THE BIG STRIKE

Several Hundred Join the Ranks of the Strikers,

FIRMS SIGN AGREEMENT

Railway Machinists Go Out at Erie—Situation Today in a Nutshell—More Trouble Likely.

Washington, D. C., May 23.—Several hundred additions to the ranks of the strikers, two score or more firms signing the agreement with the men, leaving approximately 30,000 or 35,000 men still out, and possibly material accessions to the roll of strikers in course of the day, is in a nutshell the machinists strike situation throughout the country. While several railroads have adjusted their difficulties, trouble with other roads is imminent.

Norfolk, Va., May 23.—Conferences between the Seaboard air line railway officials and the committees representing the International Association of Machinists have been fruitless. The last of these was held yesterday at the office of the vice president. He declined to recognize any members of the committee except such as were employes of the road. He refused each and every demand of the working men.

After leaving Mr. Bar.'s office, S. D. Nedrey, organizer of the American Federation of Labor who had been managing the local strike situation telegraphed to all points of the air line where machinists are employed, ordering the men to strike.

Doncaster Meeting.

London, May 23.—Mephistopheles, ridden by L. Reiff, won the Hopefnl stakes of five sovereigns each and 200 sovereigns added, the Doncaster spring meeting today, Veneer was second. Heirmale L. Reiff up won the Tonesborough handicap stakes of five sovereigns each with 100 sovereigns added. Lorenzaccio was second and Yankee Dope third. The Wyven, Maher up won the Doncaster spring handicap of 500 sovereigns added to a sweepstake of fifteen sovereigns each.

Sospello, L. Reiff up, won the Portland stakes of five sovereigns each with 200 sovereigns added. Holstein, J. Reiff up won the Stockin stakes of 500 sovereigns each with 100 sovereigns added. The Scotchman II was second and Congratulations third.

Lipton's Request.

Southampton, May 23.—Sir Thomas Lipton has asked that the races be postponed until the first week in October.

N. P. Stock Settlement.

London, May 23.—The Stock Exchange committee for general purposes decided today ts suspend the buying in of Northern Pacific shares until June 10th.

Think He Was Murdered.

Patterson, N. J., May 23.—The news that Greatno Bresci, the assassin of King Humbert, had committed suicide in the penitentiary of Santo Stefano caused great excitement among the anarchists group in this city. That the assassin actually took his life the anarchists will not for a moment admit. They say Bresci was murdered at the instigation of the Italian officials. Pedro Esteve, editor of the Italian paper La Question, Sociale, and one of the leaders of the anarchists here, said there was doubt in his mind that Bresci had been murdered. A number of the strikers at the Paragon Sitka mills, who are members of the anarchist group, held a meeting today to discuss Bresci's death.

Lost in Mid-Ocean.

London, May 23.—A bottle which was picked up at Granton today contained a message saying that the steamer Crott, with all hands was sinking in mid-Atlantic. The British steamer Croft, 2700 tons of the Arrow line, Capt. Land, laden with grain and general merchandise sailed from New York, Jan. 25, 1899, for Leith and Dundee with a crew of 25 men, and was never again heard from.

Northern Pacific Again.

New York, May 22.—There were signs ef fresh trouble in Northern Pacific today. The opening price was 171, a gain of 11 points. Then before noon it jumped to 175, 185 and 160, on sales of 1,000 shares. The closing quotations was 205, a gain of 45 points for the day.

LOSS OF LIFE.

Tennessee Floods Cause Immense Damage.

Knoxville, Tenn., May 23.—Floods pouring into the Tennessee river from the swollen rivers from upper east Tennessee caused the former to reach a stage today 33 feet above low water mark. This is the highest stage reached in 26 years. Authenticated reports from the northeastern part of the state show that 13 lives were lost.

The financial loss was heaviest at Elizabethtown, where nearly 100 homes were destroyed, causing losses estimated to aggregate $250,000. At Watauga the damage is estimated at $150,000.

THE SPORTS TOMORROW

Program for Victoria Day—Races at Sunnyside—Ball Game at the Grounds.

Fine weather may be expected tomorrow and every one in Rossland is looking forward with pleasure to the first outing of the century.

The races are sure to draw a large crowd. A special C. P. R. train will leave here at 1 o'clock returning after the races are over. The events are:

MRS. BRESCI EXPLAINS

Anarchy Not Practical and Too Good for This World--Bresci's Last Days.

New York, May 23.—Speaking of her husband's act in killing the King of Italy, Mrs. Bresci said: "He did not plan it with others. Now that he is gone there is no reason to conceal anything, and I can say absolutely that there never was a plot. It was said my husband was a leader and the agent of a band of anarchists in killing the king. This is not true. His act was entirely an individual act. He conceived it himself. The Paterson anarchists were as surprised he did it as I was."

