VOLUME 6. NORTH VANCOUVER, B. C., FRIDAY, APRIL 10, 1908. NUMBER 8

CITY COUNCIL

Acting Mayor W. J. Irwin presided at the session of the City Council on Monday evening last. There were present Aldermen May, Braim, Smith, Crickmay and Wheeler.

A communication from W. P. Peacey, secretary of the school board, was read, to the effect that three thousand dollars requested for extraordinary expenses includes the sum of $600 asked last year, and the sum of $800, the price of the old pound lot.

City Clerk Shepherd read a general form of contract prepared by the city solicitor, to be followed in all city operation. The most notable clause of which is that excluding Chinese and Japanese labor from all public works undertaken by the city.

A plan of subdivision of lot 2, block 37, D. L. 749, was submitted and approved.

As a matter of privilege Ald. May took occasion to declare that an indefinite rumor in circulation to the effect that there is a shortage of funds with the city is false and has no foundation in fact.

Under reports of committees, accounts as follows were ordered paid: Board of works, $425.46; waterworks, $611 51; finance committee, $131.91; police expenses, $293.60; school trustees, $592.80; fire and light committee, $276.10.

At the request of the bondholders a resolution was adopted making interest on debenture bonds, under by-law No. 20, payable at any of the several cities designated in addition to North Vancouver.

The following by-laws were given their first, second and third readings, and will be finally reconsidered next Monday evening:

A by-law to enable the city to raise, by way of loan, the sum of $10,000 for the purpose of paying off a portion of the city's proportion of the debt of the district incurred before incorporation.

Incidentally it is stated in this by-law that the value at present of the assessed property in the city is $3,387,980.

A by-law to stop up portions of Mackay road, Seventeenth and Eighteenth streets, in order to comply with the provisions of the gift to the city for park purposes by Captain Henry Heywood, Lonsdale and James Pemberton Fell, of twelve acres in the southwest corner of the easterly portion of lot 552. This by-law closes Mackay road from Seventeenth to Nineteenth streets, Seventeenth street from Mackay road to the creek, and Eighteenth street from the westerly boundary of the city to the creek.

The council then adjourned to go into committee of the whole on the city estimates for the ensuing year.

A special council meeting was held Thursday evening. All the members were present excepting Ald. Smith.

A by-law to enable the city to borrow $17,000 was given its first, second and third readings. This is really a plan for the consolidation of certain outstanding liabilities, some of which have been carried over from incorporation, and others of which have from the fact that the early revenue of the city was not sufficient to meet to the full the necessary heavy initial expenditures of the civic existence. It is considered unwise that these expenditures should be made a charge on this year's revenue, which would necessitate a high rate of taxation, and it is therefore proposed to distribute payment over a term of 50 years by means of a debenture loan. This will also enable the council to carry to successful issue their declared policy of making the current revenue for the year defray the ordinary expenses for the same period, which is one of the fundamental principles of sound civic finances.

The by-law read at Monday night's meeting, authorizing a loan of $10,000, was reconsidered and amended to read $8,000 A considerable portion of this amount is already placed, and the probabilities appear very favorable for the floating of the entire sum.

The total debenture debt of the city, exclusive of the above amount, is only $162,200.

The award of the arbitrators in the matter at issue with the municipality was read by the clerk and is as follows:

1. "The ferry rent and payment thereof were included in the motion passed at the meeting of the incorporation committee held on the 13th of March, 1907, and the District Municipality of North Vancouver has no claim in respect to said rent or any part thereof.

2. "The ownership of the telephone line in connection with the waterworks system passed into the hands of the said City of North Vancouver at the date of the latter's incorporation, and the said City of North Vancouver acquired the right to build, operate and maintain its said telephone line over and upon that portion of Lynn valley road which is within the District Municipality of North Vancouver, subject, however, to the right of the District Municipality of North Vancouver, to designate the locality where any and all poles, erections and equipment shall be placed, in and upon said Lynn valley road, including the removal to any other position on said Lynn valley road of said poles, erections and other equipment should the same be deemed by the council of the said District Municipality of North Vancouver at any time to in any way interfere with the use of said Lynn valley road."

The council decided that a public meeting of the ratepayers shall be called for the consideration of the $17,000 by-law referred to, and also of the proposed Wallace shipyards by-law, which has been in contemplation for some time past.

