The Suez Oil Fields.

London, Jan. 7.—The reported discovery of petroleum in Egypt near Suez is expected to bring about as great a financial flutter in English cities as the discovery in Texas created in eastern cities of the United States. The Egyptian finds were made by operators working for the Petroleum Syndicate, and the oil sand was struck at a depth of 2115 feet. An explosion of gas followed and blocked up the well. The prospectors argue that the presence of gas points to the existence of an extraordinary supply of petroleum.

HE WON'T RESIGN

Denial of a Coast Rumor—Trying to Patch Up a Truce.

Victoria, Jan. 7.—[Special to The Nelson Tribune.]—The Vancouver World, one of E. V. Bodwell's newspaper organs, circulated the rumor that Premier Dunsmuir had sent in his resignation and recommended the Lieutenant-Governor to call on Mr. Bodwell to form a government.

The World yarn is so absurd that the Times of this city, which also supports Bodwell, scouts it, and says that Mr. Dunsmuir has no intention of resigning. It says, however, that an attempt is being made to patch up a truce between Dunsmuir and the recalcitrant Conservatives like Garden and McBride.

VETERAN EDITOR DEAD.

George Norris of the Nanaimo Free Press Passes Away.

Nanaimo, B. C., Jan. 7.—George Norris, editor and proprietor of the Free Press, died yesterday afternoon, aged 67. He had actively managed the paper, almost the oldest in the province, for 27 years. He practically died in harness.

THEY WANT TO FIGHT

Trouble Over a Railway Crossing Near Grand Forks.

Grand Forks, Jan. 7.—A bloodless clash, which at one time threatened to assume dangerous proportions, occurred near Curlew, Wash., yesterday afternoon over a disputed crossing between the rival forces of the Great Northern and the Grand Forks & Republic railways, respectively. The sheriff of Ferry county and several armed deputies are now on the scene with the object of preventing a breach of the peace.

It is said that bad feeling exists between the member of the rival railway gangs and that it will require considerable effort to prevent them from resorting to force. Several people who arrived tonight from Curlew report that the day passed off uneventfully.

The Kootenay is the only first-class hotel in the city.

Some Facts and Figures for Past Years.

HIGHEST AND LOWEST GIVEN

Where War Eagle Stood Three Years Ago—Heavy Drop in Mining Stocks Since 1899.

The Toronto Globe gives a review of the past year in the financial world and prints a long list of the highest and lowest quotations of many securities during 1901 and some of the previous years.

Under the heading of "the highest and lowest prices of many shares," some interesting comparisons are made with previous years.

In 1898 the highest quotations for Cariboo, Camp McKinney, was 150 and the lowest 104. For War Eagle, in the same year, 306 and 100 were the figures.

The following figures for 1899, 1900 and last year for the properties mentioned are also given.

The Deed of a Crazy Man.

West Union, Iowa, Jan. 7.—Herman Neff, county surveyor and former county clerk, today shot and killed Miss Rose Falls, wounded William Sullivan, his rival, and then killed himself. The deed was committed at a hotel. Sullivan was calling on the girl when Neff suddenly appeared in the doorway and fired five shots in rapid succession. Four of the shots took effect, two entered the girl's head and Sullivan was struck in the face. He will recover. Neff then went to his room, locked the door, and reloading the revolver shot himself in the temple. Neff has lived here the greater part of his life. He was about 45 years of age. He bore an excellent reputation.

A FRANK ADMISSION

"No Sensible Person Will Dispute the Soundness of the Doctrine."

Speaking of Mr. Fletcher's candidature for the mayoralty of Nelson, The Miner of that camp, which supports him has this to say regarding the ownership of public utilities:

"With regard to the question of the ownership of public utilities and the ownership of all franchises pertaining thereto Mr. Fletcher regards such a policy as the proper one beyond dispute and no sensible person will dispute the soundness of such doctrine."

SAILED FOR COCOS

A Victoria Party Start to Search for Treasure Buried in 1821.

Victoria, Jan. 7.—The brigantine Blakely, Captain Hackett, sailed yesterday morning for Cocos island to search for the treasures believed to have been buried there by the bark Mary Dier in 1835, and by pirates in 1821.

A southwest gale which blew yesterday did not cause injury to the stranded ship Santa Clara on which salvage work has been commenced.

NOT ALLOWED.

Judge Forin's Ruling in the Slocan Voters' List Case.

The somewhat celebrated application of the thirty four men of the Slocan City to be placed on the municipal voters' list Slocan, as the joint owners of two \$50 lots, came up before Judge Forin yesterday. The facts as disclosed upon the application were that the names of the applicants had been placed upon the list by the city clerk, but upon the revision of the same by Mayor York they were struck off by reason of the fact that the names of the thirty four men did not appear on the last revised assessment roll as called for by the municipal act, which is the basis upon which the voters' list should be built.

