THE FRASER ADVANCE

A Journal of Optimism and Helpfulness, Especially Devoted to the Interests of the Fraser Valley.

The Fraser Advance: Vol. I, No. 26 CHILLIWACK, B. C., SATURDAY, JULY 13, 1907. Chilliwack Progress: Vol. XVII, No. 15

THE WORLD OVER.

King Edward and Queen Alexandra are in Dublin.

Mayor Schmitz of San Francisco has been sentenced to five years in the penitentiary.

Dr. Acland W. H. Oronhytekha, only son of late Dr. Oronhytekha, died in Deseronto on July 8th, of heart disease.

It is expected that Crossley and Hunter, the widely known Canadian evangelists, may visit Victoria during the coming winter to conduct services.

Mayor Kelly, of Buckingham, Que., fearing a riot on the 12th, issued a proclamation forbidding the Orangemen to meet on that day.

Alexander Ewen, the well known pioneer canneryman of Westminster. died at his home on Monday.

A party of twenty-five American scientists, engaged in original research, left Victoria on Saturday last for Port Renfrew, where they will live in log houses while pursuing their studies.

The Alpine Club is in camp in Paradise Valley. On July 4th a party climbed Mt. Temple in a Manitoba blizzard. One member of the party had his ears frozen.

Owing to the scarcity of good logs the British Columbia Logger's Association has decided to allow some of the camps to open, although the greater number will be closed until August first.

The Hudson Bay Company's stern wheel steamer, Mount Royal was totally wrecked in Kitselas canyon, 93 miles below Hazelton, on Saturday afternoon last. Six of her crew were drowned. All the passengers were saved.

It is stated that Alfred Dreyfus, the former Captain of Artillery, who was sentenced on charge of treason to imprisonment on Devil's Island, will shortly retire from the army on pension.

Two lunatics, Geo. Johnson and W. H. Brown, who escaped from the Provincial Asylum farm about three weeks ago, were captured on Ballanac Island on Tuesday. They stated they left the farm in order to demonstrate how easy it was to escape from the asylum authorities.

The announcement comes from Ottawa that Judge W. Norman Bole has applied for superanuation and will retire from the bench on Oct. 1. The judge has been a resident of New Westminster since 1877 and County Court Judge since 1899.

SERMON TO ORANGEMEN

Rev P. E. Scott Speaks Strong And Pointed Words To Local Lodge

The members of Chilliwack L.O.L. No. 1470, and a number of brethren from the Rosedale Lodge assembled in the I.O.O.F. Hall on Sunday morning at 10.30 o'clock for the purpose of attending Cooke's Presbyterian church in a body. Shortly before 11 o'clock they formed up on Wellington St. in double column, headed by the Chilliwack Band, and marched to the church. J. C. Henderson acted as director of ceremonies and the paraders wore badges of their lodges. At the close of the service the members of the order marched in similar form back to their lodge room, when they dispersed to their homes.

The seating capacity of the church was taxed to its utmost and improvised sittings were necessary to accommodate the crowd. Rev. P. E. Scott, formerly of Wawanesa, Man., occupied the pulpit, and delivered a very impressive and inspiring discourse. His style was simple and direct and pleasingly free from any attempt at oratorical effect. He took for his text Ephesians 6-10 : "My brethren, be strong in the Lord, and in the power of His might."

Mr. Scott spoke of the manner in which that which is strong appeals to all classes of men. Nothing is more beautiful than strong, clean, pure manhood. Among men we find that great physical development does not mean strength, but that the strength which counts in life is moral and spiritual rather than physical. In the fulfilment of the text was to be found pure strength.

He went on to point out that St. Paul, according to tradition, was a man weak in body, but strong above ordinary men, because his Saviour was his strength.

In a certain sense the same could be said of William III., Prince of Orange, a man who overcame many difficulties by strength of soul. So ought the strength of every man to be through the grace of God. To possess this moral and spiritual strength should be the ambition of every Orangeman.

Orangemen pride themselves in the past history of their order, and justly so, for they have been a great, strong arm, fighting in dark days for Protestantism. The Order has been led by great and noble men, who were willing to sacrifice all for the cause they represented. But it is necessary that Orangemen to-day be not satisfied with merely living on their past history. The strong man lives always in the present. If the Order is to be strong it must live in the present, and grapple with the forces which threaten our churches and the purity of our civil life.

The Protestant churches are not threatened by Rome to-day, but by enemies no less strong. Practical atheism is sapping the life of our people. Not an outward denial of God, but a continual leaving of Him out of our business and our pleasure. Such conduct always leads to carelessness regarding churches and the objects which they strive to further. "The true Orangeman is a Christian, and no Christian can live in this great land of ours and not feel the tremendous forces which are threatening our religion."

He then touched upon the corruption which in public affairs threatens to demoralize our political life, and pointed out that the Orange order could do much to purify this by each member bearing daily in mind that no power can stand before the power of God to oppose Him. That each true Orangeman should seek that this power may be his through the grace of our Lord Jesus Christ.

AT TORONTO

Premier McBride Refuses TO Commit Himself As To Future.—Will Stand For Provincial Rights.

Toronto, July 9.—Premier Mc Bride, of British Columbia, reached Toronto this morning en route to the West, and after a short stay here will leave for home. He was a much sought man to-day, and was interviewed by a number of prominent Conservatives and local members. Interviewed regarding the story that he was to oppose Mr. Templeman, Premier McBride said :

"I have denied that, of course, with this modification, that I am not to be bound for the future."

