Daily British Columbian

Tuesday Evening, April 5, 1887.

PROVINCIAL LEGISLATURE.

On Friday (Apr. 1.) Hon. Mr. Davie moved the second reading of the land act amendment bill, 1884. He explained that considerable quantities of timber lands had been taken up in the past for speculative purposes, and as the timber of the province was likely to become very valuable in the future it was considered that some restriction should be placed on the purchase. The liberal provisions of the pre-emption act had been abused for the purposes of acquiring timber, and the bill would contain provisions restricting the use of timber cut on pre-empted land to domestic or farm purposes. He would be glad to accept any suggestions which the house thought fit to make. Mr. Grant said the principle of the bill was unjust and unfair. If this bill became law every owner of timber lands in the province would be made from ten to fifteen dollars per acre richer. There were many persons in the province who held large quantities of timber lands which would immediately become very valuable as soon as this act was passed. In his opinion the only fair way to deal with the timber lands was to continue the price as at present; and if deemed necessary a good round tax could be imposed upon all timber lands. This would bear equally upon all owners of timber. A most extraordinary feature of the bill was that a pre-emptor would be compelled to slash down his timber and burn it rather than sell it, which he was prevented doing under the bill. He hoped the government would withdraw the bill. Mr. Higgins heartily supported the bill, though there was a clause or two in it which might be improved. It would have the effect of keeping our timber lands out of the hands of foreign speculators, and would enable the province to derive a revenue from them. Mr. Bole not only considered it his duty to oppose the government when they did wrong but to give them credit when they did right. (Hear.) He considered the bill aimed a blow at speculators who squat on our timber lands and wait till a favorable turn of events in the province will increase them in value. No measure could be passed by the house which would not affect some one, and if any were to be benefitted by this bill it would be the mill-owners of the province, who employ large numbers of men and are certainly the best entitled to it. He most heartily supported the bill, as he had seen the evil effects of the present regulations. Mr. Croft said if the timber lands were increased $15 per acre in value, as the member for Cassiar had described, the wild land and real estate tax on this property would be proportionately increased. He pointed out how the present regulations were unfair to mill owners, and would give his hearty support to the bill. Mr. Orr said some provision should be made for the cutting of timber for piles and railway ties which was a class of timber as valuable as that cut for milling purposes. The only fair way of dealing with the question was to put a tariff on all timber cut at the mills. Mr. Beaven said the act would practically withdraw the crown lands from sale, and by that means increase in value those already alienated. Timber lands a few years ago were sold at $1 per acre, but were afterwards increased to $2.50 which gave persons holding timber lands $1.50 to speculate on. This act would have the same effect to a greater extent. The bill passed the second reading by a vote of 15 to 7, and was submitted to committee of the whole, Mr. Ladner in the chair.

On Saturday the timber land question came up again. After discussing whether lands already applied for should come under the new regulations, the clause was passed as follows: "Notwithstanding anything in this act contained, every person who, before the passing of this act, shall have duly applied to purchase land under the said land act (1884) and shall have caused the surveys thereof to be completed shall, upon payment of the purchase money and compliance with the terms of the said act, be allowed to complete the purchase as if this act had not been passed." The bill was then reported complete with amendments.

B. B. B.—IN WORKING ORDER.—"My husband was troubled with dyspepsia for more than four years. Two experienced pysicians did him no good. We go discouraged, until we read of Burdock Blood Bitters; he took only two bottles and now is as well as ever, and doing heavy work all the time." Mrs. Richard Rowe, Harley Ont., B. B. B. has cured the worst cases of chronic dyspepsia.

The Hotel Del Monte Burned.

California's Famous Summer Palace a Mass of Ruins—The Panama Canal.

MONTEREY, Cal., Apr. 2.—The Hotel del Monte was burned to the ground last night. No sooner was the fire discovered than the water was turned on, but all efforts to save the building were in vain. Ten minutes afterwards the Monterey fire department was on the premises and had two streams on the building. The water pressure was poor, and at times it could not throw a stream higher than ten feet. The firemen worked hard, and several times they were driven back by the flames. There were about 350 guests in the hotel, and such scenes as were witnessed when the alarm was given will never be forgotten by those present. People went wild in trying to escape. It is estimated that $1,500,000 will not cover the loss, as the insurance was very small. The hotel belonged to the Southern Pacific Company and was considered the finest in America.

