# DAILY BRITISH COLUMBIAN.

VOLUME 1 | NEW WESTMINSTER, B. C., TUESDAY EVENING, DECEMBER 7, 1886. | NUMBER 110

## Daily British Columbian

Tuesday Evening, December 7, 1886.

Two hundred divorce suits were docketed for trial before the courts of Providence, R. I., last week. Divorce in that state is more easily obtained than in any other state, not excepting Indiana. A bill is to be presented to the legislature at the January session to extend the term of legal residence to three years instead of one, which, if passed, will make Rhode Island a less desirable place for divorce-hunters.—*Ex.*

The new issue of the *Revue des Deux Mondes* contains an elaborate article on the financial situation in France, by M. Cucheval-Clarigny. It is the darkest picture of the kind, says the London *Standard*, we have ever seen, and there is more to follow. Ever since M. Gambetta, in his dangerous devotion to the faith that if a government is to be rooted in the confidence of the people it must lavishly spend, induced the Republican party to embark on a course of wild extravagance in public works, the finances of France have become increasingly involved. M. Clarigny accuses successive ministers of malversation and systematic deception. The great curse of the treasury has been the extraordinary budget. All public works have been put in it. The sole means of meeting the outlay these works caused was borrowing, and loan followed loan fast. This brought augmented ordinary expenditure. Then, as deficits appeared, they were concealed by cooked budgets. Ordinary charges were thrown into the extraordinary budget and paid for out of loans, and device after device was resorted to raise money. The savings bank deposits were first appropriated, and then the funded and the floating debt gradually grew until it stands at somewhere about £140,000,000—the largest debt of the kind, M. Clarigny says, that any nation ever bore up under. Capital is being withdrawn from the trade of the country to keep the government afloat, and the occasional fundings of little bits of the floating debt but stave off, if they do stave off, the day of reckoning. As usual, free borrowing has accompanied by criminal extravagance and reckless disregard of honest finance, and now bankruptcy is staring the nation in the face.

Col. Ingersoll, the well-known lawyer, orator and politician, declared himself for Henry George in the New York mayoralty contest, and gave the following reasons, in which there are bits of philosophy that may be useful to the working men themselves: "Personally," said Ingersoll, "I am for Henry George. I want to give the workingmen an opportunity of showing whether they are intelligent enough and honest enough to stand by each other and vote the same way they march. We see processions of thousands upon thousands of workingmen, carrying all kinds of banners, and among other things saying that the workingmen must stand together. Now they will have their opportunity. Henry George is an intelligent man; something, it may be, of an enthusiast; without doubt, honest, and above all things, a true friend of the working people. Now I want them to stand by him, and to vote for him, and I am on that side myself. My judgment is that this labor question will enter largely into the next presidential campaign. I would like to see the laboring men succeed. I would like to see them have a majority in congress and with a president of their own. I would like to see this so that they could satisfy themselves how little, after all, can be accomplished by legislation. The moment responsibility would touch their shoulders they would become conservative. They would find that making a living in this world is an individual affair and that each man must look out for himself. They would soon find that the government cannot take care of the people. The people must support the government. Everything cannot be regulated by law. The factors entering into this problem are substantially infinite and beyond the intellectual grasp of any human being. Perhaps nothing in the world will convince the laboring man how little can be accomplished by law until there is the opportunity of trying."

Messrs. Parker & Laird, of Hillsdale, writes: "Our Mr. Laird, having occasion to visit Scotland, and knowing the excellent qualities of Dr. Thomas' Eclectric Oil, concluded to take some with him, and the result has been very astonishing. We may say that in several instances it has effected cures when ailments had been pronounced incurable by eminent practitioners."

**Public Notice**
New Westminster Public Library.
THE UNDERSIGNED (THANKS TO the kindness and permission of the Mayor and City Council) two weeks ago reopened the Public Library, and takes this opportunity to offer an invitation to residents of New Westminster to pay him a visit. Papers and Magazines from all directions are received for patrons and visitors, and more will be added in case a reasonable support is obtained. The terms are 50 cents a month, *in advance*, as papers, &c., are paid for in advance. This will amount to about 2 cents a day, or the cost of *one* cigar for seven days permission to see news from all over the world, and elegant books which may be changed every 24 hours! There is no compulsion about this, but those who believe in getting out of the rain and who can enjoy a decent fire will doubtless appreciate this institution. Ladies and strangers are free, so doubtless all the parties who believe in Blue Ribbon will come forward at once and join this attractive affair, both for their own credit and that of others. Come one, come all, and you will be attended to by one who can soap all classes, viz.:
Yours Respectfully,

# Daily British Columbian

Tuesday Evening, December 7, 1886.

