Daily British Columbian

Tuesday Evening, Oct. 9, 1888.

NOTES AND COMMENTS.

Our correspondent from Granite Creek complains that the promised post-office at Princeton has not yet been opened up. In regard to a mail route to Princeton, he says that "via Hope, during summer, would answer well, but for an all year round service over one route, via Nicola, as at present, will answer best; only that, when the Princeton P. O. is established, the mail should be carried from Nicola to Granite Creek via Princeton." Our correspondent adds: "It is to be hoped the P. O. inspector will not lose sight of this in establishing the new service." We would commend these suggestions to the consideration of the postal authorities, at any rate.

The Czar spends very little time in his study, as he is more afraid of his stoutness than of political plots, and is consequently in the habit of receiving his ministers in the grounds, walking up and down an avenue while listening to their reports; he frequently adds his initial "A" to an important looking document by holding it against a tree, and hence it is rather indistinct at times. The Czar is by no means quick in signing deeds, and in many cases numbers of those neatly written specimens of Russian caligraphy are returned without signature, and then the "Court caligraphers," who outdo in their art the monks of old, have to do their work over again.

Of the making of books about America in general and the United States in particular, the London *Spectator* says, there is no end. "A narrative of travel in America is always read, no matter how many predecessors it has had, the subject seems to have a fascination as strong and lasting as that of the history of Napoleon. The English reading world is always curious about the United States—perhaps from some odd motive, like that which makes married people who have separated by mutual consent invariably inquisitive about each other, restlessly attracted by the idea of meeting somebody who has recently seen either party to the compact of dissociation; perhaps simply from the queer mixture of similarity and contrast between ourselves and the citizens of the Great Republic, and the ease with which we realize all that is told us respecting people who speak our own language.

Private letters from Ontario say the weather there is cold enough to freeze the fairies, and the telegrams speak of snow throughout England on the 1st of October. Down in the southern states, they have hurricanes and water-spouts, yellow fever, and other unpleasant features of that sort. The more we read and hear about other climates, the more we are confirmed in our opinion that the coastwise portions of British Columbia possess the best all round climate to be found outside of a few small spots, here and there, in localities specially favored by natural conditions. Since the middle of February we have had mild, pleasant weather, and our winter consisted of about a month of broken rainy weather, and some three weeks of hard frost. Once in four or five years, the Fraser rises high enough to damage crops on a few low-lying farms, but, excepting this, we cannot recall an instance of special or severe damage, through any description of bad weather, since the settlement of the country.

"It is a mistake," said a well-known advertising agent to me recently, "that a common one to suppose that Americans spend more in advertising than do the business men of other nations. I think Americans spend more wisely and get more display for their money, but the actual sums expended by English advertisers exceed those expended by Americans. One English firm alone spent last year at least five hundred thousand dollars in advertising one commodity. Two hundred and seventy-five thousand dollars of this money was disbursed in England, and one hundred and fifty thousand of it in this country; the balance elsewhere. They got more display out of the one hundred and fifty thousand dollars spent here than out of the two hundred and seventy-five thousand dollars spent in England. No American firm can equal this record of expenditure, which is not a solitary instance, but will be repeated by the same firm this year, and maybe for years to come.—*Epoch.*

Holloway's Corn Cure destroys all kinds of corns and warts, root and branch. Who then would endure them with such a cheap and effectual remedy within reach?

BY TELEGRAPH.

Probable Resignation of Floquet. Cholera Ravages in the Phillipine Islands. Great Precautions for Emperor William's Safety.

Decline in Wheat. German Warships ordered to Zanzibar. The Chicago Street Car Strike. Great Cattle Disease in California and Texas.

LAST NIGHT'S DESPATCHES.

A PROTEST ENTERED.

NEW YORK, Oct. 8.—A special cablegram to the *Mail and Express* from London says it is reported that Lord Salisbury has protested through the British minister at Washington against the president's retaliation message as an act of hostility and a breach of the *modus vivendi* agreement.

INDUSTRIAL SCHOOLS.

OTTAWA, Oct. 8.—Under the vote of last session four industrial schools are to be established in British Columbia for the instruction of the Indian population in the peaceful arts. One of these schools will be located on Vancouver Island and the other three on the mainland at Kamloops, Metlakahtla and Kootenay respectively.

THE WHITECHAPEL MURDERS.

LONDON, Oct. 8.—Saturday's *Telegraph* contains two sketch portraits from the description of the man last seen in company with the woman named Stride, one of the victims of the Whitechapel murder fiend. The result has been the unceremonious arrest of every man bearing any resemblance to the picture, and a great deal of discomfort has been caused by this new phase of police activity. Many of the arrests are made by self-constituted detectives or ambitious vigilance committeemen. The victims were generally discharged from custody as soon as brought before a magistrate, but some have been unlucky enough not to be able to satisfy the officials of their rectitude and are subjected to more or less annoying detention. One of the men arrested carried a bag in which was found a razor. This suspect is still held and will have to give a very clear account of himself and his razor. Another perplexity attending the Whitechapel muddle is due to the fact that the regular police do not know by sight the ambitious amateur detectives, and the latter are occasionally "held up" and put to the embarrassment of explaining their presence and mysterious movements in the much-watched district. Experts ridicule Sir Charles Warren's determination to use bloodhounds in searching for the murderer. Scent training is now rejected and only showpoints are cultivated in the bloodhound, making him the most stupid of the canine varieties and useless in man-hunting. At the noted dog show in Norwich two years ago, though the crack dogs of the kingdom were represented, only one bloodhound displayed even fourth rate gifts. The dog that tracked Fisk, the Blackburn murderer, 12 years ago, was not, as has been stated, a bloodhound of pure breed but a mongrel. But even if a genuine tracker were secured the dog would be useless in the east end, where the trail could not remain many minutes unfoiled.

TO-DAY'S DESPATCHES.

ORDERED TO ZANZIBAR.

BERLIN, Oct. 9.—Four German frigates lying in the Bay of Naples for the purpose of firing a salute in honor of the Emperor William upon his arrival there, have received orders to proceed instantly to Zanzibar to protect German residents whose lives and property are endangered by the rising among the natives. They carry 1,630 men and 66 guns.

