IS STILL HOPEFUL

British Government Looking for Peace.

THE VEREENIGING CONFERENCE

Coming Winter May Induce the Boers to Give Up Continuance of the War.

London, May 20.—The result of the conference of Boer leaders at Vereeniging is anxiously awaited here. The government is hopeful, if not sanguine. The uncertainty with regard to the decision of the Boers and the fear that negotiations may be still further prolonged are interfering seriously with business. When the delegates left Pretoria nearly a month ago to consult the various commandos with the countenance and assistance of the British military authorities, most people thought the long looked for end was at last in sight. Various rumors, some hopeful, others despondent, have been current ever since, and today the situation is as clouded as ever.

Sir Michael Hicks-Beach says the government is unaware of the intention of the Boers, but Lord Milner and Lord Kitchener must have some idea of what has been going on among the commandos during the last few weeks.

The South African winter has now commenced, and military men anticipate that this fact will go a long way toward inducing the Boers to surrender.

CRAVEN'S ENGLISH CONFECTIONERY, PURE SUGAR, TRUE FLAVORS, 40c PER POUND AT GOODEVE BROS.

For fine Cigars and Tobaccos go to Ed Farnsworth's cigar stand.

The King's Visit to Rossland.

At the Cinematograph theatre this afternoon and evening. The moving pictures will show a close view of England's New King and Queen, also the royal party; every face a portrait. The horseless fire brigade going to the fire. A ride up the Eiffel Tower—this photograph was made while the elevator was ascending the tower, a birdseye view from 1000 feet high. Busy street scenes; in London; Piccadilly circus; The "Cragg" famous English acrobats, father and five sons on their last visit to Canada and the United States. They received $3000 per week. Father O'Grady's Dream. The wonderful transformation scene. Driving Champs Elysees, Paris. Astor house tramps and many others. Every afternoon at 1 o'clock; evening at 6;30. High class, strictly moral entertainment for ladies, gentlemen and children. Admission 15 cents. Children 10 cents.

EAGLES TO THE RESCUE.

Net a Nice Sum for an Unfortunate Miner.

On Tuesday night a smoker was given at Phoenix by the local aerie of Eagles, for the benefit of John McIntosh, who lost his sight three months ago at the Knob Hill mine. The hall, Miners' Union, was crowded till a late hour, and a rousing time was had, netting a neat sum for the benefit of the unfortunate miner.

WANTED—To rent a Cash Register. Inquire at the Hoffman House.

SOME LONDON FINANCIERS

Methods Which Give Rossland a Black Eye.

AGAINST BARNEY'S MANAGEMENT

E. T. Holloway and Others Denounce Methods of Whitaker Wright and Score Macdonald Heavily.

The meeting of the shareholders of the Rossland Great Western and the Kootenay mines companies which was held in London on the 28th ult., and which resulted in the present management retaining power was by no means unanimous. The following condensed report of the proceedings has been taken from the Edinburgh Scotchman, of April 29th:

An extraordinary general meeting took place yesterday in London, under the presidency of Mr. Tyndale White. The chairman having formally opened the proceedings, Mr. Williamson Milne said that he had done his best as an ex-officio member of the shareholders' committee to help to get a reasonable scheme thrashed out whereby the company could be amalgamated with the Rossland Great Western company. The main feature of the proposal consisted in the reduction of the combined capital of the two companies from something like £900,000 to £150,000. The assets of the Kootenay company, after deducting claims, produce £37,800 net. Altogether the figures came out as £32,800. It was proposed that the Kootenay company should be taken into the amalgamation on the basis of those assets, and by the property being taken at £15,200, which, with the similar figures obtained from the Rossland Great Western, would give the new company an available working capital amounting to £35,000, and a small balance of 2000 unissued shares.

This company and the Rossland Great Western and the Le Roi No. 2 companies were under the superintendency of Mr. Thompson, who was under Mr. B. Macdonald. The chairman then proposed a resolution that the company be amalgamated under the title of the Rossland Kootenay.

Mr. Milne seconded the motion.

A long and acrimonious discussion followed, in the course of which much complaint was made as to the past management of the company.

Dr. Kershaw stated that capital obtained from the shareholders had been simply used in gambling transactions on the stock exchange, which had brought the company to ruin. Mr. White, who was acting as chairman of the meeting, had been one of the directors from the beginning. They were now told that the property of the company was worth only £15,000, and that there was no gold in it. It was only two years after the shareholders had subscribed their money. He considered that the whole thing was a swindle from beginning to end.

