VOLUME 8 NORTH VANCOUVER, B. C., FRIDAY, MAY 28, 1909. NUMBER 14

CITY COUNCIL

A special meeting of the city council was held Saturday evening, to consider the articles of incorporation for the new ferry company. The ratepayers ferry committee met in conjunction with the council. City Solicitor Senkler was also present The articles of association, the memorandum of association, the agreement between the new company and the council, and the bylaw for the electors were all considered, clause by clause. Several amendments were made in the articles of association, and the several documents were adopted.

The committee recommended that automobiles be carried on the ferry at a return rate of twenty-five cents and that local residents owning automobiles be granted a monthly rate of two dollars.

Council adjourned to meet on Tuesday evening, when these matters will be finally dealt with.

At the adjourned meeting of the city council, held Monday evening, Mayor May presided and Aldermen McRae, McNeish, Schultz, Young, Dick and Braim were present.

Campbell & Miller wrote, asking that St. George's ave. from 19th street south to the lane be cleared of brush as a precaution against fire; referred to board of works.

Alderman McNeish, as chairman of the board of works, explained that there is a large number of applications for roadwork on file, and that they will be attended to as rapidly as possible, in order of reception.

C. M. Kittson wrote, with respect to a sidewalk on 15th street, from St. Andrew's to Ridgway, for which application was made eight months ago, under the local improvement bylaw. Clerk to reply that the matter of the frontage work is now receiving the attention of the council.

Mayor May explained that the work under the local improvement bylaw was being delayed, because of an uncertainty which had arisen with respect thereto. The city solicitor is of opinion that if the city's portion of such work is to constitute a charge upon the general credit of the city, then it will be necessary to submit a bylaw to the ratepayers in each instance, but if the city's portion is to constitute a charge only against the property directly benefited, then no such bylaw is necessary. The mayor referred to the extreme difficulty of raising money under the latter arrangement.

District Clerk Alex. Philip wrote, in reply to the letter of the city council with reference to exchange of water service. Clerk to write district council, enclosing copy of letter, and to ask if the same is the letter the district council wished to be forwarded to the city council.

The city revenue bylaw for 1909 was read a last time and finally passed. The mayor and aldermen's indemnity bylaw for 1909 was likewise finally adopted. It provides for a salary for the mayor of $1000 and for each alderman of $250.

The bylaw to authorize the transfer of the ferry to the new joint stock company was reconsidered and finally adopted.

Ald. Young called the attention of the council to the need of some action with reference to the lanes throughout the city, and advocating that negotiations be inaugurated to have them all thrown open.

The finance committee was instructed to go over the cemetery plat and draw up a price list for plots, on a moderate basis.

It was decided that fortnightly reports shall be requested from the medical health officer during the summer, and that the plumbing inspector be instructed to call at the houses throughout the city and personally explain the inexpensive means by which practically the entire inconvenience relative to disposal of sewage can be overcome.

EMPIRE DAY

The reports of the transportation companies go to show that Monday was, in some respects, a record breaking day locally. The ferry transported a total of approximately 14,000 people, a record which is excelled only by that of July 1st, 1907, when the incorporation of the new city was celebrated. The management is deserving of special credit for the excellent and expeditious manner in which the immense crowds were handled.

The B. C. Electric lines carried a total in round numbers of 7000 people, which is 1500 in advance of the number carried on the occasion referred to above. On both the Lynn valley and the Capilano lines the travel was the heaviest on record. Manager Perry instituted, for the first time, a fifteen minute service on the Keith road line. The arrangement worked perfectly, greatly facilitating the handling of the large crowds, and calling forth many favorable comments from the travelling public. Manager Perry hopes to be able to effect considerable improvement in the rolling stock at present in use.

The returns from the tramway, go to show that both the east and the west ends of the district were largely patronized by picnic parties, mountain climbers and pleasure seekers. The stage lines from the Keith road tram up the Capilano, were working at their full capacity throughout the day, but were unable to handle all the business that offered, although they proved of the greatest assistance and were greatly appreciated by the public. P. Larson reports a very large patronage at the Canyon View hotel, and it is already clearly demonstrated that the house fills a long felt want and will be of the greatest convenience to hosts of visitors.

North Vancouver residents celebrated the day in a variety of ways. Several picnic parties were scattered throughout different parts of the district. The picnic of the St. Andrew's and Caledonian society at Brighton Beach was well patronized and was greatly enjoyed. The several events in Vancouver and the great lacrosse match at New Westminster were freely patronized from this side of the Inlet.

The day was unfortunately marred for many, because of two advertised events which failed to eventuate. The steamer Rupert City was announced to call at Cates' wharf on her way up Howe Sound, Captain Cates having generously accorded the owners the privilege with no charge, but such a large crowd boarded the vessel at Vancouver that the local call was abandoned without notice, much to the chagrin of over 100 people who were waiting on the wharf. The baseball match advertised for the afternoon, at Recreation park, likewise failed to materialize. The reason ascribed is that the manager of the Tacoma team had not been duly notified that his team was to play two matches that day, and he refused to put his men in the field. Had the match been played, there was every prospect of a tremendous crowd and under the circumstances many hundreds of people were called upon to sustain their disappointment as best they could.

