## NEW YORK QUIET

Nothing Doing on Wall Street this Morning

## THE BIG BATTLE FOR N. P.

J. P. Morgan in London—Anxiety over the Conference—Special Meeting of Exchange.

New York, May 11.—With both the stock exchange and consolidated exchange closed today and with practically nothing doing on curb, Wall street is very quiet. Although the exchanges were not open for business all the large brokerage houses had their clerks at work straightening out the accounts of speculators and putting their books in order.

Many speculators went down town to await the bank statement and to get the London quotations for American securities. At 2 p. m. London's prices generally showed advances, as compared with the close at New York yesterday, the extreme rise being 18 points in Northern Pacific. All interests in the financial world remain absorbed in the great contest for the control of the Northern Pacific and the rivalries, that have been caused by that battle.

London, May 11.—A special meeting of the stock exchange committee has been summoned for Monday, in the hope of reaching a solution of the difficulty in which operators and brokers who have given up for Northern Pacific for the end of May and July find themselves.

J. P. Morgan will be in London this afternoon. A conference will be held and it is hoped Loeb company will be willing to relieve the situation. In the meanwhile there is considerable anxiety.

## A PRIESTS CRIME

Runs Away With \$100,000 and a Young Lady—Left Note Explaining.

Mexico, City, May 11.—The police and citizens of Guadalajara are looking for Rev. Father Amado, a well known priest of that city and treasurer of various religious fraternities and guilds. It is reported that the clergyman has decamped, taking, it is estimated nearly \$100,000 belonging to the religious societies and also carrying off the young daughter of one of the leading families. When Father Amado left the city he placed a letter explaining things within the iron safe, the letter being addressed to Dr. Ariasjarias, dean of the cathedral.

Paint your house with F. W. Pretty's paints, two dollars per gallon. Phone 187.

## A New York Shooting.

New York, May 11.—Jas. Elliott, who has been boarding with Jas. O'Donnell at the latter's home at Stapleton, Staten Island, was shot and killed by O'Donnell early this morning. Domestic trouble led to the shooting. O'Donnell was badly injured by Elliot before the shooting occurred and he is now in the hospital. He was placed under arrest to await the action of the coroners jury.

## A Stock Deal.

Chicago, May 11.—The Record Herald says: It is stated on apparently good authority that the deal for the sale of the Wisconsin Central has been perfected in Lon-

don. The price at which the trade is to be made is said to be \$66, which is considerably in advance of the present market price of Wisconsin Central stock. It is thought that the stock will be turned over to Harriam interest.

## TROUBLE AT MONTEVIDEO.

Political Situation Very Complicated—Two Arrests Made.

New York, May 11.—A sensation has been caused at Montevideo, by the arrest of Miguel Herreray Obes, brother of a former president of Uruguay. Colonel Manuel Rodriguez and Col. Ciriaco Durgis have also been arrested. There are accusations against other prominent men in connection with the conspiracy against the government.

The political situation is very complicated. Uneasiness prevails throughout the country.

Call up Collis & Co., phone 88, for first-class job printing.

## THE STRIKE SETTLED

The Stonemasons Go Back to Work on the Federal Building Temporarily.

The efforts to arrive at some sort of settlement over the eight hour demand made by the stonemasons on the federal building, which have been in progress for the past few days resulted in the men going to work after the noon hour today under a temporary arrangement so that the building might not be delayed.

It appears that Contractor Bradbury was not notified on the 5th of March last that the men would work on the job for eight hours only, and he based his figures on a nine hour day. The men say that as there was no stonemason's union here they understood that the scale at Nelson, the nearest union town, would govern Rossland. The Nelson men are working on the federal building in that city for \$5 per eight hours, and the men here demand the same tariff.

A special meeting was held last evening when the stonemasons and bricklayers decided to form a local union. A. R. Stephenson was appointed chairman and S. G. Morin secretary, and these two, together with W. Wade and R. Burgmann, were elected delegates to the Trades and Labor Council of this city.

After a prolonged discussion over the federal building matter it was finally decided to go to work temporarily on an eight hour shift on the basis of \$5 for nine hours, the arrangement to continue only until the Dominion government can be heard from, and in any case not to extend beyond June 1. The decision was put in writing and submitted to Contractor Bradbury this morning and he replied accepting the arrangement.

Some three or four men went to work after the noon hour and for the present the matter is temporarily settled as stated. The men were anxious not to delay the work but insisted on the eight hour principle. When the government labor officials thoroughly understand the situation it is expected that a final settlement of the question, making \$5 the wage for an eight hour day, will be promptly reached.

## NEWS BY WIRE

Today's Associated Press Dispatches.

## CONDENSED AND CONCISE

The Latest Current News from all Parts of the World—Interesting and Refreshing.

Shanghai, May 11.—It is reported that the empress dowager's favorite eunuch, La Lien Yeng, heads a strong reactionary party including the grand chancellor Lu Chuan Ling, Yung Lu, Prince Tuan and General Tung Fu Nsiang, which aims to depose Emperor Kwang Su in favor of the son of Prince Tuan.

New York, May 11.—Charles B. DeForest, secretary of the democratic state committee, died suddenly last night at his home in Brooklyn, aged 45 years.

Southampton, May 11.—The broken gaff of the Shamrock 11 was sent ashore for repairs immediately after the accident and every endeavor was put forth with a view to a resumption of the trials today but Captain Sycamore says it will be impossible to start before Monday.

London, May 11.—The privy council has granted the attorney-general of Manitoba leave to appeal from the decision of the King's Bench court of Manitoba in ruling that the legislature has no power to pass a liquor act.

London, May 11.—At Kempton park today the great jubilee handicap was won by Mr. George Edward's Santoi. Caiman was second and Alvescott was third.

London, May 11.—The Marquis of Ormonde was elected commodore of the Royal Yacht Squadron in succession to King Edward. The Duke of Leeds was elected vice commodore.

## The Railway Strike.

Albany, May 11.—Although there are no actual developments in the railway strike situated in this city today, there is every indication that an effort will be made to reach an agreement before night. The executive committee of the board of directors of the company is in session at this hour considering the question of arbitration.

## FOOT RACE.

Cook and Waterhouse Will Run at Ball Ground on Monday Morning.

Arrangements are in progress for a foot race between Messrs. Cook and Waterhouse to take place at 5:30 a. m., Monday morning, May 13th, at the ball grounds under the following conditions. That there should be a Jack pot of \$10. That such pot cannot be opened unless the distance be covered in one minute or less. That there shall be five heats, best three out of five, distance to be 230 yards. That the money shall not be won by more than six inches. The winner to take the money and say nothing about foot racing in the future.

Both men are in good hands and in the pink of condition. And to this fact that Mr. Cook boasts of carrying money won from his opponent before, while Mr. Waterhouse claims a foul goes to insure spectators that it will be on the square—come early.

Entered at the Rossland, B. C., postoffice for transmission through the mails, May 1, 1901, as second class reading matter.

SUBSCRIPTION RATES—Fifty per month or \$5.00 per year, invariably in advance. Advertising rates made known on application.

Address all communications to The World Publishing Company, P. O. box 558, Rossland, B. C.

Secretaries of all unions are authorized to receive subscriptions for The Evening World.

## PAY DAY SYSTEM.

Pay day comes next week when a very large sum, in the neighborhood of \$200,000, will be distributed in Rossland camp. For reasons which business men and merchants understand very well this particular pay day has been looked forward to with more than usual interest.

There is one aspect of pay day, however, that affects the wage earner and merchant alike, concerning which little or nothing has been said. Under the present system in force at the mines if a miner works any time, say during the current month of May, he receives his pay for that work on the 15th of June, and a miner who is working steadily never gets paid up in full to date unless he quits work, so that the companies really pay every 45 days and never up-to-date except as mentioned. Just why mining should be an exception to the general rule can probably be explained by the mine managers, but the ordinary employe is paid by the week, fortnight or month, and when paid receives his wages to the date of payment and not, as in the case of the miners, to a date fixed arbitrarily two weeks in arrears.

The method works a hardship both to the miner and the merchant. The former is obliged to ask for credit and, from figures submitted to the World, this entails an increase in the cost of supplies of from 15 to 25 per cent. On the other hand, as the merchants have found to their cost, the system has been productive of many bad debts. The question is an important one to the community at large and one which a labor commissioner might very well take up and report on. All the other facts in connection with the system of paying wages could be collected and the views of the managers as well the men set out.

The mine managers are not likely to change their system unless pressure is brought to bear and a good case made out for the change. If the Rossland Board of Trade desires to take up a live local question and demonstrate the usefulness of that body to the community at large, here is a golden opportunity.