Mr. E. T. Holloway (a member of the committee and a director of the Kootenay and Rossland companies) said that he was not in accord with Mr. Tyndale White or the policy of the old board. He had thought that in dealing with the question of the former management he had dealt very lightly both with the directors and Mr. Macdonald, but he had heard that he had hurt the feelings of Mr. Macdonald, who had spent nearly £70,000 of the shareholders' money. The consequence was that the attitude taken up by Mr. Macdonald was that if he (Mr. Holloway) were put on the board of the new company he would not continue to act as their mining engineer.

A Shareholder—And a good thing too.

Mr. Halloway said that that was his view. He considered it disgraceful that the directors in London and the members of the committee should be influenced by what Mr. Macdonald had said. (Hear, hear.) He had reason to think that the gentleman at the head of this movement at present were more interested in promoting the prosperity of the Le Roi No. 2 than in promoting that of the unfortunate Kootenay and Rossland companies. No one in the past, according to his experience, had attempted to direct the operations of the company. It was obvious that the two companies were immensely over-capitalized, and that fault lay principally with Mr. Tyndale White.

The Chairman—Nothing of the sort.

Mr. Holloway (continuing) said that Mr. White was a director of both companies at the outset. They had heard that the calls were estimated to produce £2500. That amount was not owing by any poor widows or clergymen, but by Mr. Whitaker Wright to the extent of some £2000. Mr. Lionel Harrison held the proxies, but he complained of the manner in which they had been obtained. He proposed an amendment adjourning the meeting for a fortnight, and said that if in the interval, after communicating with the shareholders, he were beaten, he would retire.

Mr. Hunt seconded the amendment.

Mr. Harris afterwards addressed the meeting, and stated that he and a few friends around him had lost over £250,000 in the Whitaker Wright companies. Mr. Tyndale White had nothing to do with the fixing the capital of the company. That was done on the report of Mr. Macdonald and Mr. Carlisle; and he would remind the shareholders that no miner could see beyond the end of his pick. Mr. Holloway had been in accord with the board and the committee until he found that he was not to be a director of the new company. Speaking for himself and his friends, they believe that it was to the interest of the company to retain the services of Mr. Macdonald.

The chairman said that he was satisfied that there was sufficient proxies to reject the amendment, which he declined to put to the meeting. He thereupon put the resolution and declared it carried by 22 against 11.

THE BELLS OF HYMEN RING

Marriage of Daniel McKinnon and Miss Mary McDougall.

Miss Mary McDougall was married this morning at the Church of the Sacred Heart to Daniel A. McKinnon, by Rev. Father Welch.

Miss McDougall has been a resident of this city for the past two years, and her bridegroom is a bookkeeper in the C. P. R. who has just come from the east to espouse his fiancee. The couple left for the east on the morning train.

The best man was Duncan McDonell, and the bridesmaid was Miss McRae.

"Planter's Perfection Tooth Powder," none so nice and fragrant. Try it. Only at Rolls' drug store.

ANOTHER ROUND UP

General Hamilton Captures 400 Burghers at Vryburg.

London, May 19.—Lord Kitchener reports another very successful roundup by General Hamilton at Vryburg, Bechuanaland. General Hamilton and other commanders have gathered in 400 prisoners, including a hundred rebels and recalcitrant Boers, who have caused much trouble in the past.

Among the prisoners are a brother of General Delarey and several other commandants. The movement was remarkable for the lack of resistance by the Boers, most of whom surrendered, after dodging, without fighting.

There were no British casualties. Five hundred Boers managed to escape in the earlier part of the game.

Don't fail to see the base ball games between the Spokane High School and Rossland teams Saturday and Sunday, May 24th and 25th.

THE WAR EAGLE WATER RIGHTS

Cases Now Proceeding Before the Gold Commissioner.

The water right cases in which are concerned the War Eagle and Centre Star, the city and the Trail smelter are now on before Gold Commissioner Kirkup. At present the sister mines have succeeded in obtaining an interim right to the water on Murphy creek until such time as the city, which has the first right, has need of the supply. The case is now proceeding on the next nearest creek to this city, Rock creek, where an interim water right will also be attempted to be established.

The real fight will come up over Stoney creek whence the city draws at present its supply. Here the city's right is under the charter given to the old Rossland Water & Light company, granted by a special act which, it is maintained, overrides any grant that can be given by any gold commissioner or commissioner of land and works.

LE ROI SHIPMENTS.

