Conservatives Meet

There was a meeting in the Town Hall, Monday night, for the purpose of electing delegates to attend the New Westminster convention, as also two, for attendance at the annual convention to be held February 1st.

The president, W. H. Ladner, occupied the chair, and W. L. McBride filled the position of scribe. Eighteen were nominated, and a ballot resulted as follows:

R. E. Kittson, H. D. Benson, Frank Kirkland, W. A. Livingstone, N. Mitchell, L. Embree, F. J. MacKenzie, J. McCallan, W. J. Brandrith and J. Nelson. The two first named, Messrs. Kittson and Benson, will also be delegates to Victoria.

The feeling of the meeting was one of unanimity.

The tug Eva brought eighty-two cords of shingle bolts, for the Grant & Kerr Sawmill Co., from Mud Bay, this week.

F. T. Walker, of the Royal Bank of Canada, accompanied by his wife, have been guests at the Shirley Hotel, during the week. Mr. Walker has been supervising the arrangement of the temporary quarters in THE DELTA TIMES' building, and having practically completed his work, he returned, with his wife, on Friday, to Vancouver.

Delta A. A. A.

The first annual meeting of the Delta Amateur Athletic Association convened on Monday night in the E. L. Kirkland block, with a fair attendance. Two or three of the officers were unable to be present, and it was decided to adjourn to meet again in the Shirley Hotel on Monday, January 11th, at 8 p.m.

It is earnestly requested that all members and intending members put in an appearance at the next meeting. If you do not take any interest in it how do you expect it to go ahead? Come out strong and do your best to nominate and elect those whom you think will do the greatest good toward making it a grand success.

Remember Monday night, Shirley's Hotel, 8 o'clock.

DELTA.

BY G. W. WALKER.

(Continued from Last Week.)

There were not as many settlers come between 1885 and 1890 as in the five years previous. Among those were J. C. Calhoun, A. Falk, Adam Read, P. T. Gibbie, Jas. Gilmore, Jas. McCallan, W. Leary and family, Gus Hauck, Robinson Watson, J. A. Paterson, D. Price, E. Chiddell, Jno. McDonald, and many others. H. Hodge, of Ashcroft opened up the first blacksmith shop, followed by G. Adams, and others until now there are three fine shops—Messrs. Taylor, Moffit, and Clark.

A good many of the older residents will remember the "Lime Kiln Club," of Ladner, which flourished about 1888 in all its glory. The objects held in view prominently before the newly initiated were that, while non-political, they would always take an active part in any election where the candidates showed a disposition to work in the interests of the Delta. It is safe to say that there were very few of the residents of the flats who did not pass through the first degree—of course a man could pass as many degrees as he liked, up to somewhere around $100, when all further dues ceased and he was entitled to retain rank without further fees.

The following Reeves and Councillors composed the governing bodies from 1886 to 1890 inclusive:

Janusary 18th, '86—Reeve, W. H. Ladner. Councillors, H. D. Benson, T. E. Ladner, J. R. Sutherby, Wm. Arthur and J. McKee. Clerk, W. McKee.

January 17th, '87—Reeve, John McKee, jr. Councillors, T. E. Ladner, Wm. Arthur, J. R. Sutherby, Wm. Pybus, R. E. Kittson. Clerk, Wm. McKee.

January 16th, '88—Reeve, John McKee, jr. Councillors, Wm. Arthur, H. D. Benson, Wm. Pybus, T. E. Ladner and R. E. Kittson. Clerk, W. McKee.

May 13th, 89—There had been some communication with the Victoria government, and the election was held in May. Reeve, John Kirkland. Councillors, Wm. Arthur, Wm. Taskar, Harry Trim, Wm. Pybus, and John Oliver. Clerk, Wm. McKee.

January 20th, '90—Reeve, John Kirkland. Councillors, T. McNeely, Wm. Goudy, A. Gilchrist, W. Taskar and John Oliver. Clerk, W. McKee.

(To be continued.)

T. Thirkle has finished bailing his hay after three days' work.

Among some of the new pupils attending the Ladner school, are: Flossie Frederick, Elsie Benson and Annie Brown, all of whom formerly attended Trenant school.

At All Saints' Church, on Sunday, Bishop Dart confirmed 14 candidates. Great credit is due to Canon Hilton for the way in which the candidates had been prepared. The Order of Confirmation is a very beautiful service when properly carried out, and God alone can tell whether it is or not.

A STEP IN THE RIGHT DIRECTION

BRANCH OF THE ROYAL BANK

Of Canada to Be Established — An Important Addition to the Business Facilities of Delta.

The announcement that the Royal Bank of Canada is fitting up temporary quarters in THE DELTA TIMES building, in which to open a branch at the earliest possible date, probably within ten days, will be received with satisfaction by the residents of Ladner and vicinity, as the filling of a long felt want.

The Royal Bank of Canada was established by a number of Halifax business men in the year 1869 with a capital of $300,000 and a reserve fund of $20,000.

It was incorporated in the same year and from that time the growth has been rapid and of the most substantial character, so that to-day its capital is $3,000,000, reserve fund $3,000,000 and total assets over $24,000,000.

Having 49 branches throughout Canada and the United States from the Atlantic to the Pacific, it occupies a prominent position in the financial world of Canada and is at once a credit to, and a fine example of the Canadian banking system, which is acknowledged to be equal, if not superior to any in the world.

With its strong position and capable management the Royal Bank puts within the reach of all our people the same banking facilities enjoyed by larger communities.

The president is T. E. Kenney, of Halifax, and Edson L. Pease is the general manager, while the British Columbia business is under the immediate supervision of C. A. Crosbie, manager of the Vancouver branch.

It is understood that arrangements are about completed by the bank for permanent quarters of a suitable character in a building to be erected at once.

We are sure the bank's confidence in the present and future business importance of Ladner and the Delta is not misplaced, and we bespeak for it the patronage and support of the whole community.

A quiet wedding took place on Jan. 4th, at the residence of J. A. Lavery, Lorne street, when Mrs. Mary Josephine Nichol, daughter of Mrs. Ahern, of Dublin, was united by marriage to Robinson Watson, late of Ladner. The ceremony was performed by the Rev. Father Michel. Mrs. Lavery attended the bride and J. A. Connolly, nephew of the bride, was best man. A sumptuous repast was partaken of at Mrs. Lavery's by all present, and the happy couple left for the coast by No. 1 train en route on their honeymoon trip to California. They will probably go East to visit Mrs. Watson's relatives at Parry Sound before returning to Kamloops in the summer. — Inland Sentinel.

THE DELTA TIMES.

PUBLISHED EVERY SATURDAY.

SUBSCRIPTION, **$1.00 per year.**

ADVERTISING RATES.

Casual Advertisements, 10 cents per line for the first insertion, and 5 cents per line for each subsequent insertion. The number of lines reckoned by the space occupied, 12 lines to the inch.

Any special notice, the object of which is to promote the pecuniary benefit of any individual or company, to be considered an advertisement and charged accordingly.

All advertisements changed for until ordered out and paid for.

Correspondence invited on matters of public interest. Communications to editor must be accompanied by name of writer, not necessarily for publication, but as evidence of good faith. Correspondence must reach this office by Thursday evening.

GEO. R. MANLEY,
Manager.

SATURDAY, JANUARY 9, 1904.

CONFIDENCE IN DELTA.

It is very gratifying to know that such a worthy institution as a bank is in the van of new industries and business houses to make a start in our midst. As will be seen by reference to the advertising columns, the Royal Bank of Canada is about to open here for business.

This is a very good season of the year for the Farmers' Institute to get down to business and see if it is not possible to induce capital to come in and start up a sugar refinery, a pickling works or something of that sort, which would create employment and, at the same time, provide a home market for produce which might easily and profitably be grown here on the Delta lands.

Now is the time to bestir yourselves. Every industry introduced means increased prosperity for all interested in the upbuilding of the Delta municipality.

NOMINATION DAY.

Being new comers and without voice at the polls we do not wish to take up a position which would be, possibly, untenable. What we do wish to state is this, Monday is the day on which to choose your men to represent you for another year, and it behooves you to make that choice wisely and well.

We are of the opinion that if the Ward System were abolished and the Councillors selected from all the district and voted on by all the voters there would be much to be gained in the way of getting the best men and giving them the best opportunity of showing the best that is in them. With the Ward System in vogue, it often happens that one Ward is given an appropriation larger by far than it needs while another is given the same amount and that is not sufficient to supply its absolute needs.

Nineteen head of prime beeves were shipped to J. Grauer on Monday per str. Transfer.

Are you interested in the Orient? If you are, don't miss the meeting in the Baptist Church, Sunday evening.

There are three candidates in the field in Vancouver for Mayor, viz., J. J. Banfield, Ald. McGuigan and Ald. McQueen.

Owing to the strong wind and rough water the str. Transfer was unable to land at either Sunbury or Ladner yesterday.

Licensing Board.

The Board of License Commissioners met, on Monday, for the purpose of disposing of the applications for renewals. The following members of the board were present: The Reeve, W. H. Ladner, in the chair; J. B. Burr and R. E. Kittson, J. P.'s, and Coun. T. E. Ladner.

The Reeve reported that there were no new applications and no complaints against present license holders.

The renewals were then granted to Marshall Smith and W. L. McBride.

The board then adjourned.

PLEASANT EVENING.

A very pleasant time was spent at Coun. McCallan's on New Year's night, when about thirty-five or forty young people met, with the intention of having a good time—and they did. Refreshments, served in jovial Jim's own hearty style, were thoroughly enjoyed by all at about the midnight hour. After supper the party engaged in the light fantastic, and wended their ways home at about 2 a.m. carrying with them the hearty wishes of their genial host and hostess.

"Does your wife go in for athletics?" "Um—yes, in a way. She went out yesterday to take exercise; she said she was going to walk up a long bill." "And did she?" "No; she got into the dry goods district, and ran up a long bill instead. You can easily see that I am the one who was exercised."—Kansas City Journal.

J. H. Shirley left here, Monday, for the Royal City, having finished auditing the municipal books.

CUSTOMER FOR A BICYCLE.