THE PANAMA CANAL.

LONDON, April 1.—Bard, the well known civil engineer, recently returned from a thorough private investigation of the Panama canal, read a paper last night before the Engineers' Society in which he declared there must in future be a reduced rather than an accelerated rate of excavation. His estimate of the time needed for its completion, even if capital be forthcoming, is 12 years. Lowest estimate of money required is admitted, he says, on the spot to be 2,200,000,000 francs, in addition to that already spent, which can only be estimated at 1,000,000,000, as accounts are not furnished. Only one-fifth of the work is yet done. He adds: "Water may flow in a ditch from the Atlantic to the Pacific in a shorter time and for less money, but not anything that may be called a ship canal.

ELECTRICITY ADOPTED.

NEW YORK, April 1.—The Pennsylvania Railroad company has adopted a system of lighting and heating trains by electricity on its New York and Philadelphia division.

TRAFFIC RECEIPTS.

MONTREAL, April 1.—The traffic receipts of the Grand Trunk for the week ending 26th March show an increase of $63,074 over the corresponding week last year. The gross earnings of the Canadian Pacific for February were $510,646, showing a net loss over working expenses of $69,439 as compared with a net profit of $69,017 for February, 1886.

Eastern Canada.

Our Commerce Branching Out.

A terrific blockade exists on the Inter-colonial railroad.

Edward Madden was shot and killed by an Indian at Port Arthur.

The government immigration sheds at Winnipeg have been burned.

The Parisian had to sail from Halifax on Friday without the English mails.

It is believed to be the intention of the government to press for the building of 150 miles of the Northwest Central during the coming summer.

Sir Hector Langevin has returned to Ottawa. It appears settled that he must go into the senate and lead the government in place of Sir Alexander Campbell.

While the members of the executive were presenting Lieut.-Governor Masson with an address in reply to the speech from the throne he fell in a fainting fit. He is reported much better this morning.

Adam Hudspeth, Conservative M.P. for South Victoria, has resigned, owing to being disqualified as revising officer for North Victoria. The nominations for the new election will take place on the 13th, and polling on the 30th of April.

Mr. Wyld has returned from West Indies. He states he has been very successful in his mission, and feels sure, ere long, of a large and lucrative trade being established between the West Indies and Canada. A line of steamships between Halifax and Havana will probably be established this summer.

In the Nova Scotia legislature, recently, Premier Fielding announced that no official correspondence in relation to the question of repeal had yet taken place between the government of Nova Scotia and those of the other maritime provinces, and that he would in a short time make known the purport of the communication between the governments on this subject.

At a meeting of the council of the Montreal Board of Trade yesterday a letter from the secretary of the Chamber of Commerce of Aukland, New Zealand, was read, stating it had been decided to open up an extensive trade with Canada and requesting that a list of articles suitable for the country which Canada has to export be furnished.

The Manitoba & Northwestern railway company is supplying farmers along the line of the railway with Azof wheat. It is sold at 87 cents a bushel, with 21 cents off the two bushels if the bag is taken. The wheat came originally from the Black Sea, Russia. The portage plain farmers got some of this kind a year ago. This wheat has only been grown as an experiment so far, and if it proves better adapted to the country than Red Fye, it will, no doubt, soon be largely grown. In appearance it compares favorably with Red Fye wheat.

From Mount Lehman.

(Correspondence of the Columbian.)

