Stationery, Confectionery,  
Tobacco and Cigars;

Phoenix, British Columbia

Takes this opportunity of thanking his many customers for their very liberal patronage during the past year, at the same time not forgetting all new ones, and wishes the coming year of 1902 will bring peace and prosperity to all.

## THE LE ROI NO. 2

**Auditors Notes and Directors Comment.**

**DIVIDEND PAID BEFORE EARNED**

The Smelter Deal With the Le Roi Company—How the Charges Went Up.

The auditors of the Le Roi No. 2 accounts say in their report:

"On 11 June, 1901, the directors declared an interim dividend of 5¢ per share, and on the 29th June, 1901, the same was duly paid, absorbing a sum of £30,000. According to the accounts this dividend had not been wholly earned." They add that a claim made by the Le Roi company for development done of £6000 does not appear on the books.

The directors say to the shareholders:

1—"With regard to the interim dividend declared in June, the original arrangement with the Le Roi company was that the charge made for smelting the ore of the Le Roi No. 2 should give to the former a net profit of \$1 per ton. With this end in view it was agreed that the charge for freight and smelting should be \$5 per ton. Subsequently, on the directors of the Le Roi submitting that by this arrangement they would make scarcely any profit, a cost of \$6 per ton was substituted. When the clean up was made at the Northport smelter preparatory to closing the books, a further amount of \$1.98 per ton (indirect charges) was added. This additional charge your directors could not anticipate and in view of Mr. Frecheville's recent report, in which upon 26,000 tons of ore purchased, (which includes nearly 21,000 tons from your mines) he estimates the profit as \$62,021, or about \$2.38 per ton. The total charge of \$7.98 per ton should not have been incurred.

2—"The general manager was unable to give any definite value for the ore on the dump, but the amount borrowed from the Bank of Montreal against this ore (\$62,000) has been repaid and the dump is now an unencumbered asset.

3—"With regard to the small amount written off for mine development, we have as yet but commenced attacking the ore bodies and Mr. Macdonald assures us that the ore shipped last year was taken out largely in the development of these and making preparation for stoping.

4—"We do not admit that the Le Roi Mining company has any pecuniary claim on this company."

PROFIT AND LOSS ACCOUNT.

1st June, 1900, to 20th Sept., 1901.

## 1901 MINERAL ESTIMATES

**Provincial Mineralogist Makes a New Move.**

**INCREASE TWENTY-FIVE PER CENT**

**Estimated Mineral Production by Metals--How the Districts Show Up in Values for Last Year--A Gratifying Increase.**

W. F. Robertson, provincial mineralogist, has issued an official bulletin showing the mineral production of British Columbia for 1900 and the estimate for 1901.

The production by metals for 1901 is estimated as follows:

Gold [placer] 43,204, ozs. value \$892,500.

Gold [lode] 227,696 ozs., value \$4,704,200.

Silver 4,685,718; ozs. value \$2,624,002.

Copper 30,736,798 lbs. value \$4,951,698.

Lead 50,529,260 lbs. value \$1,970,641.

Coal 1,529,210 tons, value \$4,587,630.

Coke 134,760 tons, value \$673,800.

Other mineral values \$309,030.

The districts of the province show up in values for 1901 as follows:

Cariboo.....\$ 470,000

Cassiar.....320,000

Kootenay E.....2,850,289

Kootenay W.....7,362,189

Lilloet.....56,900

Yale.....4,751,458

Coast.....4,902,665

The estimate for Cariboo, Cassiar and Lilloet is below the ascertained return for 1900. An increase is shown in all the other districts.

Roughly, the increase for 1901

over that of 1900 is twenty five per cent on gross value of output.

In sending in his estimates to the minister of mines Mr. Robertson says:

"I hand you these figures now rather than wait for the final statistics, as I believe the prompt publication of even an approximate official estimate making so good a showing will be of benefit to the Province, and is generally desired by investors in our mines."

