DR. JAKES ELECTED

Mayor of the City of Greenwood for 1901

WITH A MAJORITY OF TWENTY

Both Parties Gain a Victory—Election in Other Cities and Towns in the Province.

The result of the election Thursday did not cause any material difference in the atmosphere, although the contest was a warm one. The principal fight centred in the contest for mayor, and although both parties claimed a good majority the evening before election, the Jakes committee proved to be the better guessers. At the final count Tuesday night the central committee for Dr Jakes placed his vote at 157, of this number seven did not vote. After the meeting Wednesday night, two who had previously pledged themselves for the doctor, went over to Mr. Ross, and three more must also have changed.

From seven in the morning teams and canvassers for both sides were out working hard for their candidates, and every vote that could be induced to come was brought to the polls. The Ross committee had rooms in the building alongside the city hall, while the Jakes committee retained their old quarters on Copper street. The vote stood as follows:

FOR MAYOR.

Jakes,	145
Ross,	125
Majority for Jakes,	20

NORTH WARD.

Naden,	92
Miller,	73
Kirkwood,	66
Bannerman,	57

SOUTH WARD.

Caulfield,	109
Sullivan,	103
Sutherland,	83
Cropley,	79

IN OTHER PLACES.

ROSSLAND.

The city elections resulted in the return of C. O. Lalonde, for mayor, who defeated Harry Daniel by a majority of 29. The total vote for Lalonde was 442. In the First ward C. R. Hamilton and Thomas H. Armstrong defeated John Dean; in the Second ward F. W. Rolt and A. A, Mackenzie defeated J. H. Robinson and J. J. McKinnon; in the Third ward John. S. Clute and A. S. Macdonell defeated Samuel Forteath, Milo Munro and Thomas Embleton. It is generally conceded that the new city government is a strong one. Mr. Lalonde has been a city councilman, school trustee, is chairman of the school of mines and president of the board of trade. Messrs. Hamilton, Mackenzie and Clute were re-elected. The election passed off quietly, but was stubbornly contested by the candidates for the mayoraity.

KASLO.

The Green men knocked their opponents sky-high today in the city election, and put big Gus Carlson in mayor by a majority of.30 over Geo. T. Kane, who was supported by the G. O. Buchanan-board-of trade element The vote (218) polled was large, being but 32 less than was polled at the provincial election in June. The following were elected aldermen: Archer, Jardine, Hodder, Hartin, Papworth and Kennedy.

REVELSTOKE.

The election here resulted in making Tom Kilpatrick, one of the most popular employees of the C. P. R., mayor for 1901. His majority was 94. The aldermen are: First ward, W. S. Newman and F. McCarty, by acclamation; Second Ward, T. E. L. Taylor and H. J. Bourne; Third ward, William Nettle and John Abrahamson, by acclamation.

GRAND FORKS.

Two hundred and forty-nine ballots were counted for mayor, with the following result: White 159, Manley 90. The aldermen elected in Ward 1 are: W. J. Morrison, J. Temple and H A. Henderson; in Ward 2: John Donaldson, R. Harvey and W. H. Fisher.

PHOENIX.

The municipal election resulted in putting in the old mayor and council. They are Mayor Rumberger, and Councillors Dougall McInnes, Michael McBean, James Punch, James Marshall, James A. Clark and James A. Morrin.

SANDON.

H. H. Pitts was re-elected mayor. C. D. Hunter, E. R. Atherton and Robert McDonald were also re-elected aldermen. The new aldermen are: T. B. Folliett, E. A. Cameron and Dr. Gomm.

KAMLOOPS.

The municipal elections were keenly contested here The following will compose the city council of Kamloops for the ensuing yenr: M. P. Gordon, mayor: J. R. Michel and William Brown, aldermen for the First ward; James Gill and David C. McLaren for the Second ward; James L. Brown and William H. Evans for the Third ward.

VICTORIA.

Mayor Hayward and all the old aldermen were re-elected on Thursday.

