VOLUME V. NORTH VANCOUVER, B. C., FRIDAY, AUGUST 30, 1907. NUMBER 2

## CITY AND COUNTRY

We like the game warden's persistency. Magistrate Alexander should handle such cases as dynamiting fish. He knows how to soak the Japs. The limit.

Bruce & Dodds, the grocers at the corner of Lonsdale and Eighth have their telephone—No. 41.

The North Vancouver football team played the Vancouver Thistles a hard and fast game on Saturday last at Athletic park and owing to a shortage on the home team they did not make as good a showing as they otherwise would. The score stood 7 to 2 in favor of the visitors.

During the gale yesterday morning the rowing club boat house broke away from its moorings and drifted onto the beach at Lonsdale gardens. The timely arrival of willing hands saved the building and contents from being broken up by the surf.

Mr. Copeland, of the wire suspension bridge, reports having seen a deer ascend from the bed of the creek close to the bridge, on the east side. As the bank on this side is too precipitous for man, more interest is given this fact. The deer broke through the fence at the Cliff House and played around the enclosure some time before making its visit.

Mr. William Brandon, of the Echo Logging Company, captain of the steamer Echo, while inward bound, last Wednesday morning, ran into a school of whales, which followed the little craft several miles. The captain reports one mouster jumping clean out of the water and coming down with a terrible crash.

In North Vancouver this appears to be a good fruit season. The apple, pear and plum trees are loaded down with fruit in private grounds. There are some forty fruit trees in Lonsdale gardens which were planted by the Indians thirty years ago. Three magnificent cherrie trees bore well this season. The apple and pear trees are laden with fruit.

The local ship yards are busy. At Wallace's they have a tug and scow well under way. The yards at Moodyville have quite a staff of men at work and plenty of work ahead.

The death occurred very suddenly in this city on Tuesday evening of Mrs. Kathleen Helen Smith, the beloved wife of Mr. H. V. Smith, of the Western Corporation. The deceased was the eldest danghter of Mr. and Mrs. D. Davie, 1132 Robson street, Vancouver. The funeral took place this morning from the family residence, Eleventh street, to St. John's church, where the services were held. The body was interred in Mountain View cemetery, Vancouver. Rev. Mr. Hooper conducted the obsequies at the church and at the graveside. Much sympathy is expressed for Mr. Smith in his bereavement as he has three small children.

Mr. H. M. Ramsay was in North Vancouver on business this week and paid THE EXPRESS a call.

The average town is never as unsatisfactory as when providing entertainment for a loafer.

The death occurred on Tuesday at Vancouver of J. J. Godfrey, a prominent barrister and brother to W. Godfrey, manager of the Bank of B. N. A. The deceased came here in the early days and was for a number of years in partnership with Ex-City Solicitor Hamersley, and also with Hon. W. Bowser. He leaves a widow, for whom much sympathy is expressed. The funeral took place yesterday afternoon from the family residence to Christ church. It was strictly privat and the obsequies were conducted at the church and at the graveside by the Rev. C. C. Owen.

Captain Patterson, of Vancouver, one of the oldest "old timers," paid THE EXPRESS a visit this week. Abont forty years ago he loaded ships at Moodyville, and states that at that time several Cariboo miners were camped on the ground opposite this office.

What has become of the old-fashioned man who could quote from the bible better than his wife?

The *North Coast*, volume 1, number 1, has been received at this office. It is a six-page weekly published at Simpson, B. C. P. F. Godenrath & Co. are the publishers, and Edward D. Rowland is the manager. The publication is a very creditable one, containing a liberal amount of advertising. Mr. Rowland is an old-time western newspaper man, and what he does not know about the business is not worth the knowing. We wish the new venture success.

What has become of the old-fashioned person who called a wagon filled with household goods a "flittin'?"

A. Kearns and family, of Dundee, Scotland, have taken up their residence in North Vancouver.

The waterpipes on Lonsdale avenue, between First and Second streets, are being lowered, and the west side of the street is consequently closed.

There was a full attendance at the special meeting of the council on Monday night. Constable Tarn reported that the street lights were out on the 23rd and 25th inst. They discussed the by-laws in committee.

