J. EMENY, Secretary, Enderby, B. C.

TOWN & DISTRICT NOTES.

A will be seen by our advertising column, the trustees of North Enderby School district are advertising for a teacher.

D. Murphy, of Ashcroft, was in town on Friday.

Quite a good fall of rain has occurred the last few days and the land, as a result, is in much better condition for the plow.

The Editor was favored on Tuesday with some raspberries which were picked by H. Johnson, of Mara, on October 12th. The fruit was perfectly ripe, of good size and taste.

Miss Manton announces that she is now at liberty, and can be found at her office in the Bell block.

W. A. Dobson and A. E. Taylor were business visitors to Vernon on Monday. We understand that, on account of Mr. Dobson's early departure for England, and the consequent putting of his handsome residence in the market, the Bank of Montreal will, in all probability, purchase it.

Geo. Ormesby left for Vancouver on Tuesday, having accepted a position with the Pacific Coast Lumber Company of that place.

We notice, in a recently published list of prize-winners, that Wm. Owens, of Mara, secured first prize for Lombard plums and second for Italian prunes at the Provincial Fair at New Westminster.

J. R. Bunce spent a few days in town this week, leaving for Vancouver on Thursday. Mr. Bunce says that though he prefers Enderby and her climate to any he has ever lived in, yet, for some time at least, he will make his residence at Vancouver.

As will be seen by a perusal of the list of prize-winners at the recent Armstrong Fair, Enderby rendered no mean account of herself, and all should feel proud of our residents who upheld Enderby's honor by going to the trouble and expense of sending down exhibits; and we are gratified to note that a large proportion had their efforts rewarded. One thing is certain, that some of our good ladies can make butter that will take prizes.

Tea was early recognized by the English (the greatest tea-drinkers amongst Western peoples) as an efficient aid to fancy and literary invention, and its capacity for maintaining serenity of spirits and temper is also admitted, but the article must be the best of its kind, and to get the best you have to purchase it in the sealed lead packets of the "SALADA" Tea Co.

The C.P.R. road and painting gangs have been busy in this neighborhood this week. The outward and inward appearance of the station has been enhanced by the application of fresh paint, while the permanent way has been considerably improved by the laying down of many cars of gravel.

J. Conner was up before Mayor Bell on Monday to answer to a charge of drunk and disorderly. He pleaded guilty and was mulched in a fine of two dollars and costs. Not having the needful, he was set at work on the city waterworks, to raise the wherewithall. In passing sentence, the magistrate remarked that there had been altogether two much drunkenness and noise on the streets lately, and said that the next one who came up before him would not get off so easily.

Mr. Hazelton has purchased seven acres of the Bell property, which is situated at the northern limit of the city. Included in the deal is a five-roomed house, which Mr. Hazelton has also acquired. These lots have been the most favored ones for investment this summer, for besides the above, Messrs. Cameron, Bass and E. Waby have each purchased either ten or twenty acre tracts of this acreage, all the sales being made by Kirby & Kirby. Messrs. Bass and Cameron have taken up their residence od their recent purchases, and Mr. Hazelton will also move his family in the house he has recently acquired. We can truly say that there has been no small movement in real estate this year, for besides the above-mentioned sales, Messrs. Mowat & Brindle have disposed of several of the ten-acre blocks which they have listed, and several ranches have also changed hands.

The local members of Enderby Coal Mines, Ltd., journeyed to Sicamous on Monday, to attend a company meeting held there that evening.

Friends of Wm. Matheson will be pleased to learn that he is progressing favorably at the Vernon Hospital.

Charles A. Vernon, a prominent citizen of Victoria, passed away last week. For a number of years in partnership with his brother, he owned what now is the Coldstream Ranch, near Vernon.

The Armstrong Advance in its current issue, in reference to the origin of the recent fire, says that it is generally agreed by the citizens that the fire was not of incendiary origin, which we are pleased to learn.

Several of the burnt out Armstrong merchants have already commenced to rebuild, B. Francis having his new warehouse almost completed.

There was a fall of snow on the mountain tops on Sunday night—the first fall of any extent that we have noticed since summer commenced to wane into autumn.

G. T. P. officials expect to reach Edmonton before the snow flies in 1907. It is also said that the Yellowhead Pass is the most favored route.

Mr. and Mrs. T. Jalland, of Sandon, after a short visit with ayor Mand Mrs. Geo. Bell, left for Calgary on Monday on a visit to friends there before returning to their home in the Silvery Slocan. Mrs. Geo. Bell and son Allan, accompanied them to Calgary, and will also make a short visit to friends in the Southern Alberta city for a few days.

An exhibit of B. C. fruit will be made at the forthcoming exhibition at Christchurch, New Zealand which opens next month. Fruit from the Coldstream Ranch will form part of the exhibit.

Good progress is being made with the installation of the waterworks system. On Monday a carload of pipe arrived and was soon distributed around town. A long length of pipe has by this time been laid in the trenches, which have been filled in.

