THE DELTA TIMES

Volume 7 — LADNER, B. C. SATURDAY, JUNE 7, 1913. — $1.00 A YEAR.

SAPPERTON VICTORIOUS

In Splendidly Contested Game Sapperton Defeats Beavers by Small Margin—Score 2-0.

In holding the strong Sapperton aggregation to two lone tallies in their exhibition game Tuesday evening the Ladner Beavers more than satisfied their most ardent supporters by the performance. Sapperton were champions of the Royal City intermediates last year and have suffered only one defeat so far this season.

The accurate passing of the visitors was a revelation, but the more speedy work of the local athletes offset this advantage to a great extent. It is extremely doubtful if any score would have resulted as owing to the late start the finish was played in the gathering darkness. Sapperton scored twice in the last quarter, the Beaver defence losing sight of the ball.

Interest in the league fixture on Friday evening has been stimulated by this game, and everything promises toward a record breaking crowd when the blue and white clashes with the red.

Taken individually each member of the Ladner aggregation played splendidly. Rudie Kittson scintillated at point and was ably supported by Dennis and Clarke. Burr at centre played his usual steady game while S. Honeyman and Harry Smith were the pick of the home.

Lack of combination in attack was the main cause of the local defeat, the home division bunching in the goal mouth, thus hindering one another. Time after time the ball was worked up toward the Sapperton goal, but in Patchell at point the Beavers ran up against an insurmountable obstacle. With a trifle more experience the Beavers should show up well with any of the city aggregations and visits from other clubs are anticipated.

A feature of the game was the clean manner in which it was played, M. Palmer as referee handing out only one penalty, Sapperton being found guilty of an infringement of the rules.

Owing to the late arrival of the Royal City representatives, due to a mistake in transportation arrangements, the ball was not faced till after 7.30 p.m., and only ten minute quarters were played. This resulted in an extremely fast pace being set at the start, which was sustained throughout. Sapperton commenced with a bombardment of the Beaver goal, but the defence relieved splendidly. The accurate passing of the visitors puzzled the Ladner bunch for the first few minutes, but the superiority of the locals in speed was soon apparent. As they became accustomed to the style of play followed by the Sappertonians, the Ladner attack got a chance to show their ability and the ball travelled with lightning rapidity from goad to goal Each attack was repelled and the quarter ended scoreless, Sapperton having slightly the better of the exchanges.

Sapperton opened the second quarter with a rush, but good work of the locals kept the goal safe and a ding dong battle ensued, the Beavers showing to great advantage in the open. In the scrimmages the superior system of the visitors dominated and useful knowledge was imparted in this direction. Fast lacrosse featured the second quarter and the score sheet was still untouched at half time.

The third quarter was a repetition of the second, each team momentarily assuming the upper hand. Individual rushes by Honeyman and Smith roused the spectators to a high pitch of enthusiasm, and a goal was clamored for. The systematic passing of the Sappertonians was more effective and the guardians of the Ladner citadel were worked overtime keeping the ball out. Three-quarter time found the teams still battling for a tally.

The last quarter was played in semi-darkness and the accurate shooting of the visitors' home division proved effective, two shots finding a resting place in the Ladner net. On both occasions, however, the goalkeeper was unable to locate the ball. One shot particularly was unearned, the goal being scored from thirty yards out.

The game concluded with the score of 2 to 0 in favor of the visitors, and though beaten by a slightly superior bunch of lacrosse artists, the Beavers were far from being disgraced.

After the game, Mr. J. Johnson served supper for the visitors, over thirty sitting down at the festive board.

The repast was up to the usual high standard of the hotel. The Sapperton bunch returned to New Westminster well satisfied with the trip and looking forward to another visit. It is hoped that this match will only be the forerunner of many similar visits from the Sapperton and other metropolitan teams. Already negotiations with the West End intermediates from New Westminster and the fast Eburne team, which signally defeated Westham Island, are in progress. Eburne will play here in June 26th.

The line-up of the Beavers were: Goal, F. Murray; point, R. Kittson; coverpoint J. Clarke; 1st defence, S. Dennis; 2nd defence, J. Kirkland; 3rd defence, D. Honeyman; centre, H. Burr; 3rd home, S. Honeyman; 2nd home, L. Kirkland; 1st home, P. Guichon; outside home, H. Smith; inside home, R. Kittson.

The teams lined up as follows:

Sapperton.	Goal.	Beavers.
Garret		Murray
	Point.	
W. Patchell		Bob Kittson
	Coverpoint.	
Coulson		Clarke
	1st Defence.	
W. Follis		S. Dennis
	2nd Defence.	
MacDonald		L. Kirkland
	3rd Defence.	
Atkinson		D. Honeyman
	Centre.	
Nelson		Burr
	3rd Home.	
Chambers		S. Honeyman
	2nd Home.	
Sclater		L. Kirkland
	1st Home.	
Johnson		P. Guichon
	Outside Home.	
Cameron		H. Smith
	Inside Home.	
K. Follis		Rudie Kittson

Everything is in readiness for the league fixture on Friday evening. Ladner will field a much stronger organization than has yet represented them, and with both teams and their supporters confident of success, a sterling contest is assured. C. H. Trim and W. H. Taylor will handle the game.

HAD QUEER DELUSION.

Thought He Was Point Grey Detective, and Insisted on Working At the Job.

EBURNE, Point Grey, June 5.—Medical Health Officer Hall examined Wm. Dawson, a remittance man living at Eburne, yesterday and pronounced him insane, recommending his removal to the provincial insane asylum. Dawson lives in a cottage near the Swift-Canadian Company's abbatoir, and has been the victim of hallucinations for some time. That which brought him within the police drag net was a persistent belief that he was a Point Grey detective. With the regulation step he paraded up and down Fourth street, examining doors and windows to see that they were secure, and performing all the functions which he believed belonged to a full-fledged detective. Constable MacDonald took him in tow, beguiled him to Kerrisdale, and placed him before the medical health officer.

Dawson is a well educated man. Little is known about his past. He has made his home at Eburne for about a year.

COQUITLAM ADVANCEMENT.

PORT COQUITLAM, June 2.—The first steps towards the establishment of a city sewerage system have been inaugurated by the city council sitting as a board of health, when it was decided to put in a large box drain from the Commercial hotel to the back ditch road with contributory smaller drains running from several streets in that vicinity.

The cost of these improvements will be in the neighborhood of $5,000, for a portion of which amount the property owners affected will be assessed under the local improvement system.

Asked regarding the life of a cedar box drain placed under ground City Engineer Kilmer thought they would last for at least twenty years and probably longer.

According to the engineer this city stands in the somewhat unique position of being able to have three different systems of sewerage owing to its peculiar position, that is providing sewerage would be allowed to be dumped into the Fraser river opposite the city. One portion would require pumping steadily, one only half the time and one would operate successfully by gravity alone.

EDITOR CONVICTED.

PATERSON, N.J., June 4.—Alexander Scott, editor and publisher o the Weekly Issie, a Socialist publication, stands convicted here today o aiding and abetting hostilities to the city government in connection with the strike of Paterson silk workers. He will be sentenced Friday.

WEEKLY MARKET.

Ducklings were plentiful at the weekly market in New Westminster Friday morning and commanded excellent prices, 30 to 35 cents per pound, being obtainable. Broilers were again in evidence, but as increased supply weakened the market the price ranging from $3.50 to $5.50 per dozen according to size. Hens were quoted at $12 to $13 per dozen and ducks at from 22 to 25 cents per pound. Dressed poultry remained stationary at 30 cents per pound. Eggs showed a tendency to strengthen as the supply appears to be falling off. Retail prices remained steady at 35 cents per dozen while wholesale figures advanced from 28 to 30 cents. Butter continues at from 35 to 40 cents with no sign of change. Cut carnations and stocks were displayed in the floral section and a good demand prevailed. Cabbage, cauliflower and tomato plants for bedding out were eagerly sought, tomato plants fetching 25 cents per dozen, other varieties two dozen for 25 cents. The meat and fish market remained steady while no appreciable change was noted in the vegetable section. The attendance was up to the usual high standard.

LORD BISHOP IS PRESIDENT

His Lordship Reiterates His Determination to Build Anglican Cathedral in Vancouver.

VANCOUVER, June 5.—The Rt. Rev. Adam Urias de Pencier, M.A., D.D., lord bishop of the diocese was elected president at the meeting of the synod of the New Westminster diocese yesterday in St. Paul's church hall. Th other officers are: Honorary clerical secretary of the Synod, Rev. Havelock Beacham, B. A.; honorary lay secretary of the synod, H. Newmarch; chancellor of the diocese, Mr. A. Dunbar Taylor, K.C.; registrar of the diocese, Mr. Walter Taylor; treasurer, Mr. A. McCreery, B.A.; bankers, Canadian Bank of Commerce; auditor, Mr. J. F. Helliwell; legal assessor, Mr. Gordon E. Corbould, K.C.; Bishop's Commissary in England, Rev. Canon R. Rhodes Bristow, M.A.; organizing secretary in England, Rev. Jocelyn H. T. Perkins, M.A.

Executive committee — Clergy: Rev. C. C. Owen, Rev. G. C. d'Easum, Rev. H. Edwards, Rev. J. Hinchliffe. Laymen: Messrs. J. R. Payne, Frank J. Burd, W. L. Keene, Charles F. Sprott.

Delegates to the General Synod: Revs. H. Edwards, C. A. Seager, H. Beacham, H. C. Lewis Hooper, E. R. Bartlett, G. C d'Easum, (substitutes Revs. J. H. Hinchliffe and C. C. Owen). Messrs. A. McCreery, A. D. Taylor, J. R. Payne, Frank J. Burd, W. L. Sprott, George Cowan. (Substitutes: Messrs. H. Lister and Mr. W. Norman Bole).

There were twenty-nine church centres, churches and other buildings and five missions within the rural deanery in which services were held, according to the report presented. In the deanery there were twenty-four church buildings, but only six rectories. Twelve of the parishes were self supporting. The baptisms for the year were 539, fifty-eight less than last year; the confirmations 215, twenty-two less than last year; the communicants 5387, an increase of 956. The Sunday school scholars were 2729, an increase of 196; teachers 263, an increase of 45.