Formal Opening of Lynn Valley School

Lynn Valley was *en fete* last Tuesday evening, when an important era in its history was celebrated by a large gathering from the valley and the City of North Vancouver, at the opening of the new school.

The building is large and well adapted for school purposes. The commodious class room in which the opening ceremony took place was tastefully decorated for the occasion with bunting and evergreen.

Punctual to hour of starting, Councillor T. E. Nye extended a hearty welcome to all those present, on behalf of the cttizens of the valley, and in a few brief remarks formally declared the school opened.

Mr. Nye exhibited a handsome banner presented to the school by Acting Mayor Irwin, of North Vancouver, who, on being called upon to address the gathering, said it gave him great pleasure to be present in the festivities of the occasion, and that it was gratifying to him to note the great progress made in the valley of late; the school and its developments were ample evidence that the educational facilities were not by any means being neglected. On behalf of the City of North Vancouver, and in his official capacity of Acting Mayor, he wished Lynn Valley School every success. the lengthy and varied program was as follows: Patriotic song, "Canada," by the children; song, Master Fritz Nare; recitation, "When Mamma was a Little Girl," Laura Graham; song, Miss B. Cameron; recitation, "A New Brother from Babyland;" tableau, "Bubbles," by Master Buckley recitation, "Curfew Must Not Ring Tonight," Miss Nellie Probert; song, "See Saw" by the children; tableaux, "William Tell;" song. a recitation, "Baby's Gone to School," Madeline Magennis; a series of shadowgraph pictures.

Mrs. Adams and Messrs. McNaught, Calliphrenas and Down were the principals in these events; song, W. Philip; tableaux, illustrative of a Pear's soap advertisement; "Crowning of May Queen," by the children; "You Dirty Boy," Wilfred Burrell; duet, "Larboard Watch," Messrs. Buckley and Nare; song," Down in the Valley," Ethel Campbell; tableaux, "Her Face;" song "Good Night," by the children.

A special word of praise is due to the girls and boys of the juvenile choir for their masterly rendering of several choruses throughout the evening.

At the conclusion of the programme Mr. Irwin moved a vote of thanks to all those who had in any way contributed to the evening's entertainment and the committee through whose efforts such excellent results had been brought about.

Mr. Alex. Philip, C. M. C., in seconding Mr. Irwin's motion, spoke on the progress made in Lynn valley during the last year or two. About two years previously Lynn valley school had to be closed down on account or insufficie cy of pupils. Mr. Philip was charmed with the voices that had been heard, and specially commended Master Fritz Hare, whose sweet voice won favor with all present. Master Hare, who is yet a boy, is the happy possessor of a voice of fine quality and only requires to be taken in hand by some competent vocalist to ensure his making a name for himself in musical circles.

Justice was meeted out to a sumptuous repast served by the residents of the valley, after which dancing was engaged in until the early hours of the morning, when a special car conveyed the North Vancouver friends to their respective homes.

The Horticultural Association

In response to a call of the directors the members of this association met last evening in the district municipal office, to consider the action of the directors in the matter of the tenders for the new horticultural building.

Mr. George J. Phillippo, president of the board of trade, was called to the chair.

The situation which had arisen in the matter of the tenders was fully explained by the secretary, who stated the quotations that had been received at different dates for the work and the reason which had led to the final decision of the board. Several of the directors spoke to the matter also.

Mr. Philip suggested that an amicable solution of the difficulty could be found by the directors calling for fresh tenders on a different basis, say to separate the work from the materials, and in that way get rid of the suggestion that any one had used another's figures to any extent in making up his quotations.

The directors insisted, however, on a direct vote of "yea" or "nay" in the matter on the action they had already taken, and a ballot was cast, when seven voted nay and five voted yea.

Thereupon each member of the board intimated his intention to resign office.

The meeting unanimously resolved to ask them to reconsider this decision and expressed confidence in them.

The directors however adhered to their decision, and the meeting resolved that a general meeting of members be convened for Friday, the 24th inst., at 8 o'clock, to consider any resignations that may be sent in.

This course necessarily caused delay in the matter of the contract for the pavilion, and to make that loss of time as brief as possible it was unanimously resolved to instruct the architect, Mr. Nicholson-Lailey, to at once issue a call for tenders for: (1) The whole materials required for the building conform to a bill to be made up by him; and, (2) The whole workmanship on the building. Tenders to be in his hands fourteen days hence.

A vote of thanks to the chairman was passed and the meeting adjourned.

