Volume 7 — LADNER, B. C. THURSDAY, SEPTEMBER 10, 1914. — $1.00 A YEAR

ALLIES' ADVANCE CONTINUES; GERMANS SLOWLY FALL BACK

Situation in France Remains Satisfactory, While the Russians Claim to Have Completed Operations at Rawa With Success.

PARIS, Sept. 9.—An official communication issued this afternoon says the situation remains satisfactory. The German right is retreating before the British. The French centre is slowly advancing. The situation on the right is unchanged.

The statement adds: "First—On the left wing, although the Germans have been reinforced, the situation remains satisfactory. The enemy is retreating before the British army.

"Second—At the centre our advance is slow, but general. On the right wing there has been no action of the enemy against the great circle of Nancy. In the Vosges and in Alsace the situation remains unchanged.

ROME, Sept. 9.—A despatch from Petrograd to the Messagero declares that the great battle at Rawa, in Galicia, thirty-two miles northwest of Lemberg, is over, and that the Russians have won a complete victory. The Austrians are said to be retiring everywhere. Among the prisoners taken by the Russians are a large number of Germans. The Austrians have evacuated Russian Poland.

PARIS, Sept. 9.—"Our successes continue," was the statement today of Military Governor Gallieni. Gallieni stated that in view of the advantages the French arms have gained, the city's defenders could safely sally out to aid the allies' left wing against the Germans. The French centre is holding, and both the right and left wings are driving the Germans back. The result of this, Gallieni declared, was that the German centre must also soon retire.

Army officials said the battle would not reach a decisive stage for several days. The Germans are said to be outnumbered for the first time since fighting between them and the French began. Wounded soldiers who are arriving by the hundreds declared that the Allies' left wing has taken hundreds of prisoners. A thousand Germans were dead or wounded in a nine or ten mile strip between their present positions and the lines from which they have retired in the past twenty-four hours. The Kaiser's officers are said to have sacrificed men wholesale in their effort to break the Allies' ranks.

PETROGRAD, Sept. 9.—Though the Austrians are fighting desperately, the war office announced today, conditions in Galicia continued to improve.

General Rennenkamp, the Czar's commander in East Prussia, it is stated, is again on the offensive, bombarding Konigsberg heavily.

Incensed by the destruction of Louvain and other Belgian cities, it is said the Czar is more than ever determined to take Berlin.

Anti-war riots have broken out in many parts of Austria-Hungary, the Russian War Office asserted. The country, it is added, is on the verge of financial panic, famine is threatened, and epidemics are decimating the troops. The War Office said the Austrians are retreating in Galicia and Russian Poland, and the Cossacks are pressing the rear guards.

NISH, Sept. 9 —Having been reinforced the Austrian defenders of the Slavonic frontier drove the Servian invaders back across the river Save today. They have also checked the Servian invasion of Bosnia. The Servians are awaiting reinforcements and expected shortly to resume the offensive.

BORDEAUX, Sept. 9.—Despite the efforts of the Kaiser's government to stimulate war enthusiasm by newspaper reports of victories, said Theophile Delcasse, a member of the French cabinet, today. "Berlin and the people of Germany are generally plunged in gloom."

BORDEAUX, Sept. 9.—Bordeaux is filled with refugees and there is considerable suffering among them. All buildings are packed. Before the movement ends it is expected that half of Paris will have moved south, though all will not come to Bordeaux The government is encouraging the exodus from Paris. Reports of the sucesses by the Allies in the past day or two have strengthened hope that there will be no siege.

MILITANTS PLEDGE SUPPORT.

LONDON, Sept. 9.—Miss Pankhurst, in a lecture here, commended the men who have volunteered in the ranks, and their officers, and pledged them the undivided support of the militant women. She assured her hearers that only a geographical accident prevented the British Isles standing today just where Belgium stands.

RENE VIVIANI.

New picture of the Premier of France, who is much in the public eye during the present war crisis.

EAST PRUSSIA WORRIES KAISER

German Troops Are Leaving Western Front to Meet Russian Menace in the East.

BASEL, Switzerland, Sept. 9. — The Germans are reported to have evacuated Upper Alsace completely, the troops being needed to oppose the Russians in East Prussia.

LONDON, Sept. 9.—That Germany has withdrawn two of the main armies with which it invaded France to defend East Prussia against the Russians is rumored. It is said that troops of the first reserve have taken their places in the west.

BERLIN, via The Hague, Sept. 9. —The Germans are inflicting tremendous losses upon the Allies in the battle now raging in Northeastern France, it is stated in official government bulletins issued today. The bulletins' tone indicated, however, that the Kaiser's advisers are worried by the Russians' activities in the east.

EVACUATE TERMONDE.

Forces of Occupation Are Forced to Retreat to Save Being Cut Off.

LONDON Sept. 8.—A dispatch to the Telegraph from Antwerp gives an official communication issued there last night. It says:

"The Germans, who finally captured Termonde after prolonged fighting and heavy losses, have now voluntarily evacuated the city after destroying its fortifications and burning the major portion of it.

"The abandonment of Termonde is explained by the fact that the Germans were being cut off from their main forces."

WILL SUSPEND PATENTS.

OTTAWA, Sept. 9.—Before the close of the present week it is altogether likely that the government will announce the suspension of Austrian and German patents in Canada. The practice in time of war is to suspend the patents of hostile nations during the period of the war and for six months after. This practice will, in all probability, be followed by the government. Action, it has been explained, has been delayed pending the receipt of the regulations regarding patents issued by the Imperial government. Hon. George H. Perley has furnished these and action will be taken as soon as possible.

5,000 JOIN COLORS.

LONDON, Sept. 9.—The recruiting for Lord Kitchener's army is growing as the days pass. The record was reached in London yesterday, when 5,000 men joined the colors. The stubborn British fighting in France has had much to do with this eagerness to join the army, although the bitterness aroused by the strewing of German mines, which have destroyed many fishing boats and merchant steamers, has helped.

GERMANS SHORT OF RIFLES.

ROTTERDAM, Sept. 8.—It is believed that the supplies of the Germans' arms are now exhausted and rifles carried by the Landstrum, the last reserve, are said to be of an old type. Moreover, there is said to be a lack of ammunition. Some of the Landstrum appear to be armed with rifles taken from the Belgians.

DELTA LADIES ORGANIZE

Society Formed by Ladies to Do Women's Work for Relief Fund.

At a representative gathering of the ladies of the Delta at the Municipal Hall on Friday, September 4, the "Delta Women's Patriotic Society" was organized, the object of the society being to take up women's work towards the local war relief fund.

Mrs. Ernest Hutcherson was elected president of the society while the other officers are as follows: Secretary, Mrs. John McKee, and treasurer, Mrs. (Dr.) A. A. King.

The following ladies were appointed on the committee: "Sewing for Wives and Children," Mrs. Clements and Mrs. W. H. Ellis; "Sewing for Soldiers," Mrs. Leatheran and Mrs. Nelson; "Supply Committee for Obtaining Fruit and Provisions," Mrs. John Richardson, Mrs. Herbert Kirkland and Mrs. Frank Guichon; "Finance Committee," Mrs. Lanning, S. W. Fisher and Mrs. John McKee.

The membership fee has been fixed at 50 cents while contributions and subscriptions may be made to any of the members.

LADNER WELL SUPPORTS FAIR

Delta Stock and Ladner Manufactures Exhibited at Vancouver Fair.

Delta, and especially Ladner, is doing its part to support the only big fair that is being held in the West this year, the Vancouver Exhibition, by sending its stock and manufactures while the visitors from this district are numerous.

Reeve A. D. Paterson is showing a fine lot of horses, cattle and sheep while Mr. Alex. Davie has similar entries. Mr. John Richardson has also entered several sheep.

Both the Duschenay Packing Co. and the B. C. Milk Factory of Ladner, are exhibitors at the Vancouver fair, being situated in the Manufacturers' Hall. The former company has a fine showing of their products, consisting of evaporated potatoes and various vegetable soups.

Stock breeders give the assurance that this year the exhibition has secured stock which has never been equalled before on this coast both in quality and quantity. This season the officials have given increased space to the vegetables and garden truck which are being shown to good advantage in the Transportation Building along with interesting model villages showing the best methods of marketing eggs as compared with the old way used by the farmer in reaching the retailer and the consumer. Bees also come in as an attraction, there being a couple of swarms at work.

In spite of the inclement weather on Labor Day the city, suburban and country residents turned out in large numbers to view the parade of manufacturers' floats and the fire department led by the city police, while animals from the Patterson shows and the Boyd & Ogle circus created a circus aid. The parade proceeded from the Granville street bridge to the grounds.

As a source of amusement the Skidroad compares favorably with other attractions of a like nature, while the Patterson Shows, the old-fashioned one-ringed circus of Boyd & Ogle, together with the autodrome and the "Leap the Dips," give joy to both young and old.

All the buildings are well filled, including the Industrial Hall occupied by Vancouver retail firms, the Transportation Building with the newest autos and autocycles, the Manufacturers' Building with Vancouver and district manufacturing firms. Both the forestry exhibit and the mineral display are up to the standard, while the dogs and poultry attract numbers.

Among those who attended the exhibition last week and this week from Ladner were Mrs. D. A. McKee, Mr. C. H. Davis, Mr. S. W. Fisher, Mr. John Reagh and family, Mr. Bert Blakely, Mr. Arthur Roberts, Mr. Alex. Davie, Mr. and Mrs. Robert Stokes, Mr. and Mrs. R. J. Hanford, Mr. Albert Huff, Mr. Harry Guichon and Mr. Harry Willcock.

PATRIOTIC MEETING.

Next Sunday afternoon in the McNeely Hall a patriotic meeting will be held when several Vancouver speakers will be present to address the gathering. Reeve A. D. Paterson will act as chairman while Mr. C. E. Tisdall, M.P.P., will be one of the speakers. Others to address the meetink will be Mr. J. Rogers, president of the Vancouver Board of Trade, and Mrs. Rose, also of Vancouver.

Patriotic music will be furnished by the Howard Bros., of Ladner.

