THE LIBERAL STANDPOINT

Doings of the Grit Caucus at Ottawa.

FOR AN IMPERIAL CABLE SERVICE

Strong Opposition to Chignecto Ship Railway Proposition—Bounty for Lead Smelters Is Very Favorably Received.

Ottawa, July 8.—There was a largely attended caucus of the Liberal party at Ottawa yesterday at which Mr. Archie Campbell presided. It was generally understood that the Grand Trunk Pacific project would come up for consideration, but as the premier had an engagement and was not able to wait to have it discussed it was left over until Thursday next.

To proposition to give a \$15 per ton bounty on lead went through without any opposition.

A grant of \$15,000 was also agreed to response to the application of Canadian newspapers for a better cable service. The applicants will be required to put up a similar amount before the \$15,000 is available, as Fielding told the delegation he would put up dollar for dollar with them to the extent of \$15,000.

The proposition to grant \$500,000 to the shareholders of the Chignecto ship railway was discussed and there was very strong opposition to it. The matter was not finally disposed of. The discussion

was favorable to the granting of some assistance to the iron and steel industry and will be given on lines already expressed in this correspondence.

Senator Templeman said yesterday that in giving a bounty of \$500,000 per year for five years, \$2,500,000 in all, to aid the lead mining and smelting industry of British Columbia, the present act giving a bounty for refining of lead would be repealed. The bounty for refining last year was \$5 per ton. This year it will be \$4, decreasing thereafter one dollar per year.

The refinery at Trail has waived its claim to the bounty in order that the bounty of \$15 could be secured for mining and smelting, being ready to take its chances of securing all the bullion it could refine after the industry of mining and smelting was again established on a permanent basis. The proposed bounty should place the lead industry on a prosperous footing during the present year and will make good times in Kootenay for a good many years to come.

ENDORSE J. RIORDAN

Grand Forks Passes Resolutions Favoring Phoenix Candidate.

W. H. Banbury, secretary of the labor convention, held at Grand Forks, at which John Riordan was nominated as the socialist candidate to contests that riding, forwards a copy of the resolution adopted upon that occasion, which reads as follows:

"Whereas, the Grand Forks labor convention, representing the entire combined unions of organized labor in the riding of Grand Forks, clearly recognizes the two old parties, both Liberal and Conservative, to be hostile to the interests and welfare of the working class as is abundantly shown by the actions of past and present governments at Ottawa and elsewhere, and perceives that the socialist party is the only political party founded at once upon science and justice for all, and to be the last bulwark and only hope of the wage workers against final enslavement; "Be it resolved, that the above named convention recommends the local socialist leagues of Grand

Forks and Phoenix, to nominate brother John Riordan, of Phoenix Miners union, as the political candidate of the working class to contest the riding of Grand Forks in the coming provincial election; and further, promises that all bodies of organized labor in the said riding will extend their heartiest financial and political support to said candidate when nominated."

If you want to bowl try the Alhambra. Best alley in the city.

A Wonderful Hat.

Either all men are liars and the Dominion Express company mining experts or Hooligan's Hat on view in Jim Young's window has been taking ten years to get round the world. It is supposed to have started from California in 1893 and has been meandering ever since. Once a hat it has evidently served in the meantime as a colander, a scarecrow and headgear for an Aunt Sally. It is covered with tags, newspapers cuttings, labels, tobacco ads etc. and would make a handsome present to a South Sea islander who would probably surrender his island for the bedizened acquisition.

The Palace has the only first class grill rooms in the city.

DRAMATIC SESSION

Another Storm Over That Dollar.

THE RATEPAYERS ASSOCIATION

The Le Roi Flume Scheme Has Been Laid Over for Further Consideration.

The city council is getting more and more dramatic every week. Last night the old row about a dollar, which Ald. Daniel declares was improperly passed through the finance accounts, cropped up again. Daniel will not sign the cheque as chairman of the finance committee and the council says that he must. Notice was given of a resolution to be introduced which is to do away with the necessity of Ald. Daniel signing these cheques, authority to be given to Ald. Dunlop instead. This will make it interesting for Harry and, incidentally, for everybody else. There will be a hot time when the resolution comes up.