The Man Who Pays His Way

In every newspaper we pick up we are sure to find a gush about the man behind the gun; the man behind the buzz-saw and the man behind the rents; the man behind the plowshare and the man behind the fence; the man behind the whistle, the man behind the kodak and the man behind the bars; the man behind the whiskers, the man behind his fists, and everything behind has entered on the list. But they have skipped another fellow who is even or a little way ahead; who pays for what he gets and whose bills are always signed—he's a great deal more important than the man who is behind. All we editors and merchants and the whole commercial clan are indebted for existence to this honest fellowman. He keeps us all in business and his town is never dead, and so we take our hats off to the man who is ahead.

Large Timber Deal

The largest timber deal which has been recorded for some time was closed this week, by virtue of which some 12,000 acres of timber on Mamquin creek, Squamish valley, Howe Sound, passed into the hands of California capitalists. The price paid is $700,000, and a mill to cut 250,000 per day will be built at once at a cost of $400,000. The lumber will be cut for the export trade.

The Young People's Club debate next Tuesday evening will be "Should Trusts be Tolerated in Canada?"

LOCAL NEWS

Dr. McKay Jordan, of Seattle, made a flying visit to this city on Wednesday.

A benedict's dance will take place at Larson's pavilion shortly after Easter.

Mr. Butler, the genial secretary of the boat club, is back from the old country.

Mr. Brassie is getting out a supply of poles for the B. C. Electric Light & Power Co.

Mr. P. Rochussen has returned to Thirteenth street after a visit to Los Angeles, Cal.

The pile-driver was at work Wednesday, repairing the ferry wharf, at the foot of Lonsdale.

Mr. P. Larson has a boom of first-class shingle bolts awaiting the coming of a tug to tow them to market.

The Rev. R. Marsden, M. A., took the evening service at St. John's church on Wednesday evening last.

To Rent—Well furnished house with all modern conveniences. Apply, Corner First street and Chesterfield avenue.

Equipment and supplies in connection with the Grand Trunk Pacific contracts, east from Prince Rupert, are arriving at Vancouver.

Five hundred and thirty-one voters will be added at the next court of revision in the Richmond electoral district. Court will sit June 1.

The Paterson Lumber Co., Ltd., is loading a shipment of one million shingles, recently purchased from the North Vancouver Shingle mills.

It is understood local amateurs are hard at work rehearsing "The Private Secretary." This is such a funny piece that it is hoped they will have a bumper house.

A large number of the members of the local Pythian lodge went over to Vancouver Tuesday night to attend the anniversary proceedings of Mt. Pleasant lodge.

The young people of the Methodist church hope to have Principal Sparling and Rev. Westman give them a magic lantern review of a quarter's Sunday school lessons.

A. J. Picton-Warlow is this this week installing a first-class soda water fountain in "The Lounge," Lonsdale avenue, in preparation for the coming season.

Mr. David Cantelon, of Vancouver, is completing arrangements for building, for personal occupancy, a five-roomed cottage on Fourth street, east of St. George's avenue.

The B. C Electric Railway Co. is putting in a new and improved curve at the corner of First street and St. David's avenue for which purpose sufficient land was expropriated some time ago.

D. W. Reene, Vancouver, will let the contract in a few days for the erection of a seven-roomed modern dwelling on his property on Thirteenth street, one half block east from Lonsdale avenue.

The North Vancouver Dancing Club will give weekly dances in Larson's Pavilion, commencing on Thursday evening next. The dances will be free, and dancing will commence at 8:30 p. m.

The executive of the North Vancouver board of trade held a meeting on Tuesday evening last. The business was chiefly of a formal nature in preparation for the regular meeting on Tuesday, the 21st inst.

Satisfactory progress is being made in the preparation of the new home of the city post office for occupancy. Postmaster J. A. McMillan expects to be ready for business at the new stand before the end of next week.

William Francey, who was reported missing from his home at Westminster Junction, registered at the Palace Hotel a few days ago, and upon being informed of the anxiety existing relative to his whereabouts, immediately departed for his home.

The Express learns with deep sympathy that G. A. Love, of Vancouver, who was for a short period part owner of this paper, has suffered a sad bereavement in the death, on Tuesday last, of his only son, at the age of seven years. The fatal illness was spinal meningitis.

The Lynn Valley Lumber Co., Limited, have opened an office on Lonsdale avenue, in W. H. May's real estate office, where their representative, A. McNair, will be pleased to see present and prospective customers. Parties contemplating building will do well to consult them.