We have received the first copy of the "Canada Inter Ocean", a new magazine journal whose headquarters are in Winnipeg. The production is certainly an acquisition to the literary works in Canada, and should be welcome if only as a means to combat the weekly and monthly flood of American literature which at present overruns Canada. The initial number is full of interest, history, plain fact, business, sport, home life, humor, wisdom and comment being all represented. The magazine is distinctly national and as such will appeal to all true Canadians, and we wish C. H. Mackintosh, editor-in-chief all success.

MARA NOTES.

The C.P.R. has two gangs at work at Mara station: the plastering gang is plastering the inside of the station; and the other, a carpentering gang, fixing up the platform of the freight shed, which was recently torn down by the big gravel plow, and also to repair the roof of the station.

The night engineer of the steam shovel "got left" on Sunday last. He went as far as Sicamous on the train of gravel and when the train arrived at Sicamous they had to go on to Revelstoke, so the night engineer had to walk all the way back to Mara and beyond (fifteen and a half miles).

H. Blurton and J. Carlin made a trip up the mountains between Mara Lake and Canoe creek and located eighty million feet of first class timber. Mr. Carlin's Company will put in a large gang of men and build shoots shortly.

Mrs. Zettergreen, who was reported sick, has had to go to the Vernon Hospital.

"Cap" Ellis is selling out everything and is going to move to the coast.

The wet weather brought down a large rock which landed on the Mara waggon road and was quite difficult to move.

SOME SPLENDID BARGAINS IN

Gent's Furnishings

FOR A SHORT TIME we are offering some cheap snaps in several lines of Gent's Furnishings. Come and see them for yourself. You will then most assuredly say that they are the bargains of the season.

Let us fit you out with a good suit of clothes and an overcoat. We have the latest fall and winter styles of one of the leading Canadian brands.

We have everything clean and fresh in the grocery line.

GIVE US A CALL

Synopsis of Canadian Homestead Regulations

ANY available Dominion Lands within Railway Belt in British Columbia, may be homesteaded by any person who is sole head of a family, or any male over 18 years of age, to the extent of one-quarter section 160 acres or less.

Entry must be made personally at local land office for the district in which land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 lbs. shall be collected on the gross output.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

For Sale

Farming Land in lots to suit purchaser. Suitable for fruit growing, dairying. Apply to

LATE LOCAL NOTES.

Mrs. Price, of Weston Super-Mare, England is visiting her sister, Mrs. H. W. Harvey.

The members of the Presbyterian church choir are busy practising special music for the forthcoming opening of their new church. The new edifice is rapidly approaching completion, the last stage, that of painting, being well under way.

Mrs. Jean Temple gave an interesting lecture at the Methodist church on Monday evening. The lecturer, who was British Columbia delegate to the Sunday School Convention recently held in Jerusalem, had much of interest to tell of her visit to the Holy Land, which interested all present. The discourse was illustrated by some excellent lantern views.

Mrs. Hank Martin was acquitted at Vancouver on the charge of abandoning her baby in a hotel there, on the ground that the child's life had not been in any way jeopardized. Mr. Martin has made application for the return of the child by the Children's Aid Society, which was granted.

One of the pleasant events of the season was the afternoon tea given by Mrs. McVeigh on Wednesday afternoon for the benefit of St. Andrew's Aid Fund. It certainly must have been gratifying to the hostess as well as the members of the Aid to have such a large number, both from the town and country attend.

The services in S. George's Church on Sunday next, October 21st, will be: Holy Communion, 8 a.m.; Matins, 11 a.m.; Evensong, 7.30 p.m.; Sunday School 10 a.m. Attention is directed to the fact that Sunday next is "Trafalgar Day", the 101st anniversary of the Battle of Trafalgar. At the request of the Navy League, there will be a special commemoration made of this great event in S. George's Church, at the 11 o'clock service, and at evening service. It has been well said that all Britishers who cultivate high ideals of which patriotism, coupled with the love of God, is the greatest. Loyal and patriotic mention of the great event, will be made in the sermon at the morning service, and in the evening also. Nelson's thrilling signal from the masthead of the Victory at Trafalgar: "England expects that every man will do his duty," has become a household word throughout the Empire, to which we feel proud to belong. These "Deeds that won the Empire," and gave Britain the command of the seas, should prompt us to thank God for the blessings, which he has bestowed upon us in every age.

The C.P.R. has now perfected arrangements covering all risks of damage by fire on consignments travelling on their rail lines.

J. Leamy, Crown timber inspector, is at present paying an official visit to this district.

Vernon ratepayers, last week, for a second time voted down a by-law to authorize their council to borrow money for installing a sewerage system.

A sale of the Nanaimo Lumber Company's property to Winnipeg capitalists has just been concluded. The price is said to have been $180,000.

D. Nairn, of Revelstoke, was a business visitor to the city on Thursday. We are pleased to learn that he is doing well in his new location. Incidentally, he was receiving the congratulations of his many friends upon the birth of a son, which event took place last week.