THE NEWMARKET MEETING.

LONDON, Oct. 9.—The Newmarket second October meeting for the Cesarewitch stakes was won by Tenbreus, Millstream second, Traytes third. There were twenty-three starters.

PACKING HOUSE BURNED.

CHICAGO, Oct. 9.—Schuman's packing house was burned this morning. Loss $125,000. Insured.

THE STREET CAR STRIKE.

CHICAGO, Oct. 9.—The west side street car drivers and conductors struck this morning being unable to reach a satisfactory conclusion with Supt Yerkes in reference to the north side strikers. The strike affects over 1,400 men. Two-thirds of the residents are practically shut off from reaching business except by walking. On the north side cars started at seven this morning accompanied by police. Nondescriptive vehicles did a trifling business. So far there are no disturbances.

PRIZE WINNERS.

NEW ORLEANS, Oct. 9.—The following are the large prizes in to-days drawing of the Louisiana Lottery: 1st 46,755; 2nd 73,946; 3rd 82,453; 4th 43,942; 5th 37,307; 6th 23,533; 7th 32,889; 8th 73,291; 9th 26,439; 10th 94,327; 11th 37,077.

RAILWAY CONFERENCE.

ST. PAUL, Oct. 9.—A delegation of representative men of Seattle, W. T., called upon Henry Villard this morning. President Oakes and others of the Northern Pacific officials were present. The Northern Pacific extension or purchase by the company of the Columbia and Puget Sound Railway, which runs from Stuck Junction to Seattle, was urged by the delegation. Nothing definite was done in the matter.

FLOQUET WILL RESIGN.

PARIS, Oct. 9.—The *Matin* says: Owing to disputes between members of the cabinet in regard to the revision bill, Floquet will most likely resign, Goblet the minister of foreign affairs succeeding him as premier.

A NEW ISSUE.

OTTAWA, Oct. 9.—Sir John Macdonald in an interview, expressed the opinion that the liberal party is irretrievably committed to some sort of political commercial surrender by Canada to the United States. The next federal election, he says will be fought out on this line.

CHOLERA RAVAGES.

LONDON, Oct. 9.—Cholera is reported to be making terrible ravages in the Phillipine Islands. The daily number of deaths both among inhabitants and cattle is very large.

WILLIAM GETTING NERVOUS.

VIENNA, Oct. 9.—Great precautions are taken for the Emperor William's safety both at railway stations along the road and at the palace. It is said that the reason for the unusual display of military and police was the recent revival of the international socialistic association.

GREAT SNOW STORM.

ST. JOHNSBURY, Vt., Oct. 9.—Snow commenced falling here last night and to-day at noon the storm is still in progress.

THE GREAT TELEPHONE CASE.

WASHINGTON, D. C., Oct. 9.—The supreme court took up the great telephone cases to-day, Chief Justice Fuller presiding. Judge Thurman opened the case for the government and was followed by Chandler. The "Old Roman" spoke steadily for two hours and greatly to the surprise of all delivered his entire speech in a clear voice without apparent effort.

QUICK LEGISLATION.

WASHINGTON, D. C., Oct. 9.—The secretary of the treasury has asked congress for an appropriation of $50,000 to carry the Chinese act into effect. The letter was read in the house and immediately referred to the appropriations committee. In less than twenty minutes the bill was reported back appropriating $50,000. Five minutes after the bill was passed without a dissenting vote.

WHEAT.

LIVERPOOL, Oct. 9.—Wheat dull, demand poor. Cals. 8s. 11½d.

CHICAGO, Oct. 9.—By noon to-day Oct. wheat had dropped 6½ cents below yesterday's closing, which was 116½. Nov. and Dec. also declined, the former 5½ cents and the latter 5½ cents.

NEW YORK, Oct. 9.—The wheat market was very weak this morning. Dec. closed at noon at 115½, a decline of 5 cents. 119½ was bid for May, while last night it sold for 124.

SAN FRANCISCO, Oct. 9.—Wheat declined 3½ cts. this morning, closing at 172. Nov. declined 3½ cts, closing at 164½.

A reduction of an eighth of a cent on all grades of sugar was made by the Cala. Sugar Refinery to-day.

STABLE BURNED.

NEW YORK, Oct. 9.—The livery stable of D. D. Wiltera was burned this morning. In it were burned to death Thomas Carr, a newsboy, and 27 horses. John Roach, a newsboy sleeping in the stable with Carr, was so severely burned that he is not expected to recover. The loss is $40,000.

CATTLE DISEASES.

SAN FRANCISCO, Oct. 9.—Dr. A. S. Mercer, of the U. S. Bureau of animal industry, who has been sent out by the agricultural department at Washington to gather statistics in regard to cattle and horses, addressed the board of health last night. He stated that while travelling through the ranches of Texas and adjoining territories he had discovered that hundreds of cattle were daily dying from various diseases such as Texas fever, anthrax, big jaw, actinomynsis, etc. He telegraphed to Washington for a surgeon and was joined by Dr. Thomas Bowhill. They then came to California and it was found that the anthrax was making making great ravages among the cattle of Monterey county. At one ranch 900 cattle died within thirty days. Autopsies were made on carcasses and the causes of death were discovered. All through that neighborhood cattle were found to be dying daily. Many horses are also diseased. At another ranch 100 out of 200 cattle died within two months. The Spanish people in the vicinity cut up the dead carcasses and shipped the meat as smoked and dried beef to San Francisco. Dr. Mercer said that thousands of pounds of this dressed beef had been sent to this city. The board decided to take immediate action and will employ a veterinary surgeon and two assistants to inspect all meats sold in the market. A joint meeting of the local and state boards will be held to inquire further into the matter.

Mrs. E. H. Perkins, Creek Centre, Warren Co., N. Y., writes: She has been troubled with asthma for four years; had to sit up night after night with it. She has taken two bottles of Dr. Thomas' Eclectric Oil, and is perfectly cured. She strongly recommends it, and wishes to act as agents among her neighbors.

Personal.

Capt. R. G. Tatlow, of Vancouver, was in the city to-day.

John Boultbee, barrister, of Vancouver, was in town to-day on legal business.