## OVER CAPITALIZATION.

Referring to the great necessity of a mutual understanding between the mine managers and their employes, the British Columbia Mining Record has this to say concerning the recent situation in labor circles in Rossland:

"How near, how imminent it is was clearly demonstrated at Rossland last month when a strike was only averted by a narrow vote in the miners' union. Probably we have to thank the perception of the miners that the industry was in no condition to stand further drafts on the returns to capital as wages that no strike took place. It speaks highly for the moderation of the men that in the face of grievances, which they consider well founded, (whether they are or not) they came to the conclusion that the present time was not a suitable time at which to declare a strike." This praise of moderation is all very well, but if financial journals would get at the root of the chief reasons why returns to capital are so often delayed and why mine

managers are often compelled to refuse concessions they would like to grant, they would attack the system of over capitalization with which almost every mining company in the province is cursed. We commend to the notice of the journals in question an article recently written by Mr. G. O. Buchanan of Kaslo, in which the evils of over capitalization are dealt with very frankly. In the effort to pay dividends upon a watered capital mine managers resort to measures they would never otherwise dream of, and as one result the wage earner is often the first to suffer.

## Kitchener Reports.

London, May 11.—Lord Kitchener reports to the war office under date of Pretoria, May 10, as follows:

"Since May 5, 23 Boers have been killed, 6 wounded, 130 taken prisoners and 183 have surrendered. Nine thousand rounds of ammunition, 230 wagons 1500 horses and a quantity of grain and stock have been captured."

## An Electric Storm.

Delaware, May 11.—An electric storm swept over the southern part of the city last night. Lightning struck the Second Baptist church tearing off the roof and setting the structure on fire, doing much damage. The fire department saved the church from total destruction.

You can save money by purchasing your wall paper and paints at Daniels & Chambers, near Empey Bros.

## Parsons Not Guilty.

Boston, May 11.—After being out eleven hours and a quarter the jury, in the case of Henry E. Parsons charged with the murder of William T. Hammond in Charlotetown last Bunker hill day, at 2.25 this morning returned a verdict of not guilty. The prisoner showed no signs of emotion when the verdict was announced and a says that he was not in the least surprised. Parsons was discharged at once.

Mrs. Parsons was not there although she had stood by him faithfully throughout the trial. Which began Monday. Parsons had had an altercation with Hammond and on its renewal he used his revolver. He claimed it was in self-defense.

Seal coats renovated at very reasonable prices by a competent furrier. Apply at the Le Bon Marche. 3-t

## A BIG FIRE

Large Building Burnt to the Ground. Loss \$25,000.

This would not have happened if the building had been lighted by electric lights. Besides coal oil is costly, and there is the trouble of filling lamps, taking care of wicks and the breakage of chimneys. Electric light reduces the cost of your insurance, lessens the danger from fire and adds to the comforts of the store and home. Electric power supplied for mining and manufacturing purposes. Motors for rent or sale. Estimates furnished for wiring and lighting. Ring up phone 67. Rossland Water and Light company.

## FELL TO HIS DEATH

Tragic End of Edgar Petch While Taking Photographs Near Silica Yesterday Afternoon.

Edgar Petch, aged 16 years, a compositor in the Rossland Miner office, fell of the bluff immediately below the Silica reduction works yesterday afternoon about 4.30 and was instantly killed.

Petch and a companion named McLean were taking photographs, Petch doing the posing. While one picture was being taken Petch was sitting on a log overhanging the cliff and on rising after the picture was taken the unfortunate lad lost his balance and fell, dropping 60 feet to the bed of the creek below. Death was instantaneous.

The body was brought in to the deceased's late residence last evening where it now lies awaiting interment. The top of the head was badly crushed in but the face is practically unmarked. The mother, brother and sisters of the deceased were greatly distressed over the fatality and the sympathy of the community will go out to them.

The funeral will take place from the family residence on Third avenue near St. Paul at 2 o'clock tomorrow (Sunday) afternoon, reaching the Methodist church, where services will be held, at 2.30 o'clock.

Before purchasing elsewhere call and see our stock of wall papers and paints. Daniels & Chambers, near Empey Bros

### Tourists Coming.

During the coming summer Archie Biker the European traffic manager of the C. P. R. will personally conduct a tourist party, made up of English and European travellers from Quebec to Vancouver and through the Kootenays. The party will arrive in Quebec on June 20, and the Canadian trip will last a month.