With copper at the present price says the Trail Creek News, and fuel and freight at prevailing rates, the Le Roi management finds that it is not profitable to treat the Le Roi ore at the Northport smelter, and advises the directors to clean up all the ore on hand and then to shut down the smelter temporarily. It is even hinted that the Le Roi ore may be diverted to Trail, where it could be handled with considerable saving. Le Roi shares went to pieces this week in consequence of the conditions mentioned, and dropped to £1, 5s Trail has every facility for handling the Le Roi output, and it has always been an understood fact that the smelter here could treat Le Roi ore by at least one dollar cheaper than at Northport, but with $1,000,000 invested there, it is not likely that such extensive works would be abandoned. Here we have more favorable freight rates, and cheaper power, which with other conditions of a modern and complete plant, make it possible to treat ore at a much lower figure, and with equal profits.

MINING GRIEVANCES.

Without going into detail as to the merits of a question on which most civilized countries with the exception of this and the United States have already made up their minds, it would be well to point to Mr. Galt, a continuation of whose letter on mining grievances is published in today's issue, that there is every distinction between a mining law which burdens the mining industry without conferring any pecuniary benefits and one which burdens the same industry by protecting human life whether that burden entails pecuniary loss or not.

As to the returns made by the mines they are not a whit more onerous than those imposed in other parts of the Empire, notably Johannesburg.

As to the difference between an insured boiler on a steamboat and an insured boiler at a mine there is none, with the exception that an explosion in one case is apt to injure only the unfortunate engineer and the other might blow up some travelling capitalist.

As to the mine signals those adopted are in use in those parts of the United States adjacent to this province and indeed are the standard for all parts of the country. They tell no more against Rossland mines than they do those of the newest camp in the United States. That the defective signalling and a diverse system of signals has caused several accidents in this province and elsewhere is a fact not to be contraverted no matter what construction Mr. Galt chooses to place on any one particular accident in any one mine.

The statement with regard to the closing of the Slocan mines because of the eight-hour law is disingenuous. The mines were closed at the time, it is true, but the question was not one of the law but was one of the wages paid. Not a mine in British Columbia or in any other part of the world has closed on this account. If such had been the case the press would have been inundated with indignant remonstrance.

Lastly, "have these laws improved the condition of the mining industry since 1896?" Yes. That this is the case all that need be done is to refer the enquirer to the reports of the minister of mines from year to year.

No Respector of Rank

Disease Lays Its Heavy Hand on Kings, Princes, Presidents, the Noble and Wealthy as Well as on Those of Low Estate.

Paine's Celery Compound

Is the Great Restorer of Health for the Ruler and His Humblest Subject.

Sickness, disease and suffering respect neither ruler nor subject. The noted and high born have their trials and physical sufferings like those in humbler stations. Social standing and wealth cannot bar the progress of disease when the common rules of health are violated.

Impure blood and weak nerves are responsible for many of the common diseases of life. The experienced physician will tell you that men and women with pure, clear coursing blood and well braced nerves, can never become victims of rheumatism, neuralgia, liver troubles, debility, headaches or sleeplessness.

It follows, therefore, that sufferers from any of the ailments referred to, should at once take proper measures to cleanse the blood and feed the weak nervous system with proper nourishment.

For the happy accomplishment of this important work, Paine's Celery Compound is the only safe agent; the one great specific; the only security against deadly disease and death. During these spring days Paine's Celery Compound guarantees a perfect regularity of the bowels, healthy appetite, sound sleep, good digestion, pure blood, strong nerves and clear brain, all of which mean full and robust health.

Mr. B. Hutchins, one of the most prominent real estate men in Montreal, says: "About five years ago I wrote you a letter acknowledging the wonderful effect your Paine's Celery Compound had upon me after I had given it a fair trial; that it cured me entirely of neuralgia in the head from which I had suffered most fearfully for over 50 years, and also that it cured me of rheumatism in my limbs. In fact it removed every pain in my body and made me feel 25 years younger. I have not had a return of my old complaint, and therefore have to confirm all the statements I have ever made respecting your Compound."

Before you get that new spring suit come and see us! we know that we can please you, both in price and quality of goods, Comerford & Cameron the leading tailors.

Don't fail to see the Electric Piano at the St, Charles hotel. Forty new pieces of music just arrived.

Excursion Rates for May 24.

For the above the Canadian Pacific railway will issue return tickets to and from all points at fare and one third for the return journey. Tickets on sale May 22, 23 and 24, good for return till May 27.

A benefit ball will be given by the Rossland Baseball Club, in Miners, Union Hall, Friday evening May 23rd. Music by Graham's Orchestra.

FIGURES TALK.

The fifth annual meeting of the shareholders of the Crow's Nest Pass Coal company was held in Toronto on March 7th.

