While giving due prominence to the question of water works, and urging upon the ratepayers the importance of passing the by-law relating to that matter, it will not do to overlook the fact that there is another important measure, the streets and park debenture by-law, to be voted on concurrently with the other, on Thursday next. This by-law, as our readers are aware, provides for a loan of $85,000, of which it is proposed to *expend* $70,000 on *street improvements*, and the remaining $15,000 on the park.

More strictly speaking, $12,000 will be the amount out of the loan to be spent on the park, as the intention, as stated in the by-law, is to refund to the general revenue of the city, out of the $15,000 park loan, the sum of $3,000 already expended on the park. It is hardly necessary to emphasize the importance of having this by-law passed, so far as it relates to the park appropriation, in the first place. Everyone knows that this is exhibition year at this city, and that, besides preparing much needed pleasure and athletic grounds at the park, a considerable sum will be *required to put up buildings* and otherwise prepare for the exhibition this fall. The city is on its honor with respect to this event, and although a certain amount of money will be forthcoming from other sources, to further the exhibition in various ways, it will be impossible to do anything like justice to the occasion unless the $12,000 designed for park improvements is made available by the ratepayers on Thursday. The improvements thus made will all be of a permanent nature, and if proper care is exercised the money could be laid out to advantage. We believe the great majority of the ratepayers will appreciate the importance of this *item of the by-law, and act accordingly.*

The $70,000 appropriated for streets is all for the most necessary improvements, and is apportioned in the by-law in a manner calculated to do the most good and to give every section of the city justice. As most of our citizens are aware, there have been no extensive street improvements or extensions carried on for years, and, with the rapid growth of the city for the last two or three years, the street and sidewalk facilities have run far behind the demand, the necessities, of the city's circumstances. There has *been a heaping up, an accumulation,* of delinquent street work, so to speak, and the demand for its immediate performance has reached the crying point. In fact serious loss must result to the city from delaying this work for another season. Many people have purchased lots, and have either built houses or are preparing to build, who will depend for the most ordinary street and sidewalk accommodations for years to come upon a loan scheme such as is before the ratepayers. If the city does not exercise itself to provide ordinary facilities at least for the newer portions of the town, and thus encourage those who are coming in and building it up, it may be reasonable expected that they will have a hankering after other cities that *are more accommodating* and wide-awake in these respects, and that future immigrants of the better classes, seeking a home in the province, will fight shy of us.

Besides the necessity for new streets and extensions, and sidewalks, most of the older streets are in a very imperfect and unfinished condition, and some in a disgraceful state of repair, including the sidewalks. The city has arrived at a stage when it must pay some attention to appearances even, tidy up its front yard, so to speak, and put on its clean bib and tucker, or lose its self-respect and the good opinion of the world, which has its eye on us more than ever. These street and park improvements, if carried *out, which rests with the ratepayers* to say, will, both from an ornate and useful standpoint—and ornament is of great use in most matters—give Westminster a much higher status in all that contributes to the material welfare at least of a modern city. Hardly less than new streets and sidewalks, improvements and extensions, does the city require the healthful influences—moral as well as physical—of a good park, with pleasure and recreation grounds, unlimited and pure air, and bright, restful, glimpses of glorious scenery. Such a spot nature has given us, and, with *the judicious outlay* of the sum intended for this purpose (and the experience already had in *park improvements* should be profitable for further operations), something can be done by way of supplementing nature in making the park a place of popular and healthful resort, a proper place for legitimate and worthy sports, and an additional attraction and point of interest possessed by the city, as well as preparing grounds and doing something towards erecting buildings for the exhibition this fall. Those who have the interests of the city at heart will take no retrograde step, but will vote solid for the streets and park debenture by-law.

Children Cry for Pitcher's Castoria

THE CRONIN INQUEST.

Some Important Evidence Against Sullivan is Given at the Cronin Inquest To-Day.

The Doctors Charged with Illegal Autopsy on the Body of Bishop, Plead Not Guilty.

Johnstown Rapidly Recovering From Effects of the Late Horror and is Rebuilding.

THE CRONIN MURDER.

NEW YORK, June 11.—Inspector Byrnes' detectives to-day arrested Jno. Maroney, aged 38, who claims to be in the dry goods business, and Charles McDonnell, same age, who is a blacksmith. These men are arrested on *information sent to Inspector Byrnes* by the Chicago police, and are supposed to be implicated in the Cronin murder. Inspector Byrnes has been in communication with the Chicago chief of police for more than three weeks with regard to these men, and had them closely watched. Maroney was formerly a district member of the Clan-na-Gael in Philadelphia. He made himself obnoxious there and had to leave. *He is understood* to have performed missions of a private nature since then for Alexander Sullivan. Maroney went to England at the time of the queen's jubilee, with others, supplied with funds to blow up several public buildings. Two of his companions were placed under arrest and it is charged Maroney spent the funds travelling on the continent. McDonnell is believed to be from Chicago.

STRONG EVIDENCE.

CHICAGO, June 11.—The first witness in the Cronin case this morning was *John C. Garrity*, a teamster, living at 121 Superior st. The substance of his testimony was that about two years ago, Dan Coughlin came to him and asked him if he thought he could get Major Sampson to "do up" a fellow for him. Coughlin said, "Take a ball-bat and break his nose or knock out his teeth, disfigure him for life, anything to do him up?" Witness said to Coughlin, "Suppose we kill him," Coughlin replied, "Well it would'nt make much difference if he was killed." Garrity told Coughlin he had better see Sampson himself, and Coughlin asked him to tell Sampson to come out and see him. About two weeks after, Sampson came to him *laughing and asked if he knew what* Coughlin wanted him to do, he said no, and Sampson said he wanted him to "do up" Dr. Cronin. Witness said he told Sampson to tell Cronin about it, and to keep away from the whole business. Several times after this, Coughlin asked witness to try and induce Sampson to do the job. Garrity denied having any feeling of enmity against Coughlin. Frank Murray, assistant superintendent of the Pinkerton agency was next called. Murray described the trip to P. O. Sullivan's house and his interview with Sullivan on the Sunday after Cronin's disappearance. Charles McDonnell is a horse shoer and has a room on Third avenue and 38th street. He has worked at his trade here two years. He came from Philadelphia about the same time as Maroney. Among the Clan-na-Gael, he has been a decided partisan of Sullivan and his faction.