Manager Heard of the ferry, and Manager Perry of the B, C. El. Ry. Co. affirm that their lives were made happy during a very strenuous day, because the crowds were unusually good natured, patient and appreciative, every situation and enjoying cheerfully making the best of withal a happy day.

METHODIST CHURCH

The annual meetings of the several organizations of the Methodist church have all been held, and the several societies are now in good order for the ensuing ecclesiastical year. The following are the appointees to the different boards: Stewards, Messrs. Cummer, Sugden, Ogle, Cumming, Thompson, (senior) Cantelon and Sykes; recording steward, J. Ogle; envelope steward, William Cumming; trustee board, M. B. Martinson, W. H. Parkin, J. Device, A. W. Sullivan, F. B. Cummer, D. Cantelon, and J. Ogle. Sabbath school officers, superintendent, M. B. Martinson, Sr., secretary T. Martinson; treasurer F. B. Cummer. Society class leader, J. Device. Ladies' aid society, president, Mrs. S. A. Clement; vice president, Mrs. G. H. Morden; secretary, Mrs. Fred Tuck; treasurer, Mrs. W. H. Braim.

The Quarterly official board of the church, when fully constituted by the further election of seven society representatives, will number twenty-three in all.

During the past year, the Sabbath school has practically doubled in attendance, and the membership of the church shows a net increase of twenty-three. The church site, building and furnishings cost $2700, of which $1850 has been paid.

Rev. B. Hedley Balderston has been returned in charge of the church for the ensuing year, the record of which will doubtless show marked advancement along all lines.

LOCAL PYTHIAN NOTES

At the meeting on May 25, no less than five applications for membership were received.

A large contingent of the members will go to Seattle, to take part in the big Pythian demonstration there during the week of July 5.

Tomorrow evening a temple of the Dramatic Order of the Knights of Khorassan will be instituted in Vancouver. Many of the Pythians from here will join as charter members.

Following are the newly elected officers of the local Pythian lodge for the ensuing term:—

C.C.—A. E. Kealy
V.C.—J. R. Badger
Prel.—H. Hutchison
M.W.—T. L. Kennedy
M.F.—A. N. Giffen
M.E.—A. Davies
K.R.S.—H. E. Reid
M.A.—A. Wheeler
I.G.—A. Law
O.G.—A. Fee

McALEECE—WATSON

J. J. McAleece, of this city, and Miss Florence Elizabeth Watson, daughter of J. F. and Mrs. Watson, of Vancouver, were united in the bonds of holy matrimony, at 407 3rd avenue, New Westminster, where the bride's parents are temporarily residing, on Monday, May 24. Rev. A. E. Hetherington, of Columbian college, performed the ceremony. The groom was supported by Norman Mullette, and the bride by Miss Crissy Cantelon, both of Vancouver. The happy couple have taken up their residence in the cosy new home, recently erected on 14th street.

DISTRICT ROADS

Road making in the different parts of the district, is being pushed as fast as available men and means will permit. The work on Essex street west is completed and that on Essex street east is well under way. Work is progressing rapidly on opening Centre road through D. L. 615, east to lot 17, a distance of 900 feet. Operations will be begun next week on opening the Robson road and branches in D. L. 764. The water will likewise be laid in this vicinity, from the Capilano pipeline, the city of Vancouver having granted the necessary permission.

Engineer Cameron has under consideration the improving of trunk roads throughout the district, for automobile traffic, and is strongly of opinion that an effort should be made, to make the roads inviting to this class of travel. The road making plant will arrive in the near future, when Mr. Cameron will recommend that these roads be macadamized and put in first class shape.

HARBOR COMMISSIONERS

President D. G. Dick, of the North Vancouver board of trade is in reception, from the department of marine and fisheries, of a copy of the bill, constituting a board of harbor commissioners for the port of Montreal, and is also instructed that the government will be pleased to have North Vancouver submit a draft measure, for the guidance of the department. In accordance with these developments, a general meeting of the board of trade is being called, for Tuesday evening next, in the city hall.

Meantime the Montreal act will be considered by members of the executive, in order that definite information on the more important phases of the matter may be available.

Those who have given the question careful consideration, are of the opinion that the two most important considerations, from the standpoint of North Vancouver, first, the securing of a clause governing the constitution of the board, such that an impartial tribunal will be secured, thus ensuring, as far as possible due consideration and fair treatment to the interests of the North Shore, in whatever plan of harbor development may be finally adopted; and second the possible insertion of a clause reciting the peculiar advantages offered by the north shore with a proviso attached, stipulating that a stated minimum proportion of the expenditure for improvements shall be applied to the north shore. The matter is one of paramount importance and should ensure the presence of a very large number of influential property holders and other citizens at the board of trade session, on Tuesday evening.

WILL INVEST HERE

J. Archibald MacKenzie, of the firm of A. MacKenzie & Co. Calgary, accompanied by Mr. Springer, of Calgary, and Mr. Neale, of Omaha, Nebraska, was a visitor in the city this afternoon. Mr. MacKenzie came out with a view to purchasing some Prince Rupert realty for his firm and for clients, but found his ardor considerably dampened from a nearer examination, and from the high prices prevailing. He was most favorably impressed with North Vancouver's natural advantages and her future prospects, and through his advice considerable outside capital will probably be invested in this city.

TO ADVERTISERS

The attention of advertisers is called to a standing notice at the head of the editorial columns of The Express, that changes of advertisements must be in the hands of the printer not later than Wednesday of each week to ensure publication. Positively no variation from this rule will be made.

(h) To engage in, establish, and carry on the business of traders and storekeepers and buyers and sellers, both wholesale and retail of goods, wares, merchandise, commodities, and articles of all kinds:

(i) To sell, purchase, lease, hire, let, construct, manufacture, employ or use wharves, machinery, engines, boilers, plant, tools, implements, mechanical apparatus, and appliances, and all such other works, conveniences, articles and effects, as may be necessary for, or applicable to any business or operation of the Company, or which may seem, directly or indirectly, calculated to render profitable any of the Company's property and rights for the time being:

(j) To generate, accumulate, distribute, and supply steam, electricity and gas for heat, light and power, in connection with the Company's works and operations:

(k) To insure with any other Company or person, against losses, damages, risks, and liabilities of all kinds which may effect this Company:

(l) To carry on any other business which may seem to this Company capable of being conveniently carried on in connection with any of the above or calculated directly or indirectly, to render profitable or to enhance the value of this Company's property or rights:

(m) To acquire and undertake the whole or any part of the business, property, and liability of any person, persons, or Company, carrying on any business which this Company is authorised to carry on, or possessed of property suitable for the purposes of this Company:

(n) To acquire by purchase or otherwise, any patents, patent rights, licenses, secret processes, properties or businesses, in any way connected with the objects of the Company, and to apply for and obtain rights either in the Dominion of Canada, Province of British Columbia, or elsewhere, and to sell or grant licenses in respect of any such patents, patent rights, and secret processes, and to manufacture and sell, or otherwise dispose of, any of the articles that can be manufactured under any of the patents, patent rights, licenses, and secret processes, which may from time to time belong to the Company:

(o) To enter into any arrangements for sharing profits, union of interests, cooperation, joint adventures, reciprocal concessions or otherwise which any person or company carrying on or engaged in, or about to carry on or engage in, any business or transaction which this Company is authorised to carry on or engage in, or any business or transaction capable of being conducted so as to directly or indirectly benefit this Company; and to guarantee the Bonds or contracts or otherwise assist any such persons or company, and to take or otherwise acquire shares and securities of any such Company, and to sell, hold, or otherwise deal with the same:

(p) To sell, or dispose of the undertakings, lands, property, estate, chattels and effects of this Company, or any part thereof, for such consideration as this Company may think fit, and in particular for shares, debentures, or securities of any other Company having objects together or in part similar to those of this Company:

(q) To promote any other company or companies for the purpose of acquiring all or any of the property or liabilities of this Company, or for any other purpose which may seem directly or indirectly calculated to benefit this Company:

(r) Generally to purchase or in exchange or otherwise acquire real and personal property of every kind and nature, and any rights and privileges which the Company may think necessary or convenient for the purpose of its business, and in particular any land, buildings, easements, privileges, machinery, plant, and stock-in-trade.

(s) To construct, maintain, and alter any buildings, or works necessary or convenient for the purposes of this Company:

(t) To invest and deal with the moneys of the Company not immediately required upon such security and in such manner as may from time to time be determined:

(u) To borrow or raise or secure payment of money in such manner and form as this Company may think fit, and in particular by the issue of bonds, debentures or debenture stock charged upon any or all of the Company's property, present or future, or both, including uncalled capital:

(v) To draw, make, accept, indorse, discount, execute, and issue promissory notes, bills of exchange, bills of lading, warrants, debentures, and other negotiable or transferable instruments:

(w) To enter into any agreement or agreements with the Province of British Columbia, or the Dominion of Canada, or any Municipality therein, or any authority local or otherwise, that may seem conducive to the Company's objects, or any of them, and to obtain from any such Governments or authority, any rights, privileges, and concessions which the Company may think desirable to obtain, and to carry out, exercise and comply with, or, if deemed advisable, dispose of any such agreements, rights, privileges, and concessions:

(x) To take all necessary steps to obtain Acts of Parliament or legislation with the Province of British Columbia, and the Dominion of Canada, or any other Governments, or with any authority, local, municipal, or otherwise, of any place in which the Company may have interests enabling them to give effect to these presents, or to carry any of the Company's objects into effect, or for any other purpose which may seem calculated, directly or indirectly, to benefit the Company, and to oppose any Act, Bill, or Provisional Order, or proceeding, which may seem directly or indirectly opposed to the Company's interests; or to acquire, procure or obtain any powers, privileges, rights or concessions for the Company, or for any other Company, association or person, which shall be considered likely, either directly or indirectly, to further the interests of the Company in any way:

(y) To obtain any Provincial Order or Act of Parliament, or any other authority for enabling the Company to carry any of its objects into effect, or in effecting any modification of the Company's constitution:

TRADES & LABOR COUNCIL UNION VANCOUVER, B.C.

NORTH VANCOUVER, MAY 28, 1909

PUBLIC HEALTH

The record of public health in North Vancouver, up to the present, has been such as to make strongly in her favor, as compared with other cities. The superb natural advantages offered by the townsite, from the standpoint of sanitation, have doubtless constituted a most important factor in this respect. The marked immunity from disease, either epidemic or endemic, as well as from serious forms of illness, which has been enjoyed by residents of the north shore and their families, is, of itself, an inestimable boon, and likewise constitutes perhaps the most valuable credential that can be produced in favor of North Vancouver, from a residential point of view.

Without a dissentient voice, it will be agreed that it is a matter of paramount importance that this record be preserved, and that the citizens vie with each other in putting forth every effort and exercising every precaution to protect the public health against every possible contingency.

At the present juncture, it is well that the dangers attendant upon the approach of the hot season should be carefully considered, in its relation to this matter. The discussion which took place at the city council meeting, Tuesday evening, upon this matter, proves conclusively that the aldermen are alive to the requirements of the situation, and that everything that can be done through official channels will be done, to make the approaching summer a healthful one throughout the city. It should be borne in mind, however, by the individual householder, that his hearty co-operation is essential to the accomplishment of the best results in this regard. A very slight effort made by each householder will often prove more effective than very expensive measures by the city at large, through the council.

Scrupulous cleanliness should be observed about every premises and its vicinity. The practise of throwing refuse on lanes, or on vacant lots, or similar places, should be avoided, and all such matter should be burned or buried. The overflow from septic tanks, which, in some cases, is carried through a vitrified pipe to the street drain, should be otherwise disposed of. This phase of the problem can be very easily cared for by each householder, by simply digging a drain from the septic tank for a short distance, and at the end of this drain digging a hole of fair dimensions, filling this hole with cobblestones and covering with earth. By this simple means the overflow from the tanks empties into this small cesspool, percolates through the ground, and every element of offensiveness or of danger is effectively removed. A few hours labor, or a few dollars of expense, upon the part of the individual will thus dispose of the whole difficulty.

The letter over the signature of Dr. J. A. Ewart Campbell, medical health officer, which appears in another column, should be carefully read and observed. The problem of public health is one of mutual interest and of the highest importance to all residents, and a united effort should be forthcoming, such as will eliminate all menacing conditions and as far as possible, ensure a continuation of those gratifying results which have hitherto so fortunately obtained

LETTERS TO THE EDITOR

FOR PUBLIC HEALTH

Editor Express:

Sir,—Owing to the absence of any sewage system in this city, and to the impossibility of constructing a wholly adequate one in the immediate future,I would like to call the attention of all residents, whose premises are supplied with septic tanks, to the desirability of preventing them from becoming a nuisance to the general public.

A number of tanks are allowed to drain directly on to the street through a vitrified pipe, or a wooden box drain, which allows the gases generated in the tank to escape freely. This state of affairs is undoubtedly a nuisance, and may be easily avoided, if a ditch filled with stones and the whole covered in with earth, takes the place of the pipe, so that the effluent can percolate through the soil, when most of the noxious vapors will be absorbed.

Attempting to disinfect a tank with lye, chloride of lime, or in fact any chemical, is absurd, as the object of a septic tank is to provide a luxuriant growth of microbes, which will act on the crude sewage and liquify it. Consequently what the addition of chemicals accomplishes is to reduce, possibly, the growth of micro-organisms, and impair the efficiency of the tank. Soap suds in any great quantity act in a similar manner.

The septic tanks in use in this city are really cesspits, as it is not possible to carry out the treatment of sewage, viz., the second process in the bacterial exposure to the air on specially constructed beds. Therefore, it is expedient to treat them as cesspits, and the less the effluent is seen the better. Unfortunately, it is not always possible to dispose of it entirely, on account of the top soil being relatively shallow and resting on a very impervious stratum of hard pan. Much may be done, however, by a system of underground drains,and I would call the attention of prospective builders to this matter, as promiscuous odors do not add to the charms of the city. Truly yours,

J. A. EWART CAMPBELL, M.H.O.

CIVIC ADVERTISING

The joint civic advertising committee held a meeting on Thursday evening. A letter was read from Premier McBride and from Hon. F. L. Carter-Cotton, with reference to assistance for advertising at the A.-Y.-P., under the management of Dr. Rowe. Alderman McRae referred to the fact that the dominion educational association convenes in Victoria in July, and the members will be entertained for a few days by the local association in Vancouver. Ald. McRae pointed out the advantages of having as many as possible of the visitors make a trip to this side of the Inlet, and he was appointed a committee to arrange details. The subcommittee on advertising was authorized to secure a border design, for use in connection with advertising. Donald Cameron was added to this committee. A vote of thanks was tendered the subcommittee on the folder, completed copies of which were laid on the table. Special mention was made of the valuable services rendered in this connection by Alexander Philip and Donald Cameron. The matter of the distribution of the folders was referred to the folder committee. The committee will meet on Wednesday evening next and fortnightly thereafter, on the second and fourth Tuesdays of each month.

PROCLAMATION

To the Electors of the Municipality of the City of North Vancouver:

PUBLIC NOTICE IS HEREBY GIVEN to the Electors of the Municipality of the City of North Vancouver, that, in obeyance to a Resolution of the Municipal Council passed on the 25th day of May, 1909, I require the presence of the said Electors at the City Hall, North Vancouver, B. C., on Wednesday, the 9th day of June, 1909, at 12 o'clock noon for the purpose of nominating four persons to act as Directors of a Company (to be hereafter incorporated) to be known as the "North Vancouver City Ferries Limited," which will have for one of its principal objects the acquisition, management and control of the whole property and assets belonging to and used in connection with the Ferry Service now owned and operated by the City.

The mode of nomination of Candidates shall be as follows:

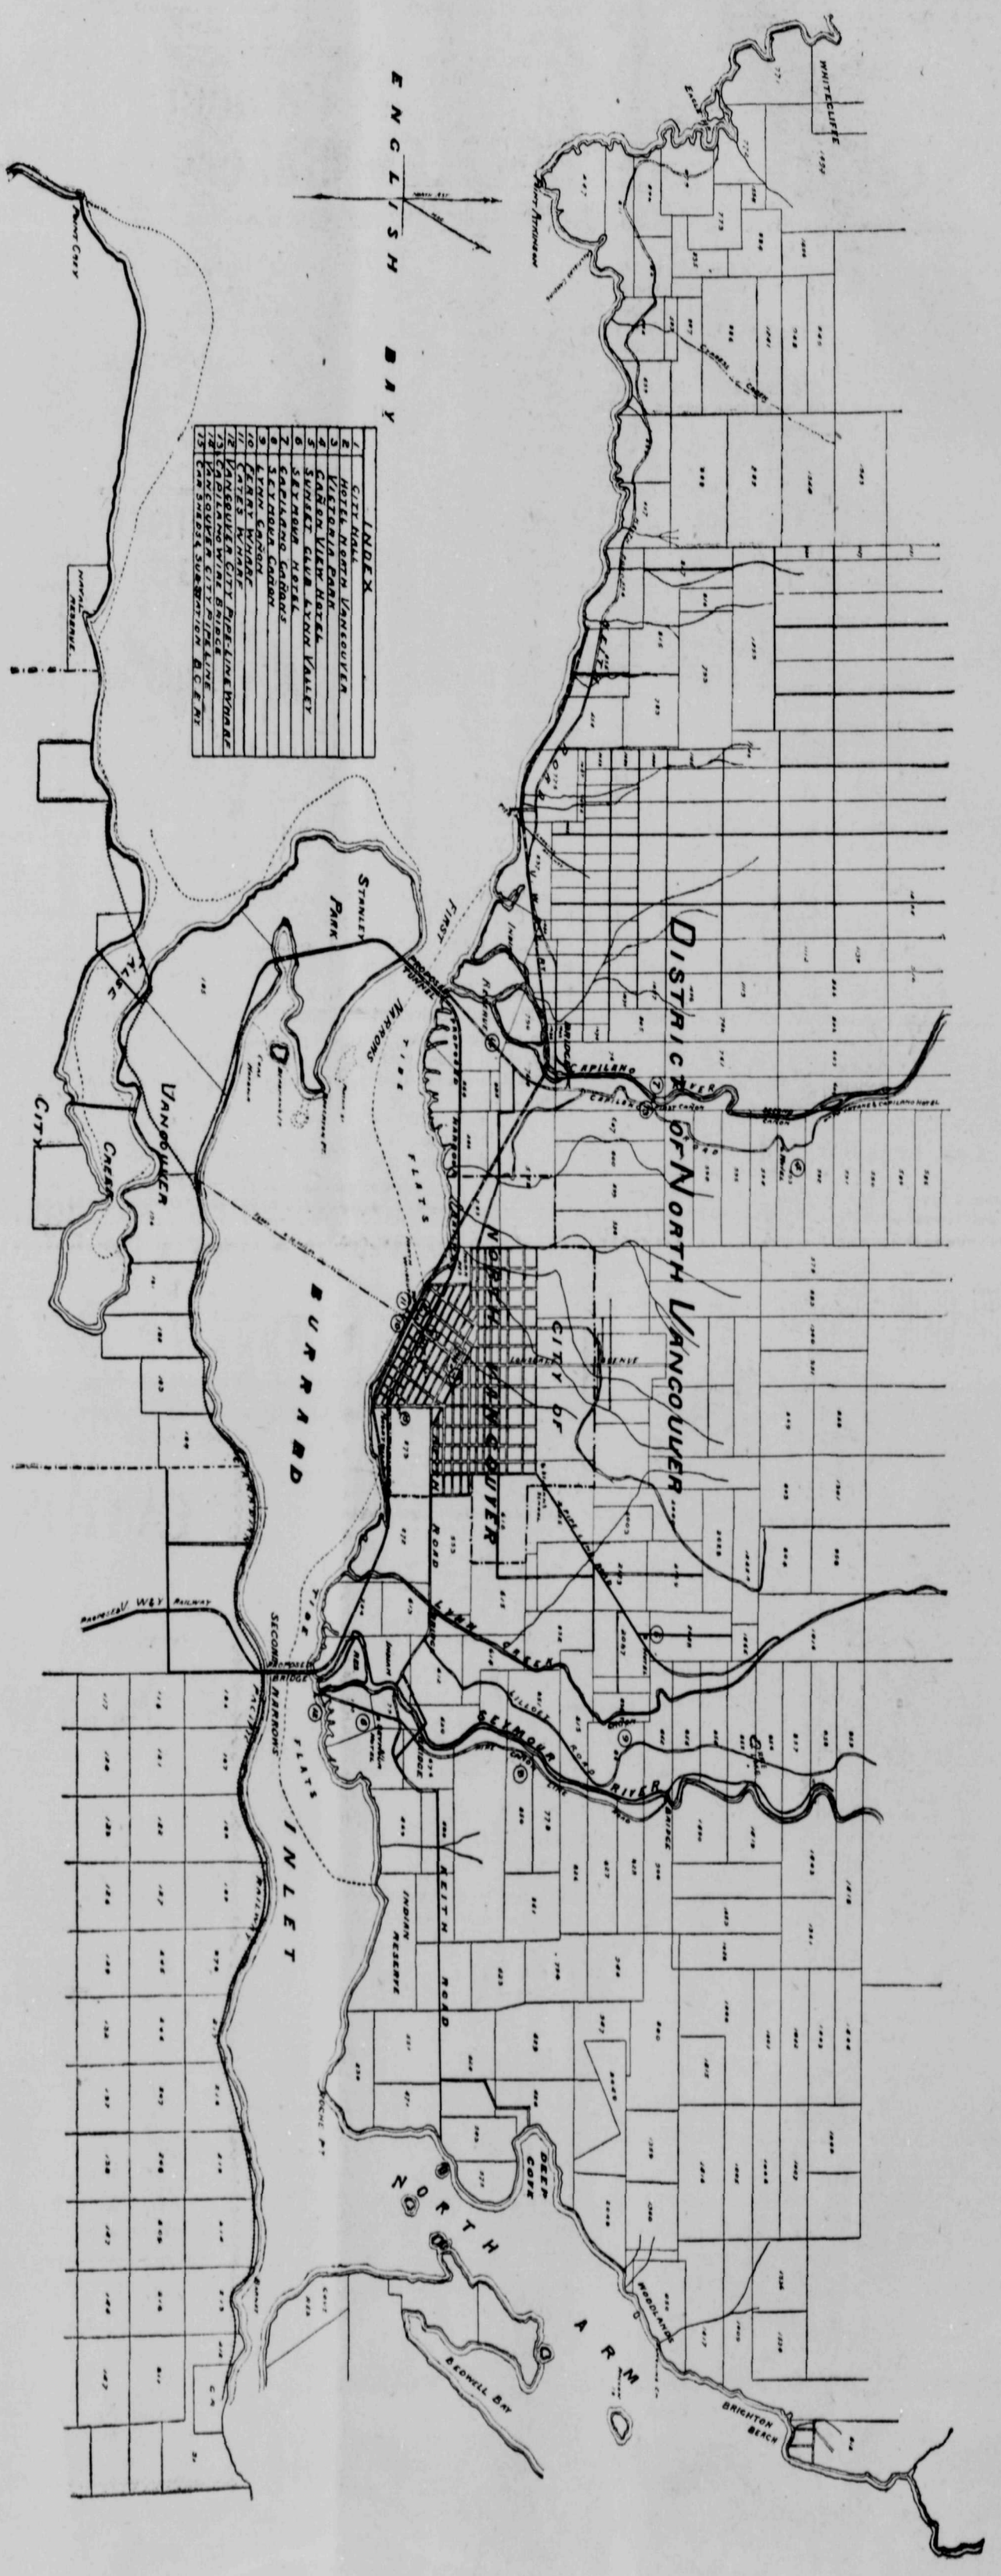
The Candidates shall be nominated in writing; the writing shall be subscribed by two voters of the Municipality, as Proposer and Seconder, and shall be delivered to the Returning Officer at any time between the date of this Notice and 2 p.m. of the day of the Nomination, and in case a Poll is demanded and allowed, such Poll will be opened on Saturday, the 12th day of June, 1909, at the City Hall, North Vancouver, B. C., between the hours of Nine o'clock in the Forenoon and Seven o'clock in the Afternoon, of which every person is hereby required to take notice and govern himself accordingly.

The Persons qualified to be nominated for Directors as aforesaid shall be such persons as are Male British Subjects of full age of Twenty-one years, and are not disqualified under any law and who have been for the six months next preceding the day of nomination, the Registered Owner, in the Land Registry Office, of land or real property in the City, of the assessed value on the last Municipal Assessment Roll, of Five Hundred ($500) Dollars or more, over and above any registered judgment or charge, and who are otherwise qualified as Municipal Voters.

The several Candidates receiving the highest number of votes shall thereby be recommended to the Shareholders of the Company for Election as Directors and in the event of their appointment as Directors aforesaid by the Shareholders of the Company, they shall each and all of them require to subscribe for One Share, and no more, in the Capital Stock of the proposed Company at par value.

Given under my hand at North Vancouver, the Twenty-sixth day of May, A. D. 1909.

THOMAS SHEPHERD
Returning Officer



IMPORTANT NOTICE TO OWNERS AND INTENDING PURCHASERS OF

North Vancouver Properties

Cleared City Lots

For Sale at First Cost

The few remaining lots in block 52, D. L. 550, on 14th, 15th street and Ridgway avenue, being one block west of Queensbury park.

Inside lots $500 to $525 each. Corners $600 each.

Size of inside lots 50 by 156 feet each. Corners 60 by 156 feet each.

These lots are particularly well situated, 15th street being already cleared and graded to its full width, and lots of similar size in that vicinity now selling for $700 to $800 each.

The lots above mentioned are genuine snaps.

For Sale

Intending purchasers of choice acreage west of the Capilano or in any other part of the District will profit greatly by consulting our large and exclusive list before negotiating for purchase elsewhere.

This being the fourth year of our establishment in business in North Vancouver we are thoroughly posted as to the various properties that may be offered for sale and their values.

We are the sales agents for a number of estates in North Vancouver city and district and have a very good list of properties for sale at prices which were prevailing in 1907 and 1908 during the period of financial depression, and as we are now apparently on the eve of a period of great prosperity we consider the present time very opportune for investors to make a selection of North Vancouver property before the greater period of activity sets in.

Capilano Acreage and City Lots Wanted

Well situated city lots, blocks and acreage, and well situated close in acreage in the district, particularly west of the Capilano, and within one mile of the waterfront. We have a large list of clients, and special facilities for negotiating sales where the prices are right. We advertise your property without cost to you if you give us the sole agency for a reasonable period of time. Our past records demonstrate our successful methods in negotiating sales, and we propose greatly extended operations and a large expenditure along strictly modern lines of advertising.

We have representatives in several advantageous parts in Canada, United States and Great Britain.

It will pay you to list with us for quick sale if you have any property to offer.

ESTATES MANAGED

Non-resident owners of property in North Vancouver who are unable to give personal supervision to the management of their estates are requested to correspond with us, being the oldest duly incorporated Company with its headquarters in North Vancouver, and being financially responsible in every respect, we can give the best assurances possible that business will be conducted along lines as accurately and surely as any banking establishment throughout the country.

FOR RENT

We have a good list of cottages and houses for rent in choice localities in the city of North Vancouver, and shall be pleased to show any of them to intending settlers.

Builders of houses in North Vancouver will do well to look over our list of choice lots and blocks suitable for building purposes.

THE DISTRICT COUNCIL

Reeve McNaught presided and Councillors Westover, Robson and Davison were present at the regular meeting of the district council, Friday evening last.

Letters as follows were read: Acknowledgements from assistant minister of marine and fisheries, Ralph Smith, M.P., and Richard McBride, provincial premier; filed.

From Premier McBride, regretting the necessity of postponing the date of his being present at the opening of the Seymour creek bridge, and stating that he would advise the council later as to a convenient date. Clerk to reply that any date suitable to the premier will be acceptable to the council.

From E. Gold, to the effect that he cannot consent to the cutting off of a portion of the N. W. part of D. L. 1041.

From William Alsop, asking for a road to the S. W. ¼ of D. L. 1049; referred to board of works.

From F. C. Wade, agreeing to give a road across the west end of 1057, under certain conditions filed.

From J. M. Fromme, et al, residents on Centre road, asking that the road from the Pipeline road to Dempsey street be cleared and graded its full width, and laid with gravel or crushed rock; work to be done under local improvement. Clerk to prepare a bylaw for the purpose.

From J. V. Graham, et al, residents on King street, requesting that the street be made twenty feet wide, and that a two plank sidewalk be laid thereon; engineer to report.

From Margaret McKinlay, objecting to the diverting of the watercourse over her property, the east ½ of lot 1, D. L. 2028.

From the city clerk, re adjustment of matter of exchange of water supply, because of number of metres required; the city to be requested to carry out the existing agreement.

From Thomas Crawley, requesting the opening out of Catlin road, from Duval to Thomas street, a distance of 100 feet.

From Campbell & Miller, asking that a roadway be opened up to lots 17 and 18, block 2, D. L. 764, a distance of 430 feet. Board of works to act.

Plans as follows were submitted: Of D. L. 854, approved as amended; of D. L. 855, approved as amended; of 430 and 1493, "White Cliff City," approved; of the west ½ of D. L. 1038, approved; of the northern portion of D. L. 2044, approved.

Accounts as follows were ordered paid: Board of works, total $692.89; waterworks committee, total $2050.35.

Councillor Robson reported that the waterworks committee of Vancouver city council had consented to supply water from their mains to residents in Capilano, upon certain conditions, of which they would advise the council later. Report adopted.

The matter of a road through D. L. 763, to sections 95 and 96, was laid over for future consideration.

The unfinished contract on Coleman street and Church street was considered, the engineer reporting that he considered the work yet uncompleted. Contractor Groleau was present and presented his aspect of the matter to the council. Council agreed to go out Saturday morning and inspect the work.

The local improvement bylaw for Lonsdale avenue north was given its third reading, and a similar bylaw for Hoskins road was passed through three stages

NORTH VANCOUVER

Although Britain and San Francisco ploughed the Pacific, never, till Vancouver and Seattle ran their merchant fleets to the Orient, was the dormant littoral of Asia roused to commercial and political activity. Canada's was the conclusive effort. Now to Canada is the guerdon. The reaction, if unequal, is opposite, and the fruits of Pacific traffic accrue to our coast. The day of enlargement has dawned over Puget Sound and Burrard Inlet, and the harbors expand. While yet young, Vancouver and Seattle have both given birth to cities, and side by side with the parent city, North Vancouver has moved abreast the line of advance to do a city's part and stay to the finish in the life-work of Canada.

Hitherto only a fraction of our great harbor has been utilized, but GREATER BURRARD INLET IS ON THE EVE OF RAPID ADVANCE.

WHY? Burrard Inlet's land highway across the continent is through a mild frost zone, which leaves transport uninterrupted, and its route to the Orient is short. Alive to these advantages and determined to develop Canada's great western harbor to the full, the dominion government has voted $200,000 to bridge the Inlet.

As the Grand Trunk Pacific will make a second Canada, the bridging of Burrard Inlet will make a second Vancouver.

Over twenty miles of possible wharfage line will thus be made accessible to the railroad systems of the continent. But not only has North Vancouver the making of a great port, but she has OUTSTANDING RESIDENTIAL AMENITIES, southern exposure, magnificent thoroughfares and public grounds.

Of the twelve great sites of Burrard Inlet, Vancouver has its unrivalled Stanley Park, North Vancouver City has

THE THIRD BOULEVARD OF THE WORLD

while within seven miles of it, in the District Municipality are eight canyons and the summits of Crown and Grouse mountains

The Grand Boulevard is planted, is being supplied with water, and the board of works has recommended cement sidewalks, which are therefore likely to be laid shortly. Electric cars connect the boulevard with all ferries. The position and great proportions of the boulevard make it one of the best residential situations of the world, and it is legally protected against depreciation for twenty years. Lots fronting on the boulevard cost one-tenth of lots near Stanley park, and a small fraction of similar Kitsilano lots. Vancouver property (good residence lots included) fetches twenty times as much now as it did about twenty years ago, and where a residence avenue is protected against depreciation it gets full advance in value. These lots we believe are certain to go to high values. We know of no property with equal value at present prices.

Inside lots, 52ft. by 140ft. or 150ft., each $1000. Double corners, (two lots) 104ft. by 140ft. or 150ft. together $2500. Terms: One-third cash, balance nine and eighteen months. Interest on deferred instalments 6 per cent.

In investment as in other matters the world's wisdom is condensed, in a few words opportunity is fleeting, hesitation loses, the tide that leads to fortune must be taken at the flood. Occasion must be taken by the hand.