BALL WILL BE SUCCESS

Good Attendance Is Expected at the War Relief Fund Ball in Ladner.

Residents of Ladner and the surrounding district are expected to turn out in good numbers for the dance to be held tomorrow evening in the McNeely hall. This will be one way offered to the local residents of doing their share for the relief of those families whose breadwinners have taken up arms in the European war as the money collected at the ball will be handed over to the local war relief fund.

Promptly at 9 o'clock in the evening the dance will commence with the grand march played by Rushton's orchestra and judging by the sale of the tickets, of which three hundred were ordered, the ball room will be well filled.

The following ladies and gentlemen have been appointed on the committee: Mesdames A. D. Paterson, Frank Guichon, J. Johnson, J. Richardson, G. W. London and Miss Grace Kirkland, Miss L. Whitworth, and Messrs. H. W. Slater, E. R. Bell, B Blakely, E. Wentzell, Felix Guichon and A. Kittson. Supper will be provided at the ball by the ladies.

DELTA FORMS RELIEF BODY

At a Patriotic Meeting a Committee to Organize Community for War Relief Purposes Appointed.

At a public meeting held in the council chambers, Ladner, on the evening of September 5th, a central committee was named to inaugurate a campaign for a patriotic war fund. The committee will consist of Reeve Paterson, chairman; H. N. Rich, treasurer, and A. deR. Taylor, secretary.

This central committee was empowered to appoint collectors in the different parts of the municipality.

An advisory committee to assist the central committee will consist of Mrs. J. McKee, secretary of the Delta Patriotic Society; Mr. W. A. Kirkland, president of the board of trade; Mrs. E. Hutcherson, and the ministers of the various churches.

The meeting approved of the work of the Delta Patriotic Society so far undertaken, as reported upon by the secretary, and favored co-operation with the ladies in their work.

The meeting was at the opening addressed by Reeve Paterson, who presided, by Mr. John Oliver, Rev. J. J. Hastie, Rev. C. W. Whittaker and Dr. Taylor. The singing of the National Anthem brought the meeting to a close.

AIDS GERMAN ARMY.

Austrian Ranks Ravaged By Disease —Five Hundred Victims Are in Field Hospitals.

PETROGRAD, Sept. 8.—The Russian general staff, in an official communication issued last night says:

"In the sphere of operations around Rawa, 32 miles northwest of Lemberg in Galicia, the Russian forces continue in a number of serious engagements. The Austrian army, which has been operating in the direction of Kholm, is retiring, repulsed by the Russian troops, which have taken numerous prisoners, together with artillery and ammunition trains.

"Five hundred Austrian soldiers are in hospitals suffering from dysentery, which is said to be ravaging the ranks of the enemy.

"On the German front there have been only small skirmishes."

LEAD IN AUSTRALIA.

Returns Indicate That Liberal Government's Defeat in Saturday's Election Is Certain.

MELBOURNE, Sept. 8.—The result of Saturday's polling in the Australian Federal elections clearly indicates the Liberal government's defeat. The Laborites are leading in seven Liberal constituencies, namely: Victoria, New South Wales, Queensland, South and West Australia, the Grampians and Dampier.

Hon. J. Hume Cook, the Liberal premier, has been returned unopposed as also have Hon P. M. Glynn, minister of external affairs, and Senator Millen, former minister of defence. The return of Rt. Hon. Andrew Fisher, the Labor leader, and former premier, is also assured, and Hon. W. M. Hughes, attorney-general in the Fisher cabinet, has secured a seat in the new parliament.

BOARD OF TRADE.

The regular meeting of the Delta Board of Trade will be held next Monday evening in the municipal hall. Routine business will be taken up while the communications dealing with the laying off of the Helen M. Scanlon one day a month for the washing out of the boilers will be dealt with.

NO BREAK IN SERVCE

Laying off of the Helen M. Scanlon Periodically to Be Discontinued —Will Use Fresh Water.

As a result of the action taken by Mr. S. W. Fisher, secretary of the Delta Board of Trade, the inconvenience to Ladner residents as a result of the government ferry, Helen M. Scanlon, being laid off periodically will be done away with. Since its operation this steamer has been taken off the run once a month to clean out the boilers. This necessitated the loss of a day causing interruption to the traffic between the city and Ladner.

Letters have passed between Mr. Chas. E. Tisdall, M.P.P., Mr. E. McBride, road superintendent, and Mr. S. W. Fisher, regarding the matter and a plan of the secretary of the local Board of Trade that a fresh water tank should be installed on the steamer has found favor with the provincial authorities at Victoria.

Mr. Fisher has received a letter from Mr. J. E. Griffith, deputy minister and public works engineer, of Victoria, stating that this tank would be installed on the steamer and connection made at the ferry landing at Ladner with the municipal water system to secure a supply of fresh water. Road Superintendent E. McBride has been instructed to go ahead with the installation.

LAST MILLIONS MAY WIN WAR

Lloyd George Believes British Cash Resources Will Tell as Much as Her Men.

LONDON, Sept. 9.—"We want every penny we can raise to help fight the enemy," said Lloyd George, chancellor of the exchequer, replying yesterday to a deputation from the municipalities which wanted the aid of the treasury in securing loans at cheap rates.

"We must come out triumphant in this struggle," continued the Chancellor, "and as finance is going to play a very important part in it we must husband our resources. We don't want a penny spent which is not absolutely essential to relieve distress. In my judgment the last few hundred millions may win this war

"The first hundred millions our enemies can stand as well as we can, but last they cannot, thank God, and therefore I think cash is going to count much more than we imagine. At the present moment we are only at the beginning; we are fighting a very tough enemy who is well prepared for the fight and will probably fight to the very end before he will accept the only condition upon which we can possibly make peace.

"If we are wise that is where our resources will come in, not merely in men but in cash. We financed Europe in the greatest war ever fought and that is what won. Of course, British tenacity and British courage always come in and they alway will. But let us remember that British cash tells, too."

POLICE COURT.

In the Delta police court yesterday morning before Magistrate McKee, Mr. Thos. Wilson, of East Delta, was found guilty of keeping a couple of dogs who had been worrying sheep on Pat Burns' ranch on Sunday, August 16. Mr. Wilson claimed that he had kept the dogs chained up since the first week of July, with the exception of the Sunday mentioned when his two sons had taken the dogs out for exercise on his own farm. Neither dog had been near Burns' ranch, he stated.

When ordered to pay $2.50 and costs and have the dogs destroyed within three days, he answered, "I don't think I will," in regards to the latter order and gave intimation that he would appeal the case.

MAKES RAID IN HARBOR.

British Submarine Throws a Scare Into Enemy's Warships at Bremerhaven.

LONDON, Sept. 8.—Last week a British submarine penetrated into the harbor of Bremerhaven and fired two torpedoes, throwing the German warships there into a panic. The submarine then dived and lay at the bottom for hours, while the Germans vainly trawled for her, later making her escape and rejoining the fleet at its North Sea base. The news of this daring exploit has sent a thrill of pride throughout the fleet.

The submarine in question, which is not named in the despatches, was one of a flotilla which executed certain manoeuvres the object of which is not revealed. She was missing for a day after the other vessels had returned to their base, and the fear that she was lost had begun to be regarded as a certainty when she appeared with this tale of adventure, so much in accordance with all the glorious traditions of the British navy.

DELTA PRODUCE GREAT FEATURE

Supplies From Delta Are Abundant at New Westminster Weekly Market.

Fruits and vegetables from the Delta municipality were the principal features of the Fraser Valley market at New Westminster, Friday morning, September 4. The price of fruit was very reasonable, especially the apples and plums, selling at a low figure. Appes ranged from 80 cents to $1.50 the box, while plums were 50 to 75 cents the box.

Sweet corn sold very readily at 15 cents the dozen, while celery, tomatoes and cauliflower went at the usual figure. Potatoes on account of the scarcity of the late crop were raied to $1.50 per sack, by the ton they still remained at $20.

Butter and eggs in large quantities went at the usual quotation of 40 cents the pound for butter and 40 cents the dozen for eggs.

The following prices were quoted:

Wholesale Poultry.

Poultry, live weight	15c
Crickens, broilers, per lb.	15c to 16c
Ducks, live weight	13c to 14c

Retail Poultry.

Spring chickens, dressed	25c
Hens, dressed	20c
Ducks, dressed, per lb.	24c
Squabs, each	30c to 35c

Vegetables.

Potatoes, per sack	$1.50
Potatoes, per ton	$20
Carrots, per sack	75c
Cabbages, per sack	75c
Turnips, per sack	75c
Lettuce, per bunch	5c
Sween corn, per doz.	15c
Onions, green per bunch	3 for 5c
Asparagus, two bunches for	15c
String beans, per lb.	2 1-2c to 4c
Parsnips, per sack	75c
Parsley, per bunch	5c
Celery, per bunch	5c
Peas, per lb.	2 1-2c to 4c
Cucumbers, each	5c
Cauliflower, per head	10c to 15c
Radishes, two bunches for	5c
Tomatoes, per lb.	5c
Green Tomatoes, per lb.	5c
Cabbages, per head	5c to 15c
Turnips, per bunch, 3 for	5c
Mint, per bunch	5c
Pumpkins, each	15c
Citrons, each	10c

Eggs and Butter.

Eggs, retail	40c
Eggs, wholesale	35c
Duck eggs	50c
Butter, wholesale, per lb.	40c
Butter, wholesale, per lb.	30c
Pure Cream Cheese, lb.	50c
Cottage Cheese, per lb.	10c
Devonshire cream, per pint	45c
Honey, per lb.	25c

Wholesale Meat.

Pork, per lb.	10c to 10 1-2c
Pork (salt) per lb.	13c
Pigs, small, each	$2 to $5
Mutton, per lb.	22c
Leg of Mutton, per lb.	22c
Veal, medium, per lb.	16 1-2c
Veal, large, per lb.	12c to 15c

Retail Meats.

