MUNICIPAL ELECTIONS, 1901.

To the Electors of Greenwood City:

I have been requested by a large number of rate-payers to become a Candidate for the Greenwood Mayoralty, and in offering myself for election to such position, I desire to state that I am a member of no political faction in the city; nor can I in any way be censured for the bad or praised for the good deeds of the present council.

I ask the support of the electors as one who is anxious to assist in forcing Greenwood to the front rank of the interior British Columbia cities, and as one who desires to see done away with forever the wrangling and factionism that have existed for the past two years in municipal affairs.

On Wednesday evening, the 16th inst, at the Auditorium, I will avail myself of the opportunity to outline the course it will be my endeavor to pursue in civil administration, if elected to the mayoralty.

Yours very truly,
R. W. JAKES.

Greenwood, Jan. 11, 1901.

DUNCAN ROSS ESQ.,
Greenwood, B. C.

DEAR SIR:—In the Greenwood Times of Thursday last, appeared an article from your pen, declining to accept the invitation of Dr. Jakes to meet him at the Masonic building on the evening of January 16th, but offering a joint meeting at the Auditorium for that evening, and it being desirable that a representative meeting be held to discuss municipal affairs, Dr. Jakes has appointed a committe to meet your committee and choose an unbiase chairman to preside, and also to arrange other necessary details in connection with the meeting.

Any communication in respect of the above may be directed to the undersigned.

J. R. BROWN,
Secy. Jakes Committee.

PASTOR INDUCTED.

On Thursday evening of this week Rev. W. H. Anderson was inducted as pastor of the Presbyterian church. The services were held in the new church, and there was a large attendance of the congregation. The ministers present were Rev. Dr. Wright of Portage la Prairie, Rev. W. A. Rae of Columbia, Rev. J. A. Miller of Phoenix, and Rev. R. P. Murray of Midway. Dr. Wright addressed the congregation and Rev. J. A. Miller the minister. After the services were concluded a lunch was served by the ladies of the congregation, and an hour spent socially. The new pastor of the church has been in Greenwood only a couple of months, but in that time has become very popular with his congregation and the general public. The congregation has for the pa;t three years been laboring under difficulties, owing to the pulpit being supplied by students, who remained but a short time and then returned to college to complete their course. Under this system, before the people became acquainted with the minister, a change was made, and many of the members lost interest in church work.

Last night Rev. J. A. Miller was inducted into the pastorate of the Phoenix church. Tomorrow morning Rev. W. H. Anderson will preach in the Phoenix church and in the evening the newly inducted pastor.

ACCIDENT AT THE AH THERE.

Saturday last, James Smith was seriously injured in the shaft of the Ah There, Deadwood camp. One of the shots failed to go off, and he went down in the shaft, cut the fuse short and lit it. Before he reached the top the shot went off, damaged the sight of one of his eyes and otherwise injured him. He was brought down to the Greenwood hospital and his injuries attended to, and on Monday was sent to Spokane for treatment of his eye, R. Donagin of the local miner's union accompanying him.

A NEW BUSINESS CONCERN.

The past week final arrangements were made for the amalgamation of the business of the Russell Hardware Company, W. M. Law & Co. and Caulfield & Lamont. The new concern will be known as the Russell-Law-Caulfield Company, limeted, and will carry on a general mercantile business. The capital of the company is $100,000, in 100,000 shares of $1 each. Nearly all the stock has been subscribed by local capitalists. Two lots have been purchased on Copper street and a brick building, two stories, will be erected as soon as material can be placed on the ground.

Until a building is erected the business of the company will be carried on in the buildings now occupied by W. M. Law & Co. and the Russell Hardware Company. W. M. Law will be manager o, the company.

The principal stockholders in the company are Duncan McIntosh, James Russell, W. M. Law, Thos. J. Hardy and J. J. Caulfield, and ti will be financially one of the strongest business concerns in British Columbia.

CITY COUNCIL.

At the meeting of the city council Monday night there were present, the mayor and Aldermen Bannerman, Sullivan and Sutherland. Minutes of previous meeting were adopted as read.

A letter from the Bank of Montreal was read in regard to note drawn by the city in favor of the Greenwood Mercantile Company. It was moved that letter be received and filed, a renewal note drawn, and a cheque be issued for amount of interest.

Finance committee reported the following accounts correct:

Electric Co.	$103.45
Columbia Telephone Co.	12.00
L. H. Wright,	21.50
W. Cunningham,	14 10
H. McKay,	12.60
A. Larkins,	12.80
C. F. Alston,	100.00
D. D. Hardy,	38.75
W. M. Leysons,	1.75
Yale-Columbia Lumber Co.	18.46
B. C. Copper Co.	13.00
Harvey & Robbins,	32.50
C. Æ. Shaw,	20.00
L. Greenwood,	24.00
Wallace-Miller Co.	71.53
Gem Restaurant,	7.00
Bourk & Fera,	8.64
R. Wood,	25.75
Leamy & Gray,	20.00

The committee appointed to investigate charges preferred by W. B. Winnett against city officials, reported that there were no grounds for the charges. Report received and committee thanked and discharged.

Street grades Nos. 3, 6, 8, 10, 11, 12, 13, 14, 15 and 16 were adopted, and mayor and clerk instructed to sign them.

By-laws 50 and 55 were read a third time and by-law 51 finally passed.

The contract existing between Dr. Jakes and the city was annulled. Council adjourned.

KETTLE RIVER DISTRICT.

NEW COMMON LAW.

There is in one of the several amendments to the criminal code of Canada, that became of force and effect on New Year's day, material for much discussion—and much sarcastic and contemptuous comment on the part of the unregenerate.

This is the provision attached to the general law prohibitory of lotteries and similar enterprises, which provides that hereafter the ban of the law shall not be placed upon "raffles for prizes of small value at any bazaar held for any charitable or religious object, if permission to hold the same has been obtained from the city or other municipal council, or from the mayor, reeve or other municipality, wherein such bazaar is held and the articles, raffled for thereat, have first been offered for sale and none of them are of a value exceeding fifty dollars."

The principal underlying a common law should unquestionably be general in its applicability, and it is therefore not quite clear how the above secures a place in the statute books of Canada, or why a raffle should be any less reprehensible or more permissible when the proceeds are to be applied toward advancing the prosperity of some religious or charitable body than when (as is often the case) designed to pull some poor chap, whose affairs have gone wrong, out of temporary difficulties.

For example the possession of gambling utensils may now be held to be prima facia proof of guilty use, the amending law reading that

"When any cards, dice, balls, counters, tables or other instruments of gambling used in playing any unlawful game are found in any house, room or place suspected to be used as a common gaming house, and entered under a warrant or order issued under this act, or about the person of any of those who are found therein, it shall be prima facie evidence, on the trial of a prosecution under section 198 (or section 199,) that such house, room or place is used as a common gaming house, and that the persons found in the room or place where such tables or instruments of gaming were found were playing therein, although no play was actually going on in the presence of the officer entering the same under such warrant or order, or in the presence of those persons by whom he is accompanied as aforesaid."
—Province.

Wanted by a young lady, chamber work or house work. Apply A. 15, Miner office.

A. M. Whiteside, of Pringle & Whiteside, returned from a holiday trip to the coast the past week.

The West Fork sleigh road has been completed, and regular shipments of ore will be commenced from the Carmi next week.

Cunningham & Andersen, electricians, of Greenwood, have secured the contract for wiring and putting in electric light for the B. C. Copper Company's smelter.

The final meeting of the Jakes campaign committee will be held in the committee rooms on Tuesday evening, 15th inst. All friends and supporters of Dr. Jakes are requested to be present.

New York and Boston capital is reported to be after the Oro Denero mine, Summit camp, owned by the King Mining Company of Rossland. Last week the mine was examined and sampled by W. H. Thomas, a mining engineer of New York, whose clients are largely interested in the British Columbia Copper Company, owning the Mother Lode in Deadwood camp, and the 300-ton smelter nearly completed at Greenwood.

On the Emma claim, Summit camp, W. T. mith has a small force excavating ore from the big surface showing that was exposed by the grading of the railway. The ore will be sent down to the pyritic smelter for treatment. McKenzie & Mann, the multi-millionaire railroad contractors, and Mr. Smith own the property. No attempt for the present will be made to develop the claim at depth, as machinery will be needed for this purpose

Matt Bungert, of the Horseshoe restaurant, made an important find in a turkey the past week. It wasn't gold, or silver or diamonds; it was a bottle. The bottle in itself was not of much importance, but it contained a letter. The letter was from a young lady 18 years of age, good looking, refined and handy with turkeys. She can cook meals and pitch hay, make log cabin quilts and split rails, get out a washing before breakfast and conduct a revival service after supper, knit socks and chop cordwood, light the fires without indulging in condemnatory forms of expression, water the horses, milk the cows, and perform such other duties as may be considered requisite and necessary for the maintenance of a husband. She can also make "trousers". This is an accomplishment in which every woman in Ontario thinks she excells. She takes an old pair, folds them carefully, places them on the cloth to be manufactured, and cuts around. If they are for the old man, she cuts an inch or two wide of the original, and if for one of the boys she narrows down. Then the garment is put together, pressed, and worn to church by the victim next Sunday. Sometimes it fits in places, but more often it dosn't. The Miner would offer a word of advice to any young man in the city before committing himself with the young woman of the turkey, that he has an instrument properly drawn up by a lawyer, stipulating that the young lady renounces her right to make "trousers" now and hereafter. This is the one failing of the Ontario rural woman, and has contributed more to keep temperance organizations alive than any other cause.

SATURDAY, JANUARY 12. 1901.

THE municipal campaign may be considered as practically over in so far as committee work is concerned. Every vote in the city has been canvassed by both parties, and each party has formed an estimate as to the result, based upon a personal canvass. The Jakes committee feel confident of victory and we believe the members of the Ross committee feel just as confident. There will probably be not more than 300 votes polled, and the candidate receiving one half of that number will be elected. Three public meetings will be held next week—on Monday, Tuesday and Wednesday evenings. This will give the electors an opportunity of hearing all the candidates and judging for themselves.

IN the South ward Mr. Kane will not be a candidate. There are only four candidates in the field, Aldermen Cropley, Sullivan and Sutherland, and Mr. J. J. Caulfield. The three former will be judged according to their records in the council, and the latter must be judged as a business man, as he has not previously been a member of the city council. The business of the council will be ably attended to by any three of the four candidates.

IN the North ward Mr. W. R. McMann is mentioned as an additional candidate to those published in the last issue of the Miner. Mr. McMann is one of the large property owners of the city, has had considerable experience, is a practical business man, and has not been mixed up with either of the municipal factions. The other candidates are Alderman Bannerman, and Messrs. Ashcroft, Naden and Kirkwood. All of these gentlemen can be depended upon to work to the best interests of the city. As in the South ward, it is not a question of any great principles involved, but merely a personal matter with the electors. Alderman Bannerman is the only candidate who can be judged by his record in the council. The amount of money expended in his ward will prove that he has not failed in doing his duty to those who elected him a year ago.

THE matter is in the hands of the electors. If they wish to see a united Greenwood, if they wish to see the city prosperous, if they wish to see a man at the head of city affairs strong enough and independent enough to be above personal petty parish politics, they will vote for Dr. Jakes.

Two barber chairs—we have them at the O I C.

A BIG TUNNEL.

One of the greatest mining enterprises ever undertaken in British Columbia, or in fact in the northwest, will soon be commenced in the Slocan. It is the running of a tunnel through and under the land lying between the towns of Silverton and Sandon wholly for prospecting purposes.

The distance in a straight line between these two towns is cver six miles. To carry out this big enterprise large sums of money will have to be spent. It has been estimated that the outlay will probably exceed $5,000,000.

A mining company especially to carry out the proposed scheme has already been formed, but the names of the promoters and the name of the company have not as yet been made public. It has been stated, however, by those who are thoroughly acquainted with the proposition that the company has at its back an unlimited amount of capital and that the undertaking will be carried out in every detail.—Silvertonian.

For a good meal try the Gem Restaurant, Werner & Pittock, proprietors, Copper street.

NOTICE.

NOTICE IS HEREBY GIVEN that application will be made to the legislature of the Province of British Columbia at its next session for an act to incorporate an association to be known as the "The British Columbia Mining Association," the said association being founded for the following purposes, namely: First, to promote the arts and sciences connected with the economical production of valuable minerals and metals by means of meetings for the reading and discussion of practical papers and the subsequent distribution of such information as may be gained through the medium of publication. Second—the establishment of a central reference library and a headquarters for the purpose of this organization. Third, to take concerted action upon such matters as affect the mining and metallurgical industries of the Province of British Columbia, and to encourage and promote these industries by all lawful and honorable means.

Certificate of Improvements Notice.

PLUTO MINERAL CLAIM.

Situate in the Kettle river Mining Division of Yale District. Where located—In Deadwood camp, adjoining the Peacock mineral claim.

Take notice that I, Sydney M. Johnson, as agent for M. M. Welch, free miner's certificate No. B8,189, John P. Anderson, free miner's certificate No. B29,767, and Frederic Keffer, free miner's certificate No. B48,297, intend, sixty days from the date hereof, to apply to the Mining Recorder for a certificate of improvements, for the purpose of obtaining a crown grant of the above claim.

And further take notice that action under section 37, must be commenced before the issuance of such certificate of improvements.

Dated at Greenwood, B. C., December 20, 1900
51-9 SYDNEY M. JOHNSON

THE POUND OF FLESH.

The miners and prospectors who blaze the way through Alaska, contribute much of their earnings to the companies with whom they have to deal, for the reason that they cannot get supplies elsewhere, without taking them north themselves, says Mr. Branderbury, who arrived from the Copper River country a few days ago on the ship Mermaid. Giving an instance of what a large percentage of profit the American companies operating in the North require, he says that on a cheque drawn by the United States government, which he received while north, for $456.23, the company who exchanged it for him at Valdez, charged him 12½ per cent., and then paid him in Canadian money. He wanted some supplies, and getting his stores from them, he proffered payment in Canadian bills he had just received from them .They refused to accept these bills without 8 per cent. being paid for exchange.

Mr. Branderbury brought out with him some gold from the placers found on Chestachina creek, in the Copper River country. He says the country is rich, and he will go in again about three weeks hence. The mines are well up the Chestachina, about 275 miles from Valdes. The Mulligan claim, in which he has an interest, has secured a townsite at the mines. There are now about 125 people in the district, the majority having come out to Valdes for the winter. There were about 600 at Valdes. On Miller Gulch the claims were yielding from 40 to 62 cents to the pan. Capt. Abercrombie had offered $20,000 for one claim there.

Quite a number of drownings had occurred in the Copper River country, and many men were lost, says the returned miner. He saved the lives of two who had a narrow escape while at Valdes some months ago. The party, which was crossing Valdes harbor in a small boat, included More, McLachian and McFarlane. More was drowned, but Mr. Branderbury saved the other two with his sloop. Of this party headed by the drowned Mr. More. which totalled seven, two were drowned, one accidentally shot, and one died from natural causes Of the H. S. Smith party, two were drowned in the interior, one in the Kintina and another at the head of the Copper river. Within the month prior to his leaving. though, no fatalities were reported. The worst tragedy was that which occurred many months ago, when E. Logan and a party of eight were lost. Logan was found to have been frozen on the Glacier, but no word was heard of the others. A Chicago party of three who went up the Kiutina were also lost.

Mr. Branderbury says that not only is the Copper River country rich in gold, but there are large deposits of copper. He says the whole district is a most promising one.—Colonist.

BUSINESS DONE IN 1900.

The following are the customs and inland revenue returns for the year at Greenwood:

Value of dutiable imports	$137,166.00
Value of goods free	23.703.00
Total value of goods imported.	$160,869.00
Customs duty collected	$36,446.80
Excise duty collected	13,634.32
Total duty collected	$50,081.12

TO THE PUBLIC.

Having sold our business to the Russell-Law-Caulfield Co., Ltd., we desire to thank our friends and patrons for their liberal patronage during the time we have been in business in Greenwood.

The new firm will commence business on or about January 15th.

Until the three stocks have been inventoried, they will occupy all three stores as at present.

As soon as the inventories are completed, the Caulfield & Lamont stock will be removed to the Russell Hardware Company's store. and until their new brick block is erected, they will continue business at the old stores of the Russell Hardware Company and W. M. Law & Co.

Again thanking you for your courtesy in the past, and requesting a liberal share of your patronage for the new firm in the future, we are

Sincerely Yours.
RUSSELL HARDWARE CO.
W. M. LAW & CO
CAULFIELD & LAMONT.

SHELDON'S NEW BOOK.

A new book by Charles M. Sheldon, the famous author of "In His Steps," never fails to excite the interest of thousands of readers. "Born to Serve" is the title of the latest book by Mr. Sheldon, and the advance sheets indicate a very strong book indeed, one of thrilling interest to the thoughtful reader, one in which with a master's hand many of the cankers of social life, of domestic unhappiness, of the broader woman problem, of social reform at the vitals of society—are laid bare, with cultured delicacy, but none the less with graphic, unflinching truth. The Canadian rights have been secured by the Poole Publishing Company, Toronto, but as the story will not appear in book form for some time the publishers will run it as a serial in the Presbyterian Review, beginning with the issue of the 3rd inst., thus enabling the readers of that paper to have this most interesting work in advance.

We have everything in the market for the holiday trade. Gem Restaurant.

$85 for $45—Five-piece parlor set, almost new, at O I C second hand store.

MUNICIPAL ELECTIONS, 1901.

To the Electors of the Municipality of the City of Greenwood.

LADIES AND GENTLEMEN:—I am a candidate for the office of mayor at the approaching municipal election, and respectfully solicit your votes and influence During the campaign I will have opportunities of explaining my views at length. Briefly stated, I am in favor of the following:

The present state of city finances and the stringency of the money market make it impossible to enunciate a well defined policy of public improvements. An adequate system of waterworks is necessary and also some suitable plan of sewering the city, but these and other improvements must be deferred until the city is in a better financial position. I confidently believe that by the exercise of wise judgment, the finances of the city can be placed upon such a sound footing that necessary public works can be constructed without placing excessive burdens upon the present taxpayers.

The credit of the city must be restored and maintained. Litigation should be avoided, and I am in favor of an amicable settlement with those who have just claims against the corporation.

If Greenwood is to occupy the prominence to which she is entitled by natural advantage, the city must be brought into the closest touch with the surrounding mining camps. During 1901 every effort should be made to secure the construction of the tramway without imposing additional burdens on the ratepayers beyond those to which they are already pledged.

The strength of every city, particularly one situated in the heart of a mining district, lies in its workingmen and its future depends upon them. I am in favor of recognizing their claims to proper protection. I believe eight hours should constitute a legal day's work and this principle should be adopted by the municipality. Generally speaking, I am in favor of municipal work being carried on by day labor, but in the event of contract work being necessary, I would insist that contractors should pay the current wage.

I am opposed to the employment of Chinese and the encouragement of Chinese immigration and any power granted to the corporation by the Municipal Clauses Act should be exercised to the fullest extent in restricting their employment in the city.

The mayor's time should be devoted to the work of the city. I am not rich enough to do this without compensation and if elected will expect a sufficient sum to properly represent the city without loss to myself.

The first of each year estimates should be prepared giving each section of the city an equitable share of the expenditure and these estimates should be religiously followed.

I am your obedient servant,
DUNCAN ROSS.

LOCALS AND PERSONALS.

Vote for Jakes and a united Greenwood.

The skating ring has been well patronized during the past week.

A car of fruit will arrive for Bannerman Bros. on Wednesday next.

If you wish harmony in city affairs for the next year, vote for Jakes.

At Anaconda, on Monday, the 7th inst, the wife of J. L. Meikle. of a son.

W. J. Kirkwood, who has been ill for the past two weeks, is around again attending to business.

"Learning good lessons from bad men" is the subject of the sermon in the Methodist church on Sunday night.

There has been considerable activity in Morrison stock the past week. Local brokers report that there has been a large demand for the stock with very few sellers.

Cropley, Sullivan and Sutherland in the South ward. Ashcroft. Bannerman and McMann in the North ward. By voting for these you will secure a united Greenwood.

T. H. Patterson, formerly of the Kamloops branch of the Bank of British Columbia, arrived here the past week to take a position with the Canadian Bank of Commerce.

Mush for the mush eaters, beans for the bean-eaters, crushed corn for the Missourians, or anything else usually found in a first-class restaurant, at the Horseshoe, Copper street.

On Monday night last the following officers of the Boundary Cooks and Waiters Union, W. L. U., were installed by the retiring president, M. Bungert: Chas. Donaldson, president; Phil Rummel, vice-president; Angus Nicholson, secretary-treasurer; Fred Jinks, M. at A. The union is in good shape financially and otherwise. There are now only a couple of hotels in the city that employ Chinese help.

Books, Stationery, Wall Paper and Office Supplies.

A desk 'phone has been placed in the customs office by the Vernon & Nelson Telephone Company. This has been deemed necessary, owing to the large increase in business in Mr. Keith's department.

H. S. Turner, editor and publisher of the Cascade Record, was a visitor in the city the past week. Mr. Turner reports business improving in that town, and states that the Cascade Power and Light company will have their plant completed in the early spring

It has been arranged by the Jakes and Ross committees to hold a joint meeting in the Auditorium on Wednesday evening the 16th inst, instead of each party holding separate meetings. The Jakes meeting in the Masonic building has therefore been cancelled.

Sometimes "coming events cast their shadows before." Last week there was an election in the public school, a ballot being taken for the two candidates for mayor. Mr. Ross received 1 vote and Dr. Jakes 36. If the vote of the children is a reflection of the sentiments of the parents, ihe election in the city will be somewhat of a procession.

Greenwood Lodge No. 29, K. of P., held a reception Wednesday evening in the Masonic building, at which there were present about 100 persons. Cards occupied the attention of the guests the early part of the evening, and dancing the latter part. About 11 o'clock an excellent lunch was served by Werner & Pittock, of the Gem restaurant.

Tomorrow, Sunday, the fire bell will be rung for church services, at 10:30 and 10:55 in the morning, and in the evening at 7 and 7:25. This is to remind the public that there are five parsons in the city who are ready and willing to guide the erring in the right direction. The fact that the fire bell is being used for this purpose is not intended as a hint in reference to future reward and punishment.

F. J. Mitchell and Mrs. Mitchell arrived on Thursday's train. Neil H. Lamont and Miss Lamont also came by the same train. Miss Lamont will reside in the city with her brother. The report that Neil was married on the 4th inst inst was untrue. The Miner has an account against the two young men for $1.15, for payment of telegram from Moose Jaw, stating that Neil was married. They will kindly call at once and settle.

On Tuesday evening W. M. Law, D. D. G. M., of the Independent Order of Odd Fellows, installed the officers of Boundary Valley Lodge as follows: G. B. Taylor, N. G.; D. A. MacKenzie, V. G.; Fred B. Holmes, R. S.; Duncan Ross, P. S.; W. M. Law, Treas.; H. B. Munroe, C.; Wellington Elson, W.; Ralph Smailes, O. G.; J. P. Flood, I. G.; John Sauvey and M. Eilderman, S. S.; Thos. Gulley, R. S. N. G.; Neil Lamont, L. S. N. G. After installation a banquet was served.

Followlng were registered at the Imperial the past week: D. D. McLaren, Carson; Thos. Hardy, J. C. Olson, W. B. Wilcox, Phoenix; Geo. Riter, Copper camp; J. P. Vaunce, St. G. Harvey, Nelson; H. S. Turner, Cascade; D. Murray, J. R. Jacobs, S. Bennerman, Mrs. Jas. Kerr, J. Murray, Midway; Sidney Oliver, John Knowles, E. R. Birnie, city; I. A. Dinsmore, Fred Clark, Geo. Chapple, A. J. Clements, A. Savage, D. D. Munro, Dr. Kingston, Grand Forks; J. A. McCallum, Jeffry Hammar, Columbia; Scott McRae, Deadwood; F. W. Swinburn, Camp McKinney; F. J. Mitchell and wife, Moose Jaw; N. H. Lamont, Miss Lamont, Brandon, Man.; Dr. Reinhardt, Nelson

How is Your Eyesight?

I have made arrangements with

J. C. LANNERBERG,

the Eye Specialist of Rossland, B. C., to remain with me for some weeks. People with defective eyesight should not miss this opportunity.

There are many ailments due to defective eyesight, and many people suffer through life with headache and nervousness when relief can, in nearly all cases, be received by wearing a properly fitted pair of glasses.

Some people object strenuously to the wearing of glasses, especially by children, and express their fear that "if they once begin to wear them they are afraid they can never leave them off again." To fight against the assistance which art may supply in this direction is absurd. Why should not they be worn through life, if by their aid discomfort is removed and sight preserved, while through their lack, vision is indistinct, eye-pains or headache prevail, and the tendency is toward the destruction of the eye When the eyes feel tired through overwork a pair of glasses properly fitted will give instant relief, and such glasses in many cases need to be worn for only a few months, and the benefit experienced will more than pay for any imaginary discomfort from wearing glasses.

With twenty years' experience in correcting chronic eye trouble, he feels well able to give the very best of satisfaction in the work, and when no aid can be had in restoring lost vision he will truthfully say so. All work guaranteed. Consultation free.
