### ON WALL STREET

Some Results of the Panic Yesterday.

### FORTUNES MADE AND LOST

How \$60,000 Was Made in a Few Hours Out of the Rise in N. P. —Latest Results.

New York, May 10.—The Times says: Richard W. Miles of Meriden, Conn., was one of the few happy speculators in the transactions in Wall street yesterday. Some time ago on the advice of a friend he bought 100 shares of Northern Pacific at \$84 and all through the excitement of the last few days Mr. Miles closely watched the course of the market. He offered to sell once at less than \$350 and was laughed at; but when the uproar was at its height some broker, who had learned of his possession, paid \$700 a share for it and Mr. Miles cleared more than \$60,000.

Another lucky man was Peter McQueen of Schenectady, who had 100 shares for which he paid \$9500. He deposited these with a Loan and Trust company. A few days ago Mr. McQueen sustained an injury in a railroad accident in Michigan and was taken to a private hospital. On Tuesday and Wednesday he was bombarded with telegrams from the Trust company asking permission to loan the stock over night. But Mr. McQueen wearied of these and early in the day telegraphed: "Sell the stock outright." His orders were obeyed and he obtained \$700 a share for it.

**The Situation.**  
New York, May 10.—Sentiment in the financial world was much reassured today by the announcement made last night that the shorts in Northern Pacific were to be settled at \$150, thereby ending the corner in the stock.

Brokerage offices were filled with speculators at an early hour and to some of the largest houses admission was to be had only by ticket, for the New York opening interests centered in London's quotations and when these came much higher than yesterday's New York close the better feeling became stronger and the New York opening prices were awaited with confidence in marked contrast to the complete demoralization that prevailed on every hand yesterday morning.

### Feeling in London.

London, May 10.—A more reassured feeling was evident in the stock exchange as the day wore on and there were no scenes of excitement. Sprey Bros. and the Morgans report considerable New York buying with London realizations, which afterwards were mingled with London and continental buying. J. P. Morgan, Jr., said to a representative of the Associated Press: "The situation looks a little better. I would not be surprised if the buying continued, though no one can tell what tomorrow will bring these days."

### No Failures.

At about 10:20 the cheering news was given out that the stock exchange had officially announced the successful passing of all clearing sheets and the honoring of all checks given by exchange members yesterday. This announcement effectually disposed of the

rumors current yesterday and that certain houses would be unable to meet their obligations on yesterday's contracts.

At 11.45 the entire list was strong. Northern Pacific sold on the exchange at \$160 and at the same time Kuhn-Loeb & Co. were settling at \$150.

### FATAL EXPLOSION.

**Conductor and Engineer Blown a Hundred Yards Over the River.**

Huntington, Pa., May 10.—The boiler of a freight engine on the Huntington & Broad Top railroad at Mount Dallas, the southern terminus of the Broad Top railroad, exploded this morning instantly killing four members of the local freight crew. The bodies of Conductor Hollingshead and Engineer Berkstresser were blown four hundred yards across the river.

### Brokers Assign.

New York, May 10.—Elbert Thomas Jackson and Samuel C. Jackson, stock brokers assigned today. Liabilities are under \$100,000.

### The Federal Building.

No settlement has been arrived at between the contractor and the stonemasons on the federal building. The men are holding a meeting this evening and the matter will be further discussed with the contractor in the morning.

**FOR SALE**—Nice three-room house and lot in Durham Addition, for \$250 cash. Frank Woodside, Miner's Union Hall, 14

### Kempton Park Races.

London, May 10.—Impulse, J. Reiff in the saddle, won the Park plate of 200 sovereigns, and Sinopi won the Apprentices plate of 100 sovereigns.

### Golf Championship.

London, May 10.—The final of the amateur golf championship contests at St. Andrews today was won by H. H. Hilton who defeated J. W. Row by one hole.

### Trouble at Bonnington Falls.

Several workmen whose home is in Rossland have returned from Bonnington Falls. They were induced to go there, they say, by the those in charge of the work in progress at that place, and were promised work at fair wages. Upon arriving at Bonnington Falls they were informed that \$2 was the wage paid per day, and that out of this sum they must pay \$5.25 per week for board and provide their own bunk.

Subscriptions to the EVENING WORLD will be taken at any of the news stands in the city at 50c per month.

### Railway Trackmen.

T. G. McNammon, representing the Brotherhood of Railway Trackmen, passed through Slocan this week organizing branches of the order at several points along the line of the C. P. R. The organization now covers the entire system of the company, and is doing very much to advance the interests of the employees and at the same time give the company better service. A committee representing this organization was recently sent to Montreal to interview the general manager of the road regarding certain grievances complained of. All the requests of the committee were favorably received and it will return to Montreal this month to receive the final answer of the company upon certain points brought up.—Ledge.