Mrs. Dr. Loftus McInnes left for Portland to-day to visit there for a few weeks.

Mr. and Mrs. A. J. McPherson and Mrs. Freeman, of Vancouver, paid the city a short visit this afternoon.

Rev. R. Jamieson left by the noon train for Vancouver where he goes to attend a meeting of the British Columbia presbytery.

The Proprietors of Parmelee's Pills are constantly receiving letters similar to the following, which explains itself. Mr. John A. Beam, Waterloo, Ont., writes: "I never used any medicine that can equal Parmelee's Pills for Dyspepsia or Liver and Kidney Complaints. The relief experienced after using them was wonderful." As a safe family medicine Parmelee's Vegetable Pills can be given in all cases requiring a Cathartic. For sale by all druggists.

Children Cry for Pitcher's Castoria

Daily British Columbian

Tuesday Evening, Oct. 9, 1888.

The exhibitions, local and provincial, are over for this year. It is not only natural, but profitable, to take a retrospective glance at such a time as the present, to enquire whether these shows have been successes or failures, wholly or partially, and to ascertain, if possible, the reasons for the one or the causes lying at the root of the other, as well as to apply the knowledge thus gained to the greater success of future affairs of the same kind. We persist in holding these fairs every year, and, unless we are deliberately stultifying ourselves, the very fact of a continuance in this practice is an admission that we consider the holding of local and provincial fall fairs worth the while; but there is a truism—none the less forcible because it is a rank "chestnut"—"that whatever is worth doing at all is worth doing well." There may possibly be exceptions to this rule, but certainly no one would dream of placing exhibitions of any sort in such a catalogue. A poor or an indifferent exhibition is almost sure, in the very nature of the case, to defeat the objects it was intended to promote. No half measures will do here. It may safely be said, better no exhibition than a poor or an indifferent one. Such an one reacts upon the district or country, as the case may be, and upon the people of the district or country as well, in the exact manner that the "faint praise"—which is said to "damn"—does upon the individual or scheme upon which it is lavished.

So far as the local shows on the mainland are concerned, and taking into account all the circumstances attending each, we are prepared to say, unreservedly, that they were successes. Success or non-success is commonly judged by some standard or ideal. The local exhibitions did not fall far short, if any, of satisfying a reasonable standard of excellence; in other words, they came very nearly up to the mark of what they were expected to be. In quantity, variety, and quality of exhibits, and the general interest manifested by the exhibitors, they reflected credit upon the districts in which they were held, upon the people of those districts, and in a limited sense, perhaps, considering their comparatively limited scope, upon the country at large. As we have already stated, these local shows were successful and creditable, and we predict that they will continue to be so in still greater degree in the future. They are worthy of every encouragement, and should be fostered and cherished in every considerable farming community. One commendable feature—beside the real objects and benefits of these local shows—is the comparative ease with which they can be operated and developed so as to fulfil the highest standard of excellence. Given a due amount of intelligence and interest among the farming population of a district, and there is no good reason why a local show should not furnish a fair index of the capacities of the district for production, in point of profusion, variety and quality, as well as of the industry, thrift, and skill of the people. The prizes which a local association is able to offer are not large, it is true, but then there is little or no expense in placing the exhibits upon the grounds, and this fact, if a proper and natural interest is taken in the exhibition by the farmers, almost in sures a successful local show. In other respects, an agricultural show in British Columbia—Westminster district especially—is sure to be a success, for the reason that the quality of most of the exhibits, alone, is well worth an inspection.

Owing to the provincial exhibition, of this year, for instance, one cannot truthfully say that it was an unqualified success. The quality of the exhibits, as a whole—that can almost always be relied upon in this province—was good. The extent and variety of the exhibits, the number of entries, and the interest manifested, were not what they should have been. A provincial exhibition, it is called. It is fair to say that we have never yet had a provincial exhibition in British Columbia. Some have been notable failures as exhibitions of any sort. All have fallen immeasurably short of the most reasonable standard of what a provincial exhibition ought to be; for, it goes without saying that, when you speak of a provincial exhibition, you expect something altogether different from a local exhibition. The latter is supposed to be drawn from and to illustrate the resources and industries of the district in which it is held. The former should be a full exposition of the natural resources, the industries, arts, and even curios, of the entire province and, as nearly as possible, of every part thereof. We quite agree with several of the speakers at the annual meeting of the provincial agricultural association, held at Victoria last Friday evening, that the designation of the society itself is a misnomer. It should be called, said one speaker, an industrial exhibition, instead of simply an agricultural exhibition. It was objected to by others that the prime and main object of the association was the holding of agricultural exhibitions. But why restrict its scope thus? There is nothing to hinder the fullest possible justice being done the agricultural interests of the province in these exhibitions, while, at the same, every other industry is equally represented and encouraged. We hope to see this so in the future. No doubt a half understanding on this point accounts for some of the lack of interest shown by manufacturers and others in the annual exhibitions. One industry has no need to be jealous of another. Each is paramount, so far as its prosperity and development is related to the common weal, and all may have an equal share in the reciprocal advantages of an annual exposition, without detriment to any. In fact, just so sure as union means strength, so would the harmonious working together of the various industries of the province lead to a far greater measure of success in our annual exhibitions, in every respect, than could possibly be attained without such an alliance. If the majority of the members of the B. C. Agricultural Association object to changing the name altogether, it should be at least amended to read the "B.C. Agricultural and Industrial Association." Little or no change would be required in the constitution, which already embraces this wider scope of the association. An enlargement of interest is desirable as well as a change of name, and we believe that this can be brought about.