Messrs. Fyfe & Duke placed in the water this week a first-class hunting cabin launch, built for Mr. H. C. Kuhn, of Victoria. The boat is 26 feet over all, beam 5 ft. 9 in., and is fitted with 9 h.p. Sheffield Fairbanks engines. The owner intends cruising in southern B. C. waters.

The local firm of W. H. Stoney & Co., house painters and decorators, have recently imported 3,000 rolls of the latest style of wall papers, with borders, etc., to match, and are now prepared to offer the public excellent facilities in the matter of spring renovations. See their advertisement in another column.

Contractor J. Auld will begin work on Monday next on the J. C. Keith building at the corner of Lonsdale avenue and First street, which has stood for some months in a partly completed condition. The work will be prosecuted continuously, and it is expected that the building will be ready for occupancy in about eight weeks.

Colin J. Jackson has demonstrated the fact that his pride in his aggregation of canine pets is fully justified by capturing several prizes at the Victoria City Kennel Club's annual bench show, held this week. He carried off honors in the Collies, Airedales, field spaniels and Dandie Dimmont terriers.

The trustees of the Methodist church have this week made a payment of $677 on their church property. About one half of the amount was contributed by Wesley church, Vancouver, making about $600 donated by the people of Wesley church during the last six months to the Methodist cause in North Vancouver.

Last Tuesday W. A. Hillis gave an extraordinary exhibition of shooting at Moodyville with a rifle, shooting through discs the size of a silver dollar, a piece of quarter-inch boiler plate three inches square, also shooting small marbles thrown in the air. Mr. Peihl also did some fine shooting at the traps, hitting 24 clay pigeons out of 25.

NORTH VANCOUVER, APRIL 10, 1908

OPPORTUNE WORDS

The newspaper when properly viewed is essentially a public institution. The interests of the newspaper and the community are closely interlocked and largely identical. No live town can dispense with the newspaper and escape stagnation The newspaper safeguards the interests of the people; as such, gives expression to public thought, moulds public sentiment, exerts a potent influence in all matters of civic interest and policy, advertises the city and district, disseminates information in all directions that brings grist to the mill of local enterprises. Wisely used by the merchant it provides a ready and valuable medium for bringing his wares to the direct attention of the consumer—and in a thousand and one ways makes for the benefit and prosperity of the community in which it is published.

The calibre of any town or community is guaged by the outside public to a great extent by the character of the representative sheet published therein, and it is therefore highly desirable in the broadest interests of the community that the local newspaper be a creditable publication. The character of the paper will be controlled by two factors, namely the ability and enterprise of those in actual charge of the paper on the one hand, and the loyalty and assistance of the citizens upon the other hand. The active co-operation of all classes of the community is required, merchants to advertise liberally, citizens to subscribe for the paper, those who are in touch with events of public interest to impart information which will make a bright and newsy sheet, correspondents to send in short letters on live issues of general interest, etc. This active and cordial co-operation of the public with the newspaper will will result in the production of a sheet which will command the appreciation of its constituents, which will do credit to the city and which will be a strong factor in promoting the public prosperity.

In applying these general principles THE EXPRESS freely acknowledges its dependence for success upon the good will and active co-operation of our citizens of both land municipality.

The present owners fully appreciate the cordial reception accorded them upon all sides and the individual willingness thus far manifested to work in hearty unison for the purpose of making THE EXPRESS a real asset to the community and of extending the usefulness of the paper throughout the widest possible sphere of influence for the benefit of North Vancouver City and district.

THE EXPRESS is with the citizens heart and hand and all the time for the promotion of the public weal, and any suggestion or approach from any quarter looking to the promotion of the best interests of the community will meet with cordial reception and hearty response.

THE EXPRESS hopes to merit the goodwill of all right-thinking members of the city and municipality, and to occupy an ever widening sphere of usefulness in the interests of the entire constituency which it has the honor to serve.

LABOR AND MONEY

The outlook is bright. The contractors on the G. T. P. east from Prince Rupert assert that railway operations will afford employment for 3,000 men for two or three years to come.

An agent for the Guggenheimer interests arrived in Vancouver this week and is gathering together a company of men to go north in the employ of these operators. The work that is planned will give employment to 5,000 men within a few months. Such facts as these put the pessimist out of business as for the labor market in British Columbia.