In Vancouver the amount contributed by the parishes for parochial and extra parochial work was about $99,000 for the year. The income of St. George's church last year was $6000. St. Mary's church, Kerrisdale, was about to open a new $9000 church, Trinity during the past year had opened buildings valued at $11,000, St. Mark's had built a church hall costing $5000. In the report of the rural deanery it was recommended that a new parish could be made up from part of Central Park and part of Cedar Cottage.

In the treasurer's report it appeared that the amount contributed to missions last year amounted to $8772.56.

The report mentioned the allocation of the following grants for church and parsonage buildings and purchase of sites: Whonnock $500; Coquitlam $200; Newport $250; Lillooet (conditional) $500; Bradner, $200; Lynn Valley $50; Sullivan or Hall's Prairie, $300; Rosedale, $250; Merritt, $250; St. Agnes, North Vancouver, $400; St. Mary's Kerrisdale $500; North Bend (conditional) $500; grant to loan fund re St. Agnes, North Vancouver, $500; total $4400.

The loans were: St. Saviour's Vancouver $1000; St. Mary's, South Hill, $600; Burquitlam $900; St. Agnes, North Vancouver, $600; total $3100. These reports were carried; also the following: Loan of $2600 for three years at 8 per cent. from Chinese mission fund to S. Nicholas parish, Vancouver Heights, for the purpose of paying off indebtedness on the church building; St. James parish, Vancouver, to give mortgage on church property for $11,000, and St. Mark's parish, to give mortgage for $4000.

It was reported new parishes had been created at Newport, St. Mary's, Kerrisdale, and Alta Vista or part of St. John's, Central Park. The grants to St. Augustine's, Eburne, and St. Mary's, Kerrisdale, of $200 each were both allotted to Eburne; the grant to the Columbia Coast mission was increased from $350 to $500; the grant of $350 to Yale was altered to $100 each to North Bend and Yale.

Bishop de Pencier made it clear at the diocesan synod yesterday that he has by no means abandoned his intention to erect the Anglican Cathedral for the diocese of New Westminster in Vancouver. The option given the church on the property at Shaughnessy Heights had been extended and he hoped, as soon as the litigation over the New Westminster See ouse was ended, to go ahead with the project, making an ecclesiastical area, which would contain not only the cathedral, but the residence of the bishop, and of the archdeacon as well.

MUST WAIT TILL AUGUST.

TOKIO, June 3.—No legal action in connection with the California alien land ownership legislation can be instituted by Japan until the end of August, when the measure goes into force, according to Baron Nobuaki Makino, the Japanese foreign minister, in replying to enquiries made by Japanese members of parliament. In the meantime he said, negotiations between Tokio and Washington would continue.

ADDRESSES BY CLERGYMEN

Revs. C. W. Whittaker and D. G. McDonald Are Speakers at Regular W. C. T. U. Meeting.

Powerful evangelistic addresses were delivered by Revs. C. W. Whittaker and D. G. McDonald to the ladies attending the regular W. C. T. U. meeting, held at the home of Mrs. H. Willcox, on Tuesday, June 3rd. Suitable hymns were sung and the usual devotional exercises carried out. Mesdames D. B. Grant, G. Sheldrake, H. Willcock and C. W. Whittaker were delegated to attend the annual general convention to take place in New Westminster, June 16th to 19th.

In the absence of the president the vice-president, Mrs. E. Hutcherson, occupied the chair. Mrs. R. Stokes rendered the solo, "We may work, and toil and care."

Rev. C. W. Whittaker, in a striking address, remarked, "The great success of the Women's Christian Temperance Union lies in the fact that it was born upon its knees." A minister once said to a stonecutter, "I wish I could work upon stony hearts as you work upon that stone." "Perhaps you could, if you worked more upon your knees," was the reply. The moral was obvious. If you wish success, a soul unspotted from the things of this world, you must fight inconsistency. Be charitable, lend a helping hand. Fight against saloons, but remember the man behind the bar has a soul that Christ died to save. Be careful about your own home life. It has been said that the greatest reform leaders lose grip on their own boys. We are fighting against principalities and powers and our forces should present a united front instead of which they are often split into integral parts. The women of British Columbia have no vote, but should remember that home influence is more powerful than the ballot. You should work to get those in power who would rule in righteousness. China offers a fine example of temperance work in the banishment of the opium traffic. Like the old Scotch lady who gathered fragments of glass that the children's feet should not be cut, may we so work that the world may be won for Christ and intemperance banished.

Upon the conclusion of Mr. Whittaker's address, Mrs. W. A. Kirkland contributed a solo, after which Rev. D. G. McDonald spoke.

He was glad that he was a native of the prohibition province of Prince Edward Island. Great work had been done there; where seventeen policemen were needed now six did the work. Jails were practically out of business. The scripture he had chosen was Paul's words, "Help those women who labored with me." Women were last at the cross and first at the tomb on the resurrection morn. In our churches we find often that a large per cent. were women. A minister once said that he had only two women in his congregation, but he was addressing those in a penitentiary. Women's cause was worthy of sympathy. He exhorted them to labor on for advancement and all should be laborers together with God. Deut.: "One shall chase a thousand and two ten thousand." No failure with God. He never fails in nature or any good cause he has promised. "Lo I am with you always, even to the end."

OWEN—LEFROY.

A very quiet wedding took place in Holy Trinity Cathedral, New Westminster, on Wednesday, June 4th, when Mr. Herbert W. Owen was united in marriage to Miss Maud Isabella Lefroy. The ceremony was performed by the Rev. Wm. Bell, of Central Park, a personal friend of the bride.

Mr. Owen is the youngest son of the late Rev. E. J. Owen, of "Tretire" Rectory, Ross, Hertfordshire, England, and grandson of the late General Jeremiah Taylor, of Prestbury Lodge, Prestbury, Gloucestershire, England.

Miss Lefroy is the twin daughter of the late William E. Lefroy, of Bay View, East Delta, late captain of the 2nd Royal Lanark regiment and granddaughter of the late Captain B. Langlois Lefroy (Royal Artillery) Cardenton House, Athy, County Kildare, Ireland. The bride was given away by her eldest brother, Mr. Ernest W. Lefroy. Mr. Percival L. Lefroy acted as best man. The bridesmaids were Miss Violet D'Arcy Lefroy, sister, and little Miss Helen Lucy Hornby, niece of the bride. The bride was the recipient of many beautiful presents.

WOOD—ROBERSON.

At the Methodist parsonage, Ladner, on Monday, June 2nd, at 3 p.m., Duncan Robertson, an old-timer of Westham Island, was united in the bonds of matrimony to Florence Wood, Rev. C. W. Whittaker officiating. Mr. H. W. Slater acted as best man, whilst the bride was supported by Mrs. L. E. Whittaker. Mr. and Mrs. Robertson will take up their residence at Westham Island. It is reported that a shivaree with full honors was accorded the couple.

LADNER PUBLIC SCHOOL.

The Standing of Pupils in Different Grades for the Month of May.

Entrance Class—1, Roland Lanning; 2, Violet Hoey; 3, Russell Ladner.

Fourth Class—1, Marjory Mason; 2, Viola Richardson, 3. Eva Williamson.

Senior 3rd—1, Carrie Eyton; 2, Harold Siddall; 3, Leonard Grant.

Junior 3rd—1, Thomas Foster Jean McDiarmid; 2, Alex. Eyton; 3, Roy Deane.

Second Reader—1, Harold Lanning; 2, Walter Lanning; 3, Constance Francis.

Senior First Reader—1, Mattie Nicholich; 2, Irene Baker; 3, Marjory Lanning.

Junior First Reader—1, Laura Leonard; 2, Doris Jordan; 3, Alan Gifford.

2nd Primer—1, Florence Robinson; 2, Emile Blouin; 3, Ernest Lassiter.

1st Primer A—1, Ernest Kirkland; 2, Katie Jamieson; 3, Martha Alexander.

1st Primer B—1, Annie Fong; 2, Clarence Lassiter; 2, Harold McKillop.

DON'T SAVE THE BOUQUETS...

I've noticed when a fellow dies, no matter what he's been—
A saintly chap or one whose life was darkly steeped in sin—
His friends forget the bitter words they spoke, but yesterday,
And now they find a multitude of pretty things to say.
I fancy when I go to rest some one will bring to light
Some kindly word or goodly act long buried out of sight.
But, if it's all the same to you, just give to me instead
The bouquets while I'm living and the knocking when I'm dead.

Don't save your kisses to impart upon my marble brow,
While countless maledictions are hurled upon me now;
Say just one kindly word to me while I mourn here alone,
And don't save all your eulogy to carve upon a stone.
What do I care if when I'm dead the Bloomingdale Gazette
Gives me a write-up with a cut in mourning borders set;
It will not flatter me a bit, no matter what is said.
So kindly throw your bouquets now and knock me when I'm dead.

It may be fine when one is dead, to have folks talk so.
To have the flowers come in loads from relatives you know;
It may be nice to have these things for those you leave behind.
But just as far as I'm concerned, I really do not mind.
I'm quite alive and well today, and while I linger here,
Lend me a helping hand at times—give me a word of cheer,
Just change the game a little bit; just kindly swap the decks,
For I will be no judge of flowers when I've cashed in my checks.

MOSTLY JAPANESE.

STEVESTON, June 5.—Mr. R. Polly, fisheries agent at Steveston, stated yesterday that close to one hundred provincial licences had been issued thus far this season by him, the applicants in most instances being Japanese. Licenses have been issued steadily but not rapidly, and there is expected to be an excess of business just before the season begins the first of July.

WILL BE GREATEST EVER

Under the Auspices of Delta Driving Park Association—Elaborate Programme Arranged.

Many enjoyable functions have taken place on June 26th in the Delta, but the elaborate preparations for this year's celebration make it apparent that 1913 will be an improvement on all previous efforts of the Delta Driving Park Association to cater to the amusement of the public. An energetic committee has the task of preparing for the carnival and many innovations are anticipated.

From early morn till long past midnight the programme provides some feature. Franklin's ten-piece band has been engaged and will discourse musical items throughout the day. June 26th is eagerly looked forward to, and though no longer a legal holiday, few, if any, residents of the Delta will refrain from participating in the annual celebration.