Furs altered and renovated, made to look like new. Apply at the Le Bon Marche. 3-t

### Contractor Bradbury.

Editor EVENING WORLD

Dear sir,—Will you kindly grant me space in your paper to explain, or rather to make known, the difficulty I had in getting my wages from Mr. Bradbury, the contractor for the federal buildings. I started to work as a laborer on the 18th of April and as I had been informed that the government scale of wages would be paid viz. \$3.00 per day and nine hours. I did not take the trouble to ask Mr. Bradbury when I went to work how much he paid. After working until the 26th I was told to come and get my cheque. I went and found that my time was made out at the rate of \$2.50 per day, which I refused. I then made enquiries as to whether I was entitled to \$3.00 per day and laid my case before the trades and labor council. After waiting a few days I was told by Mr. Woodside the secretary of the miners union, that I would be paid \$3.00 and to call for my money, which I did, but before this, when I asked Mr. Bradbury's book-keeper why I was not paid the scheduled rate, he said that \$2.50 per day was all Mr. Bradbury was going to pay and if I thought I could get more to try and collect it. I would not have taken the trouble to write on this subject, only that today I was told by Mr. J. B. McArthur that Mr. Bradbury had informed him that there was one man on the works who would not call for his money, because he was afraid that he would be paid off with \$2.25 which sum he agreed to work for. As I was the only man, as far as I know, who refused to accept the \$2.50 per day, I have written this in denial of Mr. Bradbury's statement. I have explained my position in the matter and positively deny that any sum was mention-

ed when I started work or any agreement made whatever. I may state that I was preparing to communicate with the government re my wages when I was met by Mr. Bradbury and told to come and get my money.

Yours truly,  
GEO. A. VITAL.

## THE ORE OUTPUT

Second Best Week in the Year So Far.

NEARLY TEN THOUSAND

Six Shippers and a Great Total—Centre Star and War Eagle Are Increasing.

The ore shipments from Rossland camp for the past week aggregate 9649 tons. This, while a remarkably good total, is lower than that for the record week ending last Saturday, when over 10,500 tons of ore was sent out.

Owing to the mixed way the several classes of ore cars are now used on the Great Northern railway for the Le Roi, Great Western and Le Roi No. 2 shipments it is difficult to arrive at a fair estimate of the tonnage. This week the WORLD has allowed 35 tons per car for all these shipments, 31 for Centre Star and 30 for War Eagle.

As stated yesterday the corrected smelter weights for last week's shipments are not yet on file here, so it is not possible to give the real total.

The shipments today include the late shipments sent out last Saturday over the Great Northern—20 cars of Le Roi ore—but not the output over this line today after 2 o'clock. There will probably be another 20 carloads of Le Roi sent out this evening.

Appended are the details of the ore shipments for the past week up to 2:30 today:

Le Roi	4761
Centre Star	1984
War Eagle	900
Le Roi No. 2	1225
Great Western	700
Iron Mask	80
Total	9649

### LE ROI No. 2.

Manager's Report to London—Some Official Figures as to Values.

The official figures for the month of March for the Le Roi No. 2 show that 3400 dry tons were shipped during the month from the No. 1, Josie, Porman and Annie mines, giving a total gross value of \$55,419, made up of gold, \$39,159 or \$9.05 per ton. Silver, \$2817 or \$84 per ton and copper \$22,442 or \$6.72 per ton. The copper amounted to 136,013 lbs. Gold to 1507 ozs., and the silver to 4695 oz.

The total tonnage shipped from the mine to 1st April amounted to 8592 dry tons containing a total gross value of \$165,425.

Mr. Bernard Macdonald in concluding his last monthly report to London on Le Roi, No. 2, says:

"Since the capacity of the Northport smelter was increased to take sufficient ore to allow for the opening of stopes, the result has been extremely satisfactory. The true extent of the ore shoots is just becoming known, and the mines are in fine condition to begin a large continuous production.

### LE ROI SHARES.

Rise in London Market—Settlement Day Fixed:

The latest advices from London have this to say concerning Le Roi, Great Western and Le Roi, No. 2, shares: "British Columbians have been good. Le Roi's have advanced to 9-7-16 on influential buying and Le Roi's No. 2 have raised 5/8. Rossland, Great Western jumped up 3/8 to 3 3/8, and Kootenays 3/4 to 2 3/4. Special settlements have been applied for and the official assignee has announced that a thorough investigation is to be made in regard to dealing in the shares."