The huge stubbs on the east side of Lonsdale avenue, between Nineteenth and Twenty-first street, are being removed by the city. They were a source of great danger, especially when the wind was blowing.

At Monday night's meeting City Clerk Shepherd was instructed to write to the B. C. Electric Railway Company asking for larger cars to be run.

The stumps opposite block 110, on Chesterfield avenue, near Eighth street; are being removed by the city.

A sidewalk is being put down on the east side of Lonsdale avenue, between Thirteenth and Fourteenth street.

On Eleventh street, east of Lonsdale avenue, at the Flat Iron block of Bruce & Dodds, a sidewalk is being put down.

Do you take THE EXPRESS?

The glorious rains providence has cheered us with during the past week has been of incalculable value to our city and the province generally. Not only has it exterminated the fires detrimental to timber and private property, but it has assisted vegetation. North Vancouver soil seems particularly adapted ior fruit culture. The small fruit, which grows so easily without apparent care, has been a a luxerient crop. Even the wild berries have given the native gatherers a good return for their trouble, and you can notice in any garden, which the owner has had the forethought to plant fruit trees, every tree is ladened with fruit, apples, pears, plums, and even peacnes. We would impress upon every man the desirability, when acqniring a home, to at once plant fruit trees. They so soon come to maturity with small cost.

The locomotive of the McNair Timber Company jumped the track on a curve west of the Capilano on Saturday, and lies on her side in the bush, about 800 feet from the water. In consequence 75 men have been laid off temporarily awaiting repairs of the engine.

John Macaulay, Toronto, was a visitor to this city on Wednesday. He intends to locate here in January.

Adolph McMahon was at the Palace Hotel on Tuesday. He has been on a tour around the world, and his home is at Boston.

Boom the city and district.

## Grown in North Vancouver

Messrs. Burrow Bros., of Lynn Valley, brought into THE EXPRESS office this week a vegetable marrow measuring 36 inches in length and eight inches in diameter.

Some excellent samples of early rose potatoes are on view in our window this week from Lynn Valley, having been grown on the ranch of Mr. Geo. Leith. They were planted on May 27th last on new ground, and are quite prolific, there being as many as 45 tubers in some hills.

North Vancouver certainly has a splendid location when it comes to growing fruit, especially apples. Some samples that have been shown lately are worth mentioning, and would form a worthy exhibit. Mr. John Lawson presented this office with some lucious Gravensteins, which for flavor are hard to beat.

## CRICKET SMOKER AT LARSON'S PAVILION

Under the auspices of the Vancouver Cricket club a smoker was given in Larson's hall on the 21st inst. The regulation supply of cigars, pipes and tobacco was at the disposal of those present. Mr. John Elliot acted as chairman and the program was most heartily enjoyed. Among those who took an active part in the program were: Mr. L. H. J. Minchin, piano solo; H. E. Kyle, comic song; C. de C. Hoseason, comic recital; representative Portland Cricket club, speech; A. Jenkinson, song; E. Hepburn, song and chorus; Charles Nelson, speech; representative from Victoria Cricket club, speech; B. Killick's, comic song; C. Seno, recitation; A. E. Crickmay, song; D. Doughty, song and chorus; representative Vernon Cricket club, speech.

## BOARD OF TRADE CONCERT

The date of the Board of Trade concert has been definitely settled upon and will be held on Friday evening, August 30th in Larson's Pavilion.

The entertainment committee, with Mr. H. C. Wright as chairman, are elaborating to a great extent on the lines usually followed and with the Orpheus Male Voice choir under the baton of Mr. John Alexander, the talent is assured to be the best obtainable. The program outlined will consist of glees and part songs to be sung by Mr. Alexander's Orpheus male voice choir. Selections by a male quartette and solos.

Very little labor on some of the principle streets in North Vancouver would add much to the appearance of the city to strangers looking around. A number of streets have been cleared to their limits but have since been allowed to grow up with small bushes and ferns, where the employment o fone man at intervals through the summer months would keep the boulevards in a very respectable condition.

A large gang of men are now at work building concrete piers for the new Lynn creek bridge, and every effort is being made to have them completed before the wet season sets in.

The board of trade concert is held in Larson pavilion on the 30th of August instead of the 20th.

Miss Emma Thompson, of Peardonville, B. C., is in the city and is the guest of Mrs. C. Lindsay. Miss Thompson intends spending a week with her friends here.

## SPECIAL MEETING OF CITY COUNCIL

A special meeting of the city council was held in the city hall on Thursday evening. Mayor Kealy presided and all the aldermen were present.

A letter was read and filed from R. H. Sperling, general manager of the B. C. Electric Co., in which he stated his regret for the trouble on one or two occasions of late in connection with the car and lighting system in North Vancouver. He attributed the cause to the fires around Hastings and near the second narrows, saying that the company had experienced severe loss in that locality, and that as the company were the greater losers it was especially to their interest to keep the system in good working order, which he assured would be done as far as it was possible.

W. J. Irwin, secretary of the board of trade, wrote enclosing a resolution passed by the board of trade at their last executive meeting.

Another letter was read from the board of trade acknowledging with thanks the city's appropriation of $25 to be used in connection with the repairing of Grouse mountain trail.

Mrs. Stewart wrote making application for a sidewalk on Twentieth street before the wet season began. She also drew the council's attention to some standing timber in the neighborhood of her property which was dangerous on account of its advanced state of decay. It was referred to the board of works and the engineer.

A petition was presented from the merchants and others of the city, urging upon the council the importance of opening up St. David's road at least from First street to Keith road, and removing some of the obstacles that at present made this road very difficult of access with their delivery wagons. Referred to the board of works.

A letter of advice and information was received, and filed, from Taylor, Bradburn & Innes, relative to the division of different properties between the city and district.

The frontage tax by-law was received back from Taylor, Bradburn & Innes, who revised it after its second reading. A number of changes were made and these were discussed at length by the council and afterwards referred to the board of works.

The fire committee was instructed to arrange for a septic tank and lighting of the new fire hall.

## North Vancouver Rowing Club

The next and final regatta this season will take place on September 14th. The cup presented by the Hon. F. Carter-Cotton will be competed for at this regatta. Further details of this will appear next issue.

## Church Notice

ST. ANDREW'S PRESBYTERIAN CHURCH
SIXTH STREET.

Services will be conducted as usual on Sunday by the pastor.

Sunday school, 2:30 p. m.

Service at Moodyville school at 7:30 p. m.

Rector: Rev. Hugh Hooper.

BAPTIST CHURCH, ORANGE HALL.

Services conducted by the Rev. David Long. Sunday school at 2 p. m., preaching service at 3 p. m. All are welcome.

## SUCCESSFUL DANCE.

The dance given by Henry Larson and Cougill Bissett last evening in Larson's pavilion, was a success and thoroughly enjoyed by those attending. Harpur's three-piece orchestra supplied the best of music and the pleasant and satisfied look on the faces of the dancers was ample indication of the pleasure they felt. The attendance was not so large as expected, but it was just about the right size for enjoyment. Refreshments were served at a late hour, and a late boat was in attendance.

## NEW HOUSES.

W. Nicholson-Lailey has just let the contracts for two buildings. One a residence for Mrs. M. J. Follis, who is building on 14th street, between Mahon and Jones avenues. The house is to be seven rooms and fitted up with modern conveniences.

Mrs. Follis comes from New Westminster, and she has, after living in Westminster and looking over Vancouver and North Vancouver, decided in favor of North Vancouver, where she intends becoming a fixed resident.

The other contract of Mr. Lailey's is an addition to the house of W. H. Atkinson of Keith road west. The new part is to consist of a large living room on the ground floor and two bedrooms above.

These will add two more erections to the large number that are now in course in this city, and still the shortage of houses here does not seem to be any less.

New houses are cropping up daily over the city, and the large number now under construction are being rushed to completion before the wet weather sets in.

The new fire hall on Fourth street will soon be ready for occupation.

Mr. McNair's fine residence on Sixth street is taking a more finished look every day and the inside finishings will be started at shortly.