PLEADED NOT GUILTY.

NEW YORK, June 11.—Three physicians, Doctor S. Horace, Irwin and Ferguson, indicted for violating the penal code in holding an illegal autopsy on the body of the mind reader Bishop, appeared in court to-day, pleaded not guilty and furnished bail in $500 each.

MURDER.

LEBANON, N. H., June 11—A double murder occurred near Meriden early this morning. Lucian Freeman with an axe killed his mother, Mrs. Daniel Freeman, and also John Morgan. The murderer took to the woods but was captured.

AT JOHNSTOWN.

JOHNSTOWN, PA., June 11—Another 24 hours have passed, and after a trip over the entire flooded district, it is apparent the vast amount of work accomplished that once appeared to be insurmountable, *is gradually fading* away before energetic men. Gangs of men will commence on the blocked debris and work in opposite directions, and more wagons will be secured. The debris is rapidly disappearing. Owners of houses have commenced *clearing out their own residences* in Johnstown, and while they request, as they frequently do, the foreman of the gang to allow his men to help, they are never refused. Storekeepers are also commencing to take their goods from the wreck to the creek to wash, to see what they can recover from the effects of the flood. Of course, there are many sad hearts and weeping eyes in the families as they find articles that *in their happy homes before the flood* belonged to loved ones, but with brave hearts, they are smothering their grief and have resolved that Johnstown will be herself again. The prediction is now being freely made that by July 1st, the city will present a very creditable appearance. The houses not damaged very much, are already being repaired, and as a consequence, a much better feeling prevailed all around, *now that the solid sense of this community* is coming to the front.

City Council.

The council met last night at 8 o'clock for the transaction of business. Present Aldermen Curtis, Scoullar, Calbick, Jaques, McPhaden, Ewen, Reid and Cunningham.

His worship Mayor Hendry in the chair.

COMMUNICATIONS

From Wm. Kent asking for the grade of sidewalk opposite his house. Referred to the board of works with power to act.

From E Burns asking permission to lay building material on Front street. Granted under the usual conditions.

From R. W. MacKintosh, secretary of licensed victuallers association, enclosing a resolution protesting against the increase in the license fee on such short notice and asking for more time; also strongly objecting to the by-law as it stands.

Ald. Jaques said it was a hardship on the saloon keeper to raise the license fee on such short notice. He thought if the six months asked for *was granted*, the saloon keepers would fix up their places so that they might take advantage of the hotel license.

He introduced a resolution to this effect, which was seconded by Ald. McPhaden who supported the views held by Mr. Jaques.

Ald. Curtis said the resolution was completely out of order, and nothing could be done in the matter except by amendment.

Ald Scoullar and Ald. Ewen favored moderation, and a remittance of a portion of the license if it would be legal to do so.

Ald. Calbick and Ald. Cunningham thought it would be in order to remit the amount.

Ald. Curtis said it was *simply nonsense* to waste time on Ald. Jaques resolution, it was out of order. He asked the board to show a little backbone and not act like children. The idea of passing a by-law and then trying to slide out of it, was too ridiculous and childish.

Ald. Reid thought that no hardship should be inflicted, but by-laws should not be trifled with—it was a bad *precedent.*

Ald. Curtis said it was a strange thing that when a matter affecting the saloon keepers came up they brought in a petition and carried it. If this thing was to go on it would be better for the board to resign and let the saloon keepers run the business. The by-law was passed; it was in the interests of the city and morality and he would stick by it so long as there was *a hair on his head.*

Ald. Ewen thought Ald. Curtis was uncharitable, and that the rebate on the license would not affect the by-law.

Ald. Reid said there was only one way to change the fee, and that was to give notice of motion of amendment to the by-law.

Ald. Jaques said his resolution was in order, and he had no intention whatever of trying to amend the by-law. He would let it stand as passed.

His worship said he was in favor of high license and the present by-law, but the council was not going to impose a hardship if such this would be.

Ald. Curtis proposed that those saloon keepers who intend converting *their places into hotels should have a* rebate when they had complied with the hotel license law.

Ald. Jaques withdrew his first resolution and introduced the following: That the clerk be instructed to remit $100 off saloon licenses for the next six months; and that the saloon and hotel keepers be allowed six months to put their places in necessary repair to comply with the by-law recently passed.

His worship said he did not know whether the resolution was in order or not, and asked for a show of hands on the question for an opinion. The show of hands was equal and it was left for his worship to decide. After careful consideration his worship decided the resolution was out of order. This closed the discussion.

From Dr. De Wolf Smith, calling attention to a serious nuisance on Agnes street. Referred to the health committee with power to act.

From D. Whiteside asking $50 for care of police court room. Referred to the police committee to report on at next meeting.

From Hanson Bros., Montreal, asking when the debentures would be sold. The clerk was instructed to reply.

REPORTS.

The finance committee reported having appointed Mr. Whyman caretaker of the city hall, at a salary of $15 monthly.

The committee appointed to look into the fisheries matter was granted further time to report.

The following accounts were ordered paid: Gas Co. $209.05; D. McGregor $3; H. Peele $3; Jas. M. Annan $4.50; D. A. MacDonald $1.75.

The streets and sidewalks by-law and streets naming and numbering by-law were laid over.

The real estate tax amendment by-law was read a first and second time and afterwards discussed clause by clause. It was then read a third time and finally passed.

Ald. Curtis asked what had been done about collecting the road tax. The clerk replied that nothing had been done to collect it.

On motion the board of works was empowered to purchase self adjusting gates for the city hall grounds.

It was decided to hold a special meeting on Friday night to discuss the streets and sidewalks by-law.

Ald. Jaques gave notice of motion that he would bring in a by-law to *amend the liquor license by-law.*

The council then adjourned.

CORRESPONDENCE.

The Water We Drink.

EDITOR COLUMBIAN.—*I sincerely hope* voters opposed to the water by-law will give the matter serious consideration before *committing themselves.* With the exception of a few persons owning tanks I can safely say there is not a single family getting absolutely pure water in the lower town. I have examined the water from three or four wells, and in each case found impurities, both organic and inorganic. It could not be otherwise, and will every day be growing worse.

