**DIPLOMATIC RELATIONS OFF**

Trouble Over Insulting Article About the Murdered King Humbert—Minister Recalled.

Berne, Switzerland, April 10.—Diplomatic relations between Switzerland and Italy have been ruptured. This action arises from the refusal of Switzerland to give satisfaction regarding an article published in Geneva insulting the memory of the murdered King Humbert.

The Bundesrath has sent the following communication to parliament: "Regrettable misunderstandings have occurred between us and Signor Silverstrelli, the Italian minister. We have felt constrained to request the Italian government in the interests of the good relations of the two countries, to recall Signor Silverstrelli. The Italian government having refused to do so, we broke off relations with Signor Silverstrelli whereupon the Italian government on its part, has now broken off relations with our minister at Rome. We shall publish the documents relating to this office."

## FINAL DECISION OF THE BURGHERS

**Acting President and Commander in Chief Present—Are Fully Possessed of the British Peace Terms—The Result Will be Made Public Shortly.**

Pretoria, April 9.—President Steyn, of the Orange Free State, Secretary of State Reitz, of the Transvaal, Acting President Schalkburger, of the Transvaal, and Gen. Lucas Meyer, commander-in-chief of the Orange Free State forces passed through Kroonstad, Orange Free State, on Sunday, April 6th, on their way to Klerksdorp, Southwestern Transvaal, where Gen. Botha, the Transvaal commander-in-chief, arrived on Monday, April 7th. It was expected that Generals Dewet and Delarey would attend the conference to take place there.

It is understood that the Boer leaders are fully possessed of the British peace terms and that the

conference then assembling was to enable the leaders to discuss these terms thoroughly. It is expected that the final decision of the burghers will be made soon.

London, April 10.—The London Times, in its second edition today publishes a dispatch from Klerksdorp, dated Wednesday, April 9th, announcing that Acting President Schalkburger and other members of the Boer government arrived there by train April 6th, and that messages were sent out inviting President Steyn and Gen. Delarey to come in and meet them. While awaiting a reply Gen. Schalkburger and his party were occupying a hotel which had been reserved for their use.

## SHOCKING TRAGEDY AT EVERETT

Wife of Assistant Cashier of the American National Bank Goes Off Her Head.

Everett, Wash., April, 10.—A shocking tragedy occurred here last evening when Mrs. Shepard R. Bucey, wife of the assistant cashier of the American National bank, killed her husband, their four year old son, and herself, in a fit of insanity. When assistance arrived at the house, the clenched hand of Mrs. Bucey retained the smoking revolver. In the parlor lay the form of Mrs. Bucey, shot through the heart, by her side was her four year old boy Eugene, with a bullet through his head. In the dining room adjoining the parlor was Mr. Bucey's body with two bullet holes behind the left ear. The most reliable account of the tragedy is told by a servant, Elizabeth McNully, who said:

"I was in the kitchen when Mrs. Bucey fired the first shot. I started in, but seeing her approach with a smoking revolver, I returned to the kitchen, where Mr. Bucey's mother, with the 18-months-old baby was. With the second shot the old lady started into the room, when Mrs. Bucey ran up to her husband and fired two shots through his head. His mother cried out: 'Oh! She has killed my boy,' and Mrs. Bucey then killed herself."

"Mr. Bucey came home from the bank about 6:30 and everything seemed pleasant. There was no cause which I can imagine that would cause the tragedy."

Regular dinner served at the Palace from 5:30 to 8 p. m. Price 50 cents.

## MISS LAKE'S TROUBLES

**A Distorted and Incorrect Statement—Has Found Friends.**

With reference to the distorted and incorrect account of the trials and tribulations of Miss Lake, which appeared in a local publication this morning, the WORLD, which held the story at the lady's request, has been asked to state that Ben Collings referred to with such particularity, is in no way connected with the case. Mr. Collings is well known here to all but the late arrivals, and about March 22nd he left for the North Star mine in Kimberley camp where he is now at work, the superintendent having sent for him.

The lady in question has been invited by Mrs. Tonkin of the Le Roi boarding house, who knew Miss Lake and her people in the old country, to visit her while awaiting news of her friends, and the invitation will probably be accepted.

Messrs. Morrison and Bryenton, for whom Miss Lake has been working since her arrival here, have been making due enquiries about the missing man in the case, and in a day or so the whole matter may be cleared up.

Don't forget the dance at the Miners' Union Hall Thursday night, April 10.

**The Daily Wreck.**

Dayton, Mass, April 10.—An express train on the Boston and Albany Division of the New York Central ran into a section gang at Alliston today and three men were killed and one was injured.

Have you seen the latest? If not, call at the Headquarters saloon and see the Klondike pool table.

## CELEBRATE THE 24TH

**Meeting of Citizens Last Evening—Preliminaries Arranged.**

At a meeting of citizens last evening in the office of Lee Coombs it was decided to arrange for a local celebration of Victoria Day.

