PROVINCIAL LEGISLATURE.

On Tuesday (April 5) a motion to consider the bill regulating wagon tires was lost.—Mr. Higgins' municipalities amendment act was taken up, when Mr. Theo. Davie moved the following clause: "Notwithstanding anything in any act or ordinance contained it shall be lawful for any two justices of the peace having jurisdiction within any municipality through which a railroad passes at any time in their discretion, with the consent of a majority of the managing directors of such railroad, to grant a license to retail wines or spirituous or malt liquors within a radius of 500 yards from any railroad station." Hon. Mr. Robson said he was in favor of local option. The duty of the house was to legislate for the good of the people, and licensed houses should not be forced on them against their will and in the interest of railway managers. Mr. Beaven also objected and said that it was wrong to force upon municipalities what they did not desire. Mr. Grant thought persons wanting licenses should go to the proper authorities. Hon. Mr. Robson said Cowichan municipality was opposed to this kind of thing and what position he would ask would this house be in if it was going to force licensed houses upon them against their will. It was because they were opposed to them that this very motion was brought forward. It was a high handed proceeding. If the public can not travel 70 miles without going to a gin mill they had better carry pocket pistols with them. Mr. Croft knew something about this matter. The people of Cowichan were in favor of more hotels. Hon. Mr. Robson also knew something about this matter. He was in receipt of several petitions from Cowichan against the very thing which this motion proposed to force on them. The motion was carried on the following division: Ayes, Anderson, Orr, McLeese, Theo. Davie, Bole, John, Cowan, Mason, Martin, Thomson, Turner, Allen, Prior, Croft, Dunsmuir—15; Noes, Robson, Beaven, Higgins, Baker, Ladner, Grant, Stenhouse—7. Mr. Theo. Davie also moved that sect. 10 of the municipalities act 1886 be repealed. This section limited the use of a liquor license to the premises for which it was originally granted, and did not permit it being used in an addition or enlargement of such premises. The motion was carried.—In debating the game bill Mr. Prior proposed to strike out the clause prohibiting hunting on Sunday and Christmas day. In proposing this motion Mr. Prior made a very long apology to his conscience, and declared that every man ought to be permitted to spend Sunday as his conscience dictated. Hon. Mr. Robson opposed the motion, and so did Mr. Ladner. Messrs. Beaven, T. Davie, Baker, and others supported it. It was contended by some that as Sunday shooting was prohibited by the Sunday observance act, there was no need for the clause in the game act. Mr. Theo. Davie suggested that persons should not be allowed to shoot within two miles of any church on Sunday. The motion to strike out the Sunday shooting clause was carried, Messrs. Robson, Ladner and Bole voting against it. Having expunged this clause Mr. Theo. Davie then proposed to take a step further in invading the sanctity of the Sabbath. He moved to repeal that part of the Sunday observance act which prohibits Sunday shooting. The motion was defeated on the following vote: Ayes, Messrs. Theo. Davie, Prior, Stenhouse—3; Noes, Messrs. Robson, John, Beaven, Bole, Higgins, Baker, Grant, Turner, Dunsmuir, Croft, Allen, McLeese, Mason, Martin, Anderson—13.—The medical amendment bill was completed.—In reply to Mr. Higgins, Hon. Mr. Robson stated that it was the government's intention to survey the Northern Railway line as far as Comox this year. The attorney-general said the city of Vancouver had asked for a commission to enquire into the anti-Chinese riots, and the matter would be considered. Mr. Turner moved an address to the federal government asking for the establishment of life-saving stations on the west coast of Vancouver Island, which was carried. On motion of Mr. Semlin a resolution was passed asking the federal government to exchange its lands in the railway belt for lands in Peace River district. An address was carried to the federal government asking for the establishment of lighthouses on the straits, and a steam ferry between the C. P. R. terminus and Vancouver Island. Mr. Beaven made another attempt to prevent Mr. Theo. Davies' extraordinary clause relating to the granting of licenses by any two magistrates from becoming law. The attempt failed, however, and the clause was merely modified so as to require the magistrates to be residents of the place where the license is issued. Mr. Beaven brought forward a number of anti-Chinese resolutions, all of which were lost, and the business of the session came to an end.

BLAINE REPORTED ILL.

ST. LOUIS, April 9.—A special to the *Globe-Democrat* from Fort Gibson says: "Blaine was suffering from severe cold Sunday evening when he arrived at Gibson station. The government ambulance met the party at the station, but only the ladies of the party could be taken to the post. Next morning the ambulance returned for Blaine. He was able to sit up in the conveyance, but looked pale and thin. On reaching the post he went to the residence of Col. J. J. Coppinger, and has not been out of the house since.