## A SOCIAL EVENT.

A most pleasant time was spent at the home of Mayor Kealy on Friday evening, when Mr. and Mrs. Kealy had a number of friends join them in the celebration of Mrs. Kealy's birthday. The guests were furnished with varied forms of amusements, dancing, however, being the prevailing feature of the evening. Card games were enjoyed by those who did not care to dance and Mr. Wright's song was received with great applause. The house was tastefully decorated with paper ornaments and on the verendah and through the garden, Chinese lanterns illuminated the place in a very picturesque way. Luncheon and coffee were served, and toasts followed by several present, among whom were some of the city fathers.

Mrs. Kealy received many congratulations and some beautiful tokens of esteem in honor of the event. Among those present were: Mr. and Mrs. Irwin, Mr. and Mrs. Billings, Mr. and Mrs. Jackson, Mr. and Mrs. Wright, Mr. and Mrs. Williams, Mr. and Mrs. Diplock, Mr. and Mrs. Phillips, Mr. and Mrs. Bunbury, Mr. and Mrs. Dick, Mr. and Mrs. Woods, Miss Smith, Miss Reichman, Dr. Jordan, Dr. Campbell, Mr. Rogers, Mr. Loutet.

Rev and Mrs. J. D. Gillam celebrated the second anniversary of their wedding last evening. A number of friends were present consisting principally of the members of St. Andrew's church choir. The evening was pleasantly spent with music and singing. Refreshments were served and many kind wishes extended to Mr. and Mrs. Gillam for their future happiness.

## DISTRICT COUNCIL

The district council met in the Municipal hall last evening. Reeve May presided and all the councillors were present.

The minutes of last meeting were adopted.

A letter from the city council regarding water services in the district, stating that they will only deal with the municipal council, and not with residents of the district direct. Alderman Emery was present and made an appeal to the council to get a water supply for Mr. J. Nichols. It was explained to the alderman that the council had no legal authority to be interoutside the city boundaries.
council, who had full power to supply could best have been served by the city mediaries in the matter and this object

After some discussion and in view of the decision of the city council, it was resolved to meet Mr. Nicols' urgent need by making an application to the city in the terms desired, and the clerk was instructed accordingly.

J. C. Keith was present and submitted plan of S. D. of parts of district lots 612, 613, 614 and 620 and gave explanations regarding them. Resolved that the engineer meet Mr. Dawson and go over the plan in detail with him and that subject to adjustment as to minor details the plan was generally approved of.

Emil Johnson was present as requested and gave assurance that he and two others wished to build houses in D. L. 2008 as soon as a road was opened up to give access to their lots.

The engineer gave a report regarding a road wanted and recommended extension of Center road from Seventeenth street north through 2022 to give access to these parties, and also to Mr. Dessett and Mr. Adams, who are settlers in that locality. Resolved, that the engineer prepare specifications for the road, with a view to calling for tenders and that it be laid before the next meeting of the council.

C. E. Hope was heard as to straightening of Keith road out to Capilano road. Resolved, that the survey be completed and that the clerk prepare a by-law to appropriate the necessary lands and that specifications be prepared for the carrying out of the work.

Mr. D. D. Hutchison submitted plan of proposed subdivision of blocks 28 to 31 in D. L. 193 for approval. He agreed [illegible] to certain amendments called for was approved of.

School open on Monday. The new addition to the North Vancouver school is fast nearing completion. The contractors are laboring very strenuously to have everything in readiness by that date. Principal Bennett has become a permanent resident in the city and is erecting a house in the west end. The fixtures and equipments of the school, are expected from the east in time for installation at the completion of the building.

The sale of the Thompson block, reported lately, has been rescinded. The deal was nearly closed by Mr. Thompson to Mr. Harvey Haddon for the sum of $16,000, but owing to some misunderstanding the deal was declared off.

Reeve May and party with a surveyor drove up the Capilano this morning. Their mission being connected with the survey of a certain tract of land in that part of the district, that Mr. May is interested in.

## Next?

"Is that the biggest potatoes you can get to put in your window?"

"Well, they are the biggest we've got in the window."