Upon the arrival of the New Delta at 10.30 a.m., a band concert will take place upon the wharf for half an hour. Following this all hands will adjourn to the lacrosse field, where the Ladner Beavers and Eburne will tangle in an exhibition game. Eburne are recognized as a superior bunch of lacrosse exponents, and great interest is being evinced in this game following the splendid showing made against the Sapperton aggregation. The band will continue to favor the spectators with selections at intervals.

A brief respite is afforded in the official programme for lunch, and in the afternoon the main attraction will be found in the annual meet of the Delta Driving Park Association. A short but classy programme of races has been drawn up, and attractive purses offered. Some excellent racing is assured and in those with sportive instinct dominant the picture of thoroughbreds struggling for supremacy, enthusiasm will be roused. The band will be in evidence throughout the afternoon, playing before and between races.

The day's proceedings will culminate in a grand ball to be held in McNeely Hall. The 26th of June dance is recognized as one of the most successful of the season, and this year should prove no different. Franklin's five-piece orchestra will provide the music and the ubiquitous Chas. Parson swill be on hand to manage the floor. With such an attractive day's enjoyment scheduled the 26th of June, 1913, should prove one of the most successful of the many Delta gala days.

WESTHAM WINS.

In a fast and well fought game the Westham Island juniors defeated the youthful Beavers in their match at Ladner on Wednesday evening. The final score was 5-2. Both teams played excellent lacrosse, but unintentionally the dangerous cross-check was much in evidence. This practice could be eliminated with good results. Westham Island on the evening's play deserved to win, the Ladner home showing up very poorly, many good opportunities being missed.

WINNER OF THE KING'S PLAT E. ITS OWNER AND JOCKEY.

Harry Giddings leading Hearts of Oak into the paddock after the Plate Race. Jockey J. Wilson is in the saddle. The premier event of Canadian racing circles, the King's Plate, run at the Woodbine track, Toronto, was for once won by the favorite, Hearts of Oak. The winner was backed for $18,000.

NEED OF CO-OPERATION.

Union Between the Urban and Rural Communities Urged by Professor Hill-Tout.

(From the British Columbian.)

Emphasizing the need of co-operation between the urban and rural communities and among the farmers themselves, among and between the producers and consumers, and urging the argument that the co-operation and aid of the government was justified in a matter that was not merely local but province-wide, Professor Hill-Tout at the Progressive Association in the Royal Cafe on Friday, praised the "buy home product movement" as a step in the right direction.

The guest of the occasion said the key-note of the age was co-operation, as opposed to the individualism of past generations. This was the day par excellence of corporate rather than individual action. The "buy home products" movement had come at a most opportune time. Conditions in the Fraser Valley demanded it.

Urban prosperity had grown tremendously, but rural prosperity had not kept pace with it. While New Westminster and Vancouver had shown a gratifying advance, some rural sections had actually lost ground. This state of things was injurious to both divisions of the community.

No country, the speaker said, can remain permanently prosperous unless its agricultural areas are properly utilized and developed. The interdependence of town and country should be recognized. Some fifteen or twenty or, it would appear, even more millions were being sent out of the Province annually for produce that could be grown on the fertile and broad acres of this province. This money brought no business to the cities and starved the rural districts by robbing them of business.

There was apathy in both town and country. The people of the cities had been so busy with their own affairs that they had not had time to consider those of their rural neighbors and the farmers had been laboring under the burden of lack of co-operation and the use of worn out business methods. Furthermore they had never had the government aid and advice that had benefited the farmers of the state of Washington and of New Zealand.

The weekly market in New Westminster had helped, but it had not gone far enough. The market needed cold storage and warehouse facilities. He would like to see the government send out organizers and instructors to show the farmers how to prepare their produce for the market and to establish selling agencies.

In conclusion Professor Hill-Tout said the watchword of the movement should be united effort. Division meant weakness and failure. The speaker was lustily applauded as he resumed his seat.

Mr. W. T. Reid, before moving a vote of thanks to the guest of the day, read a telegram of congratulation and good wishes from the Vancouver Progress Club, which, addressed to Secretary Darling, expressed the opinion that what was good for one was good for all. The telegram was received with hearty applause. In reply Secretary Darling wired that the association was meeting with success and it was hoped that the two organizations would monopolize the local markets for local produce and stop the drain of money to a foreign country.

Ald. White seconded the vote of thanks, which was passed by a standing vote, when the guests sang "For He's a Jolly Good Fellow."

Mr. D. S. Curtis, in the chair, tendered the thanks of the Progressive Association and its guests to Professor Hill-Tout, who acknowledged the hearty appreciation of his address in a few suitable words.

WOMEN'S INSTITUTES.

CHILLIWACK, May 31.—The first conference of the lower mainland Women's Institutes will be held on June 12 and 13 at Chilliwack in the K. of P. hall. Each of the eleven institutes in this district are sending delegates who will discuss institute matters and plans for future work. Mr. Wm. E. Scott, deputy minister of agriculture, and superintendent of institutes will be present to take part in the discussions and also will give an address at the evening session, June 12. Miss Pownoll-Wright, of the Colonial Intelligence League, will speak at one of the sessions on "Experiences in Japan and Russia." The sessions will be Thursday afternoon and evening and Friday morning and afternoon, and will be presided over by Mrs. W. V. Davies, chairman of the advisory board of Women's Institutes.

PARLIAMENT CLOSES.

OTTAWA, May 31.—The entire afternoon and evening sittings of the House yesterday were taken up with a consideration of the estimates of the post office department.

Prorogation has been definitely fixed for Thursday, June 5.

The general discussion of the affairs of the department was kept up for several hours, with the result that it was late in the evening before any headway was made in voting the money required to run the department during the current fiscal year.

There were a number of references to the Parcels Post Bill, of which notice was given in April, but which has not been proceeded with. The postmaster-general said that he was willing to put his bill through if the Opposition would not oppose it. The officials of the department, he said, had been working out the details of a parcels post scheme. They had overcome many difficulties, although not all of them, but it would be a help to have the bill passed.

BUY HOME PRODUCTS.

Most Successful Display Is Carried Through in New Westminster.

SATURDAY, MAY 31.

"It is a decided success and well worth while," is the declaration o every person who has examined th Buy-Home-Products displays in th shops and stores of New Westmin ster. With scarcely an exception dealers have filled windows with local and British Columbia manufactures, ranging in number of items from half a dozen to no less than twenty-four. It is surprising to most buyers to find that everything in the way of furniture is made in the province and everything in the way of bedding, mattresses, etc., is manufactured in this city. Hardware and furniture dealers have all placed surprisingly good displays in their windows, but the palm must be given the grocers, for the purveyors of eatables have many varieties of produce to display while other lines are hampered by the smaller number of items of local manufacture.

It is noticeable that the smaller stores in the outlying portions of the city have shown a very keen interest in the contest and many of the most creditable displays are to be seen there. Those of two grocers, A. Barron, Sixth street, and Matheson & Jacobson, Sixth street, are unusually excellent, the latter firm dressing two windows, and preserving a color scheme, one wondow being done in reds, while the other one is in greens. Welsh's West End store makes a creditable display, while close beside it is shown British Columbia and New Westminster made furniture and bedding, Mr. A. R. Edmondson making excellent use of local manufactures in decorating his window. The New Westminster Co-operative store on Sixth avenue, shows twenty-four different articles of local or provincial manufacture in one window, all regularly handled by grocers. There was not, in fact, anything required by the average housewife for her breakfast, luncheon and dinner menus, that could not be selected from the window.

Columbia street from end to end has its store windows massed with local products, and the judges on Monday will have some difficulty in reaching a decision.

Front street comes into the contest strong. Here the fish markets are displaying a tempting array of products from local and provincial waters. A dozen different varieties of fish, preserved in a dozen different methods, are shown, while there are oysters, clams, and other good things from th egulf and streams.

VANCOUVER'S DAY.

Lacrosse Professionals of Terminal City Have One on the Champions —Score 8 to 4.

VANCOUVER, June 2.—It was not the style of lacrosse which is to be expected at a Minto Cup fixture when the Vancouver professionals walked through the Salmon Bellies to the tune of eight goals to four last Saturday at Hastings Park. Undoubtedly it was a whirlwind game, both teams going hard nearly all the time, but the play, especially on the Salmon Belly home was very loose and with the exception of a few bursts of the old combination, the New Westminster team was sadly lacking in team play.

Despite the efforts of the New Westminster aggregation to put ginger into the play, it seemed that their every effort proved a failure. They would bring the ball down to the home, time and again and there, at the critical moment, the ball would be lost through a wide pass of a misjudged throw. Grumpy Spring, for once, did not break into the score sheet, and Si Griffiths was feeling pretty happy over this fact. Last game Grumpy got four goals and Si had unpleasant dreams for days afterwards. The Vancouver and Westminster defences both checked so closely that it was almost impossible to go through, in fact, several of the Vancouver goals were the result of long shots, some of them almost from centre.

From the number of penalties, which were handed out during the game, it would appear that it was rather rough lacrosse. On the contrary the game was very clean, no one being knocked unconscious and on only one or two occasions was it necessary to stop the game for a man to be mended. Checking was very close and the referee and judge of play did not spare the checks when there was any appearance of an infringement of the rules.

As to the game itself, little need be said, the first quarter was on the whole a poor exhibition of lacrosse and the following quarters were likewise. Speed was there to burn —at times. But why the Salmon Bellies failed to get into the scoring sheet stronger shall remain a mystery. In the first quarter everybody blamed the new grounds, which were so soft that the heel of a shoe would sink into it. There were others who said that the twenty-foot space behind each goal spoiled the new field and in this Salmon Bellies will concur.

Of all things most disgusting, be it known that it is to watch a game, which is whirlwind in speed, your favorite team losing, the brand of lacrosse reminiscent of a junior juvenile school kids' game, and to cap all, all the supporters of the winning team telling you what a fine game it was . Good Night!

SLIDE INTO RIVER.

Carrying Some Track With Them—Engine Crew Jumps to Safety —Total Wreck.

MAPLE RIDGE, June 5.—An engine and two freight cars slid into the Fraser river here this morning, when a portion of the newly placed fill gave way just as the engine was passing slowly over it. The engine crew jumped to safety and were uninjured, but the engine and cars were a total wreck besides which a considerable portion of the new track went into the river.

FEDERAL ESTIMATES.

Many Millions Voted by Parliament in a Day's Session—Immigration Figures.