Owing to the late spring very little has been done yet in the way of spring seeding. The lateness of the spring and the badness of the weather have proved very unsatisfactory to those who have gone on new land and are depending on fine weather for putting in spring crops. Mr. D. W. Lehman has sold his farm here to Mr. Bennett, of Port Moody, who proposes to go extensively into fruit-growing. Some of the Matsqui farmers have lost quite a number of head of stock—something over 30—and others may go under before there is sufficient grass. In this vicinity stock looks worse than it has for a number of years. Some of them are literally as thin as a rail. I am informed that many cattle have died at Sumas, some of the farmers not having had hay for feed for the past month. It seems a shame that people do not make adequate provision for their animals. Everyone is looking for a rush of land seekers this season. No doubt we shall meet quite a number of them in this vicinity, as some of the best unoccupied land in the district lies in this settlement and Alder Grove. I am informed that the Royal City Planing Mills Co. has been making explorations of the timber lands in the vicinity of the junction of the Mount Lehman and Westminster roads with a view to erecting a small sawmill. No doubt a small mill would prove a very profitable investment, as the demand for lumber in the settlements is considerable and will be increasing. There is good timber at the junction, and a mill there could be reached without difficulty by the people of Langley, Upper Sumas, Alder Grove, Matsqui, and Mount Lehman; and when the Westminster Southern and Delta railways are constructed there will be a great demand for lumber. Some people, however, seem to have very little faith in the Delta Railway project. Another school meeting was held lately at Alder Grove, but I believe no settlement of the dispute was reached. It is a great pity the people of this fine settlement cannot see how seriously they are injuring themselves by refusing to agree upon a scheme of united action. The settlement has 30 children of school age, and for two years the government has been voting money for a school, but the people cannot agree upon a site. It is a pity the proposal to give women the privilege of sitting on trustee boards was defeated, for it is possible the women might have discovered a happy solution of the difficulty. When the first eastern mail arrived here after the blockade it was a sight to see the people flocking to the postoffice, some with sacks and some with baskets. The quantity of mail matter received would lead one to suppose that there was a very large population in the settlement. It is stated that some person here is negotiating with an eastern firm with a view to establishing a general store here during the coming summer. Such an establishment is much needed. There is now a flourishing Sabbath-school and bible-class at Mr. Lehman. It was founded by Miss Harding, Mr. Ed. King is superintendent, and the teachers are Mrs. Thomson, Mrs. L. Pogue, and Miss L. Harding. The necessary books and papers have been obtained by subscription, and people seem to be taking a lively interest in the concern. The once solid body of bachelors here seems to be sadly disorganized, and the air is full of matrimonial rumors. It seems that Mr. Orr and our once supposed independent member feel very badly because their resolution of impeachment against the provincial secretary did not carry. Now if they were to move one against themselves, it is quite possible it would meet with much better success. The people of this district once had considerable confidence in Mr. Orr, and were accustomed to take their grievances to him. But they have discovered by experience that it was very little use for them to depend on him, whereas all who have asked the assistance of the provincial secretary have found him ready to give whatever aid was within his power. No doubt all of us would be glad of larger appropriations, but all things considered, the government has dealt very liberally with the settlements. We have received within the last 4 years $4,500 from the government for school, roads, etc., while the revenue has probably not exceeded $1000. But this, I suppose, is a part of the large scheme of bribery by which the provincial secretary captured the votes of the settlers and secured his election! It is fortunate that Messrs. Orr and Ladner made the fact known, for otherwise probably no person would have ever suspected that there had been bribery practiced. We hope to receive more of it, however, for we are expecting to get our full share of the appropriations for the district. People here think it would be just as well for Messrs. Orr and Ladner to drop their foolishness and turn their attention to matters affecting the real interests of the district they are supposed to represent. All we know about bribery in the last election is that when the opposition cart arrived here last summer there arrived with it a plentiful supply of bottles and jugs. Who brought them I shall not say, and of course the purpose of them was not to influence the electors in any way. Whatever the object, I am happy to say it was the first and last meeting at Mt. Lehman where intoxicating liquor was produced. Let me conclude by asking what has become of the COLUMBIAN'S late correspondent of this place? Is he dead?

J. C. HENDERSON, M. D., C. M. (Glasgow)

PHYSICIAN & SURGEON,

dwfe18tc Chilliwhack, B. C.

Daily British Columbian

Tuesday Evening, April 5, 1887.

Railway Rates.

