

# ENDS OF STEEL WILL BE JOINED ON APRIL 6th

The latest news from the ends of steel in the vicinity of Fraser Lake is to the effect that the national transcontinental will be complete from coast to coast on April 6th, a week from next Monday.

News from Winnipeg is to the effect that a large party of officials are preparing to make the trip and will arrive here in private cars at the end of next week. The party will include President E. J. Chamberlin, Vice-president Donaldson, G. U. Ryley and a number of British stockholders.

The report current today that the Prince of Wales would drive the last spike has not been confirmed.

## OFFICIALS GO TO PENITENTIARY

San Francisco, March 23.—Attorneys for the Western Fuel company officials, who were refused a new trial and sentenced to varying prison terms for conspiracy to defraud the government out of important duties on coal, began preparations today to carry the cases to the United States circuit court of appeals.

James B. Smith, vice-president and general manager of the company, was sentenced to 18 months in San Quentin and to pay a fine of \$5000; Frederick M. Mills, superintendent, was sentenced to 18 months in San Quentin; Ed. H. Mayer, a checker, was given a year in the county jail.

## TRANSCONTINENTAL WILL COST \$181,000,000

Ottawa, March 25.—Following the presentation yesterday by Hon. Dr. Reid, acting minister of railways, of the annual railway budget speech, he dealt at some length with National Transcontinental railway and the report of Messrs. Gutelius and Lynch-Staunton. The estimated cost to complete the road, exclusive of interest charges was \$2,745,563 which, added to the \$140,562,237 already expended, made a total of \$161,308,800 as the estimate of what the road will cost when completed. Interest during construction at 3 per cent. to Dec. 31, 1913, was \$13,136,289, and the estimated interest on expenditure to December 31, 1914, was \$3,293,322. This made a total capital cost for rental purposes at January 1, 1913, of \$181,737,411. For the next seven years, during which the Grand Trunk Pacific would have the road free of rental charges, interest cost to the country would be \$41,776,681. Dr. Reid concluded that the capital cost estimated to January 1, 1923, for rental purposes would be \$223,514,092, and the rental charges based on this estimate would be \$6,705,422 per annum. If the road did not earn 3 per cent. in excess of working expenditure for the following three years, then interest would have to be added to capital for three years longer.

### BILL THORNE IS MARRIED

The social event in town this week was the marriage of Mr. William Thorne to Miss Gertrude Lovell. The wedding was of a private nature and took place at the home of Mrs. Chapman. Miss May Gross supported the bride and Mr. S. R. Bray acted as best man for the bridegroom. The bride looked charming in a grey travelling suit with Easter bonnet to match. The Rev. A. C. Justice officiated.

"Billy" Thorne is one of the old-timers of South Fort George, being one of the first residents here, and his host of friends wish him and his bride every happiness.

The Dreamland Theatre is now one of the most comfortable and up-to-date picture houses in the country. By next week the management expect to have the entire theatre equipped with opera chairs.

## EXTENSION OF P.G.E. RAILWAY POPULAR AT WASHINGTON

### Secretary of Interior Lane Holds Conference With Premier Borden

Washington, March 21.—Secretary Franklin K. Lane, of the department of the interior, believes the scenic beauties of the West and of Alaska comprise a resource which will attract the attention of the world within the next few years. He believes in the ultimate development of Alaska there will be a railroad that will stretch from the waters of the Tanana and the Yukon through British Columbia to the United States, so that it will be possible to take a train on the Atlantic coast and after days and nights of travelling through a country of wonderful scenic grandeur land one in the heart of the northland.

Secretary Lane was interested in a statement made recently by Premier McBride, of British Columbia, that the time had come for co-operation between Canada and the United States for the building of a through line to the north.

In speaking of this matter, Secretary Lane said: "In conference with the committees of the Senate and the House I have urged the feasibility of such a railroad, and I believe that the Canadian government is ready to co-operate with us.

"I have talked with and have corresponded with Premier McBride concerning this matter and have also had a satisfactory conference with Premier Borden of the Dominion government. I believe it is possible for us to build to the Alaskan boundary to meet the Canadian road by the time our neighbors are able to come to us.

