NOTES AND COMMENTS.

A woman at Covington who applied for a divorce the other day, told the judge that she has been twenty three years trying to get her courage up to the point. Meanwhile her husband has been pounding and otherwise maltreating her.

In remembrance of her good work for Hindu women a number of large photographs of Lady Dufferin, done on porcelain and handsomely framed, are being distributed by subscribtion to most of the hospitals in India, where they will be hung up in the wards.

Another "dress suit suicide" occured last week, this time in Chicago. In addition to the regulation dress suit the unhappy man had *arrayed himself in a grand new shirt.* With such a combination of miseries the cause for the rash act is not hard to guess.—*Ex.*

A *young man of Poughkeepsie* was so overjoyed at his admission to the bar that he lost his senses for a time. He got out Eastman's brass band of nineteen pieces, and *marched up and down the street* ahead of the drum major, carrying a broom. He was arranging for fireworks and other jubilations when his friends secured him.

The Difference.—Stern father—Do you not know that it is gambling to play marbles for keeps? Guilty son—No, sir. Was it gambling when you and those gentlemen played cards for pennies the other night when mamma was out? Stern father (less sternly).—Well—ahem—you see—my son, you are too young to understand the difference in such things. There's a nickel; go and buy yourself some new marbles.

"*Andy Pickup,*" says a *Missouri* paper, "called on ye editor on Tuesday and left a basket of eggs laid by his famous Plymouth Rock chickens. We trust that when *Andy again* makes us a similar present, he will bring the eggs into the office by way of the door. In his haste he fired them at us through the window, and as they were laid last season, our clothing has since been a reproach to journalism. We thank Andy for the gift, but we do not approve of his style of making the presentation."

It costs at the rate of over $25 per head to govern the City of Buenos Ayres, Argentine Republic, with a population of only 470,000, and this amount of taxation covers only the "debt service" and the cost of every day administration. The last city budget dealt with the tidy little sum of $15,244,000, of which about half is met by taxation and the remainder by borrowing. The "*debt service*" *alone cost* $2,000,000, and the sanitary service another million. The ordinary municipal administration costs $5,000,000, and the remaining $7,000,000 are *for extraordinary expenditures, such* as making and paving new streets, building a new hospital, etc. What rich pickings there must be for the Buenos Ayrean boodlers!—*Ex.*

One of the funniest recent stories of James Gordon Bennett comes across the Atlantic in a private letter. It is said that Mr. Bennett, after some unpleasantness with the managers of a well-known club at Nice, went to visit his friend Prince of Monaco. The two are old chums, but in this instance they quarrelled, and the princeling gave orders that the American millionaire should be excluded from the borders of the principality. Now, as all the world knows, the palace at Monaco stands on a great rock overhanging the Mediterranean. Mr. Bennett's yacht lay near at hand, and, after the quarrel, he went on board and spent the night steaming up and down in front of the castle with the foghorn blowing every *other minute.* The disturbed prince next morning made peace with his old friend, and Mr. Bennett returned to Monaco.

The "Christian Scientists" in the United States have recently discovered that they are above the law in the matter of marriage and divorce. A few days ago the chief priestess in a New York "healing temple," Mrs. Mary Plunkett, divorced herself from her husband by inducing him to sign with her a document declaring their marriage contract null and void. With very little delay she married another "healer," the ceremony consisting merely of a declaration by both in the presence of witnesses that they were man and wife. When interviewed on the subject the new husband said; "There is a true soul mate for every person, and we are conscious that we are married." "Whatever may be said of this doctrine it is certain that the methods of divorce and marriage adopted by the "healers" are convenient and inexpensive. It may be, however, that the rude arm of the law may complicate matters a little and render the honeymoon of the priestess and her metaphysical husband somewhat unpleasant.—*Ex.*

About a dozen Winnipeg merchants were beat on Wednesday by a man calling himself Edward Campbell, presenting forged checks over the signature of E. L. Drewery. In each case the cheque was for $14 and duly cashed.

Children Cry for Pitcher's Castoria

SIR JOHN WANTED.

Lord Salisbury Calls Sir John A. to England to Discuss Important Matters.

Surveyors Leave 'Frisco to Define the Alaskan-British Columbia Boundary.

French Canadians Advised to Emigrate to the Northwest in Preference to the States.

SIR JOHN CALLED TO LONDON.

TORONTO, June 14.—A despatch to the *World* says: Lord Salisbury has called Sir John Macdonald to London, that a better understanding may be arrived at regarding the present strained relations between Canada and the U. S. than it is possible to reach through written communicatsons.

A MURDEROUS CONSTABLE.

TORONTO, June 14.—William N. Dickson, a G. T. R. constable, boarded a C. P. R. train between the Union station and Parkdale. He refused to pay his fare and when the train hands *attempted to put him off he shot* Baggageman McLaughlin in the right side.

PRIVILEGES WITHHELD

OTTAWA, June 14.—Considerable alarm is felt in political circles here over the delay of the U. S. treasury department in granting the application of the C.P.R. for bonding privileges *of their new line across the state of* Maine to the lower provinces. If the privilege is much longer delayed it is *certain that the railway company will* practically have a white elephant on their hands.

BLOWN UP.

BROCKVILLE, June 14.—At 7 o'clock this morning the works of the Canadian Powder Company, two miles east of here, blew up with terrific force. Fortunately the men had not gone to work, and no lives were lost. A horse and several sheep were *blown to atoms and several plate glass* windows in the town were smashed. The works were owned by the Brockville Chemical Co. The cause of the explosion is unknown.

COULDN'T FACE THE MUSIC.

QUEBEC, June 14.—A gunner of B Battery has just deserted from the *regiment on the eve of his marriage,* leaving a young and blooming prospective bride in sore distress. It seems the wedding day had been fixed, the church calls were all duly made, rooms taken and furnished and the wedding guests invited, when the faithless swain turned traitor and ran away.

NEW COLONISTS.

TORONTO, June 14.—The Jesuit *Father Notin publishes a letter urging* the French Canadians to take advantage of the cheap farmers' excursions organized by the Canadian Pacific Railway to Manitoba and the Northwest territories. While not desirous he says of doing anything to injure the cause of colonization and settlement in the province, he claims that the Northwest, if French Canadian emigration to it be wisely encouraged, offers a considerable advantage to those having at heart the welfare of such emigrants, the extension of their holy religion and of their nationality. He says they will remain Catholics and Canadians in the Northwest, which *they will not do if they go to the* United States; they will bring strength to their fellow countrymen already settled there, *sustain them in fighting* for their dearest interests, and if their influence is already considerably felt in the government and public affairs generally, such influence will be made to increase from day to day and to become more salutary to Catholic institutions.