"Anarchy, from thelittle I have rean of it, is a propangade that is too good for this world. It is not practical. That is the trouble with it, and that was the trouble with my husband."

On the wall of Bresci's cell the word "vengeance" was scratched with his bloody thumb nail. Bresci's violence last week culminated in his attacking a jailor, in consequence of which he was placed in a straight jacket. Later the prisoner feigned docility in order to secure an opportunity to commit suicide, which he accomplished by honging himself with an improvished rope attached to the ceiling. In the earlier days of his imprisonment Bresci resented orders to keep silent and threatened to kill himself.

THE SESSION IS OVER

Parliament Adjourned—Prorogation Speech Today — Matters Referred to.

Ottawa, May 23.—The governor general in proroguing parliament today said in part:

"It has been pleasing to note that the act making the 24th day of May a legal holiday has met with general approval, evincing as it does, a desire to pay a worthy tribute to the memory of a sovereign who was so endeared to her subjects.

"The establishment of a branch of the Royal mint in Canada marks a new departure in money system and is gratifying to the pride of the people, evidencing as it does, the increasing wealth and prosperity of the Dominion."

Reference was also made to the approaching visit of the duke and duchess of York, French line subsidy, and the further allowance to Prince Edward Island.

Smallpox in New York.

Albany, May 23.—Twenty-seven cases of smallpox were reported to the State Board of Health this week from New York.

A LOVE FEAST.

Readers of the morning paper must have rubbed their eyes in bewilderment when they perused the leading editorial in yesterday's issue. The WORLD man, upon glancing over the article in question, abandoned his breakfast and hastily proceeded to the head office of the Le Roi company to make kind inquiries after Mr. Bernard Macdonald's health, because newspapers as a rule do not speak of anyone as the Miner did, without special cause, unless he is either dead or in a very bad way. We were relieved to learn that the general manager was no worse than was to be expected under the circumstances. He offered no explicit explanation concerning the editorial in question and in fact declined to speak for publication, but the writer has a distinct recollection that at the conclusion of the interview he was thankful he was not the author of the article, which will explain Mr. Macdonald's keen relish of the matter.

Everyday people will talk of such things, and the number of queries which reached this office yesterday and today concerning the real, true meaning of the article, is simply amazing. A few of them were put like this:

Does the Miner own the Le Roi—and the manager? or does the manager own the Miner? What was paid—in cash or otherwise—for the "leader"? or did the manager refuse to pay so much per line for keeping it out? (We acquit the Miner on these two charges.) Was the article "inspired"? and if so, why?? Is it true that the Miner is now an out and out manager's paper? Does it really and truly love the unions as it did? and if not, why not? What next? Won't the Miner please tell us just how it all happened?

[Since the above was written Mr. Macdonald and the editor have again spoken. We extend to both our sincere sympathy.]

THE ORE SHIPMENTS.

In another column in this issue we give the corrected ore shipments for the week's ending May 11 and 18 respectively, and a summary of the three record weeks in the history of Rossland camp in corrected figures. We also republish the estimates appearing in the Rossland Miner's Sunday mining review for the three successive weeks in question. The WORLD has already mentioned the difficulty met with in making up the weekly estimate of the Le Roi, Le Roi No. 2 and Rossland Great Western shipments owing to the four different classes of ore cars in use on the Great Northern railway and the way in which these cars have been loaded, but, after making all due allowances, the difference between the Miner's weekly estimate and the corrected figures is unreasonably great and as the total shipments as published in the morning paper are not corrected week by week it will be easily seen how unreliable it will gradually grow. It will not do to let the impression go out that the weekly bulletins of the ore shipments from Rossland are "padded," and a little care will prevent this.

There is no particular trick in getting at the camp's weekly tonnage. The War Eagle and Centre Star shipments are well known and as to the others a little care in watching the daily output will enable anyone who is careful to come fairly close to the week's total every Saturday.

SUGAR.

A striking paper on the "Dietetic Value of Sugar" appeared recently in the British Medical Journal by Dr. Willoughby Gardner, says the Spectator. Roughly speaking, the world's consumption of sugar in the last 15 years has doubled, while in Great Britain it has trebled per head in 40 years. Another interesting point is that the English and Americans stand easily at the head of the list as the sugar eating nations. Dr. Gardner establishes the fact that sugar is a potent creator of energy and maintainer of stamina. This he contends is not only proved by laboratory experiments, but by the case of the date eating Arabs, the fine health of the sugar cane eating Negroes, and the results attained by Alpine climbers, Arctic explorers, athletes and German soldiers fed on a special diet. The doctor's general conclusion is that the increased height and weight and the improved health of the English people in the last half century are largely due to the increased consumption of sugar.

GOOD CLAIMS.

Assessment Work on the Dardenelles and Liverpool.

