WE ARE DOING a BIG BUSINESS with our MADE TO ORDER CLOTHING, Call and See Samples.

Weighing Grain, 5c Weigh.

Marshall Smith

WELL DONE.

C. A. Crosbie, supervisor of British Columbia branches of the Royal Bank of Canada, arrived by s.s. Transfer, on Tuesday evening, to make the annual inspection of the local branch.

After a thorough examination of the books and other details he expressed himself as very much pleased with the perfect condition in which he had found everything.

Mr. Crosbie, who was accompanied by his wife, returned to Vancouver Wednesday evening.

Jaggles: "He's going away for a change of climate." Waggles: "He must be a hard man to please if he can't find enough changes of of climate here at home."

Robertson's and G. B. Chocolates —City Bakery.

W. McIntyre, of Gulfside, is the proud possessor of a bouncing baby boy.

Mr. Riley, M.P.P. for Victoria city, was in town yesterday under the wing of the Squire.

The price of eggs is going up. It will pay you to feed our Poultry Food. Procure a package at the Drug Store and try it.

Don't forget the auction sale by H. N. Rich, of dairy stock, on Tuesday next, at E. B. Ladner's farm on the Gowdy road. See ad.

They Make You Feel Good.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create makes one feel joyful.—For sale by F. J. MacKenzie.

According to The Commercial, of Winnipeg, the visible supply of oats in the United States and Canada, east of the Rocky Mountains, is 9,506,000 bushels, compared with 7,446,000 bushels a year ago.

Inkerly: "I can't read this writing." Bossby: "Pooh! The writing is good enough! Any ass could read it. Hand it to me."

Fairs.

It is a self-evident proposition that agricultural fairs which receive grants of public money should give the public something of value therefor. It is not the province of governments in these days to assist in providing amusement for the people. A good many agricultural societies are now making an earnest effort to improve their fairs by the introduction of educational features, and their example is being followed by the large exhibitions which do not ordinarily receive legislative grants. There are still some fairs controlled largely by the business men of the towns, which seem to be held for the purpose of attracting visitors who will prove good customers, but the number is fortunately becoming few. It is now generally recognized that shows exist primarily for the purpose of improving agricultural conditions.

TEACHING MARKET REQUIREMENTS.

The up-to-date fair secures the services of expert judges, who explain the reasons for their decisions in the ring and give addresses on the best types of horses, cattle, sheep and swine. In this way the judging may be made an educational feature instead of merely an allotment of premiums by men who are often incompetent or biased in their judgment. The awarding of prizes at a fair is a comparatively unimportant matter as compared with other considerations. What is really desirable is that fairs should be the means of disseminating information and of fixing correct ideals in the minds of those who are producing food-stuffs and on whom the prosperity of Canada depends. Desirable and undesirable types of fowls may be shown with lectures on the fattening of chickens for the British and domestic markets and exhibitions of killing, plucking and packing for export. A model poultry house, with incubators, brooders fattening crates and other appliances, interested thousands of visitors at the Toronto fair this year. Practical demonstrations of the proper packing of fruit for export should be given in fruit districts by expert packers, and the most approved styles of fruit packages exhibited.

TO IMPROVE FARM CROPS.

Another feature worthy of adoption by all agricultural societies, but which only a few have yet taken up, is the growing of illustration plots on the fair ground. At a small expense a very interesting and instructive exhibit of the best varieties of the grasses, clovers, millets, sorghums, corn, fodder and pasture plants, turnips, mangels and sugar beets can be provided. By studying these plots farmers may learn just what crops and what varieties are best adapted to their farms, thus bringing home to particular conditions of soil and climate the general conclusions arrived at by the experimental farms. In all kinds of farm crops the yield per acre may be materially increased and the quality substantially improved by the use of seed which has been graded up by careful growing and systematic, intelligent selection, continued without interruption from year to year. This fact cannot be too soon brought home to the farmers of Canada, and one of the best ways of doing so would be to have on

(Continued on Third Page.)

