Hon. I. D. Prentice, minister of agriculture, and Finance expects to visit Delta in the near future.

C. F. Green leaves the first of the week for the Victoria exhibition.

Champions Meet.

Delta residents are very much interested in the series of lacrosse matches which are being played in New Westminster this week between the Shamrock lacrosse team, champions of the world, and the New Westminster team, champions of British Columbia. Nearly all of those who saw Tuesday's match went up again on Thursday and many will go up again today. The games were well-contested and were certainly fast enough to suit the most fastidious. If the Westminster boys did succeed in doing the visitors up on Tuesday the Shamrocks certainly got all the revenge they wanted in Thursdays game. Todays game will be a battle royal from the face off. The management of the exhibition are certainly to be commended for their enterprize in securing what has proved to be the greatest attraction of the fair.

Lacrosse Aspirants.

The lacrosse craze has struck the rising generation of Ladner and in the course of a year or two Westminster will be put to the test, whilst the NEWS is pleased to see such commendable interest in the national game, we cannot refrain from suggesting that a more suitable place for practice could be found than on one of our principal business streets. If a more secluded locality were selected it would be a source of great satisfaction to pedestrians and others. No doubt if our local aspirants ever get so that the public can gaze on them without experiencing physical agony they will receive an invitation to make themselves as prominent as is desirable.

Delta Stock.

John Gardhouse, vice-president of the Sheep Breeders' Association of Ontario, and who has been judging stock at our provincial fairs, stated that the show of cattle and horses at tho Delta fair was the finest he has seen in Western Canada and would do credit to the large eastern stock shows.

Degree of Honor.

Mrs. Bush, superior chief of the Degree of Honor A. O. U. W. will return on Tuesday next to complete the organization of a lodge in this town. More than the necessary number of applicants for a charter have been secured and the new lodge will start with every prospect of a successful future.

Jas. Bone, our most successful gardener will take a large exhibit of field and garden produce to Victoria Exhibition. Mr. Bone has 2 squashes which weighs over 150lbs. each.

LOCAL NEWS.

H. McDowell has been taking in the Exhibition.

Mr. and Mrs. D. B. Grant visited the cities this week.

A. Clausen has spent the week in Westminster and Vancouver.

Mrs. Kirkland and Mrs. H. J. Kirkland are visiting friends in Midway.

Mrs. J. Honeyman and Mrs. Robert McKee will leave the first of the week for Victoria.

T. Herd, brother of Mrs. Robert McKee, East Delta who has been visiting with his sister for a short time has left for Philadelphia where he will resume his medical studies.

The Presbyterian manse on Stanley street is nearing completion, this when completed will be one of the most handsome residences in the town. The design is by H. J. Cresswell, architect.

J. Jordan left for Victoria this morning with his trotting horse Stormont jr. which he has entered in the 1:40 class. Mr. C. F. Green also takes his fast pony down for the races.

J. W. Spearman of Westminster has recently purchased one hundred acres of land on the Kittson road, from Chris. Brown. Mr. Spearman leaves in a few days for England to remain over the winter and returning in the spring will probably manage the farm.

THE READING ROOM

Will be Opened on Monday Evening. Reading Matter on Hand.

The Mchanic's Institute and Reading Room will be opened on Monday evening by the honorary president, Reeve Ladner. The new building has been erected near the corner of the Slough road and facing Westham street and presents a very inviting appearance. With the list of periodicals and papers it should be well patronized during the winter months. The directors will endeavor to make it comfortable for all patrons. The reading room will be open every day from 8:20 a.m. till 10 p.m. Below is the list of reading matter provided:

Argosy, Munsey, Strand, McClures, Cosmopolitan, Canadian, Harper's Weekly, Clipper, Montreal Star, weekly Mail and Empire, Recreation, Illustrated London News, Scientific American, San Francisco Call, Post-Intelligencer, Review of Reviews, Toronto Globe, Manitoba Free Press, large numbers of provincial papers and the Provincial traveling library.

Band Instructor.

The Ladner Band has been fortunate in securing J. H. Cronshaw as their special instructor, who comes from Vancouver every Wednesday evening. He has also five pupils learning the clarionet, of which he is a master. Mr. Cronshaw started on his musical course in his boyhood entering the Royal Military Music College, London, Eng. at nine, and continued with the British Army for some years. Since coming to Canada he has led some first class bands and orchestras. He was also the organizer and leader for some time of the Mounted Police band at Calgary. Anyone wishing to learn the clarionet has now a splendid opportunity.

