THE CANADIAN HENLEY FOR THE CANADA CUP

Results of the First Day's Racing—Argonauts Ahead.

St. Catharines, Ont., Aug. 9.—Following are the results of the closing day's races in the Canadian Henley regatta, held on the new course yesterday. There were many exciting finishes.

Junior doubles—Final: Argonauts 1st, Brockville 2nd, Dons 3rd, Crescents 4th. Time 7:42.

Intermediate eights—Argonauts 1st, Ottawa 2nd. Time, 7:18 3-5.

Junior singles (final)—Hamilton 1st, Dons 2nd, Ottawa 3rd. Time 8:16. Craig upset.

Intermediate fours—Argonauts 1st, Ottawa 2nd. Time, 7:18 3-5.

Intermediate singles—Smyth, of Toronto, 1st; Colton, of Hamilton, did not finish.

Intermediate doubles—Argonauts 1st, Brockville 2nd, Hamilton 3rd, Detroit 4th. Time 7:37.

Senior singles—Scholes won Vesely 2nd, Smith 3rd. Time, 8:03 1-4. Titus, the champion, would not row, claiming the water was too rough.

Senior doubles—Scholes and Smith 1st, Smith and W. Nelson 2nd. Time, 8:08.

Senior eights—Argonauts won by half a length, Winnipeg 2nd. Time 7:33 3-5, beating the world's record. The eights was the only race in which the Winnipegs competed yesterday.

Moraghan oysters any style at the Palace grill rooms.

YET ANOTHER ROBBERY

Great Northern Telegraph Office Broken Into Last Night.

The police are to be congratulated on the access of crime in the city. Formerly Rossland's comparative immunity was placed to the general goodness of the community, and any lapse was placed to the credit of gambling. Now gambling is stopped (?) but the general goodness of the community seems to be vanished. There have been numberless robberies of late and now comes a report this morning that the office of the Great Northern telegraph was entered this morning at about three o'clock, it is thought, the till was broken open and \$28.85 abstracted. Of course the police have a clue.

FOUND—On Rossland-Kootenay Company's grounds, one silver medallion pin, one gold quartz pin. Apply to WILLIAM THOMPSON

Married at Helena

F. C. Lawe, who is now practicing law at Morrissey Mines has been married at Helena, Montana, to Miss Lillian Anderson, both formerly of this city. They will reside at Mr. Lawe's new location.

Cut Flowers and Hazlewood Ice Cream at the Palace Candy Store.

Ladies are requested to come and see how cheap we are selling our patent and kid low shoes, O. O. Lalonde.

THE STRATHCONA WINS FIRST RACE WITH LITTLE TO SPARE.

The Strathcona Wins First Race With Little to Spare.

Toronto, Aug. 9.—Strathcona, the Canadian yacht, won the first race of the series now being sailed for the Canada cup. The race was sailed with a favorable wind over a triangular course seven miles to each leg. Strathcona, the defender, maintained a slight lead throughout the race, and won by 30 seconds. The Canada cup is to the yachtsmen of the Great Lakes what the America cup is to salt water sailors. The trophy takes its name from the yacht Canada, by which it was won the first year it was offered. In 1899 the Americans challenged the Royal Canadian Yacht club, the holders bringing over the Genesee, which won the cup from the Canadian defender Beaver. The cup came back to Canada two years later, won by George Gooderham's yacht Invader from the Rochester Yacht Cadillac in a series of races sailed off Chicago.

The challenger this year is the Irondequoit, from Buffalo, and the defender Strathcona, owned by H. H. McCrae, of the R. C. Y. C., Toronto, and the races are being sailed over the course off Toronto harbor. The boats this year are of the new 40-foot class; hitherto the racers have been 30 footers. Three out of five, that is two more races must be won by the Strathcona to retain the cup.

TWO POLITICAL TEAMS

Conservatives Beat Liberals at Lacrosse in Nelson.

Nelson, Aug. 9.—The public library funds will have been materially assisted by the gate receipts at yesterday's lacrosse match. There was a splendid attendance and a really enjoyable game was put up by the opposing political teams.