Lee Coombs was elected president of the celebration committee and H. W. C. Jackson secretary. Messrs. Jackson and E. A. Rolf, will look after the financial end of the business.

It is proposed to hold sports on Columbia avenue on the morning of the holiday and wind up with an open air band concert in the evening.

A large number of entries for the race meeting are already promised and the details will be announced later.

The meeting was an enthusiastic one and determined to make the celebration a success.

Regular dinner is served at the Palace from 5:30 to 8 p. m. Price 50 cents.

**OFF FOR KAMLOOPS.**

Bulmer and Woodside on the Way—Trade Delegates Start on Saturday.

Rupert Bulmer and Frank Woodside left for Kamloops last evening to attend the meeting of District No. 6, Western Federation of Miners, which opens tomorrow and the Labor convention which commences on Monday next. Alfred Dyer accompanied the delegates, and will represent the WORLD at both gatherings.

Messrs. Brownlee, McLaren and Beamish, local delegates to the Labor convention from the Trades council, will leave here on Saturday evening.

## SERIOUS CHARGES

**Missionaries in China Accused of Torturing the Heathen.**

London, April 10.—A dispatch from Shanghai says that allegations of cruelty against Catholic missionaries have caused an anti-foreign outbreak at Ningpo, a city in the province of Chekiang, and one of the ports open to foreign trade on the Ningpo river, where a statement was circulated that some missionaries gouped out a boys eyes. Two British and two German warships have been dispatched to Ningpo.

## CITY AFFAIRS.

"Citizens" who have followed the administration of municipal affairs here since the triumphant election of Mayor Clute and his friends, can hardly view the present outlook with pleasure.

The mayor is deliberately adopting a policy of drift on every live question, and presently he will come to the end of his tether and the public will have to intervene.

It is enough to make angels weep to recall the frantic efforts of the gentlemen comprising the "Citizens" committee last January to elect Clute and save the credit of the city.

Ratepayers will remember very well the arguments which were used at the outset of the year, and it is quite fair now to recall them and ask the financial genius in charge of our affairs what he proposes to do with the difficulties that already confront the administration.

The mayor understood very well what was in front of him when he elected to run for office, and he has had very much his own way up to the present time. He cannot complain that he has been hindered by fractious opposition or unkind criticism. He was held out to us as the representative of that class who, alone, know how administration of affairs is to be properly and effectively carried out, and it will not do now for he and his friends to set with folded hands and meekly plead incapacity.

"Citizens" who protested over much in January that if Clute were only elected all would be well, and that if Peter John McKichan was elected, blue ruin would certainly overwhelm us, are reminded of the fact and it is up to them to enquire now, what less Peter John McKichan could have accomplished than the present incumbent of the mayor's chair has done. Mr. McKichan could very easily have done much more, but under any circumstances it is conceivable that he, or anyone else, could have accomplished less during the first quarter of the year now ended?

## LABOR TRIUMPHANT.

Reviewing the course of the first parliament of Australia, Dr. Fitchett says in an article in the Review of Reviews for Australia.

Of the three parties in the house of representatives the Labor party—and with good reason—contemplates the work of the session with the most of complacency. It has held the balance of power between ministers and the opposition. If it had voted for Mr. Reid's motion of want of confidence, the ministers would have been overthrown. Whenever it is joined hands with the opposition against any item in the tariff, ministers were powerless. Mr. Reid, the leader of the Labor party in the house of representatives, is an able man and of a cool and even temper, which in politics counts for more than ability. "The Labor party" he declares, "is highly satisfied with the result so far accomplished."

An attempt is to be made to federate all the labor bodies of Australia and New Zealand. In a striking speech delivered at Melbourne, the president of the trades hall council said that the aim of the labor leaders was "to awaken amongst the workmen the consciousness that they were the ruling class, and had it in their power

to dictate conditions to other classes."

Mr. Tudor, M. H. R., in the same meeting proclaimed that "the workers were not a 'class' in the community, but the community itself—or at least ninety per cent of it." Senator Pearce said that "they would not be the third party in parliament, but the dominant party. If they organized properly they could not only send a Labor party to parliament, but a labor ministry." A new consciousness of power no doubt stirs in the very blood of the working classes. An unformulated and half-unconscious socialism ferments in its imagination, and strange social experiments are possible in Australia.

## NOTES AND COMMENTS.

The story telegraphed from Skagway that a Canadian surveyor named Fraser had destroyed one of the boundary monuments erected by Russia in Alaska is laughed at in Ottawa as a first of April yarn. Surveyor General Deville said the story was absurd, as no boundary monuments had ever been built by Russia in that part of the country. The Canadian government does not employ a surveyor of the name referred to, and it is sheer nonsense to regard the story as at all probable.

Smith Curtis, M. L. A., deserves the thanks of every honest man in British Columbia for pressing home the charges against the Dunsmuir government. We have several alleged reformers at Victoria who holler very loudly at times about their anxiety for the welfare of British Columbia, but when such a scandalous proposition as the Canadian Northern and the E. & N. railway deal is being forced upon the province, they are dumb as oysters, either from fear or connivance. A royal commission has been appointed and of course a report will be made, but that will not cut any figure. The evidence is there and the people will judge for themselves.—Vancouver Independent.