"I don't know what time may bring forth. When elections come around, I may oppose Hon. Mr. Templeman. I want to be of all the service I can to the Conservative party of the Dominion. I want to reciprocate the sympathy and assistance of the Conservatives at Ottawa, given me in my election in the Province of British Columbia.

"I do not think the people of British Columbia have been fairly treated at Ottawa. There has been altogether too much interference with Provincial rights by the Government of which Sir Wilfrid Laurier is the head, and speaking for British Columbia, I will fight that kind of thing from breakfast to perdition."

The yacht Spirit, designed, built and captained by Ted Geary, a twenty-year old boy of Seattle, defeated the Alexandra, of the Royal Vancouver Yacht Club in the international race held on Puget Sound on Monday last, making two out of three races for the Dunsmuir Cup.

LOCAL HELLO SYSTEM

Project Enthusiastically Endorsed —Shares Liberally Subscribed. —Promoters Confident.

The great need of a local telephone system for Chilliwack town and valley has long been realized, and on more than one occasion serious steps have been taken looking towards the organization of a local company to meet this need. Each time something has intervened to turn the promoters of the enterprise aside from the accomplishment of their purpose. Last fall a movement was well under way, looking in this direction, but just then the B.C. Telephone Company got busy with their proposition for a local exchange and the enterprise was again abandoned. No sooner, however, were the local men out of the field than the B.C. Telephone Co. subsided into that deliberate and dignified pace which proverbially characterizes large bodies. First the poles were distributed along the streets, then after several months these were placed in position. The winds of winter whistled about the new street ornaments and the zephyrs of spring sighed through their cross-arms, while many months more winged their flight into the silent chambers of the past. In fact it looked as though we were to lead the age and have a wireless telephone system, when suddenly one fine spring day a gang of men appeared with rolls of wire and the work advanced another stage. With pleasure this reliable journal made the authorized announcement that the system would be in operation in two weeks time. But alas for cherished hopes and our reputation for veracity ! Poles and wires we have galore, but juice and phones we have none, although midsummer is now here. Neither is there a long distance message to say when.

Weary with waiting, certain of our citizens have again put their shoulders to the wheel. A stock subscription has been circulated within the past week with very encouraging results, and a largely attended meeting of those interested in the formation of a local company was held in the Court House on Monday evening. Councillor T. H. Jackson occupied the chair and W. L. Macken was appointed secretary. The general scheme was outlined by S. A. Cawley, who stated that it was proposed to establish a rural system covering the entire valley. He believed that if a low rate were offered at least 300 phones could be placed. About 75 or eighty miles of line would be required and the probable cost of the entire system would be between $12,000 and $15,000. Mr. Cawley had laid the matter before the Municipal Council on Saturday, and that body had passed a motion to put the necessary franchise by-law before the people. An informal discussion of the proposition followed Mr. Cawley's statement, and it was unanimously decided to go ahead with the undertaking. The Chairman, J. E. Menzies, and S. A. Cawley were appointed a committee to secure further information as to cost of the system and report at an adjourned meeting in two weeks. A committee, consisting of W. L. Macken and D. E. Stevenson, was also appointed to secure prices of different kinds of equipment from the manufacturers. In the meantime the canvass for further stock subscriptions will be vigorously pushed. Over $6,000 has been already subscribed, and there ought to be no difficulty in doubling or trebling this amount if necessary. Those who are back of the enterprise are confident of success and are determined that nothing shall turn them aside from its achievement.

INDUCTION SERVICE.

Rev. R. J. Douglas, B.A, Duly Installed as Pastor of Cooke's Presbyterian Church.

Impressive exercises were held in Cooke's Presbyterian Church on Tuesday evening last under the auspices of the New Westminster Presbytery, the occasion being the induction of the new pastor, Rev. R. J. Douglas, B.A. There was a large representation of the clergymen of the Presbytery present, and the congregation turned out in goodly numbers.

Among the visiting clergymen were Rev. J. S. Henderson of New Westminster; Rev. J. Knox Wright, D.D., of Vancouver; Rev. A. J. Logan of Eburne; Rev. W. M. Reid of Port Haney; Rev. C. M. McDiarmid of Mission City; Rev. P. E. Scott, lately of Wananesa; Man.; W. A. Riddell (Lic.), of Camp Slough, and the pastor elect. Rev. J. S. Henderson presided as Chairman of the Presbytery, and the preaching of the sermon fell to the lot of Rev. C McDiarmid of Mission, as the most recent addition to the Presbytery. Immediately after the sermon the formal induction was performed by the Chairman, according to the prescribed ritual of the Presbyterian church. Rev. W. M. Reid of Port Haney, then gave the charge to the new pastor, and Rev. A. J. Logan followed with the charge to the congregation. Both addresses contained much salutary advice, calculated to prove helpful to pastor and people in their mutual relations.

Mr. Douglas comes to his new charge with a reputation for strength both as a pastor and a preacher, and large hopes are entertained for the church's future under his leadership.

Cough Remedy

The Children's Favorite

---CURES---

Coughs, Colds, Croup and Whooping Cough.

This remedy is famous for its cures over a large part of the civilized world. It can always be depended upon. It contains no opium or other harmful drug and may be given as confidently to a baby as to an adult

Price 25 cts; Large Size, 50 cts.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If it's painful periods with women, same cause.

If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets

"Melotte" CREAM SEPARATOR

The Melotte is the most efficient Cream Separator yet produced. The "Melotte" is sold absolutely on its merits. The "Melotte" skims cleaner, turns easier, and will last longer than any cream separator in the world.

