## BOGUS ORDERED CLOTHING

Ready made clothing manufacturing establishments have what they call custom departments, and clothing dealers in the city carry their families and advertise tailor-made clothing to order at half best tailor's prices. This class of tailor-made clothing ought to be, and is classed with BOGUS ARISTOCRACY, SHODDY, PASTE DIAMONDS and BRASS JEWELRY. Many men who can afford better and who would not wear paste diamonds or brass jewelry are induced by lying and fraudulent advertisement to order one of these shoddy, sloppy, ready-made suits to order. We admire artistic dwelling houses with well-kept grounds, etc., they attract our attention. In the same way we admire stylish, good-fitting, well-made clothes. All men should dress well and appear to the best advantage. This is a duty they owe to society. A well dressed man will win the best positions ahead of the man who wears cheap made clothing.

Young man, if you want to marry a good-looking, smart, tidy, intelligent young lady do not buy bogus-ordered, ready-made clothing. She knows it at a glance. It makes you look cheap, and she won't have you. Married men, if you want to keep the love and affection of your wives, don't wear them. Get your clothing made by Taylor & McQuarrie, who cut by the 20th century system. Your coat will never shrink on the shoulder, nor down the front, and will always hang right; your trousers will be right, sitting or standing. Suits cannot be made right for less than our prices.

## Running Watches

In fourteen months the balance wheel of a watch turns on its axis (12,247,200,000) 12 billion, 247 million, 200 thousand times. It does not rest at night like ordinary machines, but keeps at its work incessantly, you oil an engine or sewing machine, but you forget your watch. If you let it run much longer it causes it to clog up, and get dry and therefore the fine pivots wear into the jewel holes. Treat your watch like you would any other machine, and it will give you good service if you let us attend to it for you.

## WINNING ITS WAY

### Progressive Party Has Already Four Members in the House.

Victoria, May 5.—E. C. Smith, M.P.P. for Southeast Kootenay, has declared his adherence to the Provincial Progressive party. Smith Curtis, Rossland, also stands committed to the party, and will stand for the next house on its platform. At least four members of the present house will join with the new party.

### GERMAN PEOPLES PARTY.

Meeting Broken up by Disorderly Conduct.

Vienna, May 5.—The congress of the German Peoples Party held here yesterday evening, was broken up by the followers of Herr Schoenerer, (Pan-American) who immediately after Herr Wolf (the Pan-German leader) commenced the opening address, bombarded the platform with lumps of sugar and paper balls. A free fight ensued between the different factions and the police with difficulty cleared the hall.

### Three Failures This Morning in New York.

## THE BANKS ARE NOT INVOLVED

Director of Dominion Securities Company is Among the Number.

New York, May 5.—Henry Brothers, 71 Broadway, members of the stock exchange, announced their suspension today. Mr. Gordon of that firm is a director of the Dominion Securities company.

The suspension of Lockwood, Hurd & Co., and of Offenbach & Moore was also announced.

Dr. W. Seward Webb, was in conference during the morning with A. L. Meyer, Henry L. Sprague, attorney, and Benjamin P. Moore, of Offenbach & Moore. Adrian Bush is the assignee for Henry Bush, and H. T. Herrin is assignee for Lockwood, Hurd & Co. Neither of the assignees have yet made a statement.

Before noon call money eased off to 8 per cent.

The canvass of the leading banks of the financial district indicates that these institutions have scarcely more than a passing interest in the events of the morning.

It is reported, however, that a number of New England banks hold Webb Meyer securities as collateral, and the announcement is made that Webb has resigned from the international directory.

## MAY NOT RECOVER

### Illness of Queen Wilhelmina is Taking a Serious Turn.

The Hague, May 5.—A message from Castle Loo sent at 7 o'clock this morning, says Queen Wilhelmina is still alive. None of the doctors attending Her Majesty left the palace last night and neither the Queen's mother nor the Prince Consort went to bed.

The streets are dotted with despondent groups of people, anxiously discussing the exceedingly scanty information permitted to leak out. The offices of the official newspapers were besieged with enquirers and surrounded by people awaiting bulletins. Telegrams of enquiry arrived from all parts of the world. All the foreign diplomats either personally called for news or sent their secretaries to make inquiries about her majesty's health.