We stated in our last journal that nothing but good could result from the peace conference lately held in New York City. Our predictions have come true. The first effort towards settling a strike has proven successful. Within the last month the difficulty at the National Register company of Dayton, Ohio, has been adjusted by a committee appointed at this conference. If all of future efforts resulting from the peace conference prove failures, it has at least performed one good act. It would be well for the critics who had nothing but derision for the efforts of the persons participating in this conference to smoke up and let the fumes disappear before they again take up the cudgel of unjust criticism.—Piano and Organ Makers' Journal.

The Kamloops Labor convention will prove a means to ascertain to what extent the desire for independent political action on the part of the labor unions of the province is shared. Heretofore movements of this kind have been confined to localities, and policies and platforms drafted that would not suit or be acceptable to other sections of the province. In the interior country conditions are more favorable to labor unions going into politics than they are on the coast. Here we find the majority of trades unionists identified with one or the other of the old line parties, and so far any attempt to wean them has proved ineffective. In the interior, where the vast majority of unionists are engaged in one industry, the work of educating the miners to take a united stand in politics has met with considerable success. It is said that at the next general election they will return not less than five members. The prospects on the coast are not so bright; still, there exists a feeling that encouragement and assistance should be extended to the unionists of the interior, hence the sending of a representa-

## COMING OUR WAY

### The Tide Has Turned Towards the Dominion-- Plenty of Room.

The tide of immigration seems to have turned towards Canada. The Lake Ontario last week sailed away with some 550 emigrants bound for Western Canada; then followed the Lake Superior with no less than 1200, and on Thursday last the Tunisian left Liverpool for St. John, N. B., with 1032, 612 British and 420 Continentals, and yesterday the Sarmatian, from Glasgow, carried 265 Scotch emigrants to Canada.

It looks from the above figures as if the Times' article in which it was stated that "from 2500 to 3000" would go out to Canada during the month of March was not at all out of the way, and if the 4000 per month the same article mentioned as the number that would go out to Canada during April, May and June should be as near the mark, then it will begin to look as if the tide of emigration has really turned towards Canada. During the month of October and November 35,000 emigrants left Hamburg and Antwerp, all bound for the Western States.

### TOO MUCH ADAM SMITH

Canada Should Never Have Heard of Free Trade.

Canada's life as a nation has been one protracted wrangle over the relative merits of protection and free trade.

Too much Adam Smith is the phrase which stands for the great cause of this country's backwardness.

A nation cannot live by debate alone. Canadians have wrangled over fiscal creeds when they should have followed the guidance of common sense in working out the problem of development of their own resources.

"Canada a nation" is a noble sentiment. "Canada a debating society" would be nearer the truths of our history.

Canada would be several hundred thousand people and many million dollars better off if this country had never heard of free trade and Canadians had used their heads more and their jaws less Toronto Telegram.

Wellington, N. Z., April 10.—The premier, Richard J. Seddon, in a speech today announced the customs revenue of New Zealand for the year just ended was £91,000 in excess to the estimate. He said the government contemplated providing for rebates of duties on goods manufactured in Great Britain.

## CANADIAN LOSSES

### Over 200 Canadians Lie Buried in the Dark Continent.

Ottawa, April 10.—The total number of Canadians who have died in South Africa since the commencement of the war is 207. It would appear from the details that the first contingent suffered a heavier loss than any of the other contingents.

The first Canadian contingent of infantry lost 68 men from wounds and disease; the second contingent, consisting of mounted rifles, dragons and artillery, 47; Strathcona Horse, 30; Canadian Scouts, 10; South African Constabulary, 45; 2nd Regiment Canadian Mounted Rifles, Canadians in various other corps in South Africa, six; total, 207.

## MINNIE O'GRADY

### Gathered in Emma's Diamonds--Strange Case From Butte.

Butte, Mont., April 10.—Mrs. Minnie O'Grady, a widow, is under arrest on a strange charge of grand larceny. Mrs. Emma Proulx, a friend of the accused, and a wealthy widow, claims that Mrs. O'Grady induced her to take a carriage ride a few nights ago and to wear all her diamonds for display. Before starting, Mrs. O'Grady gave her friend some medicine for rheumatism. A few minutes later Mrs. Proulx became sick and desired to return home, but Mrs. O'Grady, she alleges, took her out into the country where she left her by the roadside in a lonely place after taking away all her diamonds, valued at several thousand dollars.

Mrs. Proulx was found unconscious and physicians state that she was in a critical condition. Mrs. O'Grady denies that she was the woman who went driving with Mrs. Proulx. The police yesterday discovered that Mrs. O'Grady had several other engagements with rich women to take them out driving and that she requested each one to wear all her diamonds for effect.