WHAT DAIRY FARMERS

ARE LOOKING FOR :

The Hand Separator which will most efficiently separate with the least amount of labor, the largest quantity in the quickest time, the easiest to clean and manage, and most durable and safe. A trial will convince the most skeptical that the "Melotte" is the machine which best fulfils all these conditions.

The Happiness of Home.

Very largely depends on the mother's disposition; if she is animated and bright, everyone is happy; but if she is nervous, irritable and cross—everything goes wrong. Bright, cheery women usually use Ferrozone, the greatest health-maker known. By acting through the blood Ferrozone is able to reach all the organs that need assistance; it establishes regular and healthy action of all functions, builds up the general health, fortifies the system with a reserve of energy that defies disease. Don't put off—Ferrozone costs only 50c. at any drug store. Get it to-day.

At Rome

To the Editor FRASER ADVANCE.

Word pictures, after all, are but tame affairs especially when such a subject as the French and Italian Riviera is to be portrayed. "Isn't it grand!" "Isnt't it glorious!" were the exclamations that fell from our lips again and yet again, through that day, as we travelled from Marseilles to Genoa.

Toulon, the first city of importance, has an historic setting, and is said to be one of the finest fortified cities in France. In the harbor lay the French Mediterranean squadron. On the surrounding hills were many strong forts.

"The aristocracy of Britain spend the winter in Cannes," said a fellow passenger. We have still a vivid impression of a charming and aristocratic town and many a backward look we gave for another glimpse of beautiful villas surrounded by palm groves and orange orchards.

Nice, another fashionable centre, has long been celebrated for its exquisite climate and charming women. "The Battle of Flowers" is the event of the season, and as we looked upon the hillsides clad in violets and roses, at the magnificent palaces and charming villas, we wish we might have afforded a week in this delightful spot.

The lower Cormiche road runs from Nice through Villefranche and Monte Carlo to Mentone. The latter is another famed winter resort, but it is left for Monte Carlo to head the list. Three years ago we had the privilege of looking down on the captivating landscape from a point in the Upper Cormiche. Not a whit of that glorious panorama had faded from our memory. It was with fresh delight that we looked again upon this fairy land of incomparable beauty. Here, during the winter months, the wealth and beauty of the touring world congregate.

To visit the birthplace of Columbus was an ambition we gratified when we left the train at Genoa. This is a strong commercial centre and one of the busiest seaports of Italy.

And now we shall introduce our readers to Rome, Rome, "The Eternal City," and once proud mistress of the world. I shall not attempt to describe the places of interest. That I hope to do on canvas by and by. It will be enough for this time to enumerate a few of the most interesting sights. The Capitol is a fitting place to begin, and as we watched the she wolf pacing to and fro in her cage at the entrance to the courtyard, we recalled the legend of the founding of the city. Behind the Capitol is the celebrated Forum, acres of ruins, associated with many of the most tragic events in the political history of Rome. The Colliseum whose arena was oft times moistened by the blood of martyrs, stands hard by. The well preserved arches of Titus, Severus and Constantine are within a stone's throw. Overlooking all these is the Palatine

Continued from page 2

Hill covered with the remains of magnificent imperial palaces. Near the entrance to the Forum is the Mamertine prison, where Paul was incarcerated and not far off the Tarpeian Rock.

The Baths of Caracalla, the Pantheon, the Campagna and the Catacombs add volumes to the story told by the Forum of the history of ancient Rome.

The Vatican, the Pope's palatial palace, and the Basilica of St. Peter, the largest church in the world, are the modern attractions.

Just a word about the Convention—the world's fifth Sunday-school convention. It was held in the Methodist Episcopal Church, Via Firenze, Rome. The first session was one of welcoming addresses to the visiting delegates. Enthusiasm ran high when Miss Garibaldi, granddaughter of the famous General Garibaldi, welcomed the visitors on behalf of the Protestant young people of Italy. The father of the young girl was also present, and those of us who were permitted at the close to grasp the venerable old man's hand, esteemed it a privilege.

Sabbath evening session was quite unique. The different nationalities were grouped. In the centre were the Americans, who, by the way, wanted the Canadian delegates to swell their ranks. Instead, we sat on the right and were labelled "Britain and the Colonies." The French, German and Italian contingents were on the left. The singing of the three latter each in their own language, was very interesting.

Among the best speakers at the other sessions were Rev. F. B. Meyers and Rev. Campbell Morgan. The Convention was a great success and second only to the Jerusalem Convention of 1904. In our next we shall have a peep into Naples and Pompeii, then wend our way Britainward.

JEAN TEMPLAR.

It is a good saying that where there's a will there's a way; but while it's all very well to wish, wishes must not take the place of work.—Sir John Lubbock.

Bookseller—Here's a group of fairy tales that might interest you. Fair customer—No; I'm tired of fairy tales. I've been married for seven years.

I will Imail you free, to prove merit samples of my Dr. Shoop's Restorative, and my book on either Dyspepsia, The Heart or The Kidneys. Troubles of the stomach, heart or kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerves—mean stomach weakness, always, and the heart and kidney as well, have their controlling or inside nerves. Weaken these nerves and you inevitable have weak vital organs. Here is where Dr. Shoop's Restorative has made it's fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free book. Dr. Shoop, Racine, Wis. The Restorative is sold by H. J. Barber. 25-33

Advertising rates on application.

All matter intended for publication, as well as all business communications, should be addressed to the Editor and Proprietor, P. O. Box 296, Chilliwack, B. C.