"The tonnage of ore mined from the lode mines in the past year is about 871,832 tons, equal to an increase of 317,036 over the year 1900, a little more than 57 per cent.

There has been an increase in the output of all the metals with the exception of lead, the low price obtainable in this province for lead ores having discouraged this class of mining, except where accompanied with good silver values.

The gross value of the copper output has increased 206 per cent over 1900, while lode gold has increased 36 per cent and silver 14 per cent.

The total value of the production for 1900 was \$16,344,751, and the estimated value for 1901 is put at \$20,713,501.

**BROKE OUT OF JAIL**

**Eleven Desperate Men Escape -- Trouble Is Feared.**

Tacoma, Wash., Jan. 21.—Eleven of the most desperate prisoners in the United States penitentiary on McNeill's island made their escape between one and two o'clock on Sunday afternoon, and up to a late hour last night were still at liberty. It was the most daring and successful jail break ever attempted in this state, and the character of the men implicated, makes it doubtful whether they will be retaken without loss of life.

WANTED—To buy second-hand furniture and clothes, or anything of value. Layton's Second-hand Store. tf

Sandon Grits Organize.

Action has been taken to form a permanent Liberal association in Sandon. M. L. Grimmer is temporary president and George R. Macdonald temporary chairman.

**CALLING IN THE PASSES**

**Pacific Coast Companies Calling in All Annual Passes.**

Vancouver, Jan. 21.—Under the agreement which has been arrived at among all the Pacific Coast steamship companies to discontinue the granting of passes, the C. P. N. company is calling in all annual passes, and is declining to grant even trip passes on steamers. The agreement is good from San Francisco to Alaska.

For a nobby suit of clothes call and see Comerford & Cameron, successors to Sharp & Co., Dean Block. tf

To Be Tried for Murder.

Halifax, N. S., Jan. 21.—George Gillen, who shot and killed Archibald Graves at Albeton, Prince Edward Island, on Friday last, has been committed for trial on the charge of murder.

## HAS CONSENTED

**E. P. Davis, K.C., Will Likely Succeed McColl.**

**THE BAR STRONGLY FAVOR HIM**

Dawson Will Incorporate—\$10,000 Taken Out of Mush Creek In Two Months.

Vancouver, Jan. 21.—E. P. Davis, K.C., has consented to take the chief justiceship if offered to him by the government. He had the refusal of the proposition the last time a vacancy occurred. At a meeting of the legal association this afternoon it was decidedly unanimous in favor of Davis. "Joe" Martin was present and said he would do all he possibly could to secure the appointment for Davis.

The steamer City of Seattle arrived from Skagway this afternoon. On January 6th the Dawson electors decided in favor of incorporation and the election for mayor and other officials takes place in March. R. P. McLennan will probably be the first mayor.

Tagish Charlie, a Klondike pioneer, was robbed of fifteen hundred dollars in Skagway a few days ago.

Two men from Mush creek recently brought out over ten thousand dollars worth of gold which was taken out in two months.

Hot Wienerwurst served with every glass of beer at the Alhambra.

**SOME MORE EXTRACTS**

**Details Promised by the New Manager of the Le Roi in His Report.**

Concluding his first report to the Le Roi directors, Manager J. H. Mackenzie says:

There is very little change in the general condition of the mine since Mr. Frecheville's report. I am anxious to begin drifting on the 1050 level and resume sinking the main shaft. But before doing so we must put in skip roads between the 800 and 900 foot levels, timber the loading chute at the 1050 and move the sinking machinery down to that point.

At the present time the rock skips do not go below the 800 foot level. The preliminary work will probably take over six weeks. The total development work for November was 120 feet, consisting of drives and raises on the 7th, 8th and 9th levels. We have begun a raise from the 900 to the 800 ft. in the main ore body and another on the Black Bear vein from the 700 to the 500.

Hereafter I will send you monthly stope sheets, showing you the amount and value of the ore extracted from the different stopes. The details and results of smelter operations during the month will be forwarded to you within a day or two.