Beef, best rib roasts	22c to 25c
Beef, loin	28c to 30c
Beef, short loin	30c
Beef, sirloin	27c
Boiling Beefs	12 1-2c to 15c
Beef, pot roast	18c
Pork	20c to 25c
Pork Chops	18c
Mutton	18c to 20c
Leg of Mutton	25c
Sugar cured corned pork	15c to 20c
Home-made pork sausage	15c to 20c
Salted pig's head, lb.	8c
Pickled pigs' shanks, per lb.	10c
Sugar cured hogs' heads, lb.	8c
Sugar cured corned beef, lb.	15c
Picnic Hams, lb.	14c
Pure Lard	15c to 16c
Sugar cured bacon	22c
Sugar cured boneless ham	25c
Spring lamb, forequarter, each	$1.50
Spring lamb, hind qr., each	$2.50

Fish.

Red spring salmon, per lb.	12 1-2
White Spring salmon, each	50c
Sockeye salmon, each	50c
Fresh Herring, 3 lbs for	25c
Smelt, per lb.	10c
Sturgeon, per lb.	15c
Shad, per lb.	15c
Crabs, extra large, 2 for	25c
Soles, per lb.	10c
Cod, per lb.	12 1-2c
Halibut, per lb.	10c
Flounders, per lb.	8c
Skate, per lb.	8c

Flowers.

Carnations, 2 dozen	25c
Pinks, per doz., 2 for	15c
Cut Iris, per dozen	25c
Flowering plants, each	10c to 25c
Geraniums, per doz	$1 to $2.50
Dahlias, each	10c
Sweet Peas, per bunch	5c to 10c
Gallardias, per doz.	15c
Cut Roses, per doz.	10c to 25c
Cut Stocks, per doz.	25c
Gladiolus, per doz.	25c

Fruit.

Blackberries, 3 boxes for	25c
Peaches, per box	75c to $1
Early Apples, per box	80c to $1.50
Plums, per box	50c to 75c
Crabapples, per box	80c to $1.00
Pears, per box	$1.00
Pears, per box	$1.00

MUNICIPAL COUNCIL.

The regular bi-monthly meeting of the Delta municipal council will be held on Saturday evening in the municipal hall, Ladner, at 8 o'clock. This is the last meeting to be held in the evening as in the future they will be held on Saturday aternoon.

PAYS TRIBUTE TO DOMINIONS

Every Able-Bodied Man of Military Age Is Urged to Join the Colors.

LONDON, Sept. 5.—Premier Asquith yesterday made the first of a series of appeals for an increase of the British land force. At the Guildhall he paid a tribute to the way "Canada, Australia, New Zealand, South Africa, Newfoundland and India demonstrated with spontaneity and unanimity unparalleled in history their determination to affirm their brotherhood with us and to make our cause their own." He described the Empire as involved in "a bloody arbitation of might versus right," and urged every able-bodied Briton of military age to join the colors.

The navy, the Premier indicated, was already doing its part. It had sealed up the fleet of Germany, he said, and was thirsty for a trial of strength in the open.

British warships, Mr. Asquith said, had hunted the German merchant marine from the high seas, and when the few German cruisers which still infested the distant oceans had been disposed of, as they would be very soon, the navy would have achieved for British and neutral commerce a security as complete as it had ever enjoyed in days of unbroken peace.

Relies on the Navy.

"We rely upon the navy," he said, "with the most absolute confidence to guard our shores against the possibility of invasion, and to seal up the gigantic battleships of the enemy in the glorious seclusion of their own ports, whence from time to time they furtively steal forth to sow the sea with murderous snares, which are more full of menace to neutral shipping than to the British fleet, and while the British navy does all this, it is thirsty for a trial of strength in a fair and open fight, which is so far prudently denied it."

300,000 Recruits Respond.

The Premier announced that up till yesterday between 275,000 and 300,000 recruits had responded to the call of Lord Kitchener. In his address Mr. Asquith said:

"We are at present watching the early stages of what is going to be a protracted struggle. We must steel ourselves to the task to persevere to the end."

Grounds for Pride.

"In the results so far attained, I have abundant grounds for pride and comfort in whatever direction I look. We now find ourselves involved with the whole strength of might versus right," the Premier continued. "That has been entered into with clear judgment and a clear conscience. What would have been our place among the nations if we had been base enough or so paralyzed in our sense of honor and duty to be false to our word and faithless to our friends? We should have been standing by with folded arms and with such countenacves as we could command, while this small and unprotected state, Belgium, was defending her vital liberty and making an heroic stand against overwhelming forces."

Buccaneering Adventurers.

Continuing, Mr. Asquith detailed the heroic efforts of the Belgian forces. He mentioned the siege of Liege, and enumerated countless barbarities on the part of what he termed "buccaneering adventurers." He declared that the greatest crime against civilization was the sacking of Louvain.

"This shameless holocaust," the Premier continued, "was performed by blind barbarian vengeance. Sooner than stand aside, we would see this country of ours blotted out from the pages of history."

The Prime Minister declared the invasion of Belgium was the first step of a greater policy to crush the freedom and autonomy of the free states of Europe.

Urgent Duty.

"It would be a criminal mistake to underestimate either the magnitude, the fighting qualities or the staying power of the forces arrayed against the Allies," the Premier added. "It would be equally foolish and insensible to belittle our own forces, whether in resistance or attack."

He praised France and Russia as two of the greatest powers who did not mean to separate themselves from Great Britain more than Great Britain meant to separate herself from them. He declared that if Great Britain were to play a worthy part in this war, she must enlarge the scale of her forces, increase her numbers and multiply many times her effective fighting power.

The Premier made the declaration that his object was to impress on the people the imperious urgency of this supreme duty.

With regard to the Overseas Dominions, the Premier said:

"Our self-governing Dominions throughout the Empire, without any solicitation on our part, demonstrated with a spontaneousness and unanimity unparalleled in history, their determination to affirm their brotherhood with us and to make our cause their own.

"Canada, Australia, New Zealand, South Africa and Newfoundland, children of the Empire, assert, not as an obligation, but as a privilege, their right and their willingness to contribute money and material, and, what is better than all their strength, their sinews, their fortunes and the lives of their best men. India, too, with no less alacrity, claimed her share in the common task.

More Men and Officers.

"Immediately after the mobilization Lord Kitchener issued his call for 100,000 recruits. This has been followed by a second call, and the response up to today has given us between two hundred and fifty thousand and three hundred thousand men.

"No fewer than 42,000 Londoners have been accepted. We want more—men of the best fighting quality, and prompt provision will be made for the incorporation of all able and willing men in the fighting forces of the King. Wherever possible, men desiring to serve together will be allotted to the same regiment or corps, and the raising of battalions by counties and municipalities will be everywhere encouraged. Not less urgently there is wanted a larger supply of ex-non-commissioned officers and men, who are asked to give up their regular employment and return to the work which they alone are competent to do. Employers must surely assure such men of reinstatement at the end of the war."

Mr. Asquith appealed also to retired commissioned officers to come forward and take their places in training this new army. He would only say regarding the actual progress of the war that in every direction there was abundant ground for pride and comfort.

Britain, Saviour of Europe.

The Prime Minister concluded "Let us keep in mind our patient and indomitable seamen, never relaxing for a moment their stern vigil on the lonely seas. Let us keep in mind our gallant troops, who today, after a fortnight's continuous fighting, under conditions which try the mettle of the best army that ever took the field, maintain not only an undefeated, but an unbroken front. Finally, let us recall the memories of the great men and great deeds of the past. Let us not forget the dying message of the younger Pitt in his last public utterances in this Guildhall itself: 'England has saved herself by her exertions, and will, as I trust, save Europe by her example.' The England of those days gave a noble answer to this appeal and did not sheath the sword until after nearly twenty years of fighting the freedom of Europe was secured. Let us go and do likewise." (Loud and prolonged cheers).

Military Machine.

Mr. Bonar Law, Leader of the Unionist Opposition in the House of Commons, was loudly applauded as he rose to address the immense audience. He said that the present war was one of the greatest crimes in history. The head of the German government had only to whisper the word "peace" and there would have been no war. The Kaiser did not speak the word. He had drawn the sword, "and may the accursed system for which he stands perish by the sword."

"As Cromwell said to his Ironsides, 'We know what we are fighting for, and we love what we know.' The German nation had allowed itself to be organized as a military machine which recognized no law except the law of force, and it was against that that Britain was fighting today."

Mr. Bonar Law denounced Germany for breaking the treaties and committing atrocities. He said that the destruction of Louvain proclaimed in trumpet tones what German methods were.

The English people only required to realize the issue to make them fight in the spirit of their fathers.

"The Germans," he said, "had called us a decadent nation, but do they say that today?" (Loud cries of "No!")

The long battle beginning at Mons gave answer. He appealed to the patriotism of those able to fight and those compelled to remain behind.

"Let us as a nation," he said, in conclusion, "realize our obligations."

Churchill for the Navy.

The gathering then demanded a few words from Mr. Winston Churchill, whose rising was greeted with great enthusiasm. He said that the country could rely on the strength and efficiency of the navy, which enabled Britain to draw the means of life and power from the uttermost ends of the earth and would give her time to create a powerful military force.

India Claims Her Share.

"India, too," he asserted, "with no less alacrity, has claimed her share in the common task. Every class and creed, British and native, princes and people, Hindus and Mohammedans, vie with one another in noble and emulous rivalry. Two divisions of their magnificent army are already on the way. We welcome with appreciation and affection their proferred aid and in an Empire which knows no distinction of race or class, where all alike are subjects of the King-Emperor, and are joint and equal custodians of our common interests and fortunes."

WHITE ROCK NEWS.

WHITE ROCK, Sept. 8.—The South Surrey Home Guards, No. 2 company, Imperial Veterans, paraded on Labor Day at the White Rock pier and over twenty members answered the roll call. The company is now recruited to almost full strength and will drill every Wednesday evening in the hall connected with the White Rock hotel.

A farewell party was held last evening at the home of Mrs. F. J. MacKenzie, in honor of Mr. and Mrs. Geo. Wade, who, with their family, are returning to Vancouver for the winter. Mr. Wade having secured a position in the Terminal City. "Hill Crest," the Wade residence here, has been rented by Mr. S. White and family. Mr. White is the latest appointed officer on the White Rock immigration staff.