J. GRETT MORGAN, - Editor and Proprietor.

NEW SUBSCRIPTION POLICY.

As announced a month ago in these columns we propose this month to inaugurate the new system of strictly advance subscriptions only. Ever since this paper came under the present management, nearly six months ago, we have been endeavoring to get ready for this change of policy. Repeated appeals have been made to our friends who happened to be in arrears with their subscriptions, and we are pleased to say that the large majority have responded. Since this is a small matter to each individual, however, quite a number have still overlooked it. In order that we may be able to put the new system into effect it is necessary that every subscriber should be up to date with his payment, since it is obviously unfair to give notice to one man that unless his expiring subscription is renewed his paper will be discontinued, while we are continuing to carry his neighbor with an arrearage of one, two or three years. In order, therefore, to bring about the necessary uniformity at once we have this week passed drafts through the bank upon all who are in arrears, and trust that they will assist us by honoring the same on presentation. At the same time we are notifying all whose subscriptions expire at the end of the present month, that unless we receive their renewals we shall assume that they do not wish to continue on our list. We trust that nobody will take personal offence at either of these steps, since none whatever is intended. It is not because we doubt the readiness or willingness of any of our patrons to pay the small amount asked for our paper, but simply a matter of the adoption of what we believe to be the best subscription policy in existence.

It only requires a moment's consideration to convince anybody of the advantages of the new system. By eliminating the extra office expenses, costs of collecting, losses, etc., we can as profitably give our publication for $1.00 per year in advance, as we could for $1.50 on the pay as you please plan. At the same time all misunderstanding as to payments and discontinuance of the paper will be obviated, and no person will hereafter have a complaint that he is being forced to pay for something which he did not want. At the same time the reduced price of $1.00 per year will place the paper within easy reach of all who really wish to have it. Thanking our large circle of patrons for their friendly co-operation in the past, we confidently anticipate a continuance of the same under the new system.

THE GLORIOUS TWELFTH.

Yesterday loyal Orangemen the world over assembled according to their custom to celebrate the victory of William III, Prince of Orange, over James at the Boyne. The largest gathering in this province was at Westminster, under the auspices of the Provincial Grand Lodge, while smaller celebrations were announced for different points too remote from the central place of meeting to make attendance practicable.

The day was fittingly observed by local members of the order by a picnic and sports at Rosedale. It is too early as we go to press to report the proceedings at any of these gatherings.

The annual recurrence of these demonstrations brings the Loyal Orange Association periodically into the limelight and calls attention afresh to the principles for which the Association stands. It also raises the question as to whether the institution has not outlived its usefulness. Unfortunately, too often in the past the public appearances of Orangemen have been of such a character as to misrepresent the avowed principles of Orangeism before the unimformed public. As with many other laudable institutions, thoughtlessness and ignorance on the part of certain of its adherents have done incalculable harm to the Orange Association. But no organization can fairly be estimated by the stupid utterances and unwise conduct of its least worthy adherents, however loyal their professions or enthusiastic their demeanour.

"Zeal without knowledge" was ever a dangerous thing. The true criterion by which the merits of an institution must be determined is its avowed principles as expressed in its constitution, and in the lives and characters of its most intelligent and worthy exponents.

Briefly stated the Orange Association stands for equal rights, both civil and religious, to everybody in the state, for loyalty to King and country and for the support of the principles and practices of the Christian religion. These are its three cardinal principles and anything which is not in harmony with them is not Orangeism. Contrary to prevailing opinion the organization has no quarrel with anybody on account of their religious beliefs or practices, except as these may conflict with its foundation principles. It is solely on account of the attempted encroachments of the Roman Catholic Church upon the liberties of others that Orangemen have been compelled to oppose her claims and efforts.

In olden days when the Papacy would compel acceptance of her doctrines by the stake and gibbet and inquisition, Orangemen fought her in liberty's name. Today when the same power would subvert our free institutions and propagate these same doctrines by state-supported, church-controlled parochial schools, a quarter of a million Orangemen in this Dominion protest as one man. Is there no longer need for such an organization? For answer we point to the perverted free school systems of New Brunswick, Nova Scotia, Prince Edward Island and Ontario, where convent schools are openly supported out of the public treasury, and to the new provinces of Alberta and Saskatchewan, where separate schools are being organized apace under the provision of the iniquitous Autonomy Bill. Can lovers of freedom and equal rights view with complacency these inroads upon our free institutions and condemn those who would raise the cry against them?

The wife of Colonel French, Commander of the Salvation Army on the Pacific Coast, has offered to go to the leper Island of Molokai, for mission work, and has expressed willingness to consecrate her life to the cause. Colonel and Mrs. French have five children, ranging in ages from 19 to 9 years. Col. French shares his wife's desire to spend the remainder of his life with the lepers.

An enthusiastic meeting of the Conservatives of the Lower Mainland, was held on Tuesday evening in O'Brien's Hall, Vancouver, to consider arrangements for a reception to Premier McBride. A strong committee was appointed and the Premier is likely to know that he is home when he reaches Vancouver. The reception is evidently to take the form of a rousing open air meeting, with a good band to enliven things, and an able array of speakers. The exact day of the Premier's return is not yet announced. S. A. Cawley was named as Chilliwack's representative on the reception committee.

A VACATION BEHIND A HORSE.