The surface water, loaded as it must be with impurities from closets, cesspools, etc., is constantly flowing into wells on a lower level. This short letter will not permit my going into the subject as it deserves, so I will briefly give the opinion of one of the highest authorities on hygiene. Speaking of drinking water taken from wells he says: "Wells surrounded by farm lands or located in towns are inevitably contaminated. Surface wells in such places, collecting water running off stiff clays, absolutely *cannot* be pure." These latter are just the conditions we have here. Many are surface wells, none are fully protected from surface drainage.

I would therefore ask each voter to consider well before he acts; his position is a responsible one. Most assuredly the man voting against the water by-law is, as far as he is concerned, signing the death warrant for many, perhaps for thousands.

I am, Sir,
Yours truly,
C. J. FAGAN.

Richard Routledge, watchmaker, of Montreal, committed suicide Sunday by shooting himself through the heart, in the barn of his father-in-law, Geo. Clarke, a farmer, of Cote St. Luce.

Children Cry for Pitcher's Castoria

BOULANGER BETRAYED

The Great French Agitator is Betrayed by One of His Most Intimate Friends.

Germany Takes the Opportunity of Bullying Her Little Neighbor, Switzerland.

The Persian Shah's Reception in England will be of Unusual Magnificence.

BOULANGER BETRAYED.

LONDON, June 11.—It is understood that Gen. Boulanger in his forthcoming communication will declare, although the papers seized in Paris are of no incriminatory character, they were revealed to the police by a person or persons who betrayed the confidence he had in them, for few people he trusted knew of the existence of the documents.

GREAT SOCIALIST MEETING.

LONDON, June 11.—Messrs. Bobel and Leibouchtt, Socialist leaders, and other Socialists members of the German reichstag, will attend the international congress of socialists in Paris. Eminent men from all parts of the world are expected to be present. The objects and scope of this movement will be more clearly defined than ever *heretofore.*

IN GREAT STATE.

BERLIN, June 11.—The Emperor, Empress and Prince Henry, with large and brilliant suites and escorted by the German squadron will proceed to Athens next October, to the marriage of Princess Sophie of Russia with the crown prince of Greece, Duke of Sparta.

CROWNED KING.

VIENNA, June 11.—It is announced the young king of Servia will be crowned on the 26th proximo.

BULLYING SWITZERLAND.

BERLIN, June 11.—The German government formally notified the government of Switzerland that it is impossible for Germany to agree with Switzerland in the justice of the latter's course in the affair of Police Inspector Wohlgimute, and that Germany reserves the right to take action in the matter.

A NOTABLE WEDDING.

LONDON, June 11.—The marriage of the Duke of Portland to Miss Dallas York occurred to-day. The church was crowded with aristocratic guests, and wedding presents, numerous and costly, including gifts from the Prince and Princess of Wales and Lord and Lady Salisbury. The Bishop of Lincoln performed the ceremony.

ENGLISH GOSSIP.

LONDON, June 11.—The old story of Prince Albert Victor's marriage to Princess Victoria of Teck is again talked of. *It seems* a great pity that it should not be allowed. Princess Victoria is as much an English princess as can be. She is pretty, nice, popular, was born in England, and has been brought up here, and if there are drawbacks, they are only pecuniary. That the country need not consider. The queen would not care for the marriage, but does not oppose it so strongly as other members of the family, who see no reason why Princess Victoria should be preferred to their own children. The splendor of the Shah's second visit to London seems likely to eclipse the glories of the first. The city, the Prince of Wales, and Sir Drummond Wolff are making the necessary arrangements for his entertainment. It is now intended if possible that he shall land at Gravesend and approach London by the river Thames, the embankment being occupied by troops during his progress. A gala performance of "Aida" at the opera has already been commanded for the 2nd of July and on the 4th. He visits the Empire theatre, which Mr. Ruben Casson has taken for the entire evening. *The Prince of Wales will be present* on these occasions. Mr. Harris has promised Mr. Casson to provide a programme replete with attractions. Lord and Lady Salisbury will welcome him to Hatfield, and it is possible that he will stay with Lord and Lady Brownlow at Ashridge and Lord and Lady Aberganney at Cridge. He is to be shown around the stock exchange in solemn state, and will be the lion at several balls.

The 24th of May celebration was an unusually successful one this year. The weather was magnificent and the queen's presence at the Thames side to see boats go up attracted an unusually large number of visitors in the afternoon. Speeches in the upper school were remarkable for the introduction of stage properties to an unusual extent. Dr. Warren mercifully spared many ladies present the Latin and Greek speeches, which in former days predominated. Four of the speakers were sons of men well known in the upper and lower houses of parliament. For Peel K. S. and Talbot N. S. are sons of the speaker and of the member for Oxford university. Wood, of Lord Halifax, coventry of the master of the Buck hounds, and Warkworth, of Lord Percy.

The government made a great mistake in accepting the resignation of Sir Hercules Robinson. Immense efforts were made to get him to consider his determination and the government to meet his views half way. When he retired, he fairly told them *that the policy they were pursuing,* which was largely due to home influence, would be most disastrous, and that he would on no consideration go back there to carry it out. He considers the influence of Mr. Chamberlin and the party in England that he represents to have been most dangerous and foolish and he makes no secret of his opinion. That his conviction is largely shared is evident, for the government are in great difficulties about a successor to his position.

"Jack" Walker, a local boatman, and Frank Davy were out in the river above Niagara Falls yesterday when they lost control of the boat and were swept over the Falls, passing almost directly to the middle of the Horseshoe. The bodies have not yet been recovered.

Daily British Columbian

Tuesday Evening, June 11, 1889.

In discussing the earth-closet suggestion the other day, we put to one side the branch question of sewerage for the time being. Everyone admits the necessity of proper sewerage for the city, and will agree with us that this important matter cannot long remain in the background. It is just as apparent that without a system of water works proper sewerage will be impossible. We might remark here, which is a point for consideration apart, so to speak, and is as obvious as anything could be, that, while a system of water works, with a good head and plenty of water, is indispensable to sewerage, such a system, supplying the city with abundance of water from a pure, uncontaminable, outside source, would actually render the necessity for sewerage less urgent than it is under present circumstances, where our water, even more than the air, is the medium through which the poisonous impurities that escape into the soil got into the system and jeopardize the health of our citizens. With a pure outside water supply and the incomparable situation and slope of the townsite, and the salubriousness of the climate, a comprehensive sewerage system might, if necessary, be postponed for a year or two longer, or until the surplus revenue from the water works should be found sufficient to guarantee interest on the required expenditure. The case is just this: Water, as we have said, is necessary for sewerage, and sewerage is desirable to have—it must be obtained, under any circumstances, in the near future—but, without a proper water supply, we shall suffer far more from lack of immediate sewerage than if we have the water, and at the same time sewerage will be impossible. From every point of view, then, in the public interest, the desirability, the necessity, of providing without delay for a proper system of water works for the city must be apparent.