Mrs. Sawswell and family, of Huntingdon, have returned home after a month's visit at Bella Vista cottage, as guests of Mr. and Mrs. H. T. Thrift.

GERMANS ASK FOR ARMISTICE

All Accounts Agree That Allies Have the Best of the Engagements.

LONDON, Sept. 9.—The battle which is proceeding to the east of Paris appears to be the most important and most stubbornly fought combat of the campaign. The military authorities decline to give any indication of the number of men engaged, but hundreds of thousands are participating on both sides.

According to those in a position to obtain authentic information, the casualties have been so great that the Germans have requested an armistice of 24 hours. The armistice was refused with the response: "We grant you that time to get out of France."

Counter Attacks Fail.

An official communication issued by the War Office shows that the German wing, while retreating before the Allies, has offered resistance, delivering several fierce but unsuccessful counter attacks.

The fighting yesterday extended along both the Ourcq and Marne rivers. In the latter region the British forces engaged in a strong offensive in undulating country. The progress of the Allies has been exceedingly difficult.

In the centre of the allied line several further encounters have occurred, the two opposing forces ending the day with varying fortunes, which, however, are regarded as more favorable to the Allies than to their adversaries.

Allies Gain Ground.

The official press bureau issued the following announcement last night: "The general position continues satisfactory. The Allies are gaining ground on their left all along the line of the Ourcq and Petit Morin rivers. The British have driven the enemy back ten miles.

"Fighting has been in progress further to the right along the line which includes Montmirail and Sompuis, neither side gaining advantage.

"Further to the right again, from Vitry-le-Francois to Sermaize-les-Bains, the enemy has been pressed back in the direction of Rheims.

"At Luneville an attempt by the Germans to advance has been repulsed."

Retire Across Marne.

"Pressure against the enemy continues all along the allied fronts. The British force has been engaged all day, but the enemy opposed to it, after stubborn resistance, retired and is now crossing to the north of the Marne.

"The fifth French army has advanced with equal success and reports many captures.

"The sixth French army, on the Ourcq, has been heavily engaged, but here also the enemy has been driven back.

"The German army has suffered severely along the whole line, the advance having been resolutely pushed home.

British Casualties Light.

"The British force has again sustained some casualties, but the number is small in relation to the nature of the fighting.

"The result of the two days' operations up to the present is very satisfactory."

French Communique.

An official communication issued last night by the French War Office says:

"The left wing of the German forces, in their movement of retreat, having crossed the Petit Morin River, with a view of protecting their communications, have made violent but unsuccessful attacks against that part of our forces occupying the right bank of the river Ourcq.

"Our British allies are continuing their offensive tactics in the direction of the Marne on the heights to the north of Sezanne, River Ourcq.

"Our troops are progressing favorably though laboriously.

"On our right wing the situation is good before Nancy with alternative advancing and falling back."

Eye-witnesses' Tales.

Accounts of wounded soldiers who reached Paris yesterday afternoon indicate that the result of the three days' fighting in the Champagne country was more favorable for the allies than at first supposed.

They say the German losses in killed were enormous and that a great number of prisoners were taken. One French officer estimates the prisoners at 30,000.

The Champagne District includes parts of the Department of Marne, Ardennes, Aube and Haute-Marne.

A sergeant of infantry wounded in the engagement near La Ferte-Gaucher, says:

"I heard cannonading from Friday evening. Saturday night we received an order to retire, but during the night advanced again and took a position on the hillside. Early Sunday morning the enemy tried to turn our left. We were ordered to hold them until the troops around Meaux had pushed back the Germans there.

Retired in Disorder.

"At noon the enemy commenced to retire in disorder toward the east. They rallied, however, to the north of La Ferte-Gaucher, where the engagement lasted all night. Monday morning the enemy weakened again and fled. We pursued them 20 miles, keeping up a steady fire which worked havoc in the German ranks, while not a shot was fired on their side.

"We succeeded in cutting off a detachment and captured seven cannon, two machine guns and many prisoners. One sergeant of infantry admitted that his men had scarcely any ammunition and had been ordered to economize to the utmost limit possible."

600 Corpses in Trench.

A captain of infantry wounded north of Meaux said that the Germans seemed to be tired out. He counted 600 dead in a single trench. The French infantry charged, as at Charleroi, against machine guns, and in spite of strong positions, broke the enemy's lines. The retreat of the Germans was precipitate. They seemed to lack ammunition.

RETREAT SEEMS TO BE DEFINITE

War Correspondent Describes Retrograde Movement of Germans as He Observed It.

LONDON, Sept. 9.—The Daily Chronicle prints the following despatch, dated "On the right flank of the German army, Tuesday (by Martin H. Donohue, war correspondent to the Daily Chronicle). The right wing of the German army, considerably battered by the heavy fighting of the last few days is continuing retrograde movements. It is falling back with the British army fast on its flanks. Everything points to the movement being a definite retirement rather than a temporary retreat. Leaving the neighborhood of Pontoiseya, at the moment when the retirement of the Germans had assumed definite proportions by making a considerable detour, I crossed the Somme and gained a position which brought me parallel with the flank of the retreating Germans. Far in the rear of the oncoming German force a driving movement exercised by the Allies was making itself felt. At points like Amiens and Agronnes, previously held by the invaders, an altered state of conditions began to make itself felt. Early today the German patrols posted on the left bank of the Somme in particular around Amiens, which harassed the peaceful population daily, were suddenly withdrawn.

I reached a point about ten miles to the northwest of Amiens early this morning and then learned of the proportions of the German rear. Large numbers of wounded were subsequently removed from Amiens itself and sent northeast to Arras. Other wounded, including those too seriously hurt to permit removal, had been abandoned in Amiens When I left on my way to Abbeville, a small French force was in the vicinity of Amiens waiting to re-occupy it the moment the last of the German soldiers had withdrawn. Unless there had been a complete change in German plans it is probable that by tomorrow morning Amiens will be in the hands of the French. The Allies' left wing is giving the retiring enemy little rest, and the British cavalry is particularly active. So far today's retirement was orderly enough. It is clear that the Allies are making every effort to detach the harried and sorely pressed German right wing from the main body and to destroy it and the enemy is using every effort to prevent the successful carrying out of this manoeuvre and to protect his envelopment.

In the hope of baffling the three pursuing armies and maintaining close touch with the centre the commander of the retiring right wing swung more to the north, and seems to be directing his rearward march upon Cambrai and Tournai, evidently with the intention, if still hard pressed, of attempting to repass the Belgian frontier to the east of Lille. Throughout yesterday the German right wing has been fighting a stubborn rear-guard action. It made repeated but futile efforts to hold its own, but the pressure brought to bear on it has been too great, and slowly, but surely, it is being forced back.

"A report reached me today that the German centre, too, had been forced back and was being hotly pursued but this I am unable to confirm. A wounded French officer said the German right had entirely spent itself in its rapid advance toward Paris. The invaders had paused physically exhausted and short of ammunition and supplies. It was the moment chosen for delivering the counter attack by the Allies. Struck at their weakest moment and with a full concentration of force the German right reeled beneath the blow.

Yesterday and again today the retreating Germans halted and delivered fierce counter attacks upon their pursuers, who hung so recklessly in their wake, but now seemed to have very little heart left for the fighting and their onslaught lacked that vigor and determination which characterized their early efforts when they came pouring down from the north through Belgium. In other words, the German army has become stale and indifferent by reason of the superhuman task it has been called upon to face.

TRIESTE IN MOURNING.

PETROGRAD, Sept. 9.—Despatches from Trieste, an Austrian seaport on the Adriatic coast, say that mourning there is general as the 97th and 27th Austrian Infantry Regiments, which lost 40,000 men in Galicia, were composed of Italians from the Istra Peninsula.

The Royal Bank of Canada

Incorporated 1869.

Capital Authorized $25,000,000
Capital Paid Up $11,560,000
Reserve Funds $13,500,000

Aggregate Assets, One Hundred and Seventy-Five Million Dollars.

It is the aim of the management of this Bank to make every depositor welcome, and to give the best possible attention to his financial affairs.

SAVINGS DEPARTMENT.

Accounts may be opened with deposits of One Dollar and Upwards. Interest paid or credited at the highest current rates, on May 31st and November 30th each year.

WASHINGTON STATE.

Believe Mills Must Close.

TACOMA, Sept. 5.—Warning was issued in the form of a resolution to the governor at a meeting of coast lumber men here yesterday that practically all lumber mills on the coast would be forced to close by the European war, which it was pointed out had cut off practically all foreign markets. Communications were addressed to state, county and city officials asking them to do all possible public work to provide for the thousands of men it was predicted would soon be out of employment. The West Coast Lumber Manufacturers' Association was sponsor for the meeting.

Everett Will Be Headquarters.

EVERETT, Sept. 5.—At the meeting in Seattle of the Puget Sound Purse Seine Fishers' Protective Association, local fishermen will attempt to have Everett named as main headquarters port for the fleet, provided encouragement is given the association by local civic and industrial bodies. W. A. Graham, of this city, is president of the organization. He is urging the city to provide a municipal free landing for the fishing boats, with suitable mooring grounds for the winter season.

Dairy Products of State.

OLYMPIA, Sept. 8.—The licensed dairies of the state, which include all dairies supplying milk to customers and having three or more cows, sold products during the twenty months ending July 1, 1914, amounting to $4,935,870, according to figures available in the office of the department of agriculture. This includes only the milk and cream sold to private consumers, and does not include what these dairies sold to the creameries. The products were: Milk, 10,400,000 gallons, and 1,390,725 gallons of cream.

Record Yield of Oats.

MOUNT VERNON, Sept. 9.—Chas. Gaches has completed thrashing 502 sacks of oats, the yield of eight and one-half acres, or 182 bushels per acre, the largest yield per acre reported from the La Conner flats. A few seasons ago Will Armstrong's farm yielded 177 bushels per acre, the largest authentic yield until the present.

Interurban Gets Franchise.

BELLINGHAM, Sept. 9—The Lynden City Council has granted the Blaine-Lynden interurban company a franchise to operate over certain of its city streets, providing work on the electric line is started within one year and completed by January 1, 1917. Blaine has already granted the interurban company a franchise over certain of its streets, and a large terminal tract on the waterfront there has been secured.

