The Folsom convicts have so far succeeded in eluding their pursuers.

Men are standing armed guard over their ore dumps on Poplar creek.

Men are wanted on the construction of railroads in Western Washington.

Chamberlain has no intention in his new fiscal policy of taxing raw material.

Russia is building six more battleships of a displacement of 16,000 tons each.

An unknown man was killed last night on the Great Northern track at Northport.

The Alaska boundary commission is now called to open in London on September 16.

A warrant has been issued in Buda Pesth for the deputy accused of bribery, reported yesterday.

The King and Queen have been travelling informally in Connemara, much to delight of the Irish.

There were razors in the air at a meeting presided over by Booker Washington in Zion church, Boston.

The C. P. R. land sales for July were over a million dollars, doubling the amount sold in July of last year.

Secretary Chamberlain will not throw open the Transvaal to Chinese labor as long public opinion there is hostile.

The bridge over the Willamette at Portland collapsed yesterday, drowning three people and injuring over 100 others.

The second race for the Seawanhaka cup has been won by Thorella. The Kolutoo will now have to win the remaining three to secure the trophy.

A SUMMER WEDDING

Oswald Bisson - Georgina Mae Agnew the Happy Pair.

There was a pretty wedding this morning performed by the Rev. R. F. Stillman between Oswald Bisson and Georgina Mae Agnew. The house of the bride was prettily decorated with flowers and there were a number of presents of value for the happy pair.

The best man at the ceremony was Leonard Shilvoek and the bridesmaid was Miss Effie Agnew. After the wedding the bridal couple left for Spokane for their honeymoon, being seen off at the station by a number of their friends.

The Ophir-Lade

On the Ophir-Lade the battery frame is completed, ore-bin at mill nearly finished and portion of mill enclosed. Installation of machinery will start next week. A change in original plan of conveying water for the power has been made, the company having decided to use pipe instead of wooden flume; the pipe is expected in next week. A telephone system is now installed between the upper and lower terminals of the tramway.

"Nazareth Wa'sts" for Children can be had at THE CRESCENT.

A REAL GOOD TIME IS WITHOUT WARRANT

Progressive Whist Last Night by Knights of Pythias.

The Knights of Pythias claim that they had the social of the year last night and really everything went so well and was so excellently managed that everybody who was lucky enough to be there are more than inclined to concede the contention.

The feature of the evening was progressive whist. Nineteen tables were set and there were more players ready. The prizes were won by Mrs. George Knudson and Miss Lottie Boyd. The booby prizes were accorded genially to Miss Hilda Adams and to George Sutherland.

After the whist, dancing was the order of the evening which broke up at a late hour amid a perfect hubbub of congratulations on the management for a particularly felicitous occasion.

The Knights of the Golden Horseshoe extend a hearty welcome to all their excursion to Deer Park next Sunday.

Good music at the Palace to-night.

POPLAR CREEK BOOMS

Big Figure Is Demanded for a Small Prospect.

Kalso, July 31.—Frank Holton representing Montreal and Boston capitalists is here with O. Hamilton and R. H. Murphy, negotiating a deal for the Lucky Jack group of mining claims on Poplar creek. The price offered is \$75,000, one third cash, but it is understood that one of the four partners is holding out for one hundred and fifty thousand dollars.

Very little work other than surface work has been done but the lead has been stripped for seven hundred feet and holds the almost incredible values first met with. Six men are engaged in watching the two claims and hundreds of dollars worth of ore are being stolen daily by visitors to the property in spite of the greatest vigilance.

Make your own selection and set your own price on Wall Paper at Daniel & Arthur, 38 Columbia avenue.

WANTED—A young girl to assist in housework. Mrs. Smith Curtis.

All kinds of summer drinks at the Strand. Green & Comerford, Props.

A Spokane Hold-up.

Spokane, July 31.—Five masked highwaymen held up two Hillyard cars last night, robbed and beat the passengers and conductors securing some jewelry and a lot of money.

Good music at the Palace to-night.

Only a few pair of those Dollar Shoes left at THE CRESCENT.

Off for Campaign.

Vancouver, Aug. 1.—Premier McBride and Attorney General McPhillips have left for Atlin to strengthen their political fences.

Conservative Rally Turns Down Playing to Gallery.

There was a fair discussion at the Conservative rally last evening of a resolution introduced by C. E. Race.

This resolution set out that the province showed ever a deficit.

That this deficit was owing to the big corporations only paying one tenth of their share.

That this robbery amounted to \$250,000 annually.

That this amount was more than the amount of the deficit, and consequently that the poorer people would escape taxation to some extent if that amount was collected.