Premier McBride left last week for the east to call at the national capital of the United States for the purpose of conferring with Mr. Lane and members of the House and Senate committees. Any connection through Northern British Columbia to Alaska would necessarily be largely a federal undertaking. Such a line would connect with the Peace River extension of the Pacific Great Eastern at a point about 100 miles north of Fort George.

### CARPENTIER BEATEN

Paris, March 25.—In a fifteen round bout at Luna Park, Gorge Carpentier, heavyweight champion of Europe, lost the decision to Joe Jeannette, the negro heavyweight. A record crowd attended the fight and included many ladies. Society was well represented.

The County Court will sit here on May 5th. Judge Calder will preside.

## Pacific Great Eastern Right of Way

### Purchasing Agent Has Had Little Trouble in Dealing With Ranchers

Mr. A. McQueen, right-of-way purchasing agent for the Pacific Great Eastern spent the past few days in town after having made a trip from Lillooet to here arranging with settlers and others for right-of-way through their land.

Mr. McQueen states that no exorbitant demands had been made the settlers in the lower country, in fact many places land had been purchased for \$1 an acre, so pleased were the settlers with the coming of the railway.

The P. G. E. right-of way is now practically all arranged for right into Prince George.

### OLD COUNTRY FOOTBALL

London.—Scotland beat England in the inter-league match by the score of 3 goals to 2. Scotland won last year's game by 4-1.

### THREE KILLED IN HOLDUP

Everett, Wase., March 28.—Three men were shot, one fatally, in a holdup here Thursday night.

### VILLA VICTORIOUS

Torreón, Mexico, March 27.—After a bloody battle, on the outskirts of the city, Villa, the rebel leader, entered here today.

Quesnel Observer: One of the commercial men from Vancouver doing business here this week is authority for the statement that freight will be delivered here from Ashcroft this summer, via the Cariboo road, for 2 1-2 cents a pound. If this proves correct, there will not be very much come around via Fort George and Edmonton.

Thomas Blench, a well-known old-timer in Cariboo and for many years stage-driver on the Fraser Lake-Quesnel route, died last week in Quesnel.

# George Street, Prince George, Has Building Boom

Prince George now begins to assume a metropolitan air, and many new structures are under way and completed. Carpenters are today working on at least a dozen new business places. These are all on George street and in the centre of what will be the business district of the new city. The buildings are, without exception of frame construction, though several contractors are figuring on erecting concrete and brick buildings in the near future. Two companies have recently completed arrangements for the manufacture of brick, but until their plants are producing outside brick will be used.

News was received this week that the Grand Trunk Pacific Development Company would begin work almost at once upon their 200-room hotel on George street. It is also stated that Holden Brothers, of Waterloo, Iowa, who were at one time considered to be the owners of the new hostelry have failed to commence work on the structure within the stipulated time, consequently the Grand Trunk will build and own the new hotel themselves. Considerable delay has evidently been caused by the previous arrangement and it is now the railway company's intention to rush the building with all speed.

## Ask Government For Recreation Park

### Athletic Bodies Want Government Block Set Aside For Recreation Purposes

Local athletic organizations have this week made application to the provincial government for the setting aside of a block for recreation purposes. The blocks mentioned, either of which are suitable, are 10 and 16, located on the bench above town. The application is strongly endorsed by the Chamber of Commerce and by the Conservative Association.

### NAMAINO RIOT TRIAL FINISHED

Vancouver, March 27.—The trial of the Namaino miners who took part in the riots that occurred about the end of the year was finished this week. Fifty-two men have been tried and convicted in this connection. Joe Angele, organizer of the United Mine Workers was sentenced to 4 years imprisonment. Jack Place was let off with a sentence of 13 weeks which he has already served. Eight of the Men were sent down for one year, the others were either allowed to go on suspended sentence or sentenced to the time they had already spent in prison.

### Warning Peace River Bootleggers

In order that the town will not come into ill-repute through whiskey smugglers and the crowd associated with this kind of illegal traffic, notices signed by eight prominent citizens have been posted all over the town of Peace River Crossing warning the public that such business will not be tolerated in future. They will co-operate with the police in an endeavor to completely stamp out the undesirable element.

### Outram Wins Lincolnshire

London, March 25.—The Lincolnshire handicap was won today by an outsider, P. Nelke's Outram, carrying seven stone, and starting at 25 to 1. The field numbered 22.

