Knights of Pythias Issue Address to the Order.

PROMPT PAYMENT OF CLAIMS

Official Figures Show Net Assets of $334,856 and Actual Liabilities of $560,133.

Chicago, July, 13.—Under a resolutiod adopted by the supreme lodge Knights of Pythias directing the supreme chancellor, supreme vice chancellor and the president of the board of control of the endowment rank to prepare an address to the order, an address has been issued to the members, reciting the proceedings of the special conference of the supreme lodge which has just been held in this city.

The official figures of the result of the examinations by the insurance departments of Illinois and Connecticut as given in the address, show that on June 1st 1901, the gross assets upon the books were $625,239, of which sum the sum of $290,383 was not admitted, leaving net assets of $331,856, the actual liabilities for the same date were $590,133, thus leaving a deficit of $225,267.

The address formally pledges the order to protect every beneficial certificate issued and in force in the endowment rank and full and prompt payment of all claims due thereon.

We offer a strike price on nice, large cucumbers at $1 per dozen, or three for 25c. Paulson Bros. tf

Spain's Finances.

Madrid, July 13.—The budget committee, after a prolonged and critical discussion has decided to shelve for the present the proposals of the minister of finance suspending the coinage of silver except in the case of one and two perseta pieces, and authorizing the negotiation of treasury bonds at three, six, nine and twelve months, according to the demand of commerce.

News Boys Union.

There will be a special meeting of the news boys union in the Miners Union hall this evening at 7.30 o'clock and all members are particularly requested to attend.

Hello, Hartley, box of strawberries. Phone 171, V. & N.

WON'T PAY ON MONDAY

War Eagle-Centre Star Companies Issue a Notice Today.

The War Eagle-Centre Star management this morning posted up the following notice regarding pay day—next Monday:

"In consequence of the labor involved in the preparation of the pay roll for the months of June and July the paymaster will not be prepared to pay on the 15th of July. All possible speed is being made by the office staff, and the date of payment will be made known in a few days."

There appears to be no good reason assigned why the mines in question could not pay the men for June when these wages are due on the 15th of the present month and later settle for the balance.

Two opinions were expressed today about the move. One is that the companies desire to spoil the union picnic on the 16th, and the other that they fear the men may be inclined to leave town if they are paid off on Monday and want to keep them here in view of a possible settlement.

VANCOUVER SITUATION

Magistrate Russell Threatened by a Fisherman with a Gun.

Vancouver, July 13.—While the trial of Frank Rogers was being heard this morning, Superintendent of Police Hussey asked Magistrate Alexander for permission to search everyone in court for concealed weapons. The request caused a sensation in court. The magistrate refused permission.

At noon today while Police Magistrate Russell was discussing the strike situation with some fishermen one of the latter drew a revolver and threatened the magistrate. The men escaped but is known and the entire police force are out hunting for him.

Sleeping out of Doors.

Kansas City, Mo., July 13.—Not since the present hot spell began have Kansas City people suffered so severely as they did last night. The average temperature was so heavy that it was almost stifling and thousands of people slept out of doors.

MINERS' STRIKE

The Big Mines All Closed Down.

TOWN IS ORDERLY AND QUIET

Board of Trade Committee's Letter to the Union Today—The Worker on Le Roi's Big Dump.

The union has settled down to the contest with the mine owners upon a plainly stated issue and they are anxious that men seeking employment, many of whom constantly come in here from all over the year round, should keep away from this vicinity as it is anticipated that the struggle will undoubtedly last for some considerable length of time.

Up at the mines today some men were engaged in taking out the machines and tools to prevent their being injured by rust, the union having countenanced such action. Otherwise no men were at work except the pumpmen, firemen and engineers on main shafts who remained temporarily as provided for by the union when the strike was called.

The Board of Trade have handed in a lengthy communication to the union committee questioning the legality of the strike under the terms of the union's constitution.

The union committee have not yet replied to the letter but will probably refuse to discuss the question.

One solitary man is at work on the big second class ore dump of the Le Roi upon which the Bank of Montreal has a mortgage for $150,000 and the strikers are puzzled whether the scab in question is working for the bank or for "Barney."

The action of the War Eagle and Centre Star is delaying payment of wages after Monday next is noted in another column.

The unanimous action of all the men, non union as well as union, in coming out together promptly is looked upon as a complete answer to the assertion that there was any division in the ranks of the workers.