That the Rossland Conservatives protest against such a fiscal policy.

C. E. Race supported the resolution of which the meaning is given above.

W. Thompson and others pointed out it had not been shown that the deficit originated in the manner shown, that it had not been more than merely asserted that the railways only paid one-tenth of their share, that the deficit was more than a quarter million, generally asserting that the mover did not know what he was talking about.

C. E. Race murmured something about a "cloven hoof."

Little Willie said his feet were normal, that he was tired of that kind of buncombe and insisted on the withdrawal of the imputation.

Chairman Goodeve stood pat.

C. E. Race took backwater.

It was then moved to suspend discussion for a week, during which time the framers of the resolution might prepare some evidence in support of its assertions.

It was accordingly hoisted.

Bowling Prizes.

The prizes at the Alhambra bowling alley for the past half month of July were won by Ed. McLaren, a box of cigars, score, 71, first prize, and for the second a tie was played off between B. Thompson and A. E. Greg, and won by the latter.

The Strand is the only first-class Saloon in the city. Green & Comerford.

The Sunset

J. Mulholland who has a lease on the Sunset on Menhinick creek, Camborne, intends shipping a few tons of ore to the Trail smelter for a trial test.

MINES OF KOOTENAY

Rossland and Boundary Shipments.

LATEST RETURNS OF OUTPUT

What the Mines Are Doing Over the District—Rossland Doing Well.

The Jumbo is shipping experimentally both to Trail and Northport. The other mines are shipping normally but rather under the late high averages. A steady, increased output is to be looked for as soon as the coke supply can be relied upon. The White Bear compressor is making good progress and the building for the Le Roi No. 2 concentrator is all but completed, with much of the machinery in position.

Phoenix, Aug. 1.—(Special).—This week the B. C. mine in Summit camp shipped its last ore for the present, and the Oro Denoro, which recently resumed shipping after three years idleness, is gradually increasing the output of ore.

The following shipments were made by the different mines: Granby mines to Granby smelter, 8,295 tons; Mother Lode to Greenwood smelter, 3100 tons; B. C. to Greenwood and Sunset smelters, 600 tons; Snowshoe to Greenwood and Boundary Falls smelters, 1560 tons; Athelstan to Sunset smelter, 60 tons; Oro Denoro to Sunset smelter, 320 tons; Sunset to Sunset smelter, 256 tons.

The Granby smelter this week treated 8332 tons, making a total of 186,307 tons for the year.

	WEEK	TOTAL

P. O., Box 902 Rossland, B. C.

CONCENTRATION.

It is still thought in some quarters that the cost of concentration, now that smelter costs are much reduced, is likely to be equivalent to smelting. The only way to explode this lingering misconception is to tabulate the figures.

Now smelting costs vary, the cheapest being that which gives a premium on excess iron. As the latter ore does not lend itself to concentration it may be properly eliminated from this comparison. Silicious ore, the best for concentration, is expensive to smelt, owing to the amount of coke necessary. Concentrates on the contrary, owing to the high percentage of smelter matte are valued by smelters and sought after, especially as little fuel, owing to the absence of earthy matters, is necessary for their reduction. Consequently a far cheaper rate is possible for them. Again freight rates of concentrates, if shipped by the car load should not be dearer than carloads, of raw ore. Granting these premises and letting it be assumed that a fair smelter rate for silicious ore of ordinary type would be \$5, and for concentrates \$2.50, let us compare the cost of smelting ore which will concentrate at 8 to 1, with the cost of reduction by the Elmore process:

SMELTING

8 tons mining.....	\$32.00
8 tons smelting.....	44.00
8 tons freight.....	2.00

Total.....\$78.00

That is to say the winning of the ore will cost \$9.75 per ton and no ore below that value will pay to ship.

CONCENTRATING

8 tons mining.....	\$32.00
8 tons concentrating.....	8.00
1 ton freight.....	.50
1 ton smelting.....	2.50

Total.....\$43.00

Or the cost of realizing will be \$5.37½. Anything above that value will pay handsomely.

As there are any amount of properties in this camp whose values run between \$6 and \$8, now lying idle, the great future before this process is at once evident, and the saving effected must be apparent to even the wilfully blind.

MUNICIPAL PROGRESS.

The following extract from the editorial columns of the Toronto News throws a strong light upon how star chamber methods such as prevail in Rossland are regarded in the east.