During the first part of the game S. S. Taylor's team had the best of it, and it looked for a while like an easy liberal victory. In the last quarter, however, John Houston's men rallied, and after an exciting struggle gained the victory by 7 goals to 6. R. S. Lennie made an admirable referee, and other prominent politicians filled the other offices acceptably.

SITUATION IS SERIOUS

Strikes in Russia Are Epidemic.

INCENDIARISM NOW RAMPANT

Contraband Rifles Are Imported—Tiflis Is Half Starving—Burning Oil Wells.

London, Aug. 10.—Strikes are epidemic in south Russia, and the bulk of the workmen have struck in Batum, Nikolaieff, Ekaterinoslaff, and Elizabetgrad. Twenty-five thousand men at Odessa are idle. The crowds of workmen and of factory girls congregate in the principal squares, where most of the shops are closed. Their main grievances are their long hours, inadequate wages, liability to discharge on the most trivial pretext, unfair system, and fining. The new labor law has given to the strikers confidence that they will almost certainly obtain considerable concessions.

The Times' Russian correspondents say that the situation at Baku is so serious that General Wahl, Assistant Minister of the Interior, has gone there, and a large number of troops have been collected. The conflagrations at the oil wells are evidently the work of incendiaries and occur daily. Owing to the long suspension of traffic on the Baku-Tiflis Railway intervening towns and villages have suffered from want of provisions. Even Tiflis was without meat for some time. The police seized three large cases of contraband rifles on board the Volga steamer consigned from Nijni Novgorod to Baku.

The Palace has the only first class grill rooms in the city.

We don't intend to carry over our Wash Goods. Our prices are nearly cut in half. THE CRESCENT.

OUR SUMMER CARNIVAL

Advertising Agent Returns and Reports Excellent Progress.

Frank Armstrong has just returned from a trip into the Boundary and Southeast Kootenay, where he has been distributing advertising matter for the Summer Carnival. Mr. Armstrong reports everything couleur de rose. He says that at least 400 people will come in from Southeast Kootenay and at least twice as many can be expected from the Boundary, where things are beginning to look much brighter than they did. A good deal of interest is being taken in the Summer Carnival everywhere, not only because of the substantial nature of the attractions which are being afforded but also because of the understanding that, with the exception of a few ill-advised people who don't cut much ice, there is every disposition to bury the hatchet and smoke the calumet of peace.

THE WAR EAGLE

It is reported on good authority that on Saturday last the head officeman of the War Eagle and Centre Star was of the opinion that the men employed in the Gooderham mines would not wish to close down during the celebration. On Sunday a ballot was taken and his words were completely verified. Most extraordinary coincidence! It is explicable on the understanding that the men were thoroughly posted as to the feeling of the office. This would have been of little use had the ballot been taken properly. So far was this from the case that it is stated that a list was drawn up of the men and each asked the question point blank. Fearing the result of expressing an opinion adverse to the known wishes of the office the employes naturally, lest they wished to ask for their discharge, declared their desire of working through the general holiday. Rather than believe that the employes of the War Eagle and Centre Star, the great majority of whom are loyal Rosslanders, were guilty of this sin against the community, the WORLD will place this foul and petty act at the doors of the management. Every other mine in the camp will close down, the War Eagle and Centre Star will remain in their domineering and jealous isolation.

Of course the management will deny their bad faith. Barely two months ago the War Eagle and Centre Star organized a brutal raid and committed a dastardly assault upon one of Rossland's citizens, accompanying the outrage with such un-British tactics as biting and gouging. The chief tool, was sentenced leniently, the magistrate holding that the guilt was more on the shoulders of the inciters to the deed than on his. The sentence was carried out leniently. Instead of being sent to Nelson the man was kept in the lockup here for a whole month, despite the fact of there being no gaoler. He had very much to keep custody over himself, and was not kept in prison during the whole of that time, fetching his meals personally from a neighboring hotel. His fine was paid for him. As soon as he is let out he is heard complaining of the manner in which the inciters to that deed failed to materialize according to a pro rata share as to the fine imposed. In the interim emissaries are sent to the WORLD and to gain the private ear of the public in general to inform them that no man was more indignant than the manager of the mines. Pah! Idle lying! Words without acts are of no value. Had there been anything else than simulated indignation, a real wrath against the perpetrators of an outrage against common decency, an outrage which has invited unenviable comment through the length and breadth of Canada, would have visited that wrath upon the