It seems that the C. P. R. managers are taking full advantage of the enforcement of the inter-state commerce bill which came into operation on the 1st of this month. Freights of all kinds have gone away up out of sight, and commerce will to some extent be disturbed. Sugar from Montreal has been laid down in this city from 80c to $1, but now the rate quoted is $2.80. Nails and iron have gone up from about $1 to $3. The result of this enormous advance in freights will be a perceptible increase in all goods that have to be imported from the east by railway. It will result, eventually, in shippers seeking other channels of trade wherever possible. The C.P. R. managers are wise enough not to raise their tariff too high to make it profitable to import via the American roads, but they will probably keep their margin very close to the point of prohibition. But larger purchases will probably be made of such goods as are manufactured on the Pacific coast, and large importers from the east will bring their goods as much as possible by water. The interstate bill, it is said, will very seriously affect the Pacific ports that have been built up by means of shipping business. At the same time it will have a tendency to stimulate manufacturing on this coast. But the eastern goods which have hitherto been shipped through to San Francisco and Portland on a low through tariff, and reshipped back to interior cities and towns, will now come directly from eastern towns to the point of destination. Interior trade centres will be benefitted at the expense of the Pacific coast cities. In Canada we have no inter-state bill, but the action of the C. P. R. in rushing up rates shows that we are to be affected quite as much by the operation of this bill as the people of the United States themselves. The C. P. R. may make the rate through from China and Japan just low enough to be under any rate that can be quoted by American roads. It will then take nearly all the Asiatic trade and get a bigger profit than it has hitherto been able to get. One important difference between the operations of the inter-state bill on the two sides of the line is this: American railways will be forced to fix their rates so as not to discriminate against certain places, whereas the C. P. R. syndicate may arrange its rates pretty much according to its own sweet will. One of our merchants in this city has been negotiating for a car load of iron from Montreal. The negotiations were conducted through the firm's agent in Victoria, and it was understood that the freight charges from Montreal were not to exceed $1 per 100. A few days ago the merchant received notice to the effect that rates had gone decidedly up, and he stated that the best rate on iron that could be obtained after the 1st April was: Montreal to Victoria, $2.60; Montreal to Westminster, $3. The merchant at once cancelled his order. It may be asked why a lower rate should be given from Montreal to Victoria than to Westminster, and perhaps no more satisfactory reply could be made than that Victoria is 70 miles further from Montreal than Westminster, and the company chooses to take less money for a long haul than for a short one. But if the merchant to whom we allude is correctly advised it seems to us there is ground here for some vigorous protesting. When Mr. Van Horne met a deputation in this city to discuss the question of a bonus to the branch line, he stated very distinctly that Westminster, Vancouver, and Victoria would be placed on the same footing with respect to rates. Mr. Olds made a similar statement. On the strength of this understanding the people of Westminster gave the company, in money and right of way, about $75,000, besides $37,500 from the government for the branch. The city carried out its part of the agreement in good faith and to the satisfaction of the company, as shown by the letter from Superintendent Abbott to that effect. We can not believe it is the intention of the railway people to repudiate the promises already made, and we are inclined to think there is some mistake about this matter of discriminating rates so far as Westminster is concerned. One thing is quite certain, and that is that the people of this city will never permit themselves to be placed at such a disadvantage if they can help it. We hope the matter will be at once brought to the attention of the railway authorities, and we feel certain that if there has been any discrimination against us on the tariff it will be promptly adjusted.

The probable opening of the woollen mill very shortly in this city directs attention to the scarcity of sheep on the mainland and the importance of farmers largely increasing their operations in this line. With a fair market for wool, the raising of sheep must be a very profitable enterprise. The carcass of a sheep brings sometimes about six dollars, and they are always in demand. We hope to see the farmers in this district devoting more attention to sheep, and procuring the best breeds, so that they may be able not only to supply the woollen mill with raw material, but keep the meat market well supplied with mutton.

D. Sullivan, Malcolm, Ontario, writes: "I have been selling Er. Thomas, Eclectoral Oil for some years, and have no hesitation in saying that it has given better satisfaction than any other medicine I have ever sold. I consider it only patent medicine that cures more than it is recommended to cure." Unprincipled persons are selling imitations of Dr. Thomas' Eclectric Oil. Do not be deceived.

ROYAL

BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER Co., 106 Wall St., New York. 8fely

"I take only one English weekly paper, *The Spectator*, and one Canadian, *The Week*, and as a rule I should be puzzled to say which I should miss most."—From a letter by Thomas Hughes, author of "Tom Brown's School Days."

The Week:

A Canadian Journal of Politics, Society and Literature.

PUBLISHED EVERY THURSDAY, AT $3.00 PER ANNUM.