## WORDY WARFARE

### Hawthornthwaite and Joe Martin Get Angry.

## WORKMEN'S COMPENSATION

### Anti-Oriental Amendment by Curtis is Defeated by Joe Martin.

Victoria, May 3.—Labor matters employed the house during the whole of Thursday afternoon. Mr. Martin asked that the Compensation bill be allowed to stand over. Mr. Hawthornthwaite refused to accede to the request, pointing out that it might mean the defeat of the bill. Martin's motion that the committee rise was, however, carried after a fierce debate. Mr. McInnes supported Martin. It is now recognized that Mr. Martin and his friends are opposed to the bill.

Mr. McInnes' amendment to Green's bill prohibiting the employment of Chinese or others who could not understand or speak the English language, in coal mines, adding the word Japanese, was passed. Curtis moved a further amendment excluding Japs without naming them, but this was defeated. Messrs. Curtis and Hawthornthwaite then supported McInnes' amendment on the grounds that it would be unsafe to make any distinction between the two races.

A riot occurred between Hawthornthwaite and McInnes over the Curtis amendment, the former roasting McInnes for the slavish support and praise of Dunsmuir, pointing out that the premier was the only employer of Japs and Chinese in coal mines in British Columbia and solely responsible for their presence.

The Workmen's Compensation Bill was forced up again on Friday night, Martin again carrying the adjournment. Hawthornthwaite saddled the responsibility of the probable defeat of the measure up on Mr. Martin and his friends. This led to hot words, Martin calling the Nanaimo member a labor agitator. Mr. Hawthornthwaite characterized Martin's statement as blackguardly. Both men refused to retract.

### Revolutionists Negotiating for the Surrender of Puerto Plata.

Monte Christo, San Domingo, May 5.—Messengers under a flag of truce who arrived at Puerto Plata, (the principal port Santo Domingo on the north coast) San Domingo confirmed the reports of the capitulation of the Dominican capital which took place Friday. It was also confirmed that Jiminez sought refuge at the French consulate at San Domingo.

The negotiations between the revolutionists and General Deschamps, the governor of Puerto Plata, for the surrender of that place, it is further reported here have fallen through. The governor refuses to surrender without an order from the Dominican government.

## ROSSLAND BASEBALL TEAM WINS

### Sunday Afternoon's Game Resulted in a Defeat for Northport.

There was a large attendance of spectators at the ball grounds on Sunday afternoon, the weather being propitious and the game expected to be one of more than ordinary interest.

The Northport team, however, arrived without their catcher, and a substitute had to take his place, greatly handicapped the visitors. It was no surprise under the circumstances that the home players came out winners with a score of twelve to three. With the exception of one innings the Rossland team was not able to hit the Northport pitching to any extent.

## ARE ABOUT TO AMALGAMATE

### Proposal to Reduce Capitalization of Rossland Mines.

London papers just come to hand state that the plans for the amalgamation of the Rossland Great Western and Kootenay companies are assuming form and proportion. The plan as outlined is to amalgamate the two companies, which possess an aggregate capital of £900,000 in £5 shares, into a company with a capital of £150,000 in £1 shares. It is proposed give one share in the new company to every holder of one share in the Rossland Great Western, and three shares in the new company to the holder of every five shares in the Kootenay Mining company.

## THE NATAL ACT.

Joe Chamberlain contemplates visiting Canada next summer, says the Sandon Paystreak. If he plays the date we can see a first class opening to pull off a ten round slang-whanging bout between him and Canada's sunny ways artist, Wilf Laurier. Chamberlain advised British Columbia to put on a Natal act; when Wilf put the kibosh on the anti-Mongolian legislation and tried to shuffle the blame on the colonial secretary. In view of these circumstances, if the people of British Columbia can manage to bring Laurier and Chamberlain together somewhere in the neighborhood of the Pacific coast, with Joe Martin as interlocutor, the subsequent proceedings should be decidedly interesting. Somebody is certainly lying about this Mongolian business, and if what has been said and written about Joe Chamberlain is any criterion, Laurier's version would not be allowed to go by default.