OTTAWA, June 2.—After a day's work during which money was voted at the rate of several thousand dollars a minute, the main estimates not previously considered, were all dealt with on Saturday before 11.30 p.m., when the House rose.

This leaves the supplementary estimates, amounting to over twenty-three millions; the railway subsidies, approximately twenty-five millions, and perhaps a Grand Trunk Pacific loan of ten to fifteen millions to be disposed of, in addition to considerable legislation, before the house rises.

Despite this rather heavy program of work, which, under ordinary circumstances, would take weeks to deal with, the expectation still is that prorogation will take place on Thursday afternoon. The probabilities are that the House will have to sit until long after midnight on the first three nights of the week.

Consideration of the remaining main estimates of a number of departments on Saturday involved the discussion of a large number of topics at more or less length.

One of the most intersting developments was a strong criticism of the immigration department, under the present and the late government, by Mr. D. Sutherland, Conservative member for South Oxford.

Mr. Sutherland's complaint was that Ontario is and has been neglected, and that too much effort is being made to send people farther west. During the last year, he asserted, only 1,385 laborers had been placed on Ontario farms by the 84 agents.

Hon. T. W. Crothers, acting minister of the interior, quoted figures to prove that 122,000 immigrants had remained in Ontario during the year.

Mr. Sutherland said that they did not go on to the farms. He had no faith in the figures anyway as many of the immigrants remained in Ontario only a few months and then proceeded west.

Mr. W. A. Buchanan, on the eve of the adjournment, brought up the question of desirability of giving farmers grazing leases for small tracts of land when the grazing privileges for the Blood Indian reserve, in Southern Alberta, now held by Gordon-Ironside & Fares, expires on June 30. He said it would be a great encouragement to mixed farmers if the departments would decide to lease this land in small tracts.

Mr. Crothers said that the matter was under consideration. An official had been making a report in regard to the matter and the policy of the department would in all probability be announced at an early date.

WATER SHUT OFF.

Burnaby Will Suffer From Partial Water Famine for the Next Three Days.

EDMONDS, June 5.—This morning the large 24-inch water main which supplies Burnaby with water blew out and the whole water supply of the municipality has had to be turned off. The burst occurred at Queen's avenue, Burnaby, and but for the promptitude of the authorities in shutting off the water system the whole district might have been flooded. The pressure at present from Seymour creek is very great. During the repairing of the "blow out," which it is hoped to accomplish in three days, an intermediate service will be given from the water in the tanks, but consumers are advised to be as sparing as possible.

By a coincidence the ratepayers will vote on Saturday on a waterworks bylaw, which will provide, if passed, an alternative line of main as recommended by the municipal engineer.

ALIENS ARRESTED.

Party of Russians Taken From Train at Bellingham—Crossed Near Blaine.

SEATTLE, June 4.—Immigration inspectors yesterday arrested at Bellingham eight Russian aliens ranging in age from 18 to 25 years, suspected of having been smuggled across the Canadian border through a "private gate" in the woods near Blaine, according to word received by Commissioner of Immigration Ellis De Bruler.

The men went sent back to Blaine and Peter Markow, aged 26, was ordered held apart from his countrymen pending an investigation to determine whether a charge of piloting a smuggling expedition can be placed against him.

NEW HITCH IN BALKAN SITUATION

LONDON, June 5.—Strong probability of new complications in peace negotiations in the Balkans is seen here today in a report that Roumania stands ready to join Bulgaria in the event of war with Servia and Greece. Other reports also indicate that the old cabinet resigned because of irritation shown over concessions to Greece and Servia and it is freely predicted that the new cabinet will be more bellicose than that headed by Premier Gechoff. A hitch over arbitration plans also was reported today. Bulgaria wants to submit her claim to Salonika to the Powers, but Greece prefers that the triple entente — Great Britain, France and Russia—settle the dispute.

WASHINGTON STATE

Apple Rate to Canada Reduced.

WENATCHEE, June 2.—New rates on apples shipped from Wenatchee to Canadian points, copies of which have been received from the Great Northern Railway Company by the transportation committee of the Wenatchee Commercial Club, show a reduction of 20 cents per hundred pounds from Wenatchee to Edmonton and a corresponding reduction to Calgary and Lethbridge. The rates at the present time from Wenatchee to Sweetgrass, Mont., junction point with the Canadian Pacific, is 65 cents per hundred pounds. This added to the new rates quoted by the Canadian Pacific, would put Wenatchee apples in carload lots into Lethbridge for 79 cents per hundred pounds, into Calgary for 87 cents and into Edmonton for 97 cents per hundred pounds. The rate last year to Edmonton was $1.17 per hundred and it will be noted that a very liberal reduction has been made. Shippers in the Wenatchee valley have been handicapped for a long time in securing reasonable rates to Canadian points, but with these rates and the reduction in rates secured some time ago to the same points for peaches and other summer fruits, local growers are in a strong position to compete for this desirable business.

Extend Block System.

EVERETT, June 2.—A fortune of $90,000 is soon to be spent by the Great Northern Railway Company on the line to Bellingham in promoting the efficiency of its policy to give the traveling public a maximum amount of safety. The money has been voted by directors to install the electric staff block system, said to be the final word in guarding against collisions between trains. The electrical staff block is precisely the same system now installed between Everett and Seattle. The highest degree of safety is claimed for the appliance; indeed, Great Northern men assert that accidents caused by collisions are impossible when the system is used. There are various block points between Everett and Seattle, and when an engineer is using one block the block ahead is automatically locked, as is the block behind, and cannot be entered by another train until the first train has left the territory and automatically opened the blocks. With the new appropriation the safety improvement is to be extended from Pacific avenue to Everett junction, from the junction to draw bridge No. 10, from that point to Marysville and on to Bellingham. The same electric staff block system is in use from Skykomish across the Cascade mountains, further protected by telephone stations, and the company's officers in this city hope to be able to procure the same installation from Everett to Skykomish.

Huge Sums Owed State.

OLYMPIA, June 5.—About a dozen Lake Washington and Lake Union shore land owners under preference right appeared before the state land board yesterday to show why the second class lands so held, but on which they have not paid either principal or interest, should not revert to the state and be placed on sale, according to the action of the board a month ago, when this date was named for such hearing. The lands in question total about $270,000 in value, including interest on the principal due. Of this $204,000 is on Lake Washington and $65,000 on Lake Union. The McGilvra interests alone are shown to owe a total of $155,738, with interest of $48,000 additional. If these lands are reclaimed by the state, or the payments of these amounts enforced, it will be clear gain to the state, as they have been lying there useless since 1907 and 1908, and in many cases earlier. Commissioner Savidge and C. R. Jackson, member of the board, will make report to the board on each parcel in question when action will be taken.

New Line to Coast.

WENATCHEE, June 3.—Contracts are to be let within the next few days for the construction of about forty miles of railroad to complete the line of the Great Northern to Vancouver, B.C. The G. N., the V., V. & E. and the C. P. R. will unite in financing the road, which will involve a large outlay. The new section will be built from Cold Water Summit, to which point the Great Northern is now constructing its line, and its western end will be at Hope, B.C. It will pass through much rugged country.

When the completion of this link midway between the Coast terminus and the western extension of the V. V. & E., built out from Oroville, the Great Northern will have a new through line to the Coast running from its main line at Wenatchee.

Fire Wardens Appointed.

OLYMPIA, June 5.—Seventeen county forest fire wardens have been announced by the new state warden, E. Ferris, and are as follows: L. J. Esser, Chehalis; O. H. Winters, Clallam; S. A. Settle, Cowlitz; A. N. Thomas, Jefferson; J. M. Digby, King; Oscar Sword, Kitsap; C. P. Roundtree, Lewis; R. R. Isaacs, Pend Oreille; Arthur G. Owens, Pacific; Barney Lee, Skagit; D. I. Carpenter, Snohomish; Clyde Duval, Thurston; James A. Feazle, Wahkiakum; A. W. Frost, Whatcom; J. R Rankin, Klickitat; W. H. Clinton, Stevens, and William Goeple, Skamania. Of this number all are present wardens with the exception of four, as follows: Roundtree, Lewis; Isaacs, Pend Oreille; Owens, Pacific, and Duval, Thurston.

Dr. de Van's Female Pills

A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at $5 a box, or three for $10. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

The Royal Bank of Canada

Incorporated 1869.

Capital Authorized $25,000,000
Capital Paid Up $11,500,000
Rest $12,500,000

Aggregate Assets, One Hundred and Seventy-Five Million Dollars.

It is the aim of the management of this Bank to make every depositor welcome, and to give the best possible attention to his financial affairs.

SAVINGS DEPARTMENT

Accounts may be opened with deposits of One Dollar and Upwards. Interest paid or credited at the highest current rates, on May 31st and November 30th each year.

FIFTY WINDOWS HAD EXHIBITS.

Wednesday, June 4.

In reporting to the executive committee of the Progressive Association on the Buy Home Products exposition held Friday, Saturday and Monday, Acting Secretary Darling in suggesting votes of thanks to the judges, the newspapers and to Mr. Rashleigh, secretary of the Businessmen's Association, says:

"I believe that the New Westminster Progressive Association has cause for congratulation on the splendid success which this campaign has met with. The past ten days has been a period of hard work on the part of the committees nominated at the joint meeting of the New Westminster Business Men's Association and the New Westminster Progressive Association and I am of the opinion that our success has been in a great measure due to the hearty co-operation and support of the latter body. I have pleasure in drawing the attention of this executive to the hard and efficient work performed by the secretary, Mr. Rashleigh, who has rendered every assistance in his power to make the campaign a memorable one. It now remains with this Association and the Business Men's Association to see that the work accomplished is sustained by further activities.

"To be effective it is necessary that continuing efforts along these lines be maintained and to that end it is proposed next month to have a street parade. This matter, however, would be somewhat premature to enlarge upon.

"There were altogether over fifty window displays of home products. Unfortunately only forty-one of these could be considered by the judges. Several of the fish displays were necessarily withdrawn from the windows before the judging on Monday. Others were eliminated by reason of foreign products having been permitted to enter into the exhibit. Fifty exhibits in a city of this size is a most gratifying and satisfactory showing and in addition to the results achieved as far as the public are concerned, I believe that our efforts have gone a long way towards the further enlistment of the retail merchants of this city in the aims and efforts of this association and this co-operative effort is the great object for which we have been waiting for for the past year."

A NEW PROCESS.

Next Week Will See Another Industry in Operation in the Steveston District.

STEVESTON, June 2.—A new industry will be under way here next week in the B. C. Press Brick Yard, which will have a trial run of its machinery preparatory to steady operation. Messrs. D. R. and J. Patterson, of Glasgow, Scotland, where they have had extensive experience in brickmaking, will have control of the local yard. Mr. D. King will be the engineer in charge.

The B. C. Press Brick Yard has been closed since 1908, when it was tied up through litigation.

The process used at the local yard varies from that employed in making ordinary clay brick. Sand from the river is utilized, which is thoroughly dried before being mixed with ground lime. The bricks are placed through a Kommick system presser after they are molded, and are subjected to a pressure of one hundred and twenty-tons. In steam retorts they remain for ten hours, emerging therefrom in the shape of limestone. Sand taken from the river one day may be used in building the next .

A sand pump, scow and derrick are employed in securing the sand for the yard.

Operators of the plant have interviewed the Canadian Northern and the B. C. Electric Railway Company, with the result that they will be provided shipping facilities by both.

...LOCAL ITEMS...

Mr. C. Willcock was a visitor to the Terminal City Wednesday.

Mr. Alex. Howard visited Vancouver Wednesday.

Mr. R. A. Coleman made a business visit to Vancouver Wednesday.

Mr. H. W. Slater visited the Terminal City Wednesday.

Miss K. Plewes spent Sunday in the Terminal City.

Mr. A. Jordan was a passenger on the New Delta Sunday evening.

Mr. J. Williamson made a business trip to Vancouver, Friday.

Dr. Wilson was in the Terminal City on business last Friday.

Mr. Jas. Nelson was a visitor to Vancouver on business Wednesday.

Mr. Jas. Savage visited Vancouver the middle of the week.

Fresh soap for each customer at Atyeo's barber shop. **

Miss L. Whitworth was a passenger on the New Delta Wednesday evening.

Mr. W. Maxwell was a visitor to New Westminster and Vancouver on Wednesday.

Mr. Geo. T. Baker visited the Terminal City last Saturday, taking in the lacrosse game.

Mr. John Oliver attended the annual convention of the Liberal party held in Revelstoke last week.

Mr. John Livingstone was a passenger on the New Delta from Steveston on Friday.

Miss Olga Kirkland returned on Friday from visiting friends in Victoria.

Mr. Thos. Ladner was in town this week, returning from Vancouver with Mr. Edward Ladner.

Mr. and Mrs. S. W. Fisher were visitors to the Terminal City on Saturday.

The Westham was in port Wednesday with general freight from Vancouver.

The Trader was expected in port Friday with a mixed cargo from Victoria.

Mrs. D. A. McKee returned from a visit to the Terminal City, Saturday.

Mrs. S. W. Walter will not receive this month or again formally this season.

Mr. Frank Smith, a member of last year's lacrosse team, was a visitor at the game with Sapperton on Tuesday evening.

Mr. T. W. Foster returned to Ladner on Sunday evening from Revelstoke, where he attended the Liberal convention.

Mr. and Mrs. Harry Nicholson, of Vancouver, and party were the guests of Mr. and Mrs. E. Hutcherson last Sunday.

Mr. P. Swensen, of Westham Island, was a passenger on the mid-day trip of the New Delta, Friday, returning from a visit to New Westminster.

Mr. and Mrs. R. Stokes, Mr. and Mrs. P. Clark and Mr. D. Keane drove to Blackie's Spit on Sunday, where they were the guests of Mr. H. Fraser.

Mrs. John McKenzie, of Cumberland, a former resident of Ladner, was in town this week renewing acquaintances. While in Ladner she was the guest of Mr. and Mrs. T. W. Foster.

The regular meeting of the Delta Board of Trade will be held in the Municipal Hall on Monday, June 9th, at 8 o'clock. The ferry question will come up for discussion.

Campers at Grauer's Beach will find a complete line of supplies on hand at the store, such as ice cream, cigars, groceries of all kinds, fresh eggs, fresh milk supplied daily, under the management of Geo. R. Manley.

Mr. R. A. Coleman is mourning the loss of a prize rooster which disappeared in some remarkable manner while in transit on the steamer New Delta. The matter is in the hands of the police.

Under the auspices of the Ladies' Aid of the Methodist church, a strawberry and ice cream social will be held in the Odd Fellows' Hall, on Tuesday, June 24th. Afternoon tea and strawberries will be served with more strawberries and ice cream to be followed by a concert in the evening.

A boom of logs arrived for the new sawmill Sunday evening. The current strikes fairly sharp at the mooring grounds and the pressure of the spring freshet loosened some of the piles, resulting in the boom going adrift Tuesday afternoon. The tide carried the logs down Canoe Pass, but they were secured and now lie moored to the Westham Island bridge.

Mrs. W. H. Siddall was in New Westminster on Friday.

Rev. C. C. Hoyle was a visitor to the Royal City Friday.

Mr. Hugh Savage made a business trip to the Royal City on Friday last.

Mr. and Mrs. E. K. Chiddell drove to New Westminster last Friday.

Mr. Leyland Hornby was in New Westminster on business Friday.

Mr. Alexis Davis was a visitor to the Royal City Friday last.

The river is rising rapidly.

The Birdswell took a full load of hay and straw for Victoria this week.

Mr. A. Willcock is temporarily engaged on the S.S. New Delta.

Mrs. S. W. Fisher was a visitor to Vancouver Thursday.

Mr. E. Hutcherson visited Vancouver on business Thursday.

Rev. C. C. Hoyle returned from Vancouver on Thursday evening.

Rev. C. C. Hoyle was a passenger on the New Delta Thursday evening.

Rev. Dr. Taylor, of Westminster Hall, Vancouver, will preach in the Presbyterian church Sunday.

Mr. Henry Peden, of Westham Island, was an attendant at the weekly market in the Royal City.

Mr. and Mrs. S. H. Brodie attended the weekly market in New Westminster last week.

Mrs. W. J. Frederick and Miss Grace Frederick visited the Royal City on Friday.

Mr. Harry Burr, of Burrvilla, was a visitor to the New Westminster market on Friday.

Miss Mattie Pybus and Mr. Tom Pybus made a trip to the Royal City last Friday.

The Burin brought a small shipment of tea from Victoria on Friday.

Mr. Robt. Smith attended the conference of the diocese of New Westminster, held in Vancouver last week.

Mr. and Mrs. Captain Herling were passengers on the New Delta Thursday evening.

Messrs. J. Williamson, F. Handford, N. McCallan and Jas. McCallan motored to Abbotsford Wednesday.

Mr. F. Kirkland, of Westham Island, was a visitor to the Terminal City the middle of the week.

Mr. A. Montgomery returned from a business trip to Vancouver Thursday.

Ladner and Westham Island meet again on Friday evening at Westham Island in their league fixture.

Mrs. F. Cullis and daughters Evelyn and Francis visited the Terminal City Thursday.

Rev. C. W. Whittaker returned from a visit to the Terminal City on Thursday.

If you want a Bicycle with years proven service behind it, get a "Massey Silver Ribbon" at Taylor Electric Co. **

Mr. and Mrs. A. de R. Taylor returned from their trip to Portland and other coastal cities, Thursday evening.

Mrs. Geo. London, of Westham Island, was a visitor to New Westminster, travelling on the steamer Transfer, Friday morning.

Mr. Drysdale, teller at the Royal Bank, has been transferred to Chilliwack and his place is being filled by Mr. E. R. Bell, late of the Montreal branch.

Mrs. R. J. E. Brodie left for a short visit to Barnston Island on Thursday, where she will be the guest of Mr. and Mrs. Geo. Devitt.

Members of the Delta Board of Trade are reminded that subscriptions are due annually, and delinquents are requested to attend to same.

The annual strawberry and ice cream social of the Presbyterian church will be held during the week, beginning June 16th. The committee will announce the exact date later.

Mr. L. Inman and family left Monday for Vancouver, where they will reside for a couple of weeks to await the sailing of the liner Niagara for Sydney, Australia.

Mr. R. Bull, who has been employed for the past year by the firm of Lanning, Fawcett & Wilson, left on Friday last to take up his residence in Saskatchewan. Mr. Bull has a brother on the prairies, and intends visiting him before definitely locating. He has nicely recovered from the effects of his recent operation for appendicitis.

DERBY WINNER.

Louvois, Great Sport and Nimbus Get Second, Third and Fourth Money.

EPSOM, Eng., June 4.—Running second in a terrific drive, A. Cunliffe's Aboyuer, a rank outsider at 100 to 1, today won the Derby, the blue ribbon of the turf, only because C. Bower Ismay's Craganour, the favorite at 6 to 4, was disqualified at the finish line. W. Raphael's Louvois at 10 to 1 was third. The time for the mile and a half was 2:37 3-5.

The race was for three-year-old colts and fillies, the former carrying 126 lbs. and the latter 123. It was worth about $35,000 to the winner. Five of the horses started.

Craganour, ridden by Johnny Reiff, the American jockey, led in the home stretch by a scant head. As they neared the wire both Aboyuer and Louvois crept up, and as the three leaders flashed across the finish line Craganour was a scant length ahead of Aboyuer and Louvois' nose strained at Aboyuer's neck.

G. Aumont's Nimbus, 10 to 1, and W. Hall Walker's Great Sport, 20 to 1, finished neck and neck in fourth and fifth places. At first the judges placed Nimbus third, owing to Craganour's disqualification, but later reconsidered and Great Sport was given third money, with Nimbus fourth.

Up to the start of the home stretch Aboyuer led. Then Craganour nosed ahead, but nearing the wire both Aboyuer and Louvois gained again. After the finish it was announced that Craganour was disqualified for bumping in the stretch, and the hundred thousand Englishmen whose money the favorite had carried set up a roar of dismay.

Prominent among those thousands who cheered the winner were King George and Queen Mary. The Royal party arrived on the Downs just before the first race and were given a tremendous ovation by the enormous throng which occupied every place of vantage on the famous course.

Never in the history of the Derby has there been a greater crowd. Thousands on thousands came in all manner of vehicles from the coroneted coach-and-six, and the high-power automobiles of the nobility, to the donkey and barrow of the London coster, who, each with his 'Arriet, thronged in droves to see the spectacle dear to the heart of every Englishman of high or low degree.

