to travel to Nanaimo to play the winners of that district for the Upper Island championship honors and the right to compete in the finals for the O. B. Allan Cup proper.

Mr. Jones of Cumberland was appointed to referee all games in the Cumberland district in the junior competitions.

R. Frew of the North Wellington Football Club was suspended for one month for striking and kicking a player in the Northfield-North Wellington Second Division League game.

It will be noted that the Cumberland United team will play away from home in the first round, when they meet South Wellington, but in the event of the Cumberland United disposing of the South Wellington contingent, the Cumberland United and Cumberland City teams will meet in the second round on the local grounds, if this should materialize it will be considered a local derby and will create great interest among local fans.

## RED CROSS SOCIETY WARNS SMALL TOWN OF DRUG PEDDLERS

Because of the publicity which is being given to the campaign against the sale and use of narcotic drugs in Vancouver, some of the drug peddlers are taking to cover in the small towns and rural parts of the province, where they are continuing their nefarious trade. Because of this province-wide moral and health problem, the Provincial Division of the Canadian Red Cross is sending this warning to every newspaper in the province in order that not only the officials but all citizens, especially teachers and parents, should be on the alert against the insidious traffic in drugs.

Watch the stranger in town. Avoid "snow" parties, where snuff (cocaine) is given.

Close chaperonage of girls is the greatest safeguard, and parents should insist on this.

The habit begins by the snuffing of cocaine, which causes a feeling of exhilaration. After three or four doses the user cannot sleep and must then resort to morphine.

Not a hundred miles from Cumberland a few months ago a young wife lay very ill. Having brought up a clever orphan girl, the sick woman called the young woman to her and said: "I shall soon leave my little children motherless. They know you and love you, and after I am gone I want you and my husband to marry." The young woman, bursting into tears, said: "We were just talking about that." The wife recovered.

### Satisfying His Curiosity

A very inquisitive old gentleman considerably annoyed a fellow traveler in a railway carriage by the number of impertinent questions he asked concerning his business, the object of his journey, and other matters, winding up by asking whether he had a family. "Yes," was the reply, "I have a wife and five children, but I have never seen one of them."

For a space the old gentleman sat back in his seat and was silent while he tried to solve the puzzle. Presently he turned towards the other man and said, "Whatever do you mean? You say you have a wife and five children and have never seen one of them. Were you ever blind?"

"No," said the other very calmly, "it's like this. I've been away from home for a week, and one of them was born yesterday!"

### A Troublesome Onlooker.

As the motorist turned a corner in the quiet country road he saw a brother of the wheel just ahead, evidently in trouble. Immediately he slowed down.

"Want any help?" he asked jovially. The other motorist looked gratefully at him as he wiped the perspiration off his brow.

"I do," he whispered. "See that lady in the car? She's my wife, and I'd be much obliged if you'd answer her questions and keep her amused while I am seeing to this burst tire."

### What Did He Mean?

Mrs. Jones had grown a bit skeptical of Mr. Jones' affections for her. So, one evening, she asked him:

"My dear, tell me, do you love me for what I was or for what I am?" "Dearest," replied her husband, "I love you for what you will be."

## THE CUMBERLAND BOARD OF TRADE

By a New Member.

There is no valid reason why this organization should not expand and grow and become the civic vanguard or community leader. Being fully aware that many socially-minded civic and social workers constitute the organization, I venture to present a few suggestions, which I trust will be taken in the spirit in which they are given.

Since I came to Cumberland a dozen years ago there has been no little improvement made in the social life of the community. Our streets, sidewalks, roads and street lighting have all been extensively improved. The Public and High Schools and school library have had additions and extensions. The housing of the community has been built up and the old part greatly improved by the Canadian Collieries and private individuals, as well as the civic authorities through the Soldiers' Settlement plan. The transportation and postal services have been transformed. Through adequate enforcement of the sanitation laws the health of the city has been maintained, and through a wise administration policy our hospital is well equipped, managed and financed.

The development of the local industry has been fostered and developed on a large scale. Public interest has been taken in the local fire protection, which is now in better condition than ever before. No little enthusiasm has been aroused in recreation and athletics, and the publicity campaign of our city has been engineered through our sporting fraternity. City beautification has its nucleus in the boulevard.

These are some of the achievements of the present Board of Trade in conjunction with various organizations, and is sufficient to answer any criticism of the possibilities of constructive service. This record does not warrant a secession of activity, but should act as a stimulation for further effort. The field has not been entirely covered and there is still room for expansion.

The first requisite is the elimination of sectional division and party spirit, and the fusing of the different elements into one solid body whose interest is the well-being of the community. This, as will be seen, will do away with the thought-tight compartments of the merchants and public. Confidence must be established. This organization should not be a challenge to the public, but a guide. The public should not look upon this body as the arch-enemy but as their servant. I have studied this community from all angles and I am firmly convinced that the Board of Trade, together with public co-operation, could make life more rational, profitable, worthy and satisfactory to all concerned.

The many achievements in the various fields of labor above mentioned could be pushed still further ahead. A survey will show where improvement could be made. New territory could be opened up where the board's energies could find an outlet. To act properly is to think properly; to think properly is the hardest task. The universal end or purpose in life, and in nations, is to construct, to create, or grow. The ways and means for accomplishing that end are mutual service, or co-operative action. What is most needed is a larger experience, more comprehensive vision and greater tenacity of purpose. This latter quality seems conspicuous by its absence in the group and the individual of this community.

To come back to the concrete, there was an item in the published report of the last meeting of the Board of Trade as to the difference in the freight rates of Courtenay and Cumberland. Let me remind you that the Board of Trade requested that a wharf be built at Royston, and this request was granted, many years ago to meet this contingency. As far as the freight hauling by the Canadian Collieries is concerned, it is as insignificant as the proverbial plate of beans. The co-operation of the Canadian Collieries in

## Referee Burnip Got Team's Goat, Then They Quit

The Island League game between Nanaimo City and Cumberland United, at Nanaimo on Sunday last, came to an abrupt ending when the Cumberland players left the field after playing only 27 minutes, as a protest against the decisions of Referee Burnip, who ordered Kenney, the centre half of the Cumberland team, to leave the field for fouling Foster of Nanaimo.

### Team Should Not Have Left Field.

The alleged offence was only an ordinary occurrence even in professional games, and there was no reason whatever to justify Referee Burnip in sending Kenney to the side lines. During the progress of the game Kenney played clean football throughout, most of the charges for which he was penalized being permissible, according to the rules. However, the Cumberland players should not have left the field, but should have played the game out and then protested against Referee Burnip, who undoubtedly would have been disqualified for his actions in sending Kenney off the field of play.

From a spectator's point of view, they were the only ones who suffered, having paid their money to see the game.

### The Teams.

NANAIMO CITY.—Hughes, Stewart, Dickinson, Graham, McDougall, O'Donnell, Wylie, Smith, Foster, Stobbart, Styles.

CUMBERLAND UNITED.—Boyd, Mortimer, Campbell, Irvine, Kenney, Conti, Hitchens, Milligan, Appleby, Brewster, Harrison.

ground was in splendid condition.

There were over 2000 spectators present when the teams faced each other.

Nanaimo won the toss and Cumberland had to face a strong sun. Right from the kick-off Cumberland forced the pace through Appleby, their centre, who seemed to be full of dash. Both Appleby and Harrison had tries for goal but shot wide. After eight minutes of play Harrison sent in a well-timed cross; Dickinson, the Nanaimo back, faltered and Appleby rushed in and scored a good goal for Cumberland. Play was then very fast, Kenney of Cumberland being very prominent with his splendid manner in tackling and his good judgment in placing to his forwards. Hitchens being offside spoiled Cumberland's chances. The champions soon returned again, and Stewart gave away a corner in trying to clear his lines. Harrison took the kick but sent the ball past. Nanaimo then had a turn, and splendid football was displayed by both teams, more especially by the Nanaimo forwards and Cumberland defence, Kenney and Irvine being very prominent.

While being pressed, Mortimer fouled Stobbart within the penalty area, and Stobbart scored with a hard drive into the corner of the net. This result seemed to make the game all the faster, but Smith fouled Appleby when this player was on one of his dangerous rushes. Kenney took the kick but kicked past. A minute later Smith fouled Conti but Campbell kicked wide.

### Magnificent Save By Boyd.

Two free kicks in succession were given. Nanaimo against Kenney for tackling Foster. This let Wylie away on the right; after slipping the ball past Campbell, he tried Boyd with a stinging drive, but the Cumberland goalie cleared easily. A minute later Stobbart sent in a good shot, when Boyd saved the situation by bringing off a magnificent save; he was showing great skill in goal. The game had gone 25 minutes when Smith came in contact with Campbell's foot, and he had to be carried to the pavilion for repairs.

Nanaimo still continued the pressure and Cumberland's defence was working hard. While Kenney and Foster were jumping to head the ball, Kenney's hand went on Foster's shoulder; Referee Burnip blew his whistle and then ordered Kenney to the touchline. This, no doubt, was the means of the game coming to such an abrupt ending, when Cumberland left the field in protest.

The game only lasted 27 minutes, and during that period was the finest exhibition of football played on the Island for some time. Kenney was very prominent and the spectators re-

peatedly applauded his performance of tackling, placing and tricky work, outmanoeuvring his opponents. One goal was scored on each side.

### A Pernicious Influence.

Frederick had discovered Treasure Island the other day, and devoured it in one blissful feast, lasting from breakfast till bedtime, when he was forcibly pried loose from the book. He was obviously in a trance when he undressed; still, his demure mamma was not exactly prepared for the variation which he sprung when he came to say his prayers: "Give us this day our daily bread—yo ho ho and a bottle of rum."

Rastus had just rolled out three naturals to the gaze of his brunette opponent.

Snowball: "Say tah, Rastus, Ford dem dice! Ford dem dice!"

Rastus: "Whufoh yo' means 'Ford dem dice!'"

Snowball: "Yo' knows what Ah means; Ah means shake, rattle and roll, niggah; shake, rattle and roll!"

## Local Tradesmen Settle Difference

Two Young Business Men of the City Gave a Wonderful—and Weird—Exhibition of Boxing at the Monthly Boxing Carnival Last Saturday.

Damon and Pythias had nothing on Mr. Cavin and Mr. Dixon in the matter of friendship. Mr. Cavin was quite willing to allow that Mr. Dixon was the best tailor in town, and conversely Mr. Dixon allowed that Mr. Cavin, as a shoe salesman, was unexcelled. In all matters they were of one accord. Mr. Cavin was quite willing to wear clothes manufactured by Mr. Dixon, and the latter would even go to the length of wearing shoes sold by the former. Such was their great friendship.

One little cloud alone darkened the horizon of this perfect understanding. As a champion of the fistic arena each firmly believed he could put it all over his friend, Mr. Cavin casually stating that what Dempsey did to Carpentier would be merely an episode to what he could do to Mr. Dixon. On the other hand Mr. Dixon was willing to tell the world that if the two should ever don the mitts, the only possible result would be that his very dear friend, Mr. Cavin, would be put to bed with a shovel by the genial Mr. Banks, our efficient and energetic undertaker.

This little rift in the lute of perfect friendship could only be settled in one way. They agreed to meet in the ring, three rounds to a finish, at the next monthly boxing carnival held at the Miners' Hall. Accordingly on Saturday evening last, when the advertised boxing features had come to a successful end, the audience had the additional treat of beholding these two aspirants for fistic honors appear in the ring.

Their very creditable performance was much applauded. Indeed, some of the fans present laughed so heartily as to be in need of first aid to recover their wind. The fight by rounds was as follows:

### The Fight By Rounds.

The opponents shook hands. Mr. Cavin made a swipe at Mr. Dixon, which would undoubtedly have landed had Mr. Dixon not been engaged at the moment in rearranging the bedroom slippers which he was wearing as fighting shoes, and which he had inadvertently put on the wrong feet. After this they shook hands again. Mr. Dixon led a wicked jab for Mr. Cavin's nose and nearly had him, missing him only by about three feet. Mr. Cavin danced in and planted a terrific right about a foot from Mr. Dixon's jaw. This was followed by a clinch which the referee tried in vain to break, and which continued until the sound of the gong recalled the opponents to their corners to receive the welcome administrations of their seconds.

### Protests at Rough Treatment.

Round Two.—Mr. Cavin's glove landed with a smack on Mr. Dixon's stomach, who immediately appealed to the referee on a point of etiquette. The referee allowed the blow and the desperate fight continued. It was very apparent that Mr. Cavin had got Mr. Dixon's goat, for after some preliminary fox-trotting, Mr. Dixon aimed a furious swing at Mr. Cavin, which fortunately for the latter landed fairly on the referee's neck, much to his annoyance. Mr. Cavin smiled and walked over to the ropes to shake hands with a friend in the audience. Hostilities were resumed. Mr. Cavin again struck his friend, who protested energetically at such rough conduct. Mr. Cavin apologized in a gentlemanly manner, and promised that the mistake would not occur again.

### Clinches Referee.

Round Three.—Mr. Dixon led off with a right swing of such force as to turn him around three times, only saving himself from a bad fall by throwing his arms around the referee's neck. The force of his own blow must have in some manner dazed Mr. Dixon, for he clung to the referee, being evidently of the opinion that he was in a clinch with his opponent, and it was only after considerable half-choked remonstrance on the part of the former that he realized his error. However, he had managed to get in a few useful kicks on the referee's shins in the meantime. Perhaps after all he was not as dazed as he appeared.

In the interval Mr. Cavin had started for his corner to take a long and refreshing drink from his bucket and to roll a cigarette. Returning to the centre of the ring the contestants remembered that they had neglected to shake hands at the commencement of the final round, apologized to each other and remedied the omission.

By this time Mr. Dixon was thoroughly aroused, and friendship ceasing he made a vicious rush at Mr. Cavin, striking like lightning with either hand. The referee, not to be caught twice, dived under the ropes to safety.

Mr. Dixon gave a superb exhibition of shadow boxing, desisting only when, on opening his eyes he discovered that his opponent was sitting in his corner and had removed his gloves, under the mistaken impression that the fight was over.

### Not Aware Opponent Had Quit.

Upon the referee being coaxed back to the ring he announced that the bout was a draw, and trusted that he would never again be called upon to referee such a sanguinary battle.

Mr. Cavin and Mr. Dixon are still friends—greater friends than ever. There is now no difference of opinion, both being willing to allow that as a "box-fighter" the other is punk.

### IMPROVEMENTS ARE CONSTANT

Solutions of telephone problems are nearly always made in advance of necessity. Improvements are experimented with constantly so that the standard of service may be at all times the very best. It is not that a standard may be maintained, but that the standard may continue to be as close to perfection as it is humanly possible to have it. Problems of speed, accuracy and transmission are always before the telephone engineers, and the great and precise mechanisms through which the volume and complexity of telephone traffic is handled are mechanically perfect in the light of present invention.

### HIGH SCHOOL CLUB

The chief business of the High School Club last Friday was a bill brought in by the Hood Government providing for the nationalization of the medical profession and hospitals, with a per capita tax to cover the cost. It was argued that the time had now come when medical advice should be free to all. The opposition attacked the bill on the ground of unfairness of the per capita basis of taxation, and for many inconsistencies. After a lively debate the bill was passed.

At tonight's (Friday) meeting there will be a formal debate on the subject, "Resolved that steam is more useful to man than electricity." Visitors are welcome.

### JUNIOR FOOTBALL GAME AT UNION BAY SUNDAY

The junior footballers of the district again try conclusions this week-end teams representing Union Bay and Bevan will meet at Union Bay on Sunday afternoon. The winners of this game will meet the team designated as Cumberland on the following Sunday at Union Bay.

The teams for the first game have been selected as follows:

The team to represent Union Bay will be selected from the following: Walker (B.), J. Robertson (B.), W. Auchinvole (U.B.), A. Farmer (C.), Mazalini (U.B.), Johnson (U.B.), H. Strachan (C.), Nakamura (U.B.), Campbell (U.B.), H. Jones (H.S.), E. Searle (U.B.), R. Reid (H.S.), J. Wilcock (H.S.), Burns (H.S.).