The dominant note of pessimism that sounded throughout Mr. Gold-Smith's address at the dinner of the Canadian Manufacturers' Association was hardly justified by the municipal experience of the citizens of Toronto. It is true that we have not reached an ideal system, but when the achievements of the past few years are considered there is seen to be much to encour-

age those who are laboring for improved methods of civic government. Twenty-five years ago, the business of the city was transacted by a multitude of committees, sitting behind closed doors, the motives of their action being hidden, and the secrecy preserved covering a vast amount of petty pilfering that could not exist in the presence of the press. The reporting of the committees was a step towards a better condition. A further movement forward was made when in 1891 a bill was passed reducing the wards to six and the number of aldermen from 39 to 24. This was accompanied by the amalgamation of the committees and the vesting of more power in the hands of the permanent officials—men trained for the special work of their offices. In 1896 there followed the formation of the Board of Control, which, although often disappointing in its personnel, has, on the whole, been a distinct improvement upon the old executive committee, with its twelve members and the consequent diffusion of responsibility. The latest change in the system is the election of the members of the Board of Control directly by the people, which will take place next January for the first time.

"These reforms all indicate a constant search for the ideal, and the tendency has undoubtedly been upward. The progress may be slow, and, to the more ardent, painfully so, but we must not forget that rapid changes are not always safe. Mr. Goldwin Smith has given us in his 'Political History of the United Kingdom' an illuminating account of the slow but certain progress of the British Isles to their system, which is the highest form of political organization yet evolved. In the light of the experience of the people everywhere in their struggles upward, may we not find reason for a more optimistic view of our municipal progress than that expressed by the great scholar the other night?"

NOTE AND COMMENT

The newspapers of a town are like looking glasses, and you see yourself as others see you. If your town is doing business the local paper will show it in its advertising columns, but if the merchants are scared, spiritless men, with stocks of goods all jumbled together and no business doing, the newspapers will show it by the lack of space they take. If you want to make your town a live town, the best way to do it is to keep your advertisements constantly before the public in your local paper. Who wants to settle in a dead town whose merchants are too scared to let outside people know that there is any business in the town.—Ex.

CONSERVATIVE PLATFORM

[Adopted at Revelstoke, September 13th, 1902.]

1. That this convention reaffirms the policy of the party in matters of provincial roads and trails; the ownership and control of railways and the development of the agricultural resources of the province as laid down in the platform adopted in October, 1899, which is as follows: "To actively aid in the construction of trails throughout the undeveloped portions of the province and the building of provincial trunk roads of public necessity."
2. To adopt the principle of government ownership of railways in so far as the circumstances of the province will admit, and the adoption of the principle that no bonus should be granted to any railway company which does not give the government of the province control of rates over lines bonused, together with the option of purchase.
3. To actively assist by state aid in the development of the agricultural resources of the province.
4. That in the meantime and until the railway policy above set forth can be accomplished, a general railway act be passed, giving freedom to construct railways under certain approved regulations, analogous to the system that has resulted in such extensive railway construction in the United States, with so much advantage to trade and commerce.
5. That the government ownership of telephonic systems should be brought about as a first step in the acquisition of public utilities.
6. That a portion of every coal area hereafter to be disposed of should be reserved from sale or lease, so that state owned mines may be easily accessible, if their operation becomes necessary or advisable.
7. That in the pulp land leases provision should be made for reforestation and that steps should be taken for the general preservation of forests by guarding against the wasteful destruction of timber.
8. That the legislature and government of the province should persevere in the effort to secure the exclusion of Asiatic labor.
9. That the matter of better terms in the way of subsidy and appropriations for the province should be vigorously pressed upon the Dominion government.
10. That the silver-lead industries of the province be fostered and encouraged by the imposition of increased customs duties on lead and lead products imported into Canada, and that the Conservative members of the Dominion House be urged to support any motion introduced for such a purpose.
11. That as industrial disputes almost invariably result in great loss and injury both to the parties directly concerned and to the public, legislation should be passed to provide means for an amicable adjustment of such disputes between employers and employees.
12. That it is advisable to foster the manufacture of the raw products of the province within the province as far as practicable by means of taxation on the said raw products, subject to rebate of the same in whole or part when manufactured in British Columbia.