Independent in politics, **THE WEEK** appeals by a comprehensive Table of Contents to the different tastes which exist within the circle of a cultured home.

An average of fifteen short, crisp Editorials is given in each number upon CANADIAN, AMERICAN, and ENGLISH POLITICS and LITERATURE.

Amongst the regular contributors is Professor Goldwin Smith; and a distinguished public man in London has kindly undertaken to supply regularly an English Letter. Paris and Washington Letters will appear at regular intervals.

In addition there are special contributions from some of the ablest writers in the Dominion and the United States.

THE WEEK

has now entered upon its third year with most encouraging prospects, and with many new features.

Daily British Columbian

Tuesday Evening, April 5, 1887.

Tennysonian Rubbish.

INTENDED AS A JUBILEE ODE.

LONDON, March 30.—Lord Tennyson's poem on the jubilee of Her Majesty's reign is published in the April number of McMillan's Magazine, which paid an almost fabulous price for the manuscript. It is in alternate short and long verse stanzas, and is as follows, the 3rd, 4th, 5th, 6th, and 7th stanzas, however, being omitted:

I.

Fifty times the rose has flowered and faded
Since our Queen assumed the globe, the sceptre.
She's beloved for a kindliness rare in fable or history.

II.

Queen and Empress of India,
Crowned so long with a diadem,
Never worn by a worthier.
Now with prosperous auguries
Comes at last to the bounteous
Crowning year of her jubilee.

* * * * * *

VIII.

You the patriot architect,
Shape a stately memorial;
Make it regally gorgeous—
Some imperial institute
Rich in symbols in ornament
Which may speak to the centuries,
All the centuries after us,
Of the year of her jubilee.

IX.

Fifty years of ever-broadening commerce;
Fifty years of ever-brightening science;
Fifty years of ever widening empire.

X.

You the mighty, the fortunate,
You the Lord Territorial,
You the Lord Manufacturer,
You the hardy laborer;
Patient children of Albion,
You Canadian, Indian, Australian, African,
All your hearts be in harmony,
All your hearts in unison,
Singing hail to the glorious,
Golden year of her jubilee.

XI.

Are there thunders moving in the distance?
Are there spectres moving in the darkness?
True the Lord of Light to guide her people
Till the thunders pass, the spectres vanish,
And the light is victor and the darkness
Dawn into the jubilee of the age.

Carpenters are at work repairing the str. Willie Irving.

The [illegible] returned from Vancouver this afternoon.

Goods from London—A large assortment of Spring Millinery at Ellard's. ap5td

Spring Goods in all departments opened at Drysdale's. d&wmh2t3

The Yorkshire brought down 20 head of cattle and about 22 tons of hay and produce.

Arrived—Reliance from Chilliwhack, Dunsmuir from Vancouver. Departed—Gladys and Adelaide for Chilliwhack.

Some desirable two and a quarter acre lots in the suburbs for sale at very low prices. Apply to Rand Bros. dmh26tc

New Dress Goods in all the latest styles and shades, with trimmings, lacing cord, &c., to match, at J. Ellard & Co's. ap5td

As soon as the passenger trains are running into Vancouver a local passenger service will be commenced between Vancouver and New Westminster. So says the Victoria *Times*.

The str. Gladys left this morning for Chilliwhack and up-the-river with a heavy load of freight and passengers. It is her intention to touch at Popcum and Harrison River before she returns.

We have received a nice assortment of Tailor Tweeds, Black Worsteds and Pant Goods for the Tailoring Department. Suits made to order at reasonable prices, and in good style.

mh2d6w3 D. Drysdale & Co.

Job printing of all kinds neatly done at the Columbian office. Prices will be found lower than at any other office in the province.—*Adv.*

RIGHT YOU ARE.—New Westminster expects to become the railroad centre of B. C.—*Blaine Journal.* That's about the size of it.

REPAIRED.—The ferry K de K has had a new furnace built into her and been otherwise overhauled, according to Inspector Russel's instructions.

DELINQUENT TAXPAYERS.—Coun. Reid advocates that the collection of delinquent taxes be placed in the hands of policemen, a commission being allowed them for their services.