## COLONIAL CONFERENCE.

Two subjects are mooted for discussion at the coming colonial conference at the coronation, which have given rise to a great deal of newspaper comment. The one is that of an imperial Zollverein or customs union, and the other is that of mutual defence. Quite a little newspaper debate has taken place as to the latter, which would seem, however, from its very nature to be one that ought not to occupy the attention of the Empire as a whole until the bonds of federation are drawn somewhat closer and have assumed a more tangible shape than they do at present. The main object of that conference is the linking together of the widely scattered units of the British possessions in various parts of the world. Once there is unity then such a question as that of defence will naturally sooner or later force itself into prominence. But until it comes up in the natural course of events it may well be left to itself. Should anything like a general war be imminent, then it would naturally take precedence of everything else. Again it should not be forgotten that the war that is really threatening is a commercial war. To fight it intelligently, a commercial pact or union is absolutely necessary. It is not probable that this bond will immediately assume the character of free trade within the Empire, and protection against all outsiders. That is not the manner in which the upbuilding of this realm has been brought about in the past and it is unlikely to be the case at the present. The old Romans had a proverb "Hasten slowly" which has been very generally adopted by this people. How well our Empire is built is known to all. When the colonial premiers assemble in London, the exact facts of the case as bearing upon each province and colony will be made known to the one to the other and then, in possession of the full facts, some arrangements can be made, which will have a chance of being enduring and no sand castle to be raised in the morning and swept away by the evening tide.

## POLICE COMMISSIONERS.

The resignation of Frank Walker after a term of three months of

office during which he certainly did not distinguish himself, has ended that state of feeling which his appointment naturally created in this city. Had he stayed there would have been, doubtless, an investigation into the circumstances which led to his being asked to take office. Under present conditions this investigation may possibly be dropped. But it will be necessary to appoint some person the choice of whom will be unexceptionable. It is to be hoped that the government will not be led in the making of this appointment by the influence of certain individuals who have already shown that they are not in touch with their fellow citizens.

There is one man whose acceptance of office would be extremely popular in this city from a multiplicity of reasons. This man is Rupert Bulmer, the president of the Miners' Union. The law abiding character of the strike shows the manner of man whom the world recommends. Furthermore, while acting as delegate to the recent convention at Kamloops Rupert Bulmer showed that his opinions were those of a moderate man who was still strongly convinced that the measures advocated as planks of the Progressive platform were eminently just and desirable for the people of this province. He is moreover one of the oldest of Rossland's citizens and bears a record without a stain. Should such an appointment as this be made it will show that the powers that are in possession of authority are not unwilling that there should be some recognition of a large percentage of the electorate who oppose the present city government. If on the other hand such an appointment be not made and the last chance, possibly, of extending an olive branch, is deliberately refused by those that have, then in their turn there can be no complaint made when the wheel of fortune turning places that large and now preponderating percentage of the electorate in power and it, in its hour of triumph, equally refuses to allow of the representation of the minority of their defeated opponents at the polls.

## NOTES AND COMMENTS.

Were Dunsuir to resign and a general election be called at once there would be no representation of the interests of the province at the coming coronation conference. "Thus the native hue of resolution is sicklied o'er by the pale cast of thought!"

The Rossland Miner is to be congratulated on its borrowed editorial on the mineral tax yesterday morning. It took it straight from the editorial columns of the World of Saturday night's issue! ## FIGURES TALK.

The fifth annual meeting of the shareholders of the Crow's Nest Pass Coal company was held in Toronto on March 7th.

The net profits of the year after paying all operating expenses and all charge of every kind, amounted to \$207,848.39. After paying a dividend at the rate of ten per cent per annum, a balance of \$23,142.89 was carried forward to the credit of profit and loss.

This company's assets are their coal mines and the townsite of Fernie. Four years ago this company had no transportation facilities, and their stock sold as low as eleven cents per share. Today their stock is selling at \$90.