# Affairs Reach Crisis in Britain; Churchill of Admiralty and Seeley of War Office Resign

London, March 27.—General French, in charge of Ulster cavalry troops, insists on resigning his command in the army despite cabinet pressure.

London, March 27.—King George, it is stated, regards the labor attack, in which thousands of workman threaten to strike in Ulster, as unfair in the home rule matter.

London, March 25.—It is learned from an authentic source that the First Lord of the Admiralty has tendered his resignation to Premier Asquith.

The central News agency reported Winston Churchill and Colonel Seely as resigning because they are unable to hold themselves responsible for discipline in the army and navy in consequence of the cabinet's attitude toward officers in the Irish branch units service.

Lloyd George is reported to have taken steps towards resigning. It is persistently rumored that the resignation of the entire ministry is impending.

"We say quite frankly that rather than this should go on, we would cheerfully see the government out of office and the Liberal party sent into wilderness, there to work as free men in defence of their liberties."

Thus said the Westminster Gazette to day, concluding with a demand that the government should speak with a clear voice without delay, if the country is not to be plunged into a strife of which no man can see the consequence.

## SURVEY PARTIES WORKING NORTH

### Engineer Gunn With Two Parties Looks for Entry Into Peace River

Engineer L. C. Gunn has now two parties of men north of here locating the best route for the Peace River extension of the Pacific Great Eastern.

Mr. J. W. Stewart, president of the P.G.E. Railway, is conducting an inspection of the new line north of Squamish, and it is expected that several other new contracts will be let on his return to Vancouver. In an interview, the head of the P.G.E. outlined the company's plans for this season's and next year's work. He said that more than 12,000 men would be given employment on railway construction this year and that the contract for the first 100 miles of the extension north of Fort George into the Peace River country would be let by May 1.

The Kelly Lake-Fort George section, a distance of 280 miles, south of Fort George, will be rushed ahead this summer, and is expected to be completed next year.

## British Officers Criticized in Canada

London, March 25.—Hamar Greenwood made an unreported speech in the House of Commons late last night, begging the house to consider the effect in Canada and elsewhere of the last few days in Ireland. He reminded the house, however, that British officers sent to command the Canadian forces since confederation had had conflicts with civil powers. The feeling in the Dominion was that British officers came down from a class too antagonistic to demand ideals. When quite recently the minister of militia of Canada had appointed a new commander, he did not consult the war office or Canadian army. It was the first time he had not got an imperial officer now serving under the Canadian flag.

P. W. Vibert supervisor of the Union Bank was in town this week, completing arrangements for the opening of their new branch at Prince George.

## On Walk From Spokane to Rupert

Ed. N. Clark, out after copy for the Pearson Syndicate of Newspapers, London, Eng., hit town from Blackwater Thursday evening on a strenuous walk from Spokane, Wash., to Prince Rupert. He left the metropolis over the line at noon of February 18th on a sporting wager with Captain O. Larson, the Nome millionaire miner, who bet \$500 against his friend's legs compassing the journey in 60 days the pedestrian leaving the "Review" office in Spokane without a cent and having to make all expenses en route. Clark hit track to Deer Park that night (27 miles) in time for supper, and since then around the boundary country and up to Ashcroft has averaged 40 miles a day, his best effort so far being from Merrit to Ashcroft, a distance of 65 miles, which he covered in a day and night of continuous walking. But since then he has met heavy tracking along the old Cariboo road, mud being everywhere 6 inches deep and in places lakes across the right-of-way 18 inches deep from the melting sun, making 25 miles a hard day's journey. However, with three weeks in hand he is banking on the G. T. P. grade to get to get him through ahead of time.

Five years ago Ed Clark walked across Canada for Pearson's magazine, hiking the Rockies at 65 below zero, and he carries a gold medal from the "Sporting Life" of London for this feat.

While here he is the guest of Al Johnson of the Northern Hotel, and is out after any interesting local photos suitable for reproduction in Pearson's.

In an interview he stated this was the first live town he has encountered since Spokane.

### SELLS THEATRE HOLDINGS

Kansas City, March 23.—Sullivan and Considine have sold their string of theatres to Marcus Loew and associates of New York. Six million dollars are involved in the transaction.