Conservative Conventions

At a meeting of the executive of the Provincial Conservative Association, held at Vancouver, the province was divided into five divisions for organization purposes. The Kootenay-Boundary division is made up of the following provincial election districts: Revelstoke, Columbia, Fernie, Cranbrook, Ymir, Kaslo, Sloe, Grand Forks, Greenwood, the City of Rossland and the City of Nelson. At the same meeting the following resolutions were adopted:

1. That conventions for nominating candidates for members of the legislative assembly be held in the following manner: (a) In city electoral districts, one delegate for every fifty or fraction of fifty votes polled at the provincial election held in 1900, and if the city is divided into wards, the proportion of delegates for each ward shall be based on the vote polled in each ward at the last municipal election. (b) In other electoral districts, one delegate for every fifty or fraction of fifty votes polled at the provincial election held in 1900, the delegates to be apportioned to polling places, or as near thereto as will be fair to the voters of the different neighborhoods.
2. The election of delegates shall be at public meetings, held at a designated central place in each polling division, or in each ward in city electoral districts, if the city is divided into wards. At such public meetings only those who pledge themselves to vote for the candidate or candidates selected at the nominating convention shall be entitled to a vote for delegates.
3. Two weeks notice shall be given of the public meetings at which delegates are to be elected, and nominating conventions shall be held in city electoral districts two days after the day on which delegates are elected, and in other electoral districts seven days after. All nominations throughout the province to be made at a designated central place in each electoral district, and on the same day.
4. All notices of the date of public meetings for the election of delegates to nominating conventions, the apportionment of delegates, and the place and date of nominating conventions in the several electoral districts shall be prepared by the member of the executive of the division in which the electoral districts are situated, and issued over the names of the president and secretary of the Provincial Conservative Association.

A meeting of the provincial executive will be held at Vancouver within a month, and the date for holding district nominating conventions will then be fixed.

JOHN HOUSTON,
President of the Provincial Conservative Association.
Nelson, June 8th, 1903.

SIMILKAMEEN CITY, B. C.

Now Is the Time to Buy Lots in Similkameen City, B. C.

CAMP HEDLEY is the most talked of camp in the province, and situated in the centre is Similkameen City, surrounded by rich mines which will shortly have large payrolls. Over 200 lots have been sold to business people who realize that Similkameen will become the metropolis of this district. The Nickel Plate mines have expended \$300,000 in development and are at present building tramways and a 40-stamp mill. Arrangements are being made for the erection of a large smelter at Similkameen City which will cost about a million dollars. Besides the Nickel Plate group of claims being developed by one of the richest mining companies in North America, there are several other groups and properties which will shortly be developed, among them being the Kingston Mines, Rollo, Wellington, Winnipeg, Red Chief and Pollock. Situated as it is in the beautiful Similkameen valley, midway between Princeton and Keremeos, and protected from all opposition in the valley by adjoining a large Indian reservation, this townsite will become one of the principal mining camps of the Pacific Northwest. It was only a short time ago that lots in Rossland, Nelson, Greenwood and other mining centres were selling for the same price that they are today being sold for in Similkameen. Come in before the boom and double your money.

Similkameen City to Have Two Railways.

The Victoria, Vancouver & Eastern and the Canadian Pacific railways are starting immediate construction for the Similkameen, which will make this town a railroad centre and divisional point, and when these competing lines are completed through to the Pacific coast they will become the main through lines, being the shortest route from the interior to the coast. A large sawmill is running steadily on the west addition, the only available timber for miles around. The main street is 90 feet wide, being all cleared and ready for building purposes. All railways, roads, telegraph and telephone lines will have to come through this townsite which is located in the centre of the whole Similkameen valley and will become the largest distributing point and mining centre in British Columbia.

Similkameen City Lots Will Make You Rich.

A large agricultural area to draw from. Pure water, fine climate, rich mines, big payrolls.

Lots for Sale \$2 to \$10 Per Front Foot.

Agents in All Towns in B. C.

Estimates for complete plants on application. Special attention given to mining engineer's specifications. Telegrams—"JIGGER," Aberystwyth.

THE LOCAL EXCHANGE

Slack Week Upon the Market.

AMERICAN BOY IS IN THE LEAD

The Latest Quotations and Sales Locally Upon the Market.

The chief stocks selling during the past week have been American Boy, Giant and Mountain Lion, all three of which have advanced despite the demand. Rambler-Cariboo is not quite so strong as it was and Centre Star, War Eagle and Cariboo, Camp McKinney, all showed that slight interest is being taken in them despite the lowness of the quotations. Payne is fairly steady while rumors of resumption of work has strengthened Sullivan stock.

NOTICE.

"Idaho Fraction" Mineral Claim, situated in the Trail Creek Mining Division of West Kootenay District, and adjoining the "Enterprise," "Idaho" and "Virginia" Mineral Claims.
Take notice that I, T. P. O'Farrell of Rossland, B. C., acting as agent for Mary Kraus, free miner's certificate No. B54770, and William Kellein, free miner's certificate No. B54801, intend, sixty days from the date hereof, to apply to the mining recorder for a certificate of improvements, for the purpose of obtaining a crown grant of the above claim.
And further take notice that action, under section 37, must be commenced before the issuance of such certificate of improvements.
Dated at Rossland, B. C., this 7th day of February, A. L. 1903.
T. P. O'FARRELL

Merely Local

Arthur Dutton has returned to the camp.