culprits by instant dismissal far more merited and far more legally defensible than the dismissal of Hopkins, apparently for his accent. But the men, if they were inspired from the office, could not well have been dismissed. They are not dismissed and the inference is plain. Similarly in the present outrage against the whole community, the WORLD declines to believe that the men are responsible, and places that responsibility where it belongs namely on the shoulders of E. B. Kirby and C. V. Jenkins. These are the men who want to run everything, social or mining, in the camp and this is their fitness.

THE LYNCHING MANIA.

There is in the United States a wide discussion going on about what is called the lynching mania. In the midst of this discussion an article has appeared on the subject in the San Francisco Argonaut which we cannot help regarding as one of the most remarkable newspaper articles we have ever read, its point of view is so startling, its logic so convincing and its truth so self-evident. The article was suggested by the query of a correspondent who asked whether lynching was not un-American. The Argonaut shows by a wealth of illustration that lynching is not un-American, but so peculiar to the United States and so universal in its history, that it could only be due to an accepted tenet amongst the American people, as opposed to other peoples, that the action of an organized mob is really considered by the people of the United States as the occasional expression of the highest form of law. The article is far too long to quote from in extenso, but the matter is summed up under the following thirteen heads, every one of which is proved to the hilt and copiously illustrated:

- 1—Boycotting was practiced in colonial times,
- 2—The colonies boycotted each other for business, social, and political reasons.
- 3—Just prior to the Revolution, the colonists boycotted the British officials.
- 4—When war was about to break out, the colonists boycotted all the Tories.
- 5—In the early days of the war, the boycotting of the Tories soon led to lynching them.
- 6—The milder forms of lynching, such as tarring and feathering, were, toward the end of the Revolution, replaced by hanging.
- 7—When the war was ended, the boycotted Tories driven to Nova Scotia, Canada, and elsewhere, and their property confiscated, the mania for boycotting did not end. The colonists then began boycotting their own law officers, particularly judges.
- 8—After the war, Vermont and New York quarrelled over jurisdiction, and Vermonters and New Yorkers boycotted each other. This speedily led to lynching.
- 9—When the Federal government began to raise internal revenue taxes, the American citizens along the Monongahela and Ohio boycotted the Federal officers. This boycotting soon led to lynching.
- 10—When the federal government tried to raise money to defend American ships against the Barbary pirates, New Jersey and Rhode Island boycotted the federal government and the federal officers. This boycotting soon led to lynching.

What shrunk your woollens? Why did holes wear so soon? You used common soap.

SUNLIGHT SOAP REDUCES EXPENSE

Ask for the Octagon Bar.

11—New York, New Jersey, Connecticut, Rhode Island and Massachusetts boycotted each other's traders and each other's paper money.

12—In short, boycotting and lynching, which, before the revolution, the colonists applied to what they called "public enemies," they extended to their own officials and to their fellow citizens after the revolution.

13—Boycotting and lynching have prevailed in the oldest and the youngest communities—in the venerable colonies, in youthful California. These practices have prevailed in the smallest and in the largest States—in Delaware and in Texas.

The conclusion arrived at by the Argonaut will be agreed to by most. It quotes a venerable saying "The fathers have eaten sour grapes and the children's teeth are set on edge."

CONSERVATIVE PLATFORM

[Adopted at Revelstoke, September 13th, 1902.]