It has been suggested that the managers should dispense with the services of the Pinkertons and apply the money saved for the raise asked for by the muckers.

The men are quiet and orderly and there has been no disturbance of any kind.

Base Ball Tomorrow.

The Iron Mask aggregation will meet the Trail boys on the ball grounds here tmorrow afternoon.

The local team will be made up as follows:

Vaughn, s. s.
W. Gibson, 3rd b.

Hello, Hartley, box of strawberries Phone 171, V. & N.

Hot in the Continent.

Brussels, July 13.—Queen Marie Henriette fell a victim to the extreme heat which prevailed yesterday.

Her majesty was playing croquet in the grounds of her villa at Spa, when she was overcome and fell. She was carried in doors and soon recovered consciousness. Her majesty's physician, however, was summoned to Spa to attend her.

Defeated the Irish.

Killarney, July 13.—The university of Pennsylvania crew easily won their race against the Trinity College Dublin crew on Killarney lake today. The course was from Glenney Bay to Castle Tough Bay. The water was smooth and there was no wind.

INTENSELY HOT WAVE

Still Suffering from the Heat in the Western States.

Omaha, July 13.—Today opened intensely hot with the mercury at 8 a.m., showing 88. There was scarcely a breath of air stirring and indications were for higher temperature than yesterday.

St. Louis, July 13.—At 8 a.m., the weather bureau recorded 84 degrees. A cool breeze tempered the heat. The highest record fn Missouri for yesterday was 114 at Desoto.

St. Joseph, Mo., July 13.—At 9:30 a.m., the mercury was at 100.

Des Moines, In., July 13.—Indications point to the 100 mark, being reached today. Throughout the state the hot weather continues unabated, and the crops, while still safe, are suffering.

SHAMROCK II WINS EASILY

The Challenger Outsails the Older Boat Today.

Rothesay, Firth of Clyde, July 13.—The two Shamrocks started from off Garroch Head this morning for a long beat to windward.

At the end of the beat the Challenger was 2½ minutes ahead of Shamrock I.

She increased her lead on the run home finishing six minutes ahead of the old boat.

Carnegie's Offer.

San Francisco, July 13.—The San Francisco labor council has passed by a nearly unanimous vote a resolution advocating in strong terms the rejection of Andrew Carnegie's offer to this city of $750,000 for a public library.

Hello, boys, call around and see Davidson & Quigley at their new place of business, the "Queen," Columbia avenue. tf

AGITATORS AND SUCH.

A good many very decent people are afflicted with the pleasing delusion that union affairs generally are conducted upon anything but business lines. They don't seem to think it possible for a union official to legitimately earn a salary, and accordingly point the finger of scorn at all organized labor officers.

The "agitator" and the walking delegate generally come in for rather more than their share of abuse. That in every labor union there is depicted a "little inner circle" of wicked desperadoes whose chief business in life is to stir up strife and turmoil in order to justify their employment, who live on the credulity of their fellow workmen in luxury and idleness off the hard-earned contributions of their fellows. The rank and file of labor are always referred to in terms of pitying compassion as "unfortunates," subject to the tyrannical rule of the conspirators and agitators aforesaid.

To listen to the openly expressed views of some of these eminently respectable people one would imagine that labor unions as a rule really enjoyed a strike and entered into a life and death struggle of this kind as easily and light heartedly and with about as much consideration for all concerned as a lot of school boys would start off for a game of ball. It is true that this method of thinking and speaking of unionism is slowly going out of fashion as people get to understand better the true object and the real working of the order, but ignorance and prejudice die hard, and in some uninformed quarters, union officials are still regarded as very terrible and objectionable persons.

It is a poor compliment to the intelligence of the average working man that he should be credited with being so easily hoodwinked by this dreadful "inner circle of agitators" who, were they really in existence, would be quickly wiped off the face of the order—if not off the earth—by the horny handed sons of toil aforesaid.

People who picture unionism to be almost anything but what it really is should study the present aspect of industrial politics more carefully and they will quickly learn that the pleasant little fictions they have been harboring have no existence and have long ago been discarded by the real student of modern union machinery.

The measured action of the Rossland Miners' Union in the case now fairly before the public, their careful consultations and deliberations and their total disregard of all outside issues, shown by their temperately stated case, must convince an honest and on-looking public that it must look elsewhere than in the ranks of labor for the real "agitators" and disturbers of the community's peace and prosperity.