During the progress of the Campbell divorce case, which occupies so much space in some newspapers, a great many disgusting details have come out. Commenting upon these things a portion of the American press takes occasion to say that they indicate the existence of a dreadful condition of immorality among the titled classes of Great Britain. This is doubtless true, but these American editors lose sight of the circumstance that Lady Campbell, one of the parties in the case, and one against whose character very damaging evidence has been given, is to all intents and purposes an American, the daughter of the notorious Victoria Woodhull, of New York, the representative of American "free love." It is by no means certain that this woman is not the real sinner, and that the case she brings against Lord Colin Campbell is made up for the purpose of "getting even" with him. Hitherto the evidence has been so conflicting that one can form no intelligent idea as to which is the guilty party, or whether they have been both alike criminal. There are among the British aristocracy a great many men and women whose proper place would be behind grated windows or in the chain-gang.

The principal charge brought against the government of Mr. Mowatt in Ontario is its reported alliance with the Roman Catholics. It was the growing influence of popery in Canada, and the subserviency of both the Toronto and Ottawa governments to that influence that induced the Toronto *Mail* to declare its political independence and hoist to the mast-head the flag of Orangeism and prohibition. There has always seemed to be a doubt as to the *Mail's* honesty, and we must say not without reason, for it has scarcely been consistent in all respects with its new professions. And it may be doubtful whether the popery cry is either wise or justified by the circumstances. Those who accuse Mr. Mowatt of being under the thumb of the Roman Catholic archbishop have not been able to furnish evidence of the correctness of their suspicions. Indeed the Ontario premier, who is himself a member of the Presbyterian church, has received many assurances of continued confidence from Protestant ministers of high standing, such as Rev. Principal Caven and Rev. Dr. Stewart. Unless the grounds for alarm are very plain and unmistakable, it does not seem to us wise to arouse religious animosities where the result is likely to be evil rather than good. The Ontario Conservatives, however, are making the most of the situation.

The Pacific province is now turning its attention to hop growing for the eastern markets, and a few days ago the first shipment of hops was made to the east. Over fourteen thousand pounds were consigned to a Montreal firm. The British Columbia papers give a very unsatisfactory piece of intelligence, however, when it is stated that the consignment was despatched via the Northern Pacific Railway, a more favorable rate being made by that company than with the Canadian Pacific Railway. This, if reliable, is not as it should be.—*Montreal Herald.* We give this as a sample of the stupid things which sometimes find their way into eastern newspapers. The Pacific province is not turning its attention to hop growing, and exports no hops at all, consequently the story about our hops going over the Northern Pacific Railway instead of the C. P. R. is a pure fabrication. It frequently happens that newspapers in Great Britain make an exhibition of great ignorance when referring to Canadian affairs, and on these occasions the Canadian press makes it lively for the British. But we are afraid our eastern Canadian contemporaries are not less ignorant of British Columbian affairs than Londoners are of the affairs of Canada. By the way, we find the item above quoted appearing as original in the editorial columns both of the Montreal *Herald* and Winnipeg *Sun!* One of them must have stolen it, or perhaps it was stolen by both!

## Earthquake Courtship.

That is an ill wind that blows good to none was aptly illustrated in the case of a young Charleston, S.C., couple who were doing their courting in a back parlor when the shock came. Though badly frightened, the youth was equal to the emergency, and when the lights were extinguished, the air filled with dust and the walls rattling about him, he clasped the girl of his choice to his heart and exclaimed, "We will die together." Silence gave consent in the girl's case, and when the rest of the family made their appearance they found the twain locked in statuesque embrace. Other lovers have "caught on" to the idea, and even as far west as our own town have learned to do the earthquake act.

NOTICE IS HEREBY GIVEN THAT application will be made to the Legislative Assembly of the Province of British Columbia, at its next session, for an Act incorporating the applicants with sufficient powers to enable them to reclaim certain lands situate in the District of New Westminster in the Province of British Columbia, which may be described as all those tracts of marsh and meadow land being subject to overflow, and isolated portions of upland comprised within the boundaries of the same, bounded as follows, viz.:

First. Westwardly and Northwardly by Pitt River and Lake; Southwardly by Fraser River; and Eastwardly by the main uplands of Townships 9, 12, and 42, of Group One, New Westminster District.

Second. Eastwardly by Pitt River and Lake, and Westwardly and Northwardly by the Coquitlam River and the upland of Townships 39, 40, and 41, of Group One, in New Westminster District aforesaid, and Southwardly by the Fraser River.

And for imposing charges of assessments upon such of the said lands as may have been granted by the Crown, proportionate to the benefit which may be derived therefrom, to satisfy the cost thereof, upon such terms and subject to such conditions as may be just and for enabling the applicants to acquire and hold any such lands whether granted by the crown or not, upon such terms and conditions as shall seem just.

## AFTER DINNER.

Persons who suffer from Indigestion can arrest the progress of that painful malady by the use of an **after-dinner pill**, so composed that it will give tone to the stomach, prevent heartburn, rouse the liver to healthful action, invigorate the kidneys, and thus, through the activity of these organs, promote the natural movement of the stomach and bowels. AYER'S PILLS are so compounded that their action, though mild, effectually produces the above results. They also, in curing Constipation, remove the cause of Biliousness, Liver Complaint, Kidney Disease, Rheumatism, and many other serious ailments.

## AYER'S PILLS

contain no mineral nor poisonous substance, and do not gripe unless the bowels are irritated, and even then their influence is healing. To continue their effect in constipated or chronic cases, they need only be taken in diminishing instead of increasing doses. For seamen, and inhabitants or travelers in sparsely settled countries where physicians are not at hand, they are of inestimable value. There is hardly a sickness they will not alleviate, and in most cases cure, if taken promptly. To young girls just entering upon womanhood, and to women whose period of maternity is drawing to a close, Ayer's Pills, in moderate doses, merely sufficient to ensure regular action of the bowels, will be found of

**Incalculable Value.**

PREPARED BY
**Dr. J. C. Ayer & Co., Lowell, Mass.**
Sold by all Druggists.

Purge out the lurking distemper that undermines health, and the constitutional vigor will return. Those who suffer from an enfeebled and disordered state of the system, should take Ayer's Sarsaparilla to cleanse the blood, and restore vitality.

It is said that if Andrew Jackson heard a lamb bleat in the night he would get up and see to it. That's nothing. We know a man right here in New Westminster who is so tender-hearted that if he hears a kitten, even an infirm one, cry in the night, he will jump up and look after it—with a gun.

**Before the Bench.**—Charlie Shon, a Spaniard, was brought before Capt. Pittendrigh and P. McTiernan, J. P's, this morning, charged with supplying gin to "Sleepy," an Indian. Mr. Leamy appeared for the defendant. The Indian swore that he had received the liquor from the accused, but this was contradicted by others whom he had told that he received it from a Chinaman. The defendant was discharged and "Sleepy" fined $ and costs for having been drunk. The former is an old timer of the Royal city, and has always been well behaved.

Presbytery of British Columbia.—A special meeting of the Presbytery of British Columbia was held on Monday in St. Andrews church in this city, the Moderator, the Rev. Mr. Jamieson, presiding. The name of the Rev. Alex. Tait, who has been appointed to the charge of the Langley, Maple Ridge and Mud Bay congregations, was added to the Presbytery roll. The call to the Rev. Thomas Scouler, Erskine church, Hamilton, Ont., to the pastoral charge of St. Andrews church this city, was sustained and forwarded to the Presbytery of Hamilton. Accompanying the call is a guarantee from the congregation of a salary of $1500 per annum and a free manse. Arrangements were made for the induction of Mr. Scouler in the event of his accepting the call, as follows: The Moderator to preside; the Rev. A. Tait to preach the sermon; and the Rev. D. Fraser, Victoria, and the Rev. T. G. Thomson, Vancouver, to address the pastor and the people upon their respective duties.

Wedding Bells.—One of the most notable marriages in railroad circles occurring for years took place last night at the residence of Mr. Fred Taylor, corner Missouri and Kansas streets. The contracting parties were Mr. George W. Pierce, West Virginia, and Mrs. Lucy Scott, of New Westminster, British Columbia. Rev. J. Scroggins officiated on this happy occasion, performing the ceremony in a very impressive manner. The little son and daughter of the bride stood up with their mother, while Mr. H. T. Griffith, a best man, represented the groom. The part taken by the children added greatly to the impressiveness of the occasion. The bride was most elegantly attired in rich lilac Lyons silk, trimmed with valenciennes lace of costly texture, the whole forming a costume of marked elegance and richness, heightened by the inimitable grace of the wearer, whose beauty was complimented by and complimenting to her exquisite appearance on this occasion. The groom wore simply a becoming countenance and joyous look in addition to the costume de rigeur wore on such occasions. After the performance of the ceremony adjournment was made to the dining room, where an elegant spread awaited discussion. It is needless to say that the good things provided were dispatched with great gusto by guests, and well-wishings to the happy couple were made over bumpers of sparkling wine. Among the invited guests we noticed Mr. G. F. Pierce, of West Virginia, brother of the groom; Mr. and Mrs. W. A. McNiel, of Tucson, Arizona, Mrs. Mattie Sanders and a large number of friends of the groom. Mr. and Mrs. Pierce left this morning for the east, to pass the honeymoon in West Virginia. The best wishes of *The Inter-Republics* follow them. *The Inter-Republics* begs leave to return thanks to Mr. and Mrs. Fred. Taylor for many courtesies and kindnesses most highly appreciated and to be most carefully cherished.—*El Paso, Texas, Inter-Republics.*