1. That this convention reaffirms the policy of the party in matters of provincial roads and trails; the ownership and control of railways and the development of the agricultural resources of the province as laid down in the platform adopted in October, 1898, which is as follows:
 - To actively aid in the construction of trails throughout the undeveloped portions of the province and the building of provincial trunk roads of public necessity.
 - To adopt the principles of government ownership of railways in so far as the circumstances of the province will admit, and the adoption of such a policy should be granted to any railway company which does not give the government of the province control of rates over lines bonused, together with the option of purchase.
 - To actively assist by state aid in the development of the agricultural resources of the province.
2. That in the meantime and until the railway policy above set forth can be accomplished, a general railway act be passed giving freedom to construct railways under certain approved regulations, analogous to the system that has resulted in such extensive railway construction in the United States, with so much advantage to trade and commerce.
3. That to encourage the mining industry, the taxation of metalliferous mines should be on the basis of expenses on the net profits.
4. That the government ownership of tele phone systems should be brought about as a first step in the acquisition of public utilities.
5. That a portion of every coal area hereafter to be disposed of should be reserved from sale or lease, so that state owned mines may be easily accessible, if their operation becomes necessary or advisable.
6. That in the pulp land leases provision should be made for reforestation and that steps should be taken for the general preservation of forests by guarding against the wasteful destruction of timber.
7. That the legislature and government of the province should persevere in the effort to secure the exclusion of Asiatic labor.
8. That the matter of better terms in the way of subsidy and appropriations for the province should be vigorously pressed upon the Dominion government.
9. That the silver-lead industries of the province be fostered and encouraged by the imposition of increased customs duties on lead and lead products imported into Canada, and that the Conservative members of the Dominion House be urged to support any motion introduced for such a purpose.
10. That as industrial disputes almost invariably result in great loss and injury both to the parties directly concerned and to the public, legislation should be passed to provide means for an amicable adjustment of such disputes between employers and employees.
11. That it is advisable to foster the manufacture of the raw products of the province within the province as far as practicable by means of taxation on the raw product, subject to rebate of the same in whole or part when manufactured in British Columbia.

Conservative Conventions

At a meeting of the executive of the Provincial Conservative Association, held at Vancouver, the province was divided into five divisions for organization purposes. The Kootenay-Boundary division is made up of the following provincial election districts: Revelstoke, Columbia, Fernie, Cranbrook, Ymir, Kaslo-Fort, Grand Forks, Greenwood, the City of Rossland and the City of Nelson. At the same meeting the following resolutions were adopted:

1. That conventions for nominating candidates for members of the legislative assembly be made up of delegates chosen as follows:
 - (a) In city electoral districts, one delegate for every fifty or fraction of fifty votes polled at the provincial election held in 1900, and if the city is divided into wards, the proportion of delegates for each ward shall be based on the vote polled in each ward at the last municipal election.
 - (b) In other electoral districts, one delegate for every fifty or fraction of fifty votes polled at the provincial election held in 1900, the delegates to be apportioned to polling places, or as near thereto as will be fair to the voters of the different neighborhoods.
2. The election of delegates shall be at public meetings, held at a designated central place in each polling division, or in each ward in city electoral districts, if the city is divided into wards. At such public meetings only those who pledge themselves to vote for the candidate or candidates selected at the nominating convention shall be entitled to a vote for delegates.
3. Two weeks notice shall be given of the public meetings at which delegates are to be elected, and nominating conventions shall be held in city electoral districts two days after the day on which delegates are elected, and in other electoral districts seven days after. All nominations throughout the province to be made at a designated central place in each electoral district, and on the same day.
4. All notices of the date of public meetings for the election of delegates to nominating conventions, the apportionment of delegates, and the place and date of nominating conventions in the several electoral districts shall be prepared by the member of the executive of the division in which the electoral districts are situated, and issued over the names of the president and secretary of the Provincial Conservative Association.

A meeting of the provincial executive will be held at Vancouver within a month, and the date for holding district nominating conventions will then be fixed.

JOHN HOUSTON,
President of the Provincial
Conservative Association,
Nelson, June 8th, 1902.

RACE FOR THE CUP

New Conditions Under Which the America Cup Will Be Tested.