Having shown conclusively, we think, that it is not only desirable, but necessary, to take such steps at this time as will insure the city a plentiful supply of pure water at an early date, that the particular scheme under consideration can be fairly completed and made available by the amount sought to be borrowed under the by-law, and that the water works will be self-sustaining from the start and speedily and certainly remunerative thereafter, we will touch upon various points that suggest themselves in connection with the question and also upon objections that are current with some. In considering the scheme which the ratepayers are asked to ratify it should be remembered that the proposition is the council's own, and did not emanate from the company. On the contrary, the council rejected all the proposals of the water works company—some of them very fair proposals too—to supply the city with water at a certain figure and retain possession of the works themselves. Appreciating the importance of securing, once for all, possession of the water works by the city, the council pressed its advantage and brought the company to the very favorable terms, for the city, which the ratepayers are now asked, by the good men and true whom they enthusiastically elected a few months ago, to ratify.

We have heard of the objection being urged that the Coquitlam Water Works Company were receiving too much in the $20,000 proposed to be given by the city to purchase the charter and the works as they are. A fair consideration of this objection must correct such an impression. Practical men went into the enterprise years ago, made exhaustive surveys, ascertained the best source and the best route, got an expensive and valuable charter put through the house, as well as an amendment, have prepared accurate estimates and working surveys, and cleared several miles of the pipe line, and in their agreement with the city make over all these, perhaps, not very tangible results, but representing a large outlay in time and money, and bind themselves as well to secure to the city, free of cost, the right-of-way between the Coquitlam Lake and this city. Whatever value may be placed upon these considerations, it is safe to say that the city will get them cheap at $20,000. In other words, that if the city had to start in now where the company did several years ago, $20,000 would hardly suffice to do for the city what private enterprise and practical men have accomplished for themselves. So far from the company getting ahead by the deal, the council have actually, by their close bargaining for the city, got the advantage of the company. The only possible clue to the latter parting with such a valuable franchise, and one that cost them so much outlay in time and money, for such a bagatelle as $20,000, must be found in the fact that they still retain valuable privileges under their charter, which will enable them in the future to supply Vancouver and other places on the peninsula.

A disinterested outside opinion is not without value on such questions as the by-laws now before the ratepayers of this city. The Vancouver *World* of last night had something to say, on the water works question particularly, which is worth perusal by our citizens at this time. After referring to the streets and park improvement by-law and expressing the opinion that "the investment is likely to be a remunerative one," the *World* says: "Coming to the question of water works, and for which the sum of $200,000 is asked, there is much to be said. An efficient water service, both for domestic and fire extinguishing purposes, is absolutely necessary. If a thoroughly good system can be secured for the sum named the investment will in a few years turn out a very profitable one. Not only will present insurance rates be vastly reduced, but citizens generally will be supplied with pure, fresh water of excellent quality at a much lower rate than at present. The expenditure then of $200,000 for such a system is but a mere bagatelle. The city is acting wisely in controlling the water service. Vancouver's great blunder must not be repeated by our sister city. Victoria's water works are not by any means as efficient as they might be. The source of supply—Elk Lake—is a vast marsh. The water is pregnant with decayed vegetable matter. It is the best the citizens of the capital can get, and with it they have to be satisfied. The rates charged are reasonable, and the consumption a large one. From the establishment of the service up to the present time, the total expenditure has been in the vicinity of $300,000. The revenue has paid all working expenses, interest on debentures, and the sinking fund, as well as yielding a handsome surplus to the city's exchequer. Capitalists have regarded these works with so much favor, that, a few weeks before his death, the Hon. Robert Dunsmuir offered Mayor Grant the sum of $800,000 cash for the transfer thereof from the city to his name. But the offer, flattering and tempting as it was, Mayor Grant promptly rejected. Properly constructed and kept free from local boodleism and robbery whilst the work is in progress, there is no reason to doubt but that New Westminster's investment will prove equally as satisfactory as Victoria's. There is abundance of capital at present seeking investment. Debentures of solvent, progressive municipalities—such as are all British Columbia's cities and townships—are in great demand. Following the course adopted in Victoria and in Vancouver, where the by-laws recently submitted were carried by overwhelming majorities, there is every reason to hope that the Royal burghers will keep the record unbroken and vote in favor of the by-law." Further comment we shall not make to-day.

Streets and Park Debenture By-Law.

By-Law to raise by Loan the sum of $85,000 for Street and Park Improvements.

WHEREAS IT IS EXPEDIENT that the council of the city of New Westminster should provide for the improvement of certain streets in said city, and of Queen's Park.

AND WHEREAS it will be necessary, in order to effect said improvements, to issue debentures of the said city for a sum of money not exceeding $85,000.

AND WHEREAS *for the payment of interest* and creating a sinking fund for payment of said debentures it will be necessary to raise the sum of $5,950 annually by special rate in each year.

AND WHEREAS the amount of the whole rateable property in the said city, according to the last revised assessment roll, is the sum of $2,540,245.

AND WHEREAS the total amount of the existing debt of the said city is $155,500, irrespective of the sum of $200,000 proposed to be borrowed under authority of the Water Works Debenture By-Law, which by-law is to be submitted to a vote of the electors of the city concurrently with this by-law.

AND WHEREAS, for the purpose of raising the said yearly sum of $5,950 an annual special rate of 2 2-5th mills in the dollar will be required.

THEREFORE, the Mayor and Aldermen of the city of New Westminster, in council assembled, enact as follows:

1. It shall be lawful for the mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned a sum of money not exceeding in the whole the sum of $85,000.

2. It shall be lawful for the said mayor to cause any number of debentures to be made for such sums of money as may be required, but not for less than $100 each, such debentures to be sealed with the seal of the corporation, signed by the mayor and countersigned by the treasurer of the said city.

