## PRENTICE WILL RUN

### Makes Terms With McBride Party

### MAY CARRY OLD CONSTITUENCY

### Is in Consultation With Heads of Government in Victoria

Victoria, April 27.—J. D. Prentice, Finance Minister in the Dunsmuir and Prior cabinets, and who alone held on with Prior until the latters dismissal by the lieutenant governor for improperly awarding contracts to his own firm, is here today in consulation with such of his own firm, is here today in consultation with such of the ministers as are in Victoria, the Premier being summoned in haste to his mother's sick bed.

Prentice is anxious to know what the inducements are for him to carry the Conservative banner in Lillooet, his old constituency, in the bye-election rendered imperative by Macdonald's acceptance of government salary as a road superintendent after his election as a member.

Prentice evidently found the government ready to talk terms for he has announced that since his friends desire him to make the running he is in their hands.

### FORCED WAY TO THE FRONT

#### N. W. Parlee of Rossland Graduates With Honors at McGill

People of Rossland will be pleased to hear of the good success which has attended N. W. Parlee, an old timer of this camp. An Associated Press despatch announces that he has graduated with honors in the applied science faculty of McGill in mining and ore dressing, winning the second Carlyle prize.

Mr. Parlee was a school teacher of Nova Scotia, and came to Rossland in the early days and went in directly for mining. He worked as a mucker, on the machine and on the timber gang. He joined the Miners' Union and when he had saved sufficient money went to McGill, returning in the summer during the first two years of his course to muck in the Rossland mines. He has now been absent for two years taking a summer course last season, and has graduated with honors as stated as a mining engineer.

With his practical and theoretical knowledge, Mr. Parlee should have a good chance of a good position on his return.

## COMPLETE CONCENTRATION

### Russians Are Now Ready for the Japs.

### REPORTED ATTACK ON NEWCHWANG

### Tsar Is Going to the Front—A New Russian Loan—Russian Officers Idea of Honour

St. Petersburg, April 27—Advices from Mukden indicate that the Russians have completed the concentration of their forces on the Mukden-Liauyang and Yalu lines. Forty thousand men are occupying fortified positions along the Yalu river and 20,000 are posted at Takushan at the head of Korea bay, where the Japanese have threatened to make a landing.

The Russians also occupy the banks of the Tumen river from the Korean frotier to Lake Taitje on the Manchurian frontier, near the source of the Yalu. Detachments of Russian cavalry and light artillery hold the towns of Kiaulin, Musan and Zunduyan, along the river. and points on the east coast of Korea, offering facilities for landing.

Seoul, April 27—The Russian squadron which sank the Japanese merchantman Goyo at Gensan consisted of four cruisers and two torpedo boat destroyers.

Tientsin, April 27—It is reported upon good authority that the Japanese fleet bombarded the town of Newchwang last night. The Russians deny that there is any truth in the report.

Kharkov, Russia, April 27—Some of the officers of the Variag and Kerietz declare that they do not consider themselves prisoners of war, but merely shipwrecked sailors who can fight again. The officers were repeatedly embraced by women.

New York, April 27—The Herald correspondent in St. Petersburg says he has excellent authority for the statement that the Tsar will go to the seat of war some time in August, the exact date depends upon a happy family event, which is expected to take place about that time and which is a subject of interest in court circles.

New York April, 26.—Negotiations for a new lorn for Russia through a Paris financial syndicate are as good as completed, according to information received by the Times correspondent at Paris. The amount of the loan is to be 800,000,000 francs ($160,000,000).

## REFUSE U. S. SILVER

### Counterfeiting Alarmed Provincial Banks at Coast

Vancouver, April 28.—Alarmed at the prospect of being deluged by counterfeit American silver from China, by which they have already been badly bitten, the Vancover banks, ten in number, held a meeting Saturday to consider the situation and are proposing a general refused to accept American silver throughout the province except at the same discount which American banks charge on Canadian coinage.

Heretofore the American money has been taken everywhere in British Columbia at par.. A number of the banks oppose the contemplated move as it would put a needless restriction and inconvenience upon tourists while in the canneries and other industries employing Indian labor, the silver dollar has always been specially preferred.

### City Council in a Frugal Frame of Mind---A Rossland Tramway

Although the City Council could but just muster a quorum last evening, Aldermen Rolt, Stout and Hamilton being absent, there were several acts of public importance recorded. The trade licence bylaw was read a third time and the tax sale bylaw was adopted.

A question of putting in an electric tramway was also mooted through a letter from an eastern firm which matter will come up later when franchise is to be given.

There came up a question of coroners fees which was turned down by the Council as far as the taking of a stenographic report was concerned and the incurring of certain livery stable bills.

The whole session was over in twenty minutes.

WHITE LABOR.