The net profits of the year after paying all operating expenses and all charge of every kind, amounted to $207,848.39. After paying a dividend at the rate of ten per cent per annum, a balance of $28.142, 89 was carried forward to the credit of profit and loss.

This company's assets are their coal mines and the townsite of Fernie. Four years ago this company had no transportation facilities, and their stock sold as low as eleven cents per share. Today their stock is selling at $90.

The Similkameen Valley Coal company, limited, assets are coal mines, timber, water power, agricultural and horticultural land, city water works, electric light plant and the townsite of Ashnola, surrounded by the following resources: gold, copper, silver, lead, iron, lime, fire clay, platinum, and a fine stockraising country, and it is the smelting center of the Similkameen valley, with a climate that is all that could be asked, You can secure an option on this company's stock by paying 10c per share down, and ten cents per month until fully paid, with non-forfeiture clause. This price is subject to twenty-five cents advance without notice as soon as transportation is assured. The present price is $1.10 per share. Do not wait until it is too late, but get in on the ground floor. and make a handsome profit. A purchaser of one hundred shares now, may gain a profit of $8 990. Crow's nest shares as an example. This would be a fair profit on an investment of ten dollars per month for eleven months. We invite the fullest inspection of the company's affairs by intending purchasers. For further information apply to the

MR. GALT REPLIES

Still Posing as a Capital Agitator.

THOSE MINING GRIEVANCES

The Mineowner's Champion Sticks Manfully to His Guns.

(Continued.)

Editor EVENING WORLD:

You next ask me to explain why a system of government inspection is unprofitable to the mineowner. This admits of a very simple answer, namely, that it adds to his expense without adding to his profits. The act compels the mineowner, or his employes, under severe penalties for omission, to devote a lot of their time to the preparation of useless reports, not only regarding matters specified in the act, but also regarding "any other particular deemed necessary by the minister of mines."

Moreover the act allows the publication of these returns, whereby the private business of each mine owner may be exposed to stock speculators and utilzed accordingly. This kind of legislation burdens the mine owner without benefitting any employe.

Next you accuse me of injuring the agitation for the repeal of the two per cent mineral tax by charging to its account the closing down of the schools.

My answer to this is that I never did so. What I said was this:—"When a man is well off a moderate additional expense, although unexpected, will not embarrass him, but if he happens to be in straightened circumstances it will.

If the citizens of Rossland, capable of active work, were all employed and doing well it goes without saying that the present financial difficulties would not exist. Property values would be higher, no taxes would be in arrears, and there would be plenty of money to meet emergencies."

The two per cent tax was only one of a dozen grievances, the accumulated effect of which has landed us in our present position.

Your remarks about crown grant fees I must pass over, for I do not understand them. That these fees have been doubled twice within the last five years cannot be denied.

With regard to the Boiler Inspection act, you say, "did not lack of a boiler inspection act cause the death of five people last year upon the Fraser river below Chilliwack? Possibly it did. And if you are unable to see any difference between the case of an uninspected boiler on a steamer with many persons on board, and the case of a boiler already carefully inspected for insurance purposes in a mine, with nobody standing near it except the man in charge. I have nothing more to say on this head.

Next, in reference to the recent signal code, which I included in my list of needless expensive burdens. You suggest that one, if not three, accidents happened in the Nickel Plate mine by reason of defective signals which the new system was intended to cure. I have enquired as to the accident in question and find that no signal, or want of signal, had anything to do with it, and consequently the new system could not have prevented it.

Finally you refer to the 8 hour law, and you enquire the names of the mines which have been permanently closed down by it.

I did not say that any mines had been permanently closed by reason of this law. But as to which were temporarily closed by it, and are still suffering from it, their name is Legion. A more definite enumeration may be easily obtained by ascertaining the names of all the mines operating in the Slocan in May 1899, and striking from the list the few, if any, which continued to operate in August of of that year.

Now, Mr. Editor, you have asked me a number of questions and I have endeavored to answer them. Will you answer me one question: Do you think the laws in question have really improved the condition of the mining industry as you and I remember it in 1896? If not why should they be maintained?.

If mines cannot be worked at a profit they will not be worked at all; so it is to the interest of all of us to unite in urging the removal of every obstacle to profitable mining.

Rossland, May 19, 1902.

Brackman-Kerr Company are Supplying War Office With Oats.

The Brackman-Kerr Milling Co., have made another contract with the War Office for another 5000 tons of oats, and as the company finds that the order can be filled more advantageously on the Pacific States, the shipment will be made from Seattle where a steamship will load within a few days.

