Dr Larkin,
Director of Fisheries,
University of British Columbia,
Vancouver, B. C.

Dear Dr Larkin: -

I enclose herewith an addition to my "Rise and Decline of the Pacific Salmon Fisheries" to be inserted following "Postscripts" and preceding "Appendix #1".

In re-reading my manuscript I found there was a gap concerning the first quarter of this century which the Seattle Pacific Fisherman does not fully cover. As this gap refers to British Columbia only, I thought it was necessary to explain what occurred during this period: hence the enclosed.

With kindest regards,

Yours faithfully,

Henry Hoyle