Road Repairs.

The municipal council are laying 500 yards of crushed rock on the Trunk road opposite the Paterson ranch. The old plank has been removed and this section of road graded up preparatory to laying the rock. This promises to make one of the best pieces of road in the Delta, and should be much superior to the loose gravel which has heretofore been used. The work is being done under the capable management of George Orminston, road superintendent.

Mr. and Mrs. H. J. Cresswell have been spending the week in New Westminster.

VELVET GRASS.

The following letter explains itself. The sample of grass forwarded to the department is a worthless grass which stock will not tolerate, and is found in nearly every field and along the roadsides.

Central Experimental Farm,

Ottawa, Sept. 22, 1902.

THOS. E. LADNER, ESQ., Ladner, B. C.

Dear Sir: Owing to my frequent absences this summer, I regret to find letter from you asking the the name of a grass, has been accidentally put on one side and has never been answered. The grass is velvet grass, holous lanatus, a worthless weed which is now common all through your province. The only way to get rid of it is to break up the meadows and reseed heavily to clover and grass. If cut young this grass does not injure the hay much but it is very early When young it is claimed that stock will eat it, but it is a poor substitute for other grasses. When reseeding for pasture a pound or two of Kentucky blue grass should be added for each acre seeded, this will crowd it out and is an excellent pasture grass. Velvet grass is an English grass. Yours

J. FLETCHER.

The Wrong Place.

Last Tuesday while the editor and family wers attending the fair at Westminster, their residence was entered by a thief or thieves, but it is quite probable that the intruders were not aware that a newspaper man lived in the house. They were scared away before getting to the vault where the family jewels are stored.

The Associated Press sends out a story of a Canadian newspaper man named John Jones being held up by a Buffalo footpad and relieved of $80. The Vancouver World says: Something wrong here: What would a newspaper man be doing with $80, and where could he have got it? And if he had got it honestly, how is it that he would not have died of heart disease without waiting for the highwayman?

Tarte.

"To the Editor of the Witness: May I ask you to state in your paper that I will be in the Liberal Party long after you are dead and buried. If your views o the fiscal policy of the ministry were known to be those of the country, we would be defeated at the general elections by the same overwhelming majority that the same views arrayed in 1878. Mr. Maxwell's Illness.

A Montreal despatch says G. R. Maxwell, M. P., for Burrard, who is being treated for juandice in a local hospital, is still a very sick man. He was ill with the same complaint while in Glasgow and spent six weeks in hospital there. His trip across the Atlantic seems to have caused a return of the ailment.

Death of Emile Zola.

Paris, Sept. 29.—France mourns for Emile Zola, the novelist, who was asphyxiated by fumes from a stove, the pipes of which are said to have been out of order. At first it was stated that there were indications of suicide, but the report was was denied. Madame Zola will survive.

Live Stock Deals.

An Ottawa despatch says George Hadwin, of the Live Stock Breeders' Association of British Columbia, sold in Toronto Monday, 37 heavy draught horses bred in British Columbia, and is now purchasing 200 stockers for shipment to that province. The price of stockers has increased in Ontario from 15 to 20 per cent. over last year's figures.

Cohoes Are Running.

Cohoes are running in great numbers in the upcoast inlets, and it is thought the season is now at its height. Boats, which have been out for the past two weeks, have averaged during that time catches of 2,000 fish, which are sold to the canneries at the rate of 12½ cents per fish.

Morrison in the Man.

Montreal, Oct. 1.—Mr. Prefontaine, who is largely interested in Yukon matters, denies the rumor circulated by La Patrie, that Mr. Smart is soon to succeed Mr. Ross as governor of Yukon. Mr. Prefontaine says A. Morrison, M. P., is the man.

Humorous Sympathy.

A social observer of humorous sympathies reports a trait of a Chinese servant employed in a suburban family which reveals a certain capability for ready assimilation with American methods of dealing with the tramp problem. A hungry tramp called one Monday afternoon at the kitchen door, and was promptly challenged by John. To John the tramp told his tale of woe, ending with a humble petition for something to eat.

"Like fish?" asked John, in insinuating tones.

"Yes, like fish," said the tramp.

"Call Friday," said John, as he shut the door, with a smile imperturbable.