The Similkameen Valley Coal company, limited, assets are coal mines, timber, water power, agricultural and horticultural land, city water works, electric light plant and the townsite of Ashnola, surrounded by the following resources: gold, copper, silver, lead, iron, lime, fire clay, platinum, and a fine stockraising country, and it is the smelting center of the Similkameen valley, with a climate that is all that could be asked. You can secure an option on this company's stock by paying 10c per share down, and ten cents per month until fully paid, with non-forfeiture clause. This price is subject to twenty-five cents advance without notice as soon as transportation is assured. The present price is \$1.10 per share. Do not wait until it is too late, but get in on the ground floor, and make a handsome profit. A purchaser of one hundred shares now, may gain a profit of \$8,900. Crow's nest shares as an example. This would be a fair profit on an investment of ten dollars per month for eleven months. We invite the fullest inspection of the company's affairs by intending purchasers. ## THE LEAD DUTIES

The Other Side of the Question Presented.

### INCREASED DUTY AN INJURY

Freight Rates of the Transportation Companies the Key to the Situation.

While the newspapers and boards of trade throughout the province, says the Paystreak, are agitating for an increased duty on lead and lead products, in order to build up the refinery industry in the Kootenay, why not consider the matter from the mine owners' side of the question?

The bonus has not raised the price of settlement one cent, notwithstanding that the Canadian smelting refinery at Trail. We claim now, as we have always claimed, that this refinery is a bluff, built for the purpose of keeping others out; and we claim furthermore that if any other company, such as the Hall Mines for instance, were to build a refinery sufficient to handle the lead product, that the Canadian Pacific railway would crowd it out of business by arranging freight rates in such a manner that the independent refinery could not make a profit. On the face of it this may seem improbable, but when it is considered that the C. P. R. gets by far the greater part of the haulage of all the matte produced at Nelson and Trail to Newark, N. J., and then back to Canada, it is easily seen that the freight is a larger consideration than the probable profits of a refinery, with regard to the proposed tariff.

The Paystreak claims that a heavy duty imposed on lead imports would not benefit the Slocan mine owner and would in all probability injure him.

As it stands now the Everett and Selby smelters can buy lead ore in the Slocan, treat it in the United States in bond and return the manufactured products to Canada for sale. So long as these circumstances exist there is always a possibility for competition, but once the duty is imposed it would drive the United States ore buyers out of British Columbia by taking away their Canadian market. It is clearly evident that this would have the effect of placing the whole lead industry entirely at the mercy of the Trail smelter and the Canadian Pacific railway. Of course we admit that it is not good policy to ship our raw lead out of the country to be manufactured, but it is a case of the devil and the deep blue sea.

A government smelter and refinery is the only logical and complete relief, but there is practically no possibility of getting such relief from the Dominion government. What the mine owners should look for from the Dominion, and what they could secure by a proper presentment of their case, is a reduction of the tariff on mining machinery, supplies and explosives. The cost of mining supplies of all kinds is greater in the Kootenays right now than in any other camp on earth that is opened up. This is because Canadian manufacturers will not make the articles required, and therefore they are imported from the United States or Europe. We ask anyone familiar with the circumstances to compare the price of track iron, ore cars, tramway machinery, steel sacks, twine, etc., paid in the Slocan with that paid in the Coeur d'Alene and answer if we are wrong.

Therefore we claim that instead of agitating for an increase of tariff, in a direction to suit the smelter and railway monopoly, the Slocan country should petition for a decrease of the tariff in a direction to suit the mining industry.

## RECORD CANADIAN COMPRESSOR

Sixty Drill Plant Ordered for the Granby Mines.

On Friday last General Manager Jay P. Graves, of the Granby Consolidated Mining, Smelting and Power Co., Ltd., decided to order at once what will undoubtedly be the largest air compressor ever built or installed in a mine or elsewhere in the Dominion of Canada. It will be used in the Granby company's mine in Phoenix. The new compressor will require about six months to build, will be operated by electricity, and when in running order will have cost the Granby company in the neighborhood of \$80,000, and will be of 60 drill capacity.—Pioneer.

## ENDORSE PLATFORM

Despite Some Opposition Progressives Win Out at Nanaimo.

At the last regular meeting of the Nanaimo trades and labor council the main business of the evening was the report of Delegate Buckle to the Kamloops convention.