## CLOSE OF THE SESSION.

As the session at Victoria draws to a close it is interesting to note the gradual change that has taken place in the party standing of some of the members. Fighting Joe has come over from the opposition and is now a stout defender of the Dunsmuir government. Doubtless Mr. Martin can show convincing reasons for his change of front. Mr. Curtis would not follow his leader. He consistently continues to oppose the government's railway policy and has placed the members on record on the question of government ownership. Other opposition members have experienced a change of heart during the session, notably John Cunningham Brown, the erratic member for New Westminster. In Mr. Brown's case a very strong motive is suggested. Hon. Mr. Turner is to fill the position of provincial agent general in London when the session is over and it is asserted that Mr. Brown's strong desire to fill the finance minister's place in the government is likely to be gratified.

From the government side Messrs. Helmcken, Hall and McPhillips have arrayed themselves against Mr. Dunsmuir's railway policy and have joined hands with Mr. Curtis on this issue. Apart from the railway question the defect of these members is not regarded as permanent.

The political history of British Columbia for the past four years makes queer reading and the close of the present session adds another chapter that has its serio-comic side. One only has to recall the speeches and incidents of the Turner administration, the series of incidents connected with Mr. Carter-Cotton's government and finally the steps which have led to the formation of the present administration and its history up to date, to grasp the beauty of non-partisan government as practiced in British Columbia.

One way and another we have had our fill of elections and politics generally and it is some relief to know that another election in the near future is most unlikely. Admitting that the Dunsmuir government is evil and deserves to be turned out of office, we fancy most people in this section of the province would prefer putting up with things as they are until the appointed time, to entering again in the turmoil and unrest of another general election at this time.

## EDITORIAL NOTES.

Kaslo has chosen Victoria Day for local celebration. Trail and Nelson have each decided on Dominion Day. It is presumed that Labor Day will fall to Rossland as it always has of late years. If that is understood, this camp can wait its turn but we must not be the only camp in the Kootenays without a special day of celebration during the summer.

The Evening World of Rossland is a new aspirant for public favors. It is very neat typographically, is ably edited and is bright and up-to-date locally. It merits the healthy patronage it is receiving.—Northport News.

The McGill University mining students have arrived in Vancouver in their special car and will shortly visit this camp. We pre-

sume the Board of Trade will look after the McGill men, but how would it do to send the whole lot to the "Barren." The present condition of the War Eagle and Centre Star would doubtless form an interesting study for the Montreal men.

The Vancouver Province formerly a strong supporter of Geo. R. Maxwell, M. P. P., is showing signs of opposition to that gentleman and making sarcastic references to the rallying cry at the last election of "Maxwell and the Mint." The Dominion Government having decided to establish a branch of the mint at—Ottawa not Vancouver.

Before the Oriental Commission the Collector of Customs at Vancouver testified that there had been no falling off in the immigration of Chinese during the four months of the increased tax. The British Columbia members at Ottawa who maintained that the paltry increase of \$50 in the head tax would have little if any effect in checking the Chinese are supported by the actual facts as developed.—Nelson Miner.

In the election of Dr. Byrne as mayor of Spokane and in several of the minor offices filled on last Tuesday the municipal league practically succeeded in all they undertook to do. The new civic administration is strongly pledged to economical management for the future.

## SPECULATING PARSON.

He Lost Over \$100,000 for His Parishioners and They Kicked.

Chicago, May 10.—Rev. S. A. Harris for several years and until recently pastor of the Congregational church at Millburn, Ill., has been suspended from the ministry for six months pending an investigation of charges which are made by his former parishioners who declare they are over \$100,000 out which they had entrusted to the minister for speculations that are said to have turned out unfortunately. Mr. Harris was at one time a lawyer in Chicago and a member of the board of trade.

## LEAVING CHINA.

American Troops Giving Up the Districts—Troops Go to Manila.

Pekin, May 10.—The Americans have evacuated the districts under their control with the exception of the Forbidden city, which they will continue to occupy unless orders to the contrary shall be received from Washington. As it would be impossible to turn over the American districts to the Chinese, who certainly would not be allowed to keep them independently, General Chaffee, in order to prevent chaos, notified Count Von Waldersee a week ago that he would evacuate today those portions adjoining the British and assigned to them and the remainder of the Germans.

The departure of the troops for Manila has been delayed ten days owing to the transport Indian being quarantined at Nagasaki because of a case of smallpox on board.

Large Building Burnt to the Ground. Loss \$25,000.

This would not have happened if the building had been lighted by electric lights. Besides coal oil is costly, and there is the trouble of filling lamps, taking care of wicks and the breakage of chimneys. ### IT WAS FELT IN CHICAGO

Twenty Million Dollars Was Shipped  
to New York over Night—Great  
Excitement Prevails.

Chicago, May 10.—The Tribune  
says:

Chicago banks shipped \$20,000,-  
000 of currency of New York last  
night as a result of the fall in  
stocks. Urgent demands for mar-  
gins had been sent from New York  
and much of the money was for  
this purpose. Some of it was the  
result of investment buying in  
stocks and bonds by Chicago men  
yesterday.

