My dear Dr. Sanderson

Your information is in relation  
to me. For Heaven sake do not  
apologise for delay, for it makes  
me feel more guilty in  
being given you such ~~inaccurate~~  
truth. If the Liberator was based  
upon is supported by established  
scientific principles, & if, as I understand  
the question & the Liberator is  
connected with the party which  
represents the ferment of America  
must differ essentially from yours.  
Yours very truly  
Ch. Darwin