The British Canadian Wood, Pulp and Paper Co., Ltd., placed a block of stock on the market a few weeks ago, and it was over subscribed in a short period. A second block was offered the public, and the prospects are that this will soon be exhausted.

The Bank of Vancouver received its charter from Ottawa about a week ago. Immediately the doors were thrown open to receive subscriptions for shares there began a steady procession of men with money desirous of buying stock, so that the prospects are that the necessary amount to enable the bank to begin operation will be subscribed at a very early date.

The plain inference is that there is plenty of money ready for investment when a proposition appears, that looks good to the investor.

The recent observations of a large operator who just put through a deal involving over a million dollars appears to be well founded, namely, "British Columbia is on the eve of the biggest kind of a healthy boom."

EDITORIAL NOTES

Some enterprising investors have conceived the idea of a scenic bridge across the entrance to the inlet. The plan comprises two towers, one on Prospect Point 30 ft. high and one on the north shore 222 feet high; cables will be strung from these towers and the bridge will be hung therefrom. The total length of the bridge will be 1,280 feet. The tower on this side will be 50 feet in diameter at its base and will be fitted with a passenger elevator. The applicants for permission to build the structure style themselves The Burrard Bridge Company.

Seymour Creek Mining

The B. C. American Mining & Development Co., Ltd., is the name of a combination of Arizona capital that has bonded the Bank of Vancouver group of mineral claims, situated on the main Seymour creek, near the west fork. The company has opened offices in Vancouver, and it is their intention to operate on an extensive scale.

The property they have bonded is an immense copper proposition, the ore carrying pay values in gold as well. The group was located last year by Jos. Saulter, an old-time Slocan prospector, and the work done on the property exposed what is practically a mountain of ore.

B. A. Welbon, one of the company, was in North Vancouver on Tuesday, and he stated that his concern wanted to commence work just as soon as the snow would permit. It is the company's intention to make use of the Lillooet trail up Seymour creek, as it makes the best connection with the property. A cut-off trail built through from Lynn creek to Seymour for the distance of a mile would shorten the distance to the group and give an easy grade all the way up.

Mr. Welbon stated that it was the intention of the company to operate from this place, and to that end he desires the assistance of the people here towards getting the government to open up the trail. The board of trade have already had the matter brought to their attention, and other bodies will be asked to co-operate. The company will employ a large force of men, and they promise to secure all their supplies on this side of the inlet, all things being equal.

The opening up of the trail would bring the Lynn creek and Seymour creek camps tributary to this place, as well as opening up every access to the Squamish valley. These mining operations will eventually mean a great deal to North Vancouver.

North Vancouver Mails

Mails close for despatch as follows: For Vancouver and all points 8 a. m., 11:15 a. m., 4:15 p. m.; for Lynn creek, 11:15 a. m.

Mails arrive: Vancouver and all points, 9:10 a. m., 12:45 p. m., 5:45 p. m.; from Lynn creek 2 p. m.

Outgoing mails for Lynn creek after 11:15 a. m. should be delivered at the wicket.

Tenders wanted for clearing and grading ground adjacent to St. Andrew's church, 120x50. Particulars from Wm. Loutet, City Hall.

NOTICE IS HEREBY GIVEN, FOR the information of intending settlers and others, that selection has been made of the 5,500,000 acres of land situated in the Peace River Valley, Province of British Columbia, granted to the Dominion Government under the provisions of Section 7, of "An Act relating to the Island Railway, the Graving Dock and Railway Lands of the Province," and such land is not open to entry under the Land Laws of the Province

The block selected is described as follows: Commencing at a point 33½ miles south of the Peace River, on the 120th Meridian, being the Eastern boundary of the Province, thence West 75 miles and 38.64 chains, thence North 72 miles and 55.03 chains, thence East 75 miles and 38.64 chains, thence South to the point of commencement, following the 120th Meridian, and containing approximately 3,500,000 acres.

Notice is Also Given that, with a view to facilitating settlement in the Valleys of the Peace, Parsnip and Pack Rivers, the following belt of land forty miles in width, and extending 20 miles on each side of the Peace, Parsnip and Pack Rivers has been reserved for actual settlers, to be acquired by pre-emption only under the Land Act, such land not being open for sale, lease, license or other alienation under the said Act except by pre-emption.

Commencing at the intersection of the Western boundary of the block of land selected by the Dominion Government with the Peace River, thence following the Peace River and Parsnip River to their confluence with the Pack River, and thence following the Pack River to the point where said Pack River leaves McLeod Lake, and extending for a distance of 20 miles on each side of said Rivers and approximately 170 miles in length.