Work Started on New Mill.

HOQUIAM, Sept. 9.—Work of erecting the buildings for the new Panama-Eastern Lumber Company in this city was started last week. The plant is to be complete and the machinery installed in the sawmill and shingle mill by the first of the year. The Panama-Eastern mill will have a daily capacity in a ten-hour run of 100,000 feet of lumber and 200,000 shingles. It is planned to operate the new mill on a double shift of twenty hours. The plant will be devoted in the main to the manufacture of lumber and shingles for the Atlantic coast trade to be handled by way of the Panama canal.

School Attendance Show Increase

BELLINGHAM, Sept. 9.—Figures compiled at the offices of the board of education show that a total of 3,715 pupils are now enrolled in the schools of the city, not including the Catholic school or the State Normal grades. The increase in enrollment is the greatest ever recorded here, 3643 pupils being enrolled at the close of the first week of school one year ago, including 156 at the Normal school. The receiving class in the first grades has smashed all previous records and the north side high school is housing 542 students a new high water mark. The increase over the first week of school last year is 228.

SUMAS NEWS.

SUMAS, Sept. 9.—The property owners who have been protesting against high taxes and crying for a payroll now have a chance to exercise a little philanthropy and relieve themselves. Officers of the Government Standard Powders Company are here looking for a location. They want 640 acres or more of any kind of stump land and are willing to pay what they think it is worth—about $10 an acre. They will build a big factory here, employ quite a few men and do a big shipping business.

The shingle mill of Messrs. Langs & Rodis, at South Sumas, was totally destroyed by fire early Monday morning, August 31. The plant and machinery together with about three cars of shingles were destroyed. The mill, which had been running night and day, had closed down for Sunday, and how the fire started is a mystery. It was first noticed about 2 a.m. The amount of insurance is indefinite. Messrs. Langs & Roddis were by hard work developing a nice business, and the loss is a severe blow to the firm. It is not known at present as to whether they will rebuild or not.

Sumas school patrons and parents are coming to a realization of the fact that it is up to them to get busy and obtain free text books for the local schools. Text books were changed again this year and every family in the city, with school children, was burdened with an expense which should be borne by the public at large. An election on the question at the present time would undoubtedly be overwhelmingly in favor of free text books for the schools but there is little probability of the school board taking any action unless forced to do so by the public.

MUNICIPALITY OF DELTA.

By-law No.......

A By-law to Provide for Repairs for the Works Constructed Under the "Delta Dyke and Drain By-law, 1895," and to Borrow the Sum of Twenty-one Thousand Two Hundred and Twenty-five Dollars and Sixty-three cents ($21,225.63) to Carry Out Such Repairs. Provisionally Adopted the 11th Day of July, 1914.

Whereas the Municipal Council of the Corporation of the District of Delta on the fifth day of October, 1895, duly passed the "Delta Dyke and Drain by-law, 1895," to provide for the dyking and draining of a portion of the Municipality of Delta and to borrow the sum of $41,320.51 for completing the same.

And whereas by Section 124 of the "Municipal Act" it is the duty of the Municipality making such work to preserve, maintain and keep in repair the same at the expense of the lands and roads benefitted.

And whereas it is provided by Section 127 of the "Municipal Act" that where the repairs required to be made are so expensive that the Municipal Council does not deem it expedient to levy the cost thereof in one year, the Council may pass a bylaw to borrow upon the debentures of the municipality the funds necesary for the work and to assess and levy upon the property benefitted a special rate sufficient for the payment of the principal and interest of the debentures.

And whereas the Council procured an examination to be made by Messrs. Burnett & McGugan, Surveyors, being persons competent for that purpose of the said dyking and drainage works, and estimates of the repairs to be made and an assesment to be made by them of the real property to be benefittd by the said repairs stating as nearly as they can the proportion of benefit which in their opinion will be derived in consequence of such repairs by every section or portion of section, the said assessment so made being the assesment hereinafter by this By-law enacted to be assesed and levied upon the section hereinafter in that behalf specially set forth described and the report of the said Burnett & McGugan in respect thereof being as follows:

New Westminster, B C., Aug. 4, 1914
To His Worship the Reeve, and Councillors of Delta.

Gentlemen: We have the honor to submit plans, profiles and cross sections of a scheme for the protection of the 1895 dyke along the portions exposed to the Gulf of Georgia, said portions being more particularly described as follows:

Commencing at a point on the 1895 dyke, said point being N. 87 degrees 10 minutes W (ast) a distance of 1639.5 feet from the intersection of the centre line of the southerly end of the G. B. Road, with the said 1895 dyke; thence following in a northerly and westerly direction along the dyke aforesaid, a distance of 8100 feet, to a point where the dyke is protected from the Gulf of Georgia or intervening land.

We have followed your instructions in making the necessary examinations and surveys, and have found that the dyke will be fully protected in the following manner, which we would recommend to your attention:

That the elevation be brought to a grade by filling into a level of 5 inches below the tops of the grade stakes upon the ground and as shown on profile.

That in all cases a minimum width of 12 feet be secured on the crown of the dyke.

That the re-entrant angle on the Gulf side of the dyke be filled with earth as shown on the cross section attached.

That all earth for filling in crown and face of dyke be taken from inside of the dyke.

That no earth whatever be taken from the Gulf side of the dyke.

That a facing of rubble to a dtpth of 14 inches be placed upon the earth and beach, as shown in cross section.

That a facing of rip-rap be placed upon the rubble on the Gulf face of the dyke, with a slope of 1 to 4, the average depth of the rock to be 12 to 14 inches, as shown on the cross section.

We include also an estimate of the cost of this scheme, and also a revised Assessment Sheet. In defining the lands to be included in this assesment, we have followed faithfully all those portions included in the original assessment sheet of 1895 and any further specifications await your command.

We have the honor to be,
Yours very faithfully,
BURNETT & McGUGAN,
Per D. J. McGugan.

5200 yards of earth at 25c per yard $1,300.00
Estimated cost of extra right-of-way (5 feet wide) 400.00
Depreciation in rails, spikes and ties (25 per cent) 686.70
Laying ties and rails along 12,300 feet (4c a foot) 492.00
11,700 yards of rock at $1.00 per yard 11,700.00
9 men for 195 days at $2.24 per day 4,826.25
2 horses for 195 days at $2.00 per day 780.00
Engineering and contingencies 1,040.68
$21,225.63

And whereas it is necesary to expend the sum of Twenty-one Thousand Two Hundred and Twenty-five Dollars and sixty-three cents ($21,225.63) to preserve, maintain and repair the said work and the Council does not deem it expedient to levy the said cost in one year and it is expedient to borrow the said sum for the purpose aforesaid

The Municipal Council of the Corporation of the District of Delta therefore enacts as follows:

1. That the sum of Twenty-one Thousand Two Hundred and Twenty-five Dollars and Sixty-three cents ($21,225.63) be borrowed on the credit of the Corporation of the District of Delta, being the funds necessary for the preservation, maintenance and repair of the works constructed under the "Delta Dkye and Drain By-law, 1895," and that debentures of the corporation to the amount of twenty-one thousand two hundred and twenty-five dollars and sixty-three cents ($21,225.63) be issued in sums of not less than one hundred dollars ($100.00) each and payable twenty (20) years from the date thereof with interest at the rate of five per centum (5 per cent) per annum, such debentures to be payable at the Bank of Montreal, New Westminster, British Columbia, and to have attached to them coupons for the payment of interest.

2. That for the purpose of paying the said sum of twenty-one thousand two hundred and twenty-five dollars and sixty-three cents ($$1,225.63), being the amount charged against the said lands so to be benefitted as aforesaid and to cover interest thereon for twenty years at the rate of five per centum (5 per cent) per annum the following special rate over and above all other rates shall be assessed and levied, in the same manner and at the same time as taxes are levied, upon the undermentioned sections and parts of sections and the amount of said special rate and interests assessed as aforesaid against each section or part section respectively shall be divided into twenty equal parts and one such part be assessed and levied as aforesaid in each year for twenty (20) years after the final passing of this By-law during which the said debentures have run.

3. This by-law may be cited as the "Delta Dyke and Drain By-law, 1895, Repair By-law 1914."
Done and passed in open Council the 8th day of August, 1914.
Reconsidered and finally passed the day of , 1914.
(Seal)

A. D. PATERSON,
Reeve.
N. A. McDIARMID,
C. M. C.

I hereby certify that the foregoing by-law is a true copy of a by-law provisionally passed on Saturday, August 8, 1914.

N. A. McDIARMID,
Clerk Municipal Council.

Notice is hereby given that any person intending to apply to have the above mentioned by-law or any part thereof quashed, must not later than ten (10) days after the final passing thereof, serve notice in writing upon the Reeve and upon the Clerk of the Municipality of his intention to make application to the Supreme Court during the thirty (30) days next ensuing after the final pasing of this by-law.

N. A. McDIARMID,
Clerk Municipal Council.

WOUNDED RECOVER QUICKLY.

PARIS, Sept. 1.—Seven hundred wounded soldiers arrived yesterday at Vichy, and a new convoy of wounded has arrived at Clermont-Ferrand. The suregons there stated that 80 per cent. of the wounded will be able to join their regiments again before October.

COAL PRICE INCREASED.

MONTREAL, Sept. 3.—The price of coal in Montreal was advanced 50 cents a ton yesterday, now being $8.25 per ton. Dealers say this is the usual fall advance and not due to the war.

NAMED CHIEF JUSTICE.

PRETORIA, Sept. 3.—Baron John Henry De Villiers was appointed chief justice of the Supreme Court of the Union of South Africa today.

REFUGEES IN LONDON.

LONDON, Sept. 4 —Belgian refugees were more numerous in London today than at any time since the war began. The wealthy among them had quarters in the hotels, while the less prosperous were making appeals to charity. The newspapers are raising funds for the support of the needy refugees.

"SEA WOLF" FOUND DEAD.