After the report was received and considered, discussion ensued as to what action the council should take in the matter.

Mr. Buckle, in speaking to the report, made a vigorous defense of the action of the convention and urged the council to endorse the platform.

Mr. Shenton of the miners union also supported the report and made an eloquent appeal to the council to take a broad minded view of the matter.

Mr. Johnson of the miners union also spoke at some length on the subject.

In answer to the statement of one of the delegates, of Socialistic tendencies that the platform did not contain one plank of any benefit to workingmen, Mr. Buckle produced a copy of the platform of the Socialistic party of British Columbia and said that if the Kamloops platform was no good, then the Socialist platform was in the same boat, and defied anyone to show that most of the planks did not have the same meaning and in many cases were not identical.

After considerable discussion the report was received and the platform adopted.

### MINOR MENTION.

The International will have a good show this week.

Mr. and Mrs. Frank Brown of Trail paid Rossland a visit today.

Al Lonsdale skipped recently. Many a merchant is mourning his loss.

Quite a number of men are being taken on at the Velvet and some at the Josie.

Jas. Lawrence, of the Lawrence Hardware company, of Nelson, is in the city.

Col. Egan, late editor of the Nelson Miner, came over from Nelson yesterday.

Miss Flora Phillips, sister of John Phillips, arrived in this city yesterday from Toronto.

Mrs. Chenoweth left today for Nevada City where she proposes to spend the summer.

It is announced that several more men have been let off the Le Roi at the 900 foot level.

The case against Hugh Henderson has been postponed by mutual consent until Wednesday next.

Chief Ingram states that there are only four members on the police force, there being no jailer.

Frank Walker, ex-police commissioner left for Spokane yesterday. He was subpoenaed as a witness in the Henderson gambling case.

Miss Carlson, the fiancée of C. V. Lundmark, an old time Centre Star miner, received a telegram this morning informing her of his death at Cripple Creek, Colorado.

If the weather keeps up in this unprecedented manner the city band will probably give the Rosslandites that threatened open air concert on Wednesday night.

The annual district meeting of the Kootenay district of the Methodist church will convene tomorrow in Nelson. Rev. A. M. Sanford leaves tonight for that city.

The local lodge of Odd Fellows will elect delegates tonight for the Grand Lodge which meets in New Westminster. There are three candidates for the first degree tonight.

One hundred callers, more or less, attended the spring moving of the WORLD. The staff has been overwhelmed by the touching tributes of its friends overjoyed at this new evidence of its increasing popularity.

The Empire Stock company will produce the "Prince and Lady" tonight at the Opera house. This comedy is written by H. V. Donnelly and was placed on the boards by the author at the Murray Hill theatre in New York where it had a long run. Between the acts specialties will be introduced. The company has received some very favorable notices in the Nelson press.

City Engineer Van Buskirk states that the normal staff of the waterworks is two men, not including himself. He declares that the present management is considerably less expensive than it was under private management and the income has grown by 50 per cent. Last year the water revenue paid all salaries, including his own, all maintenance and then cleared \$5,000 which was sunk on extensions to the system.

Before you get that new spring suit, come and see us! we know that we can please you, both in price and quality of goods, Comerford & Cameron the leading tailors.

#### The Trade Dollar.

It is reported that a tramway will be built from the Sunset to the Cody this summer to handle Trade Dollar ore.

#### Iron Vault.

The work of deepening the shaft on the Iron Vault at Kamloops resulted in showing the presence of copper pyrites among the magnetite, on a vein of which development is being carried on.

## THE WRATH TO COME

### Crazy Italians Terrorize a Town and Then Fly the Consequences.

Racine, Wis., May 5.—A mob of fifty Italians, crazy with liquor, has ruled the town of Corliss, seven miles west of here, terrorizing the people and driving all citizens from the streets. Two women were wounded slightly by revolver bullets, and two men were cut by knives in the hands of the invaders.

Help was asked from this city, Sheriff Baumann, with a posse of deputies, drove to Corliss, where order was restored after a short but exciting encounter in the streets. Two of the Italians are under arrest and the others have fled to escape the wrath to come.