### Hurt Today.

Alex. Cox, a mucker working in the Le Roi, was slightly injured about noon today by falling rock. The injured man was taken to the Sisters' Hospital and his wounds were dressed.

### MINOR MENTION.

The May issue of The British Columbia Mining Review contains an excellent picture and sketch of J. W. Astley, M.E., of this city.

A. O. Mills and G. E. McLaughlin of Nelson had a narrow escape from drowning yesterday. The men were in the water nearly two hours before being rescued.

Three bodies have been found so far in the ruins of the Ottawa fire.

The Burns-Goff mill at Nelson last night resulted in a draw, much to the disgust of the Rossland contingent who backed Goff. The party arrived in town at an early hour this morning in anything but a pleased state of mind.

At Nelson assizes yesterday the jury returned a verdict of not guilty in the case of Des Revieres charged with the murder of Rowand at Greenwood in February last.

The Legislature at Victoria will be prorogued this evening. The Railway Loan Bill and the supplementary estimates passed yesterday.

Mr. and Mrs. King left for Nelson this morning.

E. Escalet left for the Boundary country on mining business this morning.

Hon. T. Mayne Daly has gone to Gold- to attend the assizes there.

Ladies' and Children's Trimmed Hats are now selling at half price. This will only last during the month of May. Come early and get your choice at Miss Pretty's, Columbia avenue.

We have got what you have been looking for in the latest styles of cloths. We guarantee a good fit. Everything first-class. If you come once you will come again. McMillen, the Tailor.

The ladies of the Methodist church are making great preparations for their bazaar to be held at the Miners' Union hall, Thursday, May 16. It will be a complete success in every respect, and you are invited to attend.

James Hasking returned to the camp last evening from White's camp near Grand Forks. He will leave in a few days for his claims in the Kamloops and Similkameen districts.

The Salvation Army will hold an Ice Cream Social on next Thursday afternoon and evening.

J. B. Kerr who has been on a business visit to Nelson is going to the coast for a two weeks' visit.

Rev. J. M. Robinson of St. Andrew's Presbyterian church returned from attending the annual meeting of the church in British Columbia at the coast.

## STOCK MARKETS

War Eagle and Centre Star Higher.

## LOCAL MARKET ACTIVE

Flurry in New York Has Completely Subsidied—Toronto and Local Quotations and Sales.

War Eagle and Centre Star are both a little stronger in the east but there is practically no change in the stock situation.

Locally some 13,500 shares were disposed of on change this morning, 2000 Rambler-Cariboo selling at 25 3/4c, showing the stock a little weaker, and 1000 Centre Star was sold at 30c.

The flurry in New York seems to have quite subsided, the wire from there this morning states: Wall street is "very quiet and nothing doing."

### RHODES FOR PREMIER.

Reconstruction of the Cape Ministry Rumored—Denied by the Premier.

Cape Town, May 11.—South Africa news today declares it has been decided to reconstruct the ministry with Cecil Rhodes as Premier, Dr. Jameson as colonial secretary and Sir John Gordon-Sprigg as treasurer. The premier, (Sir John Gordon-Sprigg) however, authorizes a statement that there is no foundation for the reports of the reconstruction of the cabinet.

Buy your wall paper, all 1901 goods at Daniels & Chambers, near Empey Bros.

### A BIG FIRE

Large Building Burnt to the Ground. Loss \$25,000.

This would not have happened if the building had been lighted by electric lights. Besides coal oil is costly, and there is the trouble of filling lamps, taking care of wicks and the breakage of chimneys. Electric light reduces the cost of your insurance, lessens the danger from fire and adds to the comforts of the store and home. Electric power supplied for mining and manufacturing purposes. Motors for rent or sale. Estimates furnished for wiring and lighting. Ring up phone 67, Rossland Water and Light company.

### The Rossland Electric Laundry.

Established 5 years, is the best place to get your washing done. We make a specialty of blankets, woollen underwear, lace curtains, in fact everything pertaining to the laundry handled with the greatest care. T. M. Graham, proprietor, next to Grand Union hotel. 5-6-6t

Seal coats renovated at very reasonable prices by a competent furrier. Apply at the Le Bon Marche, 3-t