BOUNDARY CREEK M. & M. CO.

The annual general meeting of shareholders in this company was held at Greenwood on Thursday afternoon, 17th inst. There was a fair attendance of shareholders in person and by proxy and the president was in the chair. The report of the directors and a statement of accounts together with the auditors' report thereon for the past year, were submitted and adopted. Four of the retiring directors, Messrs. D. A. Holbrook, D. W. Holbrook, J. W. Nelson and C. Æ. Shaw were re-elected, and E. Jacobs was elected as the fifth member of the directorate.

A special meeting was held afterwards to consider a proposal made by the London & Canada Syndicate. of London, England, to form a new company, with head office in England, to acquire the mineral claims and real estate of the local company and to extensively develop the more promising of these claims. The scheme proposed was explained in detail to the meeting, which unanimously adopted a resolution empowering the directors to sell the property and assets of the company.

Later the directors held a meeting and appointed D. A. Holbrook president, and E. Jacobs secretary-treasurer. A cable was sent to England notifying the London & Canada Syndicate that their scheme had been sanctioned br the shareholders.

THOUSANDS SENT INTO EXILE.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. Don't be an exile when Dr. King's New Discovery for Consumption will cure you at home. Its the most infallible medicine for Coughs, Colds and and all Throat and Lung diseases on earth. The first dose brings relief. Astounding cures result from persistent use. Trial bottle free at J. L. White's and Miller Bros'. Price 50c. and $1.00 a bottle. Every bottle guaranteed.

VIOLATION OF GAME LAWS.

On Wednesday evening last Provincial Constable Darraugh arrested Peter Greener, while driving into town with a quantity of venison. On Thursday morning Greener was brought before James Kerr, J. P., and fined $5 and costs for the offense, the magistrate stating that as this was the first offense of the kind he had known in this district he would act leniently, but should such another charge be brought before him, he would impose the utmost penalty of the law.

The meat was confescated and turned over to Chief McLaren to dispose of as he thought advisable.

IT GIRDLES THE GLOBE.

The fame of Bucklen's Arnica Salve, as the best in the world, extends round the earth. It's the one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boiles, Ulcers, Felons, Aches, Paines and all Skin Eruptions. Only infallible Pile cure. 25c. a box at J. L. White's and Miller Bros'.

PUBLIC MEETING.

The public meeting Wednesday night was well attended, the Auditorium being crowded. Mr. H. C. Shaw was chairman, and carried out the programme handed him by the joint committee to the letter. No personalties were indulged in by any of the candidates. This omission, we suppose, was largely due to ladies being present for the first time at a public meeting for the discussion of municipal questions.

Invitations are out for a ball to be given on the 14th of February by the members of Greenwood Lodge A. F. & A. M., in the Auditorium.

The Greenwood St. Andrew's Society will give a ball on the evening of the 25th inst, in the Auditorium.

BIG FIRE AT PHOENIX

Several Business Places Destroyed Thursday.

CLOSE SHAVE FOR THE TOWN

The Total Losses About Thirty Thousand Dollars—Insured for Thirteen Thousand.

Thursday night Phoenix was visited by fire, which for a time threatened the entire lower end of the town, on both sides of Dominion avenue. It started in M. McBean & Co's. store, spread west. lapped up the Imperial hotel and Baldwin block, and was finally, by the hardest of work, confined to these buildings. The money loss was about $35,000, with less than one-half that amount in insurance. One large item of damage was broken glass from the four powder explosions, used to blow up the buildings, and which undoubtedly saved the rest of that part of the city.

ORIGIN OF THE FIRE.

About 8:30 Thursday evening, N. D. Palorcia, the shoemaker, entering M. McBean's store, was invited to sit down. Suddenly he heard a crackling noise, and rushing up stairs they found a room in the back part of the building, used as a kitchen, one mass of flames. There was little for it but to save goods if possible, and water was a scarce article, and the new corporation has as yet nothing in the shape of a much needed fire brigade.