Judge Forin dismissed the application holding that the provincial assessment roll must govern and that as the applicants were not assured they could not be entered on the voters' list.

COAST NOTES

A Mining Engineer and Some Cash Missing.

STORY OF THE WALLA WALLA

Drowned at Sea—Death of William Alexander—Captain Brandenburg's Statement.

Vancouver, Jan. 7.—C. Jones, who called himself a mining engineer, cashed nearly a thousand dollars in worthless checks on Saturday afternoon and today is missing.

Captain Brandenburg of the Herodeta, which is unloading at the sugar refinery, made an important statement today regarding the Walla Walla disaster. He left San Francisco two hours ahead of the Walla Walla and was passed about midnight. The steamer staying close alongside for several hours. He says the night was perfectly clear and there was no difficulty about seeing lights.

A small fishery schooner capsized on Friday in Welcome Pass, during a gale. The men aboard were Henry Miller and Henry Olson. Olson was drowned, but Miller got ashore. The wreckage was washed up this morning on the end of Thornman Roy island.

William Alexander, brother of R. H. Alexander, manager of Hastings mill, died here today.

Nelson Curlers.

The Nelson Curling Club has abandoned the idea of going to Calgary bonspiel, but may go to Winnipeg instead.

Wireless Telegraphy.

Trenton, N. J., Jan. 7.—The United States Wireless Message company, capital \$100,000, was incorporated here this afternoon for the wireless transmission of messages and the manufacture of apparatus.

SAWMILLS COMBINE

Four Mills Unite -- Will Raise Price of Lumber --The Scheme.

Four sawmills along the line of the Crow's Nest Pass railway have decided to form a combine. The four are the Cranbrook Lumber Co., Park, Mitchell & C., McNab Lumber Co., and the King Co. The object is to make an effort to advance the price of lumber and to cheapen if possible the cost of production. It is likely that a number of the other mills along the line will enter the combine within a short time.

The managers of the four companies mentioned held a meeting in Cranbrook a short time ago and decided to organize and apply for a charter. It will have a capitalization of \$300,000, divided into 3000 shares of \$100 each.

A deal has been made with the C. P. R. whereby the new combine takes a lease on all the company's land within the district for a period of ten years. They are to pay \$1 per thousand for all timber used and get twenty-five cents a tie for all ties furnished the railway company during that time.

A FACTION ONLY.

Some time ago the Miner insisted that if Alderman Clute was to be an acceptable candidate in the mayoralty race for our "very best element" he must come out clearly and curse all organized labor. Mr. Clute not being "entirely crazy" refused to go on record as requested. Whereupon the Miner now says he is a satisfactory candidate who will represent not a faction, but the whole community if elected.

Mr. Clute lost a good opportunity to take the sound stand the Miner now tries to make for him, when he refused to plainly repudiate the sentiments expressed for him last month.

Mr. Clute is a faction nominee and he cannot be anything else.

THE SCAB.

A gentleman from Missouri, who does not like being called a scab, writes entertainingly on the subject in this morning's paper.

For the benefit of Missourians generally, the WORLD reproduces the definition of a scab as given in an English conspiracy trial. The prosecuting counsel in the case in question said: "A scab is to his trade what a traitor is to his country, and though both may be useful in troublesome times, they are detested by all when peace returns; so when help is needed a scab is the last to contribute assistance, and the first to grasp a benefit he never labored to procure. He cares only for himself; he sees not beyond the extent of a day, and for a momentary approbation he would betray friends, family and country. He is a traitor on a small scale, who first sells the journeyman, and is himself afterwards sold in his turn by his employer, until at last he is despised by both and deserted by all. He is an enemy to himself, to the present age, and to all prosperity."

We think the description given fairly hits our Missourian importations, and we are willing to let them have the full benefit of it.

NOTES AND COMMENTS.

The Seattle holiday Argus consisted of a well illustrated writeup of Frisco's future rival.

American millionaires seem to be taking the place in England that used to be filled by retired Indian nabobs and Australian sheep raisers.

Instead of being settled by Mr. W. L. M. King the Rossland strike just about settled Mr. W. L. M. King's bluff at figuring as a strike settler.—Toronto Evening Telegram.

The last issue of the British Columbia Mining Review is a publication of very great merit and reflects much credit upon Mr. Lamb and those associated with him in its production.

If it is true that an expedition, composed entirely of Scotchmen, is going in search of the south pole, it is all up with it. It might as well come out of hiding forthwith and give itself up.

The Piano Makers' strike in Toronto was satisfactorily concluded last week, but not before Hon. Mr.