SHIPPING.

SAN FRANCISCO, June 14.—Arrived, ship Two Brothers, Tacoma; schooner *Excelsior Port Madison;* schooner Lizzie Vance, Port Discovery. Sailed, str. Mexico, Victoria.

GENEROUS OFFER.

SAN FRANCISCO, June 14.—The *Report will say this afternoon* that General Miles has offered to fill in and grade Vanness avenue from where it *now ends to Blackpoint, if the city will* condemn the land. This street runs through the Laguna survey, which will have to be condemned. Afterwards he will grade Lombard street from Vanness to Presidio. The government has appropriated $38,000 to be spent in improving Military Point, and General Miles considers this in the line of improvement, as at present there is no direct road to Blackpoint. This is a very important offer to the city.

A MURDEROUS SERVANT.

SAN FRANCISCO, June 14.—The preliminary examination of Ah Jim, the murderous domestic who attacked Mrs. Johnston of Ellis street with a carving knife, yesterday morning, and cut her sistor, Miss Ella Fenner, in the right arm when she went to her assistance, was postponed in Judge Rix's court this morning until a week from *next Tuesday. A certificate was pre*sented from a physician who is attending Miss Fenner setting forth that it *will be days before she is able to ap*pear in court.

A FIGHT IN PROSPECT.

SAN FRACISCO, June 14.—Jimmy Griffin, who is to fight Tommy Warren at the California Athletic club on the 28th inst., arrived this morning from New York accompanied by "Young" *Mitchell and Billy Jordan. He says* he is in good condition and will commence training for the battle, which will be for the world's feather weight championship.

GRADUATION EXERCISES.

SAN TERMANDO, June 14.—The first graduation exercises of the MacLay *college of theology were held in the* chapel yesterday afternoon. Addresses were given by President Bovard, of the university of Southern California, and Dean R. S. MacLay, of the MacLay college. John A Morrison was the first graduate of the college and received the degree of B. D.

THE ALASKAN BOUNDARY.

SAN FRANCISCO, June 14.—The str. Bertha sailed this morning for Alaska. She takes up two parties of surveyors who are to define the boundary line between Alaska and British Columbia. There are 20 men in the two parties and they will be gone 18 months. Prof. J. H. Russell, of the Smithsonian institute, also went on the steamer. He will make investigations in the interest of the U. S. geological society. The surveying parties are sent by the government.

AMERICAN OSTRICHES.

SAN FRANCISCO, June 14.—A carload of ostriches was sent east yesterday over the Union Pacific road from Red Bluff to Kansas city. This is the first shipment of the kind ever made from the states. The birds go to Sells Brothers' circus and were raised near Red Bluff.

FIRST RUBBER FACTORY.

The first rubber factory for manufacturing mechanical rubber goods, such as hose, belting, packing, etc., from crude India rubber, was started yesterday at 409 Market st. by W. F. Bowers & Co. *This new enterprise* gives employment to a large number of skilled workmen and opens trade *direct with Central America.*

THE C. P. R. IS ALL RIGHT.

The representative of the Canadian Pacific does not think that there is any cause for alarm, as suggested by the despatch from Ottawa, stating that the U. S. government has refused to grant bonding privileges to his road over the *line through Maine to the Atlantic sea*board. He says the Canadian Pacific is sure to comply with the U. S. demands and the trouble will be readily settled.

WHEAT.

NEW YORK, June 14.—Wheat, June 83; July 83½; August 83½.

SAN FRANCISCO, June 14.—Wheat steady, very firm, buyer '89 134; seller '89, new, 126; buyer, after August 1st 133½.

LIVERPOOL, June 14.—Wheat demand good; white spring 7s. 7½d.; winter Gs. 5d.

A BIG INCREASE.

PASADENA, Cal., June 14.—The last car load of oranges for the season was shipped yesterday. The total *shipments have* been 450 cars, or 45,700 boxes. The value of the total orange fruitage for the season is about $80,000 net, against $10,000 net last year.

HANDSOME CONTRIBUTIONS.

SAN FRANCISCO, June 14.—Money is still being collected here for the *benefit of the Johnstown and Seattle* sufferers. The totol amount raised here will reach $12,000.

THE RELIEF FUND.

SAN FRANCISCO, June 14.—Liberal contributions are still being made to the relief fund. Treasurer Sloss has received already $68,000.

HEAVY DAMAGES ASKED.

SAN FRANCISCO, June 14.—Simon Asch, father of the little boy who was run over and killed by a Geary street car last April, to-day sued the Co. for $50,000 damages.

RUN OVER.

SAN FRANCISCO, June 14.—Ralph Totton, aged 5 years, was run over by a baker's wagon on Kearny st. near Merchants st., this morning and seriously injured. It is thought his spine is injured. The driver of the wagon was arrested, as the accident was caused by his recklessness in driving at a rapid speed around the streets.

OPIUM SEIZED.

SAN FRANCISCO, June 14.—Opium to the value of $500 was seized this morning on the steamer City of Sydney. Thirty 5-tael boxes were hidden in the rigging.

APPLICATION DENIED.

ALBANY, N.Y., June 13.—A requisition was presented to Governor Hill to-day from the governor of Illinois for the surrender of Maroney and McDonald, charged with the murder Dr. Cronin. The governor denied the application without prejudice to its renewal, upon the grounds that the application was not accompanied by the indictment and that no proof whatever was presented that the accused are guilty of the crime charged against them.

DROWNING ACCIDENT.

SAUSALITO, Cala., June 13.—A young named W. A. Martin, employed in the Southern Pacific R. R. auditing department was drowned this morning while bathing. Martin was 22 years of age and was a son-in-law of C. A. Robinson, of San Francisco.

LOOKING INTO THE FRAUDS.

SAN FRANCISCO, June 13.—Special treasury agents Crowley and Mulkey have been ordered to Port Townsend to investigate the frauds in the customs.

CELESTIAL FIENDISHNESS.