Mayor Dean want the arbitration award repealed. Ald. Daniel does not. Mayor Dean says it is too much. Ald. Daniel contends that even if this be the case legal proceedings will certainly swallow up any saving effected and the saving is in itself doubtful.

The proposal of the mayor to connect the Le Roi flume with the city water system encountered opposition in the council. Ald. Daniel wanted to know where the city was going to get off at. There would be a certain expenditure but as far as he could see there was no revenue in sight. The resolution was accordingly laid over for one week.

Nothing more has been heard of the Assessment bylaw. The Star Chamber might know something but nobody else does.

The Attorney General has written asking the council what sort of an investigation is wanted by the Ratepayers Association. The council has referred the Attorney General to the Association.

Ald. Daniel states that the real reason why an attempt is being made to get another to sign the cheques of the finance committee is that he has already signified his intention of opposing all bills for expenditure incurred by the mayor unauthorized by the council. A special instance of this has occurred over the arbitration proceedings during which Mayor Dean, unauthorized, has placed the city to an expense of some \$200.

As to the dollar business that was settled some time since.

The mayor's excuse is that he was in a hurry.

THE CELEBRATION.

A special effort must be made by the city in general for the entertaining of the C. P. R. picnic this year, and nowhere does assistance for this purpose come better than from the city council. In the past that assistance seldom amounted to more than \$150 which ordinarily enough is plenty, but under the special circumstances surrounding the present occasion more is requisite. In no way are the citizens taxed more equitably than under this method. The mayor and council would find their action approved by the very great majority of the citizens and that course taken would be financially justified by the amount of money spent here by visitors helping taxpayers to pay their assessments promptly and so extricating the council from the monetary quagmire which now lies before it.

THE LEAD DUTIES.

The WORLD has all along maintained the position for more than a year passed that the Ottawa government would not find it advisable to place an import duty on lead products but would grant a bounty. That bounty will be three-quarter cents per pound, just the amount advocated. The only criticism the WORLD has to offer on the matter is that the bounty does not go to the producer but rather to the smelter which in this case is the C. P. R. The only provision made is that if at any time the government should think that the smelters are charging excessive rates then the bounty shall be reduced. There would be no necessity for this proviso, which, judging by the experience of the past with regard to railway rates in this province, will never be carried out, if the bounty in the first place were given to the producer. As it is it is doubtful whether that part of the bounty which should be coming to the producer will ever reach the mineowner through the intervening sponge, the smelter. In such case it is difficult to see how the lead miner is being helped.

Of course even if the bounty was granted to the lead miner the railway and the smelter could easily impose such increased rates as would absorb any benefit derived, but this would only be an added argument for a competing railroad or for government ownership, or again for the establishment of a government refinery and smelter. In fact it would not be a bad notion for the province to take the matter up and obtain the half million yearly itself.

IMMIGRATION.

Immigration, says the Toronto Globe, is one of the many-sided problems which should receive more careful attention, both in Canada and the United States. The Railway Age discusses the in-

pouring of population from the standpoint of the special interests it serves. During last May 145,000 foreign immigrants arrived in the United States, an increase of 17 per cent over the large record of 1902, and it is the belief of the immigrant bureau that the arrivals for the twelve months ending with June will foot up almost 1,000,000. It is certain that the number will far exceed that in any previous year, even that of 1881, when 789,000 new inhabitants arrived in the United States from abroad. Looking at the transportation side of this movement, it is noted that to carry 1,000,000 people, 50 to the car, would require 20,000 passenger cars, besides many thousand baggage and freight cars for their belongings. Some of these newcomers remain in the seaboard regions where they land, but the great majority go west and add to the forces which are already shaping the new lands, socially and politically, into foreign and uncertain ways.

With every shipload and carload of foreign immigrants the labor question grows more difficult. This phase of the problem is not of special moment to the railway interests. Construction work in the United States is done largely by foreign labor, but it is generally so new, untrained and ignorant as to be outside what is properly regarded as the labor question. But the foreigners soon acquire the American genius for organization, and then their comparative innocence of American ways makes them a greater menace of industrial stability. The railway and other powerful interests in the United States are naturally in favor of stimulating the immigration of all classes, and the same situation exists in Canada. That a great influx of people of lower political ideals, lower standards of living and generally lower intelligence must affect the common level of the industrial classes is a truth which is left largely for the consideration of the classes directly interested. Railway corporations look chiefly to the increased volume of traffic and the more abundant supply of "labor." As with most important problems, the immediate interests of different classes are diametrically opposed. The more powerful are on the side of increasing the volume of immigration, while the more numerous finds their interests best served by exclusion. It is reasonable to believe that the ultimate interests of both classes are identical, and that they are best served by a properly discriminating system that will give admission to all who are not likely to lower the general standard of citizenship.

NOTE AND COMMENT.

If the Miner would stop writing before examining and looking up the current official maps published by the Minister of Mines, and would then glance at the C. P. R. maps of the Kootenays, it would find plenty of authority and confirmation of that authority as to the correct spelling of Lardo and Lardeau.

KISHINEFF OUTRAGES

Minister Plehve Is Seriously Accused of Originating the Massacre.

London, July 8.—The Times' Russian correspondent states that an article has appeared simultaneously in two Swedish, one Danish, and one Norwegian newspaper, referring to the Kishineff massacre, and declaring it was the result of a carefully laid plan. A pamphlet was printed by the Holy Synod alleging that the Jews took possession of the crucifix left behind by a Christian family leaving a Jewish neighborhood, and proceeded to re-erect it. From the marks of the nails blood miraculously flowed, stampeding the horrified Jews. The idea of the pamphlet obviously was to incite anti-Jewish atrocities. "By means of such massacres as Kishineff," continues the article, "Plehve desired firstly to give a stern lesson to Jews who joined the movement against the government and to warn intending Jewish revolutionists; secondly, to use anti-Jewish riots as a safety-valve for the discontent which is spreading ever wider even among the humblest orders of Russian society." The writer of the article distinctly states that the pamphlet was circulated wholesale among the orthodox population residing in Jewish quarters all over Russia.

The merchants' lunch at the Palace tomorrow will be a dandy.

When washing greasy dishes or pots and pans, Lever's Dry Soap (a powder), will remove the grease with the greatest ease.

Chronology of Pope Leo XIII.

- Born at Carpineto, March 2, 1810
- Entered college at Rome, 1824.
- Matriculated at Gregorian University, 1830.
- Entered college of Noble Ecclesiastics, 1832.
- Appointed domestic prelate by Gregory XVI, 1837.
- Referendary to court of Segnatura, March 16, 1837.
- Order of priesthood conferred, December 31, 1837.
- Apostolic delegate at Benevento, 1837, 1841.
- Governor of Spoleto, 1841-1843.
- Papal nuncio at Brussels, 1843-1845.
- Made Archbishop of Perugia, 1846.
- Created Cardinal, December 19, 1853.
- Made Cardinal Camerino, July, 1877.
- Elected Pope, February, 20, 1878.
- Received Roman Catholic hierarchy in Scotland, March 4, 1878.
- Encyclical condemning communism, socialism and nihilism, December 8, 1878.
- Encyclical against heresy and socialism, November 5, 1882.
- Recognized unity of Italy, October 7, 1883.
- Encyclical condemning liberalism, November 6, 1885.
- Celebrated golden jubilee, 1887.
- Celebrated grand jubilee, 1888.
- Encyclical on socialism and labor, May 16, 1891.
- Celebrated Episcopal jubilee, February, 1893.
- Issued appeal to England for reunion of Christendom, April 14, 1894.
- Celebrated sixtieth anniversary of his first mass, February 13, 1898.
- Declared 1900 a year of universal jubilee, May, 1899.
- Held consistory and created

eleven new cardinals June 19, 1899.

Celebrated ninetieth birthday, March 2, 1900.

CONSERVATIVE PLATFORM

[Adopted at Revelstoke, September 13th, 1902.]

1. That this convention reaffirms the policy of the party in matters of provincial roads and trails; the ownership and control of railways and the development of the agricultural resources of the province as laid down in the platform adopted in October, 1899, which is as follows:
 - "To actively aid in the construction of trails throughout the undeveloped portions of the province and the building of provincial trunk roads of public necessity.
 - "To adopt the principles of government ownership of railways in so far as the circumstances of the province will admit, and the adoption of the principle that no bonus should be granted to any railway company which does not give the government of the province control of rates over lines bonused, together with the option of purchase.
 - "To actively assist by state aid in the development of the agricultural resources of the province.
 - 2. That in the meantime and until the railway policy above set forth can be accomplished, a general railway act be passed, giving freedom to construct railways under certain approved regulations, analogous to the system that has resulted in such extensive railway construction in the United States, with so much advantage to trade and commerce.
 - 3. That to encourage the mining industry, the taxation of metalliferous mines should be on the basis of a percentage on the net profits.
 - 4. That the government ownership of telephone systems should be brought about as a first step in the acquisition of public utilities.
 - 5. That a portion of every coal area hereafter to be disposed of should be reserved from sale or lease, so that state owned mines may be easily accessible, if their operation becomes necessary or advisable.
 - 6. That in the pulp land leases provision should be made for reforestation and that steps should be taken for the general preservation of forests by guarding against the wasteful destruction of timber.
 - 7. That the legislature and government of the province should persevere in the effort to secure the exclusion of Asiatic labor.
 - 8. That the matter of better terms in the way of subsidy and appropriations for the province should be vigorously pressed upon the Dominion government.
 - 9. That the silver-lead industries of the province be fostered and encouraged by the imposition of increased customs duties on lead and lead products imported into Canada, and that the Conservative members of the Dominion House be urged to support any motion introduced for such a purpose.
 - 10. That as industrial disputes almost invariably result in great loss and injury both to the parties directly concerned and to the public, legislation should be passed to provide means for an amicable adjustment of such disputes between employers and employees.
 - 11. That it is advisable to foster the manufacture of the raw products of the province within the province as far as practicable by means of taxation on the said raw products, subject to rebate of the same in whole or part when manufactured in British Columbia.

Conservative Conventions

At a meeting of the executive of the Provincial Conservative Association, held at Vancouver, the province was divided into five divisions for organization purposes. The Kootenay-Boundary division is made up of the following provincial election districts: Revelstoke, Columbia, Fernie, Cranbrook, Ymir, Kaslo, Slocan, Grand Forks, Greenwood, the City of Rossland and the City of Nelson. At the same meeting the following resolutions were adopted:

1. That conventions for nominating candidates for members of the legislative assembly be made up of delegates chosen as follows:
 - (a) In city electoral districts, one delegate for every fifty and fraction of fifty votes polled at the provincial election held in 1900, and if the city is divided into wards, the proportion of delegates for each ward shall be based on the vote polled in each ward at the last municipal election.
 - (b) In city electoral districts, one delegate for every fifty or fraction of fifty votes polled at the provincial election held in 1900, the delegates to be apportioned to polling places, or as near to such places as will be fair to the voters of the different neighborhoods.
 - 2. The election of delegates shall be at public meetings, held at a designated central place in each polling division, or in each ward in city electoral districts, if the city is divided into wards. At such public meetings only those who pledge themselves to vote for the date or candidates selected at the nominating convention shall be entitled to a vote for delegates.
 - 3. Two weeks notice shall be given of the public meetings at which delegates are to be elected, and nominating conventions shall be held in city electoral districts two days after the day on which delegates are elected, and in other electoral districts seven days after. All nominations throughout the province to be made at a designated central place in each electoral district, and on the same day.
 - 4. All notices of the date of public meetings for the election of delegates to nominating conventions, the apportionment of delegates, and the place and date of nominating conventions in the several electoral districts shall be prepared by the member of the executive of the division in which the electoral districts are situated, and issued over the names of the president and secretary of the Provincial Conservative Association.

A meeting of the provincial executive will be held at Vancouver within a month, and the date for holding district nominating conventions will then be fixed.

JOHN HOUSTON,
President of the Provincial Conservative Association, at Nelson, June 8th, 1903.

Certificate of Improvement.

NOTICE.

"Idaho Fraction" Mineral Claim, situated in the Trail Creek Mining Division of West Kootenay District, and adjoining the "Enterprise," "Idaho" and "Virginia" Mineral Claims.
Take notice that I, T. P. O'Farrell of Rossland, B. C., acting as agent for Mary Kraus, free miner's certificate No. B54770, and William Kellem, free miner's certificate No. B54801, intend, sixty days from the date hereof, to apply to the mining recorder for a certificate of improvements, for the purpose of obtaining a crown grant of the above claim. And further take notice that action, under section 87, must be commenced before the issuance of such certificate of improvements.
Dated at Rossland, B. C., this 7th day of February, A. L. 1903.
T. P. O'FARRELL

SIMILKAMEEN CITY, B. C.

Now Is the Time to Buy Lots in Similkameen City, B. C.

CAMP HEDLEY is the most talked of camp in the province, and situated in the centre is Similkameen City, surrounded by rich mines which will shortly have large payrolls. Over 200 lots have been sold to business people who realize that Similkameen will become the metropolis of this district. The Nickel Plate mines have expended \$300,000 in development and are at present building tramways and a 40-stamp mill. Arrangements are being made for the erection of a large smelter at Similkameen City which will cost about a million dollars. Besides the Nickel Plate group of claims being developed by one of the richest mining companies in North America, there are several other groups and properties which will shortly be developed, among them being the Kingstons Mines, Rollo, Wellington, Winnipeg, Red Chief and Pollock. Situated as it is in the beautiful Similkameen valley, midway between Princeton and Keremeos, and protected from all opposition in the valley by adjoining a large Indian reservation, this townsite will become one of the principal mining camps of the Pacific Northwest. It was only a short time ago that lots in Rossland, Nelson, Greenwood and other mining centres were selling for the same price that they are today being sold for in Similkameen. Come in before the boom and double your money.

Similkameen City to Have Two Railways.

The Victoria, Vancouver & Eastern and the Canadian Pacific railways are starting immediate construction for the Similkameen, which will make this town a railroad centre and divisional point, and when these competing lines are completed through to the Pacific coast they will become the main through lines, being the shortest route from the interior to the coast. A large sawmill is running steadily on the west addition, the only available timber for miles around. The main street is 90 feet wide, being all cleared and ready for building purposes. All railways, roads, telegraph and telephone lines will have to come through this townsite, which is located in the centre of the whole Similkameen valley and will become the largest distributing point and mining centre in British Columbia.

Similkameen City Lots Will Make You Rich.

A large agricultural area to draw from. Pure water, fine climate, rich mines, big payrolls.

Lots for Sale \$2 to \$10 Per Front Foot.

Agents in All Towns in B. C.

The Palace has the only first class bowling alley in the city.

Make your own selection and set your own price on Wall Paper at Daniel & Arhu, 38 Columbia avenue.

Private dining rooms for ladies at the Palace.

The Ruby.

Ore has been struck in the tunnel on the Ruby, Boundary, which is now in about 100 feet.

The Palace has the only first-class bowling alley in the city.

Private dining rooms for ladies at the Palace.

Moraghan oysters any style at the Palace grill rooms.

The merchants' lunch at the Palace tomorrow will be a dandy.

When washing greasy dishes or pots and pans, Lever's Dry Soap (a powder), will remove the grease with the greatest ease.