Cloverdale.

On Thursday, the 29th inst., we celebrate our annual exhibition.

In the evening there is to be a grand concert and ball. The programme will be under the management of Allan Seymour, of Vancouver. The following programme has been arranged: Quartette, by the Zephyrs; orchestra, mandolins, cello and piano; baritone solo, J. A. Hyndman; banjo solo, E. W. Cunningham; quartette, Zephyrs; violin solo, A. D. Seymour; intermission; orchestra; bass solo, A. D. Seymour; banjo solo, E. W. Cunningham; quartette, Zephyrs; cello and violin, Messrs. Ward and Seymour; quartette, Zephyrs; God Save the King. After the concert, there is to be a dance.

There will be a special excursion train from Port Guichon, leaving at 7:30 p.m. Tickets good for the morning train. Calls will be made at any intermediate point where there is a crowd.

NEW WESTMINSTER.

The secretary of the Bench Show reports having received word from a prominent importer and breeder of thoroughbred dogs in Victoria that he will be up here Exhibition week and will bring with him a string of dogs. The same gentleman asked for an additional supply of premium lists and entry forms, so it looks as though the Capital would be well represented here.

The directors of the big Fall Fair have adopted another new idea in connection with the Exhibition literature. Not content with getting out the neat and convenient prize list, they are going to do away with the old-fashioned poster, and instead will have a general outline of the programme for the week printed on cards to be suspended on ribbons, something neat at attractive and a new departure in exhibition advertising.

CHILLIWACK.

Chilliwack's Fair takes place on Wednesday next, and the Citizens' Committee have a nice programme of sports arranged for, and with good weather they should combine to make the people, who attend, quite happy.

C. Hooper and wife, of Esquimalt, returned home on Monday, after spending a couple of days the guests of Mr. and Mrs. Lanning.

The road committee were out bright and early, this morning, on a tour of inspection. — Dykes, ditches, and roads coming under their consideration.

A GOOD OFFER.

The agriculturists of B. C. have heretofore had no paper devoted solely to their interests from a B. C. standpoint, but in Suburb and Country, published weekly at Victoria, we now have a paper aiming to deal with farm problems in B.C., and to this end they have secured a staff of successful and practical people to contribute articles and answer questions on matters pertaining to conditions facing the B. C. farmer, fruit grower, stockman, poultry-keeper, dairyman or others engaged in farming pursuits. The "Question Box" is open to all on all subjects, such as fruit-growing, poultry, soils and fertilizers, insect pests, etc., etc. The paper is $1 per year but we have arranged to send you The Delta Times and Suburb and Country for $1.50 per year for both papers.

This offer will be withdrawn next week.

DELTA MUNICIPAL COUNCIL

Council met on Saturday, Sept. 10, at 2 p.m., with the Reeve, R. E. Kittson, in the chair, and Couns. Davie, Holmes, Huff and Gibbie present.

Minutes of previous meeting were read and adopted.

COMMUNICATIONS.

The Returning Officer reported T. P. Gibbie elected Councillor to represent Ward I. Received and filed.

From the V. V. & E. R. & Navigation Co., enquiring on what terms the Council will dispose of land required for right-of-way. On motion it was decided to accept $15 per acre, providing the railway company would pay all expenses of by-law and transfer of the land.

From the Provincial Board of Health, enclosing printed notices re spitting. Received.

From G. E. Corbould, re road through Lot 30, G. 2. Referred to the Reeve to report.

From W. N. Draper, (P.L.S., enclosing plan of the proposed widening of the Slough road. Referred to the Road Committee to report.

Coun. Gibbie was appointed to fill vacancies on the Finance, Fire and 1895 Dyking Committees.

The complaint re the dangerous condition of the refuse burner at the sawmill, also the dangerous condition of the stove pipe on J. W. Hollinshead's house were referred to the Fire Committee with power to act.