Next year, as everyone now knows, the annual show is to be held in this city. Being, as it is, the most central place in the province, as population is now distributed, and possessing, by means of its railways, unrivalled waterways and wagon roads, perfect communication with all parts of the province, no better opportunity than is offered next year could be wished for inaugurating a new departure and holding at least one provincial exhibition worthy of the name, worthy of British Columbia, and worthy of the Royal City as well. It can be done; but Westminster, as is right and proper, under the circumstances, must take the initiative. Provincial exhibitions in the past have been got through in a perfunctory sort of style. Hardly any interest has been manifested. Up to within a week or two of the show very few people knew when it was coming off. In some important sections no advertisement at all was published. As an instance, the provincial exhibition just over was advertised in this city and district, in a rather small way—only two or three weeks before the date of the show. In Vancouver it was not advertised at all, and the same in other places. This one-horse style of doing things was, perhaps, necessitated by a lack of funds. And there's the rub! Lack of funds produces poor management, and poor management reacts unfavorably upon the financial and other interests of the association, and indifferent exhibitions are a natural result. If we are to make the exhibition in this city next year a grand success, as it should and may be, we must put, besides our best wishes, some money into the concern. To attract exhibitors from the more distant parts of the province, larger prizes must be offered; some time and money must be spent in gathering rare and curious exhibits; to insure visitors both from home and abroad the show must be well advertised in advance, not only in this province, but in other places as well; arrangements can probably be made for special excursion rates on steamer and railway lines; we might even have the governor-general so time his visit to this province as to be on hand and open the exhibition; and in many other ways can the next annual show be made a grand—an unprecedented—success, to the lasting honor and advantage of British Columbia and the Royal City. If we enter into the thing in this spirit, we shall, no doubt, have the hearty co-operation of all our sister cities, and of this district in particular. But, as we have remarked before, it will require money; for, in addition to all the expenses we have mentioned, considerable outlay will be required to prepare proper grounds at the park in this city. As the people of this city would be more directly benefitted by the holding of such an exhibition here as might and should be held, THE COLUMBIAN proposes to start a fund for prosecuting this thing on the proper scale. Although not any more "flush" than the average newspaper, we hereby head the list with ONE HUNDRED DOLLARS, as a nominal round sum, to be paid into the funds of the association, or to a committee appointed, on or before six months from the holding of the last exhibition, and to be applied in part to preparing the exhibition grounds in this city and partly to increasing the amount offered in prizes, or for other legitimate expenses in connection with the next annual show. Who'll be next? Elsewhere we print a subscription list, which will be kept standing, and where the names, with the amounts, of all those contributing will be published.

Much distress and sickness in children is caused by worms. Mother Graves' Worm Exterminator gives relief by removing the cause. Give it a trial and be convinced.

A Creaking Hinge

Is dry and turns hard, until oil is applied, after which it moves easily. When the joints, or hinges, of the body are stiffened and inflamed by Rheumatism, they cannot be moved without causing the most excruciating pains. Ayer's Sarsaparilla, by its action on the blood, relieves this condition, and restores the joints to good working order.

Ayer's Sarsaparilla has effected, in our city, many most remarkable cures, in cases which baffled the efforts of the most experienced physicians. Were it necessary, I could give the names of many individuals who have been cured by taking this medicine. In my case it has worked wonders, relieving me of

Rheumatism,

after being troubled with it for years. In this, and all other diseases arising from impure blood, there is no remedy with which I am acquainted, that affords such relief as Ayer's Sarsaparilla.—R. H. Lawrence, M. D., Baltimore, Md.

Ayer's Sarsaparilla cured me of Gout and Rheumatism, when nothing else would. It has eradicated every trace of disease from my system.—R. H. Short, Manager Hotel Belmont, Lowell, Mass.

I was, during many months, a sufferer from chronic Rheumatism. The disease afflicted me grievously, in spite of all the remedies I could find, until I commenced using Ayer's Sarsaparilla. I took several bottles of this preparation, and was speedily restored to health.—J. Fream, Independence, Va. ††

Ayer's Sarsaparilla,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price $1; six bottles, $5.

GREAT

Real Estate Sale!

I HAVE RECEIVED INSTRUCTIONS to sell by Public Auction at the Colonial Hotel, on

Saturday, October 13th,

AT 8 O'CLOCK, P.M.

THAT VALUABLE HOUSE AND LOT on Agnes Street, and known as Lot 9, Block XXXII, New Westminster City. This is a full size lot with good six-room House, standing for four horses, an excellent garden of bearing Fruit Trees, and never failing supply of pure spring water. Terms, $1200 cash, balance at 8 per cent.

THE S. W. QUARTER OF SECTION 30, Group 2, 8½ miles from New Westminster, with half a mile frontage on the Scott Road leading to Ladners Landing. This is an excellent chance to secure a good ranch within easy reach of the city. The growth is principally light alder, and the soil is of excellent quality. Terms, 25 per cent. cash, balance at 8 per cent.

THAT VERY ELIGIBLE LOT ON Agnes street, next the residence of Mr. Phillips, and known as Lot 36, Victoria Gardens; the size of the lot is 66 x 132 feet. This is one of the best situated lots on this street, and should meet with ready sale.

ANNAOIS ISLAND.

ALSO THAT VERY DESIRABLE PROperty known as "Annacis Island." This island is situate about three-quarters of a mile below New Westminster City on the Fraser River, and contains 905 acres, a great part of which is prairie with a heavy growth of timber around the outer edge of the island, forming an excellent shelter and making it eminently adapted for a stock ranch. Some of the land has been cultivated, and it is upon this island that the best sugar industry was established. This property will be found worthy the attention of capitalists, as in the hands of competent parties this island could be conveniently cut up into small farms of say 50 acres each, and would bring in a handsome return for the investment. And parties locating here would be within easy reach of the city, and have the advantages of a ready and constant market for all they could produce.

ALSO SEVERAL CHOICE LOTS 60 x 132 in Lot 19, Block XIII, New Westminster suburbs; and in Lot 9, Block X, New Westminster suburbs, facing on the Douglas Road. Terms, one-third cash, balance in three and six months, at 8 per cent. interest.

T. J. TRAPP, Auctioneer.

Public Notice

THE ATTENTION OF THE PUBLIC is hereby directed to the "Provincial Health (small-pox) By-Laws, 1888," issued by His Honour the Lieutenant-Governor in Council, under authority of the "Health Ordinance, 1869."

Having been appointed Provincial Health Officer for District lying south of Fraser River, I hereby give notice that the provisions of said By-Laws will be strictly enforced, and all persons are required to govern themselves accordingly.

R. I. BENTLEY, M. B., Provincial Health Officer.

New West., Oct. 8, 1888. doc8tal

[L.S.] HUGH NELSON.