Success Assured When the DIAMOND DYES are Used.

Success in home dyeing depend altogether upon the quality of the dyes you select for the work of coloring. Diamond Dyes are acknowledged to be the best in the world, as far as brilliancy and strength of color are concerned.

They always do perfect work, and never disappoint the most exacting dyer. Diamond Dyes are sold at 10c per package, the same price that many people pay for imitation and adulterated dyes. The most progressive druggists and dealers will sell no other dyes but the Diamond, because the inferior dyes cause so much grumbling and loss of materials.

Do not accept imitations or substitutes from any dealer no matter how strongly he may recommend them. The poor dyes are sold simply because they pay large profits. See that the name 'Diamond" is on each package you buy.

Send Postal Card with your address to The Well & Richardson Co., Limited, 200 Mountain St., Montreal, P.Q., for Diamond Dye, Mat and Rug Designs.

For high-class family liquors go to the International Family Liquor Store.

Malt Breakfast Food

The Only Perfect Health Food for Old and Young.

Malt Breakfast Food is now recognized by food experts and physicians as the only true health food for young and old. It possesses all the important virtues that are lacking in other prepared breakfast foods. It is partially cooked and predigested, therefore adapted for the weakest stomach. It is the most delicious to the taste of all grain foods. It is the most nourishing, most appetizing and most energizing of all breakfast foods. It is the most economical of foods; one package makes a meal for at least 25 people.

Malt Breakfast Food is doing a wonderful work for dyspeptics and those suffering from stomach derangements. The use of Malt Breakfast Food for a month will banish the dyspeptic's woes and sufferings. It is always refreshing to the stomach, and tolerated when all other forms of food are rejected. It is the ideal food at all seasons for growing children and older people. Your grocer can supply your wants.

GOODEVE'S BEDBUG AND INSECT LOTION IS GUARANTEED. GOODEVE BROS.

For imported wines go to the International Family Liquor Store.

"Planter's Rheumatic Cure," the great remedy for acute and chronic rheumatism. Only at Rolls' drug store.

Get the big Klondike shine at the Clifton corner.

If you want a nice smoke ask for La Federal at Ed. Farnsworth's cigar store

MINOR MENTION.

W. Miller has gone to Phoenix.

Robert Dunn left today for Index.

J. B. Ferguson of Vancouver is in the city.

Robert Lindsay has gone to Craigtown.

Lem Ward left for Spokane today on a business trip

Miss Roof, of Second avenue, is out after a three weeks' illness.

"Two Orphans" is the title of the play running at the International.

There will be a meeting of the city fathers tonight at the city hall at 8 o'clock.

The average value of the ore shipped from the Le Roi during last March was $20.86 per ton.

The baseball players are getting up a benefit ball to be given in the Miners' Union hall on Friday next.

The C P. R. excursion on the 24th is likely to prove a great success. Even the clerk of the weather is inclined to be propitious.

A. G. Smith has bought the interests of the Templetons in the Butte hotel, which will hereafter be run by Messrs. Smith and Crow.

At tonights meeting of the city council there will be read for the first time a bylaw, the object of which is to force the Chinamen to move their laundries.

Will the party who wrote letter subscribed "my name is Clark," please meet me at some time and place suitable to himself and oblige "M." Address "M." World office.

The new Rossland Kootenay company has only one-sixth of the capital of its predecessors. Somebody must have had a nice clean on the balance, amounting to nearly four million dollars.

The second meeting of the Progressive party will be held this evening in the lodge room at Miners' Union hall at 8 o'clock. The report of the committee on bylaws will be considered.

At a meeting of the Trades and Labor Council to be held this evening at 8:30 o'clock, several matters of importance are to be discussed. An important resolution will be brought before the members.

For Saturday next there has been arranged a game between the Spokane High School baseball club, the strongest in that city, and Rossland. On Sunday there will also be a game between these two teams, with the exception that the places of two of the High School team will be taken by two members of the Spokane Athletic club.

There is one serious fault to be found with the meeting called by Mayor Clute for tomorrow evening to consider the school question, and that is the city hall, in which it is proposed to hold the meeting, (on the score of expense) is so small that it can be easily packed. The WORLD advises the citizens to come early if they want standing room.

There was a banquet given last night by the Masons of the city to Grand Master Chipman of Kaslo, and an enjoyable time was had. The banquet was well attended as was the lodge meeting. A special train from Northport brought a number of Spokane Masons who joined in the ceremonies, and did not leave till an early hour this morning.

Planters' Ext. Buchu" never fails to cure kidney troubles. Only at Rolls' drug store.