ANTI-COERCION.

LONDON, April 9.—The anti-coercion meeting to be held in Hyde Park Monday promises to be the biggest out-door meeting ever held in London. Gladstone to-day issued to the miners in the north of Great Britain, the majority of whom are enthusiastic followers of him, the following letter, which amounts to a manifesto: "I cannot refrain from calling your attention to the meeting which is to be held in Hyde Park next Monday, and to which I understand tens of thousands of the workingmen of London intend generously to devote their holiday. If ever there was a time when it was to the interest of the English workman to bethink himself, this is the time. It is the first time when a coercion bill, if passed, is to be passed by England's votes alone, against the voices of Scotland, Ireland and Wales. It is the first time coercion has been proposed without any attempt by the ministry to shew, what we know they cannot shew, a state of exceptional and flagrant or growing crime. If England is to coerce Ireland for crime, Ireland can reply that relatively she has less crime than England. In my opinion a rejection of the bill is even more needed in England than by Ireland. For Ireland it is a question of suffering, and she knows how to suffer; for England it is a question of shame and dishonor. To cast away shame and dishonor is the first business of a great nation. May the meeting of Monday next ring the death knell of the worst, most insulting and most causeless coercion bill ever submitted to parliament."

THIEVES COME TO GRIEF.

SAN FRANCISCO, April 9.—A dispatch received here from Tombstone, Arizona, says: The *Epitaph* says that Mexican thieves who have been raiding the border of Sonora and Arizona came to grief a few days since. Officers at San Pedro captured two of them and shot them about four miles out from the custom house.

WHEAT.

CHICAGO, April 9.—California dispatches were received on 'Change today saying that wheat, except in southern counties, has been greatly relieved by rains, and that prices showed a disposition to decline.

The New C. P. R. Rates.

Chicago defeated St. Louis in the first world's championship series of baseball games on Thursday by a score of 6 to 3.

The *Mail and Express* says it was stated, on what is believed to be true authority, that there will soon be published a novel on Washington society from the pen of Mrs. Gen Logan.

In a fight between the members of the old and new cotton press councils at New Orleans Tuesday afternoon, Pat Gilchrist, yardsman, was shot and dangerously wounded by Alexander Paul, a colored yardsman.

The Canadian Pacific is compiling a new rate sheet to take advantage of the high tariffs imposed on American railroads by reason of the inter-state commerce bill. It is reported that merchants have already commenced to ship goods from New York down to the St. Lawrence and across the lakes to the Canadian Pacific; then across the continent to Vancouver, and this coast. This competition will be particularly effectual from Chicago and Pittsburg, and will, in the event of the commission refusing to suspend the long and short haul clause of the inter-state bill force the railroads to reduce their local rates so as to be able to compete with water lines on the through haul.

From Surrey.

(Correspondence of the Columbian.)

Spring has apparently opened up, but with an unusual supply of rain for this time of the season, which makes some of the ranchers think there is no money in farming in B. C., although some of them have made a very fair start.—Mr. Isaac, of Victoria, is breaking up a large piece of land on his farm in Langley.—A very sad accident occurred here last week. Master Eddie Wade, son of Mr. E. J. Wade, was drowned in the Serpentine river at the Coast Meridian bridge. The body, which was interred in the Clover Valley cemetery, had not been long in the water when recovered. Mr. Southreyd has rented the farm owned by Messrs. Arthur and Albert Milton, who do not intend to farm this summer, the former having gone up north on the survey.—I am happy to see that Mr. Gunn has kept to his word when he contradicted that "barn-yard object" and cut the work on Smith's hill on the Mud Bay road was not complete, as he is having some more repairs done to it.—The Elgin stage could not get to Westminster on Saturday last, on account of the numerous trees blown across the road, but the mail was taken in with considerable trouble.—Mr. Murphison is now busily engaged in framing timber for the construction of a new house.—The Rev. Mr. Tait delivered an excellent discourse in the Clover Valley school-house on Tuesday night.—The schooner "Lottie" has gone to Victoria to bring a cargo of goods for the Elgin store, which will in the future, it is thought, be a ready market for everything.

C P R RATES.

Report of the Committee.

