REDUCED RATES

Slocan Mine Owners to Get a Reduction.

PRICE $4 LESS THAN LAST YEAR

New Tariff Framed to Meet a Falling Market—Some Unfavorable Features.

Nelson, Dec. 27.—With the first of the year the mine owners of the Slocan will be given a reduction of $4 per ton in the treatment rate upon their ores which carry more than twenty per cent. lead.

The new rates are based upon ores carrying twenty per cent. lead. The present rate for the treatment of ore of this class is $15; by the new tariff it will be $11. For ore carrying more than twenty per cent. lead there is the same provision of adding 20 cents to the rate for each per cent. of lead over twenty. In the case of ore carrying forty per cent. lead the treatment rate would work out $15 which is just $4 lower than the rates charged by the smelters this year for the treatment of the same grade of ore.

These rates are much more favorable than many of the mine owners were led to expect, but they are not as good as they appear on the surface, as there are a number of new conditions attached to them which did not apply to the old rate.

A SUICIDE AT GREENWOOD

Charles A. Vedder Takes His Own Life.

SUPPOSED HE WAS DESPONDENT

A Well-Known Insurance Agent--Leaves a Wife and Four Children--No Cause Assigned for the Rash Deed--Pete Larson Injured by Explosion.

Greenwood, Dec. 27.—Lying on a couch unconscious with his life's blood slowing ebbing away from a bullet hole in his head is Charles W. Vedder, a prominent business man of this city.

Absolutely no cause can be assigned for self destruction other than a temporary fit of despondency. Vedder was found sitting in a chair in his back office by John W. Hartline at I o'clock. At his feet, bearing sufficient testimony to the terrible tragedy of self destruction, was an old rusty 38 Smith and Weston revolver of five cartridges in which two were exploded. The bullet penetrated the right temple above the ear settling in the base of the brain. The Doctors after examining the wound pronounced it fatal.

Vedder was born at Schenectady, N. Y., 42 years ago. He came here from Spokane a year ago forming a partnership with Ralph Cunningham in the general insurance business. He is a Mason and a member of the Knights of Pythias.

Mrs. Vedder is in a precarious condition. Vedder leaves four children.

Peter Larson was taken to the hospital early this morning. While at work loosening frozen ore, it is supposed his pick struck a small lot of dynamite. An explosion followed, the flying ore severely bruising Larson. Injuries are thought unlikely to prove serious.

City Clerk McQueen will be returning officer, and as such, will have a casting vote only in case of a tie.

The nominations for all offices will take place at the city hall on Monday, January 13th.

WHY LIGHT FAILED

Cleaning Out the Water Way at Bonnington Falls on Xmas Day.

The West Kootenay Power & Light company wanted to clean out their waterway at Bonnington—an annual affair—and consequently the plant was shut down for some hours on Christmas day, so that from about 8 a.m. until 3 p.m. Rossland was without electric light.

About 3 p.m. the light was turned on again in good time for Xmas dinners and festivities.

The water at Bonning just now is unusually high for this time of year and the company had some little trouble in turning on the water after the channel was cleaned out, but everything is now running smoothly once more.

Lunches, Oysters and all kinds of game in season, at the Windsor Cafe. Open day and night. 2-t

KILLED AT NORTHPORT

Steam Shovel Tipped Over and Crushed Thomas James to Death.

Northport, Dec. 27.—Thomas James was killed in an accident at Hendrick's cut last night. James was working with an extra gang, clearing away a slide at the cut, when the steam shovel tipped over and crushed him to death.

No others were seriously injured. James was about 45 years old and unmarried and a member of the Red Men and Knights of Pythias. The lodge will endeavor to locate his relatives and will take charge of his funeral.

PLEASING EVENT

Entertainment at Miners' Union Hall.

XMAS IN SONG AND STORY

Short Addresses by Rupert Bulmer, Rev. Sanford and James Wilks—A Splendid Program.

Miners' Union hall was filled to the doors last evening by an enthusiastic audience who vigorously applauded the program rendered.

Rupert Bulmer, president of the Rossland Miners' Union, occupied the chair and in making the opening address gave a brief account of the first Christmas Day, and what it meant for us all at the present time. The address was an appropriate and thoughtful one, and was very well received.

Rev. A. M. Sanford made a few characteristic and appropriate remarks on the Christmas season, and James Wilks, Vice-President of the W. F. M., gave an address touching on the labor situation in Rossland at the present time, and referring to the festival that was being celebrated the world over. Mr. Wilks was roundly applauded at the conclusion of his address.