SAN FRANCISCO, June 13.—A discharged *Chinese servant made an at*tempt to kill his ex-employer this morning, about 1 o'clock, at 314 Ellis street. It seems that the Chinaman came to the house for his shoes which he had forgotten. Upon entering the kitchen he attacked Mrs. I. Johnstone, the landlady, with a broomstick; she ran into the dining room, where her sister, Miss Ella Turner, was reading. The young lady jumped up and endeavored to protect her sister. The infuriated Mongolian, who had drawn a knife, struck her with the broomstick, then stabbed her with the knife in the right forearm. The young lady's wound is not serious if properly at*tended to.* Mrs. *Johnstone,* who had escaped into the street, called for help and an officer arrested the Chinaman and took him to prison. The Chinaman was not regularly employed, but came to work in the day time. Mrs. Johnstone says she ought to have been killed for ever employing a Chinaman and will never have dealings with another of his kind.

A FAST CAREER AND A BAD END.

SAN FRANCISCO, June 13.—Samuel Isaacs, also known as Joseph Newman, a young man about 25 years old, shot a woman named Aimee Telson, a keeper of a house of ill-fame, 119 Ellis street, and then shot himself. The shooting occurred about 11 o'clock. Isaacs was formerly one of the fraternity of "statutes" and used to hang about the Baldwin hotel and cigar stores on Market street, and apparently was well supplied with money by his folks in Europe. Funds became exhausted and remittances ceased, and Isaacs became a variety *actor* and hanger-on about pool rooms in pauper alley; as an actor he was a failure. He became a piano player in *dives and consorted with the* lowest characters. The woman who he attempted to murder lifted him up, and he used to live with her. His demands on her for money soon tired her of him, and when he commenced to demolish the furniture in the house she had him ejected. This was three days ago. This morning Isaac climbed over the fence, four feet high, and entering *the house through the window broke* into the woman's room and shot her as she lay sleeping in bed. The bullet *struck her in the left temple inflicting* a slight wound. She jumped up and Isaacs fired again but did not hit her. Then he put the pistol to his right temple and pulling the trigger killed himself instantly. His body has been taken to the morgue. The man has no relatives in this city so far as known. The parents are said to be in Europe.

THE I. T. U.

DENVER, June 13.—The International Typographical Union to-day referred the question of sending delegates during, the International Congress next month, to a committee of the whole. A special committee was appointed to consider the matter of using plates in the Government Printing Office at Washington. The committee having the matter in charge reported unanimously in favor of accepting the proposition submitted by the citizens of Colorado Springs, offering to the Typographical Union 80 acres of land near the city as a free gift for the establishment of a home for invalid and infirm printers, the only condition being that the home be started within *two years and completed within three* years The convention with much enthusiasm adopted the report of the committee, both because of the value of the land and because Colorado Springs is a leading health resort of the country. The remainder of the day was taken up in disposing of various committee reports. The president ruled that there were no vacancies, and consequently no election of officers will be held till next year. An appeal was taken from this, but the convention sustained the Chair's decision. The *convention will probably adjourn to*morrow. The delegates are being entertained at an elegant banquet to*night.*

THE GODDESS OF POMONA.

POMONA, Cal., June 13.—The marble statue of the Goddess of Pomona arrived last evening. Last summer C. F. Loop, a wealthy citizen of Pomona, while traveling in Italy, became greatly impressed with an antique statue of Pomona Uffizi in a gallery at Florence, and after great difficulty he gained the consent of the Italian government to *have it copied. He entered into ne*gotiations with Antoine Frillo, a noted sculptor of Florence, and employed *him* to make the figure of fine Canvara marble. The work was finished about six weeks ago. The statue was formally presented to the city of Pomona by Mr. Loop some time ago, which made it public property and permitted its admittance to U. S. duty free. It is over five feet in height and is pronounced by competent judges to be an elegant piece of workmanship. It will be unveiled with appropriate ceremonies the 4th of July.

TOM DESMOND.

SAN FRANCISCO, June 13.—In relation to the Tom Desmond spoken of in the Chicago despatches as wanted by the police, Chief Crowley denied that he had received instructions to arrest Desmond or anyone else. The Thomas Desmond referred to is well known in this city, having been a central figure during the "sand lots" agi*tation. He was the main support of* Dennis Kearney during his memorable campaign and secured from him the *nomination for sheriff* on the "sand lot" ticket. Desmond was elected and served his term, at the expiration of which he sought a re-nomination at the hands of the democratic party, but he failed to secure the prize. Since he returned to the pursuit of his trade, which is carriage painting, his former associates when asked about him profess ignorance as to his whereabouts. He first gained notoriety in 1867, as one of the crew of the vessel Catalpa, which was fitted out in England to liberate a number of *Fenian prisoners, who had been exiled* to Australia.

WILL CONTINUE FRIENDLY.

BERLIN, June 13.—It is reported here that the German government will not break off diplomatic relations with Switzerland on account of the expulsion from Switzerland of the German police inspector, Wohlgemarth. It is the concensus of opinion that the incident is closed, but that Germany *may apply vexatious measures* in regard to the frontier regulations.

THE SAMOAN AFFAIR.

BERLIN, June 13.—The *Kecknisch Zeitung,* commenting on the Samoan *protocol, says that it is not of the* slightest importance to Germany who reigns in Samoa. The chief point *which the German delegates had to* consider was that proper provision be made for the safety of the lives and property of German subjects and proper security for the protection of German interests. These questions the German delegates may be trusted to solve. It is considered significant that this article, which may be accepted as more or less really inspired, contains no reference to the German claims for indemnity which have constituted one important element of discord in the conference. This omission is regarded as foreshadowing the withdrawal of Germany from the position which up to this time she has stoutly maintained, and indicates a triumph for American diplomacy.

A Frenchman This Time.

Near the first safety switch six miles east of Field a gang of men are at work getting out ties for the C. P. R. Lamonte, one of the tie cutters, spent Sunday the 9th inst. in Field returning to the camp the same evening. He had been *drinking heavily and was far* from sober on Monday morning, at which time he tried unsuccessfully to *induce the engineer of a light engine* that was passing to take him to Field. About 20 minutes later the Pacific express was seen coming slowly down the grade, which is very heavy at this point. Lamonte made an effort to board the train as it passed and missing his footing was found a moment later lying on the track with both legs off. Medical assistance was procured from Banff as speedily as possible, but no hopes were entertained for the poor fellow's recovery. An Icelander was injured in the same manner some dis*tance further east a week or two ago.* —*Times.*

Sergeant-Major Smith, of the Salvation Army, dropped dead in the temple, at Montreal, last night while *pleading with a man to get saved.*

Daily British Columbian

Friday Evening, June 14, 1889.