NOTES AND COMMENTS.

If, as Secretary Labouchere says, the Le Roi has $20,000,000 worth of ore in sight in the mine and can treat $7 ore at a profit—1500 tons a day—the company should make a struggle to even up the mucker's pay.

The Rossland Board of Trade, if it honestly desires to mediate at at the present time, should not allow a solicitor of the Le Roi company—who is a member of the committee—to worry them over technical points in the constitution of the union. The union is quite competent to attend to what is strictly its own business.

WITHOUT FOUNDATION.

Statement That Nicaragua Affairs Were Settled is Untrue.

London, July 13—The Associated Press is officially informed that the special cable dispatches announcing that the Nicaragua negotiations had reached a definits phase and that the United States ambassador Choate was conferring with Lord Pauncefote and the Marquis of Lansdowne are utterly without foundation. According to this official information the only news received is that of a consultation between the Marquis of Lansdowne and Lord Pauncefote, and Ambassador Choate will have to see the foreign minister a good many times before the affair is ready to put before the cabinet. It is also said that Mr. Choate has not been and is not likely to be consulted at all.

MILLIONS IN IT

What the Le Roi Company Says of the Mine.

£4,000,000 NOW IN SIGHT

Can Treat $7 Ore at Northport—Market Value of Mine Is Now $20,000,000.

The secretary of the Le Roi Mining company in London has been interviewed on the 25th of June with reference to the figures supplied by him to the press which appeared in the columns of the WORLD yesterday. The substance of the interview is given hereunder:

"When you say that there is in sight £3,000,000 of ore are you taking into consideration what has been opened up since October?

"No. We were then only down to the 900-foot level, nor had any driving been done at this depth; but we are now down to the 1100 foot-level and over £4,000,000 is now in sight.

"Our capital as you know is £1,000,000, in £5 shares, which now stands at about three premium, so that the total market value of the mine is £1,600,000. The ore in sight, as I have told you, amounts to £4,000,000 and the cost of working is well inside 60 per cent., so that the remaining 40 per cent. is clean profit. This 40 per cent amounts to £1,600,000, so that the market value of the mine is represented by the ore in sight alone, without taking into consideration the machinery, worth about £500,000, and the whole of the remaining possibilities of the mine.

"How much do you owe the bank of Montreal?

"Only £108,000, but this is more than covered by ore and matte in transit. We can always get an advance up to 50 per cent. of our ore in sight." The secretary added that it was not likely that the smelter strike would extend to the mine The smelter, he said, would be able to treat 1500 tons per day shortly, and this would considerably reduce the cost of treatment "indeed we shall be able to treat $7 ore."

"What is the average value of your ore now?

"About £2, 12s., but then as I have told you we have been treating only low grade stuff."

MINOR MENTION.

Mayor Lalonde was still unable to leave his residence today.

The carpenters and joiners and the barbers will join in the miners' parade on Tuesday.

Mrs. Frank Oliver is still in a critical state of health.

Rev. W. T. Stackhouse left for Winnipeg this afternoon. A number of his friends were at the C. P. R. station to bid the reverend gentleman farewell.

James Wilks accompanied by his wife and little daughter came in last evening. Mrs. Wilks and daughter left for Spokane this afternoon to consult Dr. Thompson the eye specialist of that city.

Carpencers Union.

All members of the carpenters and joiners union are requested to be present at Miners Union hall at 9 a. m. on Tuesday to take part in the miners annual picnic.

LONDON GOSSIP

An Important Boer Capture Made.

TERRIFIC HEAT IN ENGLAND

No Agreement Between England and France Over New Foundland Question.

London, July 13.—The Sun is informed that President Schelkburger's wife has been captured near Watervaal colony and sent as a prisoner of war to Pretoria. The Sun's informant says the military authorities attach great importance to the capture.

The extreme heat which has prevailed here for the past few days has been followed by terrific thunder storms in many parts of the United Kingdom. Much damage has been done by lightning and the torrenial fall of rain, the streets in some places being impassible. Similar reports of thunder storms have reached here from Berlin and other places on the continent.

It now seems that there is small probabilities of an agreement being reached between France and Great Britain over the Newfoundland question. The negotiations have not been broken off, but they have progressed so little that Downing street is inclined to regard them as almost hopeless.