A baby show for the Carnival is admirable.

There will be a social hop tonight at Carpenters Hall.

The finance committee are doing most excellent work.

Alfred Parr of Ymir arrived in the city last evening.

Many excursionists are going to Loon Lake tomorrow.

Director Maclean of the Velvet mine is expected here next week.

There is a rush for tickets for Golden Horseshoe excursion tomorrow.

Commercial travellers report heavy buying lately among Rossland merchants.

There will be no change holidays at the Le Roi during August so as to make up for the loss of time at the Carnival.

Another apology is due from the Minor. That oil is reported by the customs as having been delivered two days ago.

Joseph McNeill, brother of John McNeill, the great London Presbyterian preacher, will occupy St. Andrew's pulpit tomorrow.

J. H. Watson left for Minneapolis this morning. His bachelor friends gave the budding Benedict a melancholy and sombre farewell.

Hunter Bros. have purchased the complete stock of groceries of the late firm of Hamon & Bisson from the official assignee, Sheriff Robinson.

There was a large attendance at the Church of the Sacred Heart this morning on the occasion of a celebration of a Requiem Mass for the late Pope.

C. O. Lalonde received news this morning that Col. J. G. Holmes, D. O. C., of Military District No. 11, would be in the city on August 13 to inspect the military bodies of this city.

MORE COKE IS WANTED

Sunset Mine Shuts Down for a Time—Smelting Custom Ore.

Boundary Falls, July 31.—John Keen, of Kaslo, and G. A. Rendell, of Eholt, were in town yesterday on business for the Provincial Mining association.

Coke is arriving at the Boundary Falls smelter more freely. Should it continue the second furnace will be blown in again in a few days, but in the past it has been coming by fits and starts; only a steady supply will prove satisfactory.

The Sunset mine has been closed temporarily on account of other mines wishing to ship to the smelter. The management have, therefore, decided to accept custom ores and reserve their own from the Sunset until the second and third furnaces are blown in.

E. J. Welch, assistant superintendent at the Montana & Boston company's smelter has resigned. It is reported that he has been offered a better situation at Northport.

Don't forget the hot lunch at the Palace tonight.

NOTICE

The regular meeting of Rossland Lodge No. 8, A. O. U. W., will hereafter be held at Carpenters Union hall, Second avenue, every Tuesday at 8 p.m.

J. C. McMEEKEN, M. W.

The Palace orchestra at the Palace tonight.

GUARDING THE CLAIMS

John Y. Cole Enthusiastic Over Poplar Creek Finds.

John Y. Cole, has returned from Poplar creek. He states that after a visit of ten days to the section, he believes that the reports sent out rather underestimate it. The leads ore all true fissure veins and the free gold discoveries are scattered over such a wide area that there is no doubt that a great gold field has been located. The country in the vicinity of Poplar creek is very difficult to prospect in, the underbrush being very thick and in places almost impassable, so that much time is wasted.

On the Lucky Jack claim the owners now employ guards to prevent the quartz being stolen. It was reported when he left that this claim was likely to be sold for \$75,000 cash, negotiations for the deal then being under way.

On the Gold Hill claim, the owner C. Magnussen, has covered up the lead with earth and rock, while he went out for supplies, as the ore is so rich that already quite a lot had been stolen.

IN THE MATTER OF "CREDITORS' TRUST DEEDS ACT," 1901.

and
IN THE MATTER OF THE ESTATE OF JOSEPH HAMON AND OSWALD BISSON; TRADING AS HAMON & BISSON.

Notice is hereby given that at the first meeting of the creditor of the above named Hamon & Bisson held on the 13th day of July, 1903, a resolution of the creditors of the said Hamon and Bisson was passed appointing W. J. Robinson assignee in the place of Frederick E. Empey.

And notice is further given that a true copy of the said resolution duly verified as required by the "Creditors Trust Deed Act", has been registered in the office of the county court of Kootenay holden at Rossland, and that all the personal property of the said Hamon and Bisson is now vested in the said W. J. Robinson, and that the said W. J. Robinson is alone authorized to collect debts owing to the said Hamon and Bisson and debts which were assigned by Vaughan and Cook to the said Hamon and Bisson, and all persons indebted to the said Vaughan and Cook and to the said Hamon and Bisson are hereby required to forthwith pay the amount of the said indebtedness to the said W. J. Robinson.
WALTER J. ROBINSON, Assignee.
Dated this 24th day of July, 1903.