Bevan—Buffy (C.), E. Boyd (C.), W. Walker (C.), Williams (B.), Fielding (B.), Lockart (C.), Parks (B.), Keenan (B.), Aitken (B.), R. Strachan (B.), W. Jones (H.S.), Freloni (C.).

A bus will leave the Post Office, Cumberland, at 2.30 on Sunday, to convey the players to Union Bay.

The letters in parenthesis denote: H.S., High School; U.B., Union Bay; C., Cumberland; B., Bevan.

Mr. Colville Graham is reported as making good progress following an operation in a Victoria hospital.

**FIRE MARSHAL MAKING INSPECTION OF BUILDINGS**

Fire Chief Parnham, who has been appointed Deputy Fire Marshal under the Fire Act, has this week been making an inspection of fire escapes and other facilities of buildings in the city, with a view to eliminating any dangerous conditions.

He intends to see that the requirements of the law in regard to dumping of ashes are observed. These must not be placed near buildings or fences, a very common and dangerous practice.

**Competitions With Courtenay Brigade.**

The Courtenay Fire Brigade has asked the Cumberland Fire Brigade to take part in friendly competitions on May 24 next. The local men have gladly accepted the request. The competitions will consist mainly of reel and hose exercises. Though the local boys have not had much exercise along this line of late, they intend to get down to practice and show the valley milkmen that Cumberland still considers itself second to none in the fire-fighting game.

### BEVAN NOTES

Mr. and Mrs. J. Rowley left for Nanaimo after spending a few days as guests of Mr. and Mrs. J. G. Quinn.

A splendid dance was held in the Bevan Hall on Saturday night last. Though the attendance was not all that was wished for, those present had a good time. The music, which was supplied by Mrs. Ralph Frost, Mr. W. A. Owen and Mr. Plump, was voted the best yet. Dancing was kept up until a late hour.

Mr. and Mrs. Matt Brown have moved to Cumberland, where they will reside in future.

Miss Walker of Victoria is visiting her sister, Mrs. Jones.

Mr. and Mrs. Arthur Barber left on Thursday for Vancouver, and will take passage from there to New Zealand.

### BEVAN BACHELORS BOUGHT AN ALARM CLOCK—WHICH DIDN'T

The new bachelor party at Bevan is having some difficulty about daylight saving. Having purchased a nice new alarm clock, warranted to arouse anyone, they set the alarm for 5 a.m., and went to bed with clear minds, figuring on the clock waking up the bunch. The first thing they heard was the morning mail going out. Some housekeepers!

### JOLLY SURPRISE PARTY.

One of the jolliest parties held during the past week was that which took place at the residence of Mr. and Mrs. Frank Bond, when the Lady Foresters gathered to spend "a surprise" on Mr. Bond. After the origination of the party had been explained, a presentation of a fountain pen was made to Mr. Bond as a token of the services he had rendered the lodge of Lady Foresters during its organization. Mr. Bond, in a few well chosen words, thanked the ladies for their gift, after which a merry time was spent.

### CHANGE OFFICE LOCATION

Mr. P. P. Harrison has moved his offices to the store formerly occupied by Mr. W. Willard. These premises have been enlarged and altered to suit Mr. Harrison's requirements, and are much more convenient than his former location.

Bill says he doesn't see no sense in both him and the grocer worrying about the same account. So Bill does not worry.

### CLUB WILL CONTROL ALL SPORT ACTIVITIES

A well attended meeting of the Cumberland Literary and Athletic Association was held on Wednesday evening in the club's lecture hall, when the question of taking over control of all sports and athletic activities, including senior football, the football field, the old band hall, and other sports generally, was fully discussed.

A committee of twelve, each associated with sport, was elected to go into the matter and draw up some method whereby the club could take over the control of these activities. The committee is holding a meeting Saturday night and will report to a general meeting later.

Mr. Charles Graham, who went to California to recuperate from the effects of his recent illness, fell a victim to an attack of the "flu" which is so prevalent in the south. Mr. Graham is in an hospital in Los Angeles, and telegraphic advice received yesterday states he is making satisfactory progress towards recovery.