We are afraid, says the Victoria Weekly Times, Sir Thomas Lipton is not destined to lift the America Cup this time. The effect might be serious if he did. He is having such a hilarious time with his dear friends in New York that the joy of success might prove fatal. Besides the Knight of the Fragrant Cup would have no excuse for coming back again if he completed his life work on this occasion. He is the lion of the year in the select circles of the Atlantic seaboard. He has jollied the Americans into such a fine conceit of themselves that anything he sets his heart upon is his at the slightest hint. The contrast between his behavior and that of Lord Dunraven fills them with delight. The only difference apparent to a disinterested onlooker is that the noble lord claimed fair play as a right and expected it as a natural concomitant of a noble spirit. There is no doubt that he was in the right in his protests, and was justified in his act in withdrawing from the last race in which the Valkyrie participated. Nevertheless the much contemned Dunraven made smooth the path for Lipton. The illustrious knight has but to protest that never in his life did he meet with such disinterested sportsmanlike conduct than straightway he is asked to name the privileges he desires and they are his. The consequences are that he tows his ship across the ocean, the course is moved out where the tides and the air currents are not entirely the property of the man with local knowledge, a fleet of warships is furnished by the United States government to keep the course clear, and many other privileges granted. Even the trades unions relax their hard and fast rules, and employes of the government, who are not union men, are permitted to work with the sailmakers of Ratsey, who do not belong to a labor organization, in order that no time shall be lost in getting the challenger in shape for her trial spins. Sir Thomas is a born diplomat, but he would not have had matters so entirely his own way if the Earl of Dunraven had not preceded him.

Not only are beautiful actresses caressing the Irish knight. The blue blood of the old Knickerbockers (more exclusive than blood royal in some respects) is receiving him and poets are twanging their lyres about his noble traits of character. Here is the popular song in New York at the present time:

"Oh, Tommy, Tommy Lipton, we have welcomed you before, And we hope again to welcome you a dozen times or more. We have faith in our Reliance, whom we trust to rule the blue, But losing, Tommy Lipton, we had rather lose to you."

The song was sung by Ray McGee, of the Lamb's Club, and it made a great hit. "They are a magnificent lot of fellows," said he, "and the best part of it was that they called me Tommy Lipton. I don't mind dropping my titles when I fall in with such fellows as these."

Curse OF DRINK CURED BY COLONIAL REMEDY

No Taste. No Odor. Can be given in glass of water, tea or coffee without patient's knowledge. Colonial Remedy will cure or destroy the diseased appetite for alcoholic stimulants, whether the patient is a confirmed inebriate, "tippler," social drinker or drunkard. Impossible for anyone to have an appetite for alcoholic liquors after using Colonial Remedy.

Endorsed by Members of W. C. T. U. Mrs. Moore, Superintendent of the Woman's Christian Temperance Union, Ventura, Cal., writes: "I have tested Colonial Remedy on very obstinate drunkards, and the cures have been many. In many cases the Remedy was given secretly. I cheerfully recommend and endorse Colonial Remedy. Members of our Union are delighted to find a practical and economical treatment to aid us in our temperance work." Sold by druggists everywhere and by mail. Price 50c. Trial package free by writing or calling on Mrs. M. A. Cowan, (for years member of W. C. T. U.) 224 St. Catharine St., Montreal. Sold in Rossland by T. R. MORROW, Columbia Avenue.

SIMILKAMEEN CITY, B. C.

Now Is the Time to Buy Lots in Similkameen City, B. C.

CAMP HEDLEY is the most talked of camp in the province, and situated in the centre is Similkameen City, surrounded by rich mines which will shortly have large payrolls. Over 200 lots have been sold to business people who realize that Similkameen will become the metropolis of this district. The Nickel Plate mines have expended \$300,000 in development and are at present building tramways and a 40-stamp mill. Arrangements are being made for the erection of a large smelter at Similkameen City which will cost about a million dollars. Besides the Nickel Plate group of claims being developed by one of the richest mining companies in North America, there are several other groups and properties which will shortly be developed, among them being the Kingston Mines, Rollo, Wellington, Winnipeg, Red Chief and Pollock. Situated as it is in the beautiful Similkameen valley, midway between Princeton and Keremeos, and protected from all opposition in the valley by adjoining a large Indian reservation, this townsite will become one of the principal mining camps of the Pacific Northwest. It was only a short time ago that lots in Rossland, Nelson, Greenwood and other mining centres were selling for the same price that they are today being sold for in Similkameen. Come in before the boom and double your money.

