

April 22nd, 1920.

Mr. R. E. Clanton,  
Bonneville,  
Ore.

Dear Mr. Clanton,-

I have to acknowledge receipt of your favor of the 19th and thank you for the information contained therein.

I regret being unable to reply to your letter at greater length at the present time, but I am leaving for the East tonight and therefore cannot go fully into matters you mention. It is my intention if possible to return West by Portland for the purpose of visiting Bonneville Hatchery and if so, will go into matters with you personally.

We are having the Canadian Fisheries Convention in Vancouver the beginning of June and yesterday I suggested to the Committee that they should try and get you to deliver a paper on artificial propagation, particularly in reference to Sockeyes and I trust that you will be able to do this if they approach you in the matter.

Thanking you for your letter, I remain,

Yours very truly,

Vice-President.
