

DEUTSCHES KONSULAT

MONTREAL, den 16. April 1937

Z. Deutsche Zollbest.

*sh 16/4.*

Urschriftlich nebst Anlagen

dem Deutschen Konsulat

T o r o n t o  
-----

ergebenst zurueckgesandt.

Es wird sich empfehlen, der Firma Toronto Type Foundry Co. Limited folgendes zu antworten:

"In order to obtain free customs entry for the returned printing machine, it will be necessary for the consignee to prove to the German customs authorities that the machine shipped is identical with the product of Messrs. Kohlbach & Co. consigned to you. For this purpose it will be advisable that you attach to the shipping documents the original invoice from Messrs. Kohlbach as well as a declaration signed by your firm, to the effect that the machine invoiced in Kohlbach's invoice is identical with that now shipped.

For your information I beg to say that German customs duties are levied according to the weight, and not according to the value of the merchandise.

I have no doubt that Messrs. Kohlbach will be in a position to identify the particular piece of machinery with the German customs."