The Council then adjourned to meet again on Saturday, September 17th at 3 p.m.

C.P.R. HOLD-UP.

For the first time in the history of the C. P. R. and, it is believed, for the first time since railways were opened in the Dominion, a Canadian passenger train has been "held up." This happened last saturday night to the C. P. R. Transcontinental Express, officially known as No. 1, and due to arrive here a 7.45 p. m.

The scene of the hold-up was between Silverdale, four and a half miles from Mission and Ruskin, six miles from Mission. The engineer, Nat Scott, was surprised by a man with a gun, who was joined by two others, and who forced him to stop the train. There were at least three men in the job, while some of the train crew say there were four or five. The mail and express car was cut off from the rest of the train and the car was looted by the robbers, whose booty amounted to about $7,000 in gold dust and cash, and the registered mail package.

The passengers were not molested and after they had secured their plunder, the robbers disappeared in the bush. The locomotive was then run back to the rest of the train and after coupling up the train was brought in to Vancouver.

Immediate action was taken to bring the desperadoes to justice. By the latest reports, however, they are still at large, with the police hot on their trail.

Gilt-Edged Dairy Butter at the City Bakery.

THE DELTA TIMES.

PUBLISHED EVERY SATURDAY.

SUBSCRIPTION, $1.00 per year.

ADVERTISING RATES.

Casual Advertisements, 10 cents per line for the first insertion, and 5 cents per line for each subsequent insertion. The number of lines reckoned by the space occupied, 12 lines to the inch.

Rates for Commercial Advertisements can be had on application at this office.

GEO. R. MANLEY,
Manager.

SATURDAY, SEPTEMBER 17, 1904.

The Mitchell road has about five chains of the most disgraceful road on the Delta. It isn't a terrible distance from a wharf and a little gravel would soon fix it. Why is it left undone?

We have very great pleasure in noting the fact that the Council is making a fine job of the wharf approach from Delta street, which will be much appreciated by the men whose business houses are adjacent thereto.

Why so much fuss about this C. P. R. hold-up? Is it not generally understood that the provincial government is hard-up, and are not some of them out on a fishing expedition in the neighborhood of Mission City? Nuff kauz.

THE COAL QUESTION.

Legislation which diverts transportation from its natural channels into artificial ones does so at a loss and waste of capital proportionate to the effectiveness of the interference with natural laws. An illustration of this is afforded by the duties on coal. Originally imposed in Ottawa to enable the coal owners of Nova Scotia to supply the western market, they operate simply to enhance the price of coal to the Ontario consumer. Nova Scotia coal gets as far as Montreal but not beyond; from there to Windsor or rather to Fort William and Rat Portage the Ontario consumer buys American coal with the duty added to the price. The aggregate amount paid by Ontario in duty during the last quarter of a century is well over $30,000,000, a vast sum to be taken from the working capital of the province. The case is even more serious in New England. Set a coal barge afloat on the Nova Scotia coast and it will drift to Massachusetts. The coal freight rates from Nova Scotia by water to Boston are about one-quarter of the all-rail or combined water and rail rates from West Virginia, which supplies the bulk of the bituminous coal used there. It is estimated that in the past thirty years the New England States have paid $100,000,000 on account of the duty against Nova Scotia coal, from which they have not received a dollar of direct benefit.

When the Presidential election is over in November, a movement will be started on both sides of the line to bring about reciprocity in coal. If it succeeds, and there is every prospect that it will, Nova Scotia will supply New England to the advantage of both, while Ontario will get her coal free of duty from the mines of Ohio and Pennsylvania. Fortunately the question is not a party one in Canada. When the duties were imposed on American coal, five and twenty years ago, Sir Charles Tupper said his aim was to bring about reciprocity; and Mr. Fielding has all along hoped for reciprocity as the true policy for both countries.

The Harvest Thanksgiving services in connection with the Church of England will be held on Sunday, October 2nd.