Mulock, Minister of Labor, took a hand in the matter. The Evening Telegram says: "Two of the chief points agreed upon were a shorter work day and the recognition of the union."

Messrs. Bernard Macdonald and William Thompson, who are solely responsible for the utterances of the Rossland Whiner, have cut that interesting publication down to a four paged paper, now that the Le Roi company has no further use for it or them. Presumably, when the Le Roi No. 2 company dispenses with their valuable services, the Whiner will come out as a weekly. Speed the time.

The suspension of telegraphic communication with Vancouver Island from Christmas Day until New Year's, together with the sum of the difficulties under which communication is even now secured by the C. P. R. operators, brings home to Vancouverites and Victorians with peculiar force the advantages that will accrue in the perfection and inauguration for general business purposes of Marconi's wireless method.—Vancouver World.

The London Medical Times finds a remarkable coincidence between the spread of cancer and the largely increased daily consumption of effervescent wines and waters among the wealthy classes. Champagne and all aerated waters owe their effervescence to the carbonic gas which they contain. The writer in the Medical Times contends that by their habit of constantly imbibing solutions of carbonic acid of greater or less strength, people so prepare their mucous tissues as to make them favorable "culture beds" for the propagation of the cancerous fungus, if fungus it is. If this can be proved, champagne must go, and not champagne only, but seltzer and soda and all "soft drinks" as well.

A Scotch Sentry.

Colonel Shiel, who fought in the Boer ranks and was made a prisoner, was asked how he had been treated by the British, and he replied: "Fairly well, with the exception of a young Highlander who was on sentry over me when wounded. The Highlander, each time he passed me, spat upon me, and I remonstrated, saying that I was his superior officer, and that I was wounded in the foot, that the night was bitterly cold, and that I had no blanket. The Highlander at first took no notice of my remarks, but continued to march up and down. At last he stopped in front of me, took off his great coat and wrapped me up, bound up my foot, placed something under my head, and continued his 'sentry go.' About ten minutes later he stopped again in front of me and said: 'Look here, colonel, a've gi'en ye ma overcoat an' a've wrapped ye up weel an' dune ma best for ye, but mind this, we're no freens!'"

Very truly yours,
REV. DR. MORRIS WECHSLER.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails. The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full size bottle."

DR. TAFT BROS. MEDICINE CO.,
Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful.

Avon Springs, N. Y., Feb. 1, 1901.

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully,

O. D. PHELPS, M. D.

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full size bottle, and I am ever grateful. I have a family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit.

MINOR MENTION

Have "scab times" made you rich?

J. S. Carter of Nelson, C. P. R. staff, was in town this morning.

The Phoenix Miners Union gave a very successful masked ball on New Year's eve.

There are seventy women in London, England, who are qualified to practice medicine.

The Rossland Board of Trade has called a meeting for tomorrow evening at 8:30 o'clock.

Don't forget to hear Alex. Wilson recite "The Battle of Manila" at the Methodist church on Thursday evening.

It is a far call from Rossland to Joplin and just as far from the Rossland scale of living to the Joplin scale.

George Elkins was hurt at the Old Ironsides mine in Phoenix camp on New Year's day. His injuries are not serious.

John H. Murphy, of Denver, Colo., attorney for Western Federation of Miners, is in town on affairs of the Federation.

A. B. Basco, the clever entertainer at the International Music hall, who has been indisposed for some days past will soon be around again.

"Union Man," Phoenix: Thanks, for your letter. The matter you mention is being duly attended to. The WORLD agrees with your sentiments.

The municipal labor party have called a meeting of all friends of the movement for this evening in Miner's Union hall. There is sure to be a large attendance.

If the correspondent in this morning's paper has the ability to write as he does he should long ago have risen from the ranks and he has no call to be a mucker today. If he is not a mucker as he pretends to be, then he is a liar and the truth is not in him.

After mature consideration "Tubbie" has decided to resign the important position formerly held by him on the working staff of the War Eagle, and he leaves this evening for the seat of war in South Africa. When he learns what is now in store for him, De Wet will doubtless come in and surrender.

THE REASON
IS GIVENWhy the Slocan Star Mine
Closed Down Last
Week.

Orders to close down the Slocan Star came from Byron N. White late on last Tuesday and were a surprise to the Sandon officers of the company, says the Sandon Paystreak.

Asked as to the reason for closing down, Oscar V. White, superintendent of the the Slocan Star stated that the suspension of operations was an outcome of the court order in the Star Mining and Milling Co. vs. the Byron N. White company. The owners did not propose to continue mining operations while they might be hampered or impeded by the surveyors of the Star Mining and Milling company.