The carol singing was excellent and was greatly enjoyed by the audience, who applauded the singers again and again.

Miss Preston's rendition in tableau form of "Nearer My God to Thee," accompanied by a quartette was a finished performance.

Little Misses Olive and Hazel Juliff were exceedingly good in their dialogue and in singing "Bonnie Little Burnie," and both pieces called forth well earned encores.

The solos by Mrs. Edward King and William Richmond were particularly well received, and worthy of more than passing mention.

Mr. Patterson's recitations were well received as were the piano solos rendered by Mr. Coffin and the solo by Miss Laura Jewell.

The whole program was given without any of the rather annoying pauses that sometimes happen, and the large audience dispersed very well pleased with the entertainment.

SCOTCH DANCING — Of all kinds taught on Tuesdays and Thursdays of each week, at the Old Scotch Club house, opposite Hunter Bros., by Alexander McLeman. Office hours from 2 to 5 p.m., each day. Class nights from 8 to 10 p.m. Social dance each Friday evening. rf

HON. WM. MULOCK.

Citizen and Country of Toronto commenting on the recent banquet to Postmaster General Mulock in that city, draws attention to the absence at the banquet of nearly one hundred Trades and Labor delegates who were invited to take seats on the platform.

Speaking at the banquet the premier declared:

"Mr. Mulock has introduced amongst us the great principle of of the recognition of the laboring classes entitled to a fair share of what they help to create."

The Toronto paper quoted does not agree with Sir Wilfrid's view of Mr. Mulock's achievements and thinks the absence of the delegates referred to demonstrates what organized labor thinks of the matter.

Citizen and Country concludes a good article by stating exactly how organized labor in Canada regards Mr. Mulock as postmaster general and Mr. Mulock as minister of labor. It says:

"A word for Mulock. He has his faults as a politician and other wise, but the present is an occasion to give him praise for creditable service. He has been the the best postmaster-general Canada has yet had. The service has been vastly improved by him and the financial results are very satisfactory.

"We commend Mr. Mulock as postmaster general, but not as minister of labor. His services on behalf of labor are neither more sincere nor satisfactory than those of the Conservatives in office before him. All is not gold that glitters."

NOTES AND COMMENTS.

The second item in the municipal accounts which appeared in yesterday's WORLD should have read "municipal arrears for 1900" in place of "municipal arrears for 1901."

J. J. Hill has ordered a general reduction in freight rates along the entire Great Northern system, and the freight department is busy at work at the new tariff, which is looked for in a few days.

A good deal of local interest has been taken in the civic figures for the year up to December 21, as given by the WORLD yesterday. We invite criticism on the details given from city ratepayers generally.

Hall Caine writes to the British Weekly that the precepts of Christ are good as politics as well as good as religion, and that the worst anomalies of modern life come by the fact that, while as individuals we try to be Christian men, as nations we are too often content to behave as barbarians.

At a special meeting of the general managers association held in Chicago on Tuesday last, a movement was started which may result in a great increase of wages of trainmen, engineers, firemen and switchmen on all the big railroad systems east of Chicago.

The Vancouver World is in a heap of trouble these days. D. G. MacDonell has commeneed an action for $10,000 and interest due on a promisory note. McLean Bros. have also entered suit and a third action has been instituted by eastern shareholders on a $30,000 bond.

It is stated that the machinists' strike in Chicago, which has involved 400 union workmen since it started seven months ago, is about to be settled. Conferences are now being held by leaders on both sides, and it is expected that an agreement will be reached and ratified within the next few days. It is said the Aller-Chalmers company has agreed to return to the nine-hour day, which leaves the question of wages, the strikers to be taken back and the disposition of the men who took the strikers' places, to be decided.

The following is a copy of a resolution, adopted by the Trades and Labor Council of Halifax, N. S., and forwarded to Premier Laurier: Whereas, it is an unwritten understanding that the members of the government of Canada are as nearly as possible representatives of specifically large interests as well as representative of the several provinces; and,

Whereas, the working and wage-earning classes of the Dominion—its wealth producing elements, and forming a large proportion of the electorate of the whole country—have no direct representative in the Federal Council of the nation; and,

Whereas, there now exists a vacancy in the Cabinet forming the Dominion Government, and likely to be filled by a British Columbian: therefore, be it,

Resolved, that the secretary be, and is hereby instructed, to bring this very important subject to the immediate attention of the Right Honorable the Premier of Canada, and praying him that a direct representative of the working and wage-earning elements of the country—a man out of their own ranks and possessing their general and full confidence—be taken into and assigned a portfolio in his Cabinet.