## Passengers Per C.P.R.

By Telegraph.

Beaver, Dec. 7.—The following passengers passed this place on the Pacific express to-day, and are due at New Westminster and Port Moody to-morrow: C. H. Segar, H. Hollingshead, H. Backworth, Mrs West and child, H. F. Morace, J. Riley, E. Bodwell, C. C. Edwards, W. Dockerall, E. J. Clark.

## Personal.

Rev. J. A. Woods came up from Ladner's Landing to-day.

Assist.-Supt. Downie returned to Port Moody yesterday.

Vice-President Van Horne did not come to this coast as was expected.

Rev. Thomas Haddon left this morning to visit his family at Salt Spring Island.

We are sorry to learn that Mr. A. J. Alport, City Clerk, was so unwell as to be unable to attend as usual to his official duties yesterday. On account of the constant increase of municipal business Mr. Alport has been very much pressed with work of late, and will doubtless return to his wonted condition after a short rest.

## City Council.

The regular weekly meeting of the city council was held last evening. Present, his worship Mayor Dickinson, in the chair, and Couns. Bonson, Elliott, Lord, Calbick and Shiles. In the absence of Mr. A. J. Alport, city clerk, the minutes of the previous meeting were read by Mr. Jas. Robinson and were adopted.

COMMUNICATIONS.

From W. H. Vienman, applying for a duplicate of a $10 check the original having been destroyed. Received.

From A. Ewen, applying for a renewal of his lease of water frontage from lots 14 to 18 inclusive. Lease to be granted under the usual conditions.

From J. B. Good, notifying the council that a half-year's rent on the Dominion reserve at Sapperton occupied for railway purposes was due. Clerk authorized to remit $25.

A petition was received from Messrs. Jackson, Quilty, Walsh, Bole, and others to open up a street in block 10, back of lots 18, 19, 20 and 21. Petition granted and board of works authorized to act.

REPORTS

His worship said having consulted the city barrister he had employed the services of Dr. Smith in connection with the case of the Indian woman said to have died under suspicious circumstances. The doctor reported that having examined the body of the deceased he was of opinion that she came to her death from burns already referred to. Report adopted.

His worship reported the receipt of the following telegram from Supt. Abbott of the C.P.R.: "Is the council satisfied with the bond as proposed? If so the company is prepared to execute it." To which his worship replied: "Our solicitors advise that the bond as already settled should not be changed until the legal questions as to the powers of the company are settled, but have no objection to company's bond afterwards." Report adopted.

Coun. Shiles reported that in the opinion of the police committee no overcoats were necessary for the policemen. Reported adopted.

His worship reported that the city had on hand over $9000, receipts from land sales, which could easily be increased to 10,000. He recommended that the finance committee be empowered to purchase city debentures to this extent at once. On motion the finance committee were authorized to make the purchase.

Coun. Elliott reported that the Royal City mills offered to fill up the area at the foot of Columbia street for $250 which he thought was rather too much. Report adopted.

Bills and accounts were received as follows: Dr. W. A. DeWolf Smith, $25; W. E. Fales, $4; T. J. Trapp, $4; Jas. Cunningham, $6.12; *Mainland Guardian*, $72.40; F. Forrest $80; W. Dicker, $37; New Westminster Gas Company, $72.70.

Mr. Jas. Robinson was appoined returning officer. By-law reported from committee complete with amendments. Read a third time and passed.

Coun. Shiles moved that the returning officer be requested to take precautions to prevent voters from casting their totes for mayor in more than one ward. The motion was endorsed by the whole council and passed.

On motion Mr. Robinson was appointed to assist Mr. Alport in finishing the municipal accounts up the end of the year.

Council adjourned till 7:30 on Monday evening next.