Peers, peeresses and members of parliament were there perched high on the upper decks of 150 motor busses which were chartered from the London Traction companies. Each bus was the scene of an animated party, and wine flowed freely as part of the luncheons which were served on every bus and drag.

Not a single American horse faced the starter, all the entrants having been withdrawn before the race. Americans, however, were present in shoals, and most of their money went on Craganour because of the American nationality of Johnny Reiff, of California, who piloted him. When Craganour was disqualified it meant the loss of many American dollars which had been freely placed at the short odds of 6 to 4 on the favorite to win.

DROWN IN FRASER.

EDMONTON, June 3.—Their canoe found bottom up on the river bank and their blankets and provisions strewn about, four men who left the Landing a short time ago are probably drowned. Gordon Haigit of Hudson Bay Company, brought the news. The names of three of the men are A. Sharley, W. Campbell and John Papin of St. Albert. News has also been received in this city that a party of four freighters has been drowned in Grand Canyon, near Jaune Cache district.

WALKED OUT OF WINDOW.

VANCOUVER, B.C., June 4.—William Weatherwill, registered under the name of Wm. Hall at a Powell street rooming house, walked out of a window on the second floor early this morning and tumbled to the pavement below. Policeman Martin noticed him lying on the sidewalk and summoned the ambulance. The man was taken to the general hospital and died half an hour later from injuries received about the head.

DONATES COLLECTION.

SAN DIEGO, Cal., June 4.—It is reported here that Julius Kromberg, said to be Sweden's foremost artist, has given his entire art collection, valued at thousands of dollars, to the Roja Yoga College, which Madame Katherine Tingley is establishing on the island of Visingso, Sweden.

HOTEL ARRIVALS.

Ladner Hotel.

Arrivals at the Ladner Hotel during the week were:

L. Inman, Delta.
W. D. McGarrie, Vancouver.
Chas. Coy, Vancouver.

Delta Hotel.

J. R. Seymour, Fort George.
W. R. Hillis, Vancouver.
W. Atkins, Delta.
Charles Bell, Vancouver.
Mr. and Mrs. Geo. Burnside, Vancouver.
Geo. Burnside, Jr., Vancouver.
Miss Jean Burnside, Vancouver.
Chas. Osterman, Vancouver.
E. Johnson, Vancouver.
Mr., Mrs. and Miss Nicholson, Vancouver.
C. E. Tryon, Vancouver.
J. C. Brown, Vancouver.
Harry Marchant, Westham Island.
E. R. Bell, Ladner.
S. H. Greer, Vancouver.
Charles Bell, Vancouver.
Robt. Clark and wife, Vancouver.
W. H. Morrow, Vancouver.
R. C. Janion, Vancouver.
J. Cameron, Vancouver.
Mr. and Mrs. D. W. Kells and family, Hotel Capilano.
J. T. Pollock, Vancouver.

ATTENDANCE INCREASING.

School Figures for Past Three Years Are Reliable Index to City's Expansion.

Hon. Dr. H. E. Young, minister of education, stated at the recent Conservative demonstration, in the Queen's Park arena, that he was enabled to judge the growth of the province and its various districts perhaps more accurately than any other man, by reason of the departmental school statistics. The school statistics for the city of New Westminster will show the growth of the school population during the past three years and indicate the growth of the city.

During the fall term of 1911, the average daily attendance in the city schools was 1591 pupils while during the fall term of 1912 the average daily attendance recorded was 1775. This shows an increase in the average daily attendance of 184 pupils. During the spring term of 1912 the average daily attendance was 1606 pupils while this year thus far the average daily attendance has been 1911 pupils, thus making an increase in the school population of 305.

The average attendance figures tend to show that the city's population has grown to the largest extent toward the west and north. The average daily attendance at each of the New Westminster city schools this year is: High School 133; John Robson, 367; F. W. Howay 385; Lord Kelvin 435; Richard McBride 236; Queensborough 48; Herbert Spencer 281, and the night school 26.

With the teaching staff the increase is also remarkable. In 1911 there were employed on the city staff a total of 48 grammar school teachers and one manual training teacher. Today there are 58 grammar school teachers and two manual training instructors. This includes the night school teachers.

The following comparison also shows the increase of the school population between May, 1912 and May, 1913. The High School in May 1912 had an average daily attendance of 125 pupils compared with the 134 of May this year. The Boys' Central school in May, 1912, had 388 while this year there are 345 pupils in daily attendance, the decrease being due to the opening of other schools. With the F. W. Howay school there was an average daily attendance of 357 in May, 1912, while this year there was last month an average daily attendance of 378. Queensborough has increased from 46 to 49 as an average daily attendance for the months of May, 1912 and 1913. The Lord Kelvin school had an average daily attendance of 400 in May, 1912, but this year is rated at 398. At the Richard McBride school, Sapperton, the school population has increased for the month of May from a daily attendance of 211, in 1912, to a daily attendance of 239 this year. As the night school was closed March 31 last year the comparison with the 15 average nightly attendance reorded this year cannot be justly made. And this year the new school on 6th avenue, Herbert Spencer, has an average daily attendance of 274 pupils.

"FRUIT AND FARM" FOR MAY.

The same high standard of excellence which characterized the two last issues of Fruit and Farm is maintained in the May number. In the final instalment of Mr. H. A. Stone's able series of articles on "Agricultural Problems in B. C.," some remedies for the difficulties are suggested, and a discussion of the writer's proposals called for. Mr. A. G. Lang writes in an optimistic vein of the future of the "Small Holder in Kootenays," pointing to the prosperity enjoyed by the farmer in Switzerland under like conditions, and advocating the adoption of Swiss methods in British Columbia. In the editorial pages the subjects dealt with are of vital and topical interest, such as parcel post and lower express rates, "Getting Together" in the Okanagan, and "Healthy Unrest" among farmers and fruit growers. A thoughtful article on "Co-operation, the Problem of the Farm" is contributed by Mr. G. Bulman; the "Dryer in the Orchard" is written about by C. J. Turner, and "Setting Strawberry Plants" by C. A. Cole. An article by J. A. Humphrey, describing "The New Celery District of Malakwa" is illustrated by some fine photographs of potato and turnip fields in that neighborhood. In addition to many other features of an interesting and up-to-date character, may be mentioned the Woman's Page, where Kathleen Ferguson treats of pies and pastry, and the serial story, "His Measure of Mercy," by Charles D. Ellis. The illustrations, showing typical farm scenes throughout the province, are particularly good.

AIR RACES FORBIDDEN.

LONDON, June 3.—The aeroplane race around London, arranged by the Daily Mail, has been forbidden by the government, and cancelled. The proposed race around Great Britain in August has also been vetoed by the recent regulations forbidding aeroplane racing in certain areas about naval and military stations. It is likely new routes will be chosen.

CROPS LOOK WELL.

MOOSEJAW, Sask., June 4.—Farmers and grain men say that crops seldom, if ever, looked better in the Moosejaw district for this time of the year than they do now. However, they admit that several good showers would do much good and on the dry and sandy ground moisture is needed.

CHANCELLOR CANCELS TOUR.

LONDON, June 4.—Because he will be "too busy at the time," Chancellor David Lloyd George has cancelled his proposed tour in September, during which he had been planning to make twelve speeches in the United States and Canada.

FRUIT GROWING ADVANTAGES.

In an article on "Co-operative Marketing of Farm Produce" in the "Canadian Farm," Mr. G. E. O'Brien, of Macdonald College, Quebec, thus describes the advantages of co-operative fruit and potato marketing.

Advantages for Fruit Growers.

1. Large stocks will be controlled by sellers who will act as a unit.
2. Uniform packing, grading and marking will be practised.
3. A reputation for the community established.
4. The cost of picking, packing and marketing will be reduced.
5. Fruit will be picked and packed at the proper time.
6. Standard varieties will be grown.
7. Strong facilities will be better provided for.
8. The placing of the purely commercial part of the industry in the hands of competent men.
9. Spraying by power outfit.
10. The poorer growers will raise their standard to that of the good growers.
11. Direct selling at the point of production.

Advantages to Potato Grower.

1. It brings the producer and consumer in Canada and the West Indies more closely together.
2. That a potato growing province, such as New Brunswick can eventually control the West India potato market and a large section of Eastern Canada as well.
3. Transportation facilities will be greatly helped, in that a larger space can be contracted for on West Indian steamers.
4. Profits to the potato grower would be increased from 25 to 50 per cent.

IS DENIED BY SENATE.

LONDON, June 5. — Immediate construction of three warships provided for in the naval burget, instead of waiting until next year as had been intended, was announced today in the Commons by Winston Churchill, first lord of the admiralty.

Churchill explained that the government's determination to proceed at once with the warships was caused by the rejection of Premier Borden's naval aid bill by the Canadian Senate.

A Home for the Summer

It will not cost you much more to be really comfortable for the summer vacation than to "rough it" in a tent.

JAPAN'S REPLY.

WASHINGTON, June 3.—Japan's rejoinder to the reply of the United States to representations growing out of California's anti-alien land law is expected by Secretary Bryan on Friday or Saturday of this week, according to announcement by Bryan at today's cabinet meeting.

"I See by the Papers"

Did you ever stop to think of the deep significance of the above oft-repeated colloquialism?

It is estimated that more than 95 per cent. of the population of the Canada that can read are newspaper readers.

The quotation, or rather the universal repetition, of the same thought signifies to what a tremendous extent the public depends upon the press for its ideas and daily information.

Not so very long ago "I see by the papers" referred nearly always to some news happening, but today the expression is just as likely to indicate store news — advertising news; the arrival of some choice merchandise, some change in style, a new idea in apparel, or any one of a hundred interesting and constantly changing bits of information which crowd the pages of reliable weekly papers like The Delta Times.

There is, indeed, much worth while that one may "see by the papers" if he will but study the advertising pages.

WAS FITTINGLY MARKED.

Premier's Tribute to Old and Efficient Civil Servant Worthy of Extended Notice.

(From The British Columbian.)