Similkameen City to Have Two Railways.

The Victoria, Vancouver & Eastern and the Canadian Pacific railways are starting immediate construction for the Similkameen, which will make this town a railroad centre and divisional point, and when these competing lines are completed through to the Pacific coast they will become the main through lines, being the shortest route from the interior to the coast. A large sawmill is running steadily on the west addition, the only available timber for miles around. The main street is 90 feet wide, being all cleared and ready for building purposes. All railways, roads, telegraph and telephone lines will have to come through this townsite, which is located in the centre of the whole Similkameen valley and will become the largest distributing point and mining centre in British Columbia.

Similkameen City Lots Will Make You Rich.

A large agricultural area to draw from. Pure water, fine climate, rich mines, big payrolls.

Lots for Sale \$2 to \$10 Per Front Foot.

Agents in All Towns in B. C.

WILL TAKE

Custom Assays

NOTICE.

To Alexander S. Anderson, James Cowan and E. M. Kinnear:

TAKE NOTICE that an application on behalf of the Consolidated White Bear Mining Company, Limited, Non-Personal Liability, will be made to a Judge of the Supreme Court in Chambers, on the 21st day of August, 1903, at 10:30 o'clock in the forenoon, at the Court House, Victoria, B. C., or so soon thereafter as Counsel can be heard, for an order that the registered plan of the John Y. Cole Addition to the City of Rossland, being plan No. 710, deposited in the Land Registry Office at Nelson be amended so as to close Montreal street, as shown on said plan, and also that part of Kootenay Avenue shown on said plan between the westerly boundary of Lot 12 in Block 2 and the westerly boundary of Lot 16, Block 3, and that there be substituted therefor a street to be known as Kootenay Avenue, running first southerly through Lots 15 and 16, or Lots 16 and 17, Block 3, to the northerly boundary of the line running through said Block 3, thence turning westerly running parallel with the said lane to the westerly limit of Lot 12, in Block 2, and embracing the said lands between said points, and a portion of Lots 17, 18, 19 and 20 in Block 3, a portion of Montreal street to be closed as aforesaid, and of Lots 10, 11 and 12, in Block 2, also that a new street be opened to be known as Montreal street 60 feet in width from Cook Avenue to the right of way of the Red Mountain Railway Company through Lots 5 and 6, 13 and 14, in Block 2, Lots 5, 6, 13 and 14, in Block 7; Lots 5, 6, and parts of 12 and 13 in Block 9, and that all other changes incidental to said changes may be made in said plan.

And further take notice that if you, the said Alexander S. Anderson, James Cowan and E. M. Kinnear, or either of you, wish to oppose said application, you are to notify in writing the Registrar of the Supreme Court of British Columbia at Rossland, to that effect within seven days from the last day of publication hereof and to appear upon the return of said application either in person or by your solicitor, otherwise the application will be proceeded with and an order made thereon in your absence.

J. A. MACDONALD,
Solicitor for Applicant.
Dated this 3rd day of August, 1903.

MINOR MENTION

Dr. Kerr is back from the coast.

Mrs. Hinton is paying a visit to the coast.

Eugene Croteau has returned from Ymir.

William Barker has gone to Phillipsburg, Mont.

Mrs. G. A. Milton left for Fairhaven, Wash., this morning.

J. P. Harper has returned from a visit to southeast Kootenay.

Mrs. Bennett leaves in the morning for a visit to Grand Forks.

A. S. Cram left over the Great Northern for Smith Falls, Ont., this morning.

Miss Lyons of Vernon will take place today of Miss Blair at the opening of the schools.

A good deal of interest is being taken locally in the coming contest between Corbett and Jeffries.

William Brown, of the local customs service has succumbed to tuberculosis at the Victoria hospital.

H. Sutherland of the Bank of Montreal returned yesterday from the east on the completion of his vacation.

The young ladies of St. George have the management of the social tomorrow evening entirely within their own hands.

The position now held by Miss Van Sickle in the schools will be taken on her departure for her university course by Miss Donovan.

Registrar Schofield and party of friends spent the day yesterday in the mountains visiting the St. Joseph properties of which Mr. Schofield is president.