The following is going the rounds of the papers:

D—— H——, Nov. 12.

Deer sur—i live on my farm near D—— H——, & am 57 years old & a little sporta. My neffew bot hisself a new bisikle, and sent me his ole one by frate and I lerned to ride sume. Its a pile of fun but my bisikle jolts considerable a feller cum along yesteddy with a bisikle that had holler injun rubber tires stuffed with wind he let me tri hissen & My, it run like a kushen. He told me you sold injun rubber just like hissen mine is all iron wheels. Do you punch the holler hole thru the injun rubber or will I have to do it miself. How do you stick the ends together after you get it done. if your injun rubber is already holler will it cum any cheaper empty. i can get al the wind i want out hear free.

Yourrs.

P—— T——,

P. S.—How much do you charg for the doodad you stufft the wind into the holler injun rubber with & ware do you start.

PUBLIC NOTICE

PUBLIC NOTICE is hereby given to the Electors of the Municipality of Delta, that I require the presence of the said Electors at the Town Hall, Ladner, on the 11th day of January, 1904, at 12 o'clock noon, for the purpose of electing persons to represent them in the Municipal Council as Reeve and Councillors.

The mode of nominating candidates shall be as follows:

The candidates shall be nominated in writing, the writing shall be subscribed by two voters of the municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of this notice and 2 p.m. of the day of nomination, and in the event of a poll being necessary such poll will be opened on the 16th day of January, 1904, at the Town Hall, Ladner, and will be kept open from 8 a.m. till 4 p.m. of which every person is hereby required to take notice and govern himself accordingly.

The qualification for a Reeve or Councillor shall be his being a male British subject, and having been for the three months next preceding the day of his nomination, the registered owner in the Land Registry Office of land or real property situate within the municipality of the assessed value, on the last Municipal Assessment Roll, in case of Reeve, of five hundred dollars or more; and in case of a Councillor, of two hundred and fifty dollars or more, over and above any registered judgment, and being otherwise qualified as a voter.

Given under my hand at Ladner this 31st day of December, 1903.

N. A. MCDIARMID,
Returning Officer.

FOR REEVE.

We are authorized to state that R. E. Kittson will be a candidate for the Reeveship, at the Annual Election now about to be held in this Municipality, and we herewith commend him to the Electorate.

LOST AT SEA

S.S. Clallam, while on her way from Seattle to Victoria, foundered at 6 a. m. to-day. All the women were put into three boats alongside the steamer. They immediately capsized drowning all the women.

Thirty-three men saved. Number on board not known.

Mrs. Galletty, of Victoria, only name known.

Fruitarianism.

The Department of Agriculture has for several years been conducting a series of experiments to determine the dietary value of different foods. Experiments were conducted during the space of two years by Prof. Jaffa, of the University of California.

Nine dietary studies and thirty-one digestion experiments were carried on. In the majority of the dietary studies and all but one of the digestion experiments fruit and nuts constituted all or almost all of the diet. The results of the investigation emphasize the fact that both fruits and nuts should be considered as true foods rather than food accessories. The subjects were two women, three children, two elderly men and two university students. The men all did hard manual labor during part of the time, the students working to support themselves while pursuing their studies.

The fare given in these experiments was in every case one that would appeal to any normal appetite. It embraced honey, tomatoes, apples, bananas, cantaloupe, grapes, verdal, cornichon, tokay, muscat, scarlet haws, pears, pomegranates, persimmons, oranges, strawberries, watermelons, figs, almonds and peanut butter. The only animal foods allowed were cottage cheese and eggs, and these in limited quantities. The cost of such a diet varied from 15 to 18 cents a day. Comparative experiments were carried along in which animal foods were employed under the usual conditions of living, and in these the daily cost ran from 26 to 30 cents. It was found that the food eaten supplied about 60 per cent. of the protein usually secured by the average meat diet, while health and strength continued the same, if not improved, and in two or three cases there was a light gain in flesh and weight.

One of the chief objects of the series of experiments was to furnish data as to the value of nuts as food. Fruits contain little protein, and nuts are relied on in the fruitarian plan of eating to balance the ration. Fruits are rich in carbo-hydrates and nuts in fat. A pound of peanuts, which cost 7 cents, furnishes 1,000 calories of energy at a cost of 3½ cents, and protein at a cost of 36 cents a pound. A porterhouse steak costs for the same result respectively 22½ cents and $1.31, when the steak can be bought for 25 cents a pound.

The average price per pound of the protein of nuts ranges higher than the corresponding average of meats, but the cost per pound of peanut protein is lower than for meats, fish, eggs, milk, dairy products and prepared cereals. The only foods which furnish protein at a less cost than peanuts are flour and dried beans. According to Prof. Jaffa's experiments, nuts are the cheapest source of energy for the fruitarian, the peanut ranging far ahead of any other variety.

Although peanuts supply protein and energy for a smaller sum than bread, they are outranked by dried beans, which, at 5 cents a pound, will supply for 10 cents over 200 grams of protein and 3,010 calories of energy.—Bradstreets.