Premier McBride's tribute to an old and tried civil servant, one of the efficient veteran road builders of the province—Mr. John Sprott, who lately retired from the position of Road Superintendent of Delta, a position he had held with honor for many years—so happily expressed at the complimentary dinner given to this esteemed gentleman by his associates in the public service, at the Russell hotel on Monday evening, a brief account of which has already appeared in The British Columbian, is worthy of a more extended notice. Sir Richard is never so happy as when he meets old friends and associates, and with a sincerity born of his warm hearted nature he loves to acknowledge the value of their services in promoting the public welfare. So it was on this occasion. The gathering of so many friends, whose work for the province in various capacities he had learned to appreciate, led the first minister to recall many happy associations and many incidents so very closely connected with the development of the Lower Fraser Valley. He was tempted, he said, to digress and speak of the good old days that have gone by in this section of British Columbia. But he must content himself with an expression of gratitude that he was enabled once more to come amongst the people with whom he had spent the early days of his life. He was pleased, he added, to see so many of his old friends in the enjoyment of good health and to know that so many had prospered and seemed satisfied with the future and had now every incentive to go forward and press on the exploitation and development of this valuable section of British Columbia which nature so fully justifies that they should do.

Then passing on to an appreciation of the guest of the evening, Mr. John Sprott, Sir Richard said in part:

I am glad indeed that we have him (Mr. Sprott) here with us this evening, and I am delighted to see him in such good health (hear, hear) and I think I speak for the whole company when I say we trust that he may be spared to be amongst us for many, many years (applause). As a resident of the city of New Westminster he is held in the highest esteem by the people in this town; and what I say with regard to this city applies with equal force all over the district and all over the province of British Columbia where he is known. By his honesty and integrity, and the courage shown in the exercise of his daily vocation, he occupies a high place in the esteem of the people of the province of British Columbia. Mr. Sprott for many years has been one of the civil service of British Columbia, which is second to none the Empire over, and it has been my good fortune to have a good deal to do with the people who work in the civil service of the country, and wherever it has been possible through any generosity of the government of British Columbia to advance the status of the service in British Columbia, I have not hesitated to move; and in this direction I have always had the strongest possible concurrence from my colleagues, and I hold today that British Columbia can have no stronger asset than a clean and efficient service. The time is fast approaching when many of our young men and young women, looking about for a life's work, will feel ambitious in trying to secure a place in the civil service of the country, so that they may take a substantial part in the up-building of His Majesty's Empire. I often felt in days gone by when there was no fixed order that there was not that appreciation of the work of the civil service, which it deserved. It seems to me that in these times from experience we have learned to know the situation better, and that we have come to a right appreciation of what the service of the Province means in the maintenance of good government, and in that I include efficient expenditure of public money.

Now to have one of His Majesty's most loyal civil servants, who has been lately relieved from sometimes arduous and responsible duties, present, is a very great pleasure indeed. I am satisfied that if Mr. Napier, the chairman, could but detail the history here and there of some of those trails, built in this province by Mr. Sprott, it would have been intertwined with the early life of this section of the proivnce, and now in the lean days of the province when the exchequer could hardly afford to supply the money required, Mr. Sprott was obliged to go along with a few dollars in order to keep the districts open. In these later times, with the development of motor traffic, and all of the extra care and expenditure that it has necessitated, we have found this old veteran still to the fore and we have found that the work of Mr. Sprott would favorably compare with that of perhaps the most finished and experienced modern road makers. I could take you over miles of road in the Fraser Valley today that Mr. Sprott built years ago, which in these strenuous times will withstand the heavy strain put upon them. Where John Sprott builded, he builded well.

How grateful I am to this company to be present; how pleased I am to join in this tribute of thanks to one of my most affectionate friends and let me wish one and all of you a long and happy life; and may his days be full and long, and crowned with peace and contentment, and everything that flesh may be heir to.

I am instructed to present to Mr. Sprott, as a gift from his old colleagues, this handsome arm chair. It seems to me that he will enjoy many evenings of comfort with the old pipe in that good old chair.

FORM NOT APPROVED.

Bishop de Pencier Makes Pronouncement on Subject of Church Unity Proposals.

VANCOUVER, June 5.—Proposals for church unity as outlined in a circular letter sent to all the clergy of the Church of England in Canada were referred to by Bishop A. U. de Pencier at the synod of the diocese of New Westminster, held in St. Paul's church hall yesterday.

The circular letter, he said, had occasioned much newspaper controversy and some considerable misunderstanding.

The sin of division in the body of Christ had been recognized with ever-increasing definiteness during the last half-century. The world had now become a neighborhood, and there had come a desire for more united action in the great work of Christianizing the world. This desire for unity in mission work among Christian nations had reacted on the church in the home land, and had prompted some definite action which would make for the unity of Christendom. But this unity, however commendable, could not, in his opinion, be brought about by the methods suggested, as they were not in accordance with the true conceptions of the office and work of the sacred ministry.

The church had never defined what was necessary to qualify a man for acting as a minister of Christ, but the practical question the church had decided unswervingly. No man was admitted to the ministry in the Church of England who had not been ordained in due form by the Bishop.

"This," said the Bishop, "is the form of doctrine you and I received from the learned and godly teachers of the church of our fathers. This conception of the Christian ministry I find has been held always through all the centuries of the continuous life of the church and this is the faith of the greater portion of the Church Catholic today. This that I have received I firmly believe. I cannot therefore join in any effort the end of which is declared to be subversive of this belief in the episcopal office."

On this subject a memorial was referred to the committee to report this morning. This memorial, in part, reads as follows:

"Whereas certain licensed clergy of the Church of England in Canada have recently circulated 'An appeal on behalf of Christian Unity,' in which the desire is expressed to promote in the Synods of the church such legislation as shall give effect to the following proposals:

"(a) To admit ministers of the various religious bodies 'under certain restrictions and by rightful authority' to the pulpits of our churches;

"(b) To permit members of other communions, being members in good standing in their Communion, on occasion, and with consent of the Ordinary, to communicate in our churches,

"Therefore, believing that the aforesaid contemplated legislation would tamper with matters of doctrine and discipline which have the authority of the Sacred Scriptures, and have come down to us from the Apostles' times, inasmuch as with regard to proposal (a), the fact of the Divinely-appointed ministry of the church is ignored, and with regard to proposal (b), the doctrine of the laying on of hands for the gift of the Holy Ghost, and the church's order, is set aside, this Synod respectfully memoralizes the General Synod of the Church in Canada to permit no such change, as would be necessary to accord with the above proposals, to be introduced into the Canadian edition of the Book of Common Prayer."

BOOSTING IS CONDEMNED.

Mayor Roe of Port Moody Denounces Circulation of Erroneous Statements Regarding City.

PORT MOODY, June 5—Speaking in no uncertain terms Mayor P. D. Roe, at a city council meeting, voiced the opinion of the city council in an emphatic denunciation of certain reports now being circulated in Vancouver regarding the numerous railroads and industries which are reported as coming to this city, also the erroneous statements re the financial condition of the city.

"For the past two weeks," stated his worship, "I have spent almost half of my time in answering telephone calls and denying these rumors, which would lead the reader to suppose that industries and railroads were 'tumbling over themselves,' so to speak, in their frantic efforts to locate here; also we are reported, presumably on the word of a local alderman, whom I am certain does not exist, to have a substantial amount in the city treasury when there is really not enough for ordinary fixed charges."

"As to the report that the city is about to install a water and sewerage system this year, I must say we have absolutely no intention of doing so at present. I feel satisfied that all citizens interested in the welfare of the city are opposed to any fictitious boom which would do more harm than good and the reports can only emanate from unscrupulous realty dealers, who are deliberately misrepresenting the facts, and we as a city council should be very clear in announcing to the general public that we do not sanction or approve of such misleading statements.

SPECIAL MEETING.

PORT COQUITLAM, June 5.—A special meeting of the city council will be held on Friday at 3 p.m. when the question of water works and other pressing matters is to come up for discussion.

Electric Restorer for Men

Phosphonol restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness averted at once. **Phosphonol** will make you a new man. Price $3 a box, or two for $5. Mailed to any address. **The Scobell Drug Co., St. Catharines, Ont.**

B. C. IN MOTION PICTURES.

Films of Scenes on Lower Mainland Will Be Taken By an Expert Operator.

Moving pictures of scenes in the Lower Mainland will be taken by order of the provincial government this summer, for use in Eastern Canada and the Old Country, in connection with the publicity work of the province. An expert operator with the best equipment has been engaged for this work and he will arrive from England about July 1. Last night at a meeting of the directors of the Progress Club, Vancouver, Dr. E. S. Rowe, of the Progress Club; Mr. Hurlburt, of the Port Coquitlam Board of Trade, and Mr. C. H. Stuart Wade, civic publicity commissioner, of New Westminster, were appointed to select scenes and subjects for the pictures.

Films of interiors of mills and factories will also be taken, and Mr. Wade will arrange for many of these films to be taken in New Westminster's industrial plants.

WHO POISONED RESERVOIRS.

LONDON, June 5.—The poisoning of two reservoirs at Hellondenen, near Bradford, is charged here today to militant suffragists. Dyeing chemicals were used. More than 80,000,000 gallons of water will be necessary to clean the reservoirs and this will entail great expense.

May Recover.

Miss Emily Davison, the suffragette, who was trampled yesterday when she tried to grasp King George's Amner as he ran in the Derby, today is reported to have a bare chance of recovery. At noon today Miss Davison was partly conscious. She took some liquid nourishment and then relapsed again into coma. A score of suffragettes called at the hospital, but were refused admittance and no information was given them. If the patient recovers she will be prosecuted to the limit of the law.

Herbert Jones, King George's jockey, who was injured when Miss Davison seized his mount is recovering.

Trial Opens.

The trial of Mrs. Emmeline Pankhurst, militant suffragette leader, her two daughters, and Pethick Lawrence, Mrs. Lawrence, and Mrs. Tuke for window smashing, was called in the King's bench division today. Mrs. Pankhurst and her dauhters were absent. The others, through counsel, disclaimed any responsibility for the window smashing, inferrentially blaming the militant leader and her daughters.

APPEAL COURT.

June Term Opened in Victoria Yesterday—Unready Counsel Are Reproved.

VICTORIA, June 5.—The June term of the Court of Appeal opened yesterday morning and was marked by an unreadiness on the part of many counsel to proceed with the cases down for argument. This drew from the court severe censure, and an indication that if conditions did not improve counsel might find that their cases would be struck off the list.

