OUR TOWN.

Golden, on the main line of the Canadian Pacific Railway, at its connection with the steamboat navigation of the Columbia river; the mineral and commercial centre of Eastern British Columbia; headquarters of the Golden Smelting works, the Upper Columbia Navigation Co., and lumber industry; the outlet for the widely known and far famed agricultural and grazing land of the Columbia & Kootenay Valleys; unrivalled for scenery of all kinds; the distributing point for the richest mineral country on the continent.

LOCAL JOTTINGS.

The beautiful made its appearance in our midst last Saturday night.

Mr. W. Carlin, of Carlin & Durick, Fort Steele, spent a few days in town this week.

The Kicking Horse is closing in rapidly, owing to the lowness of the water.

See my Silverware for Xmas Holidays. Buy before the choice is gone.

CHAS. A. WARREN.

Work on the Methodist Church is being pushed ahead as rapidly as the weather will permit.

Mr. C. A. Warren has a fine display of silverware, suitable for holiday gifts First come first served.

An addition has been built to the west end of the C.P.R. platform which will much facilitate the delivering and receiving of freight at the depot.

Snow fell heavily all day Thursday and Friday, and the snowfall at present is greater than at any period last year.

The first and last game of football of the season was played last Saturday afternoon in front of the Kootenay House. No goals were scored, the game being more "freeze out" than football.

Next Thursday evening, Nov. 19th, the Hospital Ball takes place and it behooves our good citizens to be on deck on that occasion. Special arrangements have been made for music and a first class programme has been prepared and a gala time is anticipated. A large number of visitors are expected from Field, Donald and Beaver.

At a meeting of the curling club held on Friday evening, Nov. 6th, the following skips were elected for the ensuing season: W. McNeish, C. A. Warren, H. G. Parson, G. Woodley, F. P. Armstrong and D. M. Rae. It was resolved that all membership fees must be paid by December 1st. All arrangements in connection with the season's play were left in the hands of the executive committee. A few of the more enthusiastic curlers have been doing some good work this week, putting the rink in shape. The indications are that the "roarin' game" will be a popular pastime in Golden this winter. The Bryan & Lee Trophy is on exhibition at C. A. Warren's store.

Sore throat. Any ordinary case may be cured in one night by applying Chamberlain's Pain Balm as directed with each bottle. The medicine is also famous for its cures of rheumatism, lame back and deep-seated and muscular pains. For sale by Druggists Langley & Co., Wholesale Agents, Victoria and Vancouver.

Messrs. Langley & Co., druggists, Victoria and Vancouver, will tell you that no one is better qualified to judge of the merit of an article than the dealer, because he bases his opinion on the experience of all who use it. For this reason he wishes us to publish the remarks of other dealers about an article which they handle. Messrs. C. F. Moore & Co., Newberg, Ore., say: "We sell more of Chamberlain's Cough Remedy than all others put together, and it always gives good satisfaction." Mr. J. F. Allen, Fox, Ore., says: "I believe Chamberlain's Cough Remedy to be the best I have handled." Mr. W. H. Hitchcock, Columbus, Wash., says: "Chamberlain's Cough Remedy sells well and is highly praised by all who use it."

Crow's Nest Coal Fields.

When the Crow's Nest Pass rail way is built it will open a market for thousands of acres of coal lands, and the public would like to know how it is that prospectors cannot get in and take up some of these rich deposits. The reason is as follows: For years past various land improvement, railway and canal charters have been issued to companies, principally composed of Victoria men, for this section of the country. Land grants were attached to the schemes for holding valuable lands that should be open to the people. These companies are practically dead and nothing has been done to entitle a few men to such a valuable monopoly. It is true that a canal with a big land grant attachment was dug but it is now filled with water. We protest against giving such a bonanza as the coal fields of the Crow's Nest Pass to men who hold some kind of a charter upon which nothing has ever been done to earn these valuable lands. They belong to the people and if land grabbers are allowed to shut everybody out it will be an outrage that should not be permitted by the free and untrammeled citizens of this great and glorious country. Wake up people and see that you get your rights in this matter.—New Denver Ledge.

A Strange Accident.

North Bay, Nov. 6.—Percy Bruce Wallace, of Brantford, was here the other day on a shooting expedition. He had been out shooting in the woods and returned to a farmer's house in the neighborhood, where he was spending a little time and paying a visit. He entered the house and sat down. By and by a farmer came driving along with a wagon, in which he was sitting. The road passed close to the frame house where Wallace was. Just when the farmer's wagon got opposite the house a loud report was heard from the wagon. An old fashioned rifle had been lying in the bottom of the wagon. The end of the lines which the driver held had got mixed up with the trigger of the gun, which was lying at full cock, and as the lines tightened, it went off, and the bullet weighing an ounce and a half went right through the side of the house into the apartment where Wallace was sitting, and striking Wallace in the wrist, went up through his arm into the elbow and came out there, leaving a terrible wound.

A Sensational Report.

Toronto, Nov 6.—The World has a special from Montreal, which says there appears to be little doubt, in the minds of well-informed politicians that the object of Sir Charles Tupper's visit to England is for the purpose of using every possible means of securing the recall of Aberdeen from the governor-generalship of Canada. Another thought that also springs into the public mind in this city is that Sir Charles will succeed in his mission. The Liberals are likewise troubled over the matter for the following reason has been whispered around. His Excellency refuses to sign any order-in-council, dismissing an official, unless a cause other than political can be shown, consequently the Liberal workers, who have been promised good fat jobs are now abusing the governor whom they blame for their ill luck. They loudly assert that Aberdeen first sided with Laurier, and seeing he offended the Conservatives, is now endeavoring to fix it up by keeping the Liberal rank and file from well earned reward.

Mrs. W. B. Meek, who resides at Camptonville, Cal., says her daughter was for several years troubled at times with severe cramps in the stomach, and would be in such agony that it was necessary to call in a physician. Having read about Chamberlain's Colic, Cholera and Diarrhoea Remedy she concluded to try it. She found that it always gave prompt relief It was seldom necessary to give the second dose. "It has not only saved us lots of worry and time," she says, "but also doctor bills. It is my opinion that every family should have a bottle of this remedy in the house." For sale by Druggists Langley & Co., Wholesale Agents, Victoria and Vancouver.

Mrs. Castle is Guilty.

London, Nov. 6—The trial of Mr. and Mrs. Walter M. Castle of San Francisco, charged with shop lifting, took place at the Sessions House, Clerkenwell to-day. Mr. Castle was found not guilty and Mrs. Castle was sentenced to three months' imprisonment without hard labor.

A Touching Scene.

London, Nov. 7.—As previously announced Mrs. Walter M. Castle, of San Francisco, was sentenced on Friday to three months' imprisonment without hard labor, for shop-lifting. She pleaded guilty. The scene was a very distressing one. Thereupon at 11:45 the magistrates, who numbered 25 outside of the presiding judge, retired. At 12:01 p.m. the magistrates returned. Mrs. Castle was brought up from the cells with difficulty, sobbing violently. The judge in summing up said: "There is great trouble in dealing with this difficult case in which sympathy is almost intertering with justice." The judge then passed sentence of three months' imprisonment without hard labor upon Mrs. Castle, but added that he did so with the knowledge that the sentence would be reversed elsewhere The general impression that afterwards prevailed in court was that this means that the Home Office would shortly release Mrs Castle on her own recognizance. The unfortunate woman on hearing her sentence went into hysterics, shrieking: "Oh my God," "Oh my God" for nearly five minutes. She threw up her arms and staggered about muttering incoherently and then shrieked in wild agony. At 1:45, thanks to the attention of physicians, who administered sedatives to her, Mrs. Castle was calmer but tearful and was able to enter a cab accompanied by her husband and the chief jailor and started for Wormwood prison. The Associated Press has been informed that Mr. Castle was allowed to accompany his wife to the prison Upon arrival in the office she became violently hysterical again and seemed to be totally dazed The prison doctor immediately ordered her to be removed to the hospital. There was another painful scene when the husband came to take leave of his wife. Mr. Castle bore up well through the terrible ordeal and devoted himself to trying to console his wife, refusing to come and see her after as soon as it was possible. The doctor ordered a special diet for Mrs. Castle and asked to have the chief medical attendant at the prison summoned in the morning to take charge of Mrs. Castle's case. She was clad in the hospital garb and was given a comfortable bed, the nurses in attendance being specially instructed to treat her with great care. She became more calm later in the evening, although she constantly relapsed into hysterical outbreaks, crying, "Why don't some one take me home," "Where am I," "I don't belong here," "Will nobody help me." The prison doctor manifested great sympathy. He said: "This woman is not right. This is surely a case for the Home Officials."