VANCOUVER, Sept. 4.—The body of the "Sea Wolf," Capt. Alexander McLean, was found this morning in a shallow reach of False Creek running north between the Great Northern tracks and the foot of Union street.

FISHERMAN MISSING.

STEVESTON, Sept. 2.—As his gasoline fishing boat has been found in a waterlogged condition near Active Pass, it is feared that R. Jarreau, a Steveston fisherman, fishing for the Lighthouse cannery, has been drowned.

MUNICIPALITY OF DELTA.

By-law No.....

A By-law to Provide for Repairs for the Mud Bay Flats Dyking and Drainage Works and to Borrow the Sum of Twenty-two Thousand Six Hundred and Ninety-eight Dollars and Seventy-four Cents ($22,698.74) to Carry Out Such Repairs. Provisionally adopted the 11th Day of July, 1914.

Whereas the Municipal Council of the Corporation of the District of Delta on the 22nd day of October, 1892, duly passed the "Delta Dyke and Drain By-law No. 1" to provide for the dyking and draining of a portion of the Municipality of Delta known as the Mud Bay Flats Dyking and Draining Works and to borrow the sum of $28,812.00 for completing the same.

And whereas by Section 124 of the "Municipal Act" it is the duty of the Municipality making such work to preserve, maintain and keep in repair the same at the expense of the lands and roads benefited.

And whereas it is provided by Section 127 of the "Municipal Act" that where the repairs required to be made are so expensive that the Municipal Council does not deem it expedient to levy the cost thereof in one year, the council may pass a by-law to borrow upon the debentures of the municipality the funds necessary for the work and to assess and levy upon the property benefited a special rate sufficient for the payment of the principal and interest of the debentures

And whereas, the council procured an examination to be made by Messrs. Burnett & McGugan, surveyors, being persons competent for that purpose, of said dyking and drainage works, and estimates of the repairs to be made and an assessment to be made by them of the real property to be benefited by the said repairs stating as nearly as they can the proportion of benefit which in their opinion will be derived in consequence of such repairs by every section or portion of section, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the sections hereinafter in that behalf specially set forth and described and the report of the said Burnett & McGugan in respect thereof being as follows:

New Westminster, B.C.,
August 4th, 1914.

To His Worship the Reeve and Councillors of Delta

Gentlemen—We have the honor to report to you that we have according to your instructions made an examination and the necessary surveys of a portion of the East Delta Dyke facing sections 35, 34 and 27, township 3 and the drainage facilities of the West End of the East Delta drainage system and beg to submit herewith a statement and plans re the work which has been done and also that which has yet to be done. On account of the old flood gate at the mouth of the Big Slough being washed out this last July it is necessary to construct a concrete flood gate which will be a permanent structure. We also find that 1500 feet of sixteen foot fir and cedar piling driven eight feet in the ground has already been driven at the toe of the dyke on the Boundary Bay side, and that it will be necessary to drive 500 feet more to ensure present protection. Also that the slough along the East Boundary of the Northeast one quarter, section 34, Township 3 and also along the quarter section line running west of sections 34, 33 and 32 to the west boundary of section 22 has filled up to practically prohibit drainage and should be pumped and cleaned out. Also that the cost maintenance of the dyke has considerably exceeded the money which has been set aside for that purpose. We include also a description of those portions affected and estimate of cost and also a revised assessment schedule which approaches a pro acreage assessment.

We recommend these to your attention and any further orders await your commands.

We have the honor to be yours very truly,

BURNETT & McGUGAN,
Per D. J. McGugan.

Estimate of Cost of Works on Drainage and Protection of Dyke in East Delta.

Flood Gate as per contract including inspection, etc.	$ 8.500.00
Cleaning Slough in Sec. 32, 33 and 34 Twp. 3 as per contract	5,500.00
1500 feet cedar and fir piling already in the ground	3,320.00
500 feet piling (fir), $1.25 per lineal ft	625.00
Arrears (Monies expended on maintenance)	3,500.00
Engineering and contingencies	1,153.74
	$22,698.74

And whereas it is necessary to expend the sum of Twenty-two Thousand, Six Hundred and Ninety-eight dollars and Seventy-four cents ($22,698.74) to preserve, maintain and repair the said work and the council does not deem it expedient to levy the said cost in one year and it is expedient to borrow the said sum for the purpose aforesaid

The Municipal Council of the Corporation of the District of Delta therefore enacts as follows:

1. That the sum of Twenty-two Thousand, Six Hundred and Ninety-eight dollars and Seventy-four cents ($22,698.74) be borrowed on the credit of the Corporation of the District of Delta, being the funds necessary for the preservation, maintenance and repair of the Mud Bay Flats Dyking and Draining works and that debentures of the Corporation to the amount of Twenty-two Thousand, Six Hundred and Ninety-eight dollars and Seventy-four cents ($22,698.74) be issued in sums of not less than One Hundred Dollars ($100.00) each and payable twenty (20) years from the date thereof with interest at the rate of Five per centum (5 p.c.) per annum, such debentures both as to prinicapl and interest to be payable at the Royal Bank of Canada in the City of Toronto in the Province of Ontario, or in the said Bank in Ladner in the treal in the Province of Quebec, or in the Said Bank in Ladner in the province of British Columbia, or in the said Bank in the City of London, England, or the said Bank in the City of New York in the United States of America, and to have attached to them coupons for the payment of interest.

2. That for the purpose of paying the said sum of Twenty-two Thousand, Six Hundred and Ninety-eight Dollars and Seventy-four cents ($22,698.74) being the amount charged against the said lands so to be benefitted as aforesaid and to cover interest thereon for twenty years at the rate of five per centum (5 p.m.) per annum the following special rate over and above all other rates shall be assessed and levied, in the same manner and at the same time as taxes are levied, upon the undermentioned sections and parts of sections and the amount of said special rate and interest assessed as aforesaid against each section or part of section respectively shall be divided into twenty equal parts and one such part be assessed and levied as aforesaid in each year for twenty years after the final passing of this bylaw during which the said debentures have run.

3. This Bylaw may be cited as the "Mud Bay Flats Dyking and Draining Works Repair Bylaw, 1914."
Done and Passed in Open Council the 8th day of August, 1914.
Reconsidered and finally passed the day of 1914.

N. A. McDIARMID, C.M.C.
A. D. PATERSON, Reeve.

I hereby certify that the foregoing By-law is a true copy of a By-law provisionally passed on Saturday, August 8th, 1914.

N. A. McDIARMID,
Clerk Municipal Council.

Notice is hereby given that any person intending to apply to have the above mentioned by-law or any part thereof quashed must not later than ten (10) days after the final passing thereof, serve a notice in writing upon the Reeve and upon the Clerk of the Municipality of his intention to make application for that purpose to the Supreme Court, during the thirty (30) days next ensuing after the final passing of this Bylaw.

N. A. McDIARMID,
Clerk Municipal Council.

VALLEY MEN IN PRIZE LIST

Fraser Valley Exhibitors Show Up Well in Vancouver Exhibition —List of Winners.

Returns from the lists of prizes awarded to exhibitors at the Vancouver Exhibition, especially in garden truck, show that a number of well known growers who in former years have been prominent in the prize lists of the Royal City fairs, are still keeping their names well to the fore in the exhibits at the Burrard Inlet exhibition. Amongst the larger winners in field produce are H. T. Marshall, Pitt River; Wallace Whiting, of Burquitlam, and Messrs. Porter and Tomsett, of Eburne.

Here is a complete list of district prize winners in the garden produce divisions.

Field Produce.

Beans, kidney, wax pod—1, Porter & Tomsett, Eburne, B.C.; 3, E. M. Wiltshire, Burquitlam.

Beans, kidney, green pod—1, Porter & Tomsett, Eburne; 3, J. Batterham, Central Park.

Beans, Brown Windsor—2, H. T. Marshall, Pitt River, B.C.; 3, Porter & Tomsett.

Beans, scarlet runner—1, Porter & Tomsett, Eburne; 2, H. T. Marshall, Pitt River.

Beets, long root—1, H. T. Marshall, Pitt River; 2, Surprise Poultry Yards, Collingwood East; 3, J. A. Coatham, Sardis, B.C.

Beets, turnip root—1, H. T. Marshall, Pitt River; 2, Alex. Morgan, 439 Roy street, Collingwood east.

Borecole, or kale, three specimens, shown in pots—1, Surprise Poultry Yards, Collingwood East; 2, Wallace Whiting, Burquitlam.

Brussels Sprouts, three stalks—1, Surprise Poultry Yards, Collingwood East.

Cabbage, two heads, early pointed—2, Porter & Tomsett; 3, Wallace Whiting, Burquitlam.

Cabbage Heads, round or flat—1, Wallace Whiting, Burquitlam; 2, Porter & Tomsett, Eburne.

Cabbage, 3 heads, late—1, Wallace Whiting, Burquitlam; 3, S. Crichton, Ladysmith, B.C.

Cabbage, 3 heads, Savoy—1, Wallace Whiting, Burquitlam; 2, H. T. Marshall, Pitt River.

Cauliflower, 4 heads—1, Thos. Porter, Eburne.

Cabbage, best collection, one each, not exceeding ten varieties, distinct entries, correctly named—1, Porter & Tomsett, Eburne.

Celery, 6 roots, white—1, Wallace Whiting, Burquitlam; 2, W. A. Cuthbert, Armstrong, B.C.; 3, J. A. Grant, R.M.D., No. 1, Royal Oak, B.C.

Celery, 6 roots, red —2, Wallace Whiting, Burquitlam; 3, Porter & Tomsett, Eburne.

Celery, 6 roots, yellow—1, W. A. Cuthbert, Armstrong; 2, Porter & Tomsett, Eburne; 3, Wallace Whiting, Burquitlam.

Carrots, 12 intermediate stump-rooted with foliage—2, Wallace Whiting, Burquitlam; 3, Surprise Poultry Yards, Collingwood East.

Carrots, 12 intermediate, pointed root with foliage—1, Porter & Tomsett, Eburne ; 3, Alex. Moger, 439 Hoy street, Collingwood East.

Corn, 12 ears, sweet—1, Jas. Grant, R. M. D. No. 1, Royal Oak; 2, E. M. Wiltshire, Burquitlam; 3, Porter & Tomsett, Eburne.