To most people the question of how to spend a vacation when it is limited to two weeks becomes a problem, but in the New Idea Woman's Magazine for August is an account of a novel outing which will solve the problem for many, as it may be followed out in any part of the country. Given a check of twenty-five dollars and a ten days' vacation, and here is a prescription that is warranted not to be regretted. Two women, who took a two hundred and forty mile drive through New England last spring tell of their trip and the necessary preparations made for it. They procured a horse for two dollars a day, piled a carefully selected wardrobe into a gunny-sack, seized their simple cooking outfit and made for the open road. The article, which is illustrated with photographs, is brimful of the out-door spirit and yet gives enough practical information to assure anyone of the success of a similar undertaking.

I'll stop your pain free. To show you first—before you spend a penny—what my Pink Pain Tablets can do, I will mail you free, a trial package of them—Dr Shoop's Headache Tablets. Neuralgia, Headache, Toothache, Period Pains, etc., are due alone to blood congestion. Dr. Shoop's Headache Tablets simply kill pain by coaxing away the unnatural blood pressure. That is all. 20-gauge steel may do for common furnaces, but nothing less than 14-gauge heavy sheet steel is considered good enough for the "Magnet" radiators.

This not only gives the "Magnet" radiators greater strength, more years of service, but far and away more heating power as well—which means they will radiate a greater degree of comfort-giving warmth than the usual lighter, 20-gauge radiators.

McClary's Magnet Furnace

Remember, too, that all bolts are on the outside, where they cannot be burned off by the heat. Neither is it possible for them to catch the soot and dirt, allowing it to lodge around them, interfering with the draft, besides rotting them off—an expensive fault of many furnaces.

"MAGNET" is built with the idea of outlasting other furnaces—and it lives up to the idea, too.

Built for wood, but will also burn coal.

Sold by enterprising dealers everywhere.

H. J. BARBER — DRUGGIST AND STATIONER

FRUIT PPOSPECTS.

Report From Ottawa Is Encouraging For the Dominion as a Whole

The Dominion fruit report just issued gives the yield prospectus for the year, of which the following is the summary:

June weather was favorable on the whole. Effects of May frosts now apparent, but tree fruits have not suffered much, except plums and cherries. Prospects for apples are encouraging. The pear crop is a medium full yield. The general outlook for plums is hopeful, but Japan plums have deteriorated, and British Columbia and Prince Edward Island crops will suffer. Cherries will be a fair crop; sweet varieties very light. Grapes are making good growth everywhere.

The lateness of the season has dislocated the small fruit trade most seriously. Strawberries will be a very short crop. The general outlook for raspberries is a light crop. Currants, especially red, are yielding well where bushes are protected from worms. There is less risk in growing the currant than any other of the small fruits. Gooseberries will be a medium full crop, and blackberries a medium one. The late spring has very seriously reduced the aggregate of tomatoes. One correspondent reports the loss of 500,000 plants.

Largest Organ in the Body.

Is the liver. Small wonder that liver troubles makes you feel so miserable. The symptoms are constipation, dizziness, indigestion, headache, feeling of depression and lack of appetite.

There is but one sure cure, — Dr. Hamilton's Pills. In every case they are successful. By relying on Dr. Hamilton's Pills you are sure of strong vitality, nourishing blood, bright cheery spirits. No longer will you suffer from disordered liver or kidneys. The marvel of this medicine is that it keeps you well—prevents and wards off sickness of every kind. 25c. per box everywhere.

Terrible Back Pains.

They fairly agonize your life. Something powerful and penetrating is needed. Doctors know of nothing so swift to relieve as nerviline, a strong, penetrating liniment made to cure just such pains as yours. Nerviline is very concentrated, about four times more powerful than ordinary liniments. In the worst cases Polson's Nerviline is extraordinarily good. All muscular pain flees before it. Nearly fifty years in use—a good recommendation surely.

OXYDONOR triumphs through merit—for years it has been the life guard of more than a million persons. It is the embodiment of the highest law known to human science. In it is concentrated the experience of the greatest scientist of the age. A labor of love for humanity.

No other agency for health has so many faithful friends—none other deserves so many.

OXYDONOR instills new life into the system; regenerates, reinvigorates and vitalizes every organ into the proper discharge of the function for which nature intended them. Its use brings vigorous health with all the physical activity that makes life worth living.

No matter what disease you have, this is h only natural cure for it. There is no danger, no pain, no doctor nor medicine in using **OXYDONOR.**

It will last a lifetime and serve the whole family. SEND TO-DAY for book Y, mailed free. Write us a description of your case.

INFLAMATORY RHEUMATISM.

Mr. Jas. Ansen, Rossland, B.C., Can., writes, March 11, 1901: "Some five years ago I got Oxydonor for my wife who was suffering from female weakness. After a week's use the doctor himself was surprised to find such a change, in fact it was enough to induce him to get an Oxydonor for his sister.

"A short time ago my wife had an attack of inflamma ory rheumati m. She could not walk and her joints were much swollen. She applied Oxydonor and before night the pains had ceased, and next morning there was very little swelling, and she could walk as well as ever. She had a similar attack before we got Oxydonor and was under a doctor's care for a month, and suffered agonies."

"It has cured me of a severe cold."

BEWARE OF DANGEROUS AND FRAUDULENT IMITATIO.

CHILLIWACK COUNCIL

A regular meeting of the Council of the Township of Chilliwack was held at the Court House, Chilliwack, on the 6th day of July, 1907, at 2.30 o'clock.

Present: The Reeve and all the Councillors.

The minutes of the last regular and adjourned meetings were read and on motion adopted.