A HANDY PROSPECTOR'S FURNACE.

The attention of Prospectors and Miners is called to the merits of a new improved apparatus, for testing and smelting various kinds of ores and minerals, also separating and refining base bullion, etc.

Manufactured by a chemist and metallurgist who thoroughly understands the wants of the assayer, the prospector, the miner, the chemist for laboratory test; for all furnace work, such as smelting, scorifying, coupelling, fusing in crucibles, testing of sampling charges, roasting, etc.

This furnace is built in two halves for easy transportation, is complete in itself, made of steel plate, with cast-iron slag and metal spouts, wind supply pipe and knock-down bottom.

It is of the cupola type, with extension when smelting ores; capacity 1000 to 5000 pounds per heat; also smaller size, capacity from 100 to 200 pounds per heat, according to the character of ores.

The Advantages in Practice are as Follows:

This furnace is constructed by and for a prospector, who requires a serviceable furnace, easily transported over a mountainous country by a pack burro, that is complete and ready to be set up at any dump of low grade ores, that otherwise will not pay to ship, and make his good pay out of one to two tons of ore a day.

On low-grade ores picked at the dump, this little furnace will pay for itself every week, besides wages and expenses. Let someone else do the risk in mining, and stick to a certainity.

What We Furnish and What it Costs.

A Handy Prospector's Furnace, 3 feet in diameter by 5 feet high, cupola type with knock-down bottom, made of No. 10 steele plate, and stiffened with angle-irons made in two half-circles for easy transportation, and then bolted together. Warning... $100 REWARD

It has come to our knowledge that certain persons, for the purpose of helping off their unsaleable stock of clothing, have taken our guarantee cards from the pockets of garments of our make and have put them in the pockets of other goods of inferior make, thus leading the purchaser to believe he was getting Shorey's clothing and thereby damaging our reputation.

We therefore wish to give notice to our customers and the public, that we will prosecute, to the full rigour of the law, any one whom we can prove to have done this, and we will pay a reward of $100.00 to the person who will give us sufficient evidence to convict any dealer of this offence.

H. SHOREY & CO., Montreal.

N.B.—We are spending a great deal of money to make the merits of our clothing known to the public and we insist upon dealers giving people what they ask for.

The McTavish Family.

Winnipeg Tribune: Mr. Donald McTavish, Mrs. McTavish and twelve children arrived in the city from Scotland, and never was a healthier looking family seen here. They were on their way to Nanaimo, B.C. Finding out that they had a short time to wait here they formed a procession, Mr. and Mrs. McTavish leading the way to a number of lively airs, which the former played on the bagpipes. The children marched behind in pairs according to ages, and the sight was so novel as to attract a good deal of attention.

Good Times Coming.

Montreal, Nov. 10.—George Hague, general manager of the Merchants Bank, just returned from New York, said business is already improving in the States and Canada is sure to benefit from the revival of industry. Our lumber trade will improve, and high tariff bill is certain to be passed.

A Bad Massacre.

Constantinople, Nov. 10.—The reports in circulation here on Thursday last that a massacre had occurred in an Armenian village near Kaisarieh, and that sixty persons had been killed, were exaggerated. On the contrary, the affair turns out to be more serious than at first announced. This massacre occurred in the village of Everek. One hundred persons were killed and nearly all the Armenian houses were pillaged.

Mrs. W. B. Meek, who resides at Camptonville, Cal., says her daughter was for several years troubled at times with severe cramps in the stomach, and would be in such agony that it was necessary to call in a physician. Having read about Chamberlain's Colic, Cholera and Diarrhoea Remedy she concluded to try it. She found that it always gave prompt relief. It was seldom necessary to give the second dose. "It has not only saved us lots of worry and time," she says, "but also doctor bills. It is my opinion that every family should have a bottle of this remedy in the house." A Race War.

Toronto, Nov. 10.—There is the probability of the Canadian Pacific becoming involved in a war of rates with some American railroads. At a meeting to-day in Chicago are representatives of a number of western railroads, discussing future action in view of the competition of the Canadian Pacific on excursion and second class business from the North west to eastern Canadian points. The complaint is that by persistent manipulation the Canadian Pacific's Soo Line has managed to secure the bulk of the business. The western and eastern roads propose to join to meet the rates granted by the Canadian Pacific and will possibly cut beneath them.