WANTED—Clean cotton rags at the World office.

Shipping Blister Copper.

Grand Forks, Jan. 21.—The Granby smelter yesterday shipped its initial carload of blister copper to the eastern refinery. The shipment comprises 30 tons.

# The Evening World

Address all communications to James H. Fletcher, Manager, P. O. box 902, Rossland, B. C.

## MINERAL PRODUCTION.

The provincial mineralogist has issued a bulletin showing the estimated output of British Columbia for 1901 to be worth \$20,713,501, as against the ascertained value of \$16,344,751 for 1900.

West Kootenay heads the districts with \$7,392,189, as against \$6,020,783 in 1900.

Trail Creek division stands at the head of any single mining division, and is credited with \$3,855,556, as against \$2,739,300 for the previous year.

Grand Forks and Kettle River mining divisions combined are credited with a total of \$4,695,469, as against \$1,358,383 for 1900, and show the greatest increase over the previous year of any division.

The Ainsworth and Slokan figures are \$2,240,615 for 1901, and \$2,413,373 for 1900. Nelson is credited with \$1,110,226, as against \$787,082 for 1900.

East Kootenay returns show the estimate for 1901 to be \$2,850,289, as against \$2,855,851 for the previous year.

## THE POLICY.

Mayor Clute's brief inaugural address to the council yesterday has in it the promise of better things at the city hall for the coming year.

His worship made it very clear that, with a probably smaller income than that available last year, the council will be called upon by the new school board to supply about \$6000 this year for the maintenance of the city schools.

The council has no control over the school expenditure and has merely the right to supply the necessary funds, once the school board has decided what amount is required.

The mayor told the council very plainly that there would be no money this year for street improvements. His worship added: "Enough money, I consider, has already been borrowed for general street improvements. Anything further in this direction must be met, I believe, by frontage tax."

In regard to the water supply the mayor said that it would be necessary to proceed with the work of materially increasing the supply, the ratepayers having already voted the money necessary for this purpose. Knowing, however, that the water works debentures remain unsold at the present time the council will probably require very complete information before spending any more money on the water works.

A timely reference was made to the quarantine difficulty at Northport and it is to be hoped that this year's council will press the payment of the cost of maintaining the pest house, upon the Dominion government. There should be no difficulty in obtaining the whole sum paid out.

The World is already on record as being in favor of the abolition of the ward system and of the election of a council at large, and consequently we welcome the mayor's declaration in favor of such a plan.

While not desiring to harp on one theme too much or to unduly criticize Mayor Clute's first official utterance, we would have welcomed some such expression as this, in yesterday's inaugural.

"The financial statement for the past year to December 31st has

just been completed, and together with the auditor's certificate of correctness and the regular balance sheet for the year will be laid before you at the next regular meeting of the council."

It may be that the statement is forthcoming, and it most certainly should be but the mayor said nothing about the matter and we think it of so much importance that we venture to draw public attention again to the necessity of having the civic balance sheet for the past year published for perusal by the ratepayers.

If we do not know how and where last year's council left off, we will not know, at the outset under what financial circumstances the new council will commence business, and in all fairness the ratepayers are entitled to have the financial position of the city fully explained to them at the present time.

## NOTES AND COMMENTS.

There are 30,000 trade unionists in Montreal.

Sixty-three municipalities in New Zealand have adopted single tax.

Winnipeg has a Civic Employees' union of over 200 members.

It is said that champagne causes cancer. The ordinary workingman is not likely to contract the disease in this fashion.

Denmark is the greatest trade union country in the world. To-day they command the banks and control the majority of the daily newspapers.

The Toronto Street Railway company's receipts for December were \$146,615.50. The city's percentage was \$11,729.24. There are other cities where nothing is paid for the privilege of making barrels of money.

A bill is about to be introduced into the Belgium chamber under the Department of Labor, making Sunday labor optional, no interference being given to those finding Sunday work congenial.