They Find the Rates Exorbitant

The following is the text of the report of the special committee appointed by the local legislature to examine and report upon the rates of the C. P. R. The report was signed by the chairman, E. G. Prior:

Your committee appointed to consider the rates charged by the Canadian Pacific Railroad company beg to report as follows:

The following gentlemen came before them and gave evidence, viz.: Messrs. J. Mason, R. McLeese, G. W. Henderson, Jas. McIntosh, Capt. John Irving, C. Nelson, G. B. Martin and E. G. Prior.

That the evidence showed conclusively that the rates charged from point to point within the interior of the province, either going east or coming west, were most exorbitant and almost prohibitive.

That the rates from the Pacific coast to points in the interior were so high that it was proved beyond doubt that a mule train could compete successfully alongside of the railroad; a state of things that cannot be found to exist in any other part of the world.

That the industries of the province, especially that of mining, were materially hampered by the arbitrary behavior of the Canadian Pacific company in refusing to carry goods necessary for the prosecution of such industry except at such times and in such quantities as they (the company) desired, and without considering the interests of the shipper or shippers.

That it was shown the railway company could afford to carry goods at much cheaper rates than they did, as they frequently materially lowered their rates when pressure was brought to bear upon them, notably when a consignor threatened to send his goods by mule train.

That your committee had a telegram from Vice President Van Horne to Hon. John Robson, provincial secretary, placed before them, in consequence of which telegram they expected the rates would by now be placed on a basis satisfactory to all concerned.

That instead of the promised reduction in rates your committee is sorry to say that an enormous rise has just taken place. The inter-state commerce act of the United States, just passed, has had the effect of raising the rates of freight on all American roads, and the Canadian Pacific Railway company has followed their example and put up the freight rates to about the same figures, although the act passed by the United States of course in no way compelled the Canadian Pacific to raise their rates. This action of the railroad company shows very plainly that they are not trying to work their road in the interest of Canada, and the raised rates are so prohibitive that they practically drive the trade out of British Columbia.

Job printing of all kinds neatly done at the COLUMBIAN office. Prices will be found lower than at any other office in the province.—dw.

Over Sanguine.

In the last issue of the Whatcom (W. T.) *Reveille* we find an article in which it is predicted that before twelve months there will be 10,000 men building the railways necessary to connect the railway systems of Puget Sound and British Columbia. We are afraid our cotemporary is a great deal too sanguine, but we hope very sincerely that his most sanguine expectations may be fully realised. The article is as follows: "The long deferred bill granting a charter to the Southern Railway from Westminster, B. C., to the Whatcom county boundary line at Blaine, passed the provincial parliament on Wednesday last. This is the long deferred measure on the passage of which was contingent the connection between Bellingham Bay and the Canadian Pacific railway, and means a railroad boom for Whatcom. From the best information that can be obtained it may be announced that President Canfield, of the Bellingham Bay Railway and Navigation Company, President Cornwall, of the Bellingham Bay and British Columbia Company, and Vice-President Van Horne, of the Canadian Pacific, are now endeavoring to unite upon a plan of operations whereby the connecting link between the Northern Pacific and the Canadian Pacific, with terminal points on Bellingham Bay, may be constructed at the earliest date possible. Signs of the times would indicate that ten thousand men will be engaged in the work of constructing these lines within the next twelves months. The outlook for Bellingham Bay and Whatcom county has never been brighter than at the present time."

The Session.

Although nothing startling in the way of legislation was accomplished at the session of the provincial legislature which closed on Thursday, some very important bills have been passed. There were 38 acts passed in all. Among the most important may be mentioned the act to aid the development of quartz mines. We have frequently referred to the fact that this province is probably on the verge of a great and important quartz mining boom. The extent and richness of our quartz lodes can no longer be said to be a matter of speculation. They are vast in extent, and rich beyond computation. But the ore is of such a character that it cannot be worked profitably without a very large outlay in the necessary machinery and appliances. Hitherto ignorance of the proper mode of treating our ore, and the amount of capital needed to set up a successful quartz establishment, have been sufficient to prevent any person from venturing upon this most promising field. The inducement held out by the bill just passed will, we hope, be sufficient to set the machinery in operation. Just as soon as one company has succeeded in overcoming the difficulties which have hitherto stood in the way, there is no fear but there will be plenty more to follow. The session has likewise been most prolific in railway legislation. Three new railway charters have been granted, two of which are for this district, and bills were also passed granting aid to the Kootenay & Athabaska Railway and the Shuswap & Okanagon Railway. It now remains to be seen whether the Dominion government will carry out the policy it has been hitherto pursuing and veto the Westminster Southern Railway bill. We hope this will not be done. There does not seem to be a shadow of reason to doubt that this road, if built, will be an important feeder for the C. P. R., especially since the passage of the interstate commerce bill. We hold still that the disallowance clause of the C. P. R. charter cannot legally be enforced in British Columbia, but if it could, the enforcement of it in the case of the Westminster Southern would certainly not be in the interest of the C. P. R. These, with the million dollar loan act, are among the most important of the session. The session has been characterised by manifestations of great partisanship on the part of the opposition, and by the exhibition of much personal ill feeling by the member for this city and the junior and tertiary members for the district. A lot of time has been wasted over discussions in which there was no practical utility, and in calling for papers and correspondence for the purpose of airing imaginary grievances. This is to be regretted, for it costs the country a great deal and is productive of nothing but evil. If we must have party government, let us endeavor to conduct it in the interest of the public at least, and not for purposes of personal gratification or revenge.