NEW FISH MARKET.—A new market has been opened out in the premises on the corner of Holbrook alley and Front sts. by J. Ebbison. It is Mr. Ebbison's intention to keep a splendid supply always on hand.

READY FOR THE SEASON.—The snag-boat Samson is being prepared and got ready for her work. She will start out in the morning, proceeding down the river, where she will be employed for some time.

PROHIBITING CHINESE LABOR.—One of the provisions of the by-law regulating the laying down of gas pipes, now before the council, is that no contractor shall employ Chinese labor to aid in putting down either gas or water pipes within the city limits.

AN EXPEDITION TO ALASKA.—Eastern papers say that the department of the interior is completing arrangements for a joint geological and topographical expedition to the Yukon country. The expedition will be under charge of Dr. Dawson and Wm. Ogilvie, and will leave Victoria, B.C., early in May.

AFTER THE GOVERNMENT.—Mr. Beaven has given notice that he will move an address to the lieutenant governor declaring that the legislature will not transact any more business until the vacancies in the cabinet have been filled up and announced. Probably the house will have completed its work and adjourned before the resolution comes up.

FOR THIS CITY.—The Seattle, Lake Shore and Eastern railway company has a surveying party prospecting for a route from Seattle to Snohomish for a contemplated line paralleling the Bellingham Bay company's right of way. They claim that if they decide to build this line it will be with the intention of continuing it on to the national boundary to connect with the Canadian Pacific.

SALARIES OF CITY OFFICERS.—At last night's council meeting the salaries of city officers were fixed as follows for the current year: The clerk, $100 per month; policemen, $65 per month, an increase of $5 per month over last year; caretaker council chambers, $10 per month; keeper of lock-up, $65 per month, an increase of $5 per month over last year; city solicitor, $250 per year; police magistrate, $750 per year.

THEY SKIPPED.—Mary Brazil and a companion known as "Phil" have for some time past been disturbing the nocturnal solitude of the city in a way that hardly pleased the city police. Yesterday Constable Pearse obtained a summons to bring them before the P. M. and served it on the culprits. This morning, however, they failed to appear before the bar of justice, and it transpires that they crossed the river some time during the night and are now, in all probability, under the sheltering wing of the eagle.

MASONIC.—The officers of the Grand Lodge of British Columbia were expected to arrive on the Louise yesterday to dedicate the new Masonic hall of Mount Hermon Lodge No. 7, but as the steamer did not arrive and a large number of the brethren from New Westminster had come over to take part in the proceedings it was decided to hold the banquet which was prepared. The lodge opened at 8 o'clock. After the usual routine was gone through a candidate was initiated in the mysteries of the first degree in masonry. The lodge closed at 10 o'clock and the brethren adjourned from labor to refreshment at the Leland house, where a delightful spread of tempting dishes were displayed to turn the senses of the most dainty appetite. Mrs. Hirshburg surpassed all former efforts and well sustained the reputation of the Leland house for its excellent fare.—*News.*

FRESH SALMON.—Mr. D. W. Port (D. W. Port & Co.) left to-day for Toronto, where he will remain a few months. We learn that already his firm has shipped about one and a half tons of fresh salmon, packed in ice, to eastern points, some going as far as Montreal. These fish have been received with much favor, and have found ready sale at good prices; and those who have handled them are anxious to arrange for regular supplies. At present the demand is quite in excess of the supply, because fish are still scarce in the river. As a consequence they are dear both here and in the east. In a short time, however, they will become more plentiful, and Mr. Port expects to dispose of at least two tons per week in the east. A large quantity, probably 75 or 100 tons, will also be put up in the freezer for use when the fishing season has closed. At present the shipments have to be made by express, but after the hot season is past they will go forward as regular freight. It is not yet known to what extent the fresh fish trade may be affected by the rise in railway rates consequent upon the enforcement of the inter-state commerce bill, but it is scarcely possible to suppose that the railway authorities will put up rates on this class of goods to any extent, because a slight increase would make the business unprofitable and utterly destroy it. Mr. Edward Port remains here permanently to look after the interests of the firm.

There are number of varieties of corns. Holloway's Corns Cure will remove any of them. Call on your druggist and get a bottle at once.

Personal.