3. The said debentures shall be made payable in fifty years at farthest from the time on which this by-law takes effect, either in sterling money of Great Britain and Ireland or in currency of this province or the country where the same may respectively be made payable, which may be in any *place or places authorized by law as may be* agreed upon between the purchaser or purchasers thereof and the mayor, and the said debentures shall have attached to them coupons for the payment of interest.

4. The said debentures shall bear interest at the rate of *five per centum per annum* from the date thereof, which interest shall be payable half-yearly on the first days of January and July in each and every year.

5. *For the purpose of forming a sinking* fund for the payment of the said debentures and the interest thereon an equal annual special rate of 2 2-5th mills in the dollar shall be levied and collected in addition to all other rates in each year upon all the rateable property in the said city during the currency of the said debentures or any of them.

6. All monies arising from the said rate beyond the amount required for the payment of interest upon the said debentures may be invested in each year as the council of the said corporation may direct, for the purpose of creating a sinking fund for the redemption of the said debentures as they respectively become due, without prejudice to any of the powers conferred upon the said council by the said act.

7. This bylaw shall take effect on the 17th day of June in the year of Our Lord one thousand eight hundred and eighty-nine.

8. This by-law, before the final passing thereof, shall receive the assent of the electors of the city in the manner provided by the New Westminster Act, 1888, and amending acts.

9. This by-law may be cited as the Water Works Debenture By-Law, 1889.

By-law read a first time on the 11th day of March, 1889.

By-law read a second time on the 11th day of March, 1889.

NOTICE.

TAKE NOTICE THAT THE ABOVE is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster after one month from the first publication thereof in the BRITISH COLUMBIAN newspaper, which first publication took place on the 15th day of May, 1889, and that a vote of the Electors of the City will be taken on said proposed By-law at the New City Hall, Market Square, in said city, on the **13th day of June, 1889,** between the hours of 9 o'clock a.m. and 5 o'clock p.m.

Water Works Debenture By-Law.

A By-Law to provide for the issue of Water Works Debentures.

WHEREAS BY THE "NEW Westminster Act, 1888," an act of the legislature of British Columbia, passed in the fifty-first year of the reign of *Her Majesty, Queen Victoria*, and chaptered forty-two relating to the corporation of the City of New Westminster, it is among other things provided that the council of the corporation of the said city may, subject to the provisions of the said act, pass by-laws for constructing water works, and providing for the expenditure thereof.

AND WHEREAS it is expedient that the council should provide for the construction of water works for the supplying of water to the inhabitants of the said city.

AND WHEREAS, in order to carry into effect the said proposed construction, it will be necessary to issue *debentures of* the said corporation for a sum of money not exceeding two hundred thousand dollars.

AND WHEREAS, for the payment of *the said debentures, sinking fund* and interest, it will require the sum of $14,000 to be raised annually by special rate in each year.

AND WHEREAS the amount of the whole rateable property of the said city according to the last revised assessment roll is the sum of $2,540,245.

AND WHEREAS the total amount of the existing debt of the city is the sum of $155,500, irrespective of the sum of $85,000 proposed to be borrowed under authority of the Streets and Park Improvement Debenture By-law, which by-law is to be submitted to a vote of the electors of the city concurrently with this by-law.

THEREFORE, the corporation of the City of New Westminster enacts as follows:—

1. It shall be lawful for the mayor to *raise by way of loan from any person or* persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of two hundred thousand dollars.

2. *It shall be lawful for the mayor to* cause any number of debentures to be made for such sums of money as may be required, but not for less than one hundred dollars each, such debentures to be sealed with the seal of the corporation, and signed by the mayor and counter-signed by the treasurer thereof.

3. The said debentures shall be made payable in fifty years at furthest from the day on which this by-law takes effect, either in sterling money of Great Britain, or in the currency of this province, or the country where the same may respectively be made payable, which may be in any place or places authorized by the said act as may be agreed upon between the purchaser or purchasers thereof, and the mayor, and the said debentures shall have attached to them coupons for the *payment of* interest.

4. The said debentures shall bear interest at the rate of five per centum per annum from the date thereof, which interest shall be payable half yearly on the first days of January and July in each and every year.

5. *For the purpose of forming a sinking* fund for the payment of the said debentures and the interest thereon an equal annual special rate of ⅘ mills in the dollar shall be levied and collected in addition to all other rates in each year upon all the rateable property in the said city during *the currency of the said debentures or any* of them.

6. All monies arising from the said rate beyond the amount required for the payment of interest upon the said debentures may be invested in each year as the council of the said corporation may direct, for the purpose of creating a sinking fund for the redemption of the said debentures as they respectively become due, without prejudice to any of the powers con erred upon the said council by the said act.

7. This bylaw shall take effect on the 17th day of June in the year of Our Lord one thousand eight hundred and eighty-nine.

8. This by-law, before the final passing thereof, shall receive the assent of the electors of the city in the manner provided by the New Westminster Act, 1888, and *amending acts.*

9. This by-law may be cited as the Water Works Debenture By-Law, 1889.

By-law read a first time on the 11th day of March, 1889.

By-law read a second time on the 11th day of March, 1889.

NOTICE.

TAKE NOTICE THAT THE ABOVE is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster after one month from the first publication thereof in the BRITISH COLUMBIAN newspaper, which first publication took place on the 15th day of May, 1889, and that a vote of the Electors of the City will be taken on said proposed By-law at the New City Hall, Market Square, in said city, on the **13th day of June, 1889,** between the hours of 9 o'clock a.m. and 5 o'clock p.m.

Port Kells

This Fine Townsite, at the Fresh-Water Junction of the

Southern Railw'y

—WITH THE—

FRASER RIVER

12 Miles Above Westminster,

Has just been Surveyed, and the Lots are for sale by

WOODS, TURNER & GAMBLE

—AND—

ALBERT J. HILL & COMPANY

OF NEW WESTMINSTER, B. C.

The advantages and prospects of this *Plot for a future thriving Town* are many.

The Land in the vicinity is good.

There are inexhaustible IRON ORE DEPOSITS, of a superior quality, immediately adjacent, as well as vast strata of the finest BUILDING SAND and POTTERY CLAY.

On the Townsite are a number of valuable MINERAL SPRINGS.

Communication by land and water is unequalled, by reason of the location of the Townsite on the Fraser River and the Southern Railway, while the natural elevation and lay of the land can not be excelled as a situation for a fine town.

The ground is open and clear of heavy timber.