BY-LAWS ISSUED BY HIS HONOUR THE LIEUTENANT-GOVERNOR-IN COUNCIL,

UNDER THE AUTHORITY OF THE "HEALTH ORDINANCE, 1869."

HIS HONOUR THE LIEUTENANT-Governor of British Columbia, by and with the advice of the Executive Council of British Columbia, acting under and by virtue of the provisions of the "Health Ordinance, 1869," enacts as follows:—

1. Whenever small-pox is present in any locality without the boundaries of any Municipality, the Provincial Health Officer may cause such locality shall at once cause the patient to be removed to an isolated hospital, tent or other suitable place, or cause such person to be otherwise sufficiently isolated, and shall see that he is properly cared for, and shall take proper measures for the disinfection, or, if necessary, the destruction of all clothing which may have been exposed to the contagion, and for the disinfection and purification of every conveyance, rail-car, steamboat, railway vessel, carriage, or other vehicle which may have been exposed to the contagion.

2. Such Health Officer shall have, in his discretion, full power to place in another building or tent all persons who may have been exposed to the contagion, and shall cause them to be supplied with all necessaries until the period of incubation of the disease shall have elapsed, after which such person shall go, or be permitted to go abroad, until he or she has given satisfactory proof of successful vaccination within the preceding seven years, or shall have obtained a medical certificate of insusceptibility to the vaccine disease, nor until the clothing or effects worn or carried by or with him or her have been properly disinfected, if the same have been exposed to contagion.

3. To assist the Health Officer, he shall have full power to employ persons to be nurses, sanitary policemen, and such other as to aid in the prevention of the spread of the disease, and may himself give and enforce such reasonable directions for the same purpose as to him may seem expedient, and the nearest Government Agent shall see that all articles and necessaries required by the Health Officer are furnished.

4. It shall be the duty of every medical practitioner who shall attend upon, or [illegible] or surgical advice, to or about any person suffering from small-pox, to give notice forthwith after the first visit commenced to attend or give such advice, to the nearest Provincial Health Officer. When a householder knows that a person within the house occupied by him is taken sick of small-pox, he shall immediately give notice thereof to the nearest Provincial Health Officer.

5. The Provincial Health Officer before mentioned is and includes any person appointed Health Officer under the "Health Ordinance, 1869," by the Lieutenant-Governor in Council.

6. The foregoing provisions shall have no effect within the limits of any Municipality, save as hereinafter mentioned.

7. In case the Council of any Municipality, whenever small-pox is present, or likely to occur therein, shall fail to make or carry out proper provisions to prevent the invasion or spread of small-pox within the Municipality, and complaint thereof shall be made to the Lieutenant-Governor by the Council of any adjacent Municipality, it shall be lawful for the Lieutenant-Governor in Council, acting upon such complaint or in his discretion upon other information, to order that these regulations shall, until otherwise ordered, apply to and be in force within the Municipality in which such neglect occurs, and thereupon any Provincial Health Officer shall have, within and in respect of such Municipality all the authority with which he is clothed in respect of localities without Municipalities, and in such case all disbursements and expenses paid by the Province, in the carrying out within the Municipality of these foregoing regulations, shall be paid by such Municipality.

8. These regulations may be cited as the "Provincial Health (small-pox) By-Laws, 1888."

Dated at Victoria, this 3rd day of October, 1888.

By command,

JOHN ROBSON, Provincial Secretary.

APPETIZERS.

Disadvantage of Being Two-Voiced.

Ben Maddox, who for some time carried the mail between the towns of Hillsboro and Whitney, Texas, is the possessor of a variegated voice. He usually begins speaking in a very high, aspirate voice, and when about half through the sentence falls to a very deep bass, in which he finishes.

One day in returning from Whitney his team ran away, threw Ben out in the mud, and turned the light covered hack which he was driving over on him in such a manner that, although uninjured, he was unable to get from under it.

While he was there a stranger came by, when the following conversation took place:

Ben (in fine voice): "Hello, mister, will you please git down an' raise this hack high as I can git out?"

Stranger: "Yes, I guess I can, but how did you get under there?"

Ben (in his coarse bass voice): "The horses ran away, and turned the hack over on me."

Stranger: "Lookee here; if there are two or three of you under there, you are able to raise that hack yourselves, and I am not going to get down in the mud to help you."

And away he rode, leaving Poor Ben to get out the best way he could.

No Pie.

Jesse Wood tells a good story of a farmer whom he saw at the breakfast table one morning in the leading hotel in Nashville.

When the waiter handed the rustic the bill of fare, he glanced over it and remarked:

"Johnny, just bring 'em all in. I'm gosh durned hungry, and just got in Nashville."

The waiter grinned, and, after being gone for a few minutes, returned with dishes that made a great semi-circle around the stranger's plate. He counted them all over, and then, with a doubtful look, remarked:

"Look here, waiter, I don't see any pie, and I'm mighty fond of pie, too."

"Say, mister, we don't set no pie for breakfast at this hotel. Only have pie for dinner."

The country gentleman, with a look of disgust, turned to Mr. Wood, and said:

"Neighbor, this is a —— of a hotel."

"Why?"

"Two dollars a day and no pie."

Doc. Bamford, clerk at the Burnett House, tells a similar story of a man who once stopped at the Tremont House in Chicago.—[Cincinnati Enquirer.

Just the Ordinary Taffy.

"Well, we are penniless, or nearly so," he said, as he reached home and threw the evening paper to his wife.

"Wh—what is it?"

"The Mechanics' bank has busted, and we had $4,000 on deposit there."

"But Richard," she said, after glancing at the article, "the president says he hopes to pay all depositors in full."

"And didn't I say the same to my creditors when I failed in the grocery business, and did a single one of them receive five cents on the dollar?" he howled.—[Wall Street News.

Interesting Suggestions of the National Game in the Works of the Dramatist.

The game of baseball is generally supposed to be a modern pastime, but Owen Pawcett, the comedian, thinks that a look through Shakespeare will convince one that the game is of remote origin.

He presents the appended cullings:

"You bare(foot) ball players."—King Lear.

"Why, these balls bound."—Merry Wives.

"Now let's have a catch."—Twelfth Night.