Cucumbers, 6 specimens, ridge or garden—1, Porter & Tomsett, Eburne; 3, J. A. Coatham, Sardis.

Cucumbers, 3 specimens, frame or greenhouse—2, Porter & Tomsett, Eburne.

Citron, 3 red-seeded variety—1, Jas. A. Grant, R.M.D. No. 1, Royal Oak; 2, J. A. Coatham, Sardis; 3, Porter & Tomsett, Eburne.

Egg plants, 3 plants, any variety—1, Porter & Tomsett, Eburne.

Leek, 6 roots—1, Porter & Tomsett, Eburne; 2, Jas. A. Grant, R.M.D., No. 1, Royal Oak.

Lettuce, 6 roots—1, Wallace Whiting, Burquitlam; 2, Thos. Porter, 4746 Beatrice street, South Vancouver; 3, Alex. Moger, 439 Hoy street, Collingwood East.

Lettuce, 3 heads, cabbage—2, Wallace Whiting, Burquitlam; 3, Porter & Tomsett, Eburne.

Kohl Rabi, 3 roots—1, Wallace Whiting, Burquitlam; 2, G. G. A. Smith, Blackberry road, Eburne.

Melon, Musk, 1 green fleshed—1, J. A. Coatham, Sardis; 2, Porter & Tomsett, Eburne; 3, Jas. A. Grant, R. M. D., No. 1, Royal Oak.

Melon, Musk, 1 scarlet fleshed—2, Porter & Tomsett, Eburne.

Canteloupe, any variety—1, Surprise Poultry Yards, Collingwood East; 2, Jas. A. Grant, R. M. D., No. 1, Royal Oak.

Onions, white, brown or yellow—1, Porter & Tomsett, Eburne; 2, Jas. A. Grant, R. M. D., No. 1, Royal Oak; 3, Alex. Moger, 439 Hoy street, Collingwood East.

Onions, 6 red—Porter & Tomsett, Eburne; 2, Jas. A. Grant, R. M. D., No. 1, Royal Oak; 3, Wallace Whiting, Burquitlam.

Onions, grown from sets—1, A. Moger, 439 Hoy street, Collingwood East.

Onions, 1 quart, pickling—1, Jas. A. Grant, R. M. D., No. 1, Royal Oak; 3, Porter & Tomsett, Eburne.

Onions, 1 quart, Shallots or Multiplier — 3, Porter & Tomsett, Eburne.

Onions, 1 rope three feet—1, W. Whiting, Burquitlam; 3, Porter & Tomsett, Eburne.

Parsley, 1 pot—3, Surprise Poultry Yards, Collingwood East.

Peas, 1 quart, shelled—1, J. Batterham, Central Park.

Peas, 12 pods—1, Porter & Tomsett, Eburne.

Peppers, 12 large—1, Porter & Tomsett, Eburne

Rhurbarb, 12 stocks—1, Wallace Whiting, Burquitlam; 2, H. T. Marshall, Pitt River; 3, J. Batterham, Central Park.

Salsify, 12 roots—1, H. T. Marshall, Pitt River; 2, E. M. Wiltshire, Burquitlam; 3, J. A. Coatham, Sardis.

Squash, green, Hubbard, warted and Boston marrow, one of each kind, any variety—2, Jas. A. Grant, R.M.D., No. 1, Royal Oak; 3, Surprise Poultry Yards, Collingwood East.

Squash, table collection of six distinct varieties—2, Surprise Poultry Yards, Collingwood East; 3, Porter & Tomsett, Eburne.

Tomato, 12 red—1, Porter & Tomsett, Eburne; 2, Surprise Poultry Yards, Collingwood East; 3, Wallace Whiting, Burquitlam.

Tomato, 6 A. O. V., correctly named—1, Wallace Whiting, Burquitlam.

Turnips, white, 12—1, Sam Morley, Ladner.

Turnips, yellow, 12—1, H. T. Marshall, Pitt River.

Collection of Garden Herbs, not more than 20 varieties, correctly named and prominently labelled—1, Surprise Poultry Yards, Collingwood East.

ALLIES NOW IN MAJORITY

It Is Believed That the Numerical Superiority of the Germans No Longer Exists.

LONDON, Sept. 9.—British hopes in the final result in the great battle now being waged along a front of some 160 miles from, roughly speaking, Paris to Verdun, run extremely high. From excellent authority it is understood that numerical superiority, which hitherto has been so great an asset in German calculations, no longer exists, and that in fact the allied forces are equal, if not somewhat superior, to the German armies.

More thoughtful observers, however, consider that the increased strength of the Allies' left wing is due to the arrival of fresh troops from England and France and to the fact that the advanced defensive army of Paris is taking part in the operation.

In Eastern Theatre.

In Galicia, General Ruzsky, who won such a signal victory over the Austrians at Lemberg, is continuing his attempt to encircle the army of General Aufenburg.

Moving southwestward from Lemberg, he has worked around, if he has not captured the stronghold of Przemysl, whence he can get in the rear of a line approximately from Kielce to Jaroslaw and are being threatened by the Russian advance southward from Radom and Zamozo.

The Austrians seem to be in an extremely dangerous position, and if they are defeated by the Russians, it will be the second Lemberg for them.

Servians Invade Bosnia.

The Servians, having driven all Austrian troops out of her territory, have commenced an advance into Bosnia from the north, while little Montenegro, after a couple of preliminary successes, is about to invade Herzegovina from the south.

However, Austria's biggest opponent, Russia, is determined quickly to subdue her, so that she can pay more attention to her attack on Germany, which is awaiting the complete break-up of the Austrian army.

The Germans have been busy in Belgium again. They have taken possession of Ghent without a fight and in the north they are trying to drive back into Antwerp the whole Belgian army, the sorties of which have been annoying, if not threatening.

HAS PARALYTIC STROKE.

PARIS, Sept. 9.—The Excelsior publishes a report from Petrograd that the Austrian Emperor Franz Josef has had a paralytic stroke and that his condition is dangeous.

LANGLEY IS READY TO DO ITS SHARE

Committee Is Formed to Aid Patriotic and War Relief Fund Projects.

LANGLEY FORT, Sept. 8—An informal meeting of the Langley municipal council was held September 5th to consider in what way this municipality can help the various patriotic and war funds and more particularly the families of those who have gone to the front who may be in need. A committee was formed, of which the Reeve, Mr. Wark, Langley Prairie, is chairman, and Mr. Chas. E. Hope, Langley Fort, secretary. It was decided to make a house to house canvas throughout the municipality and it is expected that everyone will give something in the form of either money or produce, most probably the latter. It is proposed that some of this produce should be consigned to the New Westminster market for auction by Mr. T. J. Trapp, sr., who has kindly offered his services. It is also expected that all those who are exhibiting at Langley Fair will allow their exhibits to be included in this auction. It is hoped that a considerable amount of produce, including some regular shipments of various kinds, will be sent to the different patriotic committees in Vancouver and New Westminster in addition to what will be sent to this auction. The secretaries of these various committees will greatly help the Langley committee if they will put themselves in communication with the secretary, Mr. Chas. E. Hope, Langley Fort, so that the local committee may know better what is wanted.

Nearly all the dairymen in the district are donating the proceeds of one day's milk, others fixed amount of produce of different kinds, in fortnightly shipments, so long as the war lasts.

It is hoped that the various transportation companies will further this object by giving free transportation.

ATTACK ON KIAO CHAU SUSPENDED

Torrential Rains Put a Stop to Land Operations of the Japanese Forces.

LONDON, Sept. 9.—Japanese land operations against Kiao Chau are suspended owing to torrential rains. The floods are the greatest in Shantaung Province for thirty years. Military movements are temporarily impossible. Kiao Chau Germans have constructed bomb proof shelters for exposed positions as a defence against aerial attacks.

It is feared that the Japanese have permitted the German warships Gneisenau and Scharnhorst to escape from Kiao Chau and that they have joined the Stettin, Emben and Nurnberg with the object of harassing British shipping in the Pacific.

"JOHN ARBY" DEAD.

MONTREAL, Sept. 9.—Mr. John McFarlane, better known to the lovers of poetry as "John Arby," died yesterday at his residence. With his passing away Canada loses a singer of unusual ability. Mr. McFarlane was born 58 years ago at Abbington, Lanarkshire, Scotland.

TEAM DROWNED.

WHONNOCK, Sept. 9.—On Wednesday morning Mr. R. S. Whitting lost a valuable team of horses by drowning. Mr. Whiting was drawing from the Fraser for his stock, and having filled his barrels on the wharf slip, started to leave when one of the horses slipped and fell, dragging the other with it into the river. Both were drowned.

BURNABY SCHOOL BOARD.

WEST BURNABY, Sept. 9.—Burnaby school board will meet in special session tomorrow evening at the school offices, when the report of the municipal auditor, in which he states that he cannot make his semi-annual report on account of the condition of the school books will be taken up.

SPIES FIRE ON TROOP TRAIN.

LONDON, Sept. 9.—German spies have been so active around London that they have even fired on a troop train in a tunnel near Edenbridge, Kent. A special force of Territorials is now guarding all the bridges and tunnels of the railways in the south of England.

PRINCE OF WALES AT FRONT.
Recent picture of the Prince of Wales marching with his regiment in uniform as they departed for the continent.

HOW GERMANS TOOK NAMUR

Survivors of Garrison Reach Ostend With Tale of Fall of Great Fortresses.

OSTEND, Belgium, Sept. 9.—The remnant of the Namur garrison has arrived here, bringing a story which explains to some extent why a stronghold believed so nearly impregnable, fell.

Of 26,000 men in the forts in the environs of Namur 12,000 have returned to Belgian soil, making the Belgian loss at Namur in killed, wounded and missing 14,000.

It seems that, under cover of the fog, the Germans finally got their new siege guns into position from which they could concentrate their fire on a single point of the Namur defences. The guns were at a minimum distance of three miles from the Belgian trenches and correctly outranged the Belgians.

Whole Regiments Decimated.