The site has been selected as one of the most important stations on the Southern Railway, and with the completion of the road, in the near future, must, with all its other advantages, spring into prominence at once.

Those who apply early will have the pick of the Lots.

A clear title given with every purchase.

Parties wishing Lots can apply as well, on the premises, to

HENRY KELLS,

Who do not receive their paper regularly, from the Carriers or through the Post Office, will confer a favor by reporting the same to the office of publication at once.

NEW ADVERTISEMENTS THIS DAY.

Farm Implements for Sale..L. Thornber
Annual Meeting.....T. J. Trapp
Grand Lodge, A. F. & A. M...H. Brown
Notice.....W. B. Skinner
Notice.....R. C. P. M. Co

MARRIED.

RICH-GREEN.—On the 10th inst., at All Saints Church, Trenant, by the Rev. C. Croucher, R. N. Rich, of Ladners' Landing, to Lydia Mary (May), third daughter of Chas. F. Green, Esq., of Greencroft, B. C.

The water in the river is falling slowly.

Strawberries and Cream at the "Club." *

A nice shower of rain would be greatly appreciated.

The salmon run last night was a little more satisfactory.

All the fashionable iced beverages, at the "Hub," next the "Queen's." *

Haying has commenced on Lulu Island, but only on a small scale.

Mr. L. Thornber is advertising a lot of farm implements for sale cheap.

Russell's Restaurant, opposite the American Hotel, open day and night. a9m3*

The demand for agricultural implements is far greater this year than ever before.

The str. Irving left for Chilliwack this morning with 30 passengers and 40 tons of freight.

200 lots on the Thorne road, from $65 upwards at $10 per month.—W. Reidt, Front street. *

All the roads leading to the city are in a very dusty condition, particularly in the vicinity of Sapperton.

A communication from Mr. A. M. Herring, on the theatre license question, was crowded out to day.

The meeting called for to-night, to discuss the water works question, promises to be largely attended.

Real estate is more buoyant and a number of large transfers have been recorded within the last few days.

The loading of the ship Macduff is proceeding briskly and it will be ready for sea within the time specified.

The boat club meeting has been postponed till Friday night, when it is hoped a large and enthusiastic meeting will be held.

North Arm Road Lots, from $100; Sapperton, $150; and Brownsville Acre Lots at $100, on easy terms, at W. J. Walker & Co's. *

The str. Rithet arrived from Victoria at 11 o'clock last night and left this morning with 30 tons of freight and a number of passengers.

Gents' Balbriggan and Natural Wool Underclothing; Summer Coats and Vests. Just the things for the hot weather—at J. E. Phillips. 3t*

Look out for the great sale of lots in the town of Seattle, at the Mission Bridge, on June 15th next. For particulars, apply to Wm. Reidt. *

Dr. Fagan's communication in another column is well worthy of consideration by everyone who is interested in his own as well as the city's health.

The Royal City Planing Mill Co. is kept busy running night and day to keep up with the large number of orders which are continually coming in.

The subscription committee for the Vancouver Dominion Day celebration is experiencing some difficulty in raising the amount of funds required to meet the expenses of the occasion.

A street car, crossing the railway, on Erie avenue, Niagara, was run into by some coal cars and wrecked. Mrs. Thompson, of Drummondville, and Miss Porce were severely injured.

The government sale of 1120 acres of farming land on Lulu Island, by J. P. Davies & Co., auctioneers of Victoria, will be held in this city to-morrow, beginning at 12 o'clock noon. A good chance for investing.

Yesterday we re-published the liquor license by-law, for the reason that some mistakes and omissions occurred in the first publication. Those interested will note that yesterday's publication of the by-law is correct.

The sisters of St. Ann's Convent will hold their bazaar in this city at the drill shed, on the 25th, 26th and 27th inst. Several ladies who have inspected the goods intended for sale say "they are charming"—"superb"—"delicious." As usual, the collection will be a grand attraction to all our citizens.

Lots in the town of Sumas, Whatcom county, on the boundary line, at the junction of the Canadian Pacific and Seattle Lake Shore & Eastern Railroads, are now on the market at bedrock prices, and are selling fast. Buy quick before the choice lots are all secured. — RICHARDS, HAYWOOD & MACKINTOSH. *to

We are indebted to Rev. E. Robson, Vancouver, for the following item: Rev. W. D. Misener, appointed by the Methodist conference to the Langley mission, will arrive in about three weeks and enter upon his work. Mr. Misener comes from St. Catherines, Ont. His future field will extend from Upper Sumas to Kensington Prairie, including Langley, Clover Valley, Alder Grove, and Mount Lehman.

Dr. Child's Pile Ointment instantly relieves and permanently cures Piles, Pruritus and all hot, and itching sores and eruptions. N. W. agents, D. S. Curtis & Co. dmy28y1

Children Cry for Pitcher's Castoria

Our Member.

Every day the cheering news arrives that our respected member, Mr. D. Chisholm, is rapidly regaining his health and strength. It is now announced that he will leave for Banff in a few days, at which place he will probably spend a couple of months before coming home. Mr. Van Horne has, with great courtesy, placed a private car at Mr. Chisholm's disposal, which will do away, to a great extent, with the fatigue of the journey.

The Lacrosse Club.

A general meeting of the lacrosse club will be held to-morrow night in the office of Richards, Haywood & Mackintosh, when business of importance will be discussed. If the Westminster club is to become permanent it will be necessary for every lacrosse player and every lover of the game to be present at the meeting and enroll on the list of members. Westminster has lots of the right material to make a strong team, and all that is necessary to make the club a success is a good general support.

Summoned in Haste.

Mr. P. McTiernan, Indian agent received a telegram from Chilliwack this morning, asking him to go up there without a moments delay. As the message was received too late for to-day's boat, he will go up to-morrow. Mr. McTiernan is frequently summoned in hot haste to various parts of the country by the Indians, to settle trivial matters which might easily await a more convenient time. The present summons is not likely to mean anything serious. A dispute over a spring calf, or the allotment of a wife to some spruce young Siwash, probably requires arbitration.

A Howling Storm.

Although the weather was calm and beautiful at Westminster on Sunday and Monday, yet a heavy gale was raging on the gulf on these days. The failure of the str. Rithet to put in an appearance yesterday morning was a surprise to all, and many felt anxious for her safety, thinking she had met with an accident, but not supposing she had been delayed by stress of weather. It now appears that she lay in Plumpers Pass all the day and only ventured out when the wind and sea had moderated. The Sound steamers running to Victoria were also delayed from the same cause. The peculiarly sheltered position of Westminster is such that a storm may be howling in wild fury on the gulf, and yet not be perceptible at this short distance inland.