Mayor Rumberge and Chief of Police McMillan were early on hand to direct operations, with plenty of willing assistants, and it was decided to use powder to stay if possible the march of the voracious flames. Accordingly a charge was put into Alex Henderson's small jewelry shop, adjoining McBean's, to prevent the spread of fire to the east. This was effective to some degree. Then another charge was placed under the north-east end of McBean's store, as many buildings on the hill were threatened.

THE FLAMES MARCHED ON.

It was impossible to stop the fire by ordinary means—the only plan was to destroy its path. McBean's and the Imperial hotel, as well as Baldwin's building, were doomed. Nothing could save these structures and contents. It was only a question as to whether Black's hotel, Morrin & Thompson's and a row of two and three-story structures on the south side of the street could be saved. Hundreds of willing hands were using snow, with considerable success, to keep the buildings and roofs wet. Of water there was little or none, but of snow there was an almost unlimited quantity.

A third charge of powder was placed in the Baldwin block, and shattered that building to splinters, but still the flames mounted higher and higher, and men worked only the harder to protect the numerous buildings threatened. Dominion avenue was littered with merchandise, furniture and goods of all kinds, taken out of buildings on both sides of the avenue. Unfortunately there was little or no chance whatever of saving buildings on either side of the street.

LOSSES BY FIRE.

Imperial Hotel, E. Weeks,	$10,000
M. McBean & Co.,	13,000
Wm. Hunter Co., McBean bdg.,	2,000

SATURDAY, JANUARY 19. 1901.

The city elections on Thursday can not be claimed as a victory for either party. The supporters of Dr. Jakes won in the mayoralty contest, but lost Aldermen Bannermen and Cropley. The defeat of Alderman Bannerman can be accounted for by lack of organization. The supporters of Dr. Jakes voted all sorts of combinations instead of plumping for Bannerman, or voting Bannerman and Naden, while the supporters of Mr. Ross voted the straight ticket—Kirkwood, Miller and Naden. In the South ward, where the supporters of Mr. Ross had only one candidate in the field, they gave 44 plumpers to Mr. Caulfield. This was about the vote received by Mr. Ross in that ward. In this ward also the supporters of Dr. Jakes voted for the individual and not the ticket. The combinations were Cropley-Sullivan-Sutherland, Cropley-Caulfield, and Caulfield-Sullivan-Sutherland. The vote in each ward goes to refute the arguments of Mr. Ross and hss supporters that Dr. Jakes was brought out by the Hardy party. Personally we are sorry that Aldermen Bannerman and Cropley have been retired, as both were able and conscientious workers in the couneil. As a whole, the new council is a good one, and may be depended upon to look carefully after the city's interests.

As both parties in municipal politics can claim a partial victory, there is no reason why the feud should not cease, and all work harmonously for the best interests of the city. The supporters of Dr. Jakes should be satisfied in so far that they were successful in his election, and the supporters of Mr. Ross, having a majority in the council, should also be satisfied.

The candidate of the Labor party in Yale-Cariboo. Chris. Foley, has accepted a position on the Chinese commission, made vacant by the resignation of Ralph Smith, M. P. In other words he has gone over to the enemy. And yet people wonder why workingmen are not always enthusiastic over labor candidates.

The Nelson Board of Trade is not anything if it is not a political organization. Its usefulness has been killed because of its constant medling with questions that are political. At its last meeting a resolution was passed that in no way concerns the business interests of Nelson, and it was passed at the suggestion of men who want to score a point in politics. In every province in the Dominion, the supreme court has one place at which its sessions are held. In the province of Ontario, where there is surely as much litigation as there is in British Columbia, the supreme court sits at Toronto. But in British Columbia, a sitting is held at Victoria one month and at Vancouver the next month, yet these two places are not more than 80 miles apart. If this is a statement of fact, in what way are litigants saved expense because of the supreme court being required to be constantly on the move between Victoria and Vancouver. There might be reason in such an argument, were the sitings of the supreme court held at Nelson and Vancouver, two places 400 miles apart. Then litigants would possibly save something in the way of traveling expenses of their lawyers. The judges of the supreme court are unanimously against being required to sit at two places; they claim that it is not in the public interest to be required to do so; but, then, what signifies the opinions of such men as chief justice McColl and Mr. justice Walkem and Mr. justice Drake and Mr. justice Irving and Mr. justice Martin when they conflict with the opinions of the learned gentlemen who manipulate political questions at meetings of the Nelson Board of Trade.—Trlbune.