R. Sullivan, Malcolm, Ontario, writes: "I have been selling Er. Thomas, Eclectric Oil for some years, and have no hesitation in saying that it has given better satisfaction than any other medicine ever sold. I consider it only a medicine that cures more than it recommends to cure." Unprincipled persons are selling imitations of Dr. Thomas' Eclectric Oil. Do not be deceived.

The Yale Assizes.—Officer Campbell, of Esquimault, arrived by the Yosemite with a crazy Chinaman for the asylum. One would suppose, from the number of lunatics that arrived lately from the inland city, that Victoria had suddenly got the crazy craze.

Gun Practice.—The four contestants, Messrs. Reid, White, Cunningham and Davidson, who came out best on the occasion on last Queen's birthday, yesterday had a try for the championship. They did poor work, however, none of the shots coming near the target. We have not been able to learn the order of merit.

The West Shore.—We have the March number of this very excellent monthly. The illustrations, as usual, are exceedingly attractive, and the matter is very interesting. We understand that Mr. Samuel is preparing to issue a British Columbia number of the West Shore shortly, and we are promised something altogether superior to all previous efforts in this direction.

Educational Meeting.—We beg to remind our readers of the public meeting to be held in the Skating Rink next Monday night in connection with the teachers' institute. In addition to addresses on educational matters there will be music. Admission will be by tickets, which may be had, without charge, on application to the President (Mr. D. Wilson), the Secretary (Mr. Coatham), or at Mr. Ellard's dry goods store.

City vs. Wintemute.—This case was finally disposed of this morning at the police court. The police magistrate, after duly weighing the evidence on each side, expressed himself of opinion that the by-law had been violated. He pointed out that if defendant wished to appeal against the verdict he could, without any difficulty, carry the case to the county court and there have the case further ventilated. Defendant was fined $1.

Is it Bribery?—The provincial secretary of British Columbia is alleged by the local leader of the opposition to have acted corruptly during the last provincial election. The corruption consisted of promising public works, such as roads, in return for support at the polls. The British Columbians must be extremely straight-laced if they call this bribery. Our best statesmen conduct their campaigns on the public works basis, and the standard of public morality has been elevated to the top of the flag-pole here.—*Toronto Mail.*

Chinese Restriction.—It is reported in Ottawa that at the approaching session of parliament some amendments will be proposed by the government to the Chinese bill, which at present admits of fraud and imposition being practiced on government officials by the unlwful use of certificates which are granted to Chinamen on leaving the country. These certificates are either sold or given to their countrymen in China desiring to come to Canada, who thus, on entering the country fortified with these certificates, escape the tax of fifty dollars per head.

Assaulting a Chinaman.—Sam Trapp was up before the P. M. this morning, on the information of Lee Koy, charged with assaulting Ah Hue, a celestial whom he had employed. Plaintiff stated that he had asked defendant for some money he owed him, when defendant kicked him and otherwise maltreated him. Defendant pleaded that the plaintiff had stolen some things from defendant's house and had drawn a knife on Mrs. Trapp. In reference to the assault he said that he had merely frightened the Chinaman, causing him to jump over his balcony, thus accounting for his bruises. Deft. was fined $5 and costs.

Presbyterian Grants.—The Presbyterian Home Mission of Canada has given the following grants to B. C. mission stations; Spallumcheen, $400; Kamloops, $500; Nicola, $400; Langley Group, $300; Victoria, $400; Alberni, $600 (or $8 per Sabbath for a student missionary); Richmond, $300; Spence's Bridge, no grant asked at present. The transference of Donald to the Columbia Presbytery from that of Regina was remitted to the Presbyteries specially interested to report on at a future meeting. The Rev. G. C. Patterson, of Beaverton, was appointed to British Columbia to reinforce the present staff. Other appointments may be made before the rising of the committee.