Annual Communication.

The 18th annual communication of the most worshipful Grand Lodge of British Columbia, Ancient, Free and Accepted Masons, will be held at Victoria on June 22nd. This meeting will be one of the most important in the history of the order in this province. The attendance will probably be larger than at any previous meeting. Westminster will furnish 16 delegates, Vancouver 14 and Kamloops 6. Victoria and Nanaimo being convenient to the meeting, will send almost every member entitled to a vote in the Grand Lodge. Arrangements have been made with the C. P. N. Co., for rates at one first class fare for the round trip from Westminster or Vancouver for masons, their wives and family. Tickets will be good from the 21st to the 26th inclusive.

At Rest.

The remains of the late Hon. Mr. Justice Gray were sorrowfully consigned to their last resting place in Ross Bay cemetery yesterday afternoon. Leaving the family residence, corner of Fort and Moss streets, at 2:30 o'clock, the funeral cortege proceeded to Christ Church Cathedral, where a very large number of citizens had assembled to pay their last tribute of respect to the memory of a kind and noble minded man, an upright judge and a patriotic citizen.

The coffin which enclosed the body of the dead was a plain black—a metal, cloth-covered casket, with heavy silver trimmings. A profusion of beautiful flowers, among which the white rose predominated, covered the casket; while crosses, wreaths and other floral tributes, many of them of great beauty and very appropriate design, testified to the high esteem in which the deceased was held by all who knew him. Among those present at the Cathedral were the members of the Dominion and provincial parliaments, the provincial cabinet, members of the bench and bar of British Columbia, public officials, members of the board of trade and merchants of the city. The following were the pallbearers: Sir Leonard Tilley, lieut.-governor of New Brunswick; Sir M. B. Begbie, C. J., Mr. Justice Crease, Hon. John Robson, Hon. A. N. Richards, Q. C., Mr. Speaker Pooley, Hon. P. O'Reilly, E. C. Baker, M. P., Dr. Wm. Bayard, R. E. Jackson, Robert Ward and W. C. Ward.—*Sunday's Colonist.*

FROM VICTORIA.

Chen Ah Heung, the Murderer of the Chinese Woman, Suicided Last Evening in His Cell.

Special to the Columbian.

VICTORIA, June 11.—The greatest treat the Victoria people ever had was Modjeska's rendition of Shakespeare's, "As you like it," at the Victoria theatre last night. To-night she will give "Mary Stuart."

Cheu Ah Heung, the condemned Chinese murderer, committed suicide last evening in his cell. He was to have been hanged July 10th. He cut his undershirt into strips knotted them together thus making a rope with which he took his own life.

The war ships are having gun practice in the straits. Last evening they anchored off Beacon Hill and gave a fine exhibition with the electric lights.

Sell's circus will be here about the latter part of the month.

Police Court.

[Before Capt. Pittendrigh, J. P.]

Michael Hopkins was picked up on Columbia street in a drunk and incapable condition by Constable Carty. He pleaded guilty and was fined $2.50 and costs.

Charley, a vagrant Chinaman, charged with being a loose and idle person with no visible means of earning a livelihood, was sentenced to six months in gaol with hard labor.

W. E. Dickinson, charged with removing soil from Douglas street, contrary to law, pleaded guilty and was fined $5 and costs.

ANNUAL SCHOOL MEETING.

Annual Report of the Trustees Submitted.—An Enthusiastic, Patriotic, and Interesting Document. .... Sapperton School Board Retire.—Proceedings of the Meeting.

The annual meeting of the householders and freeholders of this city took place yesterday at 11 a. m., according to law.

Mayor Hendry, as chairman of the board of trustees, presided.

The minutes of the last annual meeting having been read, it was moved by Rev. Mr. Jamieson, seconded by Mr. E. S. Scoullar, that such of the matter read as formed no part of the action taken on the report of last year, nor arose from anything contained in that report, but was irregular in every sense be expunged from the record. Carried unanimously.

The minutes having been thus amended, it was moved by Rev. Mr. Jamieson, seconded by Mr. M. Sinclair, that they be adopted.

The annual report of the board was then read, as follows:

The trustees of the high and public schools of New Westminster City School District, in introducing the annual report required by law, desire to note the great material progress observable within the city limits. Our citizens appear to realize more and more the very favorable situation of the place; they are proud of the historical name given it, and they carry with them grateful recollections of the departed Major-General Richard Clement Moody, R. E., of most honorable career, whose brief memoir found on page 453, volume xc, of the "Minutes of Proceedings of the Institution of Civil Engineers" should be carefully studied by our young men. While it may be difficult to be carried back 30 years, and imagine the enthusiasm of the man as he planned the city and laid out its streets and squares for future generations, it is now comparatively easy to ascend our gentle slopes and traverse our expansive table land, to "drink deep" of our enchanting views in all directions. On the north looms up a serrated range of snow-capped mountains intersected at short intervals by narrow gorges leading back to crystal lakes from which flow large streams pure and perennial, the nearest and best of which, through the energy and enterprise of our city council and citizens is destined to flow through our streets. On the east stands Mount Baker, far renowned, clad with a mantle of celestial purity, ready to receive the sun's early rays to be again reflected over the adjacent plains. At our feet flows the majestic Fraser, dividing itself and encircling islands of marvellous fertility before discharging into the neighboring sea; and when the mind has been thus satisfied it is no less pleasing to behold our many rising cottages, villas, houses of worship, halls of benevolent societies, business houses and manufacturing establishments, where a few years ago the primeval forest stood in stillness. Nor is it a matter of little importance to bear in mind that learning and culture with all their concomitant gifts usually flourish amid scenes of physical variety. This is apparent as we study the history of Greece, Switzerland, Eastern Germany and the British Isles. Scholars and poets will find here a congenial home, but would pine and die on the great plains. Who could deny that we have here a clew to the unvarying success of the royal city student. A few days ago the wires conveyed the pleasing news to the conferring of baccalaureate degrees by a most searching university upon two of our boys, of whom we have many in the embryonic state developing with astonishing rapidity. The city is extending itself, and the sphere of the board is enlarging accordingly. During the past month the school and school property at Sapperton were transferred to this board. The government has also made provision for the establishment and maintenance of a school at the West side. The construction of an addition to the Central school, referred to in last year's report, has been duly carried out at a cost of over $2,400, and two of the rooms have been supplied with seats and desks of the most approved make at a cost of about $300, while the halls and rooms in the older portion of the building have been kalsomined at a cost of $35.