It is stated that the postoffice will have been opened by the end of the month. Now what rational citizen could expect that cement sidewalk to be laid down in that time?

Something must be wrong with the school trustees seeing so many of the young ladies of their staff are leaving for other places. Ought to have more charming bachelors.

It is suggested the bronze on the parapet of the postoffice wants cleansing. It does not matter if the postoffice is not opened immediately. There is also a crack in the west wall which should be looked after.

GIVES GOOD EXAMPLE

Fined Heavily for Selling Whiskey Without a Licence.

Vancouver, Aug. 10.—His Honor Judge Bole held county court at Chilliwack the other day and disposed of a lengthy docket. Mr. Gahan, who has recently been admitted to the bar, was introduced to the court by Mr. Pelly. After the county court cases had been concluded, Frank Cawley, of the Queen's hotel, was charged with selling liquor without a licence. The evidence for the prosecution was lengthy and convincing. The defendant called no evidence in his own behalf.

The court, in convicting the accused, pointed out that this was not the first time he had appeared on a similar charge, and that, while on a former occasion he escaped with a small penalty, he had been warned that the next offence would entail serious punishment. The court thereupon fined Cawley \$300 and \$78 costs, and in default of sufficient distress, imprisonment for three months. Mr. Pelly appeared for the prosecution and Mr. Gahan for the defence.

Don't forget the hot lunch at the Palace tonight.

GENDARMES ON STRIKE

Revolting Workmen Everywhere Setting Cities on Fire.

London, Aug. 10.—The Daily Mail's Nikolaiff correspondent under date of August 2nd, fully confirms the Times correspondent's accounts of strikes in south Russia. Groups of men, who assembled last Saturday with the intention of holding a meeting, were driven into a solid mass by soldiers, about 2000 strikers being enclosed. The Cossacks rode through them, striking right and left with heavy whips, the fallen men being trampled under the horses' feet.

"When the living mass had been thoroughly kneaded to the governor's will," continues the correspondent, "numerous men were arrested as suspicious agitators. It is reported that 400 strikers were seriously injured, and that from six to a dozen succumbed. The whole affair is a typical piece of administrative savagery. The extraordinary feature of the movement at Odessa is that the police and gendarmes belonging to the depot threatened to throw off their uniforms and risk all the terrors of insubordination unless the miserable pittance of 11 to 14 pence which they are allowed daily was increased and the hours of labor reduced." Siberia is losing its terrors even for Russian policemen.

"The epidemic of incendiarism is spreading through Russia. Scarcely a day passes without news of conflagrations. In 24 of the largest towns the damage by fire during the past month is estimated at from \$30,000,000 to \$35,000,000. The object of the bulk of the fires is to get insurance money. Many of the incendiaries are Jews, and the insurance companies in some cases have raised premiums 50 per cent."

WANTED—300 sacks of charcoal at once. Apply at the Palace.

In buying your footwear from C. O. Lalonde, you get the benefit of his 18 years experience of buying and selling shoes for himself.

W Purcell, city

The Palace has the only first-class bowling alley in the city.

WANTED—By a woman, chamber work in a hotel or boarding house. Apply at this office.

The Howard Fraction

The company owning the Howard Fraction on Lemon creek, Slovan, has appropriated \$10,000 for the driving of a long crosscut tunnel to tap the ledge, or ledges at depth. The tunnel will be driven on the Howard Fraction ground and will be 1000 feet in length. In that distance no less than four ledges will be cut, at vertical depths approaching 700 feet. These ledges have been exposed on the surface and each one proven to carry pay ore. While portions of the ore streaks will stand shipping, the bulk will be of milling quality, and the quantity available will be simply immense. Until room is provided for a large force, Mr. Benedum will confine his operations to

10 men, who will go up at once. New quarters will be built and every preparation made for active development throughout the coming winter.

Private dining rooms for ladies at the Palace.

Hydraulic Company

The Perry Creek Mining and Hydraulic Company have completed the grade for a ditch, and are putting in a flume one mile and a half in length. Forty men are employed by their company.

Private dining rooms for ladies at the Palace.