NOTICE.

NOTICE IS HEREBY GIVEN that application will be made to the legislature of the Province of British Columbia at its next session for an act to incorporate an association to be known as the "The British Columbia Mining Association," the said association being founded for the following purposes, namely: First, to promote the arts and sciences connected with the economical production of valuable minerals and metals by means of meetings for the reading and discussion of practical papers and the subsequent distribution of such information as may be gained through the medium of publication. Second—the establishment of a central reference library and a headquarters for the purpose of this organization. Third, to take concerted action upon such matters as affect the mining and metallurgical industries of the Province of British Columbia, and to encourage and promote these industries by all lawful and honorable means.

A PUBLIC LIBRARY.

The ladies of the W. C. T. U. wish to thank all who so kindly responded to the appeal for financial aid for the purpose of organizing a reading room in the city. We still need a number of monthly subscriptions and donations before the work can be undertaken, and feeling that many well-wishing citizens, with whom we have not had the pleasure of a personal interview, would be pleased to assist in this forward movement, we hereby invite all who have not already done so to take a "share" in this enterprise and place their names together with the amount subscribed or donated, on a subscription list which they will find at Miller Bros' drug store. Donations in the form of pictures, books, chairs, tables, rugs, games and subscriptions to magazines and newspapers are also accepted with due appreciation, and anv who desire to help in this way will kindly make it know by means of the subscription list at Miller Drug store.

This is to be a public reading room, (and we hope a nucleus of a public library,) supported by means of monthly subscriptions and donations; therefore we ask the financial and friendly support of every citizen, in order to make it a success and a credit to the city.

BRITISH COLUMBIA POETS.

It is doubtful if any section of the dominion of Canada can boast among its citizens a greater number of writers of verse who may rightly be counted true poets than can British Columbia. Whether it be that residence among hte majestic mountains, the odorous pines. and within sound of the surging sea is in itself an inspiration to higher and nobler accomplishments is subject for debate. Some will contend no doubt that the poet will find beauty and matter for idealization in any land or any surroundings. Given a poetic disposition, there must, however, be higher stimulus to noble accomplishments in such environments as this favored province boasts than are offorded in any other part of Canada. It is true that no "great" poet has yet arisen in this province to amaze and delight the wide world with his songs, and hearten the universe with his sweet philosophy. There are more than a few nevertheless who have written their names somewhere on the scroll of fame, and who may be looked to for further triumphs in the years to come. Of these Captain Clive-Phillipps Wolley no doubt stands at the head today, his spirited ballad of Britain—The Sea Queen Wakes—having stirred the pulses of Britons wherever the flag floats, and even so cold a critic as the London Times having ranked it with the best of Kipling's verse. Then there is Eric Duncan, of Comox, whose treatment of Norse legends is both scholarly and powerful—so much so as to call forth favorable comparison with the best classics from Prof. Goldwin Smith and others equally competent to speak. Mrs. (Dr.) Lefevre has brought credit to Vancouver by the graceful and much admired products of her pen, her style being both natural and picturesque. Up on Lemon creek in the Slocan lake district a certain Mr. Ferguson occasionally gives to the world samples of charming verse that evidence remarkable versatility, together with admirable choice of just the right words, his Drummonesque version of how Sandon "kep' de firs" being treasured in many scrapbooks, while his ode to the new century shows distinctly that his art rises above the level of comedy in verse. There is another true poet making his home at Duncan, on the E. & N. railway line. His "The Christmas Card," published about fifteen months ago, being a true gem of pathos, while other and later and further work distinguishes him as a humble member of the family that lovingly regards Eugene Field as its founder and its head. Miss Currie; "A.B." whose humorous work in The Outlook makes his anonymity the more regretable; J. F. Bledsoe, whose Gia-Wak contains some of the most beautiful samples of effective metaphor in recent work of the kind, besides which it marks the first endeavor to exploit the fertile literary field that the legends of the northern coast Indians provide; Mr. Taylor, of Victoria—half a dozen others might be mentioned. All have produced work that deserves to live. Best of all, they themselves are living, and the world of readers may reasonably hope to receive yet other verses from their pens.—Province.