Mr. T. C. Berchard, public school teacher, Norland, writes: "During the fall of 1881 I was much troubled with Biliousness and Dyspepsia, and part of the time was unable to attend to the duties of my profession. Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure was recommended to me, and I have much pleasure in stating that I was entirely cured by using one bottle. I have not had an attack of my old complaint since, and have gained fifteen pounds in weight."

## This Afternoon's Despatches.

Press Despatches.

San Francisco, Dec. 7.—One thousand dollars reward has been offered by John T. Hill, one of the creditors of the absconding stock broker Baldwin Gardiner, for the latter's arrest.

Pittsburg, Dec. 7.—A sudden and heavy decline in oil to-day caused a panic at the exchange and the dumping of a large lot of certificates on the market. The session opened weak, feeling bearish, field news having a depressing influence. The first sale was made at 80 and a gradual decline to 77 followed. Prices then remained without material change until shortly before noon when the bears made a terrific onslaught on the market and caused a drop in a very few minutes to 71¼ cents and a half below the opening figure. A scene of the wildest excitement ensued. Holders of Long oil did everything in their power to stem the current, but without avail, and becoming panic stricken commenced unloading at 71¼. The decline was checked and with a strong effort the market rallied to 73⅜. At 1 o'clock only one failure occurred here, that of F. M. Hayes, one of the leading brokers, who was unable to meet his contracts.

St. Louis, Dec. 7.—A special from El Paso, Texas, reports an outrage on American citizens at Chihuahua, Mexico, where three men were arrested on the charge that they were revolutionists and were taken before a magistrate. There being no ground for the charge they were liberated but were made to pay the costs of the court.

Constantinople, Dec. 1.—The Porte has advised the Bulgarian regency to accept Prince Nicholas of Mingrelia as successor to Prince Alexander. The reason given is that his election is the only means of pacifying the Bulgarians. The Porte admits that the regency must maintain order but it adds so long as an opposite element exists which regards the country's interests from different points of view the door is open to eventualities.

Salem, Mass., Dec. 7.—An unknown three masted schooner is reported sunk three miles east of Lowell Island, with her masts standing three feet out of the water. There are no tidings of the crew.

Columbus, Ohio, Dec. 7.—The federation of organized trades and labor unions of the United States and Canada opened their annual session here to-day. Grafton Pearse, representative of the state trades assembly, delivered an address congratulating the federation on the stand taken in not getting labor mixed with politics. Harmony in trades union became discord in a political platform. He contrasted the spectacles of Powderly and Henry George as political candidates to represent the workingman, one a free trader and the other a protectionist.

Some excitement was created in the hall by John R. Winders, of San Francisco, at the head of the international typographical union, beginning an agitation for the expulsion of W. G. Price, correspondent of the New York *Tribune*, which was announced as the leading "rat" office. The question is to be brought up this p. m.

London, Dec. 7.—A monster conference of Liberal Unionists was to be held in London to-day.

New York, Dec. 7.—The enterprising person who recently sold thirty thousand dollars worth of unauthorized tickets for the Patti concert in the city of Mexico has been caught, it is believed, by Mexican detectives.

Very little importance was attached in the mining exchange this morning to the failures in San Francisco, but there was instead an unusual rush to buy securities both of California and eastern companies. The entire morning list showed great strength. Sutro tunnel was a feature and advanced to 61, the highest prices reached in years.

Atlantic City, N. J., Dec. 7. An unknown schooner is ashore on the beach here. The sea is very heavy and attempts to rescue the crew of the vessel have failed.

Ayer's Sarsaparilla has demonstrated its power of cure for all diseases of the blood.

**The Harpooner's Story.**

*New Bedford, June 1, 1883.*

Dr. J. C. Ayer & Co.—Twenty years ago I was a harpooner in the North Pacific, when five others of the crew and myself were laid up with scurvy. Our bodies were bloated, gums swollen and bleeding, teeth loose, purple blotches all over us, and our breath seemed rotten. Take it by and large we were pretty badly off. All our lime-juice was accidentally destroyed, but the captain had a couple dozen bottles of Ayer's Sarsaparilla and gave us that. We recovered on it quicker than I have ever seen men brought about by any other treatment for Scurvy, and I've seen a good deal of it. Seeing no mention in your Almanac of your Sarsaparilla being good for scurvy, I thought you ought to know of this, and so send you the facts.

Respectfully yours, Ralph Y. Wingate.