"Humph! I can fetch you down a 'tater that'll beat the whole of them all holler. I ken show you one that did me and my family for two meals, and we like spuds, too."

"Have you any left like that one?"

"Why, yes, the garden'e full of them."

[Ed. Note—This garden is on the southwest corner of Lonsdale avenue and Third street.]

## Dates of Fall Fairs

A list of the fairs to be held this fall in British Columbia has been compiled in the office of the deputy minister of agriculture. In many cases the dates have not been definitely settled. The fairs will be held at the following places on the dates mentioned:

Nelson.....September 18 and 19
Kelowna.....September 23 and 24
Kamloops....September 19, 20, 21
Armstrong..September 24 and 25
Vernon.....September 16, 17, 18
Salmon Arm..Sept. 30 and Oct. 1
Kaslo.....September 24 and 25
Agassiz.....September 2
Matsqui.....September 13
Mission.....September 17
Chilliwack...September 18 and 19
Delta.....September 20 and 21
Surrey.....September 24
Victoria.....September 24 to 28
Langley.....September 25
Maple Ridge.....September 26
Coquitlam.....September 26
New Westminster..October 1 to 5
Richmond.....October 8 and 9
Comox.....September 18 and 19
Alberni.....September 20
Saanich.....October 18 and 19
Islands.....September 21
Cowichan....September 20 and 21

The dates at Salmon Arm, Matsqui, Mission, Chilliwack, Surrey, Richmond and Cowichan are liable to change if necessity arises.

## Football

Owing to the unfortunate absence of several of the team's regular players, the North Vancouver footballers met defeat on Saturday at the hands of the Thistles of Vancouver. The game was played at the athletic grounds in North Vancouver and much speculation was afloat as to which of the teams would have the better of it, but when it was found that some of the North Vancouverites were detained on business, the result was a foregone conclusion.

However, rather than disappoint the crowds who attended, bystanders were called in and the lineup secured with the exception of one player, thus necessitating them playing one man short. The Thistles played a good game and played well together and the North Vancouver players did well to hold them down as they did. The score will in all probability show differently on the 15th of September, when these two teams meet for the first league game.

The Richmond dairy is no more in North Vancouver, Mr. Lag, the late proprietor, having taken a sudden departure for the south. His store has been open all summer but as the season for ice cream is over, inducements elsewhere offered more promising returns for his kind of business.

The city of Vancouver sent several drayloads of steel structural work to North Vancouver yesterday. This is to be used in the construction of a bridge across Seymour creek in connection with the new water works system which is being installed on that river. The situation of the bridge will be about two miles above Scott's ranch.

Mr. Phillip's letter "re close season" for hotels has been crowded out.

Dr. Jordan has a display in the windows of his optical parlors at Vancouver of strawberries picked in his garden at his residence on Second street. The fruit is a rare specimen and speaks volumes for what can be grown in the city and district.

The wife and family of Mr. Turner, of Moodyville, arrived today from Edmonton. They will make their home on this side of the inlet.

On Thursday evening at the Hotel North Vancouver, the guests, along with many friends, gave a birthday party to Messrs. Leo Wilkie and F. J. Coutts, well-known Vancouverites. Mr. Robt. Bryce acted as sponser and made the presentation. Mr. Wilke was given a very handsome opal and diamond pin, and Mr. Coutts was the recipient of a sapphire and diamond pin of a very unique design. After the presentation speechs, songs and refreshments were the order of the evening. A very enjoyable evening was spent by those present. The following were among those present: Messrs Bryce, Duke, Fyfe, Wilke, Larson, Brobeck, Shaw, Mitchell, Routley, Coutts, Baker, Mr. and Mrs. Bissett, Miss Bissett, Mrs. Larson, Miss Larson, Mrs. Peterson, Mr. and Mrs. Stephens.

The Baptist congregation has purchased through Irwin and Billings a site for their church on the southeast corner of Fifth avenue and St. George. The Methodists purchased a building site a short time ago, just one block south of the Baptists' property, on the northwest corner of Fourth street and St. George.