Grand Forks Gazette: "Another of the pencil pushers of the Boundary has succumbed to the charms of matrimony, C. M. Crouse, of the Midway Advance, having gone east to take until himself a better half. The Gazette wishes the lucky man much joy. This only leaves two of us, Bre'r Grier; which one will go under first." The Miner concedes the right of way to the Gazette.

An editorial philosopher of Toronto asserts that "most ancient custom requires that on the first day of a new century the ladies are required to kiss their New Year's callers." Its only an eastern man who would be mean enough to keep the knowledge of such a cinch as this to himself until it was too late to be useful! But just to think of what's been missed ! ! ! —

Bannerman Bros. have just received a carload of fine apples; $1.90 per box.

A DEEP MYSTERY.

It is a mystery why women endure Backache, Headache Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phebe Cherley, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and although 73 years old, I now am able to do all my housework." It overcomes Constipation, improves Appetite, gives perfect health. Only 50c. at Miller Bros'. and J. L. White's drug store.

Two barber chairs—we have them at the O I C.

How is Your Eyesight?

I have made arrangements with

J. C. LANNERBERG.

the Eye Specialist of Rossland, B. C., to remain with me for some weeks. People with defective eyesight should not miss this opportunity.

There are many ailments due to defective eyesight, and many people suffer through life with headache and nervousness when relief can, in nearly all cases, be received by wearing a properly fitted pair of glasses.

Some people object strenuously to the wearing of glasses, especially by children, and express their fear that "if they once begin to wear them they are afraid they can never leave them off again." To fight against the assistance which art may supply in this direction is absurd. Why should not they be worn through life, if by their aid discomfort is removed and sight preserved, while through their lack, vision is indistinct, eye-pains or headache prevail, and the tendency is toward the destruction of the eye When the eyes feel tired through overwork a pair of glasses properly fitted will give instant relief, and such glasses in many cases need to be worn for only a few months, and the benefit experienced will more than pay for any imaginary discomfort from wearing glasses.

With twenty years' experience in correcting chronic eye trouble, he feels well able to give the very best of satisfaction in the work, and when no aid can be had in restoring lost vision he will truthfully say so. All work guaranteed. Consultation free.

LOCALS AND PERSONALS.

M. E. Miller and Mrs. Miller left this week for a trip to Walla Walla, in Eastern Washington.

C. H. Vedder returned this week from the Coeur d'Alenes, where he had been a witness on a mining case.

Clive Pringle, of the firm of Pringle & Whiteside, left Thursday last for a visit to his old home in Coburg, Ont.

The late E. A. Bielenberg was to have been married to Mrs. C. H. Shepley, widow of the late Captain Shepley, this month. Mrs. Shepley has charge of the rooms in the National building.—Com.

R. G. Sidley, J. P., of Sidley, B. C., was a visitor to the city the past week. Mr. Sidley is one of the oldest settlers in the Anarchist mountain district, and has acted as a justice of the peace for the past five years.

J. C. Lannerberg, the oculist, returned the past week from Grand Forks, where he has been doing a rushing business. He will remain in Greenwood for the next three or four weeks. His office is in J. L. White's drug store, Copper street.