"Without troubling about the forts," said one of the survivors, "the Germans first centred their rain of steel upon our entrenchments. For ten hours our brave young fellows stood the terrible ordeal, unable to fire a shot in return. Lying flat on our stomachs all we could do was to wait for the firing to end. Whole regiments were being decimated. The loss among our officers was terrible.

"Meanwhile many German guns had been turned on the forts, especially Maizeret and Marchovelette. The men in them, armed with guns of much smaller calibre than the Germans, could offer but feeble resistance. Maizeret in fact fired only about ten shots while receiving no less than 1200 shells at the rate of twenty a minute.

"At Marchiovelette 75 men perished at the batteries and both forts soon surrendered. The other works, however, still were holding out when the army left town. So much confidence had been placed in General Michael and his staff's ability to hold the fortress that the eventual retirement of the forces had not been provided for and as a result the greatest confusion ensued.

"No provision had been made for the destruction of the stores and and these together with the fortress artillery and most of the field artillery, fell into the hands of the enemy. At the cadet school alone was a store of 3,000,000 rations.

"We were doomed to disappointment after disappointment. The French had been obliged to fall back and could only send us two regiments. These bravely fought their way to us, joining us in greatly reduced numbers not far from Namur. Our generals had believed that the destruction of the bridge at Jambye would cover our retreat, but the Germans, moving more rapidly, cut our retreat near Bois de Villers, six miles from Namur, where their machine guns made a clean sweep of several motors filled with Belgian officers. At last we cut our way through, but at a terrible cost."

FORECASTS KAISER'S FATE.

LONDON, Sept. 9.—Yesterday's "Financial News" in an article upon the Kaiser's ultimate movements, suggests either death at his own or somebody else's hands, or flight to non-Teutonic soil. He is one of the largest land owners in the Western States, says "The Financial News," not in his own name, of course, and owns a considerable amount of property in Western Canada.

RETURN TO PARIS LIKELY.

BORDEAUX, Sept. 9.—Des Armes, a newspaper published by the Minister of War, declares there is every reason to believe the stay of the French government in Bordeaux will be short.

INDIAN TROOPS IN FRANCE.

LONDON, Sept. 9.—That the Indian forces of the British army are taking an active part in the operations in France is indicated by the casualty lists. Among the names of the wounded made public is that of Capt. F. W. Hunt, 19th Lancers (Fane's Horse) Indian army.

AUSTRIANS USE AEROPLANES.

ROME, via Paris, Sept. 9.—Austrians aeroplanes have been observed in the neighborhood of Antivari and along the Adriatic coast. They are probably engaged in watching manoeuvres of the French fleet.

LONDON, Sept. 9.—The correspondent of the Daily Mail at Ostend telegraphs as follows: "The American consul informs me that the agreement whereby the Germans refrained from entering Ghent and imposing an indemnity was a triumph of American diplomacy."

RUSSIA RAISES TAXES.

PETROGRAD, Sept. 9.—In order to increase the revenue of the Russian Empire the rate of taxation on many commodities has been raised. These include malt, matches, playing cards, cigarette papers, etc.

RAISULI IS DEAD.

LONDON, Sept. 5.—The Exchange Telegraph Company's Tetuan, Morocco correspondent says that Raisuli, the noted Moorish brigand and pretender to the throne of Morocco, has died in the country between Tetuan and Tangier.

IMMIGRATION DROPS OFF.

OTTAWA, Sept. 5—The total immigration to Canada during April, May, June and July, 1914, was 105,631, made up of 32,312 British; 34,930 Americans, and 38,389 from all other countries. During the corresponding months last year the total was 250,906, a decrease of 5[illegible] per cent.

PAPAL SECRETARY OF STAT[illegible]

ROME, Sept. 5.—It is officially announced that Cardinal Dominic Ferrata has been appointed papal secretary of state.

...LOCAL ITEMS...

B. Blakeley spent Tuesday in Vancouver.

Mrs. Howard and Miss E. Goulet visited New Westminster on Friday.

STRAWBERRY HILL NEWS.

STRAWBERRY HILL, Sept. 5.—The regular meeting of the Women's Institute was held on Wednesday afternoon when a fair attendance was recorded, and the roll call was read. The minutes read and correspondence disposed of, the Institute decided to purchase fifty books for the Institute lending library and the order will be placed as soon as possible. Each member will be entitled to one book not longer than two weeks. To those holding books after the said time a fine of five cents will be charged for each week.

The secretary, Mrs. M. Huntley, then gave a valuable paper entitled, "Washing," and Mrs. J. Haslam read a paper on "Housecleaning."

The next meeting of the Institute will be the social on the third Thursday in the month. Each member is asked to attend that day, when dinner will be served at twelve o'clock in honor of the visiting Surrey Centre Women's Institute.

The Scott Road school was transferred to the Delta by the Education Department last month. The new school at Newton, recently erected in Surrey, was the cause of the transfer.

East Delta farmers are well on with their harvest. Oats are selling for $30 at the farms.

A small bush fire in the vicinity of the Timberland Lumber Company mill started on Monday. The fire is now about under control. The district has been very smoky for the last few days, owing to so many bush fires around the hill.

EDMONDS NEWS.

EDMONDS, Sept. 9.—The girls' branch of the Women's Auxiliary of St. Alban's Anglican church will hold a tea at the home of Mrs. Featherstonhaugh, Richmond street, on Saturday, September 12, in aid of the church funds.

As the annual fete in connection with St. Alban's church has been postponed, instead there will be a special offertory taken up at both services in the church on Sunday next.

The regular sewing meeting of the St. Alban's Women's Auxiliary was held yesterday afternoon at the home of Mrs. G. Collins.

A meeting of the St. Alban's Men's Club will be held on Thursday evening next commencing at 8 o'clock in Moreton hall.

The advisability of holding a series of concerts during the winter for the welfare of the club will probably be discussed.

Rev. H. Fane Edge, who is to fill the position of Rev. Dunlop, whose resignation as rector of St. Alban's Anglican church is effective on October 1, arrived at Vancouver on Friday last from England where he has been spending a few months.

Mr. J. C. Gwynn in the later part of last week met with a slight accident by falling while making improvements on his property, receiving internal injuries. He is confined in his residence and is now progressing favorably.

Mr. and Mrs. J. J. Kelly, of Linden avenue, left on Friday afternoon last for Seattle where they will reside.

Mrs. A. V. C. MacPherson has returned from a short stay at Nanaimo.

Mrs. P. B. Brown and the Misses C. and P. Brown, spent the week end at White Rock, accompanied by the Misses A. M. and C. B. Patterson and Messrs. W. H. Patterson, C. B. and J. Brown.

DELTA DIRECTORY

Delta municipality is situated at the mouth of the Fraser River in the finest agricultural district in B.C. The chief interests in the Delta are farming, dairying, fruit culture, market gardening, sheep and horse breeding. There are also salmon canneries in the Delta municipality. There are shipping facilities by rail and boat to the markets of Canada and the United States. The crop yield is the largest per acre in Canada, and the sheep and horses bred are the finest in British Columbia. Along the south bank of the Fraser River there are splendid sites for industries.

PLANS CENTRAL SELLING AGENCY

Markets Commissioner Will Present Tentative Scheme to Fraser Valley Development League.

Marketing and preparing for market Fraser Valley produce is rapidly assuming a far greater importance than it has held in the past, due, it is asserted to the operations of the Fraser Valley Development League and the work of Markets Commissioner Abbott. This is particularly noticeable at this time when the importance of buying home produce is being brought home to the people of the coast cities of British Columbia. Yesterday at a meeting of the executive of the league in the board of trade rooms in this city, the commissioner was instructed to bring in a tentative plan for the organization of a central selling agency for handling and distribution of Fraser valley produce. This report will be placed before a general meeting of the league to be held on the Vancouver exhibition grounds next Thursday afternoon. To this meeting the various reeves and presidents of boards of trade have been invited. They will be the guests of the exhibition association, Manager Rolsten having invited the league to hold the meeting at the fair. The commissioner will also report improvements in marketing conditions in the cities.

In the forenoon the reeves of the municipalities of the Fraser Valley will meet the markets commissioner at 11 o'clock in the industrial bureau, and with him will visit Wholesale Row and inspect the produce and examine into the manner in which it is handled and distributed. In the afternoon they will attend the general meeting of the league at the exhibition.

SECURES DESIRED FUND.

London Underwriters Are Able to Produce Part of Proceeds From Bond Sale.

TORONTO, Sept. 8.—Sir William Mackenzie, president of the Canadian Northern Railway made an announcement here on Saturday which is stamped with the deepest significance for the future of the railway.

The company has received word from London that the firm of underwriters entrusted some months ago with the sale of forty-five million dollars worth of Canadian Northern government guaranteed bonds, has been able to forego its rights under the British moratorium and provide a considerable portion of the Canadian Northern funds which it undertook to secure. Sir William said that the good news settled all doubt as to speedy completion of the Canadian Northern lines, which he declared would be proceeded with according to the original programme.

HINDUS ARE ARRESTED.

VICTORIA, Sept. 9.—A dozen Hindus were surprised by detectives at a Government street house yesterday with an empty bomb shell, which they claim was made for a plumbing fixture. Gurdit Singh and Dralif Singh were arrested and subsequently handed over to the military authorities.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,

Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.—30690.

GLORY BRINGS PRIZE.

HALIFAX, N.S., Sept. 9.—The British cruiser Glory arrived here late yesterday, towing the Spanish steamer Montserrat with 150 men, said to be Austrian and German reservists. The Montserrat sailed from New York on September 4 for Barcelona, Cadiz and Genoa.

MAJORITY FAVORS NEUTRALITY

ROME, Sept. 9.—After taking a poll of the members of the Italian Parliament, the newspaper Vitax stated yesterday that a majority favored maintaining strict neutrality.

RESTRICTS FOOD SHIPMENTS

LONDON, Sept. 8.—A despatch to The Post from Melbourne says that the government has prohibited the export of wheat, flour, tinned and other meats to any place outside of the United Kingdom, except with the government's consent.

The Delta Times is published every **Thursday from the Times Building, Ladner, B.C. J. D. Taylor, managing-director.**