DANGEROUSLY HURT

Serious Accident Last Night at Morrissey Mines.

Morrissey Mines, July 8.—Two men were very seriously injured here yesterday evening at the Morrissey colliery. They were riding up a steep narrow-gauge incline railway on some heavy mine timbers when the logs loosened from the car and rolled over on the unfortunate men.

One of them is a young son of Captain Harper Wilson, of Winnipeg. Their recovery is doubtful.

PROGRESSIVE PLATFORM

1. No candidate will be accepted or endorsed by the party unless endorsing the platform and placing his undated resignation in the hands of the endorsing body.
2. Government ownership of transportation.
3. Compulsory arbitration of labor disputes.
4. Absolute reservation of portions of coal lands by the government. Coal leases must have a clause inserted governing coal prices.
5. Conservation of forests so as to produce a revenue and to promote the pulp industry.
6. Insertion of a clause in all charters forbidding the employment of Orientals.
7. Compulsory sealing of all logs by government scalers.
8. Free transportation to members of the legislatures and the judiciary.
9. Gradual abolition of all taxes upon producers and their products, shifting the burden on land values.
10. Restriction of Oriental immigration on the lines of the Natal Act with a provision for reenactment in case of disallowance.
11. The abolition of property qualifications on public officers.
12. The establishment and operation of government smelters and refineries.
13. All franchises and subsidies to be referred to the electorate.
14. Declaration of election day as a public holiday, with four hours reserved in any case, so as to allow all employees an opportunity of voting.
15. Farm lands and implements to be exempt from taxation and wild lands to be assessed at the price asked by holders.
16. No land subsidies to be granted.
17. Ten per cent of public lands to be set aside for a revenue for education and that children up to 16 years be given free books and meals and clothing when necessary.
18. Municipalization and public control of the liquor traffic.

Certificate of Improvement.

The Brothers and Jungle Fraction Mineral Claims, situate in the Trail Creek Mining Division of West Kootenay District.

Where located: Near the international boundary line on Sophie mountain. Take notice that I, Kenneth L. Burnet, Prov. Land Surveyor of Rossland, agent for E. B. Sentell, Esq., of Vancouver, B.C. free miner's certificate, No. B57520, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of such Certificate of Improvement.

Dated this 4th day of June, A.D. 1903.

F. O. E. FRATERNAL ORDER OF EAGLES, Rossland Aerie

No. 10, Regular meetings every Monday evening, 8 p. m., Eagles Hall, Carpenters' Union Bldg.

J. Levy, W. P. H. Daniel, W. Secretary.

I. O. O. F. Meets in Odd Fellows Hall on Queen Street, between First and Second avenues. Regular meetings each Monday night. Visiting brothers are cordially invited to attend and register within 30 days.

W. S. Murphy, Sec. Jos. Goldsworthy, N. G.

Notice is hereby given to all persons interested in said plan that application on behalf of the Consolidated White Bear Mining Company, Limited, Non-Personal Liability, will be made to a Judge of the Supreme Court in Chambers, at the Court House, Victoria, B. C., at 10:30 o'clock in the forenoon, on the 28th day of July, 1903, for an order changing said plan so as to close Montreal street and substitute a new street to be called Montreal street ninety feet to the west thereof; also to close a portion of Kootenay Avenue between the westerly boundary of Lot 12 in Block 2 and the westerly boundary of Lot 16, Block 3 and to open in lieu thereof a street running south through Lots 15 and 16, Block 3, thence westerly parallel to the old street to the new Montreal street above mentioned, including the lane between said Lot 15 and said new Montreal street, also the westerly end of the lane in Block 10 is to be closed, also the westerly half of the lane in Block 6.

And further take notice that the plan of said Addition as proposed to be amended may be seen at the law office of the undersigned, Columbia avenue, Rossland, B. C.

J. A. MACDONALD,
Solicitor for Applicants.
Dated 26th June 1903.