Twenty years ago men worked 14 hours a day at a go-as-you-please gait; ten years ago came in vogue the dog-trot gait and the hours came down to 12. Now we're betwixt a trot and gallop, and the time is between 10 and eight hours.

W. F. Robertson, provincial mineralogist, has made a welcome departure this year in promptly issuing an official bulletin giving the estimated mineral production of the province for 1901. Under the old method these figures would not have reached the public until May or June.

The Trouble-makers' Mill is working over time at the present moment, trying to grind out as much mischief as possible in the short time left. It is no use, Willie; no one takes stock in any yarns you may manufacture now. "Go away back and sit down."

The Kootenay is the only first-class hotel in the city.

Collis & Co., for fine commercial printing. Coll up 'phone 88.

## COURT OF REVISION.

Rossland Assessment District

Notice is hereby given that a Court of Revision and Appeal under the Assessment Act will be held at the Government Agent's office, Rossland, on Thursday, the 30th day of January, A. D., 1902, at the hour of 11 o'clock in the forenoon, when all appeals not already dealt with will be heard.

J. L. G. ABBOTT,  
Judge of the Court of Revision and Appeal.  
Dated, 14th January, 1902.

# Asthma Cure Free!

Asthmalene Brings Instant Relief and Permanent Cure in All Cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.  
Write Your Name and Address Plainly.

After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails. The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full size bottle."

Rev. Dr. Morris Wechsler,  
Rabbi of the Cong. Bnai Israel,  
New York, Jan. 3, 1901.  
DRS. TAFT BROS., MEDICINE CO.,  
Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful.

DR. TAFT BROS., MEDICINE CO.  
Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully,  
O. D. PHELPS, M. D.  
Feb. 5, 1901.  
Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full size bottle, and I am ever grateful. I have a family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit.  
Home address, 235 Livingston street.  
S. RAPHAEL,  
87 East 129th St., New York City.

TRIAL BOTTLE SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.  
Do not delay. Write at once, addressing DR. TAFT BROS., MEDICINE CO., 79 East 130th St., N. Y. City.

### QUARRYING OUT ORE

#### Diamond Drill Showing Good Results in Ram- bler, Near Eholt.

Greenwood, B. C., Jan. 20.—The number of men employed in the stopes at the 200-foot and 300-foot levels of the Mother Lode mine, in Deadwood camp, has lately been reduced, but more men have been put on in the quarry. The ore now being obtained from these open workings has recently improved sufficiently to allow of a larger proportion being sent to the smelter from this part of the mine.

The large Farrel crusher is expected to arrive from the Jenckes Machine company's works, Sherbrooke, Quebec, any day, and the foundations and other preliminary to putting it in position are well forward.

Encouraging results are being obtained from the prospecting operations with the diamond drill now in progress in the Everett & Spokane company's Rambler mine, situated near Eholt.

Ladies' Tailoring a speciality. Comerford & Cameron, successors to Sharp & Co., Dean Block.

### VALUABLE ORE BODY

#### Tunnel No. 5 in American Boy Has Struck Rich Ore—High Assays.

In the No. 5 tunnel at the American Boy a valuable ore body is being opened up. It is clean galena

giving assays of 138 ounces silver and 84.8 per cent lead, says the Sandom Paystreak.

With one exception this is the highest lead assay ever secured in the camp. The ore chute, which is at a depth of 600 feet, has been opened up for 20 feet along the vein and now shows 22 inches across.

The drift is being run along the side of the chute. At last accounts it was still widening and promised to be one of the phenomenal strikes of the year.

Clam Chowder free day and night at the Alhambra.

For sale cheap—a three room furnished house with city water and a good wood shed. Apply to J. L. Whitney & Co.

#### "UPS AND DOWNS."

The road we pilgrims travel is uneven you admit, But it is no use to loaf about with frowns, So put a decent "front" on, don't care a little bit, For we all must have our little "ups and downs."