Messrs. Charrington, Bath and Brokenshire, the latter representing W. Hartley's interest, have just returned from doing assessment work on the Dardenelles and Liverpool claims on the west fork of Sheep creek. The shaft is now down 20 feet and a fine two foot ledge of quartz ore has been opened up. Mr. Hartley has a good looking specimen from the ledge and is having assays taken. On returning yesterday the party found that the bridge on the Dewdney trail over main Sheep creek had gone down with the spring floods. They were unable to cross and sent young Ed. Paul over to the Velvet mine for assistance. The manager sent Armstrong to help them out and after an hour's hard work the party got over. Commissioner Kirkup's attention is called to the fallen bridge.

HE SHOT AND KILLED

Contractor Caine Arrested for Murdering William Harrington. Fears of Lynching.

Erie, Pa., May 23.—Contractor John Caine shot and killed Wm. Harrington near the Anchor Line Wharves last night. Caine claims Harrington threatened him.

Trouble has been brewing for some time on these docks. The longshoremen's unions objecting to the contract system and men refusing t go to work. Caine had contracted for holding freight and twice brought gangs of men from Buffalo, the last one on Tuesday. These men after being seen by the longshoremen, declined to go to work and were sent back to their homes. The feeling has grown more bitter every day and last night when Caine was taken to the police station, a crowd of nearly 1,000 men surrounded the place. The aspect was so threatening for the life of tne prisoner that the police quickly transferred him to the county jail.

BY-LAW NO.....

Being a by-law of the corporation of the City of Rossland to raise by way of debentures the sum of twenty-five thousand dollars ($25,000) to extend the present city water works system and to repair and reconstruct same.

Whereas, for the purpose of extending the present city water works system by taking water from Rock Creek in the district of Kootenay and for the purpose of repairing and reconstructing said system, it is deemed expedient to raise, by way of debentures, a loan of $25,000, repayable on the 30th day of June, A. D. 1926, with interest in the meantime payable yearly at five (5) per centum per annum, such loan when raised to be applied for the purpose aforesaid:

Whereas, the total debenture debt of said city is $227,000 and the total debt of said city, including said debenture debt, is $269,000:

Whereas, the amount of the whole ratable land and improved real property, according to the last revised assessment roll, is $1,669,740:

And whereas, for the payment of said debentures, sinking fund and interest, it will be necessary to raise the sum of $1,935.75 by a special rate in each and every year:

And whereas, for the purpose of raising the said yearly sum of $1,935.75 an equal special rate on the dollar will be required:

And whereas, this by-law shall not be altered or repealed except with the consent of the Lieutenant-Governor-in-Council:

Now, therefore, The municipal council of the corporation of the City of Rossland in open meeting assembled enacts as follows:

For the purpose of extending the present city water works system by taking water from Rock Creek in the district of Kootenay and for the purpose of repairing and reconstructing said system, it shall be lawful for the Mayor of the said City of Rossland to raise, by way of loan, from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures hereinafter mentioned, the sum of $25,000 and cause the same to be paid into the hands of the City Treasurer of the said City of Rossland, for the purpose aforesaid, and with the object hereinbefore recited.

It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of $25,000 for such sum of money, not less than $100 each or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of $4 86 to the pound sterling, as may be required; and all such debentures shall be sealed with the seal of the corporation of the City of Rossland, and shall be signed by the Mayor of said city.

The said debentures shall be made payable in twenty-five years from the date herein mentioned for this by-law to take effect, at the Bank of British North America in the City of Rossland.

The said debentures shall have coupons attached for the payment of interest, and shall bear interest at the rate of five (5) per centum per annum from the date thereof, and said interest shall be payable yearly on the 30th day of June in each and every year, at the place where said debentures are payable as aforesaid.

A special rate on the dollar shall be levied and raised in each and every year, in addition to all other rates, on all ratable property of the city, sufficient to pay interest and create a sinking fund for the payment of the debt hereby created as and when the same shall become due.

The sum of $1,250, shall be raised annually for the payment of the interest on the amount of the debt incurred during the currency of the debentures hereby authorized to be issued.

The sum of $685.75 shall be raised annually for the payment of the debt hereby incurred.

CORRECTED SHIPMENTS

The Three Banner Weeks—The Miner's Over Estimate—Exact Figures Given.

The WORLD gives the corrected ore shipments from Rossland for the full weeks ending May 11th and 18th. Those for the week ending May 4th have already appeared in these columns.

A summary of the three record weeks of the year so far are also given in corrected totals.

The figures for LeRoi, Rossland Great Western and LeRoi No. 2 are smelter weights and are absolutely correct. Those for the Centre Star, War Eagle and Iron Mask are so close an approximation that they may be relied upon to be correct within 10 tons in the sum total.

The estimate published in the Miner Sunday, review is also given for the weeks mentioned and attention is directed to the difference existing, amounting in three successive weeks to 1428 tons, last week's estimate being 1103 tons in excess of the corrected total:
