Volume 1 — North Vancouver, B.C., May 17, 1910 — Number 8

The Regular Meeting of the City Council

His Worship the Mayor presided and all of the aldermen were present at last evening's meeting of the city council.

In the matter of appointing an assessor for this year it was decided to call for applications to be in by June 11th and to increase the fees to $500, that he commence work by the 2nd of July and have his report completed and ready for submission to the council by November and that he proceed as heretofore on the single tax basis. It was further agreed that he report on the building construction up to the end of October of this year.

The following communications were read: Letter from A. Philip, hon. secretary of the Joint Civic Advertising Committee thanking city for their promised donation of $500. Received.

E. Buchan, manager of the Bank of Hamilton, in Vancouver, acknowledging receipt of a letter confirming the grade given the Bank about the middle of March last.

Another letter from A. Philip C.M.C., advising that conveyances of property being asked for by the city from the district, were being prepared by their solicitors and would be completed at an early date. He stated that the fees in connection would be chargeable to the city.

D. A. Stevenson asked for permission to erect a summer camp at the foot of St. George's Ave. on the water front. On motion of Alderman McNeish, it was resolved not to grant this request as it was the intention to open up the street.

Letter from North Vancouver Land Company enclosing documents dedicating all the lanes described as lots (a) in block 67, D. L. 271 and 547 and lots 52, 58, 78, 81, 81, 94, 107 in 550 to the city. It was acknowledged with thanks.

J. G. Davidson, secretary of the Lower Mainland University Committee asking for information and particulars in connection with North Vancouver's claim for the location of the provincial university on the North Shore. Points which the writer required information on were as to available sites, situation, conteur of land, water facilities, ungranted crown lands and population. It was referred to a committee composed of Aldermen Schultz and McRae.

Honeyman and Curtis wrote reporting and advising as to certain improvements which they recommended in connection with the vault in the city hall. The matter was referred to board of works.

Reeve McNaught wrote asking the city council to consider the matter of aiding in the construction of the Second Narrows bridge with a view to submitting a bylaw to the people for the purpose of purchasing stock in the company. The reeve advised that the municipality of North Vancouver were interesting themselves to the extent of $250,000 and further that private ratepayers had intimated a willingness to subscribe for stock in the Bridge Company. He averred that he expected some support from Vancouver and other municipalities to the south. The proposed bridge was to be a high level structure capable of carrying all kinds of traffic and would cost $1,250,000 according to D Cameron's plans. With regard to railway connections with the bridge he said that this matter would have to be refered to the Burrard Inlet Tunnel and Bridge Company.

The reeve expressed a wish to confer with the city council in regard to providing a right-of-way for a railway line through the city and in regard to exemption from taxation.

The matter was favorably considered and was referred to the committee of the whole.

was intimated that Reeve McNaught be invited to confer with the council as per his request.

The Ontario Securities of Toronto acknowledged receipt of the city's 139,000 debenture bonds which they had purchased and exchanged their cheque for on their arrival in the east.

R. H. Sperling, gen. manager of the B. C. Electric Ry., wrote begging to suggest in the matter of benching Lonsdale Ave. that the present grade was steep enough at present and any alteration in the grade which would make the operation of cars even in a small degree any more hazardous would not be fair either to the public or the company. He asked that before taking action that the matter be given serious consideration. Some lengthy argument ensued and the old question of grades was again in the limelight.

Alderman Irwin moved that a copy of the letter be forwarded to the commission of engineers with the recommendation that they give it consideration, also that an apology be made for not notifying (in writing) the company's engineer as per a resolution passed by the council to the effect that the B.C.E.R. engineer be conferred with in the settlement of grades.

It transpired that the B.C.E.R. Co's. engineer was notified by telephone and not by letter and that when the date of the meeting of the engineers was definitely fixed that the local manager, Mr. Perry, be apprised of this fact. A meeting of the commission of engineers was held last Saturday, but through some mis-connection the B. C. Electric engineer was not present. Aldermen McNeish and Fowler did not favor the apology part of the resolution.

Ald. Smith contended that a letter should have been written to the engineer of the B. C. E. R. Co. as in the case of the other engineers. The mayor said that between the arrival of Engineer Thompson and the meeting it was not possible to get a letter to its destination in time. It was finally resolved to adopt the first part of the motion and that Mr. Sperling be written to explaining the occurrence and assuring him that his letter would be placed before the engineers. The motion passed unanimously.

R. L. Reid, solicitor for the city, advised that according to the Municipal Clauses Act the council had the same power in relation to erecting street drains under local improvement as they had with the installation of sewerage. In reference to the case in question Lonsdale avenue, he advised that two separate bylaws be submitted, one for sewerage and the other for street drains. Received and filed.

R. C. McDonald, Indian agent, wrote in reference to the transaction between the city and the Mission Indians in regard to a right-of-way (Third street) through the reserve. He stated that the department at Ottawa were agreeable but first required a relinquishment of the revisionary rights of the provincial government before final action was taken. On motion of Ald. Irwin instructions were given that the city make application for the relinquishment of these rights by the local government.

The deputy provincial secretary acknowledged the city's resolution of sympathy on account of the death of our late sovereign.

The statement of the North Vancouver City Ferries for the month of March was read as follows: Receipts, $6,476.85; disbursements, $4,169.75; profit, $2,306.90; estimated depreciation, $416.50; net profit, $1,890.40. It was referred to the committee of the whole. An invitation was received by the Mayor and Aldermen to attend a memorial service in Recreation Park, Vancouver, on Friday, May 20th. The Clerk was instructed to reply thanking the senders and advising that North

(Continued on Page 6)

Lacrosse Matches

North Vancouver and Squamish Indian Teams Meet in Practice Game.

The athletic grounds were the centre of attraction to a crowd of local lacrosse enthusiasts on Monday evening in view of the fact that it had been quietly announced that the local team would have a friendly try out with the Squamish Indian twelve, champions of the province in their class. The North Vancouver team presented a gay appearance in their new black and orange striped jerseys which have already earned for them the sobriquet "the Tigers." The new sticks were likewise to hand as were also the goal posts and nets so that no item of equipment was lacking to enable the teams to put up the real article in lacrosse. The Indians were magnanimous in the matter of referee, accepting Mr. C. M. Kitchen, secretary-treasurer and manager of the North Vancouver team, who treated all parties with strict impartiality by not inflicting a single penalty throughout the entire game and this in the face of the fact that at one stage the game developed a degree of excitement in which two players proceeded to "mix it up" in genuine senior lacrosse style. The game was one of snap from start to finish, the Indians with their well known willingness to work hard and to run long, set the pace and succeeded in taking the Tigers into camp by a score of 3 to 1. The local boys greatly pleased those who are taking a close interest in promoting lacrosse in the city. They are greatly in need of practice and of instruction in the fine points of the game, but they give every evidence of possessing excellent material and will shortly round into form and prove themselves capable of sustaining the reputation of the city in intermediate company.

A second practice game has been arranged with the same team for Wednesday evening and on Saturday afternoon the two teams will meet in a match which should draw a big crowd and which will give spectators excellent, entertainment for their money.

DOMINION DAY CELEBRATION

The meeting called by the Mayor in connection with the Dominion Day celebration will be held tomorrow (Wednesday) evening in the city hall. An urgent request is extended to every citizen who can make it convenient to attend this meeting as it is very desirous to get the arrangements for the 1st of July under way as soon as possible. Every indication points to a monster celebration this year and one that will exceed in magnitute and brilliancy any in former years.

VISITING ENGINEERS

A. H. Dimlock and F. E. Embury of Seattle, assistant engineers to Engineer Thompson, were in the city on Thursday and Friday making quite an inspection of the lay of the city with a view to reporting their findings to their chief, Engineer Thompson, who arrived here on Saturday on invitation from the city to act on a commission composed of himself, Engineer Clements of Vancouver and Engineer Hanes of Vancouver. The arrival of Messrs. Dimock and Embury was unknown to even the city hall officials and they have vanished again like a shadow. Engineers Thompson, Clement and Hanes took a look over the situation Saturday afternoon but the result of this and their recommendations, if any, will not be made public until their report is formulated and submitted to the council in the regular way.

Mr. F. Tappin of Seattle will shortly move into his fine new residence on Queensbury Ave.

Double Drowning in Capilano on Sunday

The icy waters of the Capilano river claimed two more victims on Sunday afternoon, Mr. Bert Pement, aged 26, and his younger sister, Minnie, aged 16, of Vancouver.

The accident occurred Sunday afternoon about 4 o'clock at a point between the Suspension bridge and the second canyon, known as Salmon pool, a particularly fascinating but dangerous spot and one of the many treacherous places in this river, the fame of which in this regard is growing yearly as only a few months ago an inquest was held in North Vancouver on two bodies, workmen at the Vancouver waterworks intake, whose death was due to falling in the swift current of the Capilano.

Sunday morning the two deceased with their sister and others came over to North Vancouver on a picnic. The popular Capilano canyon was chosen for the day's outing. Just past the Suspension bridge the road divides, one branch going to the Canyon View hotel and the other, known as the lower road, down to the cliff overlooking the canyon proper.

Just before climbing to the cliff there is a path leading down to Salmon pool and this was followed by the party until the creek was reached where a temporary camp was made. Along in the afternoon about 4 o'clock Miss Pement was attracted near the rocks' edge where in some manner her footing gave way and she plunged headlong into the swift current which might be at least twenty feet deep.

The brother Bert saw the accident and without a moment's hesitation plunged in to the assistance of his struggling sister. This was the last seen of the unfortunate pair. Miss Pement sr., who was an eye-witness of the terrible accident, rushed up the ascent and ran all the way to the Capilano car terminus where she got into communication with the district officials and Chief Davies was despatched to her aid at once.

After a futile hour's search the relatives and Chief Davies could find no trace of the missing ones and owing to darkness coming on and the inability to follow the creek down searching had to be abandoned for the time being. The Chief notified the Indians at the mouth of the river to be on the look out for the bodies should they float down. The parents of the unfortunate pair reside at 450 10th Ave. E. Mt. Pleasant, and were notified of the sad affair soon after its occurrence.

Monday morning Chief of Police Davies headed a search party composed of two of the brothers, Dan and Chat, and other friends and relatives, and the scene of the accident was visited. Up to that time no trace whatever of the missing ones had been found and the supposition was that they would probably lodge at no great distance from the spot where they fell in. This supposition was found to be correct, as just about 75 yards farther down in a deep pool perhaps at least thirty feet in depth the bodies could be discerned lying at the bottom about 25 yards apart, the water at this place being as clear as crystal. By 11.30 with the use of grappling irons both bodies were recovered and taken up to the lower road by meand of a long pole and ropes.

On examination it was found that the young lady had sustained a very nasty cut just behind her left ear supposed to have been done when she slipped off the ledge and struck the shelf of rock a few feet above the water's edge. At Salmon pool where the accident happened the banks of the creek rise perpendicularly for many feet and with the whirl of water and the treacherous undercurrents the most expert swimmer would stand small chance of saving himself when once participated in the icy waters. Besides this the river narrows down and enters a short gorge at the south end of the pool, and then widens out again into a very deep pool where the bodies were recovered. From the indications shown by the drawn features of the young man it is thought that he was seized with a cramp the moment he was submerged in the water and on account of which he was immediately a helpless victim.

The bodies were brought down to Harron Bros'. undertaking parlors during the afternoon where Coroner Diplock held an inquest at 5 o'clock.

INQUEST

The inquest on the bodies of Albert and Minnie Pement, whose tragic death is recorded in another column, was held by Coroner A. B. Diplock in the undertaking parlors of Harron Bros., Lonsdale Ave., yesterday afternoon. The bodies which had been recovered from their watery grave, reposed in the adjoining room till after the hearing of the inquest when they were removed to Harron Bros'. parlors on Granville street, Vancouver. They rested there last evening and this morning were taken to the family residence on 10th Ave., Mt Pleasant, from where the funeral will be held Thursday to St. Peter's church Harris street. Three witnesses testified at the inquest, W. B. Brummitt and L. Harding of Vancouver and companions of the deceased on the day of the accident, and Chief Davies who headed the successful search party yesterday morning. Mr. Brummit said he was present when the accident happened, which occurred at 11 minutes past four in the afternoon of last Sunday. The young lady had fallen off the cliff and struck her head on a rock. Mr. Pement (deceased) came running down. "He asked me to hold his hand and at the same time jumped in." Witness stated that to save himself from being drawn in also he had to let go of the young man's hand. He testified that Albert cried out several times and although being an expert swimmer seemed to move his arms but feebly apparently suffering from a cramp. He said deceased called out his sister's name and sank and was seen no more. L. Harding of 228 Clark Drive corroborated Mr. Brummitt's evidence.

Chief Davies gave evidence to the finding of the two bodies on Monday and that same were identified by two of the brothers who were members of the search party.

The jury after a short deliberation returned a verdict of "accidental drowning" with a rider that there should be board signs put up at all of the most dangerous parts of the Capilano to warn people and that there might be a few life buoys hung on pegs in these dangerous places and also that the Chief of Police and the search party were to be commended on their prompt action in finding and recovering the bodies.

The jurymen were R. Currie, foreman, J. Brown, J. K. Davis, A. V. Markle, T. O. Mills and W. C. Eisenman.

B. E. Guthridge has leased the tea rooms on the Esplanade for a number of years past conducted by Mr. Jas. Murray.

Mrs. F. Fowler, 13th street and Mahon, will receive on Friday, May 20th, and not again till autumn.

The assignee of the Faraday Electric Company is calling for tenders for the stock, plant, etc., of the business as a going concern at a rate on the dollar. The business offers an excellent opportunity for a practical man and is well worth the careful investigation of an electrician who wishes to establish himself in business. 8

May Day Celebration

Arrangements have been completed for the celebration of May Day on Tuesday, May 31st in the afternoon. The May Queen and all children will be admitted free of charge. Adults, silver coin at the door. Grand Masquerade in the evening. Dancing from nine to twelve o'clock. Gentlemen 50 cents, ladies 25 cents. Unmasking at 10 o'clock. Two prizes will be awarded for the most novel and best sustained characters.

OBITUARY

The death occurred at the family residence, cor. of Queensbury Ave. and Sixth street, on Monday evening, of Charles A. Fraser. The deceased was a native of the province of Quebec and removed to Vancouver about four years ago when he established the Goodyear Shoe Repairing business which has attained marked success. With his family he had recently returned to his residence in this city from Vancouver, where they had resided during the winter. The funeral will be private and will be held Wednesday afternoon at 2.30 from the family residence to North Vancouver cemetery.

LATE FERRY SERVICE

Commencing today the North Vancouver City Ferries have inaugurated a late service across the Inlet. The new schedule provides for the S. S. North Vancouver leaving North Vancouver at 12.45 and returning leaves the south side of the Inlet at 1 a.m. The service will be continued until further notice.

Complaints are rife amongst the merchants and others with reference to the very unsatisfactory telephone service which is being given at the present time.

NORTH VANCOUVER, B. C. - MAY 17, 1910

MERCENARY NEWS COLUMNS

Do newspapers deliberately suppress news items when occasion appears to require such action in order that they may avoid possible loss of patronage from advertisers or others to whom the publication of the items in question might be displeasing? This question has been attracting some attention of late, the ball having been set rolling by an article on "The Suppression of Important News," from the pen of a writer in a recent number of the Atlantic Monthly. The Victoria Colonist, in dealing editorially with the article, has this to say:

He (the writer) cites a number of cases, the accounts of which would have made racy reading, and his comments upon the fact that nothing appeared about them in the newspapers suggest that he thought they were suppressed for commercial reasons. In other words, as the items would have brought upon the newspapers the animosity of advertisers, the news was kept out of print. There is a principle behind what the Atlantic's contributor complains of, and it is the eternal question in every newspaper office, viz. What is news? Many people think that a newspaper ought to print everything, unless, indeed, it happens to be something uncomplimentary to themselves, and that in point of fact it does print everything that comes to its knowledge. It is obvious that no paper can print everything that happens in a community in which it is published and it may as well be admitted at once that a great many things come to the notice of the newspapers and are not printed. It would be a mistake to suppose that such suppression is for commercial reasons. Of course we can only speak positively for the practice of this paper. A good deal of news is suppressed, because in the opinion of those responsible for the contents of the paper, no good purpose would be served by its publication. Commercial reasons play no part in influencing the decision. Very frequently news items are kept out of print for no other reason than that the actor or actors in them may not receive damaging publicity, when possibly they have not intended any harm. We do not look upon everything as news. We try to print only those things which are legitimate matters of general public interest. We think this is true of most newspapers although doubtless there are cases in which the exigencies of the business office have kept back things which the public ought to know."

The discretion which is exercised in the publication of items of news undoubtedly constitutes an essential factor in the usefulness of any newspaper. The difficulties accompanying this feature of newspaper operations are perhaps more strongly felt in those papers which are of a local character and whose columns are dependent upon "neighborhood news." Upon the one hand there is a persistent tendency to depend upon an host of small items which some readers would promptly term babble, while on the other hand there is a danger of facing a dearth of news items which would cause the opposite extremist to declare "there's nothing in the sheet." Again, on the one hand there is always with us the individual who has some hobby to ride, some axe to grind, some scheme to promote, and who is accordingly persistent in his endeavors to procure the publication of items which would serve his purpose, while on the other hand there appears on the scene at frequent intervals the one who for personal or other reasons is anxious that certain news be witheld from publication. Granted that an editor is never so conscientious, the question "What is news?" will inevitably give rise, at times, to perplexities, in dealing with which the newspaper is practically sure to incur censure from one source or the other. To deny that editors are not conscious that commercial interests are involved to a greater or lesser degree in many of the decision which are reached in such matters would be to imply that they are deficient in ordinary intelligence, but at the same time the position taken in the editorial quoted above is undoubtedly correct that while in an occasional instance some newspaper may yield to mercenary influences in such a situation, nevertheless the average editor will be found staunch to his principles and conscientious in the discharge of that which he conceives to be his duty in the public interests, irrespective of monetary profit or loss to his paper. In point of fact that is the only sound basis upon which any newspaper can hope to merit or to retain public confidence and support.

VOICES

When the Sun lights up the Sky
From its diadem on high,
And darkness rolls its canopy
away.
When the whisper of the breeze
Makes a rustling in the trees
'Tis the whisper of the Day.

When the petals green unfurl
And the Daffodils uncurl,
And take their kiss of passion
from the sun.
When the whispering in the
grass
As spirits softly pass
'Tis the whisper of the Noon.

When the sun sinks down to
rest
In the golden, glowing West
The twilight fades, and stars
begin to peep,
When the whisper of the corn
Sounds forsaken and forlorn
'Tis the whisper of the Night
—Tom Tit.

Mr. A. D. Anderson left on Tuesday on a three months' trip to his old home in Prince Edward Island.

Hector W. McLean of 6th street, west of Ottawa Gardens, left on Thursday for his former home in Manitoba.

WILL BUY YOU A HOME FOR

$1000, $2000, $3000, $4000 or $5000

Return Payments $7.50 Monthly on Each $1000. Seven Per Cent. Simple Interest Per Annum, Payable Monthly.

Before Borrowing Money to Purchase a Home, You Should Ask Yourself the Following Questions, and Answer Them to Your Satisfaction. If You Do Not Do This You Are Not Doing Your Duty to Yourself---

1—Can I secure a written agreement, that will definitely settle the question of ultimate cost of the loan, and the length of time required to repay the loan with interest?
2—Can I secure terms that will allow me, with the income at my disposal, to repay the loan without renewing same, and taking chances of losing my home on account of my inability to renew the loan?
3—Where can I secure the loan at the lowest possible cost?
4—Is the proposition a safe one, and will the plan admit of the company keeping its promises?
5—Can I afford to pay rent, when I can buy a home on monthly payments less than rent?
6—Will any plan under which I can borrow money allow me to repay the loan at any time, thus stopping further interest?
7—Will my monthly payments reduce the principal a certain amount each year, thereby reducing the interest?
8—Is this plan a lottery proposition, or is it one equitable to every person?

Every One of These Questions Is Satisfactorily Answered in the Investment Home Purchasing Contracts Issued by This Company.

Accumulating, Investment Home Purchasing Contracts are issued, costing $6.00 purchase price, and thereafter $6.00 per month dues. Each contract provides for several settlements or options should the holder desire to discontinue his payments. As an investment the contract runs for eighty months, at which time it guarantees the return of $576.00 for the $480.00 which have been paid in as dues. Each contract is entitled, in its order, to a loan of any sum up to $1,000.00 out of the accumulations to the loan or reserve fund, as fast as these accumulations are sufficient for making the desired loan. Loans may be repaid at any time, thus stopping further interest. More than one contract may be carried at a time.

Ten and one-half years in which to pay for your home; average monthly payments of ten dollars and fifty one cents ($10.51), including both your principal and interest.
Make your contract with us at once; the sooner you do it the quicker you will own a home.
Call at our office, or, upon request, we will have one of our representatives call on you.

DISPOSITION OF LATE HAMMERSLEY PROPERTY

The Hammersley property lying between 1st and 3rd streets and St. Andrew's and St. Patrick's avenues, which was purchased by Messrs. Burns and Walkem of Vancouver recently, was again disposed of last week in the Board of Trade rooms in Vancouver. This latter disposition apparently took the form of a drawing competition and the property is now divided up amongst 29 owners, principally Vancouver and North Vancouver purchasers. Mrs. Foster of Vancouver secured the large residence and two additional lots for the price of one.

Following is a list of the new owners and the location of their property. The Burns & Walkem deal came into prominence of late through the offer of the purchasers to sell the unopened portion of 2nd street through the property to the City of North Vancouver for $4,000 and later $1,000.

Stephen Tingley, E½ 9; H. M. Ellis, E½ 21; E. D. Taylor, E½ 24 and E½ 13; J. Daugh, W ½ 10; John Burns, W ½ 13; M. Foster, house W ½ 22, two additional for the price of one; F. W. Tiffen, W ½ 19; A. Philip, E ½ 11; J. C. Keith, W ½ 9; J. Y. McNaught, W ½ 21; G. H. L. Hobson, W ½ 26; W. C. Ditmars, W ½ 7; J. W. Vaughan, W ½ 8; Seaboard Timber & Trading Co., E ½ 14; Johnson & Richardson, E ½ 25; H. L. Simons, E ½ 26; Horace Williamson, W ½ 12; Sharples & Sharples, E ½ 19; Dr. Baker, W ½ 24; J. K. Macrae, W ½ 11; Griffith & Townsend, E ½ 10; Bevan & Gore, W ½ 20; Watson & Bowen, W ½ 14; H. V. Baker, E ½ 7; H. C. Smith, E ½ 20; Bertha Dickensen, W ½ 23; John McIntosh, E ½ 8; E. W. Chamberlain, E ½ 12.

LADY ENTERTAINER

A very rare treat and one of the most enjoyable events of its kind this season was held in the McMillan hall last Thursday evening when Mrs. Ruie D. Meeke, the renowned entertainer of Vancouver, entertained the Eastern Star lodge and Masonic members to a delightful evening's literary program and displayed her wonderful talent as a ventriloquist to an enthusiastic audience. Mr. Alexander Reilly, the well known pianist of Vancouver, contributed a number of piano solos. An informal dance concluded a very enjoyable evening.

A Literary Column

Somewhat About Books & Writers

Bird life during the winter has been but marking time and plant life dormant or passive, but with the advent of spring they wake into newness of life. Nature's yearly renaissance. While at all times the various phases of wild natural life have had their exponents, the past few years have been notable for the more intense observation of wild life, resulting in a new literature which has taken the place of those general sentimental eulogies of nature which were once the fashion.

Richard Jefferies was the founder of the new school, and his book "Wild Life in a Southern Country" while finely written, is above all characteristic of intense observation, showing a full and sympathetic appreciation of the humor and tragedy of animal life anh free from nature faking. Just note the comparison he makes between the starling and the lark at dinner. Page 18.

"Starlings literally race over "the earth where they are feeding, jealous of each other lest "one should be first, and so "they leave a tract all around "not so much as looked at. "Then, having run a little way, "they rise and fly to another "part of the field. Each starling seems full of envy and "emulation, eager to outstrip "his fellow in the race for tit "bits, and so they all miss "much of what they might otherwise find. Then life is so "gregarious that it resembles "that of men in cities watching "one another with feverish anxiety, pushing and bustling. "Larks are much calmer and "always appear placid even in "their restlessness and do not "jostle their neighbors."

We in North Vancouver are fortunate in having such a storehouse of nature at our back door and its different phases are worth study of a different kind to the Winchester 32 which appears to be more general. The mountain range north of our city is as worth of becoming a natural park as was Banff, and it being so easy of access from a large centre of population, makes it even more deniable that a section of some few hundred square miles be dedicated for this purpose.

WILL HONEYCOMB.

CORRESPONDENCE

North Vancouver, B. C.,
May 14th, 1910.

Editor Express:

Dear Sir,—Would you be kind enough to announce in your paper that owing to my grand mother, Mrs. Annie Heard, being seriously ill, I withdraw from being May Queen. I remain, Yours truly,

ANNIE I. HEARD.

FIRST RIGHTS GRANTED

The first patent for appliances in connection with an airship granted to a New Westminster man has been awarded to Edward Hoult of the city hall staff. Mr. Hoult has been granted patent rights in the United States and applications for patents have also been made to the Canadian and British governments and will probably be received shortly. The patent is for a propelling and steering device.

A company composed principally of Victoria capitalists has been formed for the purpose of developing the twenty-seven square miles of proven coal measures which constitute the holdings of the Canadian Northern Coal and Coke Company at and near the junction of the North Thompson and the Clearwater, 85 miles to the north of the city of Kamloops.

Registration of North Vancouver Properties

A review of the registrations of North Vancouver properties from the Vancouver Land Registry office discloses the following transfers for week ending April 23rd, 1910:

Vendor	Purchaser	D L.	Property	Price
N. V. L. & I. Co.	F. C. Stevenson	4 and 5-124.271		$2,500
J. Yates	W. McNeish	3 and 4-6 and 7-28-547		1,000
W. N. Lanfisty et al	Rev. W. Baugh Allan	13 and 14-4-273		3,250
W. C. Smith	J. Zenk	22-1-273		1,100
B. W. O. Gillies	J. J. McBain	22 to 23-28-6 and 7-547		2,200

NOTE—The Vancouver Land Registry office has not issued any registrations since the 18th of April, but it is expected that will be continued shortly.

KAMLOOPS

The city council for the City of Kamloops were presented with a petition from the ratepayers recently asking that a bylaw be introduced for the purpose of borrowing $40,000 for waterworks extensions. Assent was given.

DIAMONDS

As an investment, diamonds are a sure profit earner.

Inside the last ten years diamond values have doubled. There is never any fluctuation in the market, but an advance is always certain.

Since June of last year, when values rose five per cent., THERE HAS BEEN NO ADVANCE IN PRICES. It is, however, probable that another rise will take place this summer.

There arrived in our store this week THE LARGEST SHIPMENT OF DIAMONDS THAT HAS YET ENTERED THE PROVINCE OF BRITISH COLUMBIA, AND WE CAN SAY, WITHOUT FEAR OF DENIAL, WE HAVE THE LARGEST STOCK OF POSITIVELY FIRST QUALITY DIAMONDS IN CANADA WEST OF TORONTO.

WE CANNOT BE OUTCLASSED OR UNDERSOLD AND WE HAVE IN OUR EMPLOY THE BEST DESIGNERS OF JEWELRY AND THE MOST EXPERT DIAMOND SETTERS IN THE PROVINCE.

Satisfaction guaranteed.

OFFICIAL OPENING LYNN VALLEY CAR LINE

The Lynn Valley extension of the B. C. Electric Ry. Co's. railway system on the North Shore was officially opened on Friday afternoon, May 13th, and was the occasion of much enthusiasm and celebration on the part of the Company and the thirty or forty prominent invited guests who shared a ride on the first passenger car to traverse the line to the new terminus. The line was an advocacy on the part of the District for a number of years and last fall definite action was announced by the Company and in November, 1909, the contract was let to the Patterson Lumber Co. and before the close of that month the first sod was turned.

Unfavorable weather occasioned numerous delays and on that account completion was delayed for a considerable period longer than was anticipated. Friday, May 13th, however, saw the realization of one of the most noticeable advancements yet experienced in the Valley and with the advent of a half-hourly car service into that very desirable locality progress will surely be rapid.

Last Friday afternoon promptly at 3.40 o'clock Conductor Jones pulled the bell rope signalling Motorman Griffin to turn on the juice when the double truck special laden with its many officials and prominent citizens started on its first journey into the district municipality.

The ride was commonplace until 19th street was crossed and the new line entered upon. From that point to 20th street and along 20th to the connection with the pipe line road tall firs wrapped the car and track in a primeval cloak, and the eye rested on a wild waste of some of B. C's. heavy stuff.

A short distance past the corner of 20th street and the Lynn Valley road the car slowed down when a "hurray" from an assembly of school children from the Lynn Valley school announced that a ceremony was about to be dispensed. The car emptied and in the centre of the track stood little Miss Sadie Allan, daughter of Councillor Allan, bearing a large bronzed key made of Lynn Valley wood and about 2½ feet in length, bearing the inscription, "Presented to Mr. A. G. Perry by the scholars of the Lynn Valley school on the occasion of the opening of the first car line in the present district municipality, North Vancouver, 13th May, 1910.—The Key to Success." Little Miss Allan, with the remarks that it represented the key and freedom of the municipality and it was hoped that a great many more lines would be opened up through different parts of the district, presented it to Mr. A. G. Perry the local manager. Mr. Perry acknowledged the token of welcome and good will and said that this was only the beginning and that it was the forerunner of many more lines that would be constructed in different parts of the district as soon as traffic warranted the company doing so. The Reeve said he was glad to announce the welcome information that the line was now open and that the people of the Valley would not be forced to take to the muddy roads any more. He added that it would be his greatest pleasure when he could see a through connection to Vancouver via the Second Narrows bridge.

Another special was then brought into commission and the whole party glided along on the new but firmly embedded track to the temporary terminus at Hoskin's road. Here the party took leave of the cars for a short time and enjoyed some refreshments after which an inspection was made.

The actual terminus will be 1200 feet north of the junction of Hoskins and the pipe line road and in this intervening space heavy works of excavating is now being carried on.

The grade at this point is the heaviest of any throughout the entire new route, it being about 7½ per cent., while the average grade on the remaining portion averages about 3 to 4 per cent. Near the Hoskins road and just past the flume, quite deep cuts are being made and in both instances the travelled roadway will have to be brought down in conformity with the railway tracks.

Throughout, the work is remarkable for its stability in view of the numerous boggy places over which the line passes. At 5 o'clock the return gong was sounded and the party filed into the cars and enjoyed a most pleasant ride back to North Vancouver. On the occasion Mr. A. G. Perry, the local manager, represented the Company, and Mr. Woodruff, supt. of mainland branches and Mr. Ogilvie, supt. of overhead and truck works, the Vancouver office. Saturday morning between 5 and 6 o'clock the first regular service was commenced, the crews being Conductor Fawcett and Motorman Kelly, and Conductor Jones and Motorman Griffin. Among those present Friday were Mayor May, Reeve McNaught, Aldermen Irwin, McRae, Smith and McNeish, Councillors Bridgman, Allan and Lawson, City Clerk T. Shepherd, A. Philip, C.M.C., City Engineer Hanes City Treasurer Humphrey, Sec. of District School Board E. D Campbell, Chief Arthur Davies, Ferry Manager T. Heard, Ferry Commissioners Jas. McNair and Larson, Ex-Councillor Westover, J. M. Fromme, District Engineer A. Cameron, J. P. Fell, J. C. Keith, J. R. J. Murray, W. C. Green and W. H. Davison.

TELEGRAM

The following telegram explains itself and the early response of the district council to the occasion of the nation's loss in the death of King Edward VII shows the loyal and sympathetic spirit of the North Shore citizens:

Ottawa, May 12th, 1910.

Jno. Y. McNaught,

Reeve, North Vancouver:

Your telegram 11th May. Am commanded by the Governor-General to thank you for your message of sympathy which His Excellency has forwarded to the Secretary of State for the Colonies for submission to the King and Queen Alexandra.

PROVINCIAL NEWS

FERNIE

Fernie is the latest town in B. C. to fall in line with the permit idea. Henceforth builders will be requested to get a permit before commencing operations.

KAMLOOPS

A new telephone line will be constructed from Kamloops via Grand Prairie, Glen Emma, Hullcar to Armstrong. The Dominion government granting $10,000 towards the work.

EAST KOOTENAY

"From 1500 to 2000 men will probably be brought in by the Mountain lumbermen from the timber districts of Ontario, Quebec and New Brunswick. Their families will come later and all may be expected to become permanent residents and to contribute to the upbuilding of the Kootenay," said W. A. Austie on his return from an important conference with the East Kootenay mill men at Fernie.

NEW WESTMINSTER

New Westminster is contemplating increasing the electric car service in that city. The suggestion is that a line be constructed from Columbia up six or eight streets as far as Third or Fourth Avenues and that another line be built across the city from 12th street to connect with this line and to join the city line now running up from Queen's Park. The B. C. Electric Ry. Co. will go into the matter with Mayor Lee shortly.

The city council has plans laid out for the construction of cement sidewalks on fifteen of the principal streets under the local improvement plan.

George Kennedy, for the past ten years post master at New Westminster, has resigned. He will probably take up his former occupation at newspaper work after taking a much needed rest.

The city council has agreed to accept the proposal of M. B. Cotsworth, the Toronto auditor, to do the remainder of the city's auditing gratis, provided he is given the necessary increased powers. Up to the present his salary has been at the rate of $40 a day.

ASHCROFT

A consignment of automobiles for service on the Cariboo road arrived here recently. Already there are some operating on the stage road between the latter place and the towns through to the north.

VICTORIA

Victoria City Council recently giving the city power to control horse racing. According to a statement made by Mayor Morley the Victoria Country Club were defying the council in regard to legislation and the matter may end up in the courts if the council is backed sufficiently by the citizens in the disapproval of another meet proposed for the latter part of this month.

TO ARCHITECTS

The Board of Trustees for North Vancouver School District invite architects to send in competitive plans for a school on Lonsdale Ave. Plans to be in hands of Secretary not later than May 27th. Further particulars to be had from the Secretary.

CITY COUNCIL

(Continued from Page 1)

Vancouver was holding one on its own account.

Mr. G. C. Walker, representing the new purchasers of lots 4, 5, 6, 7, block 206, D. L. 545, submitted a plan for a street through between their property and the school grounds. He stated that at a recent meeting with the school trustees the latter were willing to give 22 feet and his company had undertaken 38 feet. In order that it could be made into a statutory street the width must be 66 feet and in the present instance the street would only be 60 feet. Some of the members were inclined to think that as Mr. Walker's company had made very liberal concessions the school board might be a little elastic. It was referred to Aldermen Irwin and Smith to confer with the trustees relative to obtaining another 6 feet of the school grounds so that the street might be made a legal width, 66 feet. The plan was passed conditionally.

The following plans were passed, lots 1 to 5, block 49, D. L. 548, portion of D.L. 544 and block 122, D.L. 1271.

A portion of D. L. 552 was passed on condition that the owner dedicate 20 foot lanes in the subdivision.

The financial accounts passed were Board of Works, $829.87, and Waterworks, $529.88.

The Board of Works made the following recommendations:

That the sidewalk on 6th St be continued from lot 9 to Chesterfield Ave., block 120, D. L. 224; that a sidewalk be built from Queensbury Ave. to the steam laundry, and from Queensbury connecting with the new church on 12th; that further particulars as to contemplated improvements be requested before opening up a road and constructing a sidewalk between Lonsdale and Chesterfield Ave. on 24th street; that request for work from P. A. Allan at corner of 1st and St. George be attended to; that stones on boulevard around school site on 4th and Chesterfield Ave. be removed; that a sidewalk be built on the south side of 4th street between Lonsdale and Chesterfield Ave; that St. George's Ave, be opened up from the Esplanade to the water front and that communications from F. C. Tireman re platform on north side of bridge on 1st street be left to the engineer to deal with with power to act. The report was adopted.

The finance committee recommended that the city treasurer write to the city auditor requesting that monthly report be presented from time to time.

On recommendation from the waterworks committee the tender of the Canadian Wood Pipe Co. for supplying the city with 17,000 feet of main was accepted, the price being $16,397.50. Other tenders received were from the Dominion Wood Pipe Co. and the Municipal Wood Pipe Co.

The health committee recommended that the application of Spellesbury for a street drain on 8th street between Chesterfield and the intersection of 13th street be adhered to.