The work of laying the mains along all the city streets for the waterworks system has now been finished and a start has now been made on the pipe line from the river to Brash creek.

The Eagle River Lumber Co. have sold some twenty square miles of timber land on Crazy Creek, about ten miles west of Revelstoke to Messrs. Hood Bros., of Spokane, at a price of $175,000. A spur line from the C.P.R. main line and an up-to-date sawmill will be built next spring.

The funeral service of Archbishop Bond, primate of all Canada, of the Anglican church, took place last Saturday afternoon. The bishops in attendance were Carmichael of Montreal, and the Bishops of Huron, Quebec, Ottawa and Toronto. In the congregation were representatives of all classes in Montreal, besides whom were present, bishops, clergy, members of Parliament and prominent business and professional men.

In consequence of speculations in Wall street by C. McGill, general manager of the Ontario Bank, that institution is in trouble and the Bank of Montreal has offered to take over its liabilities and pay $150,000 for the good will, after which, if there is anything left, it is to go to the shareholders. The news came as a great surprise to the public. The fact that the position of the Bank was not good came out some time ago and President Cockburn was summoned back from England. Negotiations were opened with the Royal Bank but they came to nothing, and on Wednesday the directors were sent to Montreal and as a result, an offer was made by the Bank of Montreal, subsequent to certain conditions. Liabilities will be met in full.

CIVIC BUSINESS.

The city council held their usual weekly meeting on Wednesday evening.

A letter was read from School Inspector Gordon, wherein he stated that he had recommended that all conveniently adjacent land, such as the Brash property, be included in the city district, with regard to that of Messrs. Hassard and Smith, et al, he considered that that came under the jurisdiction of the Spallumcheen Municipality; but, if children from this land are attending the city schools, a grant could be collected from the Municipality. He promised to be in Enderby soon, when he will look into the question again.

The record for one hundred inches of water on Brash creek, granted to the city, was received from the Gold Commissioner.

The balance of the meeting was taken up with the dealing of questions in connection with the installation of the waterworks system. It was decided to place fire hydrants: three on Cliff street, one at the railway track; one at the corner of George street and one opposite the school; also at the corners of Mill street and Belvedere avenue, Regent and George streets, Hubert street and Armstrong road, Hubert and George streets, Russell and George streets, Belvedere and Knight streets, High and Knight streets, and two on Stanley street.

The appointment of a City Engineer, to oversee the work of installation on the city's behalf, was next considered. In this connection, Ald. Barnes said that he was going to apply for the position, and seeing that as a councillor he could not accept remuneration from the city, he wished to tender his resignation, which he forthwith did. This was read by the Clerk, and after some discussion, the council adjourned until Friday evening, when Ald. Barnes' resignation will be again considered.

NOTES.

Mayor Bell, Ald. Barnes and City Clerk Roseman were appointed by the council at last week's meeting, as delegates from Enderby to attend the Annual Conference of the Union of B. C. Municipalities, which convenes next week at Kamloops.

Mr. Barnes, in tendering his resignation, has only carried out what he had intended to do for some time past. When the question first came up of the need of employing someone to look after the city's interests, Mr. Barnes said that he would resign, so as to be in a position to accept the situation, and it cannot be said that he would not be the right man, one quite capable of seeing that all the details of the contract were lived up to by the Canadian Pipe Company. At the same time, it seems a pity that, after working together for so long a period of the yearly time, that he should have to resign.

Death of Mr. George Lynn

With extreme regret we are called upon to chronicle the death, on Sunday last, of one of the old-timers of the valley in the person of Mr. Geo. Lynn, of Salmon River. His demise, which was due to heart failure, was sudden and unexpected, for he had been ill but a short time. The deceased leaves a wife and a young family of five children, to whom the sympathy of a wide circle of friends is extended. The late Mr. Lynn was among the earliest settlers in the Okanagan, having first set foot on its soil over twenty-six years ago, and had for twenty-five years worked on his holding in the Salmon River Valley. Mr. Lynn was a successful farmer, and well respected by all with whom he came in contact. The funeral was held on Wednesday afternoon at 2 p.m., to Crane's cemetery, and was conducted by Rev. D. Campbell. There were a large number of relatives and friends present at the graveside, among whom were a number from here.

A dispatch from Victoria to the Mail-Herald, says great excitement reigns there as to the possibilities of the political campaign which will be waged in the province after the adjournment of the Legislature. The general tenor of feeling is that the campaign will be fierce and bitter. R. G. Macpherson will resign his seat in the Dominion House and run for a Vancouver seat in the Provincial House.

Last week all Ontario was visited by a regular blizzard. In twelve hours eight inches of snow fell and sleighing is general. Following the heavy rainfall, the weight of the snow has caused destruction to fruit and shade trees, as well as carrying the telephone and telegraph wires to the ground. Reports of damage come from all points, all telling of ruin to trees, telegraph and telephone wires, shipping disasters, etc. Buffalo, alone, reports $200,000 of damage done. The fruit growers of Niagara peninsula have lost heavily.

Has stood The Test
