24th July 1936.

The Librarian,
University of British Columbia,
Poit Grey,
Vancouver, B.C.

Dear Sir:-

Recently I wrote my friend Dr. E.D. Clark of Seattle, Washington, regarding a library of fish and fisheries which I have accumulated. To save repetition I send you herewith copies of my letter to Dr. Clark and his reply.

In accordance with Dr. Clark's suggestion I am writing the various parties he mentioned to ascertain if they would be interested in acquiring this library. I enclose an index and would be pleased to show you my collection at any time that suits your convenience. If you are not interested kindly return this index to me.

Yours faithfully,

HD/P.

Note

This letter was never acknowledged nor was the Index ever returned