**The Trooper's Experience.**

*Masven, Basutoland (S. Africa,) March 7, 1883.*

Dr. J. C. Ayer & Co.—Gentlemen: I have much pleasure to testify to the great value of your Sarsaparilla. We have been stationed here for over two years, during which time we had to live in tents. Being under canvas for such a time brought on what is called in this country "veldt-sores." I had those sores for some time. I was advised to take your Sarsaparilla, two bottles of which made my sores disappear rapidly, and I am now quite well.

Yours truly, T. E. Bowen,
*Trooper, Cape Mounted Riflemen.*

## The Confederation Life.

The annual report of this solidly prosperous Canadian institution will be found in another column. The facts revealed in the accounts and the Directors' report thoroughly justify the ecomiums which the shareholders present bestowed upon the management. Thanks to the resolute manner in which the Company has declined to embark upon extravagant methods of procuring business, the working expenses of the company bear to the total income the very small ratio of between 17 and 18 per cent. A point attesting the soundness of the finances of the Company is the fact that the interest income is sufficient to pay the death claims—which in a company of the age of the Confederation Life is something to be proud of. The ass ts and liabilities are set forth in minute detail, and the tables show that, after making allowance for all possible contingencies and providing for every debt, there is a surplus of $282,190 over liabilities and capital combined. The increase in the assets in the last year was $260,390. So much for what can be done by rigid adherence to what the President defined as the true policy of the Company, viz:—"To keep its balance sheet right and avoid unnecessary, unwise, or extravagant expenditure for the sake merely of increasing new business."—*Toronto Globe.* T. R. Pearson & Co. are agents for this company in British Columbia. m19tc

White Bronze Monuments.—White Bronze is a comparatively new substance, and has come into large use, rapidly, for special purposes in this country. It has been found to be so well adapted for statuary and monuments, that companies have been for some time established at Bridgeport, Conn., Detroit, Mich., Des Moines, Iowa, and St. Thomas, Canada, who are making monuments of all kinds and styles. From experiments made by these companies, it has been found that the material will stand exposure for an indefinite period—it is practically indestructible. White Bronze being noncorrosive and unchangeable, it is stated to be equal to gold, silver or platinum, and superior to copper or antique bronze, which throws off a verdigris. The monuments are cast from refined zinc, and are given their sparkling appearance by the sand blast, sand being blown against the work under a high pressure of steam, which cuts the surface, but does not adhere to it. A thin film of oxide which forms on this bronze is indistructible by the elements; it cannot be dissolved by water, and air cannot penetrate it, although the film is so thin as to be immeasurable. No corrosion, it is affirmed, can take place.—*Boston Journal of Commerce.* Chas. J. Robson, New Westminster, is agent for the White Bronze Monuments in British Columbia. ## MORNING DESPATCHES.

Press Telegrams.