The recuperative powers of modern cities is receiving a striking exemplification in the experience through which our neighboring city of Seattle is passing. Laid in the ashes, but last Thursday, the queen city of the Sound is already rising out of her ruins, bright with promise. The temporarily defeated, but far from disheartened, citizens commenced, before the cinders and ashes of the old Seattle had cooled, to lay out the Seattle of the future on a grander scale than formerly, and actually became enthusiastic because they had an opportunity of widening and straightening their streets and prohibiting all wooden buildings in the new fire limits. In eighteen months, it is predicted by some of the Seattle "rustlers," the city will be built up grander than its citizens have ever dreamed of. The hope, cheerfulness, pluck and enthusiasm manifested by all is practically unbounded. At the time of the fire the city had collected about $600 for the Johnstown sufferers, and when the suggestion was made, at a public meeting, after the conflagration had done its destructive work, to keep the money for their own wants, which were urgent enough, the proposition was scouted almost with indignation and the money immediately forwarded to those with the greatest need. Seattle will undoubtedly gain more as a city than she lost by the fiery scourge.

There has been some excuse lately, in the consideration and pending of momentous civic matters, now most happily settled by the royal vote yesterday, to permit a state of quiescence and inaction in exhibition affairs, but the time has arrived unmistakably when active measures must be inaugurated without delay. Everything favors such a course, there are no obstacles in the way, no reasons whatever for delay, while the shortness of the time—less than four months intervening between now and the date for the exhibition, 2nd, 3rd, and 4th of October—renders it imperative that the utmost promptness and activity be exercised henceforward. There is obviously not a moment to lose, either in preparing the grounds and buildings, in issuing the prize lists and otherwise properly advertising the show, and in making the various other arrangements which must be made if the exhibition is to attain to that success which every citizen, especially, hopes and expects, and which it will be in a measure to our disgrace if we fail to insure. Now that the money will be forthcoming for the park improvements, whatever else is or is not undertaken, there should be no delay in selecting a piece of ground for exhibition purposes, clearing it thoroughly, and preparing at once to erect thereon creditable buildings for exhibition purposes. Plans and estimates should be made for these buildings immediately, so that the ordinary delays in such matters may not render it impossible to have the buildings completed in time. As we stated in an item the other day, farmers and others throughout the province are beginning to be anxious for information about the approaching exhibition, and unless immediate steps are taken to disseminate this information, we shall be repeating one of the most serious blunders of former years, with like results. It should be borne in mind by all those who have in hand the furtherance and interest of the show that it is a provincial exhibition, and not merely a local affair, that is to be held here this fall, and every possible endeavor should be used to make it provincial in character and extent. Something should be done, too, to induce visitors from outside the province to attend the exhibition. We hope that the city council, the directors of the agricultural association, and every one in the city, district and province interested, will act promptly and heartily in this matter, and there can be no fear but that the exhibition will be a credit to the city and province, and far in advance of any yet held in British Columbia.

We conveyed to our readers last night the welcome intelligence that the by-laws had passed—the streets and park improvement by-law by a vote of 262 to 40, and the water works measure by a vote of 275 to 32. The result, although practically what was expected, will be most gratifying to every clear-sigted well-wisher of the city. There are a few, it is true, who voted against both by-laws—some of them good conservative souls, no doubt, who just had to—who may not share in the general gratulation, but they cannot very well help sharing in the benefits to follow, and most of them will yet bless their stars that they were in a hopeless minority yesterday. Westminster has once more demonstrated, by this highly creditable vote, that her watchword is progress. The royal city has already established a reputation for doing what it undertakes, handsomely, and this last instance does not dishonor the record. Such an unanimity of expression, such a sinking of petty differences, and a pulling together, earnestly and enthusiastically, for the common good, which has been been manifested by the ratepayers of Westminster in all matters affecting the city's interests, for the last year or two, is nothing short of a revelation when compared with the Westminster of old, and will not fail of its own reward. That is the way towns are built up, by united, earnest, intelligent, and, if possible, unselfish, effort. In these respects, although improving satisfactorily, we might draw some wholesome lessons from the undaunted and enthusiastic cheerfulness with which our unfortunate neighbor city, Seattle, is pulling itself together again and pluckily preparing to rise from its ashes, fairer, stronger, and more prosperous than before. There is no use denying that, in city building, as in all the other affairs of life, sentiment exercises a most potent influence. What the French call *esprit de corps* is essential to any measure of success, whether the body be an association merely or a metropolis. "As a man thinketh so is he," says the wisest of Teachers, and as a community thinks and acts so, measurably, is its character and destiny prefigured and assured. Once succeed in cultivating high ideals and public-spiritedness in a community of good resources and natural advantages, and its future is assured. We are happy to be able to apply these conditions to Westminster at the present time. Both of the measures passed yesterday are of the greatest importance at this particular juncture of our history. It would have been madness to have treated either in any other way than the electors have done. The water works by-law, especially, we consider was the most important measure, when all the circumstances are considered, that ever has been, or ever will be, placed before the ratepayers of Westminster. A fortunate (for the city) chain of circumstances—not omitting from these a wide-awake mayor and council—placed such an opportunity within our grasp as any city might envy—one of those rare chances that come but seldom to individuals or communities—and the present and future residents of the city—our cotemporaries as well as posteriry—will ever bless the wielders of the ballot yesterday, that they were true to their trust, and heartily supported the efforts of their shrewd and indefatigable council in building so wisely for the future as well as the present. There is no exaggeration about the foregoing. The securing to Westminster of the exclusive ownership and early completion of the Coquitlam water works so far as the supply for this city is concerned, which the passing of the water works by-law confers, is a matter upon which the city can stand a great deal of sincere congratulation, and this fact will appear much more apparent as events mature. The streets and park debenture by-law has a great importance of its own, and every part of the city will reap much needed and appreciated benefits from its passage, before many months. There has been some street talk, it is reported, about placing an injunction upon one or both the by-laws. We can hardly believe that any one will be so foolish as to subject himself to the deserved execration of his fellow-citizens by putting an obstacle in the way of the carrying out of the people's wishes, that at the worst can be but temporary. We hope that a better spirit may dictate a more sensible course.

Streets and Park Debenture By-Law.

. By-Law to raise by Loan the sum of $85,000 for Street and Park Improvements.

WHEREAS IT IS EXPEDIENT that the council of the city of New Westminster should provide for the improvement of certain streets in said city, and of Queen's Park.

AND WHEREAS it will be necessary, in order to effect said improvements, to issue debentures of the said city for a sum *not exceeding $85,000.*

AND WHEREAS for the payment of interest and creating a sinking fund for payment of said debentures it will be necessary to raise the sum of $5,950 annually by special rate in each year.

AND WHEREAS the amount of the whole rateable property of the said city, according to the last revised assessment roll, is the sum of $2,540,245.

AND WHEREAS the total amount of the existing debt of the said city is $155,500, irrespective of the sum of $200,000 proposed to be borrowed under authority of the Water Works Debenture By-Law, which by-law is to be submitted to a vote of the electors of the city concurrently with this by-law.

AND WHEREAS, for the purpose of raising the said yearly sum of $5,950 an annual special rate of 2 2-5th mills in the dollar will be required.

THEREFORE, the Mayor and Aldermen of the city of New Westminster, in council assembled, enact as follows:

1. It shall be lawful for the mayor of the said city to raise by way of loan from any *person or persons, body or bodies corporate,* who may be willing to advance the same upon the credit of the debentures hereinafter mentioned a sum of money not exceeding in the whole the sum of $85,000.

2. It shall be lawful for the said mayor to cause any number of debentures to be made for such sums of money as may be required, but not for less than $100 each, such debentures to be sealed with the seal of the corporation, signed by the mayor and countersigned by the treasurer of the said city.

3. The said debentures shall be made payable in fifty years at furthest from the day on which this by-law takes effect, either in sterling money of Great Britain or in currency of this province or the country where the same may respectively be made payable, which may be in any place or places authorized by law as may be agreed upon between the purchaser or purchasers thereof and the mayor, and the said debentures shall have attached to them coupons for the payment of interest.

4. The said debentures shall bear interest at the rate of five per centum per annum from the date thereof, which interest shall be payable half-yearly on the first days of January and July in each and every year.

5. For the purpose of forming a sinking fund for the payment of the said debentures and the interest thereon an equal annual special rate of 2 and 2 5th mills in the dollar shall be levied and collected, in addition to all other rates, in each year upon all the rateable property in the said city *during the currency of the said debentures or any of them.*

6. All moneys arising from the said rate beyond the amount required for the payment of interest upon the said debentures may be invested in each year as the council of the said corporation may direct, for the purpose of creating a sinking fund for the redemption of the said debentures as they respectively become due, without prejudice to any of the powers conferred on the said council by the act of incorporation.

7. The proceeds of the debentures issued and sold under authority of this by-law shall be applied to improvements on Queen's Park and the streets hereinafter mentioned, and, as nearly in the proportion following as may to the said council seem expedient, that is to say: Queen's Park, $15,000; Columbia street, $[illegible],000; Pro[illegible], Dallas and Carnarvon streets, $2,500; [illegible]nes street, $2,500; Royal avenue, $3,900; [Qu]een's avenue, $3,[illegible]; Pelham street, [illegible]00; Montreal street, $3,000; Melbourne [str]eet, $2,500; Leopold Place, $500; Park [la]ne, $1,500; Clinton street, $2,000; St. Pat[ric]k street, $1,000; Clement street, $3,000; George street, $1,000; Mary street, $1,000; John street, $1,000; Douglas street, [illegible]00; Halifax street, $75[illegible]; St. Andrew's [and] Ellice streets, $3,00[illegible]; Fortesque street [illegible]00; Edinburgh street, $2,500; London [str]eet, $1,000; Blackie street, $500; Merivale [str]eet, $500; Blackwood street, $500; Mc[Ke]nzie street, extending and making, [$]00; streets in St. Andrew's square, $1,500; [St.] George's square, $500; St. Patrick's [squ]are, $1,000; sidewalks and general [str]eet repairs, $8,050; provided that out of [the] said sum of $[illegible] 000 set apart for [the] improvement of Queen's Park there [sha]ll be paid into the city treasury to the [cre]dit of the general account the sum of [illegible], being the amount already expended [out] of the general revenue for Park im[pro]vements; *provided also that if the re*[qui]rements of any of the streets above [me]ntioned should be found to be less or [gre]ater than the sum apportioned to said [str]eet, the said sum may be increased or [di]minished as in the circumstances may [see]m to the council expedient, and the [sur]plus, if any, remaining out of the ap[pro]priations above set out, after said [str]eets have been completed, may be ap[pli]ed to other works of permanent im[pro]vement not specified herein, at the [dis]cretion of the council.

8. This by-law shall take effect and [co]me into force on the 17th day of June, [A. D.], 1889.

9. This by law, before the final passing [the]reof, *shall receive the assent of the* [ele]ctors of the city in the manner pro[vid]ed by the New Westminster Act, 1888, [and] amending acts.

10. This by-law may be cited as the [Str]eet and Park Improvement Debenture Law, 1889.

[B]y-law read a first time on the 6th day [of] May, 1889.

[B]y-law read a second time on the 6th day [of] May, 1889.

NOTICE.

[T]AKE NOTICE THAT THE ABOVE *is a true copy of the proposed By-[law]* which will be taken into considera[tio]n by the Municipal Council of the [Cit]y of New Westminster after one [mo]nth from the first publication thereof [in] the BRITISH COLUMBIAN newspaper, [wh]ich publication took place on the 15th [da]y of May, 1889, and that a vote of [the] electors of the city will be taken on [sai]d proposed By-law at the New City [Ha]ll, Market Square, in said city on the [13]th day of June, 1889, between [the] hours of 9 o'clock a.m. and 5 o'clock [p.m.]

D. ROBSON,
City Clerk.

S. H. WEBB.

New Westminster, June 6, 1889. dje6m2

Card of Thanks.

[I] DESIRE TO HEARTILY THANK the Citizens of New Westminster for [th]eir very generous patronage during the [p]ast five years and trust that in the future [I] shall continue to merit their confidence. [I] have just secured as an assistant, A. J. [H]olmes, D. D. S., a graduate of the Ohio [D]ental College (a branch of the Cincin[n]at University), which college ranks sec[o]nd to none in the world. Dr. Holmes [c]omes highly recommended, and having [h]ad three years experience in the prac[ti]ce of Dentistry, I feel that I can confi[de]ntly assure all requiring dental work [th]at only a superior class of work will be [d]one.

Prices moderate as in the past.

Crown, bridge work, and the preserva[ti]on of the natural teeth specialties.

[T]HE EIGHTEENTH ANNUAL COMMUNICATION of the M. W. Grand [L]odge of British Columbia will be held in [th]e MASONIC TEMPLE, in the CITY OF [V]ICTORIA, commencing on SATUR[D]AY, June 22nd, at 2 o'clock p. m.

A full attendance of members and rep[r]esentatives is earnestly requested.

Arrangements have been made with [t]he C. P. N. Co. for one first-class fare for [r]ound trip, from New Westminster and Vancouver to Victoria and return. Tick[e]ts good from 21st to 26th insts., inclusive, [f]or members of the Masonic fraternity, their wives or other members of their families accompanying them.

HENRY BROWN,
d6e11td Grand Sec.

Water Works Debenture By-Law.

A By-Law to provide for the issue of Water Works Debentures.

WHEREAS BY THE "NEW Westminster Act, 1888," an act of the legislature of British Columbia, passed in the fifty-first year of the reign of *Her Majesty, Queen Victoria,* and chaptered forty-two relating to the corporation of the City of New Westminster, it is among other things provided that the council of the corporation of the said city may, subject to the provisions of the said act, pass by-laws for constructing water works, and providing for the expenditure thereof.

AND WHEREAS it is expedient that the council should provide for the construction of water works for the supplying of water to the inhabitants of the said city.

AND WHEREAS, in order to carry into effect the said proposed construction, it will be necessary to issue debentures of the said corporation for a sum of money not exceeding two hundred thousand dollars.

AND WHEREAS, for the payment of the said debentures, sinking fund and interest, *it will require* the sum of $14,000 to be raised annually by special rate in each year.

AND WHEREAS the amount of the whole rateable property of the said city according to the last revised assessment roll is the sum of $2,540,245.

AND WHEREAS the total amount of the existing debt of the city is the sum of $155,500, *irrespective of the sum of* $85,000 proposed to be borrowed under authority of the Streets and Park Improvement Debenture By-law, which by-law is to be submitted to a vote of the electors of the city concurrently with this by-law.

THEREFORE, the corporation of the City of New Westminster enacts as follows:—

1. It shall be lawful for the mayor to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the *debentures hereinafter* mentioned, a sum of money not exceeding in the whole the sum of two hundred thousand dollars.

2. It shall be lawful for the mayor to cause any number of debentures to be made for such sums of money as may be required, but not for less than one hundred dollars each, such debentures to be sealed with the seal of the corporation, and signed by the mayor and counter-signed by the treasurer thereof.

3. The said debentures shall be made payable in fifty years at furthest from the day on which this by-law takes effect, either in sterling money of Great Britain, or in the currency of this province, or the *country where the same may respectively* be made payable, which may be in any place or places authorized by the said act as may be agreed upon between the purchaser or purchasers thereof, and the mayor, and the said debentures shall have attached to them coupons for the payment of interest.

4. The said debentures shall bear interest at the rate of five per centum per annum from the date thereof, which interest shall be payable half yearly on the first days of January and July in each and every year.

5. For the purpose of forming a sinking fund for the payment of the said debentures and the interest thereon an equal *annual special rate of 5⅔ mills in the dollar* shall be levied and collected in addition to all other rates in each year upon all the rateable property in the said city during the currency of the said debentures or any of them.

6. *All monies arising from the said rate* beyond the amount required for the payment of interest upon the said debentures may be invested in each year as the council of the said corporation may direct, for the purpose of creating a sinking fund for the redemption of the said debentures as they respectively become due, without prejudice to any of the powers conferred upon the said council by the said act.

7. This bylaw shall take effect on the 17th day of June in the year of Our Lord one thousand eight hundred and eighty-nine.

8. This by-law, before the final passing thereof, shall receive the assent of the electors of the city in the manner provided *by the New Westminster Act, 1888,* and amending acts.

9. This by-law may be cited as the Water Works Debenture By-Law, 1889.

By-law read a first time on the 11th day of March, 1889.

By-law read a second time on the 11th day of March, 1889.

NOTICE.

TAKE NOTICE THAT THE ABOVE is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster after one month from the first publication thereof in the BRITISH COLUMBIAN newspaper, which first publication took place on the 15th day *of May, 1889, and that a vote of the* Electors of the City will be taken on said proposed By-law at the New City Hall, Market Square, in said city, on the **13th day of June, 1889,** between the hours of 9 o'clock a.m. and 5 o'clock p.m.

D. ROBSON,
City Clerk.

Port Kells

This Fine Townsite, at the Fresh-Water Junction of the

Southern Railw'y

—WITH THE—

FRASER RIVER

12 Miles Above Westminster,

Has just been Surveyed, and the Lots are for sale by

WOODS, TURNER & GAMBLE

—AND—

ALBERT J. HILL & COMPANY

OF NEW WESTMINSTER, B. C.

The advantages and prospects of this Plot for a future thriving Town are many.

The Land in the vicinity is good.

There are inexhaustible IRON ORE DEPOSITS, of a superior quality, immediately adjacent, as well as vast strata of the finest BUILDING SAND and POTTERY CLAY.

On the Townsite are a number of valuable MINERAL SPRINGS.

Communication by land and water is unequalled, by reason of the location of the Townsite on the Fraser River and the Southern Railway, while the natural elevation and lay of the land can not be excelled as a situation for a fine town.

The ground is open and clear of heavy timber.

The site has been selected as one of the most important stations on the Southern Railway, and with the completion of the road, in the near future, must, with all its other advantages, spring into prominence at once.

Those who apply early will have the pick of the Lots.

A clear title given with every purchase.

Parties wishing Lots can apply as well, on the premises, to

HENRY KELLS,

200 lots on the Thorne road, from $65 upwards at $10 per month.—W. Reidt, Front street. *

To Building Society members six weeks in arrears: What's the matter with the fine notice? *

The str. Rainbow left for Victoria this morning with 20 passengers and a full load of farm produce.

The str. Gladys left for Chilliwack this morning with a full load of freight and a large number of passengers.

All members of the Hyack fire company are expected to be present this evening to assist in the formation of a hose team.