The Capilano canyon and dam are getting more popular every day in the way of attractions for tourists and a pleasure resort for picnic parties. The Capilano tally-ho is doing a strenuous business conveying parties up to the places of attraction. It plys between the ferry and the hotel at the dam. It was estimated that over one thousand persons went up the Capilano road last Sunday either walking or by some means of conveyance.

Friends of John Gibson, son of Alex. Mr. Gibson, sr., received a letter enclosing a clipping from an eastern paper with an account of a race and the credit given to Jack for superior horsemanship in winning the victory over a faster horse. Mr. Gibson is a thorough horseman and his knowledge will go far in aiding him at the veterinary college, where he is taking a course in veterinary science.

There are over fifty houses in course of erection within the city limits, and still the demand is growing.

Every young man in love with a pretty and incapable girl underestimates the time it will take to learn how to cook.

Alderman Emery anticipates putting up a very fine dwelling on Eleventh street between St. Andrews and Ridgeway avenues, and next to Principal Bennet's residence.

A number of dwellings are soon to be erected on Thirteenth street between St. George and St. Andrews streets.

Mr. D. B. Markle of Toronto is in the city and is the guest of J. C. Williams, Keith road. Mr. Markle is greatly pleased with North Vancouver, and in all probability will be a prospective buyer in real estate.

A family of campers who have been tenting at the beach for some time, are in unfortunate circumstances. They arrived from Manitoba recently, and purchased a lot on which the husband built a small house. What little money he had was spent on the lot and building material. He has been taken sick and the wife is in straightened circumstances, while the husband has been removed to the hospital. Charitably disposed neighbors are assisting the distressed family.

## School Reopens.

School opened last Monday with a full equipment of teachers. The greater portion of the day was spent in classifying the classes which is more difficult this term owing to the fact of a great increase of pupils as children have come in from the United States and eastern provinces in Canada, where the grading is somewhat different to the British Columbian requirements.

The attendance of pupils was exceptionally large and will tax the school with its added new addition. This is ample satisfaction of the prosperity and growth of the city in the last few months and the influx is even becoming greater.

Mr. A. Buckley opened the Lynn Valley school yesterday. The need for a larger building was amply demonstrated. So large was the attendance of pupils that the trustees find it necessary to obtain more commodious accommodations in the very near future.

The demand for dwelling houses increases daily in spite of the number of houses that are in course and in anticipation of erection. A great majority of the houses being built now are by owners of the property who intend to occupy them themselves. An incident is noted of a small house near Twenty-second street which was vacated and the competition for this one dwelling was so keen that the real estate men were obliged to hold the prospective tenants in turns.

## Saturday's Regatta.

A series of aquatic events were successfully held at North Vancouver Saturday afternoon by the North Vancouver Rowing club. The conditions on the water were somewhat unfavorable on account of the high wind but otherwise a good afternoon's sport was had.

There was some misunderstanding in connection with the notification of the members—some were informed that the races would be postponed, as the water was thought to be too choppy, and this caused the attendance to be smaller than was anticipated.

The results were:

Junior Doubles—Two boats entered. Glen McMillan and N. H. Stafford, against R. Smith and M. W. Woods. The latter won.

Senior Four Oared—Butler, Elder, H. Woods and Iverson won from Rev. Marsden, F. Diplock, J. J. Woods and H. McColl.

Senior Sculls—Henry Woods won from W. J. Butler by about a quarter of a length.

Canoe Race—Lady and gentleman, won by Henry Woods and Miss McLaughlin against F. Diplock and partner and W. J. Butler and partner.

The greasy pole event was by far the most amusing and was won by Mervan Woods, who succeeded in capturing the flag four times in succession against once by any of his competitors who were W. J. Butler, H. Stafford, Fred Diplock, Tom Diplock and Henry Woods.

The junior four oared race was won by Glen McMillan, Claud Bunbury, T. Diplock and S. Diplock.

A meeting of the executive of the club will be held this week to decide upon the date of the next regatta.

## The Concert.

The invitations and programs are out for the Board of Trade concert by the Orpheus Male Voice Choir, to be given in Larson's Pavilion on the evening of the 20th.