Teachers' Institute.—New Westminster Teachers' Institute met this morning in the high school building at 10 a.m. D. Wilson, B.A., president, occupied the chair. After reading of minutes and enrolment of members a discussion relative to question drawer took place and arrangements were made for their discussion at Monday's afternoon session. The following were appointed a committee to answer the questions:—R. L. Reid, A. Gilchrist, and Miss Rogers. This concluded this morning's session. This afternoon's session opened at 2 p.m. After reading minutes and enrolment of new members, Miss F. E. Armstrong, and Miss Todd, of Victoria, were elected honorary members. Attention was then devoted to the programme. A. Gilchrist read a paper on Composition Work, which was well received. The subject of the paper was then discussed freely, the following members taking part: R. L. Reid, Miss F. E. Armstrong, R. S. Hanna, R. J. Plaxton, D. Wilson, B. A., R. Dockrill, and W. C. Coathain. The meeting then adjourned until this morning. The following is the list of members enrolled: Miss G. McBride, Miss E. Rogers, Miss N. Gilley, Miss M. J Norris, Miss E. A. Davidson, Miss Dockrill, Miss F. E. Armstrong, Victoria; Miss R. Todd, Victoria; Miss M. M. Harding, Mt. Lehman; Miss M. L. Harding, North Arm; R. L. Reid, Clover Valley; O. Gilchrist, Ladners; D. J. Howay, Boundary Bay.

A lady from Syracuse writes: "For about seven years before taking Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, I suffered from a complaint very prevalent with our sex. I was enable to walk any distant or stand on my feet for more than a few minutes at a time without feeling exhausted, but now I am thankful to say I can walk twomiles without feeling the least inconvenience." Uncle Tom's Cabin.

Monday evening this ever-popular play will be presented at the Drill Shed by a company which comes well recommended. The scenery is especially fine, and the plantation scenes are said to be realistic. Among the company are the celebrated jubilee singers and a pack of large blood hounds. The play, as presented by Ewing's company, is a new version, several novel features being introduced.

The Mock Parliament

Was successfully opened on Thursday evening. Long before the hour for the ceremony had been announced the gallery of the hall was packed with ladies and gentlemen. Shortly after eight o'clock the members were sworn in, and immediately his excellency the governor general entered the house. His excellency was accompanied by his private secretary, Col. Wilson, of the Kent 90th, and Aide-Major Grant, of the Hawkesbury Finbacks. Both his excellency and suite wore very brilliant uniforms. With stately bearing the vice-regal procession proceeded to the throne. Then, in stern, historic tones, the usher of the black rod, T. J. Armstrong, in all his robes of office, proclaimed that the governor general wished the house to elect a speaker. The unanimous election for this important office of Peter Grant, member for Cow Bay, then followed. The honorable speaker immediately retired to ante-room and, immediately, appeared in flowing robes. The speech from the throne was then delivered and afterwards T. J. Armstrong, representing Alberta, N. W. T., was chosen as deputy speaker. Kennedy, for New Westminster, moved a reply to the speech, and Currie, for Winnipeg, seconded it. The house was then adjourned until Tuesday next. We understand it is the intention to open the door to the public again in about four weeks time. Spectators expressed themselves much delighted with the whole evening's programme.

The people of this country have spoken. They declare by their patronage of Dr. Thomas' Eclectric Oil, that they believe it to be an article of genuine merit, adapted to the cure of rheumatism, as well as relieves the pains of fractures and dislocations, external injuries, corns, bunions, piles, and other maladies.

C. P. R. Steamers.

The First Boat of the New Line to Sail May 1st—The Time Table.

With the beginning of the next month the Canadian Pacific Railway will have completed arrangements for providing transportation round the world or anyway, for two-thirds the distance. The first of their fine new line of steamers will leave Hong Kong on Sunday, May 1st, and arrive at Vancouver, B.C., on May 20th, calling at Yokohama en route. After that time steamers will leave each of the before-named ports every four weeks for the first month or two, and subsequently every three weeks. The time-table is as follows:—

PROPOSED TIME-TABLE FOR PACIFIC STEAMERS.