Now, for instance, there's the carrier who carries all the brick, He lifts the hod and grips the ladder rounds, His job it is no sinecure, in fact would make me sick, For he has so many weary "ups and downs."

And there's the elevator man, who runs the lightning "lift," A yanking up of live stock, many pounds, That job I wouldn't take it even as a wedding gift, For he's a man with many "ups and downs."

A boiler on a steam boat busted up the other day, And the air for quite a time was full of sounds, A passenger who got a "hist," could hear the fishes say, "Poor man, he's bound to have his little "ups and downs."

O yes, we're bound to have 'em, it ain't no use to pout, The laborer in jeans, the maid in gowns,

The tall man and the short one, the lean man and the stout, Are bound to have their little "ups and downs" C. V. McLEOD.

WANTED—Young girl to do light house work and assist with baby. Apply to Mrs J. H. Robinson, corner Le Roi avenue and Davis St.

Hot Roast Beef served with every glass of beer at the Alhambra.

#### Dissolution Notice.

Notice is hereby given that the partnership heretofore existing between the undersigned as plumbers in Rossland, under the firm name and style, Reilly & Busch, has this day been by mutual consent dissolved. All accounts will be collected and all accounts paid by H. F. Busch.

Dated at Rossland, British Columbia, this 16th December, 1901. DANIEL REILLY, H. F. BUSCH, Witness: F. M. Bowman.

HENRI G. JOLY DE LOTBINIERE, PROVINCE OF BRITISH COLUMBIA; EDWARD VII, by the Grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the seas, KING, Defender of the Faith, etc., etc.

To Our faithful Members elected to serve in the Legislative Assembly of Our Province of British Columbia, at Our City of Victoria—GREETING: A PROCLAMATION.

D. M. EBERTS, ) WHEREAS, We are de- Attorney-General ) sired and resolved, as soon as may be, to meet Our people of Our Province of British Columbia, and to have their advice in Our Legislature:

NOW KNOW YE, that for divers causes and considerations, and taking into consideration the ease and convenience of Our loving subjects, We have thought fit, by and with the advice of Our Executive Council, to hereby revoke, and by these presents enjoin you, and each of you, that on Thursday the twentieth day of February, and thousand nine hundred and two, you meet Us in Our Legislature or Parliament: Of Our said Province, at Our City of Victoria, FOR THE DISPATCH OF BUSINESS, to treat, do, act and conclude upon those things which in Our Legislature or the Province of British Columbia, by the Common Council of Our said Province may, by the favor of God be ordained.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent and the Great Seal of Our said Province to be hereunto affixed.

WITNESS, the Honourable SIR HENRI GUSTAVE JOLY DE LOTBINIERE, K. C. M. C., Lieutenant-Governor of Our said Province of British Columbia, at Our Government House, in Our City of Victoria, in Our said Province, this 9th day of January, in the year of Our Lord one thousand nine hundred and two, and in the first year of Our Reign. By Command, D. PRENTICE, Acting Provincial Secretary

Rossland Water & Light Co., Ltd. E. Columbia avenue.

### STRIKE NOT SETTLED.

Whereas agents of the mining companies have circulated the report that the strike existing at this place is settled and work is to be resumed at the mines, we wish to state that this report is false and there is no probability of a settlement of the strike for some time to come. We advise all men looking for employment to keep away from Rossland, or Northport or vicinity.

## MINOR MENTION

The city council will hold its first regular meeting this evening.

There will be a masked ball at the opera house on Friday evening next.

Who will be the police and license commissioners this year. Can you guess?

Tomorrow is the first anniversary of Queen Victoria's death, and violets are consequently in demand.

A runaway late yesterday afternoon demolished the sleigh but did no further damage. Horses should not be left standing untied.

General admiration is expressed at the splendid photograph turned out by Carpenter & Co., of the Granby works, which is now on view in Taylor & McQuarrie's window.

C. H. Eshbaugh, manager of the International Correspondence schools, left for Spokane yesterday on a short business trip. Mr. Eshbaugh recently won the first prize offered by the schools for the local office turning in the most work in a given time.

The new school board held their first meeting at the city hall this afternoon at four o'clock and the meeting was in progress as the WORLD goes to press. Mr. McCroney will probably be elected as chairman as he is the only one of last year's board on the present one.

What might have been a very serious accident happened at the Le Roi this morning at 7 o'clock when the men were coming off shift. It is stated that the engineer ran the skip up against the sheave wheel near the top of the shaft house throwing out several of the men, some of whom were more or less injured but none of them seriously.

In Nelson,  
W. F. Tye, of Montreal, head engineer of the C. P. R. is in Nelson on business. John D. Sullivan of Trail, district engineer of the C. P. R. is also in Nelson to confer with him.

All kinds of game in the season at the Kootenay. tf

## SMELTERS FIGURES

**Northport Statement for November by the New Management.**

Referring to the Trail and Northport smelters Manager MacKenzie says in his report to London dated last month:

"The Trail smelter stopped taking our second-class dump ore about the middle of November; we are informed by them that the stoppage is only temporary, to enable them to put in new sampling machinery, and we hope to commence shipping this ore again some time next month.

Northport smelter—the expenditure for the smelter for the month of November was \$206,352.21, being \$36,207.54 more than the previous month.

The chief accounts that have incurred heavier expenditure are—roasting furnace, \$3,265.62; blast furnace, \$13,452.02; lime quarry, \$4,680.88; supply store, \$2,590.79; ore stock, \$3,070.55; stores department, \$7,552—\$34,612.86, the balance being distributed over the other accounts."

**Union Made Cigars.**

Why not begin the New Year by smoking union made cigars? When you wish a smoke ask your dealer for a "W. B." or "Crown Grant" cigar.

Ladies' Tailoring a specialty. Comerford & Cameron, successors to Sharp & Co., Dean Block. tf

## THE FIRST SHIPMENT

**Ore Coming Out From the Silver Hill Mine at Crawford Bay.**

The first shipment of ore from the Silver Hill mine to be sent down by the new tramway was dispatched on Saturday, and showed that the new tram was in first-class working order. Some work yet remains to be done at the way stations of the tram, but in a few days all will be ready and steady shipments will be commenced.

There is a large quantity of snow at the mine but very little on the nine and one-half miles of road between the transfer station and the wharf.

## NELSON WON AT HOCKEY

**Sandon Defeated by a Score of 7 to 4--A Fast Game.**

Nelson Jan. 21.—Nelson defeated Sandon at Hockey last night by a score of 7 to 4.

It was a fast game, but the superior combination work of the home team and the brilliant individual work of two or three of its team's best players brought it victory.

It was an interesting, speedy and satisfactory game. Though the score is rather large it was one of the most satisfactory hockey contests every seen in this city. One noticeable feature was the almost total absence of rough play.

## A FIRE IN NEW YORK

**Narrow Escape of the Workers--Loss Is \$75,000.**

New York, Jan. 21.—A fire last evening broke out in the basement of the building on Broadway occupied by Blumenthal & Stainer, manufacturers of artificial flowers and feathers: Roche, Croll & company, manufacturers of neckties and Samuel Folkoff, manufacturer of cloaks and suits. Fifteen of the Folkoff employees at work were rescued with difficulty and several firemen were overcome. The loss is put at \$75,000.

## Typos Meet.

Last Sunday the regular monthly meeting of Greenwood Typographical Union, No. 358, was held at Phoenix, members coming up the hill from Grand Forks and Greenwood to attend. The jurisdiction of the union is the entire Boundary country. In connection with the monthly business meeting the first annual banquet was held at the Dominion house. President McIntyre, of the Grand Forks

News, presided, and the usual toasts were proposed and responded to. Mine host Gillis set out a most attractive menu, to which full justice was done by the typographical experts.