WANTED—1000 men to get their shirts washed at the Electric Laundry. 6t.

A Strike Settled.

Lynn, Mass., Dec. 27.—The strike of the employes of the American Exposition company line was settled tonight, and afterwards the company was cheered, and in return the men recieved a Christmas present of $5 in gold each. At a meeting of the teamsters' union the Exposition company agreed to give the men $52 a month for a 10 hour day. The agreement suggested by the board of trade as arbitrator was unanimously accepted.

Honored By the King.

Chicago, Dec. 27.—Arthur Egan the 17-year-old hero of twenty-three life-saving exploits in Lake Michigan, has been decorated by Edward V11., king of England, for his heroism. Yesterday young Egan was notified that a gold medal of the Royal Humane Society, bestowed by King Edward in recognition of the daring of a British subject, awaited him. Egan is the first resident of the United States to receive such honors. He is a British subject by reason of his birth in Canada.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. O. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full size bottle."

Rev. Dr. Morris Wechsler,
Rabbi of the Cong. Bnai Israel.
New York, Jan. 3, 1901.

DRS. TAFT BROS'. MEDICINE CO.,
Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful.

After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether. Very truly yours,
REV. DR. MORRIS WECHSLER.

Avon Springs, N. Y., Feb. 1, 1901.

DR. TAFT BROS. MEDICINE CO.
Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symtoms. I feel that I can conscientently recommend the medicine to all who are afflicted with this distressing disease.
Yours respectfully, O. D. PHELPS, M. D.

DR. TAFT BROS. MEDICINE CO. Feb. 5, 1901.
Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed, I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full size bottle, and I am ever grateful. I have a family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit.

DECLINE IN COPPER

W. C. Jones Gives His Opinion on the Cause--Lost Confidence.

W. C. Jones, former representative in congress and one of the attorneys for F. August Heinzie in the latter's war with the Amalgamated Copper company, is in Spokane spending the holidays with his family.

Mr. Jones has given his views on the reason for the recent decline in Amalgamated copper stock. He said:

"The reason for this decline, in my judgment, is that the investing public has come to realize that the actual value of the property would not justify a valuation of more than 50 cents on the dollar on the stock. This realization has brought the stock down. It is, in my opinion, the main reason for the slump.

"Another important reason which has contributed to the rapid and continuous fall of the Amalgamated stock is the growing conviction in the mind of the investing public that the Amalgamated Copper company is an unlawful organization. It is absolutely so. Its articles of incorporation show that it was organized for the purpose of controling other corporations through the purchase of a majority of the stock of such corporations.

"This is not only unlawful, but at common law it was criminal. Moreover, under the constitution and laws of Montana it is criminal. The public is beginning to to understand this fact, and that fact constitutes another big reason for the fall in the stock?"

Chrismas Gift for Iron Workers.

Fall River, Mass., Dec. 27.—Notices were posted in the iron works mills here today by M. C. D. Borden, owner, announcing that the operatives would receive as a Christmas gift an amount equivalent to an increase of ten per cent. in wages for six weeks. This restored to them the amount lost in wages since the cut-down at the mills six weeks ago, when Mr. Borden took off ten per cent. advance in wages which had been in effect for two weeks.

COMMUNICATION.

EDITOR EVENING WORLD.

Mr. Editor:—I wish to give the public a little information in regard to Richard Hooper, one of the men who has lately returned to work at the War Eagle mine. Many may believe that Hooper was compelled by necessity to leave the ranks of the union and break his obligation.

He left a good position at Ymir to come to Rossland to assist the company in their attempt to crush the union, but we believe the defection of such men as Hooper will strengthen instead of weaken th Miners' Union of Rossland. He had received liberal support from the union, previous to his going to Ymir, and after he was working there the union continued the aid to his family. He has always assisted the corporations to crush the workingmen, when it would be to his advantage, afterwards seeking to establish himself in their confidence when the trouble was settled.

At one time he worked at the Cleveland mine at Ishpeming, Mich., during a strike, and then as a penance to square himself with his fellow-miners, he drank from the horse trough in the city square in the presence of a thousand assembled miners. It is evident from the course pursued by Dickie in Rossland that his repentence was not sincere.

The following has been suggested as a hymn for his use in his weekly devotions:

"Must I be carried to the skies
On flowery beds of ease,
While others fight to win the prize
And sail through bloody seas."