"I will run no base."—Merry Wives.

"And so I shall catch the fly."—Henry V.

"Eastward ho(e) Stella."—Henry VI.

"Base! and by a great catch."—Troil. and Cres.

"More like to run the country base."—Cymbeline.

"As swift in motion as a ball."—Romeo and Juliet.

"Ne'er leave striking in the field."—All's Well.

"After the scores."—Othello.

"A fly goes up and down the field."—Troil and Cres.

"Have you scored me?"—Winter's Tale.

"And the third nine."—Coriolanus.

"He proved the best man in the field."—Henry IV.

"The worst is pitch and pay."—King John.

"However, men do catch."—Tempest.

"What a foul play had we."—Titus Andronicus.

"Unprovided of a pair of bases."—Henry IV.

"No other books, but the score."—Henry IV.

"The nine is buckram."—Henry IV.

"His confounded base."—Henry V.

"I will case to strike."—Troilus and Cressida.

"Where go you with bats and clubs?"—Coriolanus.

"Let us see you in the field."—Troil. and Cres.

"Thrice again to make up nine."—Macbeth.

"Judgment."—Hamlet.—Philadelphia Press.

A Dissatisfied Man as a Cook.

Mr. Glick is near-sighted and his wife was not feeling very well the other morning, so Mr. Glick undertook to get the breakfast ready. Then he assisted her to make her toilet. When they sat down to breakfast, Mrs. Glick said:

"John, did you make some toast?"

"No, my dear," he replied, "but just look what a nice beefsteak I fried in butter for you."

"Laws of mercy!" exclaimed his wife, as she balanced it on a fork, "you have fried my new ten-dollar bonnet!"

Glick will hire a girl hereafter when his wife is sick.—[California Maverick.

A Good Sea Story.

An English lady, who visited America many years ago, used to tell the following story:

On the voyage, she was one day shocked by seeing a ship's officer knock down one of the crew, who was inclined to mutiny. He made him lie all night after her that he retreated to her state-room, and did not again appear on deck until land was sighted.

Then she perceived at the wheel the man who had received the blow.

Approaching him she asked, with deep sympathy:

"How is your head now?"

"Best as 'tis, ma'am," was the answer.

Curious Entry From a Marriage Register.

An English paper gives the following curious notice, found in the marriage register of the Church of St. James, Barry street, Edmunds.

"1832, November 5—Christopher Newson, Charity Morrell. Charity Morrell being entirely without arms, the ring was placed upon the fourth toe of the left foot, and she wrote her name in this register with her right foot."

Constipation

Is a universal and most troublesome disorder. It causes Headache, Mental Depression, impairs the Sight and Hearing, destroys the Appetite, and, when long continued, causes Enlargement of the Liver, Inflammation of the Bowels, and Piles. Constipation is speedily cured by Ayer's Pills.

For a number of months I was troubled with Costiveness, in consequence of which I suffered from Loss of Appetite, Dyspepsia, and a disordered liver. My eyes also troubled me. I was compelled to wear a shade over them, and, at times, was unable to bear exposure to the light. I was entirely

CURED BY USING

three boxes of Ayer's Pills. I have no hesitation in pronouncing this medicine to be the best cathartic ever made.—James Eccles, Poland, Ohio.

I suffered from Constipation, and, consequently, from Headache, Indigestion, and Piles, for years. Ayer's Pills, which I took at the suggestion of a friend, have given me effectual relief. I commenced taking this remedy two months ago, and am now free from Constipation, the removal of which has caused my other troubles to disappear, and greatly improved my general health.—W. Keeler, Amherst, Mass.

I suffered from Constipation, which assumed such an obstinate form that I feared a stoppage of the bowels. Two boxes of Ayer's Pills cured me, completely.—D. Burns, Saco, Me. ††

Ayer's Pills,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists and Dealers in Medicine.

AUCTIONEER.

AUCTION

PROVINCIAL

Government Lands

—ON—

NORTH ARM OF FRASER RIVER, AND ADJACENT LANDS, NEW WESTMINSTER DISTRICT.

TUESDAY, 23rd OCTOBER

AT 11 O'CLOCK, A. M.

I have been instructed by the Chief Commissioner of Lands and Works to sell by Auction

AT VANCOUVER, B. C.

Several parcels of fine agricultural lands, situate on or near the North Arm of Fraser River, being sub-divisions of Lots 325, 326, 329, 330, 331, 332 to 339, 149, 150, 156, 175, 186, 155, 162, 163. The subdivisions of these Lots contain from 27 to 172 acres each; the location of these lots is shown on the present maps of the District.

The farms in the immediate vicinity of these Lots are considered the finest agricultural properties in British Columbia. Some of the lots front on the North Arm, and others are in the immediate vicinity of the same.

Steamers run daily from New Westminster and Vancouver, past these valuable properties.

ALSO,

Lots 668 to 676, and Lots 708 to 736.

All situate between the North Arm of Fraser River and Vancouver City. The North Arm Road from Vancouver runs through these Lots and there are other roads laid out that will give access to each of them. This property commences about 2½ miles south of Vancouver City and is bounded on the west by the C. P. Railway Land Grant, and is surveyed into lots containing from 5 to 58 acres each, maps of which will shortly be ready for distribution.

All the lands to be sold are well adapted for agricultural, dairy or orchard purposes, and on account of their close proximity to the markets of Vancouver and New Westminster cities, will be desirable properties for families seeking a home or for investment.

The C. P. Railway are now constructing a fine wagon road from Vancouver to the North Arm of Fraser River and Lulu Island. They are also surveying a line of railway through these properties with a view of connecting with the United States system of railways at Seattle.

These lands may fairly be considered as the most valuable ever offered for sale by auction in British Columbia.

GEORGE BYRNES,

solm4 AUCTIONEER.

W. C. LOYE,

Fashionable Boot and Shoe Maker.

Repairing Neatly Done. Cork Sole Work a Specialty.

DIED

MURPHY.—On the 6th inst., at St. Mary's Hospital, N. W., Jas. Murphy, of Union Bar, of consumption, aged 57 years.

A clean sheet at the police court to-day.

The str. Western Slope leaves for Nanaimo to-morrow morning.

