Dear Mrs McVicar,

Thank you very much for your prompt reply. I quite agree that it may be better for me to postpone my arrival in Baltimore until you return from Florida. I am therefore writing to Miss Wolf to ask her whether it will be convenient for me to come to the Hospital as her guest on or about February 1st. It will be necessary for to fix a date when I approach the Canadian immigration authorities.

Wishing you a reastful and happy holiday,

yours very sincerely

Ethel Johns