### New Building for Union Bank

The Union Bank of Canada will open a branch in Prince George within the next few days. Today Brewster & Pelham, the local contractors, commenced work on the bank building, which will be situated on the corner of Third and George streets. The Union Bank, it is said, will handle the account of the Pacific Great Eastern Railway Company.

The Herald is in receipt of a letter signed "A Mother" dealing with the restricted district west of town. We are pleased to inform our correspondent that the question is being taken up by the public organizations, who assure us that the matter will receive immediate attention. With this understanding the letter is withheld from publication.

There appears to be a theoretical battle on between Edmonton and Vancouver as to which city will get the Fort George wholesale trade. Edmonton is already in rail connection, but it is claimed Vancouver will be able to ship to Fort George via Rupert within a few weeks. If Vancouver can get the trade through this city, what is the matter with Rupert not getting it for her own wholesale houses?—Prince Rupert News.

## TELLS OF WEALTH IN PEACE RIVER COUNTRY

Victoria, B. C.—Among the guests at the Empress Hotel is Mr. C. F. W. Rochfort, who for the past fifteen years has been a rancher and prospector in the Peace River country. In an interview with the Herald, Mr. Rochfort gave much information of interest respecting this great district, which is shortly to be tapped by railways, and he expressed amazement at the fact that so little appeared to be known by the people of British Columbia regarding the work of the pioneers who have already done so much development work in that section.

While making Edmonton his headquarters, Mr. Rochfort's chief scene of operations in ranching has been at a point 150 miles north of Edmonton. He said: "The Peace River country contains immense areas of the best farming lands, deep, rich, black loam, both in that portion of the country lying in Northern British Columbia and in Alberta. Already very valuable mineral discoveries have been made. There are placer and galena and quartz, the latter carrying copper and gold. The coal areas have been very little prospected. Indeed, owing to the inaccessibility of the outlying sections of the country it may be said that very little prospecting has been carried on.

"The climate in the sections where settlement is taking place may be compared to Calgary, with an earlier spring. The fact that in that northern district there are more hours of sunshine than in more southern latitudes results in very rapid growth of fruit and cereals.

"There are at present about 20,000 settlers in that country, and it is anticipated that there will be another 10,000 go in this summer. These newcomers, of course, all make for the farming districts. The areas at pre-

sent being farmed on the Peace are the big prairies north from Dunvegan down to the Crossing. Here there is one of the most ideal valleys you would find anywhere, eighty miles by thirty miles in extent. Then there is Grande Prairie, running some ninety miles east and west and some forty miles north and south; and there are other fine lands on the road from Peace River Crossing to Lesser Slave Lake. At present settlers cannot get to the good lands in British Columbia other than those of Pouce Coupe, owing to the distance and difficulties of travel.

"The natural drain of this great producing country is through the mountains on the Peace River, following the Omineca through Fort Connly on to the Naas, joining the already constructed railway from Stewart, on the Portland Canal. The distance from the grain belt on Peace River is only 375 miles to the Pacific Ocean. The passes are low."

Mr. Rochfort is an enthusiast on the prospects ahead of this great country once it is tapped by railways, the construction of which is now in hand.

With the approach of the good old summer time has brought to our city a multitude of people congregated from the four corners of the earth, a sample of which can be seen any afternoon on Hamilton Avenue, which presents a swimming sea of mingled faces articulating every language, dialect and gibberage in the human vocabulary, and representing mostly every type of the human race, from the smart city business man to the degenerated hobo, whose sole means of existence is to prey upon the hospitalities of the hardworking and honest laborer while exhilarated from the effects of his holiday indulgence.

And while we can boast of the greatest variation of the human character, yet to the close observer there is a common trait which is a peculiar characteristic of the pioneer element that unconsciously sends them in advance, and which is characterized by an instinctive business acumen, and demonstrated in this case from the fact that ninety per cent. of them end up by purchasing their goods at Kennedy-Blair's store, where we have the greatest sale on ever put forth in Central B.C. And when it comes to prices we have established a precedent almost astonishing.

## WILLOW RIVER

British Columbia

The Grand Trunk Pacific Railway Company are now disposing of the remaining portion of their lots in the new town of Willow River at the confluence of the Fraser, Salmon and Willow rivers. By those who are in close touch of the true conditions, this new town is considered to be one of future importance in Central British Columbia.

In investing in Willow River property be sure that your property comes to you direct from the Grand Trunk Pacific Railway Company—make no mistake in this. There is only one official and original Grand Trunk Pacific Railway town of Willow River at the confluence of the Fraser, Salmon and Willow rivers. It is located on Lot 785. Station site was approved by Board of Railway Commissioners under date of March 26th, 1912, Order No. 16179. We have no interest in outside subdivisions. Labor Agents Say That Supply and Demand Are About Equal

Recently reports have appeared in Alberta papers that hundreds of men were out of work in the Fort George district and according to one publication, many were hungry and destitute. The Herald has made exhaustive inquiry and examination into the matter and failed to find any trace of the so-called destitution. Construction work is not at its height as can well be understood at this stage of affairs on the national transcontinental. Inquiries made at local employment offices, however, elicited the information that the demand and supply were about equal and no number of unemployed were on the lists. Within a month construction work on the Pacific Great Eastern will be commenced south from here, which is expected to take care of the available labor supply.

CARIBOO DEVELOPMENT LEAGUE

The Cariboo Development League has been formally organized at Macalister, B. C., a new postal district midway between Soda Creek and Fort Alexandria. The work of the new association will be "the development of the Cariboo district, the advertising of its resources, and the assisting of settlers in locating and." The league is attached to no political party. Macalister enthusiasts have lost no time in putting their locality on the map, and the secretary is busily engaged in correspondence with men in other districts who may form sister branches. The organizers predict that the league will have branches in all parts of the Cariboo, carrying on the good work. The executive officers of the Macalister branch are: James M. Macalister, M.A., President; F. G. Choate, Vice-President; and W. Douglas Darling, Secretary-Treasurer. It is now up to our other districts, urban and rural, to get together and organize. The secretary will be glad to give all information to those interested.

HEAVYWEIGHT SURE HE'LL DEFEAT JOHNSON

Frank Moran, the heavy-weight pugilist, is the first "white hope" to obtain a match with "Jack" Johnson since the negro won the world's championship. He appears to be in fine condition and declares that he is all ready for the fight. The battle is to take place at the Villedrome d'Hiver in Paris on June 27, the night before the Grand Prix race. Moran declares that the contest will see the largest crowd ever present at a boxing match, as the arena seats 5,000 persons.

The Arcadia, a new cafe, will be opened next week on Hamilton street, next to Jermyn & Bowles'. Messrs. Kahner & Lyon are the proprietors.

turned to town this week from a visit to Winnipeg.

A football practice is billed for 3 o'clock tomorrow afternoon at the baseball grounds.

A Government Office will be opened at Quesnel. Mr. Millhorn, of Fort Fraser, has been appointed agent.

Remember the meeting to organize a lacrosse club tonight, at Jermyn & Bowles, on Hamilton avenue.

The Northern Telephone and Power Co. are extending their net and power lines west on Third avenue, Prince George.

Russell Peden, vice-president of the Northern Lumber and Mercantile Co., returned this week from a holiday trip. Mr. Peden spent the winter in Honolulu and Southern California and has returned full of vigor and enthusiasm.

The headquarters of the B.C. Express Co., for many years located at Ashcroft, will be moved to Prince George during the coming summer. Mr. Willis J. West, manager, will have a residence erected on the Miller property within the next few weeks.

Mrs. (Dr.) Lazier entertained a number of ladies at afternoon tea yesterday. These present were Mesdames Armstrong, Blair, Horne, Keeley, McElroy, Wilson, Quinn, Campbell, Marvin and Miss Crawford. Mrs. Perkins and Miss Crawford assisted the hostess.

The engagement is announced this week of Mr. H. C. Seaman, the popular manager of the Royal Bank, and Miss Ruby McArthur. The Herald joins the numerous friends of these young people in extending heartiest congratulations.

Tony Menard, the well-known rancher of Tonquah, is spending a few days in town. Tony recently returned from Edmonton with a carload of livestock, implements, seed, etc., and is going into mixed farming in earnest. His ranch is said to be one of the finest on the Upper Fraser. The Fort George district needs a few more Tony Menards.

J. B. Daniell, president of the Prince George Publishing Co., arrived here early in the week from a business trip to Winnipeg and left this morning for Vancouver. Mr. Daniell states that arrangements are now complete for the first issue of his newspaper plant at Prince George, and the first issue of the paper will appear early in June.