Several new advertisements are unavoidably laid over till to-morrow.

Fresh Eastern Oysters by the can at R. J. Armstrong's. dse20tc

For lack of a quorum no meeting of the city council was held last night.

Fresh Eastern and Native Oysters, served in every style, at the Club. *

Don't forget the "Chimes of Normandy" at the Opera House to-night.

The Juvenile Opera Co. arrived from Vancouver this afternoon and are staying at the Colonial.

First class Board and comfortable Rooms at Miss Yeo's, Columbia st., opposite Catholic church *

The str. Gladys left for up-river ports this morning with 15 tons of freight and 20 passengers.

An ugly snag is anchored in the river opposite Ewen's wharf. It should be removed as soon as possible.

Ackerman Bros. are making the necessary preparations for removing the Maple Leaf saloon and Gem saloon buildings.

The annual meeting of the W. C. T. U. is now in progress at Victoria. A number of delegates from this city are in attendance.

The str. Irving returned from up-river ports this afternoon with a large number of passengers and a full load of farm produce.

The hull of Captain Insley's new steamer is almost completed. It presents a very neat model and should be a very fast craft.

The salmon run last night was fairly good. W. H. Vianen shipped, to-day, 1300 lbs. of salmon to Victoria and points east on the C. P. R.

The str. Cariboo Fly was wrecked on Sept. 30th in the Granville channel. The passengers and crew were taken to Victoria on the American steamer Quickstep.

Owing to the late heavy rains having put the Brownsville range in a rather boggy condition it has been decided to postpone the annual prize meeting of the N. W. R. A. till Saturday 20th inst.

Many forget that the hair and scalp need cleansing. Extensive use of Ayer's Hair Vigor has proven that it is the best cleansing agent for the hair—that it prevents dandruff and stimulates the hair to renewed growth.

To-morrow evening the Olivet Baptist Sunday school will give a young men's social in the basement of the church. A very interesting programme has been prepared and a pleasant couple of hours are promised to all who attend.

To-night, Juvenile Opera Co., Herring's Opera House, in "Chimes of Normandy." This will be your only opportunity to hear this excellent company. Secure seats in advance at Herring's drug store. There are only a few left.

"For years I suffered from loss of appetite and indigestion, but failed to find relief until I began taking Ayer's Sarsaparilla. This medicine entirely cured me. My appetite and digestion are now perfect."—Fred. G. Bower, 496 Seventh st., South Boston, Mass.

P. M. Markell, West Jeddore, N. S., writes: "I wish to inform you of the wonderful qualities of Dr. Thomas' Eclectric Oil. I had a horse so lame that he could scarcely walk; the trouble was in the knee; and two or three applications completely cured him."

Counterfeit dollar bills are in circulation throughout the province and one of them went through several hands in this city until it reached the bank of British Columbia, where it was detected. The counterfeit is very good and apt to deceive anyone but an expert.

One of the young Walworth's was in town this week, and naturally, being connected with the family afflicted with smallpox, his visit created some alarm. From information derived from a reliable source it is learned this young man has not been home since the smallpox broke out, and therefore no danger was incurred by his visit.

Last week the city was favored with a visit from educated dogs and this week a gallant Frenchman with an educated bear is astonishing the natives. This morning the bear and its keeper indulged in a catch-as-catch-can wrestling match on the fire slip. The match was very interesting and was watched by many spectators who were rather astonished at the agility and expertness of the bear in throwing its master without any apparent effort In the last fall the Frenchman was thrown head over heels, which decided him not to try it again.

What Toronto's well-known Good Samaritan says: "I have been troubled with Dyspepsia and Liver Complaint for over 20 years, and have tried many remedies, but never found an article that has done me as much good as Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure." CLARA E. PORTER.

Exploring for Fish.

The United States fish commission steamer Albatross lay at anchor in the outer harbor all yesterday. She is under orders for a cruise about the straits of Fuca, after which the region off the Columbia river will be explored before proceeding down the coast to San Francisco. The object of the cruise is to gather scientific information in regard to the fish inhabiting the waters explored, their food supply, etc. Judge Swan, the well-known naturalist of Port Townsend, is on board.—*Colonist.*

The Coroner's Inquest.

Mr. coroner Ferris returned from Victoria this afternoon and immediately empanneled a jury to sit on the inquest on the body of Durant, the man murdered by Jones, of Jones' landing, on Saturday. After viewing the body at the St. Mary's hospital morgue the jury returned to the court house where the evidence of witnesses is being heard as we go to press. Owing to the late hour at which the inquest was opened we are unable to publish the evidence to-day. Mr. Bole, Q. C. is watching the case on behalf of the accused.

Vaccination in Surrey.

At a special meeting of the Surrey council held yesterday for the purpose of taking some steps deemed advisable to prevent the spread of the small-pox epidemic, a health by-law was passed and H. T. Thrift was appointed quarantine officer. Mr. J. A. McLean, who has been engaged teaching school in Surrey for some time past, has been employed to vaccinate all the residents throughout the municipality. The residents of Surrey are not all alarmed over the disease and consider that with the precautions already taken there will be no further spread of the disease.

Grading the Southern.

Mr. James Leamy will soon have everything in readiness for commencing work on the grading of the Southern Railway. He has received 600 shovels besides mattocks, picks and axes, and is only awaiting the arrival of several hundred wheelbarrows to commence operations. The first grading division will be from Brownsville to the hatchery and the second from the hatchery to Clover Valley. Mr. Leamy does not intend sub-letting any portion of this contract but will construct the whole himself. If the balance of the tools arrive, as expected, work will commence this week.

At the Hot Springs.

Following are the arrivals at St. Alice Hotel for last week:—Newton B. Crittendon, San Francisco; Mrs. D. Erwin, Vancouver; G. Walker and wife, Calgary; J. G. Palmer and wife, Boston; J. Warren Bell, C. H. DeBeck, Max Mowat, L. A. Lewis, E. W. Lamb, H. Hoy, wife and child, Miss Nellie Bonson, Westminster; Mrs. J. Armstrong, Miss McKeever, Chilliwhack; J. J. Hunt, J. Behrmann, J. Silberbaum, T. B. Doebelli, Capt. J. Edwards, Geo. Gerrish, Port Townsend; Mr. and Mrs. Dumbleton, Miss Dumbleton, R. J. Etheridge, G. Etheridge, R. Hunter, R. J. Johnson, A. Bossi, Victoria.