The concert, as stated in a previous issue, will be first class in every particular. The choir consists of twelve first tenors, eight second tenors, seven first bass, ten second bass, and the conductor, Mr. John Alexander. The program is made up of duets, part songs, songs, quartettes and choruses and includes in all fifteen selections with an interval between part one and part two. The admission is free and the invitations are general, inviting as they do everybody, and everyone is requested to attend and show their interest in the commercial enterprises of the city.

The Board of Trade discontinued its regular meetings during the summer months, but will shortly begin in the regular way. The concert that will be given Friday night is the beginning of a series that will be conducted at intervals under the auspices of this organization.

## A Hurry Call.

The police had a call Wednesday evening about 7 o'clock. Mrs. C. A. Lindsay, proprietor of a small fruit stand on Lonsdale, was the complainant and his story was to the effect that a Chinaman drove up in front of his store and after alighting, got into complications with a small boy who was standing there. The Chinaman was forcing matters somewhat with the boy and Mr. Lindsay came out and interfered, whereupon, as Mr. Lindsay informed the police, after a hurry run down street that the Chinaman had pulled a gun. With the aid of the constable the Chinaman was located on the wharf, where he had driven, and there taken off his rig and arrested and searched. Not finding anything of a dangerous nature on his person, the Chinaman then explained that the weapon that had made such an effect on Mr. Lindsay consisted of a small note book wrapped into a small paper pad. He was then allowed to go.

Two noticeable features are to be seen at the corner of Thirteenth street and Lonsdale avenue. These are the new sign of F. W. Templer and the new sidewalk which the council are placing to the north of Bruce and Dodd's store where the facilities for communication with other streets are in a rough condition.

Jas. Monas, Manuel Andrews, John Williams, three Childeans, came up before His Worship Magistrate Kealy Monday morning on a charge of being drunk and disorderly on Sunday afternoon. Accused pleaded guilty and the option of a fine of ten dollars and costs or ten days in gaol was imposed by his worship in each case. The fines were paid and the men liberated accordingly.

# CITY COUNCIL

His Worship Mayor Kealy presided at a special meeting of the city council held last evening in the city hall.

The Dominion Publishing company of Vancouver, publishers of a magazine entitled "Where To Go," wrote stating the objects of their magaine in advertising the coast and asked that the city give them a grant of about $40.00 per week and the company to forward a supply of these papers weekly throughout the country at the city's direction. This was referred to the finance committee.

Letter from the district council in reference to the supplying water to Ira Nicolls was read. This letter in substance asked the city council to put in the water connections to Mr. Nicoll's place and the district would take the responsibility of collecting if necessary. Referred to the water committee to have an agreement drawn up between the two councils and to be submitted to the council for approval.

Alex. Philip, C. M. C., wrote forwarding resolution adopted by the district council in reference to settling several disputed matters between the city and the municipal council by arbitration and asked that some one be appointed by the city with a view to adjusting the necessary minutes of reference. Laid over to next meeting.

Honeyman and Curtis, in compliance with the council's request for an estimate for an addition of a bath room in the new fire hall, wrote giving figures they had obtained from contractors. They also made some suggestions for the council's observance. The fire committee was authorized to act in this matter.

Letter form North Vancouver Ferry & Power company re letter received by them from the district council in reference to the payment of the Ferry Co.'s rent to the city. Resolved to write Ferry Co. referring them to the statutes of 1906-7 which deals with these matters.

Letter from D. Bourden, Second street, asking to have the street opened up in front of his property as he intended building; also applied for water connections. Referred to board of works and water committee.

Recommendation of the board of works to have a wagon tract opened up to Mrs. Kate Sykes' property on 13th street was adopted.

The septic tank bylaw revised, came up for its third reading which it passed after some alterations being made. A question arose as to a charge being made for inspection and plans.

The council was divided in the matter. However, it was decided not to make any charge, the vote standing Ald. Smith, Emery and Crickmay for, and Ald. Dicks and Irwin against. Ald. Jordan did not vote.

The bylaw will come up next Tuesday for its final reading.

The frontage tax bylaw comes up again on Tuesday also.