Communications were received from the undermentioned and dealt with as follows:

Charles H. Evans rsquesting permission to take away timber from Evans road. On motion received and fyled, Clerk to notify him that request granted.

S. A. Cawley, and others, re Telephone Company. Mr. Cawley addressed the Council as to getting their permission to erect poles, etc.

Moved by Councillor Evans, seconded by Councillor Barrow: That a by-law be submitted to the people for granting the rights of the Chilliwack Telephone Company to erect poles, etc. over the highways therein. Carried.

H. Tryon re part of Prest Rd. After Mr. Tryon had addressed the Ceuncil. On motion, received and fyled.

W. A. Nevard, re slaughter house.

J. C. Henderson re slaughter house.

Moved by Councillor Jackson, seconded by Councillor Good: That the proper officials take the necessary steps to abate forthwith the nuisance caused by the slaughter house kept by Wm. Nevard in the Municipality of Chilliwack. Carried.

J. R. Trapper re Keith-Wilson Road. On motion (see below.)

R. J. Muirhead et al re license and permission to sell soft drinks. On motion received and fyled. Clerk to notify him that request granted.

M. Riley re Harrison St.

Moved by Councillor Evans, seconded by Councillor Wilson: That the communication of M. Riley be received and fyled and that the matter be left in the hands of the Reeve to repair, not to exceed $25.00. Carried.

J. R. Trapper re Harrison Rd.

Moved by Councillor Ashwell, seconded by Councillor Jackson: That Councillors Evans and Wilson and the seconder examine ditch on Keith-Wilson road with power to act and report at next meeting of Council. Carried.

John Parker re repairs on Parker Road. On motion received and fyled, Clerk to notify him that request granted.

C. H. Evans re bush cutting by J. D. Walker. On motion received and fyled and request granted.

E. H. Barton requesting cheque for $8.00 for damage for use of hay meadow as a road. On motion received and fyled and request granted.

Moved by Councillor Barrow, seconded by Councillor Evans: That tenders be called for brushing 40 feet, also logging and stumping 20 feet in centre of road beginning at trunk road, then following north line of A. Mercer's property through to Municipal boundary to connect with Government road. Carried

Moved by Councillor Ashwell, seconded by Councillor Wilson: That Councillor Jackson be authorized to spend $15 on grading and filling on Stanley Street.—Carried.

Moved by Councillor Barrow, Seconded by Councillor Wilson: That the Council gazette the road surveyed along the north line of A. Mercer's property, thence eastward to connect with Government road. Carried.

Moved by Councillor Wilson, seconded by Councillor Ashwell: That Pathmaster Charlton be granted $25.00 to expend on his road beat in blasting out stumps and straightening grade on the Bailey road.—Carried.

Moved by Councillor Wilson, seconded by Councillor Barrows: That the Board of Works let by public auction the cleaning out of the ditch through the Ashwell property from the Semihault to to the C. C. Road on Wednesday, July 17th, at 10 a.m. Carried.

Moved by Council Wilson, Seconded by Counsellor Jackson: That the repairing of the Sumas Trunk road at Mr. S. Toop's be left in the hands of Councillor Evans. Carried.

Moved by Councillor Wilson, seconded by Councillor Evans: That John Bond be granted the sum of $10 to expend in connection with the statute labor on his road beat.

Moved by Councillor Wilson, seconded by Councillor Evans: That John McDonald, Geo. Marshall and John Thompson be appointed pathmasters for the year 1907. Carried.

Moved by Councillor Barrow, seconded by Councillor Evans: That the Reeve and Clerk sign a cheque in favor of A. Ferguson for gravelling on Camp Slough and Chapman Road when same is reported complete. Carried.

Moved by Councillor Wilson, seconded by Councillor Evans: That Robert Houston be appointed pathmaster on the beat commencing on the east side of the Municipality to the southwest covering the McLellan property on the east end of Parson's road.

Moved by Councillor Good. Seconded by Councillor Evans: That A. Malcolm's communication be received and fyled and that he be granted $20 to grade the road.

Re R. Bustch requesting assistance in straightening a road. On motion received and fyled and referred to Councillor Barrow to adjust.

continued from page 6

J. H. Ashwell, P. H. Wilson, E. D. Barrow.

Moved by Councillor Ashwell, seconded by Councillor Wilson: That the Finance Committee's Report amounting to $301,13 be received and adopted. Carried.

BOARD OF WORKS REPORT.

The undersigned members of the Board of Works beg leave to report as follows:

That a contract was let to R. White to brush and grade the gazetted road around the south and west side of St. Thomas' Church cemetery, the old road having been closed by a fence. The amount of contract is $30 and we recommend payment of the same. J. H. Jackson.

I, the undersigned member of the Board of Works, beg leave to report as follows: That I have let the filling on cribbing on Sumas road to D. Chadsey for $5. J. A. Evans.

We, the undersigned members of the Board of Works beg leave to report as follows: That we let the fixing of culvert near Mr. Gillanders' to Ford Bros. for $40. Barrow—Good.

I, the undersigned member of the Board of Works, beg leave to report as follows: That I have let the clearing of the Patterson road of logs and stumps, 30 feet wide, to Wm. Hunt for $20, and the digging of the ditch on the same road to John Bond for the sum of $20, work to be done by Sept. 1. Geo. Good.