LONDON, Dec. 6.—In the Campbell case to-day Humphrey, solicitor, testified to an interview between Lady Miles and Lord Campbell in which Lady Miles threatened Lord Colin that unless he withdrew his proceedings against Lady Campbell she (Lady Miles) would produce evidence against him. Lord Colin, witness said, considered the proposals on behalf of plaintiff, as made through Lady Miles, dishonorable and immoral, and declined to accede to them. Lady Miles then asserted distinctly that an act of criminality had been committed by Lord Colin with Mary Watson. The Duke of Argyle was then called. The object of calling him was to have him state that he disapproved of the marriage of his son to plaintiff. Russell, counsel for Lady Campbell, produced a letter, dated August 1883, from Lady Campbell to witness, in which she detailed the causes of her disagreement with Lord Colin and described his tyranny and persistence in insisting on maintaining relationship with her despite her opposition because of his condition. The duke replied that he considered the charges against his son false, and believed that Lady Colin's letter was a part of a system to intimidate her husband, and witness declined to hold any further correspondence with her. Davis, the detective, testified to shadowing Lady Colin Campbell and the Duke of Marlborough in Paris. Marlborough stayed at the Hotel Wagram. Witness never saw Lady Colin there. Several spies were keeping trace of Lady Colin at the same time. On one occasion a sham letter was addressed to her and delivered in a crumpled condition so as to look as if it had been picked up in the street. Witness handed the letter to plaintiff in order to get a close look at her in her room that he might know her face and figure while engaged in following her. The ruse succeeded, but witness learned nothing in the interview. Annie Brown, a servant, deposed as to visits made by Gen. Butler to Lady Colin, and when he departed he went down stairs on tiptoe and let himself out of the front door. Witness found a photograph of Gen. Butler under Lady Colin's pillow, and spoke to Lord Campbell about it. Witness was thereupon dismissed by Lady Colin. Watson, a cabman, testified that once while he was carrying Lady Colin and a gentleman he watched them and saw them caressing like lovers, Lady Colin's head resting on the gentleman's shoulder. Lord Colin was next sworn. He testified that he first met his wife in September, 1880, at Inverary, the chief seat of the Argyle family, in Scotland. The acquaintance soon resulted in an engagement of marriage. He next saw Miss Blood in London during October. At this time witness was suffering from fistula. An operation was performed upon him, but it failed on account of a fever he had, and which was aggravated by anxiety respecting his engagement. He was not suffering in any sense from an infectious disease. Miss Blood frequently visited him. When he was sent away on a voyage Miss Blood sent him a letter in every mail. In April, 1881, another operation was performed, but it also was a failure. His father's opposition to his engagement was at this time causing witness constant anxiety. Witness knew before he married that Miss Blood was acquainted with the Duke of Marlborough. ... told witness once she had been to the theatre with her sister and several others including the duke. Witness said, "I don't think you were in good company." Witness knew Chief Shaw and Gen. Butler. Witness married Miss Blood in July 1881. In October following his doctors released him from a prohibition he had been under because of his malady. He heard while staying at Argyle Lodge, his father's London residence, that the duke of Marlborough had called at the lodge. He then said that he did not know the duke. Witness remonstrated with plaintiff for riding out with Chief Shaw, and she became violent. When witness was ill at Bournemouth Lady Colin left him without assigning any reason. She usually dined out, and generally spent her time away. She never complained to witness that their relations had any effect on her health. Witness had a long talk in December, 1881, about the Duke of Marlborough and Chief Shaw. She then promised they should not visit her any more. Witness and plaintiff ceased their relations in June 1882. On the afternoon of the day that Lady Miles had an interview with defendant, Lady Colin came to the room of witness. She was crying, and she threw her arms about his neck. Then she burned before his eyes a letter he had sent her through Lady Miles, but made no mention of the fact that she had kept a copy of it. In July 1883 witness upbraided her for her conduct with other men, and she became very violent, and said to him, with an oath, "If you put me in the divorce court you will get the worst of it." The case was then adjourned.

CONSTANTINOPLE, Dec. 6.—The Porte has issued a circular to the powers to the effect that the Sultan assents to the candidacy of Prince Nicholas of Mingretta for the Bulgarian throne, and invites the powers to co-operate for the speedy settling of the Bulgarian question.

TRIPOLI, Dec. 6.—A number of Tuaregs captured the fortress at Ghat in Sahara, and massacred 100 of the garrison.

HARRISONBURG, Va., Dec. 6.—The most remarkable snow-storm experienced for years is now raging here. It has been falling continuously for sixty hours and the snow is from 12 to 15 inches deep. The thermometer is rising with some prospect of rain.

PARIS, Dec. 6.—Floquet has made an offer to President Grevy to form a cabinet. In order to avoid Russian enmity M. Floquet is willing to take the office of minister of the interior instead of a foreign portfolio, together with the presidency of the council. The rest of the cabinet is forecast as follows: M. LaBolage, foreign affairs; M. Rouvier, finance; M. Gobelet, instructions; Gen. Boulanger, war; and M. Lockray, commerce.

BERLIN, Dec. 6.—The Imperial bank to-day again offered imperial treasury bonds for sale. The *National* predicts a raising rate of discount.

Emperor William assisted at Saturday's sitting of the foreign defense commission. Crown Prince Frederick William presided and Count Von Moltke, Gen. Von Schullendorff, Prussian minister of war and several commanders of the army corps were present. The sitting was practically a council of war.

MENDOZA, A.R., Dec. 6.—Quarantine against towns in the Argentine Republic has been raised by order of minister of the interior. Since Tuesday last there has been no quarantine in any part of the country. Trains have been running between Rosario and Buenos Ayres as usual. It is feared the cholera will soon spread to Mendoza and San Juan. Chilian authorities will send troops to guard roads in Cordillera and all communication between that country and the Argentine Republic will be compelled to stop.

SANTIAGO, Chili, Dec. 6.—At 6:20 p.m. yesterday 290 prisoners confined in the gaol here attempted to pass the guard and escape. The guard fired upon them, wounding two who have since died. Fifteen escaped.

SAN FRANCISCO, Dec. 6.—Ten spectators witnessed a bare knuckle fight for a purse and stake between Jim Smith and Tom Avery, local middle-weight pugilists, which took place here yesterday morning in a cellar saloon on Ocean Beach. The fighting is said to have been the most severe and bloody ever seen on the coast. In the 6th round while both were bleeding profusely and suffering from great punishment Avery knocked Smith out. One of the victor's thumbs and Smith's right hand were broken.