Look out for the great sale of lots in the town of Seattle, at the Mission Bridge, on June 15th next. For particulars, apply to Wm. Reidt. *

Out of those who attend the rifle association practice, to-morrow, at Brownsville, the team to shoot against Vancouver on the 22nd will be chosen.

The Victoria board of aldermen have passed the mayor's remuneration by-law, which provides a yearly salary of $2,000 for the city's chief magistrate.

The Victorians were tickled on Wednesday night by hearing the famous Eli Perkins discourse on "Wit and Humor." It is reported that Eli "got there."

Mr. W. Thibaudeau, D. L. S., and party left this morning for Boundary Bay to survey a large tract of land in that vicinity. The survey will last two months.

A large bush fire was burning last night north of the park. The sky was brilliantly illuminated at times, and the scene from the top of the hill was weird and grand.

Mrs. Ferrisey, one of the victims of the sad accident at Johnston's landing yesterday, is somewhat better today, and Dr. Fagan is confident that she will pull through safely.

A teamster named Stickney had his foot badly bruised this morning by the wheel of his dray passing over it. Although very painful, the accident will not compel him to stop work.

The passage of the debenture by-laws has had a cheering effect on everybody. Confidence is exhibited on every face and the merchants in particular are looking forward to better things.

Capt. Pittendrigh, J.P., and Mr. W. D. Ferris, J. P., went up to Matsqui to-day, as a licensing board, to hear applications for liquor licenses being applied for by up river hotel keepers.

A strawberry festival, under the auspices of the Methodist church, will be held on Wednesday, June 19th, at the residence of John Kirkland, Esq., Ladners Landing. The festival will commence at 9 a. m. and last all day. Other refreshments will be provided. 2t*

Ah Chue, who was arrested on the charge of breaking into and stealing from the house of Mr. C. G. Johnson, at Vancouver, appeared before Mr Justice McCreight this morning, pleaded not guilty and elected to be tried under the "speedy trials act." His trial will take place on Tuesday next.

Property took another gentle rise to-day in consequence of the general feeling of confidence inspired by the passage of the debenture by-laws. A well known citizen, who knows what he is talking about, said to-day that property would advance at least a third in value during the next sixty days.

Vancouver will not indulge in street sprinklers and the consequence is that nearly every inhabitant of that dusty city has eaten the proverbial "peck of dust" within the last thirty days. If the terminal city people only knew, as Westminster does, the joys of the refreshing sprinklers they would never be without them.

British Columbia scenery figures in the *Dominion Illustrated* in every number recently. The last number, June 8th, contains a view of the Fraser canyon, below North Bend, and another view showing the four tunnels above Spuzzum. Both of these views are from Notman, and give a fair representation of our unsurpassed mountain scenery.

One of the cheapest and most pleasant excursion trips of the season is announced for to-morrow. Round trip tickets to Harrison river, good till Monday, can be obtained at the C.P.R. office. The str. Adelaide will meet the train at the bridge and convey passengers to St. Alice Hotel at the Hot Springs, returning Monday. Fare for round trip only $1.00. Many people wishing a day's outing should take advantage of this excursion.

Two very strange fish, according to the *Colonist*, have been taken from Cowichan Lake. One of the fish is about four inches long, with the main building of its body apparently bone and sinew, just like other fish, and wings at the side built on the principle of the jelly fish. The other has a beak like a bird, and a head like a California horned toad. Anyone who can name them properly will receive them as a present and will get a chromo besides.

One of the most promising industries in Vancouver city, says the *World*, is the Vancouver soap works, on Keefer street. The concern was lately re-organized. Mr. James Orr, M.P.P., is secretary and treasurer of the works now and is devoting his energies to the pushing of the business for all it is worth. A few days since samples of the soap made by the new company were tested by several parties and pronounced to be first-class in every respect.

George S. Carrier died early Wednesday morning, at Victoria, of heart disease. Mrs. Carrier was awakened about 2 o'clock by her husband making a noise as if suffering from nightmare. She procured a light and found him gasping for breath. Medical aid was summoned, but before the doctor arrived the unfortunate man was dead. The deceased, who was 48 years of age, and a native of Massachusetts, has been in this province about a couple of years, and engaged in examining mines in the interests of Milwaukee capitalists.

Dr. J. D. Garrow has taken an office in the brick building at the corner of Government and Johnson streets, over Erskine's shoe store, with a view of practicing in this city. The doctor is no stranger, having been a resident of the province for several years. Between 1883 and '87 he practiced in New Westminster, leaving in the latter year for the old country where he attended the hospitals of Edinburgh and London for over a year. Fortified thus with years of study and experience, the doctor will soon command a large practice in this city.—*Times.*

Mrs. Jane Augusta, the beloved wife of Hon. A. F. Pemberton, died at the family residence, Glenville, on the Fairfield road, Wednesday evening. The deceased lady had been ill for some weeks, and death resulted from paralysis. The late Mrs. Pemberton was a pioneer resident of Victoria, having resided there since 1854. She was a native of County Clare, Ireland, and was aged 62 years. A bereaved husband and a son and daughter are left to mourn her loss, in addition to a very large circle of friends. The funeral took place this afternoon.

Similkameen Cattle.

The str Irving arrived down from Hope this afternoon with 120 head of cattle and a large quantity of farm produce. The cattle come from the Similkameen country and are the property of Cawston & Ellis, the well known ranchers. They are a magnificent lot of animals and arrived in the pink of condition. Similar consignments will arrive during the whole season at intervals of two weeks.

The Stabbing Case.

Mr. Herbert J. Kirkland, who was stabbed yesterday at Deas Island Cannery by a Chinaman named Ah Hoy, is recovering rapidly and will soon be on his feet again. The wound is healing nicely and there is no sign of inflammation, which causes Dr. Cooper to predict that his patient will pull through without trouble. Ah Hoy was brought before Capt. Pittendrigh this morning and remanded for eight days. He is quite happy and contented, and expresses no regret for the deed. On the contrary he is glad that he stabbed Mr. Kirkland, and only regrets that the wound is not of a more serious nature.

Coroner's Inquest.