We, the undersigned members of the Board of Works beg leave to report as follows: We have let the following contracts—gravelling Sumas trunk road and Sumas Landing road to John Toop for 90c per yard, amount $225; gravelling S.S. road at McGillivray's to John Toop for 65c per yard, amount $25; gravelling S.S. road at Chadsey's to John Toop at 55c per yard, amount $50, including overseer; gravelling Ainsworth road to A. Murray for 34c per yard, amount $4.50 per day. J. A. Evans, P. H. Wilson.

All of which reports, were, on motion, received and fyled.

On motion, the Council adjourned to July 13 at 7 p.m.

The July issue of the Canadian Horticulturist was prepared especially for the fruit and flower growers of British Columbia. The articles on fruit growing should be of much value to growers in this Province. Among them are the following: "The Fruit Industry of British Columbia," by Maxwell Smith, Dominion Fruit Inspector; "Fruit Growing in the Okanagan Valley," by H. Gordon, of Vernon; "How British Columbia Fruit is packed," by B. T. Boies; "The British Columbia Fruit Growers' Association," by W. J. Brandrith, Ladner; "A Comparison Between British Columbia and Ontario Methods," by M. Burrell, Grand Forks; "British Colnmbia Fruit Notes," by P. P. Metcalfe, of Hammond, and a score of other articles of much interest. There are two or three editorials dealing with matters of great importance to our fruit industry, particularly the question of establishing a new fumigation and inspection station at Revelstoke. Fruit crop reports from all over Canada are a feature of the issue.

In the department devoted to market gardening, there are a number of articles such as: "Fungous and Bacterial Diseases of the Potato," by Douglas Weir, B. S. A., of the Macdonald College, Quebec; "Growing Squash," by A. McMeans of the Ontario Agricultural College, Guelph; "Melon Pests," by W. G. Horne, of Clarkson, Ont.; "Dust Sprays for Cabbage," and a valuable article entitled "Suggestions on Seed Selection."

For amateur flower growers, there is a wealth of practical information. An article entitled "Lawn and Garden Hints for July," comprises 50 pointers for the work in the home garden. Other articles are "Care of Gladiolus Flowers," by H. H. Groff, Simcoe, the noted expert; "Late Spring and Early Summer Border Plants," by Wm. Hunt, Ontario Agricultural College, Guelph; "The Peony of Value to the West," by C. D. Harrison, York, Neb.; "Care of Dahlias," "Keeping Cut Flowers Fresh," "Walks and Driveways," "Sweet Peas," "Cattleya Maxima," and various others.

After looking over the July issue of The Canadian Horticulturist, one wonders how the publishers (The Horticultural Pub. Co, Ltd., Room 90, Manning Chambers, Toronto, Ont.) are able to issue such an excellent publication at the rate of only 50 cents a year. Sample copies will be sent on request. Subscription price may he sent direct to office of publication. Adv. 26

Listen for the Bronchial 'Wheeze.'

It means that disease will soon attack the lungs. Wheezing is distressing to the sufferer and annoying to his friends. Nothing half so certain in bronchitis and throat trouble as "Catarrhozone"; it gives instant relief and cures even the worst cases. Bronchitis fairly flees under the magic influence of catarrhozone which cures so thoroughly the disease never returns. Other remedies may relieve, but "Catarrhozone" cures bronchitis, Catarrh, and throat trouble for all time to come. Sold everywhere.

J. O. Carlisle, wife and son, rode in on horseback from Glacier, on Tuesday, a distance of about 30 miles. They started yesterday for the Gold Basin Mine where they will spend the summer.

Look at this! To new subscribers we will send The Advance for one year and the Toronto Mail and Empire to Jan. 1, 1908, for $1.0 .

Rev. P. E. Scott, who has supplied the pulpit of Cooke's Presbyterian church very acceptably for several Sundays, left for the coast on Wednesday. He made many warm friends while in Chilliwack, who will wish him well in his future work.

Tin Top Jelly glasses 50c. a doz at Ashwell's. 25-26

Mr. and Mrs. John Crean and children, of the Guichon Hotel, New Westminster, spent Tuesday in Town. Mr. Crean remarked upon the advance that Chilliwack is making, and like all our other friends realizes that only better transportation is necessary to make our valley a paradise

A large number of Orangemen and their friends from the town and valley attended the picnic and sports held by the Rosedale Lodge at that place yesterday. We go to press too early to admit of a report of the day's celebration being given our readers this week.

Standing hay for Sale.—M. Mac Sween. 23tf

Fancy Clocks.—Thomas the Jeweler. 26-27

See our new Clubbing offer on page 4.

The Methodist Camp meeting closed on Tuesday evening. Although the day meetings were not so large as in former years, the attendance at the evening services was highly satisfactory.

MILLINERY—New summer hats, new skirts and blouses, gloves, flowers, etc., at Mrs. Carvolth's. 24-tf

Rev. J. H. White, D.D., who had been in attendance at the Camp meeting, left for his home in Westminster on Wednesday. The Dr. will soon start on an official trip of several week's up the coast.

New shipment Lace Curtains, all prices and sizes just arrived at Ashwell's. 25-26

There will be a meeting to-night at the home of David Greyell, Rosedale for the purpose of organising a literary society. A good deal of interest is being taken in the project and the movement promises to succeed.

There will be an open air concert given by the Girl's Club and the Football Club of Camp Slough, on the evening of Friday, July 26th. Refreshments, etc. Watch next week's paper for particulars. 26

Rubber Rings for Jars, 3 doz. 25c, at Ashwell's Dept. Store. 24-29

Rosedale is to have an up-to-date threshing machine this summer. Wm. Braithwaite has just purchased a complete outfit, consisting of a 17 h. p. portable engine and a peerless separator with blower and feeder attached. This makes three outfits of the kind in the valley.