E. Jacobs left for the coast today. Mr. Jacobs is preparing an article on the mining industry of British Columbia, for Eastern parties interested in mining, and in order to make the article complete it was necessary to visit the provincial mineralogists' office at Victoria.

Three shrill whistles from the compressor at the Brooklyn mine, gave a general alarm, and business men and miners off shift, were soon rushing to the scene of the fire, to save whatever could be dragged out of the burning buildings. By this time the entire upper floor of McBean's building was a roaring furnace, belching forth from the front and rear, and it was evident there was great danger of the entire built up portion of Dominion avenue being swept away on both sides.

J. L. COLES,
Books, Stationery, Wall Paper and Office Supplies.

We have to apologize to our readers for the delay in issuing this week. This was caused by having to issue a campaign sheet the day previous to election, made necessary in order to refute misstatements made in a special issue of the Times published on the 14th inst. However this issue is much nearer on time than the majority of our subscribers. Since the last notice appearing in the Miner two weeks ago, six delinquent subscribers have paid up, leaving 346 set in arrears.

The British Columbia Copper Company has purchased a 250-light Westinghouse dynamo, with a full complement of arc and incandescent lights and a 25 horse power Armington & Sims' engine to run the dynamo. This additional plant is now on the way and immediatly after arrival it will be installed at the Mother Lode mine. near Greenwood, the electric light plant now in operation not being of sufficiently large capacity to meet the fast increasing requirements, both above and below ground at this mine.

Following registered at the Imperial the past week: F. Fletcher, Spokane; Jas Hawley, Denver, Colo.; John M. O'Driscoll, Summit camp; W. C. Hoover, Butte, Mont.; T. P. McIntyre, Winnipeg; L. Marks, Victoria: G. A. Rendell, Eholt; R. G. Sidley, Sidley, B. C.; H. H. Reeve, John C. Watson, St. G. Harvey, J C. Vance, Nelson; S. J. Southcott, Victoria; S. T. Park, Grand Forks; Geo. Riter, Copper camp; D. Rabbitt, Okanagan, B. C.; Jas. R. Brown, Fairview; E. C. Brown, Mascow, Idaho; W. G. Mackenzie, Vancouver; Ed. A. Hain, Midway; J. A. Munson, Carmi; J. Gibson, Grimsby, Ont.

R. F. Coates has been awarded the contract for hauling from the railway to the No. 7 mine, in Central camp, between 70 and 80 tons of machinery, bricks, etc. The plant. which is now in Greenwood, includes a straight line class A air compressor, capable of running three to four E 24 drills, two machine drills, a 100 horse power horizontal return tubular boiler, a Lidgerwood hoist, 500 feet of ¾ inch steel rope, four ore cars, a shaft skip, three pumps—one sinking, one boiler feed and one tank,—1,500 feet of pipe and 1,000 feet of steel rails. The teams will have back loading of ore for the smelter at Greenwood. Some 14 men are now employed at the mine.

BLOWN TO ATOMS.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded; for Dr. King's New Life Pills, which are perfectly harmless, gently stimulate liver and bowels to expel poisonous matter, cleanse the system and absolutely cure Constipation and Sick Headache. Only 25c. at Miller Bros'. and J. L. White's drug store.

TO those to whom the subject of personal appearance counts but little; who know nothing of ennunciation as a fine art; who never plan for future comfort and health, or with whom hygiene and cleanliness is a vague fancy unworthy of serious consideration, a tooth is of little value.

Millions of teeth are being sacrificed because the masses do not know the possibilities of the dentist's art. Thousands are suffering agony untold because they do not know where to get relief, or have not the educated courage to apply to a dentist. Occasionally people suffer from causes that we should understand and be able to remedy better than any others.

Unquestionably, if all the various offices of the teeth were fully comprehended, the really small amount of attention which is necessary would be cheerfully bestowed.

CASH QUOTATIONS.

The old time prices must be done away with. We wast rour cash trade and are willing to quote you prices lower than you ever heard of before. Read our prices:
