OUR TOWN.

Golden, on the main line of the Canadian Pacific Railway, at its connection with the steamboat navigation of the Columbia river; the mineral and commercial centre of Eastern British Columbia; headquarters of the Golden Smelting works, the Upper Columbia Navigation Co., and lumber industry; the outlet for the widely known and far famed agricultural and grazing land of the Columbia & Kootenay Valleys; unrivalled for scenery of all kinds; the distributing point for the richest mineral country on the continent.

LOCAL JOTTINGS.

"After the ball is over."

The Fort Steele stage left on time Tuesday morning.

We regret to state that the infant child of Mr. and Mrs. R. Love died on Tuesday last.

The weather continues cold, 40° below zero Thursday morning, and 47 below Friday morning.

Mrs. D. J. McDonald and family left on Monday's delayed train for Toronto where they will spend the winter.

The sitting of the county court which was advertised to be held last Monday was postponed until to-day.

The trains are still very irregular. The first through train for a week, arrived from Vancouver Monday night.

Thursday being Thanksgiving Day the public school was closed, and business generally was practically suspended.

Mr. Jack Hartley of Revelstoke, formerly of Golden, was in town this week. Jack has quite recovered from his illness and looks as well as ever.

The directors of the hospital have presented Nurse Monteith with a handsome parlor lamp as a token of the esteem in which she is held by them. The lamp was on exhibition at the ball and was much admired by all present.

The entertainment given by the children in the school house Wednesday afternoon proved a big success. It consited of songs, recitations, dialogues, etc., which were performed in a manner reflecting great credit on the performers, and also on their instructor, Miss McMillan. A large number of the parents and friends of the scholars were present and expressed themselves delighted with the excellence of the entertainment.

Sore throat. Any ordinary case may be cured in one night by applying Chamberlain's Pain Balm as directed with each bottle. The medicine is also famous for its cures of rheumatism, lame back and deep-seated and muscular pains. For sale by Druggists Langley & Co., Wholesale Agents, Victoria and Vancouver.

During the past few weeks quite a number of people have come to make Golden their home and among others, we understand, who intend to reside here, is Mr. Geo. S. McCarter a prominent barrister and a member of the well known firm of Lougheed & McCarter, Calgary. Mr. McCarter who recently visited Golden was much impressed with the town and thinks the future prospects of the town and district of East Kootenay are very bright,

Hospital Ball.

The hospital ball passed off on Thursday evening very agreeably, although the attendance was not so large as on former occasions, the number of visitors was very small, owing no doubt to the irregularity of the trains. The floor was in excellent condition and the decorations though not elaborate were tasteful and spoke volumes for the artistic eye and hand of the decorator. A little fire would have added greatly to the comfort of the dancers. The music provided by Messrs. Macpherson, Francis and Adler was pronounced very satisfactory. Dancing was continued until 3:30 a.m. when after the singing of God Save The Queen and Auld Lang Syne the company broke up. The following was the programme:

1. Lancers.
2. Waltz.
3. Military Schottische.
4. Jersey.
6. Saritoga Lancers
6. Waltz
7. Ripple.
8. Waltz Quadrille.

10. Two-step.

SATURDAY, NOV. 21, 1896.

TO RAILROAD TRAINMEN.

We praise our gallant soldiers and warriors who brave
The brunt of brilliant battles our nation's flag to save,
We deck the graves of martyrs and flowers round them twine.
That their memories may be wafted adown the stream of time.
And while we honor statesmen who frame our righteous laws,
And formulate enactments defending freedom's cause,
We still have silent heroes who no pretentions make—
The hardy railroad trainman; the twister of the brake.

The brakeman, like the soldier, when placed upon his post,
Has to do his duty, though life or limb the cost;
His train examined closely, the crossing orders read,
He then ascends the cupola for better view ahead;
He watches for the tunnel—a strain on every nerve,
He passes and approaches the trestle on the curve;
And when the grade descending his courage never shakes,
As he slides along the box cars and tightens up the brakes.

The brakeman braves the tempest, the hail, the rain, the snow;
Danger never daunts him—where duty calls he'll go.
Courageous and good-hearted, an appeal will never fail
To touch the tender feelings of the knight of the iron rail;
His failings may be many, he fails like other men,
But let us hope his charity will wipe away his sin;
He never slights a brother whom fortune's smile forsakes,
For a fond fraternal feeling binds the twisters of the brakes.

Nor must I fail to mention how sincerely we revere
The pluck and moral courage of the railroad engineer;
He risks no reckless running, each order must convince
The proved and prudent pilot of peasant and of prince.
God speed our sturdy firemen, those *foreigners to fear*,
Their smocks are dark and dusty, but their friendship's bright and clear;
And with the bland conductor let us have a cordial shake.
For he served his time, he tells us, a [illegible] the brake.

J. P. Boland, of Schreiber, Ont., in the Fort William Journal.

Mrs. W. B. Meek, who resides at Camptonville, Cal., says her daughter was for several years troubled at times with severe cramps in the stomach, and would be in such agony that it was necessary to call in a physician. Having read about Chamberlain's Colic, Cholera and Diarrhoea Remedy she concluded to try it. She found that it always gave prompt relief. I was seldom necessary to give the second dose. "It has not only saved us lots of worry and time," she says, "but also doctor bills. It is my opinion that every family should have a bottle of this remedy in the house." For sale by Druggists Langley & Co., Wholesale Agents, Victoria and Vancouver.

The Queen Delighted.

London, Nov. 21.—The Canadian High Commissionor, Sir Donald A. Smith, received the following note from the Queen's private secretary, Lieut.-Col Sir Arthur J. Biggs, dated Windsor Castle: "I am commanded by *the Queen* to beg you to be good enough to arrange that Her Majesty's best thanks be conveyed to those fruit-growers of the neighborhood of Hamilton, Canada, who kindly offered, thro you, for Her Majesty's acceptance, a beautiful consignment of their year's crop, which the Queen is glad to hear has been unusually large, and of excellent quality. The cases were received yesterday by the Master of the Household, and the contents are in perfect condition. Some of the fruit was served for Her Majesty's dinner and proved excellent. Thanking you for the trouble you have taken to ensure the *delicacy of the fruit*, I am, etc."

From Ottawa.

Ottawa, Nov. 21.—Ministers are considering the question of the hours of civil servants. Each department seems to have a different rule. It is probable that a lunch hour will be made compulsory and clerks be required to work from 9:30 a.m. to 5 p.m. Now most of them leave at four.

The Customs department has received two bags of gold dust valued at $10,000, the customs collections at Cudahy, Yukon district, up to January last.

The local Liberal organ, the Free Press, urges that ex-warden Fitzsimmons be appointed warden of the British Columbia penitentiary.

It is rumored that the vacancy in the Supreme court bench of British Columbia, which will be caused by the retirement of Hon. Justice McCreight will be filled by the appointment to the position of R. A. E. Irving, of Victoria.

Application is made to renew the charter of the Columbia & Kootenay Railway and build *branches* from the present line at the rate of 30 miles a year, commencing before July 1, 1900. Another company seeks power to build a line from Sayward to Penticton via Trail and Midway.

Exports for October show an increase of a million and a half, but the imports decreased a million ninety thousand. The exports for four months increased four millions and a half and the imports increased two millions a hundred thousand.

This furnace is built in two halves for easy transportation, is complete in itself, made of steel plate, with cast-iron slag and metal spouts, wind supply pipe and knock-down bottom.

It is of the cupola type, with extension when smelting ores; capacity 1000 to 5000 pounds per heat; also smaller size, capacity from 100 to 200 pounds per heat, according to the character of ores.

The Advantages in Practice are as Follows:

This furnace is constructed by and for a prospector, who requires a serviceable furnace, easily transported over a mountainous country by a pack burro, that is complete and ready to be set up at any dump of low grade ores, that otherwise will not pay to ship, and make his good pay out of one to two tons of ore a day.

On low-grade ores picked at the dump, this little furnace will pay for itself every week, besides wages and expenses. Let someone else do the risk in mining, and stick to a certainity.

Warning... $100 REWARD

It has come to our knowledge that certain persons, for the purpose of helping off their unsaleable stock of clothing, have taken our guarantee cards from the pockets of garments of our make and have put them in the pockets of other goods of inferior make, thus leading the purchaser to believe he was getting Shorey's clothing and thereby damaging our reputation.

We therefore wish to give notice to our customers and the public, that we will prosecute, to the full rigour of the law, any one whom we can prove to have done this, and we will pay a **reward of $100.00** to the person who will give us sufficient evidence to convict any dealer of this offence.

Provincial Politics

The following is an extract from a letter from Victoria, appearing in a recent issue of the Vancouver World:

"The feeling in political circles regarding the Provincial Government is that it must "get a move on," and that speedily, if it desires to retain the confidence of the electorate of the Province Of late but little has been heard of it, or the policy it intends adopting as regards the many requirements of the country now being pressed on the Premier and his cabinet. Hon. Mr. Turner is not in the best of health; neither is the attorney-general. Col. Baker has been absent for three months Hon. Messrs. Martin and Pooley are in their wonted good health. There is a report in circulation, whether well-founded or not, I am not in a position to state, to the effect that at least six or seven members, headed by a prominent supporter heretofore of the Government, is trying to prejudice the Premier, with the view of displacing him for a young barrister here, and a new set of ministers, all favorable to a gigantic project he has in hand. I can hardly credit its correctness; but as you demand news I give the foregoing to your readers for what it is worth, asking them, however, to keep their eyes open, as well as their ears, for there is a big Provincial political storm brewing, the consequence of which will baffle the shrewdest politician in the land."

Mrs. W. B. Meek, who resides at Camptonville, Cal., says her daughter was for several years troubled at times with severe cramps in the stomach, and would be in such agony that it was necessary to call in a physician. Having read about Chamberlain's Colic, Cholera and Diarrhoea Remedy she concluded to try it. She found [illegible] I was seldom necessary to give the second dose. "It has not only saved us lots of worry and time," she says, "but also doctor bills. It is my opinion that every family should have a bottle of this remedy in the house."