The High school has been removed to the central building where it continues to perform its functions. It is a matter of regret that the application for an assistant so urgently pressed upon the attention of the government during the past three years has not yet been granted. Now that the city pays for one-third of the teachers' salaries, ostensibly to meet the expenditure upon the High school, it is but reasonable to have the benefit of this payment.

The High school here is invariably examined in all the subjects taught by two teachers in Victoria—32 branches in a curriculum covering the various classes of a three years' course, notwithstanding which the school has been and is a credit to the city.

A beginning should be made at an early day in providing facilities for science lessons. With this object in view application was made in March last to the Geological director, Ottawa, through our representative, for a cabinet of mineral specimens and it was gratifying to receive a reply stating that the application was granted and further that 112 such specimens were being labelled to be forwarded in due course. The thanks of the board are due to Mr. Chisholm for his kind assistance in this matter.

The Central school grounds of six acres, than which there is not a better located block in the city—are in fair order; but the shade trees set out thereon need much attention that their growth may be symmetrical and healthful. A space in front of the school has been slanted for the comfort and convenience of the pupils and teachers.

The sanitary conditions of the establishment have been much improved; but in the absence of a plentiful supply of potable water as well as for fire protection purposes, matters will be unsatisfactory. From a communication of inquiry received from the health officer in October last, suspicions were not wanting as to the character of the water supply.

The teachers now employed are: H. M. Strambery, B. A., principal High school; Miss E. Rogers, principal girls' school; W. C. Coatham, principal boys' school; Miss E. A. Davidson, 1st assistant girls; G. M. Dockeril, 1st assistant boys; Miss M. S. Homer, 2nd assistant girls, Miss Nellie Dockerill, 2nd do. boys; Miss Emelene Bell, Sapperton; and it is proper to endorse the following extract from the superintendent of education's report of his inspection and examination in December last. "Permit me to say that the general management and work of the schools are on the whole very satisfactory. I must add that the teachers are faithful and energetic in the discharge of their duties."

The rooms of the 1st assistants in both departments are overcrowded, and those of the 2nd assistants are well filled. The board adopted the suggestion of the superintendent of education of the re-organization of all these classes, so that the pupils of the 1st and 2nd assistants, under the principal of the girl's department, shall consist entirely of girls, and in like manner as to the boys, under the principal of the boys' department. This arrangement will necessitate a greater number of classes under these teachers, and it has been proposed to equalize the work by securing a 3rd assistant, common to both departments, for the younger children, whose numbers are largely increasing. The money has been voted for this assistant, but the appointment of teacher will be deferred until the re-opening of the schools. It is, therefore, earnestly desired that the school children should appear punctually in August next, that the arrangement may be carried out.

The trustees would again press upon the attention of the parents and guardians the duty as well as the privilege of visiting the schools as frequently as possible, and particularly so on the occasions of the closing examinations. The children are thus incited to do well, and the teachers are encouraged. The duties of teachers are very exhaustive of nervous energy and general bodily strength; trifling misunderstandings creep up unawares between teachers and pupils—all of which are dispelled as morning clouds through mutual cordial relations between teacher and parents. Happily during the past year there was scarcely a complaint.

With the permission of the government the old school building has been rented for one year, to 1st January, 1890, to Miss Lewis, a talented young artist, who has opened a studio and music room.

On account of the expense incurred by Miss Lewis in fitting the place, the rent was fixed at the nominal figure of $30 for the year.

In conclusion the trustees desire to state that their proceedings during the year have been harmonious and pleasant, and further that they have been highly pleased with the prompt replies and general courtesy and consideration received from the educational department during the year, in respect of their many requests and repeated demands.

While no promise has been given as yet, the trustees entertain the hope of securing an appropriation for an assistant in our High school, at the next meeting of the house of assembly.

Hereto are appended statement of the usual expenditure on incidental account and abstract of pupils' attendance, with comments.

All of which is respectfully submitted. JOHN MCKENZIE, Secretary.

On motion of Rev. Mr. Jamieson, seconded by Dr. Brown, it was received and adopted, and a vote of thanks to the trustees and secretary was passed for the very creditable report submitted.

Rev. Mr. Jamieson having referred to the clause of the report read touching an assistant for the high school, and having opened the case in a very warm manner, moved that the meeting strongly urge upon the board to press the application to the government for an assistant, in view of the fact that the city pays one-third of the salaries of the teachers. Seconded by Dr. Brown, who pointed out that it was impossible for one master to overtake all the branches of the curriculum in all the classes. Carried.

Mr. J. B. Kennedy, secretary of the Sapperton board of trustees, submitted to the meeting a report of their school, as their board had retired. The report having been read, it was moved by Mr. Calbick, seconded by Mr. Scoullar, that the report be adopted as a supplementary report.

Mr. Scoullar moved, seconded by Mr. Sinclair, that a vote of thanks be passed to the retiring board of trustees, Sapperton. Carried.

The meeting then adjourned.

PERSONAL.

W. H. Ladner, M. P. P., is in the city.

A. P. Black, of Vancouver, paid the city a flying visit this morning.

H. B. Roycraft, chief of provincial police, is a guest at the Queen's.

Mrs. Rout Harvey, of Victoria, was in the city to-day, the guest of Mrs J. W. Harvey.

Henry Edmonds returned from Victoria last night where he has been attending college. He will now commence the study of law. Before leaving Victoria he went up for the entrance examination before the law society, and, we are glad to know, passed most successfully. The many friends of Henry wish him a brilliant future in his chosen profession.

SYRUP OF FIGS,

Produced from the laxative and nutritious juice of California figs, combined with the medicinal virtues of plants known to be most beneficial to the human system, acts gently on the kidneys, liver and bowels, effectually cleansing the system, dispelling colds and headaches, and curing habitual constipation.

President Van Horne and party left Winnipeg for the west by the regular train on Sunday.

A Pleasing Sense of Health and Strength Renewed, and of Ease and Comfort