There is no point more decisively made in this Empire of ours than that the chief portions are destined for white folk, and that white folk alone are wanted. The Balfour government must now have been convinced, from an imperial standpoint, of the foolishness of their policy in admitting the Chinese even under special restrictions to the Transvaal. The Boers have declared that they did not like the idea, but as they were determined to give the government a fair chance and quit quarreling they would offer no strenuous objections The miners of Johannesburg met recently a thousand strong, and passed unanimous resolutions favoring the immediate adoption of responsible and direct government by the people. Neither of these expressions of opinion would have occurred if the Imperial government had kept off this dangerous ground. Natal has passed an Act. years old, excluding the Asiatic. Cape Colony is pursuing the same policy. The Canadian government has in force a prohibitive head tax. The Australian and New Zealand governments have done likewise. An amendment to the Alien Immigration Act of Great Britain by Liberals has been defeated by the large majority of 124, the largest the Balfour government has enjoyed for many a day, because that amendment sought to curtail the power of the Islands Over the Sea of restricting undesirable elements from coming into the country. It is true that the Balfour government passed its Transvaal Chinese bill by a majority but that majority was a party one and was only obtained by using party argument. It became a question of want of confidence more than anything else. It may be true that the Liberals in Opposition only took up their side of the case for political purposes. Indeed this view is more or less strengthened by the attitude taken by the same party on the Alien Immigration Act, but for all that the question was discussed in Great Britain, and it was never discussed before. If Great Britain wants to unify the Empire, and we are all one on that question, it must not ride contrary to the will of the Dominions, Over the Seas on such a question as this, when it is clearly enough shown that Great Britain itself is getting tired of being made a dumping ground of superfluous production, whether that production be the result of manufacturing or of procreation. Just now it is the case, when the Colonies and the Home country is spoken of, of the tail wagging the dog, if the policy of the Colonies is to govern the Empire. But the Empire would be a small thing were it not for the Colonies. By and by the tail will be the other way and the name of the appendage will be Great Britain when the Anglo Saxon people get all that they want. All they want is probably the earth.

## KEREMEOS RESERVATION

Site Wanted for the Similkameen Smelter

Ottawa, April 26.—It was stated in the House this afternoon that the government had received a proposition with regard to the sale of the Indian reservation at Keremeos, in Similkameen valley.

The government did not offer to sell or exchange the Indian reserve, but it is hoped that satisfactory arrangements would be reached shortly so as to permit of the construction of the smelter for which the site is sought.

## A RECIPROCITY BASIS

### Australian Commonwealth and the New Preferential Tariff

Melbourne, April 27—In regard to preferential trade the Deakin government was non-committal. Since than the government has resigned. The agent says that the House of Representatives will only agree to a preferential tariff arrangement on a reciprocal basis.

Australians are selecting delegates to attend a conference in London with the Canadian, New Zealand and British authorities to consider the financial position of the Pacific cable.

### The Volcanic

Grand Forks, April 26.—The Volcanic Mining and Development company of Marquette, Mich., who has under bond the Volcanic mine, and ten other properties, have received an extension of time, and instead of the bond expiring on the 1st of May it has been extended to the 1st of July. The reason of this is that for the past three months it has been impossible to push prospecting and development work owing to the amount of snow encountered and whilst the company are quite satisfied as far as the work has gone, they have been unable to do the amount of development work planned when the bond was first taken up. The promoters of the company are Dr. G. Harkin, Dr. O. G. Winquist and Alex. Mead, M. E., of Marquette. There seemes to be no boubt as to the property being a good one and indications point to the ultimate consumption of the deal.

## WANTS WHITE LABOR

### Australian Government Now Prefers the Canadian Route.

Ottawa, April 26.—Canada's commercial agent at Melbourne reports to the department that with an improved steamship line on the Pacific, between Vancouver and Australia, a big share of passenger travel between Britain and the commonwealth would pass through Cannda in a very few years.

The Australian government has notified the company holding the contract by the Suez route that it will not be renewed unless provision inserted that none but white labor be employed. This will not be satisfactory to the company. The contract expires next year.

Be sure and visit the Cresent this week.

### MINOR MENTION

George Tumstall leaves camp this evening.

Mrs. Dan Thomas is expected in from Spokane this evening.

The motor for the White Bear compressor plant has arrived.

An electric tramway for Rossland has come up again after a sleep of five years.

John Kirkup is making repairs on the Northport road. Some people are using this as a dumping spot and ought to be gone after.

W. K. Esling is reported convalescent after the dangerous operation for appendicitis, which he recently underwent at Tacoma.

Charles Doell of the Cliff has bought the St. Lawrence adjoining and is moving the latter out so as to be even with the sidewalk on Columbia avenue, west.

Some skunks are destroying the shade trees planted on the public streets. The Police Magistrate will probably give the first offender convicted the full benefit of the law.

The net receipts of the Belshazzar entertainment were $160 which were divided equally the conductor paying for his partner's board and the costumes and the other party paying for the conductors board and the cost of the music.

The Miner has graciously allowed A. H. MacNeill, K C., to have won one of his appeals over the Giant case to the Full Court. If it will more carefully peruse yesterday's issue of the WORLD it will find that both appeals were won.

For some time Rossland has been troubled with a post making jingles of our holiest feelings. Now we have a portrait limner making caricatures of our prettiest women. A rail and a tar brush will have to be called in. Must be a stout rail.

### MAKING US MORE FRIENDS.

**Camp Greatly Indebted to Our Local Contemporary**

The jovial genius who remarked in Lowland Scotch, "Oh wad some power the giftie gie us to see oursels as ithers see us," would hardly have Vancouver believe that the Rossland view of this city is correct. It seems that the citizens o this town have not bought enough shares to please the Rossland Miner, hence they are "pikers." That is a nice, gentlemanly sort of a word to use to people who were foolish enough to buy a large number of beautiful stock certificates which rustled like banknotes but were of no more real value than an issue of the Miner itself—Vancouver World.

Lever's Y-Z (Wise Head) Disinfectant Soap Powder dusted in the bath softens the water at the same time that it disinfects. 25