H. P. McCraney returned to Vancouver this morning.

D. W. Gordon, M.P. for Nanaimo, left to-day for Ottawa.

Rev. C. Watson returned yesterday from Maple Ridge where he preached on Sunday.

W. W. McMillan (D. H. McMillan & Bro.) arrived from Winnipeg by the C. P. R. to-day.

Rev. J. H. White and Newton A. White went up to Sumas on the Adelaide this morning.

D. W. Port (D. W. Port & Co.) left by the C.P.R. to-day for Toronto. Mr. Port expects to visit us again ere the summer is over.

At the Colonial: A. McKercher, Vancouver; G. C. Webster, North road; W. W. McMillan, Winnipeg; H. B. Beckett and lady, Haney; S. Tingley, Ashcroft; H. Vivian, Winnipeg; D. K. Campbell, Montreal; D. M. Sparrow, Victoria; W. Wolfenden and wife, Victoria; R. Stevenson, Chilliwhack.

Do no delay in getting relief for the little folks. Mother Graves' Worm Exterminator is a pleasant and sure cure. If you love your child why do you let it suffer when a remedy is near at hand.

City Council.

The council met last evening. Present, Couns. Curtis, Jaques, Shiles, Bonson, Elliot and Reid. In the mayor's absence, Coun. Elliot occupied the chair.

COMMUNICATIONS.

The following communications were read: From W. C. Ward, enclosing 15 redeemed debentures; from H. V. Edmunds, asking the grade of Douglas st. with Columbia, referred to board of works; from S. H. Webb, asking for expenses in connection with the fire department, referred to finance committee; from Mounce Bros., asking leave to build a floating slip; leave granted.

BILLS AND ACCOUNTS

The following accounts were read: Telegraph and Signal Service, $2.25; Jos. Wise, for coal, $8; Dr. De Wolfe Smith, coroner's services, $14; J. Lynn, work for corporation, $15; J. McRae, work for corporation, $37.50; N. Martin, work for corporation, $32.50; F. Forrest, work for corporation, $74; W. B. Townsend, $47.25; all ordered paid; N. W. Gas Co., $187, referred to light committee; A. Jackson, keep of lock-up, $10.25, referred to police committee.

REPORTS.

The report of the finance committee on the receipts and expenditure for March was received and read. The board of works was empowered to complete D. L. Lmith's contract of grading on St. Andrews st.

BY-LAWS.

The fire department by-law was read a third time. The assessment by-law was reconsidered and the seal of the corporation ordered to be attached. The council then went into committee on the salaries by-law, Coun. Curtis in the chair. The salaries of the various city officials were fixed. The committee then rose and reported progress.

Coun. Shiles brought in his by-law to regulate the laying of water pipes on streets, which was read a first time.

It was resolved that another land sale be held on April 28 at the Colonial hotel if allowed, if not, at Hyack hall, at 8 o'clock in the evening.

NOTICES OF MOTION.

Coun. Bonson gave notice to introduce plans for the planking of Cooper street.

Council then adjourned.

A lady from Syracuse writes: "For about seven years before taking Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, I suffered from a complaint very prevalent with our sex. I was enable to walk any distant or stand on my feet for more than a few minutes at a time without feeling exhausted, but now I am thankful to say I can walk two miles without feeling the least inconvenience." For Female Complaints it has now equal.

Richmond Council.

Council met in town hall, Saturday, April 2nd, the reeve and Councillors Kilgour, Nicol and Quigley being present. A communication was read from the C. M. C. of New Westminster enclosing a communication from the California Bridge Co. intended for this council; received and placed on file. A communication from Eli Lander asking for money on contract was received and referred to the board of works. Councillor Nicol reported having re-let the contract for constructing a bridge at South end of trunk road, Sea Island, for the sum of $80, contractor, Mr. McLeod, to furnish all materials, and also to repair small bridge for $3. On motion the report was adopted. It was also ordered that the time for receiving tenders for the ditch and roadway on Sea Island be extended two weeks. The assessor presented to the council the assessment roll for 1887, which on motion was received and referred to the court of revision, to be held on the 7th of May next at 1 o'clock p. m. The assessor reported that he had advanced the valuation of all real estate 50 per cent. on that of 1886, but that this would not necessarily increase the amount of taxes proportionately. The following accounts were read: D. McBroom, $10; str. Alice, $3; (being certain expenses incurred in arresting four Chinamen in 1886); Brunette S. M. Co., $47.80. The last bill ordered paid. Council adjourned, to meet on Saturday, the 16th inst.