All lands outside the boundaries of the Dominion Government Grant and the reserve above described are open for location under the laws of the Province.

W. J. BOWSER,
Acting Chief Commissioner of Lands and Works.

Proposed Local Improvement

TAKE NOTICE THAT THE COUNCIL of the City of North Vancouver intends to construct the Local Improvements set out in the schedule appearing below, and intends to assess a portion of the final cost thereof upon the real property benefitted thereby, fronting or abutting thereon, and held liable for assessment therefor.

A statement showing the lands liable and proposed to be specially assessed for the said improvements and the names of the owners thereof, so far as the same can be ascertained from the last revised assessment roll and otherwise, is now filed in the office of the Assessment Commissioner, and is open for inspection during office hours.

The schedule below shows the estimated cost of the improvements and the proportion to be provided out of the general funds of the city, if any.

A Court of Revision will be held on the twenty-seventh day of April, 1908, at the hour of 7:30 p. m., in the City Hall, North Vancouver, B. C., for the purpose of hearing any complaints against the proposed assessments, or the accuracy of frontage measurements, or any other complaints which the persons interested desire to make, and which is by law cognizable by the court.

THOMAS SHEPHERD,
Assessment Commissioner.

North Vancouver, B. C., March 26th, 1908.

SCHEDULE ABOVE REFERRED TO

No.	Proposed Improvement	Estimat'd total cost	Estimate city to pay
1.	Clearing, boulevarding and grading of Third St., between Mahon and St. David's avenues, and laying of six-foot sidewalk on south side of said street	$12,000	$250
2.	Clearing, grading and draining of Sixteenth St., bet. St. Andrew's and Ridgeway Avenues	$1,400	$50

CORRESPONDENCE

Short, moderately worded letters on topics of general public interest will be published in THE EXPRESS.

THE EXPRESS is in no way responsible for the opinions of correspondents, and reserves the right to terminate a discussion at any time.

To the Editor of THE EXPRESS:

DEAR SIR,—Apart from the determination I expressed in my last letter to you not to continue my discussion with "Ratepayer," I cannot give Mr. Balderstone the reply he asks for, as he has placed himself outside the pale of courtesy. My vindication may well await the apology that, be it soon or be it late, is inevitable if the Christianity which Mr. Balderstone professes is anything more to him than a mere means of livelihood. Yours truly,

A. J. PICTON WARLOW.

North Vancouver, April 6, 1908.

THE EXPRESS is also in receipt of a letter from "Live and Let Live," anent the discussion referred to above, but inasmuch as it is apparent that the controversy has reached a stage at which the general public has little interest therein, THE EXPRESS considers it wise to conclude the matter so far as these columns are concerned.

City Hall Appointments

To the Editor of THE EXPRESS:

DEAR SIR,—Perhaps the city fathers at the next meeting will give us some clue to their method of filling vacancies on their staff. I read with some astonishment that the post of assistant clerk has been given to a total stranger. Now, sir, my "kick" is not against the man himself. He may be well qualified mentally to fill the place, but what I do say is, that when vacancies do occur, North Vancouver men should have a chance of applying for the positions. There are men who have been in North Vancouver for years and are as competent as any one in the city hall, and who, by their local knowledge, are bound to be more efficient from the start than absolute new-comers. Let the city fathers speak out; tell us in whose hands the appointments are; let us know when vacancies occur; give us all a show. At present a notice might be put up: "No North Vancouver Men Need Apply." Yours truly,

ANTI-GRAFT.

Lynn Valley News

The new school house is finished and has been formally turned over to the trustees.

Ed. Robertson has slashed the timber on the lots he owns on Frederick road.

The shingle mill of Mr. D. Cook, on Center road, has commenced operations.

W. D. Anderson's house, corner Center and pipe line road, is approaching completion.

C. Hanson, on Duval road, block 44, D. L. 2087, is rapidly completing his two storey house.

A. Anderson has laid the foundation for a large house on Peter road, in block 44, D. L. 2087.

T. N. Bunker has built a house on D. L. 2169 and moved his family to the rising community in Lynn valley.

Mr. J. J. Nichols has returned to the valley and is engaged in clearing up the rest of his property on the pipe line road.

Ex-Ald Newton, of Winnipeg, has arrived in the valley and taken up his residence with his brother-in-law, S. J. Probert.