It was a day of unprecedented  
excitement and buying in broker's  
offices. Thousands of small ac-  
counts were sold out and some  
large accounts suffered a like fate.  
Every body who could not pro-  
duce promptly all the margin de-  
manded was ruthlessly closed out.  
Chicago banks occasionally make  
shipments of currency to New  
York but it is rare for such a de-  
mand to develop as was yester-  
day.

that Russian troops suppressed

arrests were made, including sever-

#### Churchill's Escape.

London, May 10.—In the course  
of an interview with a representa-  
tive of the Daily Mail, Mr. Win-  
ston Churchill denies without qual-  
ification the story of Baron Gines-  
berg, who claims to have been the  
Transvaal secret police and who is  
reported here to be lecturing in the  
United States, that Mr. Churchill  
was allowed to escape from Pre-  
toria after having fallen into the  
hands of the Boers and that snap-

Pleasing Presentation to Miss Mag-  
gie Seed—A Good Program.

The City Lodge of the Independent  
Order of Good Templars held a most  
successful entertainment last evening in  
the Odd Fellows hall.

Mr. Lane occupied the chair and the  
hall was crowded to the doors.

During the evening Rev. Mr. Stack-  
house on behalf of the order presented  
Miss Maggie Seed with a beautiful gold  
bracelet set with opals and valued at \$25.  
The reverend gentleman explained that  
the gift was a slight recognition of the

untiring efforts of Miss Seed in or-  
ganizing and promoting the City Lodge  
of the Order. The surprised recipient  
made a most feeling reply and the happy  
incident closed.

After a few well chosen remarks by  
the chairman the following program was  
rendered:

Piano selection, Miss Robinson; song,  
Miss Impey; lecture, Bro. W. H. Creitz;  
vocal solo, Mrs. Benny; piano selection,  
Miss Macdonald; recitation, J. Logan;  
vocal solo, Mrs. Benney; recitation,  
Bro. Creitz; song, Miss Impey.

At the conclusion of the entertain-  
ment a cordial vote of thanks, on behalf  
of the Lodge was given to all the per-  
formers on the program.

Temporary Close Down for Repairs—  
Will Start up Again Next Week.

Reports have been circulated around  
Northport and Rossland that there was  
some trouble between the management

This is officially denied. The smelter  
has been closed down temporarily in  
order to make some much needed  
changes and repairs which the manage-  
ment decided upon early in the year.  
The close down will not affect the ore  
shipments and it is expected that the  
furnaces will be blown in some time  
next week, but no date is fixed at the  
present time.

**MINOR MENTION.**

Private Thompson, R. C. R. Ottawa, has been recommended for the Victoria Cross for rescuing four wounded men at Paradeberg under heavy fire.

It would look as if the story of a dog poisoner being abroad is a mistake. Many dogs have been apparently poisoned but have recovered, and the supposition is that they have been eating garbage which has been lying on the ground all winter.

Ottawa has had another serious fire on Wednesday night. Loss \$30,000.

The Lethbridge foundry at Winnipeg was burned on Thursday. Total loss, no insurance.

Hon. Mr. Justice King of the Supreme Court died at Ottawa yesterday.

C. P. R. stock shared in the general tumble yesterday, the highest point reached was 17 1/2.

R. D. McMillan, the merchant tailor, owing to an increase of business has moved next door to the C. P. R. ticket office.

"The Rossland Miner, a pound of tea and a share of either Centre Star or War Eagle stocks for two bits," seems a horrible possibility at the present time.

The new fire team of bays purchased for \$600 by the council from the War Eagle Co., for the hook and ladder truck have been passed by Veterinary Armstrong, and are being trained at headquarters. Assistant Chief Collins says that a better or finer team for the purpose could not be got.

**THT POLICE COURT TODAY**

A lengthy Session--Adams Charged with Stabbing Mrs. Harris-- Fines Inflicted-- Notes.

There was a lengthy session and a large attendance of spectators at the police court this morning, the chief interest centering on the Adams assault case.

John Kelly who kicked up a disturbance in one of the houses yesterday was remanded until Monday to sober up, and J. J. Macdonald charged with being drunk and causing a disturbance in the Bank of Montreal office yesterday, was fined \$10 or two weeks. The fine was paid. Edward McCabe and William Goggin charged with assaulting John Sexton yesterday pleaded not guilty and were granted an enlargement until tomorrow. McCabe was also charged with assaulting J. J. Macaulay and pleaded guilty. He paid a fine of \$15 for this offence.

Pierre Alix pleaded guilty to assault Constable Robert Fox, whilst in the discharge of his duty, and was fined \$25 or one month imprisonment—he paid up.

According to Mrs. Lillie Harris, who lives on Queen street and whose husband is now in Greenwood, Michael Adams came to her boarding house on Monday last and in the presence of Patrick Blake a boarder stabbed her with a carving knife he snatched from the table. Mrs. Harris said that Blake interfered and took the knife from Adams who cut his hand badly in trying to stab her. Adams went off and had Mrs. Harris arrested, charging her with as-

**HEAVY LOSS**

**Government Ownership of English Telegraph System \$8,300,000.**

London, May, 10: Mr. Heniker Heaton, in the House today drew attention to the financial loss of £700,000 in the telegraph service, aggregating £8,300,000 since the government took over the lines and asked how the government proposed to remedy this.

Sir Michael Hicks Beach, admitted the correctness of the figures. The reason of the loss was that the public was more eager for rapid communication than the revenue warranted. Unproductive extensions must be discharged.