One despatched every month.....	26 days
Time in port at Yokohama going to Vancouver.....	5 days
Time in port at Vancouver discharging and loading.....	10 days
Time in port at Yokohama returning.....	5 days
Time in port at Hong Kong discharging and loading.....	17 days
Returning time, Yokohama to Vancouver [18 days].....	18 days
Returning time, Vancouver to Yokohama [18 really].....	19 days
Returning time, Yokohama to Hong Kong.....	7 days
	84 days

Crossing latitude 120, bound to Vancouver, steamer gains one day.

Crossing latitude 180, bound to Yokohama, steamer loses one day.

Seven Years of Suffering persons who have vainly sought remedial help from other sources, have obtained the longed desired relief from Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which puts a stop to the torments of Dyspepsia: renews activity of the Bowels and Liver, relieves maladies incident to the gentler sex, and builds up failing health and strength, gives purity to the blood, and tone to the whole system.

Communications.

Insect Pests.

Editor Columbian.—Some of your readers in the agricultural districts may not be aware that the Dominion government has attached an officer to the department of agriculture at Ottawa whose special duty and pleasure it is to afford to agriculturists and horticulturists all possible information as to the most approved methods of dealing with the insect pests against which they have occasionally to wage war. Timely communication with Mr. Jas. Fletcher, (whose address is—Entomologist of the Department of Agriculture, Library of Parliament; Ottawa), will insure an immediate and courteous reply and may be the means in many cases of saving much valuable time and money. It is advisable, whenever practicable, to forward to Mr. Fletcher specimens of insect pests; and in any case where more convenient to leave them at my office in Westminster, I will be happy to preserve and pack them and despatch them at once to Ottawa.

Note.—All communications and parcels to Mr. Fletcher are post free.
Yours truly, Alexr J. Hill.

W. H. JENKINS

CHILLIWHACK,

Has made arrangements with John Elliot & Sons' Agricultural Works, London, Ont., to furnish him with all kinds of

Farming Implem'nts!

FOR B. C.

Mr Jenkins feels he can suit the Farmers in every style of Implements and guarantees his Machinery first-class, or no sale. He will also keep all kinds of Repairs for Machinery at Chilliwhack and Westminster—consequently Farmers will not hereafter be required to go to Victoria or Ontario for their repairing. Mr. Jenkins has been in this business thirty years. Everything he sells has been made in the last six months, and on the latest improved pattern.

He has on hand the far-famed

Champion Seed Drill

AND BROAD CASTER,

Made in Oshawa, Ont, by Coulthard & Scott; no equal or no sale.

Among his Stock are the following:

Milwaukee Junior 2-horse Binders

5-ft. cut, weight only 1100 pounds.

TESTIMONIAL.

Messrs. John Elliott & Sons.

DEAR SIRS:—We are very pleased to give our testimony to the very satisfactory manner in which your Self-binding Reaper, "The Milwaukee Junior," has cut a good English crop of wheat.

The crop, except in a few bare places, would average from 35 to 40 bushels per acre, perhaps more, and in places certainly more.

We only had two horses to work it, and from considerable experience in the working of Self-Binding Reapers, we should, without hesitation, say it went as easily with two horses as some others with three. The Knotter tied beautifully, and we are extremely pleased with the simplicity of it.

We should add that our client, Mr. Olney, on whose farm we were working, says it is the best machine he has seen work. We cut about 8 acres in 8½ hours.

We are, Yours very truly,
BURLINGHAM, INNES, & PATERNOSTER.
London, England.

Triumph Single Reaper,

One of the strongest and latest patterned in the market.

Warrior Mower,

No equal on rough ground; handled and sold it for the last seven years and always found purchasers satisfied.

Champion Hay Rake,

Stands higher on its wheels and is stronger than any other; any small boy can dump it.

Moline Sulky Plow,

Now universally used in the U. S.; either sod or stubble; made entirely of steel.

Steel Disc Harrow,

For breaking up sod and summer fallow—none like it.

Dimor's Harrow,

With sixty steel teeth.

One Hundred Plows

Of all different patterns, and of every description—breaking plows, stubble plows.

I X L Grain Grinder,

Grinds every kind of grain, 15 to 25 bushels an hour; also

Phenix Grinder.

Also on hand the celebrated McCloskey Separator, and the celebrated Waterous Fire Proof Champion Engine (either horizontal or upright), both these are too well known to need recommendation. He buys them wholesale and is consequently able to sell them very cheap. He keeps also a complete supply of Larmouth & Co's renowned Horse Powers, Threshing Machines, Drag and Circular Sawing Machines.

Agent for all kinds of Wagons.

Call and see me before going elsewhere.