## New Block

The block to be erected by J. C. Keith at the corner of First street and Lonsdale avenue, will be a splendid addition to the business quarter of this city. Mr. Keith anticipates the cost to be in the neighborhood of $20,000 and it will be four stories in height with stores on the street floor and suites of rooms on the other three. Each of the three upper floors will contain eight suites of rooms and each suite consisting of the usual number of housekeeping rooms.

J. A. McMillan, grocer, will be one of the store tenants and in all probability the post office, now located in his present store, corner of Lonsdale and the Esplanade, will be contained in a separate building from his new place.

The Express Printing Co., being another tenant in the building on the Esplanade, will in all likelihood, move into one of Mr. Keith's offices.

The water supply was cut off for about four hours yesterday for temporary repairs.

A. Peacock has taken over the fruit stand at the foot of Lonsdale avenue, recently owned by J. A. Fuller.

J. J. Woods and J. C. Williams left early this morning in Mr. Woods' launch for a three days' cruise up Howe Sound and adjacent points.

Fife & Duke, boat builders, shipped over a new gasoline engine yesterday for installation in a hull just completed in their factory in North Vancouver.

Mr. Robert Williamson who was taken to the general hospital, Vancouver, about a week ago as a result of severe injuries sustained from falling off Wallace's wharf is improving very satisfactorily.

The North Vancouver Rowing club's boat house broke from its moorings in yesterday's gale and was driven upon the beach, where it was battered up to some extent. No material damage was done to any of the boats, however.

A bush fire broke out near the corner of Eleventh and St. Andrews streets yesterday. It was started by some workmen clearing lots, who made a fire to burn rubbish, when the high wind came up and caused it to spread. The firemen successfully checked it.

Two swifters of logs were found by an Indian in North Vancouver, who is now waiting for somebody to claim them. Chief of Police Davies, of North Vancouver, yesterday telephoned to the local provincial police office regarding the logs, and the owners will have to put forward their claim through him.

North Vancouver Loan By-law, 1907," for $24,000. Read a first time.

## Re-Temperance Question.

To the Editor of THE EXPRESS:

DEAR SIR,—In reading your two articles in last issue, one bearing upon the idea of an hotel with license, near our ferry landing and on principal street, I was pleased with your article, and think that you are to be commended on your stand. That as citizens, with families, compelled to pass that point so frequently, we do not want an hotel at that prominent point. Upon your other article I think you have used the common sense that, as a fair-minded citizen, you should have used. We must not be biggoted men who have invested largely in property and buildings, disbursing a lot of money monthly must be considered also their interests. Look at it as we may, the hotet men certainly have been the largest investors of private capital in our city.

A PRIVATE CITIZEN.

## Ottawa Gardens

Ottawa gardens, the most picturesque spot in North Vancouver, is again evidencing its attractions for those who appreciate a fine building site and surroundings. Attention has been already drawn to the fine large dwelling house being erected on the north side of the gardens by the N. V. Land and Improvement Co., and now comes the statement from Mr. J. C. Keith that at an early date he intends commencing operations on two fine residences, one facing the gardens at the northwest corner and the other at the southeast. Mr. Keith came over to the city yesterday to look over the situation. He has just returned from a trip up the Skeena. Shortly before departing for the north he took options on these two pieces of property, and the foregoing is the decision he arrived at immediately upon looking the properties over yesterday. He says he well put up two houses that will be in accord with the beauty of the gardens. There are many who do not recognize that in the Ottawa gardens North Vancouver surpasses Vancouver. This park is most beautifully situated, with a gentle slope to the south and west, thus affording the finest view in all the city. A well graded road defines the limits on either side. The ample accommodation of wrought iron and wooden shelters, seats at regular intervals around the sides and the many different kinds of shrubs and flowers that decorate the whole face of the gardens, make this part of the city most attractive to those who wish a fine location for a home.

WANTED—A lady to represent one of the oldest houses in the United States and Canada. Call at room 2, Thompson block, Lonsdale avenue.

FOUND—Two hunting dogs on Sunday. Owner can have same by paying expense of advertising. Call at this office.