The s.s. Yosemite will leave Westminster on Monday, the 26th inst., at 6 a.m., for Victoria Fair, calling at Port Guichon. Returning for Westminster Fair on Saturday, October 1st, at 5 a.m., calling at Port Guichon.

On Monday afternoon the community were treated to another of Sir William's freaks. He, for a wager, undertaking to push the mail cart from the wharf to the postoffice. He did it. What a pity we hadn't a kodak.

Grave fears are entertained for the safety of the King Edward VII. which is now nearly a month overdue at the port of Ladner. Through the negligence of the powers that be our business men must continue to view, with regret, the fast closing channel, to the detriment of a flourishing business centre.

The Proper Treatment for a Sprained Ankle.

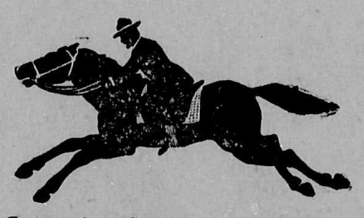
As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time, but in many cases in which Chamberlain's Pain Balm has been promptly and freely applied, a complete cure has been effected in less than one week's time, and in some cases within three days.—For sale by F. J. MacKenzie.

NEW PRICE FOR NEW CROP.

From this date the charge for weighing grain on Marshall Smith's Scale will be reduced to 5 cents.

WANTED to trade a Singer Sewing Machine for Hay or Oats—J. H. Todd, Agent, New Westminster, B.C.

What about Shooting Notices? You don't want your stock shot this year, neither do you wish to have your head gear perforated, do you? A few Notices may prevent it. Try. We print them.



Going for Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Don't put yourself in this man's place, but keep a bottle of this remedy in your home. There is nothing so good for Colic, Cholera Morbus, Dysentery and Diarrhoea. It is equally valuable for Summer Complaint and Cholera Infantum and has saved the lives of more children than any other medicine in use.

When reduced with water and sweetened it is pleasant to take.

You, or some one of your family, are sure to need this remedy sooner or later and when that time comes you will need it badly; you will need it quickly. Why not buy it now and be prepared for such an emergency? Price, 35 cents.

Tenders Wanted.

For Clearing 20 Acres of Land, more or less, on Crescent Island.

view at the fairs representative exhibits of the great work being done by the members of the Canadian Seed Growers' Association.

INTERESTING THE WOMEN AND CHILDREN.

Demonstrations of agricultural processes are interesting to everyone, but the operation of a model kitchen and dining room, with exhibitions of cooking simple dishes and addresses on domestic science, will appeal especially to the farmers' wives and daughters. That the children may be led to take an intelligent interest in the fair, prizes might well be offered for exhibits by school children of cut flowers, grains, clovers and grasses, roots and vegetables, fruits, pressed and mounted wild flowers, weeds and weed seeds, beneficial and injurious insects, and native woods. These exhibits could be supplemented by essays for which prizes might be offered. Wherever tried this plan has proved effective in inducing children to begin the fascinating study of Nature. Every precaution should be taken to have a good clean fair, where all the boys and girls may go to spend a pleasant and instructive day without coming in contact with any injurious influence.

KEEPING GOOD SIRES.

Many agricultural societies, particularly in Quebec and the maritime Provinces, do not hold fairs, but in lieu thereof buy and maintain pure bred sires for the use of their members. This is a practice which well might be imitated more largely in Ontario, where the number of fairs seems excessive. By adhering to one breed of cattle, horses, sheep or swine, as the case may be, the stock belonging to the members of a society may be graded up wonderfully at a small cost, but the habit of changing continually from one breed to another must fatal to all plans for building up a good, uniform herd or flock of grades, which is just what the average farmer needs.

Mrs. A. Read paid her usual visit to the market yesterday.

Mrs. F. Parmiter returned, yesterday, from Westminster.

W. H. Ladner paid a short visit to Westminster on Thursday.

Mrs. Calhoun returned, yesterday, from a trip to Westminster.

W. S. Livingstone is somewhat under the weather, but not laid up.

Miss Alice Ladner paid a short visit to New Westminster on Monday.

Rev. A. A. McLeod will fill the pulpit at the Baptist Church, tomorrow evening.

H. Nicholson and wife spent a couple of days in Vancouver, at the end of last week.

F. J. MacKenzie returned home on Tuesday from a short business trip to Vancouver.

Mrs. Trim and daughter, of Westham Island, paid a short visit to Westminster on Monday.

W. R. Ellis and wife returned on Monday, after spending a few days visiting in Vancouver.

W. H. Lewis, wife and daughter, of Burnaby, paid a short visit at W. J. Brandrith's this week.

F. J. Stannard, of Nanaimo, was in town for a few days this week, the guest of Mrs. Devereaux.

Leon Ladner left, on Monday night, for the Toronto University, where he will resume his studies.

H. Trim and J. Tamboline, of Westham Island, were among the Transfer's passengers last evening.

E. Fawcett, of Victoria, accompanied by R. Moffit and family, paid a short visit to Boundary Bay on Sunday.

Mr. and Mrs. Stewart and family, of Vancouver, returned home on Tuesday, after spending a few days visiting at Alex. Davie's, Boundary Bay.

Rev. A. N. Miller returned, yesterday, from New Westminster, where he had been attending the Financial District Meeting of the Methodist Church.

The already excellent choir of All Saints has been very much improved by the addition of a violin, which is most excellently played by Miss Alice Ladner.

Miss Calhoun, matron of Burrard Sanitarium, returned to Vancouver, on Monday, after spending a couple of days visiting with her sister, Mrs. J. F. Stainton.

T. Roberts, it is understood, has purchased 160 acres of land opposite the Brandrith property, on which he has commenced operations and will build right away.

Four of our most popular young ladies paid a short visit to Victoria this week, and, amongst other paraphernalia, took with them a miniature pot of high colored paint and brush with which to paint the capital a fiery hue. They returned safe and sound.

Mrs. Fister, of Lulu Island, has been visiting at Mrs. Burritt's this week.

Mrs. H. Vasey and family returned, on Tuesday, from a few days' visit to Vancouver.

J. Burritt returned from Sea Island, where he has been assisting J. Grauer with the plowing.

T. W. Kerr, accompanied by his daughter, Thomasine, paid a short business visit to Westminster yesterday.

In preparing your stock for Exhibition do not fail to see "Our Stock Food," it is a winner—F. J. MacKenzie.

The Council would do well to investigate the steam ditcher as shown in the Scientific American of September 10th.

The Ross-McLaren sawmill, at New Westminster, which has laid idle for so many years, is about to be opened up at last.

Rev. Dr. Chown, of Toronto, is touring the province in the interests of Temperance and Moral Reform and will (D. V.) give an address along that line in the Methodist Church on Tuesday evening next (20th), at 8 o'clock. All who are interested in this important work are urgently requested to attend.

When Mr. Clemens (Mark Twain) screwed up his courage to ask his future father-in-law for his daughters' hand, he entered timidly his private office and said, "Mr. Langdon—have— you— noticed — anything—between—your—daughter—and—me?" "No" shouted the objecting parent, wheeling sharply around so as to get a full view of his visitor. "Well," said the young man, as he turned to the door, ready for instant flight, "If you—keep—a— sharp—lookout — you WILL!"

A rural citizen of Ohio has cows that laugh. Of course they are the laughing stock of the neighborhood.

The Harvest Home services in connection with the Methodist Church will be held (D.V.) on Sunday, October 16. A thankoffering will be taken at both morning and evening service. Further announcements will be made later.

Lost.

On Thursday, between residence, slaughterhouse or wharf, a pocket book, containing money and cheque.
Finder will be suitably rewarded by returning to
W. S. LIVINGSTONE.