A regrettable accident happened to A. H. Blackburn on Thursday night. While coming downstairs from his room in the Rivie & Clark building he slipped and broke his leg. The break is a bad one, being a compound fracture just above the ankle. He was immediately removed to the Fort George hospital. Mr. Blackburn is well known in realty circles here, and was cashier at the auction sale of Prince George lots in Vancouver.

Mr. Boehner, the energetic manager of the Fort George Theatre, is making arrangements to have South Fort George put on the Pantages vaudeville circuit, which supplies all the large cities with variety artists. If Mr. Boehner's efforts are successful it will put this town on equal terms with the Edmonton, Calgary and coast vaudeville houses, and patrons here will have the opportunity of seeing the best talent. A new set of scenery is being painted for the theatre by the local scenic artist, Mr. Flood.

**Offer \$10.00 Common Stock at Par—100 Shares at \$100 Each.**

This company has a franchise authorizing it to conduct a telephone and telegraph business in this district. The funds realized from the sale of this issue of stock will be used for the extension of their system in the town of Prince George.

This affords an excellent opportunity for investment in a public utility. Stock in similar companies in the more populous communities is eagerly sought after, as shrewd investors recognize its value, the returns being sure and the dividends large.

This company has been in operation about four years and during that period has earned 30 per cent annually, and there is every prospect that the future dividends will be large. This stock is being offered only to residents of this district, as the directors consider it in the best interests of the company to have this issue taken up locally.

The company's easy payment plan and all other matters in connection with this company will be fully explained on application to the company's fiscal agent, or C. A. Gaskill, local manager.

BAIN & WILSON, Ltd., Fiscal Agents, Prince George and South Fort George.

**BUNGALOWS—100 DOLLARS DOWN.** We will build to suit purchasers, a four-roomed, up-to-date bungalow, on either the Crescent, Prince George, or Fourth Avenue, Fort George. Terms: Purchaser to assume a mortgage at three years for 50 per cent. of the purchase price; balance as rent. Apply Cariboo Investment Co.

**NOTICE IS HEREBY GIVEN** that Public Auctions of Town Lots owned by the Province of British Columbia, in the Subdivisions of Lots Nos. 343, 933, 934, 936, 937, 938 and 1429, all in Group 1, Cariboo District, and situated in and near Fort George, will take place in May and June next.

These Lots will be offered for sale without regard to any improvements that may be thereon; and all persons who have placed improvements upon any of the said Lots are hereby notified that if they wish to secure such improvements it will be necessary to purchase them at the Auctions above referred to. No preferences whatsoever will be given any person claiming an interest in any improvements existing on any Lot offered for sale.

As all improvements existing on Government Lots in the said Subdivisions were erected without authority, it is the intention to treat all persons claiming an interest therein as trespassers; but they will be given the privilege of removing any existing improvements from Provincial Government Lots at any time within sixty days following the date of Auction Sale.

All Lots upon which there are existing improvements at the time of sale will be sold subject to delivery sixty days after date of sale and any improvements remaining on such Lots at the time of delivery of said Lots will be deemed to have become forfeited to the Crown.

W. R. ROSS,  
Minister of Lands.

Lands Department,  
Victoria, B.C., March 11, 1914.

**WATER NOTICE.**

APPLICATION for a License to take and use water will be made under the Water Act of British Columbia as follows: The name of the applicant is F. J. George. The address of the applicant is Office of Division Engineer, Grand Trunk Pacific Railway, Fort George, B.C. The water applied for is supplied by a small creek on the south side of the Nechako River, crossing the Grand Trunk Pacific grade at station 2413-70, and entering the Nechako River at Mile 264, B.C. The water is to be diverted from the stream on the east side about 1400 feet above mouth in a straight line. The water is to be used for industrial purposes. The land on which the water is to be used is described as Lot 841, Cariboo District. The quantity of water applied for is 1.7 cubic feet per second.

This notice was posted on the ground on the 18th day of March, 1914. A copy of this notice and an application pursuant thereto and to the requirements of the Water Act will be filed in the office of the Water Recorder at Fort George. Objections may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

March 26th, 1914.  
ap18 F. J. GEORGE, Applicant.