Squatter's Claims.

Previous to the surveys made by the Dominion Government in the railway belt a large number of squatters located on the land at different points between this city and Hope, on both sides of the river. Many of these squatters have resided permanently on their lands ever since and have built up comfortable homes for themselves. A few, however, got discouraged after making some improvements and went elsewhere to make a living, but still intending to return if the land squatted on could be obtained from the government. After several years of suspense the surveys have been finished and Mr. H. B. W. Aikman, Dominion lands agent, has received instructions from Ottawa to grant patents to all squatters who have resided permanently on their lands since first occupation. The price fixed on the land for these settlers is $1 per acre. Squatters who have not resided permanently, but have not relinquished their claims, will be charged at the rate of $2.50 per acre. Mr. Aikman is now busy issuing crown patents to all those entitled to them, and, as a natural consequence, the squatters are relieved of the suspense they have been living in for some years past.

Olympic Athletic Club.

A meeting was held in the Drill Shed last night for the purpose of organizing an athletic club as a source of exercise and amusement for the young men of the city during the long winter evenings. After the subject had been fully discussed the Olympic athletic club was formed and the following officers elected: President, Mr. Peter Grant; vice-presidents, Mr. M. Phillips and Mr. J. Stirsky; secretary and treasurer, Mr. J. E. Phillips. Mr. F. R. Glover was elected an honory member. Committee: Messrs. H. Miles, J. Harling, W. E. Fales, M. Phillips, W. Keay, J. A. Aikman and J. H. Bell. The rules and conditions of the late New Westminster Athletic club were adopted to govern the new club, and the membership fee was fixed at $1 with 50 cts. monthly dues. The drill shed has been secured for a gymnasium and practices will be held twice a week on days to be fixed hereafter. The club starts with a good membership and with a sufficient number of trained athletes to insure its ultimate success. The want of an institution of this kind, where young men could spend their winter evenings profitably, has been greatly felt during the last few years, and now that the club has been formed it is to be hoped it will meet with a hearty support.

Job printing of all kinds neatly done at the COLUMBIAN office. Prices will be found as low as at any other office in the province.—*Adv*

Children Cry for Pitcher's Castoria

The First Shot.

Yang Skip, a Chinaman from Seattle, visited Victoria last week, taking the precaution to obtain a return certificate from the customs authorities. During his absence, however, congress passed and the president signed the exclusion bill, which provides that after its passage and approval no Chinese laborers shall be admitted into the United States. On reaching Port Townsend on his way back from this city the customs officers spied the lone Chinaman on deck and they let down on him like they would on a trunk of opium that they were not in with. Sip presented his certificate, but it was of no avail, and he was locked in a room, and kept there all night for the purpose of returning him to Victoria next Monday. Capt. Roberts is determined not to carry any more Chinese of any class out of Victoria until this question is finally settled as to whether Chinese holding certificates shall or shall not be admitted. At Port Townsend he was required to give bonds to the amount of $1600 as security that the four Chinese employed on board the Olympian would not step on Canadian soil when the vessel was here, as they would thereby, in the eyes of the U.S. officials, forfeit their right to return. Captain Roberts thinks this is too much of a good thing, and will discharge his Chinese help before returning to Victoria. The right of the U.S. government to exclude Chinese is undoubted, but to ordinary people it will appear that the repudiation of their own certificates is a breach of faith that no judicial tribunal will sustain.—*Times.*

PROVINCIAL EXHIBITION.

LIST OF PRIZE-WINNERS.

(CONCLUDED.)

FRUITS.—Apples, best 12, early autumn, dessert, A C Wells; 2nd, Wm Charles. Apples, best 12, winter, eating, Mrs Sills; 2nd, E Greyell. Apples, best 12, cooking, S Sandover, 2nd, A C Wells. Children Cry for Pitcher's Castoria

STANDING OFFER!

For the purpose of raising a fund to contribute towards the patriotic and worthy object of making the next annual exhibition of the B. C. Agricultural Association (to be held in this city) a grand and unprecedented success, the undersigned agree to contribute the sums opposite their respective names (money to be paid into the association or to trustees competent to receive the same, and to be applied to preparing exhibition grounds at the city park in this city, for increasing the amount offered in prizes, and for furthering the exhibition in other ways, and to be payable on or before six months from the date of the last provincial exhibition):

"The Columbian"	$100 00

NOTE.—See editorial on 2nd page.

Late Canadian News.

WINNIPEG, Oct. 4.—The new Canadian Pacific grain tariff has been issued. A slight reduction has been made from Winnipeg and other points to Port Arthur.

The price of wheat at Brandon has advanced $1.12 and 1.15 per bushel. Flour has advanced in price throughout the province and it is expected an increase in the price of bread will follow.

OTTAWA, Oct. 5.—A crank sought to gain Sir John's presence to-day. He said he wanted to assist the premier to put down the rebellion.

GALT, Oct. 5.—There arrived at the Galt post office last night three separate packages post marked Toronto and addressed to Mrs. John Cherry, Miss May Lowell and Mrs. Sidley, wife of Rev. John Sidley of the English church. All three contained poisoned chocolates. One of Mrs. Cherry's children died from eating the chocolates and another is not expected to recover. The people are greatly excited over the affair.

TORONTO, Oct. 6.—Editor Jenkins, of Brussels, who was committed to jail for contempt of court, has been released on making a humble apology.

Lord Fitzgerald, private secretary to the governor of Newfoundland here, says that the feeling in the colony in favor of entering confederation is knocked on the head by the retaliation message.

MONTREAL, Oct. 6.—The fire committee this afternoon dismissed chief Patton from the fire brigade, afterwards voting him a bonus of four thousand dollars. The council meets on Monday to select a new chief.

WINNIPEG, Oct. 6.—Wheat advanced to a dollar and fifty a bushel in Manitoba points yesterday.

The schools of East Selkirk have been closed owing to the prevalence of diphtheria.