BIG BUTTE HOTEL FIRE

Leading Hostelry Destroyed This Morning—Loss Estimated $90,000.

Butte, July 13.—A still alarm was turned in from the Butte hotel, a four story structure on Broadway at 2.40 o'clock this morning. When the firemen reached the scene the building was enveloped in smoke which appeared to pour from every open window. The fireman were unable to locate the blaze for thirty minutes and the greatest confusion prevailed.

A number of guests on the lower floors succeeded in groping their way out in the smoke. Scores of others were rescued from the upper windows where the panic stricken guests shrieked for succor and threatened to jump to the sidewalk below.

At 5 o'clock the fire was completely under control and the manager states that the best of his knowledge all of the guests and help have been accounted for.

The interior of the hotel, which for many years has been the leading hostelry of Butte is completely gutted. The loss is estimated at $90,000.

ORE SHIPMENTS

Small Total This Week for Obvious Causes.

HOMESTAKE'S FIRST OUTPUT

Small Shipments to Northport—Strike Cuts Total Down to 4012 Tons—Seven Shippers.

The ore output from Rossland camp for the past week up to noon today amounted to 4012 tons.

The shipments to Northport were very light and for the past two days practically no ore has gone down to Trail.

The Homestake joins the shipping list this week for the first time. A twenty ton carload having been sent out on Thursday,

Appended will be found the shipments in detail.

A PLAIN STATEMENT.

The Facts of the Case as Presented by the Executive Committee of Rossland Miners' Union, No. 38, W. F. M.

Rossland, B. C., July 12th, 1901.

To the Citizens and Business Men of Rossland and Vicinity and to the General Public:

The business and social interests of a community are so closely interwoven in a community like Rossland, that any dispute among the industrial elements forming the social structure, is often more disastrous to the business or non-combattant class around which the labor and capital elements revolve, than to the actual combattants themselves. Thus both labor and capital are morally obligated to strive to adjust their disputes, to protect the social structure of which they are separate parts.

For this reason this union deems it well to make a careful statement of all the reasons leading us to precipitate this industrial strife at this time. Since the agreement between the big corportations of Rossland and Rossland Miners' Union in April, 1900, this city has apparently enjoyed industrial peace; yet all who are conversant with the industrial affairs of Rossland for the past fifteen months know there has been a secret warfare waged against this Miners' Union, which has been nearly as destructive to the business interests of the community as an open struggle between the two industrial forces, and worse in that there is no apparent end to be seen.

We have given long and careful consideration to this matter and have reached the conclusion that the foundation of the trouble rests on the fact that nearly one-half of the employees in the mines of this community receive about 20 per cent less wages than the same class of labor in surrounding camps, many of which camps have a lower grade of ore and are less favorably situated than Rossland. We believe that it is to continue to enforce this unjust scale of wages that so many annoying practices have been introduced to undermine the prestige of this Miners' Union of Rossland.

First.—An annoying system of espionage and blacklisting by which many of our ablest members have been compelled to seek employment in other localities, althought of unquestioned ability in their trade.

Second.—By revoking a time honored privilege of the Secretary being allowed to solicit members among the non-union employees of the companies who might be off duty on the premises of the companies, a privilege guaranteed us by the last half of Article 15 of the agreement of April, 1900; thus preventing us from refilling our ranks depleted by loss of members compelled to seek employment in other fields.

Third.—By connection with bogus employment agencies seeking to flood the overcrowded labor market with cheap foreign labor.

Finally.—By the largest corporation in this vicinity openly seeking and striving to crush a sister union at Northport, Wash.

We believe all these efforts are mainly to enforce this unjust scale of wages and to prevent all efforts towards an increase. Therefore we have fully resolved that there can be no industrial peace in Rossland and vicinity until this wage question is finally and satisfactorialy settled. Then will this fair city enjoy the prosperity for which nature has so evidently intended it.

For this result we ask the moral aid and support of the many diverse bodies making the general public of this city.

Especially we ask your aid in maintaining order, without which we cannot succeed.

There can be no permanent settlement but a just settlement, and to this end we will use all our power as an organization, and all the assistance of the Western Federation of Miners.

We have right on our side and must surely win.

EXECUTIVE BOARD
ROSSLAND MINERS' UNION No. 38, W. F. M.