Sewing Machine Needles and Oil at Ashwell's. 24-29

The Royal Bank of Canada have just received from Messrs. J. & J. Taylor, the well-known safe manufacturers, of Toronto, a nest of safety deposit boxes, which are now installed and open to rental by the public. The boxes which will be rented for the sum of $5.00 a year are open to a customer any time during office hours 26-27

Chilliwack Co-operative Association. See us before buying your binder twine. 26

Fruit Jars, all sizes, at the Chilliwack Co-operative Association. 26

Miss Grace Brown is spending a few days with her brother in Westminster.

Hay fork rope, pitch forks, and pitch fork handles at the Chilliwack Co-operative Association. 26

L. W. Paisley made a business trip to Upper Sumas, Abbotsford and the coast cities this week.

Just arrived, a fresh car of flour and feed, at the Chilliwack Co-operative Association. 26

Maxwell Stevenson went to Westminster to be present at the Orange celebration yesterday.

The latest report has it that a race has been arranged between the B. C. Telephone Co. the B. C. Electric Rail way Co. and the millenium. All three are headed this way and bets are even.

Charlie Houston is making very encouraging progress toward recovery. Miss Peters is still in attendance.

W. H. DeWolf left this week for the eastern provinces en route to England. Mr. DeWolf will visit his old home in Nova Scotia "near to the Basin of Minas," and will renew his youth in the land of Evangeline. Later he will sail from Halifax for London, where he spent several years in business. He expects to be gone several months.

Messrs. Peters and Davies shipped fifteen tons of cherries to the New Westminster Cannery last week, and handed cheques for the same to the growers early this week. As the entire week's shipments brought from four to five cents per pound, these cheques aggregated between $1200 and $1500. Messrs. Peters and Davies will continue to act for the Westminster Canning Co. throughout the entire season.

A serious blaze occurred at the landing Reservation about one o'clock Tuesday morning, by which Chief Harry Steward lost his house and its entire contents. In fact the family had a narrow escape, and would probably have lost their lives but for the intervention of Ed. Mussel, wha burst in the door and aroused the sleepers. Mussel had been spending the evening at Steward's and went to his own house about ten o'clock. He lay reading for considerable time after going to bed and suddenly noticed a light shining into his room. Getting up he saw the Steward house ablaze, and rushed over just in time to save the family. How the fire started is a mystery, since there had been no fire in the house after six o'clock.

Mrs. W. T. Jackman and children returned from Vancouver on Tuesday evening, and reports that Mr. Jackman is progressing favorably toward recovery since his operation of last week. If all goes well he will be able to return home next week.

Mrs. J. H. Peters and two children returned from Ontario on Thursday and are guests at the Dominion Hotel for a few days.

Summer Corsets 50c. pair, at Ashwell's. 25-26

Mrs. C. L. Royds will receive at the residence of Mrs. Capt. Royds, Westminster St., east, on Tuesday and Wednesday afternoons, the 16th and 17th July, from 3 to 5 o'clock.

As we go to press, word has been received that Premier McBride will arrive at the coast this evening on the Imperial Limited. He will first go to Westminster, where he will be welcomed by a demonstration with procession and band accompaniment. Then he will pass on to Vancouver, where the larger demonstration will take place, after which he will board the 11.30 boat for Victoria. As the Imperial limited is usually late, it is likely to mean pretty quick work all round, but the welcome will be none the less hearty. S. A. Cawley expects to go down to-day in order to represent Chilliwack.

Our reference to the appearance of smoke or steam issuing from the summit of Mount Baker has awakened a good deal of local interest. One of the old timers here tells us that about thirty years ago there were evidences of considerable activity about the old crater. Volumes of smoke were emitted and at a certain point the peak of the mountain seemed to fall in, leaving a flattened appearance with jagged edges. Ever since that time there have been manifestations of more or less heat at times. Mr. Dundas has been continuing his observations this week with a good glass, and has noticed the appearance of a dark patch near the summit as if the snow had been melted away. J. O. Carlisle who is familiar with the district says that there are several places near the summit of Mount Baker where a certain amount of heat can be detected almost any time. Steam in large volumes rises from these spots at times. This doubtless explains the recently observed cloudlike emanations.

There is a movement on foot to exclude cattle from the prize list of the forthcoming fair, and we understand that the matter will be considered by the directors today. What the special object of this proposal is we are not informed, but we cannot but think that such a step would be a grievous mistake. The rapid development of the dairying industry in this valley within the past few years has placed us in the front rank for dairy products on the markets of the province. Having won this enviable position by dint of perseverent endeavor, it would seem no time now to abate our efforts in the least. Nothing which could in any wise contribute to the improvement of our dairy stock ought to be omitted. It would seem fitting and businesslike that cattle should continue to be given large place at our fall fairs. It is to be hoped, therefore, that the directors of our agricultural society will consider the matter before taking such a radical step as is proposed.

For many months past mild types of measles and scarletina have beon working their way quietly through this community. So far as the general public is concerned very little, if any, attention has been paid to either disease, and we are not aware that any serious results have followed. However, this is more a matter of good fortune than of good management, for it is a well known fact that the mildest forms of disease often suddenly develop into malignant types in certain cases. It seems about time that precautionary measures were taken by our local Board of Health to protect the health of the community under such conditions. Individuals and families affected with any contagious disease should be strictly quarantined as soon as the disease is detected and not allowed to scatter contagion broadcast in the community.