The inquest on the body of Mrs. Ferrisey's four year old child, killed yesterday by the str. Gladys at Johnston's Landing, was held this morning at 9 o'clock, by Mr. Coroner Ferris. The evidence adduced was very complete and fully exonerated the steamboat officers from any blame. Another woman who was on the bank at the time stepped back when warned by Capt. Odin, but Mrs. Ferrisey became confused and took an even more dangerous position. The jury, after carefully considering the evidence, brought in a verdict to the effect that the accident was purely accidental, and the captain and officers of the steamer are exonerated from all blame.

A False Charge.

Mr. McTierman had a lively hunt to-day for two Indians, man and wife, who were supposed to have obtained a large sum of money under false pretenses from one of the canneries down river. The telegram on which Mr. McTierman acted came from an Indian who considers himself the guardian of all the Siwashes on the river, but who is inclined to be over zealous in his endeavors to bring about a perfect state of affairs. The poor couple were hunted up and corralled and ordered to explain their wicked action. It was found that the sum of money obtained was only $10., and that it had been received by the woman as part payment of some $40 due her for making nets. The pair were making a few purchases with their little fortune and intended returning to the cannery to resume work. Mr. McTierman, after investigating the case, allowed them to go, fully satisfied they had done no wrong.

Boat Club Meeting.

The adjourned boat club meeting will be held this evening at the office of Messrs. Richards, Haywood & McIntosh, and a large attendance is requested. At the meeting, plans of a boat house, drawn by Clow & Maclure, the architects, will be submitted for approval. These plans are very complete, and if carried into effect will furnish the club with splendid headquarters. The ground floor contains the boat room, 26x40 feet, with racks, and a bath room for the use of members. Up stairs will be the club room, where meetings can be held, lockers and dressing room. A fine balcony on the second floor will be at the use of members who wish to enjoy a quiet smoke on the warm summer nights. All round the outside of the first floor a wide platform runs which will be convenient for the landing of boats. Thirty names have already been secured, who have signified their intention of becoming members. If 40 *bona fide* signatures to the list is obtained the successful formation of the club is assured.

A section of the vigilance committee of the citizens of Shubenacadie N. S., formed an attempt to capture the burglars who blew open the post office safe and rifled it of its contents. They came upon four strangers Wednesday, at some distance from town, and ordered them to throw up their hands. They refused, and the vigilants opened fire upon them. One was captured and confessed the crime.

Children Cry for Pitcher's Castoria

Vancouver Rifle Association.

The by-laws of the Vancouver Rifle Association have just been published in pamphlet form. The entrance fee has been fixed at $5 and the annual subscription at $5 also. The general meeting will be held annually on the first Saturday in April to elect officers for the year. No member will be permitted to compete in any match or prize meeting who has not paid his annual subscription. The membership at present numbers 67. The list of officers is as follows: President, R. H. Alexander; vice-president, Dr. Bell-Irving; secretary, H. Brocklesby; treasurer, H. Cole; armourer, C. E. Tisdall; committee, George Barnes, G. W. Davidson, W. McGirr, W. H. Forrest, P. A. Grant, M. G. McLean, C. E. Tisdall.—*World.*

The Chilliwack Seizure.

The great hubbub at Chilliwack among the Indians which was the cause of summoning Mr. McTiernan, the Indian agent, in such terrible haste, was all about a waggon. When Mr. McTiernan arrived a great commotion was in progress over the seizure of a waggon by the customs officer, which vehicle had been purchased by an Indian from a man who brought it in from the American side. The Indians held that not knowing the waggon was smuggled they were not liable for duty. The customs officer held an opposite opinion, and so the matter stood, the waggon being carefully guarded by both parties when Mr. McTiernan arrived. The Indian agent after hearing some wonderfully long yarns on both sides, told them the question would have to be referred to Mr. J. S. Clute, collector of customs, who would without doubt, arbitrate the matter fairly. The Siwashes are satisfied with the arrangement, and in the meantime the waggon is in chancery.

His Honor's Views.

Before the regular business of the police court this morning his honor, Mr. Richards, took occasion to remark on the evil of members of the demi monde frequenting public places of amusement, and he was very severe in his remarks thereon, stating that it was a thing which should be stopped. He said it was most annoying to respectable ladies to have to sit near a woman of the street, and he trusted that some means would be taken to prevent a repetition of the offence. He considered it detrimental to morals of the young and highly hurtful that vice should be flaunted before the public in such a glaring way. He believed that he had in the past been too lenient with these characters, and he should in the future deal with them more severely when they came before him. It was an insult to virtue to have these women push themselves into the most prominent positions in public places. He was anxious for the press to take notice of his remarks, and trusted that after the chief of police had warned the objectionable parties the evil would cease. If not, he should be severe in the event of the women coming before him.—*Standard.*

FROM VICTORIA.

A Young Man Drowned in Victoria Arm While Bathing.

Special to the Columbian.

VICTORIA, June 14.—Walter Unwin, aged 19, who was employed as a waiter at the Union Club, was drowned last evening while bathing in Victoria Arm. He was unable to swim and got beyond his depth and sank before assistance could be rendered by his companions. His body was recovered at an early hour this morning and brought in to Hayward's undertaking establishment, where an inquest will be held.

The str. Ancon sailed for Alaska this morning with a hundred passengers. D. O. Mills and a party of six went up, presumably to examine mining properties with a view to heavy investments.

At the inquest this morning on the body of Walter Unwin the verdict was "accidental drowning."

PERSONAL.

R. W. Armstrong went over to the capital to-day.

Miss Armstrong went up to Hope yesterday on a short visit.

Thos. Ellis, the cattle king of Keremeos, is staying at the Colonial.

John Devine and Mrs. Black, his daughter, of Vancouver, were in the city for a few hours to day.

Ex-Mayor Dickinson returned yesterday from Nanaimo, which city he visited for the first time. He enjoyed the trip greatly and was most kindly received by his friends there.

W. C. Van Horne, president of the C. P. R., and a number of friends, arrived at Vancouver yesterday afternoon. Mr. Van Horne will remain at Vancouver till Sunday, when he leaves for Montreal via the Northern Pacific.

B. C. Provincial Exposition Subscription Fund.

For the purpose of raising a fund to contribute towards the patriotic and worthy object of making the next annual provincial fair, to be held in this city, a grand and unprecedented success, the undersigned agree to contribute the sums opposite their respective names (to be paid into the association or to trustees competent to receive the same, on or before 6 months from the date of the last provincial exhibition, and to be applied to preparing exhibition grounds and buildings in the city, for increasing the amount offered in prizes, and for furthering the exhibition in other ways):