At 9:47 p.m. a slight shock of earthquake was felt here, lasting about 2 seconds.

NEW YORK, Dec. 6.—The *Star's* London cablegram says: The defeat of the French ministry proves a God-send to the Tories. It has relieved the government for a time of the pressure of the Egyptian question and until the French cabinet is fully reconstructed and in working order Lord Salisbury and Iddesleigh will enjoy a respite from one of the most difficult questions of foreign policy that has arisen since they took office.

Jas. A. Wales, cartoon artist of *Puck*, *Judge*, and other publications, died to-day in a basement restaurant on Broadway. He had breakfasted there between 10 and 11 o'clock after which he sent out for a potion of bromide of potassium which he drank with liquor. He then stretched himself on a sofa in a private office to sleep. Some hours later he was discovered to be dead. A doctor was summoned who announced his belief that Mr. Wales died from syncope of the organic cardiac, a disease resulting from an overdose of bromide. There were some intimations of suicide as he was known to have been indulging in protracted excesses, but his friends scout the idea. Deceased has a wife and 2 children but has lived alone. He was born in 1850 at Clyde, Ohio, whence he was sent to London and Paris to fit himself for the work he has done. The body was removed to the precinct station, where it now lies.

WINCHESTER, Va., Dec. 6.—Eight inches of snow which fell Saturday and yesterday has been followed by another fall to-day. Many farmers have much corn out. The indications to-night are for heavy drifts, as a biting wind is blowing from the north-west. Winter has commenced in this locality earlier than usual.

LONDON, Dec. 6.—The government has obtained from the law officers of the crown in Dublin opinions to the effect that both tenants, trustees and others conspiring to defraud landlords of due rent are liable to indictment under the common law. Gen. Buller, annoyed at the assertions of Parnellite papers to the effect that he sympathises with the home-rulers, has authorized the statement that he is not in favor of home rule, and that he is a staunch unionist. Lord Hartington had a conference to-day with Mr. Goschen and Mr. James with reference to a concerted declaration to be made at the union conference to-morrow. The conference will be addressed by the Duke of Westminster, Earl Derby, Sir G. O. Trevelyan. It being impossible to accommodate in a single hall all who desire to attend the banquet, arrangements have been made for three simultaneous banquets, the chairmen of which will be Lord Hartington, the Duke of Grafton, and the Duke of St. Albans, respectively.

Macdonald, an Irish M.P., in a speech at Plymouth this evening said that 86 Parnellite members were determined not to consider any other business until Mr. Dillon's case was settled.

WHAT PHYSICIANS SAY ABOUT THE

STARR KIDNEY PAD.

"Treatment by Absorption has for some time been recognized by Medical Men to be the most simple and effectual means of conveying to Diseased Organs, "Curatives," but in cases of Kidney Disease and Complaints attendant thereon, successful treatment was practicably impossible until the introduction of the Starr Kidney Pad. It costs less than a single prescription and is immeasurably *more decisive and effective than any quantity of internal Medicinal dosing.* Worn immediately over the seat of Disease, its curative properties become absorbed by the diseased and enfeebled Organs, continuously and directly, as required to insure in return their healthy action and original vigour. It is comfortable to the patient and pleasant in its effects, and cures when nothing else can. The Starr Kidney Pad accomplishes positive, decisive results. A more valuable discovery as a true remedy for Kidney Diseases was never made.—*Medical Gazette*

The Starr Kidney Pad, manufactured in Toronto, is a permanent sure cure for diseases, disorders and ailments of the Kidneys, Bladder and urinary secretive system, or attendant complaints, causing pain in the small of the back, sides, etc., producing urinary disorders, such as too frequent, scanty, difficult, painful or copious micturition, inability of retention and sedimentary urine, dropsical symptoms, etc., denoting the presence in the system of diseases common to the urinary secretive organs—known as gravel, catarrh of the bladder and passages, Bright's disease, diabetes, dropsy, piles, nervous debility, etc. Send for pamphlet to LANGLEY & CO., Wholesale Agents, Victoria. SIR.—We the undersigned having witnessed the terrible fire which wiped out of existence the young city of Vancouver, on the 13th inst., have, after the fire, examined the safes sold by you, some of which were put to the most severe test, having been surrounded by large quantities of lard and bacon, and we are pleased to testify to the remarkable manner in which every Safe sold by you preserved its contents, not only books and papers, but also thousands of dollars in paper money were taken out in perfect condition. We can, therefore, with the greatest confidence, recommend them as thoroughly fire proof:
