A Successful Celebration

Another celebration of Victoria Day has come and gone, passing into history as a pleasant and successful day. From start to finish everything went off well, not a hitch occurring anywhere, for which the various committees having charge of the arrangements for the day are to be congratulated. It is just possible that, notwithstanding a very enticing trip to Kelowna on the s.s. "Okanagan," Enderby saw the largest crowd that had ever gathered within her limits.

Cheerfully Old Sol beamed upon the merrymakers who thronged the city's streets from early morn till evening on Empire Day, and everywhere his brightness was reflected in happiness and pleasure. Ideal weather, a large crowd (gathered from Armstrong, Salmon Arm, Vernon and Enderby, and country surrounding), made of the celebration the grand success it was.

By ten o'clock the bridge was crowded, and an hour later the water sports were in progress. Log burling was the feature of the morning, surpassing in popularity even the amusing pastime of walking the greasy pole and the excitement of the canoe racing.

The arrival of the special train at a late hour was not on the programme, but did not fail to be an interesting addition to the enjoyment of the day.

After luncheon the recreation ground rapidly filled, and nearly one thousand persons watched a sensational struggle for supremacy between Salmon Arm and Armstrong on the baseball diamond, in which the former were victors, defeating their opponents in the last ball of the game by a score of 12 to 11.

Foot races and athletic events filled in a space while the net wielders of Vernon and Armstrong were preparing to act the final item on the programme. The game was a fast, though somewhat loose exhibition of lacrosse, and was characterized by considerable rough play and one or two "scraps." The game demonstrated the superiority of our nearest neighbors in the gentle (!) art of ball-slinging, the tally standing 2 to 1.

The bands of Vernon and Armstrong enlivened the proceedings throughout with melody, and rendered an open-air concert later at the station square, when, upon the conductor shouting his warning of "All Aboard," the visitors by train were sent homeward with three cheers and a tiger.

The following are the results of the athletic events:

100 yds. open, 1, Geo. Smith, Armstrong; 2, W. H. Byers, Vernon.

100 yds. married. 1, J. Hamer, Vernon; 2, I. C. Jones.

Boys, 12 yrs. 1, B. Donnelly, Salmon Arm; 2, W. Hardy, Armstrong.

Boys, 16 yrs. 1, W. Daniels, Armstrong; 2, B. Moffet.

Girls, 12 yrs. 1, Tena Patchett, Armstrong; 2, M. Watson, Armstrong.

Girls, 16 yrs. 1, E. Moffet; 2, Ruth Miller.

3-legged race. 1, French Bros., Vernon; 2, C. Hancock and J. Stuart.

Putting the shot. I. Harris, Vernon. 2 J. Stuart, Armstrong.

Tug-of-war. Married men won over single.

Quarter mile. 1, W. Miller; 2, Geo. Smith.

Relay race, won by Enderby. Enderby team, I. C. Jones, W. Miller, C. Hancock, F. Moffet; Armstrong team, Geo. Smith, J. Stuart, B. Main, Patchett.

GIRL WANTED

For light housework and cooking. Family of two. Apply, Progress Office

A New Church Opened at The Arm

On Sunday last, Trinity Sunday, the new church of S. John the Evangelist at Salmon Arm was opened by the Vicar, Rev. F. V. Venables.

The attendance on this occasion at both the morning and evening services was large; while at the Celebration of Holy Communion there were thirty communicants. The hymns and service were well rendered by a full choir, the organ being very ably presided over by Mr. F. B. Howarth, who, being an organist of considerable experience, and knowing how church music should be played, the service was very much enhanced. The Vicar was assisted by Mr. R. Hobson, lay reader, who also acted as server. The offertories for the day amounted to $30.25.

The church is a handsome structure built in Gothic style of architecture, and has a seating capacity of 150. The Sanctuary, built in the form of an apse, and surmounted by a cross, gives great architectural beauty to the east end of the church, and with the belfry also surmounted by a cross, the exterior aspect of the church is very striking.

The altar is raised seven steps above the nave, and therefore has a very imposing appearance. It is surmounted by a cross, and has the usual ornaments.

The church of S. John the Evangelist is a credit to the town, and bears witness to the time, labor and money which have been devoted to the building and adorning of the church. It is likewise a credit to the builders themselves, Messrs. Jackson & Parker, and their able assistants.

It is hoped that the church will soon be quite completed inside and free of all debt. It will then be consecrated by the Lord Bishop of the Diocese.

It should be added that the church possesses a serviceable bell, kindly lent by Mr. Merton, until the parish is able to provide one of larger size.

Late Locals

Geo. Bell recently sold five acres of his property north of town to R. B. Olford, Enderby.

Fred Moore and Will Cook spent a few days at Mabel Lake this week, and report a very pleasant outing. Fishing was very good sport, and some good catches were made.

Mr. and Mrs. J. L. Ruttan came in on Tuesday upon a very sad mission to bury their eldest son, who died of pneumonia at Fernie on Saturday, May 25th. The interment took place in Lansdowne Cemetery, the ceremony being conducted by Rev. A. N. Miller in the presence of a number of friends of Mr. and Mrs. Ruttan, who, as well as their late son, are well-known to the older residents of Enderby, Salmon Arm, Mara and Kault. Great sympathy is extended to them by their many friends in these places on their sad bereavement. Ross E. Ruttan was born on May 2nd, 1886, at Mountain Grove, Ont., and was therefore just 21 years of age. He was taken sick very suddenly about a week before his death and though every available medical help was secured the dread disease carried him off.

A meeting of representatives from the Farmers' Exchanges of the Okanagan Valley was held in Kelowna on the 21st inst. A better understanding was reached regarding uniform prices for the coming season, and steps taken to obtain a more even distribution of valley products than which prevailed last year. An executive committee of three was appointed to secure reliable market quotations, to regulate local prices and secure better shipping facilities.

City Council

The regular weekly session of the city fathers was held as usual in the city office. All members were present with the Mayor in the chair.

The first matter to claim attention after the reading of the minutes, was a letter from Mr. P. Greyell, informing the council that he was calling a meeting of the fence viewers and other interested parties on May 30, and requesting the city to have a representative present. On motion, Major Bell was appointed.

A petition addressed to the Board of Health was next read, requesting that body to issue an order to the proprietors of the King Edward Hotel to at once abolish their cesspool, claiming that its present condition was prejudicial to the health of the community.

Rev. F. V. Venables, having obtained permission, addressed the council in support of it; and in the course of his remarks severely arraigned the council for their tardiness in forcing a remedy.

The Mayor explained that the delay was due to Dr. Fagan, who, at the request of the council, had promised to come to Enderby at once and advise on the situation. A plan of a septic tank had also been submitted to the Provincial Board of Health for their sanction, but up to date no reply had been received. Messrs. Bell & Murphy were willing to go to any expense in order to retain the present plumbing arrangements of the hotel.

After further discussion a motion by Aldermen Kenny and Evans was passed unanimously to the effect that the cesspool was not to be used any further.

A complaint having been received re the danger of fire breaking out on account of the poor construction of the forge and blacksmith shop generally of J. H. McVeigh, the matter was put into the hands of the constable to deal with.

The question as to the number and location of street lights was left in the hands of the water and light committee, with power to act.

The balance of the session was devoted to waterworks matters.

At the special council meeting held on Monday evening to consider questions arising out of the recent conflagration, it was decided to appoint Ald. J. C. English as fire chief, leaving it to him to pick his own men to make up two teams. It was also decided to instruct W. H. Hutchison to construct a hose reel, it being decided to keep the smaller hose now in the possession of the City on this reel. A four-foot steel triangle will be erected nearby the fire shed, for use in giving alarm.

Commencing on Monday next several changes in the running schedule of the daily passenger train on this branch will go into effect. From Monday onwards the morning train for the south will be due here at 8.27 a.m.; and in the afternoon going north at 4.48 p.m. The new steamer Okanagan will also make a daily trip from the Landing to Penticton and back, leaving the Landing at 1 p.m., arriving at Penticton at 6 p.m.; and leaving for the north again at 6 a.m., reaching the Landing at 11 a.m. The summer service of two trains a day each way on the main line will also go into effect at the same date. The times of departure at Sicamous are: Eastbound, No. 2, 8.58 p.m.; No. 96, 6.52 a.m. Westbound, No. 1, 5.45 a.m. No. 97, 6 p.m. A feature of the local schedule that is worthy of notice is the establishment of a new stopping place between Enderby and Mara. This place is officially known as Grinod, and is five miles north of here. It is now a regular stopping place for passengers.

Notes and Comments

Is it not time that the road-menders were abroad in the land? With the favorable weather that has prevailed of late some move towards doing the annual patching of the country roads should be initiated. The question that is now agitating a number of minds is "Who will be the road boss for this year." Perhaps the fact of the appointment not having as yet been made is the reason for the delay.

It is rather to be regretted that the Okanagan could not fall into line with the objects of the Revelstoke meeting for the organization of a central institution for the better placing of the fruit crop of the province on the market; and, at the same time, also to be regretted that steps have been taken looking to the formation of a central Farmers' Exchange in the Okanagan. True it is that this idea has been on the tapis among the various valley exchanges for a year or more; but this section should have given way to the broader and more inclusive organization.

No doubt jealously of the selected headquarters for the provincial exchange is at the root of the secession of the Okanagan; but we do not think that we are mistaken when we consider that the directors and other officers and members generally of our local exchanges will find that they have pursued a wrong course.

The formation of such a number of independent organizations for the handling of our produce is only tending to make "confusion worse confounded"; and instead of doing away with needless competition, and the glutting of one market at the expense of another, can only tend towards the aggravation of the present state of things.

The distributing point for the fruit and farm produce of this province should not be decided by reason of its adaptabilities for the production of fruit, etc., but for its geographical position. No one will gainsay Revelstoke that position; then why, we ask, this insatiate jealously? Not that we wish to throw any bouquets at that city—the Mail-Herald is quite capable of doing that. In fact, perhaps, a little too much so; for it may be that the several extremely bombastic and self-laudatory articles which that paper published after Revelstoke had been decided upon for the location of the head office, has been the means of stirring up and bringing to the surface that spirit of jealousy which is, alas, ever too ready to rise, marring very often the best of schemes.

No one will blame the Mail-Herald for seizing upon an opportunity of boosting its home town, but upon this occasion it would have been well advised if it had had a little less to say regarding the advantages to be be reaped by that city. They are small compared with the interests that are at stake, which could, as events have turned out, have been better served.

On the other hand, Okanagan fruit growers have been too ready to take offense at the selection of a point outside of the valley, and by so doing cannot surely be serving their best interests. The Okanagan is producing the goods which certain other much-lauded sections are not, and, as long as boosting of such places does not constitute a "knock" on us, we can afford to stand by and laugh. For what does it matter where *OUR* fruit is transhipped?

How Bileans Saved a Fireman.

Many a man has escaped perils of fire and ocean to fall a prey to disease. Bileans saved Fireman J. R. Flanagan, of Raglan Road, Kingston from this fate. He says: "I suffered terribly from indigestion and constipation. After food I had acute pain, a sensation of weight at the stomach and belching, followed by a worn-out, languid feeling. My bowels would not work healthily, bad headaches were common, and I fell into a weak, worn-out state. What would have happened to me but for Bileans I don't know! One box of this vegetable remedy greatly improved me and a few boxes cured me. I have now gained weight and am quite restored." Bileans also cure piles, female ailments, anaemia, debility, blood impurities, pimples, eruptions, and all liver and kidney troubles. All druggists and stores at fifty cents a box, or from Bilean Co., Toronto, for price.

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. And this is strikingly true with regard to Constipation.

The bark of a certain tree in California—Cascara sagrada—offers a most excellent aid to this end. But, combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingenious and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Sallow Complexion, etc., is indeed prompt and satisfying.

No griping, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 5 cents and 25 cents per box.

For something new, nice, economical and effective, try a box of

Lax-ets

Synopsis of Canadian Homestead Regulations.

ANY available Dominion Lands within the Railway Belt in British Columbia may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-*quarter section of 160 acres, more* or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father, or mother, if the father is deceased, of the homesteader, resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

SALMON ARM

Weekly Budget of Interesting News and Doings of that Thriving District, from our Regular Correspondent.

What's the matter with the Salmon Arm baseball team? It's all right!—and will do better next time, too.

Salmon Arm was well represented at Enderby on Victoria Day, and every one reported having had a very enjoyable holiday.

Mrs. Ferrel, of Vancouver, has been visiting at the home of Mrs. McLean for the past few days.

Mr. Clarence Kennedy, of Vernon, was the "white-haired boy" at the home of Mrs. Pratt for a couple of days last week.

Mr. Russell Cummings was home on a holiday this week.

A. M. Ambury, of Melford, Sask., was here from Saturday until Monday looking up land.

Mr. Patterson, of Calgary, bought a a small parcel of land on Canoe Creek last week.

E. Stuart Wood has added twenty acres of the Seifert property to his fruit ranch.

Rev. John Pye will remain charge of the Methodist Church for the ensuing year.

Two cases occupied the attention of the court last week. One was a stabbing affray between mill men, as a result of being under the influence of liquor; and the other the abuse of a young girl by a young man of low character. These are crimes that should not be dealt with too leniently, and it is hoped that every citizen will unite in stamping out all such evils that mar the respectability of our community.

Where do the Siwashes get their liquor? Some ten or twelve of them came in from the camps on Monday and obtained all the liquor they wanted. This is against the law, and the officials ought to be mindful of their duty regarding it.

The C. P. R. are building an addition to the freight shed, an addition that has been much needed for some time, and will no doubt greatly facilitate the handling of freight.

Rev. Mr. Wood, former minister of Salmon Arm Methodist Church, was here on Saturday and Sunday renewing old acquaintances. On Sunday Mr. Wood conducted the services, preaching in the morning in the Valley church; in the afternoon at Canoe Creek, and in the evening in town. Mr. Wood's many friends were very pleased to see him and to hear his voice once again.

(A report of the opening of the new church of S. John the Evangelist will be found on page 1.)

Home Circle Department.

It is a mistake to suppose that children will acquire good manners when they are as people phrase it, "old enough" to understand their propriety, if the observances of good breeding are ignored or neglected in the first four or five years. Mothers ometimes forget that the active and eceptive stage of child-life in the aursery is never surpassed at a later period. The little one is taking impressions every moment, acquiring gentle habits or the opposite, picking up words and sentences, surprising his elders by the facility with which he learns what they would rather he should not know. In the baby's home the foundation is laid for the good or bad manners of the mature man.

• • •

"It takes a hundred men to make an encampment, but one woman can make a home. I not only admire woman as the most beautiful object ever created, but I reverence her as the redeemed glory of humanity, the sanctuary of all virtues, the pledge of all perfect qualities of heart and head. It is because women are so much better than men that their faults are considered greater. The one thing in this world that is constant, the only peak that rises above the clouds, the one window in which the light burns forever, the one star that darkness cannot quench, is woman's love. It rises to the greatest heights, it sinks to the lowest depths, it forgives the most cruel injuries. A woman's love is the perfume of the earth. This is the real love that subdues the earth; the love that has wrought all miracles of art; that gives us music all the way from the cradle song to the grand closing symphony that bears the soul away on wings of fire. A love that is greater than power, sweeter than life and stronger than death."

McCallum & Wilcox, SALMON ARM

MOTHER'S GRATITUDE TO ZAM-BUK.

It Cured Her Boy of Painful Sores.

Nothing is more unpleasant to the eye and more painful to the sufferer than boils and ulcers. At this period of the year many adults suffer acutely from these painful outbreaks. When boils, ulcers, etc., occur on children it is pitiful to see the little ones suffer.

Mrs. E. Holmes, of 30 Guise St., Hamilton, is grateful for what Zam-Buk did for her little boy when in this pitiful plight. She says:—"I wish to express my gratitude for the benefit my child received from your famous Zam-Buk balm. He suffered from spring eruptions and then boils broke out on his neck. I tried blood purifying remedies, salves and ointments of all kinds but nothing seemed to do him the desired good. The boils got worse and became so loathsome and unsightly that I could not send him to school, as some of the boils and ulcers could not conveniently be covered. About this time a sample box of Zam-Buk was given to him and we tried it. The small sample did him a little good, so I bought a 50 cent box. The result was really amazing. Inside a week's time the boils had begun to dry up, and in a very short time indeed every one of them was healed."

Zam-Buk is a sure cure also for eczema, scalp sores, ringworm, poisoned wounds, chronic ulcers, chapped hands, cuts, cold sores, cracks, festering sores, eruptions, and pustules due to blood poison, etc. It stops bleeding and cures piles, fistula, etc. Is antiseptic; an excellent "first aid". Every home and farmstead should have its box of Zam-Buk. All druggists and stores at 50 cents a box, or from Zam-Buk Co., Toronto, for price, 6 boxes for $2.50. Send 1c stamp for trial box.