Mr. M. A. Macdonald, K.C., informed the court that in Lemon vs. Parsons Haddock Company, an appeal from an interlocutory enjoinder order made by Mr. Justice Murphy, the case had been settled by consent and the application would be reheard in Vancouver.

Argument was opened in Barbey vs. Allen; A. E. Bodwell, K.C., for plaintiff and appellant, and Mr. E. P. Davis, K.C., for defendants and respondents

CANADIANS HONORED.

Birthday List Contains the Names of a Number of Those Prominent in Dominion.

OTTAWA, June 3.—A cable message received at Government House announces that His Majesty King George has been pleased to confer the following honors on Canadians:

K.C.M.G.—Sir Lomer Gouin, premier of the province of Quebec.

Knight Bachelor—Chief Justice Barker, of New Brunswick, Chief Justice Davidson, of the Superior Court at Montreal; Hugh John Macdonald, chief magistrate of the city of Winnipeg.

C.M.G.—Aylwin Creighton, law clerk of the Senate; Alexander Lang, a member of the Pacific Cable Board.

Imperial Service Order—William Cochrane Bowles, clerk of votes and proceedings, House of Commons; William Joseph Lynch, clerk of the Senate.

TRAPPER DIES.

EDMONTON, June 4.—Matthew Hunter, a trapper, and his daughter were drowned while crossing the Moose river in the direction of James Bay yesterday, according to reports. J. G. McMillan, surveyor, and his party had a narrow escape. For three days they floated about James Bay on a cake of ice, unable to reach land because of the ice jam.

WESTERN FUEL CO. DISMANTLING MINE.

NANAIMO, June 4.—During the past few days the Western Fuel Co. has had a force of men at work removing all movable machinery from its mine at Brechin. Cars, pumps, winches and other machinery has been or is being brought to the surface and before the end of the week the work of dismantling the inner workings will be completed, allowing the lower workings of the mine to fill with water. This is one of the mines affected by the coal strike.

BRIBERY IS ALLEGED.

Paving Company Representative Accused of Offering Councillor $5000 for Vote.

VICTORIA, June 4.—H. P. Winsby was arrested yesterday afternoon on complaint of Chief Constable Hugh Little, charged with attempting to bribe Councillor Quick, of Saanich, by offering him $5000 to vote at the next meeting of the council in favor of a motion to change the paving specifications from bitulithic to asphaltic concrete.

A warrant was issued for the arrest of Fred A. Rand, representing the Canadian Mineral Rubber Company, on a charge of aiding and abetting Winsby.

Winsby was released on bail of $2500. Rand has not yet been arrested. Winsby gets a hearing at the police court today. He will be defended by Mr. H. A. McLean, K.C.

These developments are the sensational aftermath of a strong lobby at the Saanich Council meetings maintained by rival paving companies.

FIRES IN WINNIPEG.

Henderson's Printing Establishment Burns—Tar Works at Transcona Are Destroyed.

WINNIPEG, June 5.—Henderson's big directory and printing plant in Garry street and the surrounding property in the same block was destroyed by fire yesterday afternoon. The loss totals considerably more than $10,000.

W. R. Noble & Company, wholesale jewellers, suffered a loss of $25,000 to stock. Other damage in the same block will likely bring the total damage up to the $60,000 mark.

Assistant Fire Chief Code was overcome by smoke and nearly lost his life before being rescued by the firemen.

The Dominion Tar and Chemical Company's big plant located in North Transcona, five miles east of Winnipeg, was partly destroyed late today in a spectacular blaze. Edward Brown, financial broker, Winnipeg, is a large shareholder.

The fire was confined largely to the stock. The loss will not be more than $150,000, chiefly material.

WOMEN'S PRESS CLUB.

EDMONTON, June 2.—Everything is in readiness for the triennial convention of the Canadian Women's Press Club in Edmonton, June 9 to 10, when it is expected there will be 180 newspaper writers, authors and artists gathered together to discuss the various aspects of professional journalism. Miss Marjory McMurchy, of Toronto, president of the association will preside, among the speakers being Miss Cora E. Hinds and Mrs. Nellie McClung, of Winnipeg, Mrs. Isabel Ecclestone McKay, of Vancouver, Mrs. S. F. Jacobs, of Calgary, Miss Margaret Bell Saunders and Mrs. Jean Blewett of Toronto, Mrs. Arthur Murphy, (Janey Cannuck), president of the Edmonton Women's Press Club, Miss Elizabeth MacDonald and Mrs. M. Parker.

BATHING FATALITY.

EDMONTON, June 4.—The first bathing fatality of the season here took place yesterday, Gregory Bradford, aged 12, in company with a number of other boys were bathing in Saskatchewan river and he got beyond his depth and was carried beneath a big boom.

NEWSPAPER SOLD.

SUMAS Wash., June 4.—In the last issue of the Sumas News, Mr. J. A. Bates, the editor and publisher, intimates that the News has been sold to Mr. C. F. Adelsperger, an experienced newspaper man. Mr. Bates, who owns the Fraser Valley Record and the Abbotsford Post, thus ceases to be an international editor.

BANK ACT.

OTTAWA, June 3.—In the House of Commons last evening Hon. W. T. White moved the concurrence of the House in the amendments proposed to the bill by the Senate. This did not pass without a division, ten members of the House, eight of them Conservatives and two Liberals, voting against the concurrence.

LEAPED TO DEATH.

SEATTLE, June 4.—Robt. Carr, a young man, leaped to his death at 10 o'clock this morning from the top of the six-storey Pioneer office building at First avenue and Jame. street. The street was crowded a the time.

DIED OF BASEBALL.

KEARNEY, N.J., June 2.—William Wiggins, 22 years old, was hit on the head by a pitched ball during a game of baseball on Friday, died today of a fractured skull. He crumpled up at the home plate when he was hit, and did not recover con-

SENATOR ELLIS ILL.

OTTAWA, June 5.—Senator John V. Ellis, of St. John, is seriously ill at the Russell House. The aged senator has been in delicate health all session and is now confined to his bed.

TOOK THREE CONTACTS.

AUBURN, N.Y., June 4.—Michael Goslinski, 22 years old, was electrocuted in Auburn prison. Three contacts were required before life was pronounced extinct. Goslinski killed Policeman George Claus in Buffalo.

ROYAL AVIATOR.

ROME, June 4.—King Victor Emmanuel flew for an hour here today in a military aeroplane, dropping bombs at a target. The machine maintained an average altitude of 1200 feet.

SUMAS NEWS.

A number of Sumas people went by auto and tram to Henchly Ridge and celebrated Queen Victoria's birthday. The afternoon was spent in various sports, folk dances and drills. A number of young people remained for the evening and were entertained by the Get Acquainted Club of Upper Sumas, in the Upper Sumas hall.

The members of the I.O.O.F. of Sumas visited Abbotsford lodge last week, and report having had a grand reception by the Canadian brethren. Among those who were present were: Messrs.. J. W. Myers, J. L. Mitchell, J. A. Lochbaum, F. D. Wildberger, A. A. Serl, E. A.. Mohler, Frank Haworth, Richard Chapwer, A. Bush, J. Harris, Frank Myers, P. Schuber, Clyde Davidson and Ira Ames.

The Grand Theatre last week was the scene of much display of talent, not latent, but highly cultivated. The occasion was the closing exercises of the graduation class for the year. The hall was crowded to its fullest capacity, all eager to listen to the words of educational wisdom that fell from the lips of the scholarly young graduates. The five speeches made were exceedingly interesting showing as they did the wide range of topics which had been taught during the term. References were made to French, English, Canada and Canadians. Some twenty years ago on a similar occasion a graduation class of about the same size was listened to but the remarks regarding Canada and Canadians were entirely different. It shows the change of the times.

GILBERT MALCOLM SPROAT.

One of the Most Prominent Men of Letters in the West Passes Away.

VICTORIA, June 5.—The death occurred yesterday morning of Mr. Gilbert Malcolm Sproat, one of the most prominent men of letters of the West and an old timer who has been well known in the province since his arrival here in 1860.

Mr. Sproat was a native of Galloway, Scotland, where he was born in 1834. Since his arrival in this province he has held a number of prominent offices, including that of resident manager of Anderson & Company, Victoria customs officer, Justice of the Peace, Coroner, Indian agent and Government agent.

He was gold commissioner for West Kootenay during the construction of the C. P. R. Among the several books and papers which he has published or read before various societies is that entitled "Scenes and Studies of Savage Life."

DID NOT MEAN IT.

TORONTO, June 4.—"I did not mean to describe Fort George as the very gates of hell. It's no worse than any other places, Toronto for instance," Rev. C. M. Wright, who stirred the Presbyterian Congress to enthusiasm Monday night, explained today.

Sealed tenders addressed to the undersigned, and endorsed "Tender to Complete Jetty at Steveston, B.C.," will be received at this office until 4.00 p.m., on Tuesday, June 17, 1913, for the completion of the Jetty at Steveston, at the mouth of the Fraser River, New Westminster, B.C.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of C. C. Worsfold, Esq., District Engineer, New Westminster, B.C.; F. W. Aylmer, Esq., District Engineer, Chase, B.C., and on application to the Postmaster at Steveston, B.C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,

R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, May 16, 1913.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

LADNER PROPERTY FOR SALE BY TENDER.

Tenders, in writing, will be received by the undersigned up to twelve o'clock noon, on Friday, June 20th, 1913, for the purchase of the following property:

Lot 55, Subdivision of Lot 106, Group 2, situate on Westham street, in the Town of Ladner. The lot is 50x145, with two store buildings and a stable erected thereon; one store building 25x80 one storey high, and one store building 25x70 two storeys high, equipped with bake oven; also a stable 30x40.

Terms—One-quarter cash, balance to be secured by mortgage.

The highest or any tender not necessarily accepted.

T. J. ARMSTRONG,
Assignee, W. H. Smith,
Court House, New Westminster.

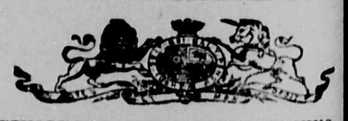
Leaves Steveston on arrival of car leaving Granville street, Vancouver, station at 8:30 a.m., 12:30 p.m., and 6:30 p.m. New Westminster passengers will take car leaving at 8:00 a.m., 12:00 and 6:00 p.m. for Eburne car, to connect with the boat.



SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.