AFTER YEARS OF SUFFERING, persons who have vainly sought remedial help from other sources, have obtained the longed desired relief from Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, whic puts a stop to the torments of Dyspepsia: renews activity of the Bowels and Liver, relieves maladies incident to the gentler sex, and builds up failing health and strength, gives purity to the blood, and tone to the whole system.

The people of this country have spoken. They declare by their patronage of Dr. Thomas' Eclectric Oil, that they believe it to be an article of genuine merit, adapted to the cure of rheumatism, as well as relieves the pains of fractures and dislocations, external injuries, corns, bunions, piles, and other maladies.

DIED

TURNBULL.—At the residence of James Turnbull, in this city, on the 4th inst., Annie Turnbull, of Attwood, Ont.

☞ The funeral will take place on Wednesday, 6th, at 5 p m, from the residence of James Turnbull.

W. J. JENKINS

CHILLIWHACK,

HAS MADE ARRANGEMENTS with **John Elliot & Co.'s Agricultural Works**, London, Ont., to furnish him with all kinds of

Farmnig Implem'nts!

FOR B. C.

Mr Jenkins feels he can suit the Farmers in every style of Implements and guarantees his Machinery first-class, or no sale. He will also keep all kinds of Repairs for Machinery at Chilliwhack and Westminster—consequently Farmers will not hereafter be required to go to Victoria or Ontario for their repairing. Mr. Jenkins has been in this business thirty years. Everything he sells has been made in the last six months, and on the latest improved pattern.

He has on hand the far-famed

Champion Seed Drill

AND BROAD CASTER,

Made in Oshawa, Ont, by Coulthard & Scott; no equal or no sale.

Among his Stock are the following:

Milwaukee Junior 2-horse Binders

5-ft. cut, weight only 1100 pounds.

TESTIMONIAL.

Messrs. John Elliott & Sons.

DEAR SIRS:—We are very pleased to give our testimony to the very satisfactory manner in which your Self-binding Reaper, "The Milwaukee Junior," has cut a good English crop of wheat.

The crop, except in a few bare places, would average from 35 to 40 bushels per acre, perhaps more, and in places certainly more.

We only had two horses to work it, and from considerable experience in the working of Self-Binding Reapers, we should, without hesitation, say it went as easily with two horses as some others with three. The Knotter tied beautifully, and we are extremely pleased with the simplicity of it.

We should add that our client, Mr. Olney, on whose farm we were working, says it is the best machine he has seen work. We cut about 6 acres in 5½ hours.

We are, Yours very truly,
BURLINGHAM, INNES, & PATERNOSTER.

Triumph Single Reaper,

One of the strongest and latest pat terned in the market.

Warrior Mower,

No equal on rough ground; handled and sold it for the last seven years and always found purchasers satisfied.

Champion Hay Rake,

Stands higher on its wheels and is stronger than any other; any small boy can dump it.

Sulky Plow,

Now universally used in the U. S.; either sod or stubble; made entirely of steel.

Steel Disc Harrow,

For breaking up sod and summer fallow—none like it.

Dimor's Harrow,

With sixty steel teeth.

One Hundred Plows

Of all different patterns, and of every description—breaking plows, stubble plows.

I X L Grain Grinder,

Grinds every kind of grain, 15 to 20 bushels an hour; also

Phœnix Grinder.

Also on hand the celebrated **McCloskey Separator**, and the celebrated **Waterous Fire Proof Champion Engine** (either horizontal or upright), both these are too well known to need recommendation. He buys them wholesale and is consequently able to sell them very cheap. He keeps also a complete supply of **Larmouth & Co's** renowned **Horse Powers, Thrashing Machines, Drag** and **Circular Sawing Machines.**

Agent for all kinds of **Wagons.**

Call and see me before going elsewhere.

W. J. JENKINS,
Chilliwhack, New Westminster, Kamloops, Langley, Ladners, or anywhere in the Province. wap5m1

Delta Stock Yard.
