D. Rowan, Esq.,

Terra Nova Cannery,

Terra Nova, B.C.

Dear Sir:-

For your future guidance we would point out that on the basis of the boat rating in force at the time the Association was formed, we were entitled to  $55 \frac{4}{5}\%$  of the total number of boats employed by the Fraser River Canneries.

From the fishing statistics just completed by The Fraser River Canneries Association, we find that during the season of 1903, there was a total of 2953 boats employed. Of this number we only had 1401, or  $47 \frac{7}{10}\%$ . You can thus see there was a falling off from the number we should have had of  $81 \frac{1}{10}\%$ .

Under the old rating the number of boats allotted to the Canneries in your District was 368. This year you employed the following:

Celtic Cannery	67 boats
Dinsmore	65 "
Acme	73 "
Terra Nova	<u>101 "</u>
	306 boats

Allowing for the decrease in the total number of boats available this season, we find that your District is  $11 \frac{1}{2}\%$  short

of the number of boats formerly worked in connection with the various plants by the previous owners, and we would like every effort made in future to have this deficit wiped out, and if possible a sufficient over-plus secured to offset any falling off that may occur in any of the other Districts.

Yours truly,

H.D.