The home of Mr. A. Anderson was brightened recently by the arrival of a baby girl. Mother and child are making excellent progress.

F. Underwood has moved his family from Vancouver to his new residence in block 3a, D. L. 2088. It is one of the handsomest dwellings yet erected in the valley.

J. M. Frome has had all the timber on the land between the plank road, the pipe line road and the flume slashed, making a great improvement at that spot.

The Rev. Mr. Davis, of Wellington, Vancouver Island, has arrived and taken up his residence in the valley with his wife and family. He will take charge of the Presbyterian services in Lynn valley and Moodyville.

The Rice Lake camps of the Hastings Shingle Manufacturing Co. started up on the 1st inst. with the probability of fifty to sixty men being employed all summer. The camp is in charge of Chas. Munro.

Tram Line for Capilano Valley and Lynn Valley

There would appear to be an excellent commercial probability of the building of a tram line either along the Capilano valley or up Lynn creek, and possibly both, in the near future.

An application was made to the B. C. Electric L. & P. Co. last year by owners of timber in the Capilano for a tram line, in consequence of which a survey was made by the company. The scheme has since lain in abeyance, but has lately been revived with good probabilities of success.

Now the owners of timber on Lynn creek have approached the company with a proposition for a logging railway, with the result that a party of surveyors has been placed in the field with instructions to run a line of survey up the distance of six miles in order to arrive at an estimate of the expenditure involved.

THE EXPRESS is informed that a contract exists between the Electric Railway Company and mining men on Lynn creek under which a tram line is assured just as soon as the owners of the mines in question are in position to guarantee a certain tonnage per day.

The present situation is as follows: A strong lumber company owning large timber tracts on Lynn creek has offered the B.C. Electric the hauling of its entire output of logs if they will build a tram line to the timber. The survey party, now in the field, will run three temporary lines, based upon which estimates of cost of construction will be made. The whole project will then, in all probability, be referred to London for action by the board of directors and upon their decision after developments depend.

These projects are of great moment to North Vancouver and should materially aid the prosperity of our city.

New Bank of Vancouver

The new Bank of Vancouver opened its books to receive subscriptions at its temporary quarters at the corner of Pender and Homer streets, Vancouver, this week, and the number of shares subscribed surprised even the most sanguine of the bank's promoters. Under the Banking Act it is necessary that $500,000 shall be subscribed before the Bank can actually open for business and of this amount $280,000 has already been promised. A sum of $250,000, or half the necessary amount, will also have to be deposited at Ottawa before the bank can begin to receive deposits. The avidity with which shares were snapped was remarkable, and has perhaps no precedent in the history of banking in Western Canada.

Alexandra L. Dewar, secretary of this new and only British Columbia home bank, was highly gratified by the enterprising Western spirit displayed at the start. He said they had simply been compelled just to mark time waiting for the charter to which royal assent had only been given last Friday.

The bank will issue its own bills, and though the form has not yet been designed, they will certainly be characteristic of British Columbia representing its forests, fisheries, mines and agriculture, with the heads of the king and queen on the larger bills. When the bank is ready for it, a meeting of shareholders will be called, who will elect a board of ten directors to manage the business for one year, and these in turn will elect their officers. When the bank gets well under way, permanent quarters will be selected, and it is hoped that branches may be established in other cities.

The promoters of the new Bank of Vancouver are: T. W. Patterson, Victoria; J. A. Mitchell, Victoria; W. H. Malkin; R. P. McLennan; H. T. Ceperley G. H. Cowan, J. A. Harvey, K. C., of Cranbrook, and A. L. Dewar.

NEW WESTMINSTER LAND DISTRICT.

DISTRICT OF NEW WESTMINSTER

TAKE NOTICE THAT J. D. KIRKPATRICK and W. D. McFarland, of North Vancouver, occupation timbermen, intend to apply for a special timber license over the following described lands:

Commencing at a post planted twenty (20) chains east of the S. W. corner of T. L. 7753, Hotham Sound, thence south 80 (eighty) chains, thence west 60 (sixty) chains, thence north 100 (one hundred) chains, thence east 40 (forty) chains to the west line of said T. L. 7753, thence South twenty (20) chains, thence east along south line of T. L. 7753 to point of commencement.

DISTRICT COUNCIL

The regular meeting of the District Council was held on the 3rd inst. in the municipal office. Reeve May presided and all the councilers were present.