Dissolution of Partnership

WE, M. Mackay and S. H. Currie, both of Salmon Arm, B.C., formerly members of the firm carrying on business as general merchants, in Salmon Arm, under the style of Mackay & Currie, do hereby certify that the said partnership was on the 14th day of April, 1907, dissolved by mutual consent.

The business will be carried on by M Mackay, to whom all debts are payable.

M. Mackay
S. H. Currie.

Make the free test and see for yourself what this preparation can and will accomplish. Address, Dr. Shoop, Racine, Wis. Large jars 50 cents. Sold by Enderby Drug & Stationery Co.

TOWN & DISTRICT . NOTES .

The Vernon Baseball Club has at last been re-organized.—Vide Okanagan.

S. George's Guild wishes to thank all friends who kindly provided cakes, etc., or gave donations towards their fund on the 24th inst.

Mrs. W. J. Lemke left for Minneapolis on Saturday, where she will make a short stay. Mr. Lemke accompanied her as far as Glacier.

BORN.—At Vernon, on Friday, May 24th, to the wife of Basil Gardom, a daughter.

Mr. and Mrs. Carlin, of Kault, visited Enderby friends on Sunday.

It was reported on Saturday that a freight train had been wrecked on Thursday near Beaver Creek, on the main line, which was blocked some time in consequence. The only particulars obtainable were that two cars jumped the track.

Engine No. 22 made the acquaintance of this branch on Monday, at the head of a freight. It is understood that it will haul the "passenger exclusive" as soon as the new schedule for the S. & O. goes into effect.

H. G. Wade, who has been visiting at the home of Ye Editor, left on Tuesday's train for Edmonton, to resume his duties as night editor of the Morning Journal. Mr. Wade was feeling greatly benefitted from his sojourn in Enderby, and is therefore greatly enamoured with our climate, and country generally.

High water mark was reached on Thursday in the river at seven feet. Since then it has gradually fallen until the six foot mark was reached, at which it seems to be remaining stationery. It is said that another period of high water may be expected some time in July, when the snow in the higher altitudes commences to melt.

Tell it in mournful numbers! Enderby has twice suffered defeat this week at the hands of Armstrong in the sports arena. First, on Tuesday evening, the junior lacrosse team went down to defeat at Armstrong by a score of 4 to 2. On Wednesday evening the football match which had been arranged between Armstrong and Enderby for the 24th (but which had to be called off on account of lack of time), was played, resulting in a win for Armstrong by 3 to 1.

Dr. C. H. Stuart Wade, of Edmonton, came in on Saturday on short visit to his daughter, Mrs. Wm. Fraser. Like a great many more, Dr. Wade has become wearied of the prairie winters, and is looking to British Columbia as a future place of residence, being on a tour of inspection of the various sections of the province. Dr. Wade left on Tuesday's train for Kamloops. He found our country and climate just as he had been led to believe it was, and considered Enderby's prospects to be unexcelled.

Summer has come upon us "all of a heap" as it were, and winter wear is being discarded as rapidly as due caution dictates. The maximum temperature during the early part of the week was 82 degrees on Monday. Towards the middle of the week the tempeature dropped a little, while several showers of rain have fallen.

A party consisting of Mrs. Laing, Mrs. Duncan, Miss A. Griffiths, and Messrs. Wat Mack, Pete Mack, S. Duncan and A. Reeves went on an interesting expedition on Sunday last, climbing the Cliff from the Mara road. The climb was commenced from Mack Bros. ranch past the Crystal Cave, to the base of the face rock. Here the party turned to the south, and taking advantage of a little gully, reached the top after a very arduous climb. The return journey was made from the north side of the cliff, the party passing very close to the waterfall which can be seen from town, finally striking the Sparrow homestead. Though the ascent is somewhat hard it is well worth the exertion. This is the first time that this climb has been made by ladies.

Free Samples of "Preventics" and a booklet on Colds will be gladly mailed you, on request, by Dr. Shoop, Racine, Wis. simply to prove merit. Preventics are little Candy Cold Cure tablets. No Quinine, no Laxative, nothing harmful whatever. Preventics prevent colds—as the name implies—when taken early, or at the "Sneeze Stage". For a seated cold or La Grippe, break it up safely and quickly with Preventics. Sold by Enderby Drug & Stationery Co.

A strong constitution means a healthy mind and good work—and good work means advancement. To have a strong constitution one must have the best meats, and that's what you will find at the new brick block. Always fresh, juicy and tender.