After adoption of the minutes of the former meeting the correspondence was considered.

John Robertson, Lonsdale avenue, made application for the position of road tax collector. The name of Mr. Calvert, who acted as collector last year, was also mentioned in this connection. Referred to the finance committee to report as to the best arrangements regarding collection of road tax.

Mrs. Lewis, who had purchased through Mr. Rankin, block 13, of D. L. 783, for her son, asked to have the sale cancelled as she found her son had made different arrangements. Resolved to cancel the transactions and to refund the deposit made.

Wm. Huxtable asked for a road to give access to his property in block 2, D. L. 764. Referred to engineer to prepare specifications of work.

Miss Edith J. Stevens stated that she was ready to build on Nye street as soon as the road is opened up, and asking to have work done. Referred to engineer to prepare specifications.

J. H. Bullock asked to have a road to block 6, D. L. 2169, where he is about to build a house. Referred to engineer to prepare specifications.

E. O. Wickenden and others wrote calling attention to proposal of City of Vancouver to locate a gaol on the North Arm and protesting against it. Received and filed for reference.

Hall C. Cheine, C. A., the auditor, reported having found the treasurer's books correct up to 31st March. Received and filed.

Award of arbitrators in the matter in dispute between the city and district was received and filed.

Attention was called to the fact that parties were cutting cordwood on Keith road west without authority from the council. Referred to engineer to make inquiry and take necessary action.

The financial reports of the finance committee and the board of works were adopted and authority was given to pay the accounts due.

The clerk made report of progress in the matter of the Lynn valley water district, and that he had not as yet received reply from owners of 615 as to including that area in the district, but expected to hear from them soon.

Attention was called to the need for a breakwater on the Lynn creek, above Keith road, to prevent it from changing its course when the timber is cleared off. Resolved that the engineer confer with the owners of D. L. 553 on the subject. Referred to the board of works to proceed with construction of east abutment of Lynn creek bridge as early as possible.

Resolved to ask Mr. Bunbury to meet the council regarding prospect of tramway extensions into district at an early date.

The meeting then adjourned.

On the 8th inst. the council had special meeting, at which Mr. Bunbury, local manager of the B. C. Electric Railway Co., was present. The matter of possible tramway extensions into the district was fully discussed. Mr. Bunbury stated that a survey was being made now for an extension through the Lynn valley to the Seymour river, with a view to hauling out lumber from the upper Seymour valley. They were also gleaning information as to possible traffic from Lynn valley and other points, and as to the possible traffic in the Capilano valley.

Mr. Bunbury was thanked for his attendance and for the information communicated, and he was asked to endeavor to arrange for an early meeting between Mr. Buntzen and the council on the subject.

The meeting then adjourned.

The New Exhibition Building

The completed drawings of the above building, as arranged by W. Nicholson-Bailey, architect, show a building that will be very suitable for the purpose for which it is to be used, having a main hall 60 feet by 40 feet, enclosed on all sides by a spacious veranda, and having three separate entrances of ample width, with the doors opening outwards, and also being well lit with windows in the walls, as well as top lights in the roof. At the rear of the hall is situated the stage which is 20 feet wide and 11 feet deep, also the ladies' and gentlemen's dressing rooms each having a separate entrance to the stage, and also a lavatory off each dressing room.

The roof will be supported by means of trusses from the main walls, giving a floor space entirely free from obstruction.

The exterior of the building is artistically designed and will adapt itself to the surroundings, in a manner which will make it a decided improvement to the locality in which it is to be situated. The building being so arranged that in the future a full sized basement can be added at very little extra cost, which is capable of having ample light and can be used for the purpose of showing poultry, live stock, etc., which could not be conveniently shown in the main hall among the more elaborate and costly exhibits.

Ferry Notes

The ferry company have under way alterations to their terminal facilities at both ends of the run.

The work at the North Vancouver end will not be expensive; additional piling is being driven in order to strengthen the wharf, and other minor improvements will be made.

At the Vancouver end the operations are on a much larger scale. A new wharf and new offices will be constructed on the property adjacent to that of Evans, Coleman & Evans, on the easterly side. These terminals will be upon a much larger and an improved plan as compared with those that have done service during the past, and will place the company in position to offer the public much better accommodation.

The new wharf will be in use in about two weeks, although the office buildings, etc., will not be completed until later.

The summer time table will come into effect in a few weeks and will be the same as that of last year.
